## Final USO Drive To Be Led by Leo White

Leo L. White will head the next and final USO Campaign in Briscoe county, Governor Coke R. Stevenson, General Chairman, announced today.

Stevenson said, "We feel particularly fortunate to enlist Mr. White in this final USO drive for funds. Our state quota of \$800,000 will be reached with similar top leadership in all of Texas' 254 counties."

Carl L. Phinney, State Campaign Chairman, in a letter to Mr. White said, "The final USO drive is an important undertaking. Having had the honor of serving 18 months with the 36th Division in the Italian theater, I learned first hand what USO means to the boys overseas. I also have known of the billion acts of kindness to our millions of men in this country. Continuation of the morale services is, if anything, more important than ever. The combat phase of the war is finished but the transition period presents fully as many morale problems. The life of the men in the service is not glamorous. They need and deserve the "home away from home" that USO Clubs and USO Camp shows give them. USO in 1947 will concentrate its services for those who are still hospitalized, those overseas and our kid brothers now in training. I want to join Governor Stevenson in expressing appreciation to Mr. White for accepting the Chairmanship of Briscoe county. We are confident that under his leadership Briscoe county will meet its obligations to those men still in service."

According to Mr. White, no quota for Briscoe county is known at present and no dates for the drive have been announced.

## Parade to Open Woodman of World Day at State Fair

A parade of 25 precision drill teams in shining silk and waving plumes will open Woodmen of the World day at the state fair, stated C. R. Hamilton of Dallas, member of the national service committee.

WOW day, for 20 years an annual state fair event, will be observed October 6, according to W. H. Hitzelberger, executive vice-president and general manager.

The 425 marchers will parade from the Grand Avenue entrance of Fair Park around the grounds to the hall of state where Farrar Newberry of Omaha, Nebraska, national president of the organization will address the expected 2000 visiting members.

During his speech Mr. Newberry will dedicate a concrete ice water drinking fountain the Woodmen of the World are presenting to the Fair Park. The fountain will be constructed on the State Fair Midway.

Other WOW program events are to include boy's woodcraft exhibits and an individual axe manual contest.

Drill teams, each consisting of 16 men and a captain are expected from Dallas, Daingerfield, Itasca, Belton, Sherman, Allen, McKinney, Ft. Worth, Waxahachie, Celina, Wolfe City, Littlefield, Chireno, Beaumont, Van Alstyne, Caddo Mills, Waco, Bonham, Lewisville, Commerce, Bells, Tyler, Shilo, San Angelo, and Weston. E. L. Simmons will captain the Dallas team.

## Premiums for Ag. Dept. at Lubbock Fair Are Increased

Premiums in the vocational agriculture department of the 29th annual Panhandle South Plains fair have been increased \$5 to \$22.50 all down the line, raising total prizes in the department to \$507.50, over \$225 more than the total offered in 1941, it was announced today by fair officials. Dates for the fair are October 7-12.

Premiums which will be awarded the school exhibits and the amount of increase on each are as follows: First prize, \$50, an increase of \$20; second prize \$45, an increase of \$20; third, \$42.50, an increase of \$22.50; fourth, \$40, an increase of \$20; fifth \$37.50, an increase of \$22.50; sixth, \$35, an increase of \$20; seventh, \$32.50, an increase of \$17.50; eighth, \$30, an increase of \$15; ninth, \$27.50 an increase of \$12.50; tenth, \$25, an increase of \$10; eleventh, \$22.50, an increase of \$7.50; and twelfth through seventeenth, \$20, an increase of \$5 to \$10.

Another change in the vocational agriculture rules is that the fair association will furnish uniform papering for all backgrounds instead of having individual exhibitors do so.

## Funds Allocated For Building Material for Vets

To speed the delivery of scarce building materials for veterans' housing, an initial \$3,000,000 of War Assets administration funds has been allocated the U. S. Corps of Engineers for payment of contracts to dismantle army and navy installations containing housing materials, WAA announced this week.

Among the army camps now being dismantled is Camp Howze, Gainesville, comprised of 2,600 buildings, and the McLean Prisoner of War Camp, McLean 79 buildings. The Hereford Prisoner of War Camp, Hereford, is now being surveyed by WAA for future dismantling.

The reclaimed short supply materials, including wood framing, roofing, plumbing fixtures, electric wiring and fixtures and fibre biding, from the 11 surplus installations now being dismantled will be made available first to the F. P. H. A. for use as temporary housing for veterans at colleges and in congested industrial areas.

Materials will also be made available to the Veterans administration for its hospital program and then to private builders holding IH priorities for construction of permanent homes or apartments for veterans.

## OPA ANNOUNCES NEW DATE FOR SPARE STAMP NO. 49

According to an announcement made by the OPA this week ration stamp 49 will be good for five pounds of sugar through September 30, instead of expiring August 31 as originally scheduled.

The extension was granted, OPA said, because of local shortages which have prevented housewives in some areas from using the stamp. The agency said spare stamp 51 will be good for five pounds of sugar during the October-December quarter.

Mr. and Mrs. George M. Givins and son, Tim, of Ft. Worth spent the weekend with his mother, Mrs. Mattie Perry.

## NOTICE TO THE PUBLIC

A very important meeting of the Briscoe County Chapter of Infantile Paralysis will be held in the Red Cross room at the Courthouse, Monday, September 2nd, at 8:00 p.m.

All interested persons are urged to attend this meeting.  
Mrs. O. T. Bundy, Chmn.  
Mrs. Theron Crass, Sec'y.

## Range Condition of Texas is Given By A. & M. College

Range feed is dry and curing over most of Texas, but is still supplying fair to good grazing in most areas.

Only by drawing upon reserve subsoil moisture has much of the state escaped serious drouth, according to a report received by the Texas A. & M. college extension service from the Bureau of agricultural economics at Austin.

A serious range condition exists in the Southern Plains and Northern Plateau counties where moisture has been short all season, the report indicated, and range feed is critically short. Soaking rains are now urgently needed in the entire western half of the state to revive grass growth.

In upper costal and some eastern counties, July rainfall was sufficient and ranges in those areas are still supplying good grazing.

For an over-all picture of grazing in the state, the report showed that all range food is at 76 per cent of normal condition.

Due to favorable market prices and dry ranges, marketing of cattle and calves have been unusually heavy during the past month. In dry areas, cattle are losing some flesh. Sheep and goats are holding up well in most areas, except in the very dry Northern Plateau counties. Ranchers may market lambs early unless good rains start new grass soon, the report indicated.

## Legion Is Issuing Booklet on Terminal Leave Pay

Indianapolis, Ind.—The American Legion will begin quantity shipments to department headquarters September 1 of its new booklet on the terminal leave pay act for distribution by posts to World War II veterans in their communities.

The pamphlet will contain complete information about the new law and its provisions. It will explain how the law came about, what its provisions are and how to go about making applications for terminal leave payments.

American Legion posts the nation over will open their club-rooms for aiding veterans in the preparation and notarization of their applications. Trained service officers will be on hand to assist all claimants.

Mr. and Mrs. S. Teague spent Sunday in Lubbock.

Mr. and Mrs. George Kirk and Corky and Ben Smith were recent visitors in the Doc Peugh home.

Mr. and Mrs. Fred Mercer and children left Monday for a vacation trip to New Mexico.

## Recruiting Drive For Nursing Students Launched

Citing a decline of 75 per cent in student nurse enrollment from last year, the Texas league of nursing education, in cooperation with five other state organizations, Saturday launched an intensive recruiting drive designed to add 2000 Texas girls to nursing school ranks in September.

The danger to health in every community in Texas due to this alarming shortage cannot be over-emphasized, Miss Lucy Harris of Fort Worth, president of the nursing league, pointed out. "Twenty-three per cent of the nation's hospital beds already are shut down because of the shortage of trained nurses," she announced. "Texas' condition is worse and will become increasingly so unless the nurse situation is remedied by a flood of full class enrollments."

Cooperating in the enrollment drive are the Texas hospital association, the State medical association, the Texas Graduate nurses association the Texas State board of nurse examiners, and the State organization for public health nursing. The drive leader, the Texas league of nursing education, is the department of education of the Texas Graduate Nurses' association.

Despite university tie-ins on credits, college classroom and dormitory conditions, and other improvements in nursing school education, student nurse enrollment declined to 1,137 in the last year of the war and so far this year has dropped to the alarming figure of 300.

Because of the gravity of the situation, Miss Harris said most of the state's closing fall registration would delay closing fall registration until September 15 and some would extend their deadlines to October 1. Enrollment information is available at any hospital in Texas, she added.

The 37 accredited schools of nursing in Texas are: Hendrick Memorial Hospital, Abilene; Northwest Texas and St. Anthony's hospitals, Amarillo; Brackenridge and Seton hospitals, Austin; Hotel Dieu hospital, Beaumont; Baylor, Dallas Methodist, Parkland, and St. Paul's hospitals, Dallas; Hotel Dieu hospital, El Paso; City-County, Harris Memorial Methodist and St. Joseph's hospitals, Fort Worth; John Sealey hospital and St. Mary's Infirmary, Galveston; Hermann, Jefferson Davis, Memorial, and Methodist hospitals and St. Joseph's Infirmary, Houston; Lubbock General and West Texas, Lubbock; McKinney City hospital, McKinney; The Sanitarium of Paris, Paris; St. Mary's hospital, Port Arthur; Prairie View hospital, Prairie View; Shannon West Texas Memorial hospital, San Angelo; Medical and Surgical, Robert B. Green Memorial, and Santa Rosa hospitals, San Antonio; William N. Jones hospital, Sherman; King's Daughters and Scott and White hospitals, Temple; Hillcrest Memorial and Providence hospitals, Waco; and Wichita General hospital Wichita Falls.

## Quitaque Youth Dies of Polio in Plainview Hospital

PLAINVIEW, Aug. 24 (Spl).—Roy Ivan Brunson, 13-year-old son of Mr. and Mrs. R. L. Brunson of Quitaque, died of polio Friday night in the West Texas Polio Center here. He had been admitted Wednesday.

Three other polio victims were admitted to the Center Saturday, bringing the total patients here to 28. They were Morgan S. Howard, Jr., 7, of Amarillo; Oscar Maddox, Jr., of Memphis, Texas, and O. B. Byars, 58, of Plainview. Ft. Worth Star Telegram

## MRS. DAVE ZIEGLER PAINFULLY BURNED TUESDAY

Mrs. Dave Ziegler was painfully burned about the face and neck Tuesday night when a jar of peas she was removing from a pressure cooker exploded.

Mrs. Ziegler is employed at the Silverton Hotel.

Mrs. Wood Hardcastle of White Deere visited relatives here over the weekend.

Mr. and Mrs. Shelby Haynes and Shirley left Tuesday for Ft. Sumner and Portales, N. M., They plan to return Thursday.

Mr. and Mrs. Ben Smith and children returned to their home in Amarillo Sunday after spending two weeks in the home of her sister, Mrs. Doc Peugh, and family.

Mr. and Mrs. Noah Amerson of Canyon visited friends and relatives last weekend. They went to Plainview Monday to see an optometrist. Mary Tom Bomar accompanied them home for a few day's visit.

### WAA To Sell Automobile Parts In Salt Lake City

Automotive parts which cost the government an aggregate of 14 million dollars will be offered for sale by War Assets administration at Salt Lake City, Utah, September 9 through 14. WAA officials hope to set an inter-record for a single merchandising venture during this six-day period.

More than 4,000 lots—large, medium and small—have been made up of the material, which consists of automotive parts and accessories for all popular makes of cars and trucks, as well as jeeps and special vehicles. There are quantities of garage equipment, tools and hardware-type items; new and used complete engines; mechanics' tools, cylinder blocks, rankshafts, transmissions and differentials; every type of automotive electrical part and accessory; gears and bearings; water and fuel pumps; axles and frames; electric drills; buffers and grinders, compressors and motorcycle parts and assemblies.

Prospective purchasers may inspect the property and immediately enter a bid on each lot. At the close of the sale, high bid for each lot will already have been tabulated and the complete list of awards will be available to the bidders on Monday, September 18.

Automotive supply houses, mail order houses, chain stores, auto re-builders and wreckers, and garage and service station operators, as well as priority claimants, will be eligible to buy.

Commercial buyers and priority claimants will compete for the material on an equal basis, and the highest bidder for each lot will be awarded the property. Priority claimants, including veterans of World War II, already have had an opportunity to buy this type of property.

## Wilton Whitehead Represents County at 4-H Club Roundup

According to a report made here this week by Leo White, local County Agent, Wilton Whitehead will represent Briscoe county at the 4-H Club Roundup at College Station which is being held August 28th, 29th and 30th.

Due to the fact that this is the first 4-H Roundup to be staged at A. & M. details as to what is to take place are unknown at present, Mr. White said.

## People Eating More Meat Than In Pre-war Years

Amounts of meat eaten per person reached a high in 1944, despite so-called war-time shortages, an analysis of meat consumption in the United States shows. The average American in 1945 ate 10 per cent more meat than he did during the 1935-39 period.

High production and higher incomes explain the paradox—how this country could eat more meat and at the same time ship quantities to its armed services and to its war-time allies, according to Tyrus R. Timm, economist in farm management for the A. and M. college extension service, who compiled the report from U. S. D. A. reports.

One trend in the report of importance to Texas farm families is the increase in the amount of poultry products eaten by the average person. Per capita consumption of turkey in 1945 was 65 per cent above the figure for 1935-39. Consumption of chicken was up 41 per cent and of eggs 31 per cent.

The average person ate about 137 pounds of "red meat", nearly 30 pounds of chicken and turkey, and 390 eggs, last year, the Timm report shows. During the last war year consumption of veal had increased about 45 per cent over the 1935-39 period. Consumption of beef, pork, lamb, and mutton per person went up seven per cent for each of those meat products.

Mr. and Mrs. Monzingo and daughter, Jan, of Memphis spent the weekend with Mr. and Mrs. Mike Mason.

Mr. and Mrs. R. C. Hutsell left Monday for Byer and Denver, Colorado, on a vacation trip and to visit Mr. Hutsell's sister, Mrs. Lula Smith and family.

## Recent Legislation proves Beneficial to Vets

Veterans Administration has summarized recent legislation, passed by Congress and approved by the President, which will affect thousands of veterans and their dependents of this area. The new legislation comes within the jurisdiction of the Veterans Administration:

1. Increases by 20 per cent the pensions of nearly 2,000,000 veterans of both World Wars and 400,000 dependents, effective September 1.
2. Sets up tighter standards for on-the-job training for veterans; provides for financial assistance to states to supervise the program; and sets pay ceilings of \$200 for veterans with dependents and \$175 for veterans without dependents who are studying or training under the GI Bill.
3. Authorizes the Veterans Administration to operate canteens in hospitals and veterans' homes, financed by a \$4,000,000 revolving fund.
4. Allows full pensions to veterans who become disabled in peace-time service. Some 40,000 veterans are affected.
5. Authorizes the payments of full pensions to veterans who are hospitalized or who live in VA institutions. In the past these payments have been limited to \$20 a month and for those pensioned for non-service-connected disabilities, to \$8.
6. Lifted ceiling limits for dependents' pensions allowing wid-

ows of veterans of both World Wars and peacetime service to draw full payments for their minor children, regardless of the number.

7. Appropriated \$30,000,000 with which the Veterans Administration is enabled to provide an automobile or other conveyance for each World War II veteran entitled to compensation for loss, or loss of use, of one or both legs at or above the ankle.
8. Increases pensions for more

H. J. R. NO. 62  
HOUSE JOINT RESOLUTION

proposing an Amendment to Article III of the Constitution of the State of Texas by the addition of a new Section to be known as Section 49-b, creating a Veteran's Land Board and establishing a Veteran's Land Fund; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 49-b which shall read as follows:

Section 49-b. There is hereby created a Board to be known as the Veteran's Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Legislature shall provide by law for the issuance by said Board of not to exceed Twenty-five Million Dollars (\$25,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veteran's Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas in such form, denominations, and upon such terms as shall be prescribed by law, provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum.

"In the sale of any such bonds a preferential right of purchase shall be given to the administrators of the various teacher retirement funds, the Permanent University Funds, and the Permanent Free School Funds; such bonds to be issued only as needed, in the opinion of the Veteran's Land Board under legislative authorization.

"The Veteran's Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this state (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm, or corporation.

"All lands thus purchased shall be acquired at the lowest price obtainable, be paid for in cash, and shall be a part of the Veteran's Land Fund.

"The lands of the Veteran's Land Fund shall be sold by the State of Texas Veterans of the present war or wars, commonly known as World War II, in such quantities, and on such terms, and at such prices and such rates of interest, and under such rules and regulations as may be prescribed by law; provided, however, that any such lands remaining unsold at the expiration of eight (8) years after the effective date of this Amendment may be sold to anyone as shall be prescribed by law.

All moneys received and which have been received and which have not been used for repurchase of land as provided herein by the Veteran's Land Board from the sale of lands and for interest on deferred payments shall be credited to the Veteran's Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II, in like manner as shall be provided for the sale of lands purchased with the proceeds from the sales of the bonds,

provided for herein, for a period of eight (8) years from the effective date of this Amendment; provided, however, that so much of such moneys as may be necessary to pay interest on the bonds herein provided for shall be set aside for that purpose. After eight (8) years from the effective date of this Amendment, all moneys received by the Veteran's Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any of such moneys not so needed shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Thursday in November, 1946, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II"

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II"

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this state.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

Hershel Harrison visited his sister, Mrs. Walter Via, and family at Happy last week. His parents went for him Sunday.

Mr. and Mrs. Hugh Sanders and children of Brice spent Friday with her parents, Mr. and Mrs. Hugh Stodghill.

Mrs. Una Burson, and Mr. and Mrs. S. D. Swan visited Mr. and Mrs. Bland Burson of Dalhart last week.

Mother Chappell of Amarillo is visiting her sons, Andy and C. M., and families.

## Teeth Should be Inspected Twice During Year

The fact that dental decay is likely to occur in the mouth of the average person despite proper home care given the teeth, does not lessen the importance of brushing the teeth and massaging the gums daily, nor does it minimize the need for a cleaning and inspection of the teeth twice a year by the family dentist. Dr. Geo. W. Cox, State health officer, says that the lack of these measures gives added power to germs that attack the enamel of the teeth and gum tissues.

"If, despite the proper application of such procedures, decay is suspected or teeth are injured in any way, the thoughtful person will seek the dentist's office promptly for the necessary corrective work," Dr. Cox said.

"It is surprising though, even

in these days of comparatively painless dentistry, that so many persons neglect to make good their dental defects, inevitable or otherwise, because they foolishly fear the discomfort they might experience in the dentist's chair," said the State health officer. "There are others who having lost a tooth or several teeth make no effort to obtain replacements. Apparently they believe they can get along without them. Reduce masticating power, the annoyance and sometimes actual discomfort of chewing hard substances on the exposed gums, and crooked teeth are some of the possible consequences of gaps in the teeth. Dr. Cox advised those who are interested in experiencing the best dental and bodily health possible, to give daily attention to

their mouth and visit the dentist twice each year, and promptly seek the dentist's services in case of decay or other suspicious conditions arise between the periodic visits.

### Medicine Without Incentive

The essential fault underlying all the proposals to establish vast Federal public health projects, whereby taxes would be levied on all workers and employees to pay for a compulsory medical system. Is that regimented, bureaucratic medicine is inevitably bad medicine. The incentive progress largely disappears. The drive to experiment, to learn, is lost . . . . . altogether.

Authorities who have long observed socialized medicine in England and Europe have commented on this. It is true that very remarkable progress was made in battlefield surgery and the prevention of infection during the war. The death-from-wounds rate was amazingly low. But this was because techniques developed by private medicine were adopted by the armed forces—and because the overwhelming majority of military doctors were private physicians who donned uniforms to serve during the war and returned to private practice once it all ended.

Routine medicine in the military forces is a very different matter. As doctors who saw war service have said, there has been little change since the last war in methods of diagnosis and treatment. The doctor must follow a manual and a set of regulations—set forth by his "Uncle Sam". He is not a free agent and progress definitely lags.

Voluntary prepaid medical plans avoid these pitfalls. The cost per person is low, but the doctor receives a reasonable fee. The patient chooses the physician he wants, which perpetuates medical incentive. Nothing yet suggested has equal merit. It will be a sad day for American health when political regimentation dominates the practice of medicine in this country.

Foreman (to new employee): "I'm putting this rivet in the correct position. When I nod my head, hit it hard with your hammer." He woke up in the hospital.

# THE ARMY HAS A GOOD JOB FOR YOU!

### NON-COMMISSIONED GRADES NOW OFFERED TO FORMER ARMY OCCUPATIONAL SPECIALISTS

Good jobs in non-commissioned grades are being offered now by the Regular Army to qualified former servicemen.

Veterans discharged on or after May 12, 1945, who enlist or reenlist for 3 years may be enlisted in the non-commissioned grade for which qualified, provided this grade is not higher than that held at time of discharge, and provided that at least 6 months of former service was in one of 400 designated military occupational specialties in which enlistment is now desired.

Important, interesting jobs are open in hundreds of skills and trades in the Army, with splendid training and educational advantages! These are in addition to free food, housing, clothing, medical and dental care, low-cost insurance.

There's adventure, travel, education, a secure and profitable future in this vital, realistic profession. Get full details at your nearest Army Recruiting Station.

#### Highlights of Regular Army Enlistments

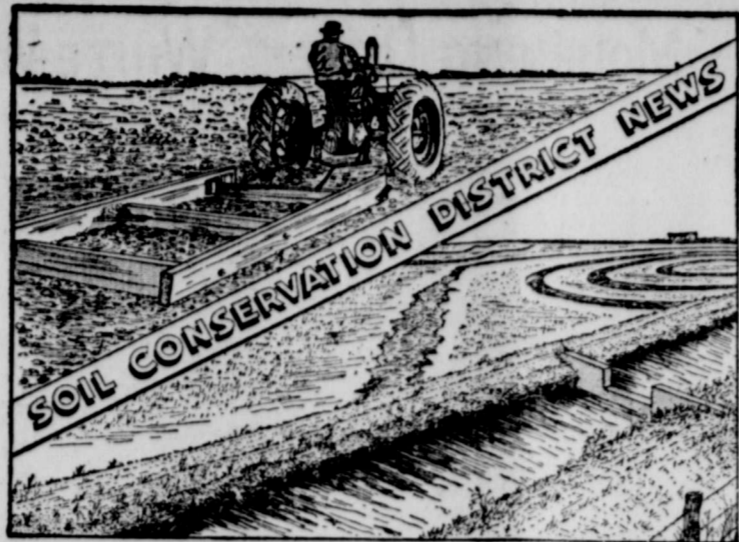

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in the Army, who may reenlist at any age, and former service men depending on length of service.
3. A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
4. A furlough for men who reenlist within 20 days. Full details of other furlough privileges can be obtained from Recruiting Officers.
5. Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
6. Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
7. GI Bill of Rights benefits assured for men who enlist on or before October 5, 1946.
8. Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

#### NEW PAY SCALE

Starting Base Pay Per Month	MONTHLY RETIREMENT INCOME AFTER:	
	20 Years' Service	30 Years' Service
Master Sergeant or First Sergeant	\$165.00	\$107.25
Technical Sergeant	135.00	87.75
Staff Sergeant	115.00	74.75
Sergeant	100.00	65.00
Corporal	90.00	58.50
Private First Class	80.00	52.00
Private	75.00	48.75

U. S. ARMY RECRUITING STATION  
Room 203, Post Office Building, Lubbock, Texas

SUPERVISORS FOR CAP ROCK DISTRICT—Earl I. Cantwell, Chairman, Louie Kitchens, Obra Watson, Pierce White and Bray Cook.

Wright May, a cooperator with Cap Rock Soil Conservation District established contour guide lines on wheat land on his farm last week. Lines were established by back-furrowing with a one-way plow so that they may be followed from year to year. These lines will be used for seeding and tillage operations according to Mr. May.

Joe Mercer, a cooperator 4 miles south of Silverton, is planting 40 acres of Austrian Winter Peas on his farm. The seeding will be made on wheat stubble land and plowed under next spring for a green Manure crop and will be followed by grain sorghums next year according to Mr. Mercer.

O. W. Mitchell, who operates the L. P. Osburn farm in the Crass Conservation Group, is constructing a diversion terrace on his farm this week. The diversion terrace is being constructed to protect a sloping area by diverting the head water from adjoining land diverting it to native grass pasture according to Mr. Mitchell.

Irrigation farmers cooperating with the Cap Rock Soil Conservation district are rapidly adopting the practice of floating and leveling land before applying irrigation water. In order to do a good job, floating land should be fairly free of trash according to Fulton Gregg, who has had sever-

al years experience as an irrigation farmer. In order that floating and leveling operations may be done more economically and efficiently, seven all steel land levelers have been purchased by conservation groups and individuals in the district. Purchase of the levelers has been made by Fulton Gregg and Grady Wimberly, of the Gregg Conservation Group, seven farmers of the Crass Conservation Group, and by E. R. Long, Loyd Readhimer, L. A. Matthews, and Ed Whitfill, co-operators.

"Going straight" is a time-honored term for mending one's ways and thus keeping out of trouble, but NOT when it is applied to safety! The Texas Safety Association says that on the streets and highways drivers run into most of their trouble while going straight rather than backing, turning or stopping. When on the straight-away, drivers are prone to speed — and speeding caused more than half of the deaths of 874 men, women and children in Texas for the first six months of this year. Learn from the mistakes of others — you can't live long enough to make them all yourself!

When one has lived a long, full life and his step becomes feeble and his friends of the olden days are gone, then falling into the last sleep is the natural, the inevitable end of life's chapter—on this side of the veil.

This is somewhat the thought that a friend of mine Frank Jensen of Dallas, has beautifully expressed in a poem written after his father passed on. His father had known the hardships of pioneer days—arctics, depressions, cyclones, hailstorms and had earned his rest. The poem is entitled "If We Could Call Them Back" and has a message of philosophic resignation:

If we could call them back.  
Would you—would I?  
And ask that they go with us down the road.  
And take again Life's weary, heavy load.  
And all the sorrows—now forever flown,  
Or would we choose to travel on alone,  
If we could call them back?  
If we could call them back.  
Would you—would I?  
From out the far, sweet realms of peace and rest  
To toil once more, with troubled, aching, breast  
Along the steep, the stony, thorn-grown way,  
Or would we rather they might stay,  
If we could call them back?  
If we could call them back,  
Would you—would I?  
E'en though it be to pleasures as of old,  
And to the joys that come when hearts unfold  
With Love in all its wondrous power—  
Ah! would we ask it for one little hour,  
If we could call them back!

We can not call them back—  
Not you—nor I—  
But we will travel on a little while,  
And try, despite our grief, to smile.  
And when we reach out eager hands  
To waiting ones in better lands,  
May no one call us back.

## Veterans' News

Pay ceilings set by Congress for veterans training or studying under the GI Bill do not apply to disabled veterans, the Veterans Administration has announced.

Maximums of \$200 for married veterans and \$175 for single men were prescribed by Congress for veterans training on-the-job or studying under benefits of Public Law 346.

Disabled veterans VA said, are enrolled for training or study under Public Law 16, a separate act, and are not affected by the new legislation.

Patients in VA hospitals in Texas, Louisiana and Mississippi will be entertained by one of the best professional billiard players in the world late in November.

Erwin Rudolph, a trick shot specialist is making a tour of Southwestern VA hospitals through the courtesy of the Billiard Association of America, VA announced.

Blind veterans who have the grit to try and who get proper aid can get fun and benefit from many sports heretofore believed impossible for sightless people, the Veterans Administration believes.

In Houston, Texas, VA, with the cooperation of a local bowling alley, has inaugurated a class in bowling for blind veterans.

The fundamentals of bowling have been successfully taught to the blind in several cities, VA said. The Houston classes are being directed by R. L. Springfield, advisement officer for blind veterans.

Two more guidance centers to help veterans with their vocational and educational problems have been established in Texas, by the Veterans Administration.

The centers will be operated by Lamar college of Belmont and North Texas State Teachers college in Denton.

VA guidance centers are now in all sections of the Southwest. Psychologists and vocational experts are available in all the centers to help veterans.

ities and injuries. Tumbling folks get paid if they work for the circus—but folks who fall down just anywhere—off of ladders and chairs—down steps—just anytime—PAY and PAY and PAY!

The Texas Safety association reveals that falls are next to traffic accidents in the cause of fatal-

All over the nation, and all over the Great Southwest, folks are talking about the Panhandle Plains Pecos Valley area. They say it's a rich, booming territory, with plenty of everything... a veritable Land of Plenty.

Your Public Service Company is as proud of this area as you, and is, as it has been for the past 22 years, building ahead for the future.

When our expansion program is completed there'll be more low-cost reliable electricity for more people in 'his vast area.

Plan now on moving forward with the Panhandle Plains Pecos Valley area... and the Southwestern Public Service Company, a pioneer in building ahead for the future, will do everything within its power to help you.

A PIONEER IN BUILDING AHEAD FOR THE FUTURE

One of a series of advertisements designed to help build this fast growing territory in which we serve.

TO KEEP YOUR ENGINE HEALTHY  
*Change* FILTER ELEMENTS  
*Regularly*

The oil filter on your McCormick-Deering tractor protects the engine against wear caused by dirty oil. But unless the filter element is periodically replaced its purpose is defeated and no protection results. For your engine's sake... and the sake of your tractor investment... be sure to renew the filter element each time you change oil. Remember, the new-style "umbrella" element keeps oil clean and your engine protected for 120 hours of hard use (100 hours for Diesel engines). Take home a supply of these protective elements the next time you are in town.

**HOW THE "UMBRELLA" FILTER ELEMENT WORKS**

The element is made of two large sheets of special creped, impregnated cellulose—accordion-folded to form a double-walled cylinder. Oil from the crankcase is pumped under pressure into the filter housing where it completely envelops the element. The oil is forced through tiny pores in the element and all sludge and dirt is retained on the outer surfaces. The clean oil passes down between the two sheets and goes back to the crankcase.

**CRASS**  
MOTOR AND IMPLEMENT COMPANY  
SYMBOL of SERVICE  MARK of QUALITY

**FARM FACTS**  
WORTH KNOWING

**Q. How high a fence should be used to confine our turkeys?**  
A. A fence to confine turkeys need not be too high. One not over 4 ft. is most desirable and will keep practically all the birds confined as well as a 6 or 7 ft. fence.

**Q. At what age should gilts be selected for their place in the brood sow herd?**  
A. Many hog breeders believe that growth and development are aids to selection. In the experimental hog herd at the Research Farm of the Ralston Purina Co. at Gray Summit, Mo., gilts are selected for future herd sows when they are six months of age. Until that time they are handled the same as the market hogs for maximum growth and development.

**Q. Can you give us some tips on sheep raising?**  
A. Here are some pointers for the sheepman as drawn up by Purdue University:

1. Wean lambs and rest ewes 2 months before breeding.
2. Trim feet of rams and ewes before the breeding season.
3. Tag the ewes. Clip the heads of woolly-faced sheep.
4. Shear breeding rams by mid-September.
5. Use a strong, heavy boned, vigorous ram of good type for each 25 to 40 ewes.
6. Feed the ewes liberally during the winter, and use good winter pasture when available.
7. Feed ewes so they will gain 25 to 40 pounds before lambing.
8. Feed loose iodized salt to ewes during the gestation period. Block salt wears down the teeth of sheep.

**Q. What constitutes a "brace" of dogs?**  
A. Two dogs of the same breed, matched closely for color, type, and size. They do not necessarily have to be of the same sex.

**Q. What breeds are used to produce cross-bred broiler chicks?**  
A. Usually a Barred Plymouth Rock male is crossed with a Rhode Island Red or New Hampshire female.

Send your questions about any phase of farm management to FARM FACTS, 835 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

Danger lurks where we least expect it. We're alert to danger when we swim where the current is strong—BUT—not when we bathe in our own tub. Even a fall from a slippery tub or a sliding bathmat can cause a big disaster. The Texas Safety association says all home accidents are the result of unsafe conditions or unsafe practices. In the words of Oliver Cromwell, "Trust in God—but keep your powder dry!"

Mr. and Mrs. Blain Speer moved to Breckenridge last week. Mr. Speer will operate a service station there.

**MOURNING DOVE and WHITE-WINGED DOVE OPEN SEASONS 1946**

**MOURNING DOVES**

**OPEN SEASON -- NORTH ZONE:** Sept. 1 to Oct. 30, both days inclusive. Shooting hours, one-half hour before sunrise to sunset.

**SOUTH ZONE:** Oct. 20 to Dec 18, both days inclusive, except in Cameron, Hidalgo, Starr, Zapata, Webb, Maverick, Dimmit, LaSalle, Jim Hogg, Brooks, Kenedy, and Willacy counties where mourning doves may be hunted only on Sept. 13, 15, and 17, from 4 p.m. to sunset, and from Oct. 20 to Dec. 18, from one-half hour before sunrise to sunset.

**BAG LIMIT:** Not more than 10 per day and not more than 10 in possession.

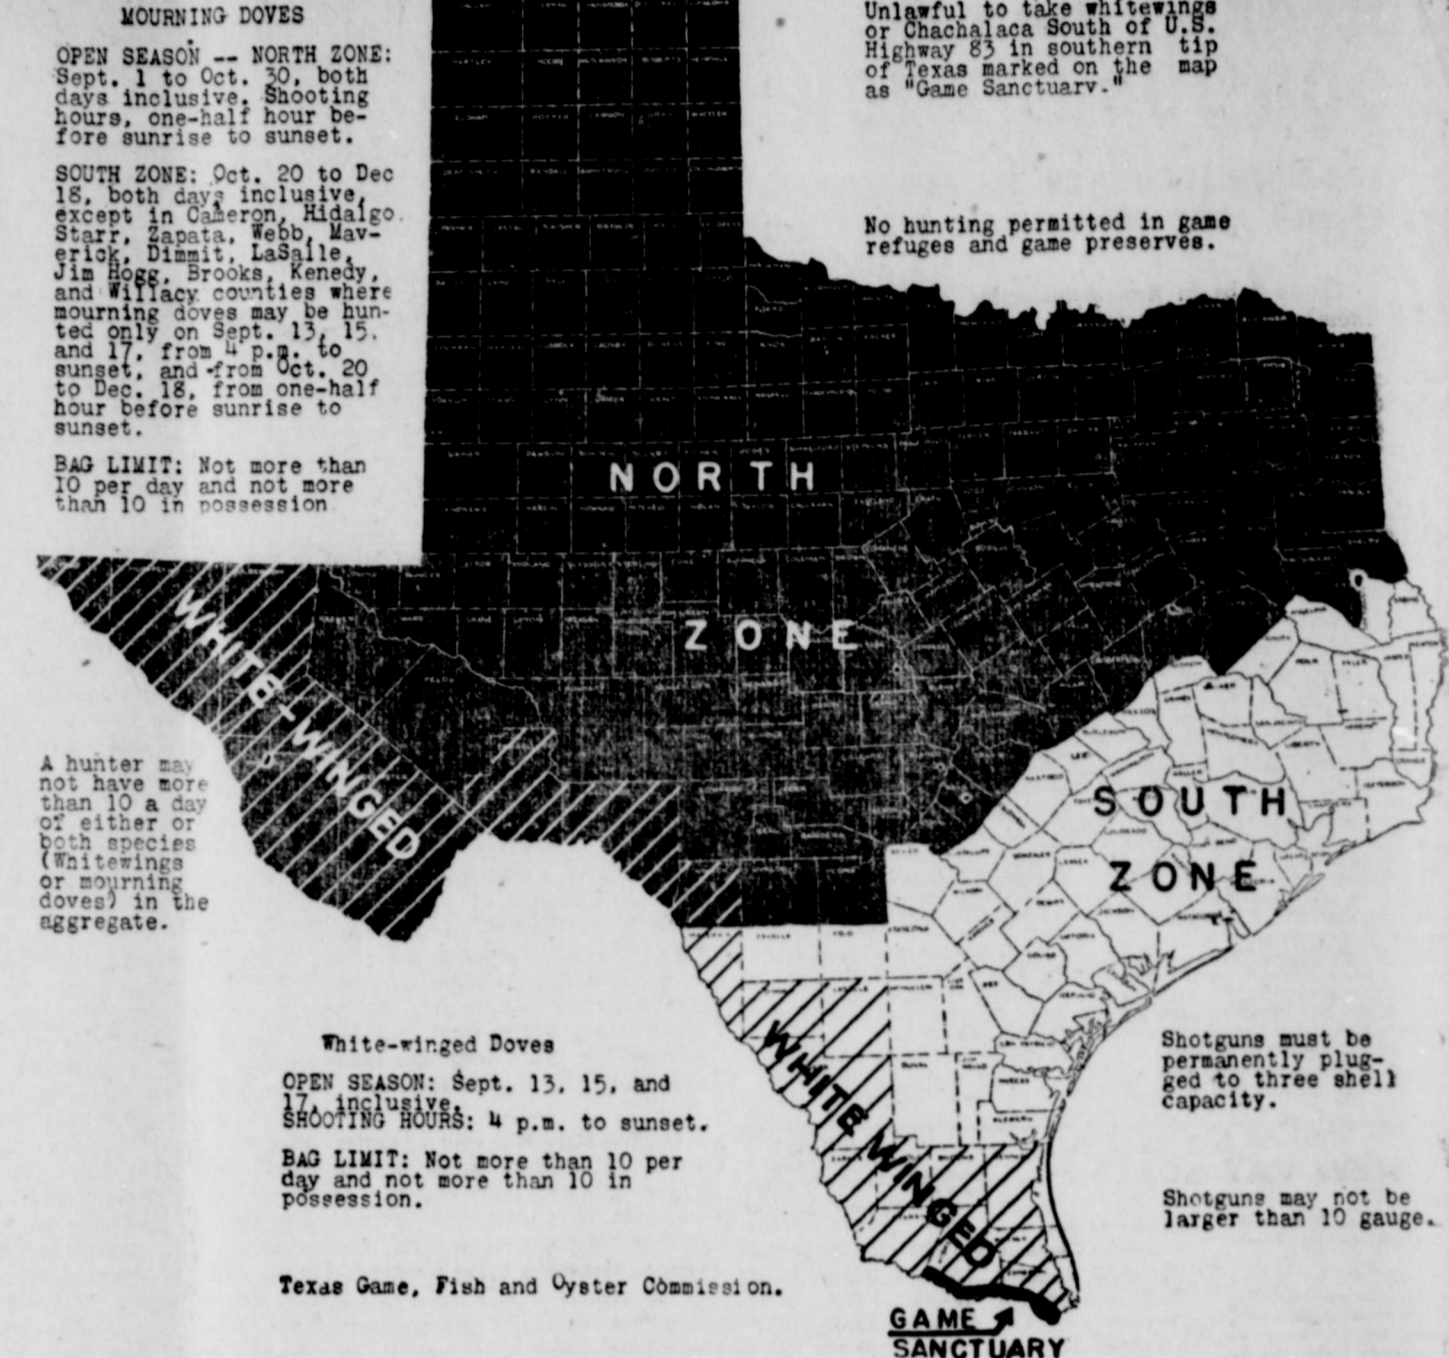

**White-winged Doves**

**OPEN SEASON:** Sept. 13, 15, and 17, inclusive.

**SHOOTING HOURS:** 4 p.m. to sunset.

**BAG LIMIT:** Not more than 10 per day and not more than 10 in possession.

Texas Game, Fish and Oyster Commission.

Unlawful to take white-wings or Chachalaca South of U.S. Highway 83 in southern tip of Texas marked on the map as "Game Sanctuary."

No hunting permitted in game refuges and game preserves.

Shotguns must be permanently plugged to three shell capacity.

Shotguns may not be larger than 10 gauge.

Do you believe in signs? The Texas Safety association warns that many signs on the street say "Stop" to the driver—the old fellow crossing against a red light, the child running into the road after a ball, the quick dash of a pedestrian. Remember, the most important safety device ever created is just about nine inches above your shoulders—your head—use it!

Party time is hymn singing time in many homes

Yes, many people enjoy singing the old hymns along with the new, popular songs. If you doubt this, just get out your family hymnal the next time guests gather after a wedding or a birthday party and sound a few chords. Start any of the old songs. In less than a minute you have quavering baritone, tenors and sopranos singing at the tops of their voices.

Those of us who sang our first songs in a Sunday School can remember every word of dozens of songs. As the years pass, these early experiences pleasantly return again and again.

Practically every Church and Sunday School in this community can use more singers for choir work or during the holidays when special events are planned for Church or Sunday School services. If you like to sing, visit the Church of your choice next Sunday and take the family with you!

**"The American Church and Sunday School are the greatest centers of good in all the world"**

Mr. and Mrs. N. A. Lyde of Lubbock spent Saturday night with Mr. and Mrs. W. V. Bomar. Dee Ann returned home with them.

Luther Gilkeyson went to Lubbock Monday for John Myers, who has been in the hospital for some time. He will be in the home of his sister, Mrs. J. C. Bomar, until his condition is improved.

Mrs. Dan Allard and Mrs. Bob Stevenson visited Lee Stevenson and family in Ft. Sumner several days last week.

Sunday dinner guests in the George Jones home were Mr. and Mrs. T. D. Wallace of Childress, Miss Wanda Teague of Plainview and Mary Dell Teague.

SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago Released by Western Newspaper Union

LESSON FOR SEPTEMBER 1

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

JESUS AND RIGHT USE OF PROPERTY

LESSON TEXT—Exodus 20:15; Proverbs 30:7-9; Matthew 5:25-33.

MEMORY SELECTION—But lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal; for where your treasure is, there will your heart be also (Matt. 6:20-21).

Labor Day tomorrow! And much in the thinking of all America will be the right division of the fruits of investment of time and money. Property rights are fundamental. God's word teaches us the proper attitude toward our own rights and the rights of others; namely, honesty, yes, just plain old-fashioned honesty.

In such a time, the believer in Christ needs to be doubly vigilant lest he accommodate his own standards of honesty to those of the world.

I. Honest in Purpose (Exodus 20:15).

We cannot tolerate anything in word or deed that can be regarded as stealing what belongs to another. The very commandment against stealing implies that men have a right to that which they have made, earned or saved.

If no one had any property rights there could be no stealing. Some of our modern political and social isms deny such rights, but their reasoning is clearly not biblical or Christian.

"Thou shalt not steal," forbids every kind of theft, and this includes more than robbery or ordinary stealing (see Lev. 19:11-13).

It relates to every kind of false dealing with another, such as oppression or the withholding of just wages. That, too, is stealing in God's sight.

Perhaps we ought to be more specific and apply the truth to our own day. Stealing includes such things as loafing on one's job, borrowing money from the cash drawer, taking goods from the stock with which one is working, stealing another man's sermon and preaching it as one's own, lifting material out of another man's book without credit, contracting debts which one can never pay, using false weights and measures, adulterating food or other material, "watering" milk for sale, selling worthless stock, dodging taxes or lying to the tax assessor, or using a slug instead of a nickel in the telephone to escape proper payment.

One might add gambling (which is taking another man's property by skill or by chance), making an unduly large profit on the labor of another, making money out of the sorrows and failures of others, etc. To be honest means to be fair, and that has broad implications.

II. Humble in Practice (Prov. 30:7-9).

It may sound a little odd to hear this man pray that he should be delivered from prosperity. To ask to be kept from poverty is certainly to make a wise request, but to be delivered from riches, why that's certainly not sensible. So reasons the world, but as usual, it is entirely wrong.

Experience has demonstrated that the man who has an abundance of good things usually becomes self-satisfied, assuming that he deserves the credit for his affluence, he forgets God, and what had been a good and useful life is soon destroyed.

On the other hand, it is true that extreme poverty tends to break down a man's morale. Watching his family starve is not conducive to honesty if a man can lay his hands on something to save them, whether it be his or not. We do not justify stealing at any time, but we can well understand that starvation can turn the mind of a normal man into abnormal channels.

III. Heavenly in Principle (Matt. 6:25-28).

The Bible is concerned almost entirely with life on this earth. It tells us very little about heaven except how to go there. But (and here is the important point for us just now) it does give us laws

from heaven for life on earth. Our life here, our attitude toward property, is to be heavenly in principle.

We are not to be anxious (the correct translation of "take no thought," vv. 25, 27, 31) about our life, about food, raiment and other necessary things. Proper forethought is all right, but worry? Never!

How shall these things be provided? God will provide. Consider the birds. Do they have nervous breakdowns about where their food and shelter are to come from? They cannot even pray, and yet God feeds them.

Consider the glory of the flowers of the field, for not even a king can dress as they. The Lord does it. "Are ye not much better than they?"

What about the future? It is in God's hands, and even if it were in our hands what could we do with it? Even tomorrow with its needs, its blessings, its joys and its sorrows is not here yet, and when it does come there will come with it God's gracious provision (v. 34).

Confidential Chat

They Still Live in That Fairer Land

Dear Mom and Hills of Home—The sympathy of your Globe friends is very real and genuine concerning the short journey that your loved ones have taken through the veil. It does seem so final to us here on earth and we grieve for ourselves and families, but don't lose sight of the fact that they are still living—living after their work on this earth is finished and they are as Auntie Que put it in "that glad land where soul is body free."

What joy there is in looking ahead to the time when we will meet those we love again. It certainly behooves us to live with the wish uppermost in our hearts—the wish to daily live doing the will of God.

It seems at times difficult to give happiness and comfort to those around us, but I guess it is simply that we are not living near enough to Our Father for He giveth joy abundantly if we will only accept it. Passion Chorale.

(The above article was clipped from a Boston paper by Mrs. L. A. Barrade and sent to Mrs. Clifford Allard. Mrs. Allard submitted it to the Briscoe County News for publication.)

Mrs. J. W. Bragg and Gloria June Stevenson returned Tuesday after visiting with relatives in Odessa the past week.

Rev. and Mrs. Porter Arnold of Spur arrived Monday for a visit with relatives.

VACATION TIME Vacation time means that the old car must be in tip-top shape. This will not be true unless you keep it properly serviced. Why not let us service your car before you start on that much-deserved vacation?

TEXACO SERVICE STATION JOE BROOKS, Owner

Thank You Friends I am taking this opportunity to express my thanks for the influence and support of my friends, August 24th. To my opponent, my sincere appreciation for a clean race. Thanking you again, I am Sincerely yours, Alton Steele

Ask The Lady Next Door There are so many places where you can purchase groceries. But there are few where you are always sure of quality, freshness, and fairness in price. We recommend you ask your neighbor where she shops for her groceries. Probably she is one of our completely satisfied customers. She'll tell you that this store is dependable. Come today and see for yourself. QUALITY MEATS CITY FOOD MARKET DURWARD BROWN, Owner A GOOD PLACE TO GET GOOD THINGS TO EAT

Girl Scouts to Have Meet Tuesday

The Senior Girl Scouts of Silvertown will have a meeting next Tuesday afternoon, September 3rd at their regular meeting headquarters. The meeting is to be held at 3:30 p.m.

All members of the local troop are urged to attend this meeting as plans for a camping trip are to be made, it was reported by the troop reporter.

Elsie Teague visited his sister, Mrs. George Jones, Tuesday. His son, Jack, returned home with him.

T. E. L. Class Has Meet in Bomar Home

The T. E. L. class of First Baptist church met Friday morning at 9 o'clock in the home of Mrs. Raymond Bomar. This was a regular business meeting.

The meeting was opened with a song, "The Light of the World is Jesus". The devotional was given by Mrs. Clyde Hutsell and followed with a prayer led by Mrs. Edd Brown.

Subject of the meeting was "Doing for Others".

Cherry squares, topped with whipped cream, and coffee were served to the following members: Mesdames Rose Brown, Winnie Wimberly, Bessie Wheelock, Maggie Stevens, Manimmi Hutsell, Minnie Haynes, Willie Harrison, Georgia Allard and the hostess.

Next meeting will be with Mrs. Susie Garrison at her home north of town. At this meeting, the class will sew for the orphan's home.

Clifford Allard is Honored on Birthday

A number of friends gathered in the Clifford Allard home Sunday afternoon to honor Clifford on his 51st birthday.

The group gathered on the back lawn and enjoyed angel food cake and ice cream. Those present were Mr. and Mrs. Conrad Alexander, Mr. and Mrs. O. C. Maples and children, Mr. and Mrs. Burton Hughes and Robert, Mr. and Mrs. James Patton and sons, J. E. and Jerry, Mr. and Mrs. J. S. Fisher, Mrs. C. M. Strickland, Mr. and Mrs. Shelby Haynes and Shirley, Miss Pearl Simpson, Vance Barton of Tulia, and Mr. and Mrs. Noah Amson of Canyon.

Everyone wished Clifford many more happy birthdays.

Mr. and Mrs. Earl Brock visited Mrs. Jim Middleton in Floydada Sunday afternoon.

Mr. and Mrs. I. H. Copeland and family of Nocona visited in the home of his brother, H. T. Copeland, and family recently.

Mrs. R. E. Brookshire took Dan to Tulia to meet the bus. He was returning to Williams Field, Arizona.

Mr. and Mrs. Chester Burnett and Ellen of Vigo Park spent the weekend here with Mrs. J. L. Bice and Billy Ann.

Miss Imogene Edwards of Oklahomâ City is visiting her mother, Mrs. Marie Edwards, and grandparents, Mr. and Mrs. J. N. Cantwell.

Mr. and Mrs. H. B. McClendon and children, Hugh Ed and Norma, spent the weekend here with relatives.

Mr. and Mrs. John Bain moved to Lubbock Saturday to make their home.

Mrs. Bowen Sumwalt of Duncan, Arizona, is visiting her sister, Mrs. J. C. Bomar.

ANY FAT, LADY?

Do you have any surplus fats around your place? What about that can of rancid lard? What became of the grease the sausage was canned in? Are you saving the drippings, skimmings and scoopings of used fat from your cooking? The sum total of all these little remnants of fats in American homes adds up to a gigantic tonnage. And this volume of fats is urgently needed by industry to help make soaps and other scarce household supplies.

Remember, every pound of used cooking fat you turn over to the meat dealer helps make for you two week's supply of packaged soap, five week's supply of toilet soap, or eight week's supply of bar laundry soap.

The Federal government is again offering "all risk" crop insurance to wheat growers this year. The insurance is available now in all states.

The 4-H Club section of the Youth United for Famine Relief program has already made its first contribution—a check for \$1382, presented to the Famine Emergency Committee.

Mr. and Mrs. W. W. Yancy of Lubbock visited their daughters, Mrs. Albert Rowland and Mrs. Oscar McGanock, and their families.

Mr. and Mrs. Durward Schmidt and Miss Blanche Thompson all of Lamesa, spent the weekend in the home of their parents, Mr. and Mrs. Marvin Thompson.

Mr. and Mrs. Durward Schmidt and girls left Tuesday for radio.

Mrs. A. P. Dickenson and family returned Wednesday from a week's visit with her sons, and Klee Dickenson, and families, and with her mother, Mrs. E. C. Hallar, in Mississippi.
