Monthly Payments  
Monthly payments in the form of Old-Age and Survivors Insurance amount now to \$25,343.43 in the Amarillo area, according to a statement from J. R. Sander-

ment of the Amarillo field office. This increase, according to Sander-

ment, is an increase of 12% in total payments and 10% in the number of recipients compared with July 1946.

Although an increase was expected, the unusually large increase was no doubt due to the increase of monthly payments to survivors of World War II and in those cases where the beneficiary died within three months of discharge. Legislation providing such payments was passed in August of 1946, and since that date there has been a steady increase in the number of claims filed in the Amarillo area. Payments to veterans' survivors are retroactive to the date of the veteran if a claim is filed before February 10 of this year. After that date payments are retroactive for a maximum of 36 months, as in other areas.

## Funeral Services For Francis Woodson Held in Friona

Funeral services for Francis Woodson, 49, were held recently at his home in Friona, Texas, according to an announcement made here this week.

Mr. Woodson was born November 2, 1897, in Kentucky and in the early years of his life, he moved to Texas, living in Briscoe county several years before moving to Friona, where he died December 23, 1946.

Mr. Woodson is survived by his mother and step-father, Mr. and Mrs. T. N. Jasper, of this city, seven half-brothers and numerous other relatives of Texas and Oklahoma.

Mrs. T. R. Mitchell and children, Rosa Lee, Jeanette and Tommy, left Wednesday to join Master Sergeant Mitchell who is an instructor at the Armed Forces Staff College in Norfolk, Va.

## Water Conservation Ass'n. Organized Sat.

Organization of the Briscoe County Water Use and Conservation association became effective last Saturday afternoon, January 11th, when forty farmers and other interested persons, met in the District courtroom to complete organization and elect officers for the association.

The meeting was called to order by Leo White, acting chairman, and the minutes of a previous meeting were read by Joe B. Mercer, acting secretary. Following the reading of the minutes, Mr. Mercer read the suggested by-laws for the association which were approved and accepted by the group.

Officers elected to serve the association were: Joe B. Mercer, president; Louis Francis, vice-president; Leo White, secretary; George Martin, treasurer. Directors elected were: Luther McJimsey, Precinct 1; Orlin Stark, Precinct 2; Grady Wimberly, Precinct 3; Lee D. Bomar, Precinct 4; and Edwin Crass was elected Director-at-large.

The group voted to affiliate with the High Plains Water Use and Conservation association, which is the central organization, and will handle the major problems of the entire area.

The object of the new association is to more efficiently handle the problems of the irrigation farmer.

Any person is eligible for membership in this association upon payment of \$2.00, the annual membership fee, and all farmers and interested persons are urged to join. Those desiring membership may mail in their fee to either the secretary or treasurer of the organization.

The date for the next meeting was not announced at this time, but notices will be mailed out prior to the next meeting date and a notice will appear in this paper, Leo White, secretary of the association, said.

## Annual Meeting of Red Cross Chapter To Be Held Soon

The annual meeting of the Briscoe County Chapter of the American Red Cross will be held Tuesday night January 21, 1947, at the Red Cross room in the Courthouse.

Every member of the Chapter, and that includes everyone who has contributed a dollar or more to the Red Cross in the past year, is invited to attend.

Officers will be elected for the coming year.

Judge Wright, Chapter chairman, urged every Chapter member to attend. "This is your Red Cross," he said. You should learn how your Chapter is being administered, and what it is accomplishing. Practically everyone in the county is a member, and we hope to have a good attendance of the men and women who contributed to our cause last year, he said. The meeting will begin at 7:30 p.m.

## Bill Long Buys Out Magnolia Service Station

Bill Long has purchased the Magnolia Station from Claude Grimes, according to an announcement received by the News this week.

Bill, as Mr. Long is better known to his friends around Silverton, took over management of the station last Saturday, January 11th.

Bill is soliciting the patronage of all old customers of the station as well as new ones and invites the public to pay him a visit.

## Judd Donnell Opens His Hatchery Here Last Week

Judd Donnell, owner of the Donnell hatchery of this city, opened his hatchery here last week and already has his incubators running smoothly, according to an announcement made to the News this week.

Mr. Donnell reports that the first hatching of chicks will be off on Thursday, January 30th, and following the first hatch, chicks will be arriving weekly, every Thursday, thereafter.

The hatchery has a good stock of poultry remedies and all kinds of stock and poultry feeds.

"The public is extended a cordial invitation to pay us a visit," Mr. Donnell said.

## SWING OF THE SOUTHWEST FARM MARKETS

Cotton tumbled \$6 to \$7 a bale last week below the previous week's close. Cattle dropped too, but hogs, sheep, grain and vegetables advanced. Other farm products held about steady at most southwest markets last week, according to USDA's Production and Marketing Administration.

Good demand for light offerings of lower Rio Grande Valley vegetables caused some prices to rise sharply last week. Cabbage, carrots and spinach advanced daily. Citrus demand was some better at unchanged prices. Colorado shipping points reported slightly stronger to steady prices for onions and potatoes. Louisiana and Texas sweetpotatoes held about steady.

Light supplies of eggs and poultry were adequate to meet the far to good demand at southwest markets last week. Current receipt eggs held steady at 35 to 40 cents per dozen. Also, heavy hens were steady at 22 to 25 cents per pound at Denver; 24 to 26 at Ft. Worth; and 25 to 26 at Dallas. Turkey trading was near a standstill at about 20 cents per pound for toms and 33 for hens.

Hogs gained 50 cents to a dollar a hundred last week at most southwest markets. Top butchers brought mostly \$22 per hundred at Ft. Worth; \$21.50 at San Antonio; \$22 to \$22.50 at Oklahoma City; \$22.25 to \$22.50 at Wichita and \$22 to \$22.65 at Denver.

Cattle prices went down at most southwest markets last week. Losses ranged from 25 cents to \$2 per hundred. San Antonio reported about the only steady market with medium and grassy short-fed steers and yearlings selling at \$17 to \$19.65. Common and medium steers and yearlings brought \$12.50 to \$16.50 at Houston. Good beef yearlings realized \$16 to \$23 at Ft. Worth and \$17.50 to \$23 at Oklahoma City. Wichita moved medium and good light-weight steers at \$19 to \$22.50. Denver quoted medium to choice steers at \$18 to \$25.

Sheep and lambs advanced 25 to 50 cents per hundred at most southwest markets last week. Common and medium lambs brought \$13.50 to \$16 at San Antonio and \$14 to \$20 at Ft. Worth. Medium and good lambs realized \$18 to \$21.50 at Oklahoma City. Denver sold good and choice woolled lambs at \$23 per hundred daily last week.

Most grains were slightly stronger last week. Sorghums made the sharpest advances. Feed prices followed a mixed trend with bran and shorts higher than a week ago while soybean and cottonseed meal continued to decline. Hay demand improved but prices were unchanged.

## Appeal Made to Double Polio Contributions

An appeal to the community to double contributions to the 1947 March of Dimes annual fundraising drive of National Foundation for Infantile Paralysis in order that the \$24,000,000 national goal will be met, was made by N. R. Honea, chairman of the local campaign committee this week.

Mr. Honea pledged the local committee to redouble efforts following receipt of a letter from Basil O'Connor, president of the National Foundation, stressing the crucial importance of the 1947 March of Dimes. The need to replenish funds drained in fighting last summer's epidemic which affected more than 25,000 persons and was the worst in the Foundation's history is more urgent than before, according to Mr. O'Connor.

To assure continuing care of patients and build up adequate chapter reserves for future epidemics, \$12,000,000 is needed, Mr. O'Connor said. The other half of the \$24,000,000 minimum is required on the national level.

"During the 1946 epidemic," Mr. Honea said, "the \$4,000,000 epidemic reserve fund of the National Foundation, previously considered adequate, was wiped out completely by November in aiding chapters. By the end of the year approximately an additional \$1,500,000 earmarked for research had been diverted for emergency aid to fulfill the pledge that 'no one stricken by polio need go without care for lack of funds.'"

Pointing out that this community, as every other in the nation, must be adequately prepared for any emergency the future may bring, Mr. Honea concluded:

"Let us double our contributions now so we can be prepared. We cannot gamble with the safety of our children. By giving generously now we will avoid future self-reproach that we gave too little and too late when summer's epidemics strike."

## Texans Are Asked to Do their Share in March of Dimes

Texans have again been asked to do their share in the unending fight against infantile paralysis in the annual March of Dimes which opened in this state January 15. The appeal will continue through January 30, the birthday of the late President Franklin D. Roosevelt.

A proclamation setting the latter half of January aside for the annual appeal was signed by Governor Coke Stevenson in the presence of Governor-elect Beauford Jester and George D. Wilson of Houston, Texas chairman of the National Foundation for Infantile Paralysis.

Although Texans are not assigned a specific quota, they are expected to give liberally under the grim reminder of the epidemic of poliomyelitis which raged in this state last year. The national goal, set by Basil O'Connor, foundation president, at \$24,000,000, must be raised through the March of Dimes. The money will continue the care and treatment of polio victims, of whom there were 25,000 last year, and prepare against new outbreaks of the disease in 1947.

Both Stevenson and Jester pledged their personal efforts to the Texas drive and asked Texans to support it whole-heartedly.

Wilson pointed out that the National Foundation for Infantile Paralysis is totally dependent on the American people; it has no endowment or other means of financing its work. During the nine years of its existence, millions have been spent to equip hospitals, care for victims and carry on research into the cause and possible cure of polio.

Rev. W. M. Lawrence of Quanah and Rev. and Mrs. James Abernethy of Ralls spent Friday evening with Mr. and Mrs. Ray C. Bomar.

## Briscoe County Development Club Is Disbanded at Meet

In a special called meeting held Tuesday night it was voted by members of the Briscoe County Development club to disband and the club's funds, in the treasury, be turned over to the Silverton Cemetery Association, it was announced this week by George Martin, president of the club.

The motion to disband the club was made by Joe B. Mercer and seconded by Rev. H. W. Barnett.

Eight members of the club were present for the meeting.

## January 31st is Final Date to insure Cotton Under Fed. Setup

According to an announcement made to the News this week by George Martin, January 31 is the final date for insuring the 1947 cotton crop under the government insuring system.

All farmers interested in insuring the 1947 cotton crop are asked to come by the PMA office and have the new program explained to them. And those farmers who live near Quitaque can obtain information from Mr. Stark and Mr. Gardner. Both of these men have application blanks, Mr. Martin said.

## Thieves Break Into Stores Tuesday Night

A thief, but probably thieves, led Silverton a visit Tuesday night and broke into two business establishments, it was disclosed here yesterday morning.

Joe Brooks' Conoco station was robbed of approximately \$9.50 worth of merchandise and \$2.50 in cash when thieves entered his station through the ladies' rest room of the station. According to Mr. Brooks, the wall in the ladies' rest room was kicked out and the thieves entered through the mens' rest room on the inside of the building.

Mr. Brooks reported that the merchandise taken consisted of candy, cigarettes, peanuts and while the thieves were around they drank a few bottles of "pop". They also took the hose which led to a gas heater, leaving the gas on in the station when they left. Mr. Brooks said, "It's a good thing we didn't strike a match when we opened the door."

The B & C Grocery was also broken into Tuesday night, probably by the same thieves who broke into the Conoco station, but Mr. Crawford reported that all that was missing in his store, that he had noticed, was some candy, cigarettes and a little meat. The thieves entered the grocery through a window in the back of the building, which they broke out.

Bryan Strange, sheriff, is investigating the case and he says some progress has been made on the case but the thieves have not been apprehended yet.

## Relatives of Mrs. Leo White Killed in Auto-Train Accident

Mr. and Mrs. Leo White were called to Dexter, New Mexico, Wednesday of last week to attend funeral services for Mrs. White's aunt, uncle and three cousins, who were killed in an auto-train crash, near Roswell, Tuesday night.

Mrs. White's relatives, who attended the Dexter-Roswell basketball game at Roswell, were enroute home when their automobile collided with a northbound Santa Fe passenger train about 9:28 p.m. All members of the family were killed.

Funeral services were held Friday afternoon in the Dexter high school and Mr. and Mrs. White returned to Silverton Sunday afternoon.

Mr. and Mrs. Arvil Lee and family of Linden, Calif., visited Mr. and Mrs. Raymond Bomar Saturday.

### Subsidized Transportation . . .

There has been an increasing amount of comment in the newspapers of the country on the cost of building and maintaining airports and their related facilities. The rapid growth of commercial air transportation has made a great many airports and terminals obsolete—and, as a result, communities find themselves faced with the prospect of investing enormous sums in tax dollars in new construction.

Much of the newspaper comment has contrasted the airlines with the railroads. If a railroad, for instance, had the temerity to request a town to build it a station, using the money provided by all the taxpayers, it would be laughed out of existence. But that is precisely what communities do for the airlines in the case of airports, administration buildings and terminals.

The Tuscon Star made a typical comment when it said: "Surely the time has come when, just as railroads were compelled to stand on their own feet, so should the aviation industry." The Newark Sunday Call said: "As to new airports, it should be seriously considered whether the public has not gone as far as it should go in providing capital for construction and shouldering losses on operation." And the Commercial West, of Minneapolis, observed: "All transportation systems operate for profit, and we can see no reason why any one system should be benefited by subsidies or special treatment."

The financial problem involved in this is a very real one, and it will grow as time wears on and more and larger planes overcrowd our airports. Every owner of taxable property is directly affected. There must be some equitable means of allocating the costs of airports and terminals between commercial and non-commercial users that will spare the taxpayer part of the heavy burden.

Mrs. Lewis Gilkeyson returned home Saturday after spending a week in Tulia with her son, L. K. Gilkeyson, and family.

John Bain and Hudie McClenhendon of Lubbock were in Silverton several days this week on business.

### Soil Conservation District News

The Supervisors of the Cap Rock Soil Conservation District met in regular session at 9:30 a.m. on Friday, January 10, 1947, with the following members present: Earl I. Cantwell, Chairman; J. P. White, Obra Watson and Louie Kitchens.

Applications for Assistance from the Cap Rock Soil Conservation District were approved for the following: J. A. Mayfield, Henry Edens, R. W. Bull and Mrs. Anna Hughes.

Cooperative Agreements were approved for the following: Wylie V. Bomar, Mrs. Ola Mills, C. T. Rucker, Tony Burson, G. B. Moore, J. T. Persons, C. G. Harrison, L. J. Bedwell Estate, J. W. Reed, W. M. Tracy and Gladys Wise.

The Supervisors of the Cap Rock Soil Conservation District wish to extend their thanks to Mr. E. W. Scheid, Group Leader of the Scheid Conservation Group, for his assistance in taking care of the two disc terracers purchased by the District. One of these terracers can be used with a Farm-all tractor, model H or M, or with a John Deere tractor, the other can be used with a Fordson tractor. These terracers were purchased for the use of Cooperators of the Cap Rock Soil Conservation District and are available to them for maintenance fee of \$2.50 per day for each day in the possession of the user, Sundays, holidays and inclement weather excepted. Any Cooperator desiring to use either of these terracers should contact Mr. E. W. Scheid at the Farm Loan Association office in Quitaque.

J. A. Mayfield, a cooperator of the White Conservation Group, is constructing approximately six miles of terraces on his farm this week as part of the coordinated soil and water conservation program on his farm. Terraces are being constructed with a disc-type terracer rented from the Supervisors of the Cap Rock Soil Conservation District. Terrace lines were laid out by Soil Conservation Service Engineers.

### Miss Brandon is Bride of Joe Richards In Okla. Ceremony

Baskets of white chrysanthemums and tapers in seven-branched candelabra formed decorations for the First Baptist church Wednesday evening, when Miss Mary Louise Brandon, daughter of Mr. and Mrs. F. M. Brandon, 711 S. Ninth, became the bride of Joe B. Richards, son of Mr. and Mrs. H. P. Richards, of Cache.

Rev. H. Tom Wiles, church pastor, read the vows at 7 p.m., following a prelude of varied nuptial music.

The bride, given in marriage by her father, wore a street-length frock of aqua wool jersey, with cap sleeves, accented by a wide gold-trimmed belt, and a black sequin-trimmed Juliet cap.

She carried an arm bouquet of yellow marigolds and chrysanthemums, tied with wide satin ribbon of the same color.

Mrs. Charles M. Kephart, sister of the bride, was matron of honor. Her dress was of light blue wool jersey. Mrs. Kephart chose black accessories and a pink carnation corsage.

Set Jim Richards served as his brother's best man.

For her role as candlelighter, Miss Ruth Adna Gold, cousin of the bride, wore an ice blue silk crepe dress, with a corsage of pink and white anemone chrysanthemums.

Mrs. Brandon, mother of the bride, chose a black dress with matching accessories and a corsage of red roses. Mrs. Richards wore a black frock with match accessories and a white carnation corsage.

Joe Richards is a nephew of Mr. and Mrs. Sid Richards. His parents formerly resided in Silverton before moving to Oklahoma.

Pat Pavileck, who has been doing carpenter work at Bomarton, returned home Sunday.

Weekly SURPLUS NEWS WAA

Move of the Fort Worth regional offices of War Assets Administration from their present quarters in the T & P Building, Fort Worth, to the plant of North American Aviation at Grand Prairie, Texas, starting February 1 was announced this week by Karl E. Wallace, WAA regional director.

Wallace explained that the move is in the interests of economy. The Dallas WAA regional offices were moved to the same location last November. After the move is made, Wallace stated that for the time being the Fort Worth regional office would continue to operate as a separate region serving the 105 counties of West and North Texas.

A Customer Service Division and a veteran's certification unit will remain in Fort Worth after the move is made in order to render adequate service to Fort Worth regional customers.

An inventory of approximately \$250,000 of surplus musical instruments is now being offered for sale by WAA. Included are wind, string, percussion and electrically amplified, as well as miscellaneous musical instruments.

After the VA and federal agencies requirements have been met, instruments will be sold to certified veterans of World War II and other priority claimants.

stocks in New York, San Francisco and Philadelphia.

L. L. McKeehan, the War Assets Administration's "widget and gizmo" man in Fort Worth who has earned the title of the "world's greatest junkman" has done it again to start off 1947 in a spectacular manner for WAA.

The Fort Worth office has had on its inventory some 307,528 gallons of insect repellent for many months—with no buyers in prospect. The only bid offered was for \$53,000—which McKeehan, when he heard of it, said was too little money for Uncle Sam to make.

With the aid of the manufacturer, McKeehan had the insect repellent chemically analyzed, found that it contained 90% Dibutyl-Phthalate in one portion and 90% Dimethyl-Phthalate in the other portion—and that pure Phthalic acid was selling at \$2 a gallon, with hardly any available.

As a result, McKeehan found a buyer who took the entire 60 freight car loads at a price of \$202,968.48—which was exactly a net profit for Uncle Sam of \$147,968.48—over the best previous bid.

With the approach of kite season, WAA has kites—thousands of them for immediate sale and delivery. War Target kites, equipped with rudder and fin—and with black German or Japanese airplanes painted on the water-repellent fabric are available at \$2.79 each in lots of less than 750. The kites are packed in crates of 10 to 25 each which will be sold only in those multiples, with a minimum purchase order of 10 kites.

Orders should be sent to Aircraft Sales Division of WAA, Washington, D. C.

parently regained their health. But some still may be suffering from the after effects of their confinement and thus might be entitled to disability compensation.

The after effects of malnutrition vary and, in certain cases, do not show up until long after the prisoners of war have been released from confinement.

Therefore, former prisoners of war who have any reason to believe they are suffering from a disability as a result of their confinement may file a claim with their nearest VA office.

Former prisoners of war who already have filed disability claims and whose claims have been denied, also may get in touch with their nearest VA office and have their cases reopened.

The Veterans Administration is reminding World War II veterans of important deadlines for benefits to which they are entitled.

Approximately 10,000,000 veterans who let their G. I. term insurance lapse may reinstate this insurance on or before February 1, 1947, without a physical examination by signing a statement that their health is as good now as when their policies lapsed, and by paying premiums for only two months.

Deadlines for several other benefits will be set automatically when the President or Congress officially declares World War II ended.

Q. Does the name "United States Government Life Insurance" include "National Service Life Insurance?"

A. No. "United States Government Life Insurance" is one type of Government insurance and "National Service Life Insurance" is another. However both are administered by the Veterans Administration under authority granted by acts of Congress.

Q. Do the premiums increase as the insured grows older?

A. No. The premiums to be paid on any form of the insurance are established according to the age of the person insured at the effective date of the insurance; that is, a person 30 years old will pay a higher premium than a person 25 for the same plan of insurance.

Q. Are there any restrictions in Government insurance on the type of work I do?

A. No. The insured may engage in any occupation, no matter how hazardous, live where he likes, and travel any way he chooses, without effecting the value or cost of his insurance policy.

Q. For how long can I carry the World War II National Service Life Insurance that I bought while in service.

A. National Service Life Insurance is issued originally upon the 5-year level premium term plan, which was extended three years for all policies issued before January 1, 1946. However, veterans have the privilege of conversion after one year from date of issue to permanent plans. The law provides that all level premium term policies shall terminate at the expiration of the term period unless exchanged for permanent policies on or before the expiration date. If term insurance has been converted, it remains in effect as long as the premiums are paid.

Businessmen are shipping the Scriptures by the ton Starting with less than a dozen gifts in 1816, the American Bible Society last year received hundreds of thousands of individual contributions for copies of the Scriptures, the Bible, and the New Testament. Today, from every part of the globe, requests for copies of the Scriptures are being received from millions of men, women, and children in devastated areas. Knowing the great good that has followed the work of our Missionaries, American businessmen are urging their friends to double their gifts to the American Bible Society—for 130 years a nonprofit organization. 5¢ will pay for a portion of the Scriptures, 20¢ will buy a New Testament, and 50¢ will place a copy of the complete Bible in the hands of someone who is starving for God's Word. JESUS INTERVIEWED BY NICODEMUS

LESSON TEXT—John 3:1-11, 16, 17. MEMORY SELECTION—Except a man be born again, he cannot see the kingdom of God.—John 3:3.

How does one become a Christian? This was the question of Nicodemus, and it is the question in the hearts and minds of thousands in every generation.

The only entrance into the Christian life is by the door of the new birth. Regeneration is the act of God whereby the divine nature is imparted to the believing sinner and he becomes the child of God.

He who has not entered by this way has not entered at all. He is still dead in trespasses and sins, without God and without hope (Eph. 2:1, 12).

The Pharisees who looked for the coming of the Messiah as a secular conqueror wondered at this new spiritual leader. It was probably as much on their behalf as his own that Nicodemus came to inquire of Jesus. In answering

his questions Jesus reveals the necessity, the nature, and the method of regeneration.

II. The New Birth—a Necessity (vv. 1-7).

Our Lord's visitor was a man of distinction and standing in the community, but Jesus was not unduly impressed by the dignity and high station of his visitor, nor by the visitor's courteous acknowledgment of his own position as a great teacher.

God is no respecter of persons. The doctor of divinity must be born again just as much as the illiterate fisherman. D. L. Moody once said that he was thankful it was to such a man as Nicodemus that Jesus presented the necessity of the new birth, or men would have said that only the down-and-outer needed to be saved.

Two reasons are given by our Lord for the "must" of verse 7: (1) The kingdom of God is a spiritual kingdom and cannot be entered by way of our human nature; and (2) "that which is born of the flesh is flesh" and is radically and essentially bad.

Scripture on this point is almost diametrically opposed to much of the teachings in our schools and colleges. But God's Word is right; let us follow it.

III. The New Birth—a Mystery (vv. 8-11).

God has graciously revealed to us "all things that pertain unto life and godliness, through the knowledge" of Christ (II Pet. 1:3). But it is true—and we say quite appropriately true—that he has some things hidden in his own blessed counsels. We know the experience of the new birth. We see the blessed results of regeneration. But what actually takes place is a divine mystery, not fathomable by human reason.

The striking illustration of the life-giving and energizing wind used by our Lord is most illuminating. Wind is unseen, but the results of its movement are evident. Even so the spiritual rebirth of men is an enigma to the worldly man, but even he can see its results in godly living.

We know that regeneration is not only a possibility, but an actuality, a fact; in truth: the greatest of all facts.

III. The New Birth—a Reality (vv. 16, 17).

Just as there was healing and life in a look at the uplifted serpent in the wilderness (Num. 21:8), so there is life for a look at the Crucified One. Faith receives God's perfect provision for sin.

Verses 16 and 17 may well be regarded as the greatest sentence in the greatest Book in the world. It presents the whole plan of salvation—its source, its ground, its recipients, its condition, and its result.

This glorious salvation is for all men—"whosoever"—but some reject it. Notice that God does not condemn them. Their own evil works and desires condemn them (vv. 17-20). God in his grace is ready and willing to save, but men love "darkness rather than light," for their works are evil.

Our tender, loving heavenly Father has no desire to condemn anyone. The man or woman who falls under his condemnation of sin does so by choice. God's desire is that all should be saved.

Will you, unbeliever who reads these lines, respond now to his gracious invitation?

If you owned a business and were going to hire a man to run it, would you have the outgoing manager make the plans for operating the business for the next two years?

That's the way it is done in Austin. The outgoing governor submits the budget. Wouldn't it be common sense for this to be done by the man freshly elected by the people and who, moreover, will have the responsibility for the next two years?

When the famous lawyer,

Clarence Darrow, was just beginning his career, an opposing attorney kept referring to him as "that beardless youth." At last Darrow said, "A king once sent a young nobleman to the court of a neighboring king. That monarch, displeased at the youth of the ambassador, said, 'Does your king lack men that he sends a beardless boy?' The ambassador said, 'If my king had supposed that you imputed wisdom to a beard, he

would have sent you a goat.' " Darrow's opponent said no more on the subject.

What this country needs more than a good five-cent cigar is a man's undershirt that can be put on backward. In other words, any way the owner puts it on, it will be on right.

In a grocery store in the edge of Mount Pleasant, there is a tiny Mexican dog who at his owner's bidding (and at the promise of a

marshmallow) will dance, then buck like a horse. And if you believe that you can't teach an old dog new tricks, Pete was years old when he was taught this amusing little stunt.

The recent great hotel in Atlanta, Ga., should be authorities in Texas to look around to see that we don't have any 10 or 15-story hotels without fire escapes. Proper safety measures taken now will prevent such disasters.

### 1925 Study Club Holds Meeting in Red Cross Room

"Financial Problems of the Home" was the program theme at the Wednesday meeting of the Woman's 1925 Study Club in the Red Cross Room. Mrs. Grady Wimberly, president, conducted the business session. Mrs. G. A. Elrod was program leader and introduced the speakers.

Mrs. Virgil Ballard talked on "Skillful Spending and Systematic Saving", a very interesting feature. A panel discussion, under the direction of Mrs. Obra Watson, on "What Insurance Means to You" was very educational and informative. Mrs. Watson was assisted by Mrs. M. A. Graham, Mrs. Fred Lemons, Mrs. Bob Dickerson and Mrs. Warner Reid. "Wills—Both Husband and Wife" was discussed by Mrs. C. D. Wright.

The entire club personnel was present.

The annual meeting will be January 22nd and all officers are requested to bring written reports.

Mrs. M. A. Graham will be hostess.

### Legion Auxiliary Has Regular Meet; Five Members Present

Williams Graves Post No. 402, Legion Auxiliary, met in regular meeting January 7 with only five members present.

Mrs. Tom Bomar, vice-president, led the group in repeating the Preamble and Mrs. Clifford Allard led in prayer.

Mrs. Bomar had charge of the business session. The unit voted to sponsor an essay contest on "Americanism". Mesdames Alvin Redin, and Conrad Alexander and Miss Littlejohn were appointed to serve on this committee.

Mrs. Ware Fogerson was program chairman. Mrs. Conrad Alexander spoke on "Rehabilitation" and gave some suggestions as to what the Auxiliary might do to help. Mrs. Clifford Allard talked on "The Auxiliary Legislative Program for 1947".

The next meeting will be January 21 at 7:30 p.m. in the Veterans Hall. All members are urged to be present at this meeting.

### Study Club Elects New Officers at Recent Club Meet

Officers for the next club year were elected by the March of Time Study Club at a meeting in the Red Cross Room on January 9.

Mrs. Tony Burson was named

president, Mrs. Clarence Anderson vice-president, Mrs. Louie Kitchens second vice-president, Mrs. Otis Tidwell recording secretary, Mrs. Conrad Alexander corresponding secretary, Mrs. Roy Mayfield treasurer, Mrs. D. T. Northcutt reporter and Mrs. Theron Crass parliamentarian. Two amendments were presented, voted upon and adopted. One

is that a member shall not be granted a leave of absence for less than six months and not more than a club year. No member shall be granted more than two leaves of absence. The other, that before a member shall be granted a leave of absence, she shall present a name for membership, to be approved by the club, to fill her place until the member's leave of absence expires. The guest member's name is placed on the waiting list for membership when a vacancy occurs. After the business matters were taken care of, Mrs. Tony Burson had charge of a Parliamentary Drill in which all members took part.

The roll call was answered by giving a Bible verse, and the thought for the day was "When a man assumes a public trust, he should consider himself as public property."

Attending the meeting were Mrs. Tony Burson, Mrs. Clarence Anderson, Mrs. Gatewood Lusk, Mrs. Troy Burson, Mrs. Conrad Alexander, Mrs. Otis Tidwell, Mrs. Louie Kitchens, Mrs. John Lanham and Mrs. D. T. Northcutt.

The next meeting will be on January 16.
