## Polio Center Plainview Approved

Approval for development of a Texas center of polio was given when representatives of polio chapters met in Plainview last Thursday.

O. T. Bundy, Briscoe county chairman of infantile paralysis, was present at the meeting and reported that 44 West counties pledged \$12,800 for purchase of equipment for the center.

Dr. H. B. Bell is director of the center, and Elizabeth Nye is head of the physical department. There are technicians on the staff at Plainview.

W. O. Nichols, Jr. of the new hospital reported there are 30 beds in readiness and that 100 more can be added to the hospital's capacity.

Dr. Nichols also reported that the hospital will be provided with all necessary equipment and that a school for the physically handicapped will be provided for the children of patients.

Dr. Nichols also reported that the hospital will be provided with all necessary equipment and that a school for the physically handicapped will be provided for the children of patients.

### FORMATION OF TORPEDO

bomber Hell-divers and their escorting Corsair fighters, of air group 75, roar over their home carrier, the 45,000 ton Franklin D. Roosevelt, during an operational strike by the 8th Fleet, a part of the maneuvers that were recently held in the Caribbean under Admiral Marc A. Mitscher.

## Around 150,000 Bushels of Wheat Have Been Harvested

Wheat harvest was brought to a standstill Thursday morning by the first rain that has been received in this section since the first wheat was cut nearly three weeks ago. A check-up shows that somewhere around 150,000 bushels of wheat have been delivered to local elevators during the three week period.

According to J. B. Kidd, head of the farm labor office at Plainview 65 per cent of the county's wheat has been cut. Floyd county is 30 per cent harvested, Kidd said.

The News was in error last week when it printed the statement that 350,000 to 400,000 bushels had been brought to the local elevators. This should have read 35,000 to 40,000 bushels, but a typographical error added one zero to each figure, making the total probably greater than the entire harvest will be.

An exact estimate of the yield per acre is hard to obtain this year, since the production varies so greatly. Some fields are being cut that are producing barely enough to pay for the cutting, while others report that they are going to average 20 bushels per acre on fields of 100 acres or more. But no one wants to be quoted when it comes to giving actual figures.

It is a fair guess to expect that the average of all acreage cut will not be more than 6 or 8 bushels, although some fields are going to go well above that amount. These estimates are made on the dry land wheat acreage.

To date only a very small amount of the irrigated wheat has been harvested. Joe Mercer and Earl Cantwell have cut a part of their irrigated crop, and estimates on this acreage are running, between 25 and 30 bushels.

Just when the harvesters will again be able to get back in the field depends on the amount of rain received. As we go to press Thursday morning it appears that the clouds are breaking away, and it might be only a day before combines can again get back to their job of harvesting the remaining wheat acreage.

## Form Softball League Here

A softball league is being formed in Silvertown, and plans are tentatively announced for the first league game to be played Tuesday night, June 18. Game time is 8:30 under the lights.

Games will be played three times each week at the Silvertown ball park. A small admission charge will be made in order to defray expenses of lights and playing equipment.

Four teams have entered to date, Texaco Firechiefs, Phillips Oilers, Haylake and Francis. Anyone desiring to enter a team in this league is urged to do so this week by contacting Harley Redin.

Earl Brock is holding daily workouts for the 10 to 12-year old boys. It is planned for this group to play one exhibition game each week.

Beginning next week, the Briscoe County News will carry reports of the games complete with box scores.

## Haynes Takes Job At Philmont Ranch

John T. Haynes, veteran Scout leader, South Plains Commissioner, from Silvertown was a happy man as he paused in Raton, N. M., to take the motorbus 42 miles down the line to the village of Cimarron, adjoining which is the only national Scout camp in the country—Philmont Scout Ranch, according to an announcement made by R. H. Faxon, Scout council, Raton.

Haynes talked of Scouting in his region, of the Scout camp on his own place and of the years he had been engaged in Scouting.

He expected to join in the current camps and groups now at Philmont, whose total will run well into the thousands this season, with annual increase, now that conditions and renown of the big ranch, operated by National Scout Council, progresses. This large area, with its mountains, its rugged territory for camping, hiking, exploration, and with the commodious headquarters set up on historic ground, was the gift of Waite Phillips, founder of Phillips Petroleum company, to the National Scout Council several years ago. It was later enlarged by him in further benefaction.

## VA Officer Will Explain GI Building Loan at Tulia Meet

A meeting of interest to anyone who contemplates using the GI building loan plan is scheduled to be held in the court house at Tulia on Saturday afternoon, June 15, at 2 o'clock. Mr. Goddard, loan officer from the Veterans Administration office in Muskogee, will outline and thoroughly explain the provisions of the GI building loan.

Goddard is also expected to approve a number of appraisals that have already been made, showing how the forms should be filled out, and giving other information that will facilitate in the securing of such loans.

All real estate men, builders, contractors, bankers and other interested persons are urged to attend this meeting.

## Rodent Exterminator Will Visit County

Carl Jacobs of the rodent control service will be in Briscoe county Monday, Tuesday, and Wednesday, June 17, 18 and 19. He will have a supply of the new chemical poison called 1080 which is used to poison prairie dogs.

This material is a very deadly poison and manufacturers have not been allowed to release it to the general public. Professional exterminators are the only people who can obtain it, and it must be used under their supervision.

The 1080 which Jacobs has, when mixed with oats, sells for 12 cents per pound, and a pound of the material will kill 500 to 1,000 prairie dogs. The cost of materials will be about four cents per acre.

Every Briscoe county farmer and rancher, who has prairie dogs is asked to contact the county agent's office before Monday and make arrangements for Jacobs to treat the dog towns.

## Thursday's Rain Proves Boon To Row Crops

Rainfall, which measured .84 of an inch, was received in Silvertown early Thursday morning, the first moisture received in three weeks. The last measurable amount of rain fell here on Tuesday, May 28 when .26 of an inch was recorded.

Reports from the Francis community stated that an estimated .25 of an inch had been received there. Lakeview officially reported .21 of an inch of moisture. Rainfall east of Silvertown was about the same as received here in town, according to farmers of that area.

Although harvest was brought to a halt by the rain, the value to row crops is inestimable, farmers state. This is the first moisture received that was sufficient for seasoning the ground for row crop planting.

Thursday's rain followed a hot day on Wednesday when the mercury went to 101 degrees, according to Raymond Bomar who keeps the weather gauge.

This week's moisture brings the total for 1946 to exactly five inches. A recap of the rainfall reveals the following: January, 1.12 inches; February, .66; March, 1.49; April, .63, and May, .26.

## John A. Hamilton Receives Discharge

Lieutenant Commander John Augustus Hamilton, of Matador, former district attorney for Floyd, Brisco, Motley, and Dickens counties, was released to inactive duty in the naval reserve at the Jacksonville, Fla. naval personnel separation center Thursday, June 6.

Commander Hamilton was called to active duty in Jan., 1943, after he had been elected district attorney for the fourth time. After indoctrination at the Jacksonville Naval Air Station, he reported to the Melbourne, Fla., naval air station where he remained until Feb., 1946, when he was transferred to the naval air station at Banana River, Fla. At the air station he served in various capacities; as yard officer, prisoner of war officer, permanent officer-of-the-day, rationing officer, investigating officer, security officer and fire marshal.

A 1936 graduate of Matador high school, he attended Texas Tech and Southern Methodist University and received his bachelor of laws degree from the University of Texas in 1934. Since that time he has been associated with his father G. E. Hamilton in Matador. The elder Hamilton has practiced law for the past 47 years.

Commander Hamilton and his wife, the former Josephine Moore of Matador, have three sons, Tom, Dick and Harry, nine, eight and five years of age respectively, and one daughter, Mary Jane, age nine months.

## Stamford Wagon Camp

Stamford Wagon Camp. After round-up and branding finished, bosses and cowboys of the old chuck wagon and of Stamford and the Texas Reunion as a sort of vacation camp. There the ranch hands set up on a special reservation for that purpose. They the chuck wagon, compete cowboy rodeo and take in other attractions of the annual reunion.

Bowdy, chairman of the Chuck Wagons, announced that all ranches are to bring their wagons. All wagons, including groceries, are furnished, without charge, to all wagons after they have notified the organizers of their intention to attend the reunion.

The famous West Texas reunion which brought their wagon to the reunion last year were York Ranch of Guthrie, Wis Ranch, Throckmorton; 6 Ranch, Guthrie, the Ranch, Truscott; the Stamford Ranch, and the Stamford Ranch.

## Surplus Property For Sale at AAAF

Again Amarillo Field is offering for sale to interested firms and individuals surplus government property. Continuous sales are planned until all of the lots are sold. The first sale began June 10, and property to be sold includes: electrical and contractors supplies, electrical supplies, office furniture, mechanics' tools, oil and gasoline stoves, plumbing equipment, motors, etc.

Prospective purchasers may view and bid on the property daily from 9 o'clock until 4 p. m. Admittance will be through Gate 3, east of Gate 1. No deposits are required.

For further information, the public may call Capt. Runyon at Amarillo Field, extension 607.

## Development Club Will Meet Tonight

Several matters of importance will be discussed when the Briscoe County Development club meets at the high school building tonight. The meeting is scheduled for 8 o'clock. All members are urged to attend and bring someone with them, if possible.

A memorial to war veterans of Briscoe county will be further discussed. Preliminary plans for such a memorial were set into motion at the meeting two weeks ago.

The committee recently appointed to study what part Briscoe county might be able to plan in the world famine program will report on its findings.

Any person having some project in mind that might be for the betterment and development of Briscoe county is always welcome to the meetings of the club.

## State Service Opens Office at Lubbock

The Veterans State Service has established an office with the VA Lubbock regional office, with Charles L. Morris, a World War II veteran, as its representative. Morris arrived June 3 with Charles A. Osborn, assistant director of the V. S. S. O.

Created in 1927 by the State legislature, the Veterans State Service office has as its purpose the assisting of veterans in filing and perfecting claims against the US government incident to service in the armed forces. It acts as their personal representative, or attorney, in presenting their claim to the Rating Boards, reviewing the action taken by the Rating Boards, and otherwise protecting the interest of the individual veteran the same as an attorney guards the interest of his client.

At present there is a representative of the V. S. S. O. in each VA regional office and hospital in Texas, for the sole purpose of rendering such assistance to the veterans and their dependents in cooperation with the Veterans administration.

## Ann's Beauty Service Will Open Saturday

The opening of Ann's Beauty Service, one block north from the northeast corner of the square, is scheduled for Saturday of this week, according to announcement by Ann Grimland, owner.

Open house will be held all day Saturday, at which time visitors will be served refreshments, and will be privileged to register for several free gifts.

Among those attending the roping contest in Clovis, N. M., Sunday were Miss Evelyn Coffee, J. W. Brannon, Jr., Walter Walters and Eual Newman.

## RECEIVES DISCHARGE

Henry Wallace Slayton, Seaman 1-c, of Quitaque recently received his honorable discharge from the naval personnel center at San Pedro, Calif.

Mrs. Grady Wimberly and Mrs. J. L. Bice went to Tulia Tuesday for medical attention. Mrs. Bice remained with her sister, Mrs. A. H. Hodges. They made a trip to Amarillo Wednesday.

## Plan Program for 1946 Wheat Loan

There will be a wheat loan this year, according to Milton G. Martin, administrative officer of the Briscoe county ACA; however, the loan price has not been ascertained. Details of the program are now being worked out.

A number of farmers have prior approval from the county committee for summer following land, Martin stated. Payment for the approved practice will not be made unless the practice is reported by June 15. In making the report, farmers are asked to sign, date and mail the prior approval form to this office before June 15.

A number of farmers have not signed their farm sheet plan for 1946, according to Martin. He urges farmers to call at the ACA office as soon as possible.

As soon as harvest is over, farmers who have wheat insurance are requested to make a report on the number of bushels of wheat harvested so that the insurance can be settled.

Martin reported that dairy production payments for the months of April, May and June, 1946, will be made on July 1, 1946.

In order to receive payment for contour farming of intertilled crops, Martin said, the practice must be reported before the practice is completed. The payment for this practice is 75 cents per acre.

## Receives Degree From West Texas

Mrs. Cecil Franks, nee Winona Francies of Silvertown, received the BBA degree from West Texas State college at Canyon in the spring commencement held May 30, according to announcement by the college.

Mrs. Franks was presented the Pi Omega award for being the most outstanding senior girl at West Texas State in the Class of 1946. Her name will be engraved on a plaque which contains the names of several previous winners. She is president of Delta Zeta Chi, a campus sorority, a member of Alpha Chi, a scholastic honorary society, and specialized in business administration.

West Texas State's summer session opened June 4 and will be limited to a single term of 10 weeks. Featured are one-hour classes and a five-day week. Education and business and industry are the two large fields of graduate study and undergraduate work includes terminal courses, pre-professional work and courses leading to BA, BS and BBA degrees. Many courses of particular interest to veterans are available.

## Many Type Planes At Lubbock Air Show

South Plains residents will have their first good opportunity to see the aircraft their young men flew in and worked on during the war when they attend the Lubbock National Aeronautics Association show at the Lubbock Municipal Airport June 23 at 10:00 a. m.

The Army Air Forces will have all types of planes from the super-speed jet propelled P-80 to the AT-7 lined up on the ramp for public inspection. The AAF will also put on a flying show featuring the same type of aircraft.

In addition, the NAA Show will include an exhibit of the newest models of private aircraft presented by manufacturers. Among the planes which will be on display are the Cessna, Piper Cub, Taylorcraft, See Bee, Swift and Aerona.

The third feature of the triangular show will be a model plane contest carrying \$25.00 in cash prizes.

Virgil Musick, president of the Lubbock Chapter of the NAA, invites all private flyers in this section to fly in for the show.

HOW THE AUTOMOBILE began to revolutionize American life fifty years ago is shown being re-enacted during the Automotive Golden Jubilee, which is being observed throughout the country.

Says Lieut. General William S. Knudsen, chairman of the national industry committee for the Jubilee: "Typical of how the automobile put an entire nation on wheels is the answer of the farm wife who was asked by a Government investigator why the family owned an automobile, but not a bathtub. She exclaimed in surprise, 'Why you can't go to town in a bathtub!'"

## We're Asking For It

President's Truman's address to a special session of Congress requesting drastic emergency powers to meet the strike crisis, hit the public consciousness with the crushing force of a blockbuster. The pernicious habit of looking to government for the answers to all problems has finally reached the logical conclusion—a crisis that the President feels only ruthless dictatorial authority can cope with.

Few noted the significant request that was included in the President's appeal for authority to seize industries and draft workers into the Army—he asked immediate renewal of price control without qualification or amendment. He could do nothing else. If the government has complete power over the working people, it must also have complete power over all else. And by the same token if it has complete power over the industries and businesses of the country under the authority of the OPA, it must have complete power over the workers. In this case it makes no difference whether the egg or the hen comes first, liberty as we have known it will be lost.

It is grimly amusing to hear some fanatical supporters of OPA profess shocked concern over the idea of drafting American citizens in peacetime and forcing them to work at the point of bayonets. This, they say, is servitude. So it is. But why be shocked? It is the inevitable end in any country whose people impose upon their government responsibilities for their economic welfare.

Countless times in recent years the threat has been heard that our people will never tolerate another depression. In response to this defiant mood, powerful government agencies have been created—such as the OPA—to prevent any natural adjustment in prices, wages, living standards, and nebulous things like purchasing power and national income. The primary function of the American form of government—the protection of certain rights of the individual, including the right to work, seems to have been forgotten.

The only wonder is that government by bayonet has not appeared before this. The whole country has been asking for it. We are now at the point where we must decide whether we want dictatorship with its spurious security, or liberty with the inevitable risks as well as opportunities it entails.

You can prevent an automobile accident before it happens, most of the time.

The theory of censorship is that a few people have more sense than anybody else.

Never forget that peace has a price and that it may be almost as costly as war.

## Your new gas range

—What it does for you

**The oven** of your new gas range is a trusty and obedient servant. It will turn out oven meals on the days when you want to get the work over in advance and be free for that hour or two before dinner. And the oven temperature control makes baking and roasting carefree work.

**The broiler** fills the need when quick, delicious combinations must be produced in a hasty half hour, or when you crave the succulent tenderness of a barbecue.

**The top of the range** does more than half the cooking for most families. For thrifty use economical combinations may be prepared in a covered skillet over a single burner. The low heat position, called simmer, cooks vegetables nutritiously in a small amount of water, and from the wide variety of heats up to high you can select the right temperature for each food.

★  
It turns out savory foods in a way to make meal-getting a joy and mealtime a feast

West Texas Gas Company

## CONSERVE AND SERVE

GEORGE WASHINGTON SAID:  
"ECONOMY MAKES HAPPY HOMES AND SOUND NATIONS; INSTILL IT DEEP."  
1732-1799

Use and reuse every drop of cooking fat, and then turn it over to your meat dealer. Conscientious salvage means more soap for you and more edible fats and oils released for shipment abroad.

## TRAIL DUST

By DOUGLAS MEADOR

Low clouds like red flamingoes flying into the sunset and the grotesque music of frogs, frame a trivial memory of childhood. I walked a cowpath that paralleled the winding wagon road between trees and scrub oak bushes. Warm mud pushing up between my toes produced an ecstasy that belongs to the world of little boys. On hearing the plodding hoof-beats of the horse, I stopped in a sheltered place and watched. Riding sedately in a side-saddle, the woman held the reins with an ease of one used to riding. She was sobbing softly and removed a white handkerchief from her waist pocket at intervals. I had never seen her before, nor did I ever see her afterwards. The instance was my introduction to the ageless and answerless question of a woman's tears.

Night wore her sables of sorrow like a forsaken woman meditating at the river's shore. Tear-washed stars looked down from their mezzanine of eternity with the wind playing gently on flutes of space. There was no light in the great house; the horse corral was empty. A pair of boots still bearing their spurs lay in a corner of the high-ceilinged room. Damp with dew, a mattress and bedding were spread on the spacious lawn; a few sprigs of fern lay near the gate.

Except for my own pusillanimity, the empty house would have provided shelter until the storm

passed. It stood out in bold silhouette during flashes of incredible lightning which speared light through paneless windows in the upper story. Instantly the house would drop back into the sea of night and there was less trepidation in the open hills than in the thoughts of its eerie protection. Large drops of rain quickly drove the warmth out of my shirt, then fine hail whipped by blasts of wind beat my face and arms. Water pressed up over the tops of my shoes and my trousers stuck to my legs; each step required more effort, like trying to swim while hampered by clothing. The earth trembled after each wide blade of lightning. I was looking toward the house when the bolt struck and I felt the panic of ominous terror when flames quickly stuck their tongues through the windows. The rain was a red curtain laced by white flashes for a few moments, then the fire retreated into the darkness from which it had sprung. The rain was like a million buckets being emptied on the earth but its panic was passing. After a time I found the road bracketed along the sides of familiar hills and ragged pieces of stars and sky moved like floating lands in a sea of tossing clouds.

My generation served as a metamorphic period between two colorful eras; pioneer and modern. It was a depot between trains. During the period of my boyhood the prairie still held white, splintering buffalo horns, yet I saw my first live buffalo in a city zoo. A few weeks ago I learned that the vanished beasts of the prairie were the only animals that turned their heads into a blizzard or storm.

Failure often owes its success to a dominating desire for comfort.

Modern refrigeration is a splendid contribution to more satisfactory living but it fails in some qualities to compare with the cool

## BOYCE HOUSE

Won't it be great when you can again order a ham sandwich and get ham—and not "pressed ham"?

Rambling over Texas: Near Springtown, a road-runner scurrying across the highway, the first one this observer has seen in a long time; and, south of Sweetwater, a hawk so big he looked like an eagle—he sat on a fence post and disdained to stir as the car whirled past.

Near Hondo, a vast field of yellow stubble with hundreds of red-and-white cows grazing—in the distance, a solid line of jagged mountains veiled in blue.

At Yoakum, chickens peering out of second and third story windows of a building—a poultry establishment, of course.

And in Abilene, a sign: "Frisky minnows."

Your columnist is a candidate for Lieutenant Governor of Texas. It would be deeply appreciated if you would say a kind word to your friends about Boyce House. With your help, we can win.

Why is a lawyer's brief called "brief"?

There was a little discussion in this space a few weeks ago about whether it was ungrammatical to use a preposition to end a sentence with. E Roberts of the Andrews County News sends in a story about a boy who was sick and asked his nurse to read to him from "Robinson Crusoe" but she brought in "Swiss Family Robinson" instead and he demanded, "What did you bring me that book to be read out of to from for?"

spring house where my mother used to keep thick, white crocks of sweet cream.

Conversations are like boiling soap kettles in which statements quickly dissolve when they strike the caustic lye of truth.

Fame without friends must be as a great banquet table set for only one.

# STRAIGHT ANSWERS TO IMPORTANT QUESTIONS ON YOUR FARM LOAN

WHAT do I get...?  
WHERE can I get it...  
HOW much does it cost...  
WHEN can I get it...

Thousands of farmers throughout the country are using the long-term loan service now offered by this bank through our special arrangement with The Equitable Life Assurance Society. They found that it answers these important questions as does no other loan plan:

**What** do I get for my money? You get a low-cost, long-term loan that need not be renewed, yet, with the money-saving FARM INCOME PRIVILEGE can be paid off as fast as a short-term loan; you get the PREPAYMENT RESERVE to tide you over lean years.

**Where** can I get this service? Your loan is made at this bank... using local funds... dealing with home folks. What's more, you make interest and principal payments right here at the bank—another handy, time-saving advantage of this new loan service!

**How** much does it cost? Your interest is the low net rate of 4%, on the unpaid balance. No extra charges... No stock obligations. No fees and no commission to pay... only the usual abstracting or title policy and recording expense.

**When** can I get my loan? You get quick, expert service—no red tape... decision on your application in 3 or 4 days.

Let us explain this modern farm-ownership plan to you  
Your inquiry will be kept confidential. No obligation.

**Veterans News**

**Q.** For what veterans is out-patient treatment furnished by the Veterans Administration?

**A.** Veterans whose disabilities are service-connected may in addition to hospitalization and domiciliary care receive out-patient medical, surgical, and dental services for their service-connected diseases or injuries. Treatment may be given at a Veterans Hospital or be authorized to be given by a physician or dentist in the applicant's place of residence. Requests should be addressed to the nearest Regional Office of the Veterans Administration.

**Q.** Does the Veterans Administration furnish artificial limbs to veterans?

**A.** Artificial limbs are furnished veterans when required for a service-connected condition or for an associated disease or injury held to be aggravating the disability from a service-connected disease or injury. Seeing-eye dogs are also furnished.

**Q.** Where should veterans go to receive employment assistance?

**A.** To the nearest office of the United States Employment Service or to the nearest Selective Service Local Board.

**Q.** How can a veteran who is interested in Federal employment find out about job opportunities?

**A.** Announcements of civil service examinations, and the proper application forms, may be obtained at any first or second class post office, or from the United States Civil Service Commission, Washington 25, D. C. A veteran gets 5 points preference because of his service, and 10 points if disabled.

**Q.** Does the Veterans Administration issue an American flag upon the death of a veteran?

**A.** An American flag with which to drape the casket of any veteran of war, discharged under conditions other than dishonorable, may be issued by postmasters at any county seat post office or any other post office designated by the Veterans Administration, or any field stations of the VA.

ed by the Veterans Administration, or any field stations of the VA.

**Q.** Who may be designated as beneficiaries of National Service Insurance?

**A.** The insured has a right to designate a beneficiary or beneficiaries of the insurance within the following classes: Wife or husband, child, parent, brother or sister.

**Q.** May a veteran called into service under the Selective Service Act, and discharged before December 7, 1941, receive a course of education or training under the G. I. Bill?

**A.** Yes. Any person who served in the active military or naval service on or after September 16, 1940, and prior to the termination of the war is entitled to apply for a course of education or training at the school or college of his choice.

**Q.** When a veteran gets married can he change the beneficiary of his National Service life insurance from his mother to his wife?

**A.** The insured may change the beneficiary at any time by notice in writing signed by the insured and forwarded to the Veterans Administration.

**Q.** Does the veteran's right to obtain guaranty or insurance on loans continue indefinitely?

**A.** No, the guaranty or insurance may be had when obtaining a loan if within 10 years from the officially declared termination of World War II, so the right will continue for a long time.

**Q.** How should a veteran pay premiums on his National Service life insurance?

**A.** By sending to the Collections Subdivision, Veterans Administration, Washington 25, D. C. checks or money orders made payable to the Treasurer of the United States, as the premiums become due. The veteran should include his policy number, otherwise his full name, rank or rate, service number, date of discharge and date of birth, along with his remittance.

From V-J Day to the end of 1945, traffic deaths rose 36 per cent over 1944, the National Safety Council reports.

Office supplies at the News.

**SUNDAY SCHOOL LESSON**

**LEARNING ABOUT THE KINGDOM**

International Sunday School Lesson for June 16, 1946

**GOLDEN TEXT:**—"Thy kingdom come, Thy will be done, as in heaven, so on earth."—Matthew 6:10.

**Lesson Text:** Luke 9:23, 24; 48: 57-62; 11:1-4; 17:20, 21.

Jesus realized that he had only a few years of active life to establish the Kingdom of God. He did not expect its immediate and universal success but he endeavored to present it to mankind in such a way that its nature and methods could be understood and appreciated. He had sufficient faith in the ultimate response of men that he could give his life in order to illustrate more perfectly his mission and purpose.

As his time with the disciples grew short, Jesus was anxious that they understand more about his purpose in coming into the world, about the kingdom he had come to establish and about their own part in his program. So he began to tell them that he must die in order that his mission might be fulfilled. He declared "The Son of man must suffer many things, and be rejected of the elders and chief priests and scribes, and be slain, and be raised on the third day." (Luke 9:22)

Then he pointed out that the law which ruled his life, extended to his followers also. He did not promise them a life of ease, on a bed of roses, but rather that he who would follow him must deny himself, and take up his cross daily. "The important word is 'daily', declares Bernard C. Clauson. "We are to start every morning as if that were to be the day of crucifixion for us. We are to live always with the ethics and self-sacrifice of crisis. Jesus preached as fervently as if he would never have a chance at these people before him again. So he lived not only on the day of his death, but every day, as if that day were his last. So we are to follow him, taking the risks and the glory of the cross into each Monday and Tuesday and all the other days of our lives."

That the disciples did not comprehend the meaning of the Kingdom which Jesus had come to establish was revealed by their arguing among themselves as to who would be the greatest, or who would hold the chief place when the Kingdom was established. Jesus knowing their thoughts, set a child in the midst of them and said, in effect: "Here is your model. You must become like this little child if you want to be members of the Kingdom I am to establish." The disciples were headed in the wrong direction. They were thinking of themselves and needed to be turned away from pride, envy, self-seeking to humility, love and unselfishness.

fishness. They needed the faith of the little child who accepts readily, gladly and without question the words of its parent or friend.

As if to further impress his followers of the cost of discipleship, Jesus reminded a man who rashly promised, "Lord, I will follow thee whithersoever thou goest," that he would have to forego the physical comforts of life if he were to carry out his promise. Jesus said "Foxes have holes and the birds of the air have nests, but the Son of man hath not where to lay his head." Are we willing to give up all in order to follow him? This may not become necessary but, if we would be true followers of Jesus, we must be willing to deny self and do anything necessary for real friendship with him.

We may be like two others who had considered discipleship. To each the invitation was given. The first begged for permission to postpone discipleship until he was free of responsibilities at home. The second man showed plainly that he was more interested in his friends and family than he was in Jesus. Certainly, Jesus does not condemn us for being faithful to our responsibilities or being interested in our family and our friends, but he does condemn our putting these in the first place. These men were like so many of us who have so much to do that we can never get around to doing anything for God or his church.

The disciples had often seen Jesus praying and so they came to him one day and asked that he teach them how to pray. In reply to this request, Jesus gave them a prayer, not to be their only prayer but to serve as a model to show them what kind of petition they should make. We call it, "The Lord's Prayer," but in reality it is our prayer given for our use.

"Prayer is not a burden to be borne, an obligation to be fulfilled, something that is due to God and must be paid," says Harry Emerson Fosdick. "Prayer is a privilege; like friendship and family, love and laughter, great books, great music, and great art, it is one of life's opportunities to be grasped thankfully and used gladly. The man who misses the deep meanings of prayer has not so much refused an obligation; he has robbed himself of life's supreme privilege — friendship with God."

Use potatoes, oatmeal and buckwheat cakes instead of bread to help avoid a world famine.

**Surplus of Protein Reported in State**

There is a big surplus of protein in Texas this spring in spite of the shortage of protein concentrates on the market, according to E. A. Miller, agronomist, Texas A. and M. college extension service.

A recent USDA Bureau of agricultural economics study on sources and uses of protein, he says, show that 60 percent of all protein used by livestock in the United States comes from pasture, hay and silage. Grain supplies only 25 percent of the total protein livestock eat.

Commercial concentrates such as cottensed meal and soybean meal account for less than 8 percent of the nation's protein. Skim milk, buttermilk, fish meal, brewers meal and legume seeds including peanuts, cowpeas and velvet beans are some of the many sources which make up the other 7 percent.

There has been plenty of rain over most of the hay and pasture belt, Miller points out, and right now there is probably as much protein in Texas as at any time in the past 10 years. The problem is to put it where it can be used by livestock. Much can be saved if it is cut for hay while the grass is young and green, for that is when the protein content is highest. The same is true of crops such as sudan and johnson grass, whether stored as hay or as silage.

When cattle and sheep are on legume hay less protein is needed to balance their ration, and Miller says it is easy to get an extra supply of digestible protein in the hay by harvesting legumes when they are at their best.

The more hay and silage that is harvested and properly stored, of course, the further the slim supply of protein concentrates will go.

Rural traffic deaths increased 24 per cent in 1945, according to the National Safety Council. Rural deaths were 60 per cent of the total traffic toll in 1945.

**POLITICAL—COLUMN**

Subject to the action of the Democratic primaries, The Briscoe County News announces the candidates below for the offices set above their respective names:

**For Representative 120th Judicial District of Texas:**  
JOE W. JENNINGS  
TOM W. DEEN  
I. B. HOLT

**For Judge of the 110th Judicial District:**  
ALTON B. CHAPMAN  
EDWIN H. BOEDEKER

**For District Attorney, 110th Judicial District:**  
JOHN B. STAPLETON  
RICHARD F. STOVALL

**For Sheriff:**  
N. R. (Jake) HONEA  
BRYAN STRANGE

**For County Judge:**  
J. W. LYON, JR.

**For County Clerk:**  
J. E. ARNOLD  
DEE McWILLIAMS

**For County Treasurer:**  
W. K. GRIMLAND  
A. G. "AB" STEVENSON

**For Commissioner, Pre. 1**  
G. J. NEATHERLIN

**For Commissioner, Pre. No. 3:**

**NEW SUPER-BRIGHT LUMINOUS FISH HOOKS**  
At least here are the sensational new fish hooks that actually excite fish to bite 'em and get hooked. Glo Hooks not only hold fish after they are hooked, they really lure more fish and bigger fish to your hook. The super-bright plastic combs on every Glo Hook is the most highly luminous known to modern science. And it's well known that fish, as well as many other creatures of nature are attracted almost irresistibly to light.  
**LAND BIGGER AND BETTER CATCHES**  
Order your Glo Hooks today. Set of 5 assorted size Glo Hooks, only \$1.00 postpaid. Double your money back if you're not convinced Glo Hooks are a world's greatest fish catchers.  
**SCIENTIFIC LURE CO. DEPT. SC**  
2405 North Clark Street Chicago 13, Illinois

**"Okay, just so the engine's OIL-PLATED!"**

"This one is . . . and you're 101% right," the car salesman agrees. He goes on to explain, "We want this car to show you real engine endurance—which means the least carbon, sludge, and upkeep you can have. That's goodwill for us. And all it takes to keep your engine's insides OIL-PLATED is Conoco N<sup>th</sup> motor oil . . . Say, this time you're figuring to treat your new car right!" . . .

Many of the oldest cars, too, are being kept in the running by having their engines OIL-PLATED. This internal wear-fighter—OIL-PLATING—is created by magnet-like action. That comes from Conoco N<sup>th</sup> oil's added ingredient—surfacing your engine's insides with durable OIL-PLATING. There's your barrier against lots of wear. You can have it in any car—any model or year—by driving around to Your Conoco Mileage Merchant's station. You'll get your correct grade of Conoco N<sup>th</sup> oil—and an OIL-PLATED engine. Continental Oil Company

*So that's where Ed and Joe did their fighting.*

**Every spot on the globe can use copies of the Scriptures**

Never in history has there been so great a demand for copies of the Bible, New Testament, or portions of the Scriptures. Look at your own globe. Place your pencil on practically any inhabited island, or on any continent, and the American Bible Society will tell you how many requests have been sent them from that spot—as well as from all over the world—for copies of the Scriptures. Talk to almost any "Joe" or "Ed" who fought in distant lands, and he will tell you that whole families, towns, and nations are spiritually starved for copies of either the Bible, the New Testament, or portions of the Scriptures.

5¢ will buy a portion of the Scriptures, 20¢ a copy of the New Testament, and 50¢ a complete Bible. "Man does not live by bread alone." Any gift you make will be gratefully received. Your Pastor will tell you how to forward your gift to the American Bible Society—a nonprofit organization that for 130 years has distributed the Scriptures to people all over the world "without word or comment."

**VIGO PARK NEWS**

Mrs. Alice Smith of Lefors visited her sister, Mrs. Leo Gardner, a few days last week.

Mrs. O. W. Gardner's mother and brother of Amarillo are visiting her.

Mr. and Mrs. C. H. Cherry and George Schafer spent the weekend in Amarillo on business and pleasure.

Mr. and Mrs. Fred Latham of Canyon are here harvesting their wheat.

Elmer Redus of Vaughn, N. M., is here visiting his brother, Homer Redus, and family.

Guy Todd and family are here harvesting their wheat. Their home is in Vernon.

Visiting friends and relatives over the weekend were Mr. and Mrs. Andy Isbell and daughter, Charlene. Mr. Isbell is now employed at Lamy, N. M., by the Skousen construction company.

Mr. and Mrs. C. H. Rogers and Mr. and Mrs. Jackie Rogers arrived at Vigo Monday to attend to business and visit friends. They plan to return to New Mexico in a few days and work. Fishing, on their vacation, was reported as not so good, but resting was wonderful.

Robert Lee Isbell of Silverton visited in Vigo Monday night.

There will be a special Father's Day program at the Vigo Park church Sunday morning, June 16. Everyone is invited to attend to come and pay tribute to the fathers in the community and everywhere.

The vacation Bible school that was to have been held at the church has been put off another week. Announcements concerning this will be made at church this Sunday.

**OUR LITTLE NEIGHBOR**

Little neighbor, you are gone,  
 And we miss you everywhere.  
 We miss your tender smile,  
 And your gentle word of cheer;  
 We miss your sunny presence  
 Every hour of the day,  
 And our hearts are sad and lonely  
 Since you have gone away.

Little neighbor, you are gone,  
 To Heaven's golden shore.  
 You are happy in His love,  
 Free from sorrow evermore;  
 With a harp and golden crown  
 There at Heaven's pearly gate  
 Now with angels bright and shining  
 I know you watch and wait.

Little neighbor, you are there!  
 And on a glad tomorrow,  
 We shall lay aside our cross  
 Of pain and loss and sorrow,  
 And in robes all bright and glistening  
 We shall join you on that shore  
 There to be with you forever,  
 Singing praises evermore  
 Dedicated to the memory of  
 Dwayne Bullock by Mrs. A. J.  
 Noble of Vigo Park.

Miss Jo Webb of Tulia spent the weekend with Mr. and Mrs. W. A. Colston.

Miss Claynell Fowler of Spur spent the weekend with her parents, Mr. and Mrs. Clay Fowler.

D. T. Northcutt transacted business in Tulia Friday.

Pedestrian deaths in 1945 numbered 11,200—14 per cent higher than in 1944, says the National Safety Council.

The total amount of food available in the world today is 12 per cent less per person than before the war.

**Steps Given for Frozen Strawberries**

If chosen carefully and prepared correctly, frozen strawberries will keep their fresh, color and flavor long after cold weather begins. Gwendolyn Jones, specialist in food preservation for the A. and M. college extension service suggests several steps for successful freezing of strawberries.

Some varieties of strawberries are more suitable for freezing than others. The varieties recommended for Texas include: Klondike, Ranger, Blakemore, and Missionary.

Use only the best berries of the chosen variety. Discard all green, bruised, and overripe berries when sorting and washing. Wash a few at a time in cold water and drain in a colander. Then cap them and either slice them or leave them whole according to preference.

Strawberries, unlike many berries, have better texture and flavor if sweetened with dry sugar before freezing. Miss Jones recommends one cup of sugar to five to eight cups of berries.

Pack them in moisture-vapor-resistant containers and be sure they are covered with juice. In a carton or bag allow about one-half inch for expansion, in glass or tin cans, one inch.

Once the berries are packed, lose no time getting them into the freezer. When using a home freezer, place the packages against the freezing plates or coils, spreading them out so air can circulate between them. After freezing store at zero degrees F. or lower.

Mrs. Pearl Simpson and Mary Tom Bomar returned Friday after visiting in the D. O. Bomar home in Lubbock.

Miss Irma Folley and brother, Wilson Folly, of Plainview visited relatives and friends here over the weekend.

Mr. and Mrs. T. D. Wallace of Estelline spent the weekend with their daughter, Mrs. George Jones and family.

Mrs. C. M. Strickland and Mrs. Leo Trimm spent Friday in Amarillo on business.

**Honored with Tea, Shower**

Mrs. James Tidwell, nee Miss Clynnell Hutsell, was honoree at a shower Saturday afternoon in the home of Mrs. Clay Fowler. Around 150 guests called during the hours between three and six o'clock. Assisting Mrs. Fowler with the hostess duties were her daughters, Mrs. J. R. Clanahan, and Miss Clay:ell Fowler.

In the receiving line were the honoree, Miss Fowler, Mrs. R. C. Hutsell, the bride's mother, and Mrs. J. O. Tidwell, the groom's mother, of Hobbs, N. M.

The lace-covered tea table was centered with an arrangement of pink gladioli flanked on either side by green tapers. Presiding at the tea table were Miss Jeanne Dudley, Miss Faye Brown, and Miss Betty Herndon of Amarillo.

Mrs. Raymond Bomar was in charge of the guest book, and Mrs. Clanahan displayed the gifts.

Out-of-town guests were Mrs. J. O. Tidwell, Mrs. Lawrence Gregory of Plainview and Miss Herndon.

**AUXILIARY MEETING**  
 Members of the American Legion Auxiliary are reminded of the regular meeting Tuesday night, June 18, at the Legion home. Mrs. Wayne Crawford, president, urges all members to be present.

Mr. and Mrs. Roy Burris and Tom Neil of Plainview visited in Silverton Saturday.

Mr. and Mrs. George Lee of Fort Worth spent the weekend with Mr. and Mrs. Bob Smith.

**RAINBOW TROOP**  
 All members of Rainbow troop of the Girl Scouts are urged to attend the meeting Wednesday afternoon, June 19.

Each girl is asked to bring 50 cents for registration for the next year. "That includes every member," Mrs. Louie Riethmayer, troop leader, said in announcing the meeting.

Mrs. Jimmie Tidwell of Hobbs, N. M., spent Saturday night with her parents, Mr. and Mrs. H. C. Hutsell, and family.

**WHILE SOME ANTS ARE** harmless, most of them carry filth, and may contribute to various illnesses when they come in contact with food. The best way to destroy ants calls for an insecticide in powder form. Place it in unbroken lines—about a half inch wide—across all avenues of entrance. If ants enter house through kitchen door, place line of powder next to sill and extend it from one side of door to the other (as pictured above). Make ants cross killing agent at some point as they enter house. That's all that's necessary to kill them. To assure best results, choose an insecticide in powder form designated especially for ants.

**Durham-Witcher Vows Exchanged**

Georgia Fae Witcher, daughter of Mr. and Mrs. Gay Witcher, became the bride of Doyel Durham, son of Mr. and Mrs. D. H. Yancy, Tuesday afternoon at 2:30 o'clock. The vows were spoken in the home of Mr. and Mrs. K. N. Tiffin with Mr. Earl Cantwell officiating.

The living room was beautifully decorated with a profusion of seasonable flowers.

The bride wore a navy blue street length dress. She was attended by her sister, Miss Nola Gae Witcher. Best man was Earl Sample of Amarillo.

Both Mr. and Mrs. Durham attended the Silverton schools. They will make their home here after a wedding trip to Amarillo.

In attendance at the wedding were Mr. and Mrs. Gay Witcher, son and daughter and Mrs. Yancy.

**4-H Girls Make and Model Their Dresses**

Rural girls throughout the nation are now experiencing the greatest thrill of their young lives. They have chosen the pattern, fabric and colors and made the costume of their choice for the National 4-H Dress Revue.

Participants first model in a county 4-H dress revue the costume they have made in their clothing project. Blue award winners determined from girls participating receive silver medals. County winners between 14 and 21 who have completed three years in club work may participate in the State 4-H Dress Revue. The state winner receives through the American Viscose Corporation an all-expense trip to the National 4-H Club Congress at Chicago.

Each state winner participating in the 4-H Dress Revue presentation at Chicago will receive a \$25.00 U. S. savings bond.

Participants' costumes are judged on style and design, suitability of material to purpose and workmanship, becomingness of color and fit, and cost. Also the grooming, posture and poise of the participant is taken into consideration.

This activity is conducted under the direction of the extension service. Complete information in Texas will be furnished by county extension agents.

**Bologna Makes Spicy Hot Dishes**

That popular ready-to-serve meat, bologna, has a zestful flavor that is mighty appealing in hot dishes, as well as on a cold meat platter. Whether hot or cold, bologna combines well with a great variety of foods.

Try panbroiling sliced bologna and serving with scrambled eggs or eggs a la goldenrod. Or buy the bologna in a solid piece, and cut it in cubes to add to a vegetable casserole. It's a marvelous addition to baked beans.

The following recipes suggest two other ways to serve bologna hot. The Eggs in Bologna Cups are a hearty treat for breakfast; the Bologna Stuffed tomatoes will be welcome at luncheon or supper.

**Eggs in Bologna Cups**  
 6 slices large bologna, 1/8 to 1/4 inch thick  
 2 tablespoon drippings  
 6 eggs  
 Salt and pepper

Brown slices of bologna in hot drippings in a frying-pan. As the meat heats, it will curl into inverted cups. Turn the cups over, and break an egg into each. Season with salt and pepper. Add a tablespoon of water to the pan and cover closely. Let eggs steam a few minutes.

**Bologna Stuffed Tomatoes**  
 6 large, firm tomatoes  
 1 cup diced bologna  
 1 cup kernel corn  
 1/4 cup crushed potato chips

Cut tops off tomatoes and scoop out the pulp, making hollow cups.

Combine pulp with diced bologna and kernel corn. Fill tomato cups with the bologna mixture; sprinkle crushed potato chips on top. Bake in moderate oven (350 F.) about 15 minutes, until thoroughly heated.

**ICE CREAM SUPPER**

Those enjoying an ice cream supper in the home of Mr. and Mrs. Dock Wallace and family Saturday night were: Mr. and Mrs. Loys Rowell and family, Mr. and Mrs. Fred Rowell and son, Dorothy Rowell, Mr. and Mrs. George Neese and son, all of Strathmore, Calif.

Mr. and Mrs. Henry Rowell and family, Mr. and Mrs. Frank Wallace and family, Mrs. Bill Merrill, Mr. and Mrs. C. T. Wallace, Mr. and Mrs. Roy Henderson and family, James Henderson, Mr. and Mrs. Bill Holt and Peggy, Faye and Jo Ann Zigler.

Mr. and Mrs. Chester Strickland of Hereford spent several days of last week visiting relatives and attending to business.

**Plan Silver Tea**

A silver tea will be held by the WMU of the First Baptist church Monday afternoon, June 17, at 3 o'clock in honor of Miss Lillie Hundley, foreign missionary to China, as honor guest. Miss Hundley, who plans to return to China later in the summer, will address the group.

All auxiliary organizations of all Silverton churches are invited to attend, according to Mrs. G. R. Dowdy, president of the WMU.

Mrs. J. S. Fisher and Mrs. Roy McMurtry were Tulsa visitors Sunday. Mrs. Fisher visited her niece, Mrs. W. R. Humphreys, and Mrs. McMurtry attended the Golden Wedding tea for Mr. and Mrs. L. H. Clark.

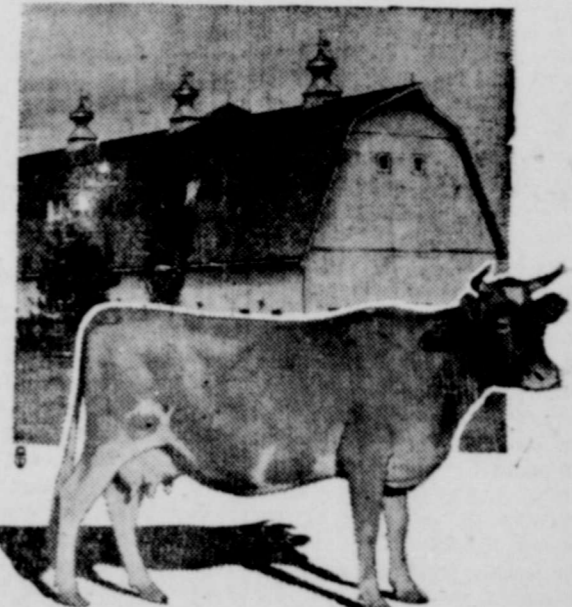

Mrs. Clifford Allard was a visitor in Amarillo Saturday.

**MCCORMICK-DEERING CREAM SEPARATOR**

• Don't let a worn-out, inefficient separator reduce your "crop of cream." If you do, you're losing out on a big dividend from your herd.

A clean-skimming McCormick-Deering Cream Separator will increase your cream checks. It's just like adding an extra cow to your herd—and extra cash to your farm income.

Model S Cream Separators are now available with direct motor gear electric drive especially designed for heavy duty service. Smooth starting and positive contact are provided by an extended bearing support which holds the drive gear shaft in position.

McCormick-Deering Separators older than Model S can also be equipped with belt drive attachments.

See us for complete information on these time and labor saving units.

Announce Changes In Train Schedules

Important changes in passenger train schedules, affording faster and better passenger train service over the Burlington Lines between Texas and Colorado became effective Sunday, June 9, it was announced by G. R. Dowdy, agent, Silvertown.

The departure times of several trains were advanced in the speeding up of schedules, and travelers are cautioned to inquire about these changes to avoid missing a train.

The West Texan, which formerly made a morning trip from Dallas and Fort Worth to Wichita Falls, now leaves Dallas in the evening at 9:15 p.m. instead of 7:10 a.m. to provide a supporting service as far as Wichita Falls for the evening Gulf Coast Special from Dallas and Fort Worth to Colorado. Earlier arrivals will be made in Amarillo and Denver and at intermediate points.

An equalization of the evening departures from Dallas and Fort Worth for the Texas Panhandle and Colorado has been effected, providing a 9:15 p.m. schedule out of Dallas and a 9:25 p.m. schedule out of Fort Worth with an arrival in Amarillo for overnight Pullman passengers the following morning at 8:40 a.m., 170 earlier than heretofore. This train will reach Denver at 10:00 p.m. the following evening after departure from North Texas, 130 earlier than the present time.

The southward Gulf Coast Special will leave Denver at 7:00 p.m. the same as presently, but its arrival in Amarillo will be at 10:05 a.m. the following morning, 32 earlier, Fort Worth at 7:50 p.m. and Dallas at 9:10 p.m., a full hour sooner than these cities now are reached.

The Texas Zephyr from Colorado will arrive in Fort Worth at 7:00 a.m., 20 earlier, and Dallas at 8:25 a.m., 10 earlier than presently. The departure of this train for Colorado will be set back 30 at Dallas, from 1:30 p. m. to 2:00 p.m., and to 3:10 p.m. at Fort Worth, 25 later than its present schedule, with the same arrival in Denver at 8:15 a.m.

Comparable changes and adjustments were made on the same date at intermediate stations also.

These schedule adjustments provide a much improved railroad passenger service locally along the route of Burlington Lines between Texas and Colorado and afford transcontinental travelers a much better cross-country service, resulting from improved connections at junction points and the speeding up of railroad schedules generally throughout the west and southwest during the first part of June.

FIVE TO TEN DAY SERVICE ON YOUR WATCH REPAIRING

By Two Expert Watchmakers M. L. SOLOMON JEWELER Fine Watch and Jewelry Repairing FLOYDADA, TEXAS

The Very Best

IS WHAT YOU WANT — IS WHAT WE GIVE

It Costs No More

The economical selling of Groceries has been reduced to a science at our store. It is the logical result of conscientious endeavor to satisfy our customers and give them the best possible returns for their money. It is the result of learning how to buy the right article at the right time and at the right price, and it enables us to sell to you as we buy. It will pay every housewife to watch our offerings. They help to reduce the household expenses.

Opportunity Awards Offered Texas Boys

Ten Texas boys who have very slim hopes of obtaining a college education because of financial limitations are going to be able to realize their ambition at Texas A. and M. college.

Ten Texas A. and M. college opportunity awards, four-year scholarships, beginning in September and running through 1950 were announced this week by President Gibb Gilchrist of the college. A. F. Mitchell, Corsicana, chairman of the board of the Texas A. and M. development fund, and Carroll Gaines, San Antonio, president of the Association of Former Students.

The 10 fortunate boys will be selected through statewide competition, and each will receive between \$200 and \$300 per year, an amount which may be supplemented by student employment on the campus. Details of the selection are being handled by Registrar H. L. Heaton.

Under sponsorship of the A. and M. development fund, the opportunity awards are a joint project of the college and its Association of Former Students, and it is hoped to increase the number of the awards each year.

"These first 10 awards are merely the beginning," Mitchell declared. "Each year more than half of the Texas boys who finish high school are unable to at-

tend college for financial reasons. "In that group we believe there is as much potential leadership and ability to pursue a college education as there is in the group who are financially able to attend college.

"The opportunity awards program is our answer to this tragic waste of one of the finest and most valuable resources of Texas, its young manhood. We intend to make 'equality of opportunity' a shining reality, instead of a hollow phrase to the young men of Texas who conscientiously desire a college education, and who are equipped to make a success of the chance to study.

"Ten awards each year are assured for the next five years. Our goal is 100 such awards each year, backed by a permanent endowment. Such a program, we believe, would be the most important contribution we could make to the future of Texas and the nation.

"Participation in financing this program is not limited to men who once went to Texas A. and M. college. Selection of the fortunate boys who receive the awards will be from the entire state. We invite anyone interested in this project to join us in reaching our goal of 100 four-year opportunity awards."

Mrs. Mary Watson Jones of Big Spring spent from Tuesday until Sunday with her parents, Mr. and Mrs. J. S. Watson.

Food Contributions Go To 23 Countries

The hungry and starving people of 23 countries are eligible to receive the food contributed through the emergency food collection, it was announced this week by Secretary of Commerce Henry A. Wallace, national chairman of the drive.

Mr. Wallace said that he had been notified by UNRRA (United Nations Relief and Rehabilitation Administration), on whose behalf the appeals being made, that 16 countries now receiving UNRRA assistance, six other liberated nations in Europe, and famine-stricken India are eligible to receive the food.

The countries receiving UNRRA assistance are Albania, Austria, Byelorussia, China, Czechoslovakia, Dodecanese Islands, Ethiopia, Finland, Greece, Hungary, Italy, Korea, Philippines, Poland, Ukraine, and Yugoslavia. The six other liberated countries in Europe eligible to receive food are: Belgium, France, Netherlands, Denmark, Luxembourg, and Norway.

The allocations committee for the emergency food collection, Mr. Wallace stated, will allocate both the food that is bought with cash gifts to the collection and the contributed food canned in tin. William L. Batt, former vice-chairman of the War Production Board, is chairman of the allocations committee.

Allocations will be based on UNRRA reports of need. The food will be distributed free of charge to hungry and starving people.

Mrs. C. S. Hewlett of Weslaco spent last week as the guest of Mr. and Mrs. R. M. Hill.

Urges Poultrymen To Cull Flocks Now

The present ceiling prices on corn, wheat and other grains and protein concentrates means that heavy culling must be done in farm and commercial flocks if poultrymen hope to stay "in the black" on egg production, according to S. A. Moore, poultry husbandman of Texas A. and M. college extension service.

"It takes around 11 pounds of feed to produce a dozen eggs from a hen that is laying at the rate of 80 eggs per year," Moore said. A 200-egg hen will lay a dozen eggs on five pounds of feed.

The poultry specialist estimated that three and one-half million Texas hens, or about one out of seven in the average flock, was costing her owner money instead of bringing it in.

While culling "boarders" from the flock is always good business, it is especially necessary now because of the feed situation, he said. Many low-producing hens in poultry flocks are eating feed at the rate of four to five pounds per month, so two birds culled out now will save a sack of feed in the next year.

The feed so saved can go to relieve the food and feed shortage elsewhere, or two young birds can be raised up to production on what one old one would eat in the meanwhile.

LARGE ENROLLMENT

"Summer school registration at Texas Technological College set a new record as 2312 students enrolled for the first summer term, June 5-July 16. Of this number 1265 are veterans.

Mrs. R. M. Hill and her brother, V. R. Gardner of Tulia, were in Lipan last week attending a home coming.

Mrs. Troy Burson returned on Thursday from Amarillo where she has been under the care of a physician.

Mrs. George Lee, D. O. Bomar and H. B. McClendon of Lubbock transacted business here the first part of the week.

Mr. and Mrs. Earl Brock made a business trip to Lockney Sunday.

JUNE 30 A BIG DATE FOR ARMY MEN

If you have been discharged from the Army—if you held a grade and wish to retain it—if you have dependents—then act now. . . . June 30, 1946, is the last day on which you can enlist in the Regular Army and still take advantage of two important benefits . . . retention of your old grade and family allowances.

Family allowances for dependents will be continued throughout your enlistment only if you enter the Regular Army before July 1, 1946. If you have been discharged from the Army and wish to enlist at your old grade, you must enlist within 90 days after your discharge. And before July 1, 1946. Think it over. Act now.

War Heroes Talk For Price Daniel

An old-fashioned political rally with placards heralding the counties represented will be staged by friends of Price Daniel in the city music hall at Houston, next Monday night, June 17, to officially open his statewide campaign for attorney general.

TOMMY DORSEY

Famous Orchestra To Appear at Fair

Supporters from nearly 200 counties have already indicated their intention of attending the Rally in behalf of Price Daniel's candidacy. The first fifteen minutes will be taken up by key speakers from various sections of the state, including G-I veterans whose exploits have been recorded in the pages of Army and Navy history.

It's State Fair of Texas-bound for Tommy Dorsey and his orchestra, plus Ziggy Elman, the hottest trumpet player in captivity; Tamer Aswad, popular Armenian baritone; and 36 other instrumentalists who have followed the Dorsey baton to the top slot in the nation's band hierarchy.

Public Danger To Be Considered at Meets

Workers of the Texas A. and M. college extension service in practically all of the state's 254 counties have been instructed to consider protection of the public health in scheduling any meetings either of young people or adults. J. D. Prewit and Maurine Hearn, vice directors for the extension service said they had charged county extension agents with the responsibility of cooperating fully with state and local health authorities in cancelling meetings deemed unsafe for groups of people.

Lady's Stomach Was Like A Gas Factory; Meals Turned to Gas

One lady said recently that her stomach used to be like a "gas factory!" That is, when she ate a meal it seemed to turn right into gas. She was always bloated, had awful stomach gas pains, daily headaches and constant irregular bowel action. Now, however, this lady says she is FREE of STOMACH GAS and she says the change is due to taking INNER-AID.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering. Get INNER-AID. Sold by all drug stores here in Briscoe County.

Office supplies at the News.

All-Male Auxiliary Demands Charter

Proving again how "parked" husbands can get into mischief is the story of the all-male auxiliary problem confronting the all-female Swampscott, Mass., Ex-Servicewomen's American Legion Post 243. The post is composed of World War II WACs, WAVES and SPARS, ARMY NURSES of two wars and Navy girls of World War I.

While the post has been holding its meetings, the husbands of some of the married members got together—nine of them. They formed an organization of their own. Now they want recognition as the first all-male auxiliary unit to an all-female American Legion post. The husbands belong to their own American Legion posts but they want to belong to the auxiliary, too.

"You can't deny we are the auxiliary to this women's Legion post," said their spokesman, Chas. E. Neilan of Cambridge, elected "unit" vice president. "We have a perfect right to join the auxiliary. We are now operating ex-officio because the post won't give us a charter."

Moore Withdraws; Is For Boyce House

Latest development in the swift moving campaign of Boyce House for Lieutenant Governor is the withdrawal of Bob Moore, Amarillo and Brownwood publisher, from the race, and the announcement of his support of House. Moore, one of the leading candidates until his withdrawal several days ago, is widely known over the state and political observers predicted he would have polled a credible vote.

Ralph Gossett of Denver, Colo., spent Sunday night with his father-in-law, Rev. H. W. Barnett.

F. M. McCarty, John N. Merriam and Tommy Wyrick made a week-end fishing trip to Quanah. They report good success.

ROTC Unit Approval Expected at Tech

Establishment of an advanced ROTC unit in aviation at Texas Technological College will be approved by the federal government before the end of June, Congressman George H. Mahon of the 19th district has assured college officials.

Texas Tech, through Pres. W. M. Whyburn, made application for the unit some time ago but action has been withheld by the War Department, pending perfection of details on just how the program will operate.

With establishment of the aviation phase, the Texas Tech ROTC setup will include advanced work in signal work, engineering and aviation, as well as basic military science. An application has also been made for an infantry unit. The building assigned for the work will be enlarged and the corps of teachers assigned by the War Department will be greatly expanded.

REGIONAL ROUNDUP

By PAT FLYNN

It may be April Fools Day for the rest of Texas, but to Runnels County April 1, 1947, will be a big date in history as they pay off the last of their courthouse bonds.

Guy Fortenberry is the new Crockett county agent at Ozona. Ozona also let a contract for \$57,000 in sewer and water extension contracts during the week.

Eldorado, Okla., harvest is in full swing with 67 cars of wheat shipped during the first week of combining.

Big Spring will let a contract this week for 50 blocks of street paving, will open Moss Creek to fisherman, and announces a new cattle auction sale each Tuesday in the future.

The Texas Cowboy Reunion will be held in Stamford July 2-4 and will feature a Quarter Horse Show in connection with a rodeo and other outdoor attractions.

Borger holds an election June 15 to determine whether a junior college is in order, which would increase tax rates approximately 25 cents.

Andrews expresses interest this week on the new Fullerton oil well which is expected to develop a new region within that structure.

Abernathy's building permits for May totaled \$8,000.

Kermit city fathers have placed the housing emergency program in the hands of the chamber of commerce; passed parking amendments this week; announced a school election for last Wednesday, and featured news on Stanolind's 35-A Hendrick oil well showing salt water on test below 11,400 feet.

Matador reports a bumper crop of grasshoppers for the week and a boom on poisoning compounds through dealers.

Canadian awaited a column by Old Tack of Amarillo before front-paging its shade trees and scenic drive to Lake Marvin. This corner has been telling the country of super-scenery for years and still contends the only reason Old

Tack visits his ranch is for the drive.

Tulia celebrates its birthday anniversary July 17-18 and will feature a rodeo, carnival, parade and other entertainment.

Petersburg is building a new cotton gin, completing its water system, and receiving its first wheat within the week.

The new Home-Wilson highway near Tahoka, is ready for topping this week.

Memphis Democrat ended its 56th successful year of publication last week as publisher Claude Wells pledged to continue the policies he has enforced the past many years.

Memphis votes June 21 on airport bonds, and heard plans this week on a \$423,000 power and light plant.

Max Wade, editor of The Groom News, says: "It's difficult to improve upon success."

The County Wide News of Littlefield had enough front page stories last week for any metropolitan daily, what with features on Sun Oil leasing Olton land; L. C. Hewitt being elected prexy of the chamber of commerce; a tax rate election June 15; and an Okay on its Fair Ground improvements.

Hereford noted for being "The Town Without a Toothache", is now facing a serious health crisis if its housing shortage is not solved soon. The community is now seeding vegetable crops for future canning as a huge canning plant is offering to buy all crops this season.

Canyon voters have approved a \$100,000 water and sewer bond issue, welcomed early wheat for the Panhandle region; and watched Clyde Warwick, secretary of the Panhandle Press Assn. and editor of the Canyon News, undergo a successful eye operation, within the week.

Floydada announces its first farm-to-market road is now being topped.

Carson County's wheat harvest got underway this week with an expected average yield of 10 to 12 bushels per acre. A few choice areas which received extreme moisture will yield from 20 to 30 bushels, according to J. P. Smith, Carson county agent.

More Donations For Local Cemetery Fund

Additional donations to the Silverton cemetery fund were received during the past week. They were:

Mr. and Mrs. Ed Butler and son spent the weekend in Quanah visiting relatives and attending to business. They were accompanied home by Mrs. Butler's sister, Patsy Estes, for a visit.

Mr. and Mrs. Gerald Arnold, Mr. and Mrs. Roy Mack Walker, Clifford Arnold and Miss Thelma Gean Mercer of Silverton and Mr. and Mrs. O. C. Rampley and Gene Arnold of Canyon went to Buffalo Lake Sunday on a fishing trip.

Miss Betty and James Sumpter of Amarillo are visiting friends in Silverton this week

Mrs. Claud Turner transacted business and visited friends here during the past week.

Pat Neff to Speak Over Radio Friday

Pat M. Neff Jr., candidate for attorney general, will announce the principal planks in his platform over a statewide radio network (TQN) Friday night.

Neff will ask Texas voters to check his eight-year record as an assistant attorney general, compare his proved qualifications for the attorney generalship with those of his opponent and consider the recommendations of his friends as to character, courage, fairness and ability, he said.

"I am willing and eager for this election to be contested on a basis of facts, merits and qualifications," Neff declared.

"When elected, I will run the attorney general's department in such a manner that the most powerful corporation and the most humble citizen alike will receive their just deserts under the law, and the same fair treatment," Neff said. "Business and industry will not be needlessly harassed as a publicity gesture, but I shall act without fear or favor when our anti-trust charter and corporate powers laws have been violated."

Neff's broadcast will originate at Houston. He plans to leave soon thereafter for a fast tour of West Texas and the Panhandle, with speeches scheduled at Abilene, Lubbock, Amarillo and Wichita Falls.

4-H "Cooks" Cut Use Of Wheat, Fats, Oils

Club girls participating in the National 4-H Food Preparation Activity are on the job to help relieve famine abroad. Specifically, they are conserving wheat, fats and oils in preparing and serving family meals.

Among their conservation measures are: Substituting oatmeal, potato or soy flour for wheat in bread. Replacing bread with potatoes in stuffings and in making fluffy topping for meat pies. Using stale bread in escalloped dishes, and for French toast. Serving raw vegetables from their Victory gardens in salads with homemade boiled dressing instead of oils. Baking or broiling, instead of frying fish, to conserve fats. Using meat drippings for cooking and seasoning foods, to save cooking oils. Serving fruits instead of cakes and pastries for desserts.

The youthful "cooks" are also showing community groups through demonstrations and talks how to stop waste and conserve food.

Mr. and Mrs. Lawrence Gregory of Plainview were weekend guests in the home of Mr. and Mrs. Raymond Bomar.

Mrs. A. H. Phillips of Amarillo is visiting her parents, Mr. and Mrs. P. H. McKinney.

C. G. McEwin of Durant visited friends here this week.

...THAT WILL THRILL HER NOW AND PLEASE HER LATER!

This handsome Pyrex Cake Dish is grand for baking cakes. Can be used for cooking, serving, and storing. Wash easily because food won't stick to satin-smooth glass. Better give her at least a pair! Each, only \$3.95

The Pyrex Utility Dish above should be in every bride's kitchen. Cooks grand roasts, chops, hot breads, cakes and a dozen other luscious things. 2 sizes. Larger size, only \$6.95
