Over Fifty Go On Beef Calf Tour Saturday

Mrs. M. P. Stone Is Home From South Texas Visit

Mrs. M. P. Stone returned home Sunday from South Texas where she had spent five weeks with her son, Carl Stone and family. Carl is recovering from three recent heart attacks. He was out deer hunting when he had the first attack and was rushed to a hospital at Corpus Christi. This was on November 17, 1948 and he has been confined to his bed since that time but has been moved to his home and is now sitting up two and three hours a day. Price Stone, his brother, flew down from New York a few days ago to attend to some government business in San Antonio. So he spent the last two week-ends with Carl. These boys were born and grew up at Silvertown. Price said he saw the inauguration of the president, but was not mixed up in that immense crowd, that he watched it by television from the laboratory of the signal corps where he is stationed.

Bruce Womack Is Building New Home In Silvertown

Mr. and Mrs. Bruce Womack have let the contract for a new home to have four rooms and bath, and the size of the foundation will be 26x34 feet. Dave Ziegler and Travis Marshall are builders on the job. The location of the building is just west of Judge Wright's home in north-west Silvertown.

BIRTH

Mr. and Mrs. Mickey Pitts, of Fayetteville, North Carolina, are the parents of a baby boy, born February 10, 1949, weight 7 pounds and 10 ounces. Grandparents are Mr. and Mrs. Bryan Strange, Silvertown, Texas.

Mr. and Mrs. Doc Brown, of Tulla, visited relatives in Silvertown Tuesday.

CANDY "PARACHUTES" FOR AIRLIFT

In response to an appeal of Lieut. Col. Emil Beaudry of the Atlantic Division, Military Air Transport Service, for candy bars to distribute to hungry little children along the route of the Berlin Air-Lift, workers in the Columbus, O., plant of the Timken Roller Bearing Company. Under the leadership of Theresa George, shown above with handkerchiefs to be used in parachuting the candy from the planes, fellow workers have already sent three cartons of candy bars along with Mrs. Beaudry to help carry on this mission of feeding the hungry children and building good will in the generation must rebuild and restore the German nation.

Funeral Services for Mrs. Henry Sweek Friday Afternoon

Last rites were held at the First Baptist Church Friday afternoon at 2:30 o'clock for Mrs. Frances Modine Sweek, wife of Henry Sweek, Mineral Wells, Texas who passed away Tuesday, February 8, 1949 at St. Joseph Hospital in Fort Worth at 6:45 p. m. Rev. G. A. Elrod, local pastor conducted the services. Interment was made in the Silvertown Cemetery.

Mrs. Sweek was born September 16, 1930, at Silvertown, Texas, the daughter of Mr. and Mrs. L. C. Yates. She was converted and joined the Baptist church here when she was eleven years old. She graduated from Silvertown High School in 1917 at the age of 16 years. In 1948 she attended Adams Business College at Mineral Wells, Texas and later was employed as secretary of Nash Hardware Company in Fort Worth, Texas.

Mrs. Sweek was married to Henry Sweek April 24, 1948 in Silvertown and lived here until October when they moved to Mineral Wells.

Mrs. Sweek is survived by her husband, Henry Sweek, her parents, Mr. and Mrs. L. C. Yates, three brothers: W. S. and Lee Yates, of Riverside, California; Riley Yates, Silvertown; three sisters: Mrs. Clara May Smith, Lone Grove, Oklahoma; Mrs. Ora Perry, of Bell Garden, California, and Mrs. Marlene Stephens, Silvertown; grandmother, Mrs. Florence Allen, Jackson, Mississippi; six uncles and two aunts also survive.

OUT OF TOWN RELATIVES ATTEND SWEET FUNERAL

Among out of town relatives who attended Mrs. Henry Sweek's funeral Friday were: Mr. and Mrs. Joe Yates and daughter and Mr. and Mrs. Frank Yates, of Grant, New Mexico; Mr. and Mrs. W. S. Yates and Mr. and Mrs. Lee Yates, of Riverside, California; Mrs. Ora Perry and daughter, of Bell Garden, California; Mr. and Mrs. Joe Hub Collier, of Pampa; Mr. and Mrs. Allen Sweek, of Sweetwater, Texas; Mr. and Mrs. Arthur Smith and son, of Lone Grove, Oklahoma; Mr. and Mrs. J. B. Sweek, Mr. and Mrs. Nye Sweek, Mr. and Mrs. Jake Stafford, Mr. and Mrs. Clyde Allen, Mr. and Mrs. Norman Loftes, all of Mineral Wells, Texas; Mrs. Bernice Smith and daughter, of Lone Grove, Oklahoma.

MRS. JOE H. SMITH HOME

Mrs. Joe H. Smith, who has been ill for sometime in an Amarillo hospital and later carried to the home of her son in Hereford, was brought to their home last Friday. Mrs. Smith is doing nicely and will soon be out and around.

MRS. CURTIS WIMBERLY HONORED WITH SHOWER AT PLAINVIEW

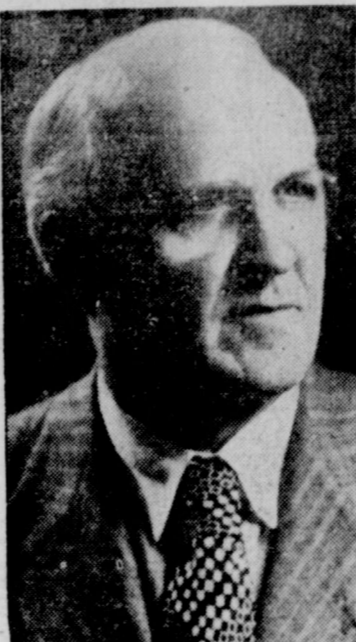

Mrs. Moody McCollough of Plainview honored Mrs. Curtis Wimberly with a coffee and shower at her home last Friday afternoon. Among those who attended from Silvertown were: Mesdames Grady Wimberly, Harold Seefeldt, Fred Lemons, G. R. Dowdy, G. A. Elrod, W. Coffee, Jr., Bud McMinn, Ray C. Bomar, Avil Cowart, Lilly Wofford, Pearl Simpson, and A. D. Arnold.

BRYAN STRANGE HOME FROM PLAINVIEW HOSPITAL

Sheriff Bryan Strange was brought home from the Plainview hospital Sunday and his condition is reported as improved.

Mr. and Mrs. Afton Tgeuae, of Plainview, spent the week end with his parents, Mr. and Mrs. S. Teague.

Little Dee Ann Lyde, of Lubbock, is spending the week with her grandparents, Mr. and Mrs. Wylie Bomar.

DR. ROBERT G. LEE

DISTRICT NINE BROTHERHOOD MEETING TO BE FEBRUARY 22

Dr. R. G. Lee, president of the Southern Baptist Convention, will be the principle speaker at the First Baptist Church in Lubbock, February 22, at 8:00. This meeting is the District Nine Brotherhood meeting. Judson Burnett, Levelland, Texas is the District Nine Brotherhood president. The goal for the meeting is 2,000 men. Plan to be one of that number.

RED CROSS PUBLICIZED GOAL IS \$800.00

The Red Cross publicized goal for the local chapter is \$800.00, according to Rev. G. A. Elrod, fund chairman for Briscoe County. This drive will get underway March 1, and it is hoped that everyone will cooperate in making this drive a success.

Up to the total fund raising goal of each chapter, all funds collected are to be divided between the national organization and the chapter in the ratio that the amount to be raised by the chapter for the national organization and the amount approved to be raised for the chapter, each bears to the total of the two. The percentages to be used by our chapter are: 45.2%, and National 54.8%.

Chapters which retain less than 50 per cent of their total collections under the above rule will retain 50 per cent of any overrun above their total fund raising goals; chapters which retain more than 50 per cent under the above rule will continue to retain the same percentage of any overrun.

ATTEND HARDWARE MEETING IN AMARILLO

Among the merchants who attended the Hardware Meeting in Amarillo the first of the week were: Mr. and Mrs. George Seane, Mr. and Mrs. W. Coffee, Jr., and Mr. and Mrs. J. W. Brannon, Jr.

Mr. and Mrs. A. Howard and Ray, and Mrs. Q. S. Howard, of Lubbock, attended the funeral of Mr. Howard's sister in Nocona Friday. The group returned home Saturday.

Mr. and Mrs. Jim Whiteley have returned to their home after spending several weeks in Amarillo. Mr. Whiteley was a patient in the Veterans hospital.

Mr. and Mrs. Virgil Baldwin and children, Jackie and Jeri and Mr. and Mrs. Henry Baughman and children, Harry and Michael, of Lubbock, visited with Mr. and Mrs. W. A. Rowell Sunday. Mrs. Baldwin is a daughter of Mr. and Mrs. Rowell.

Mr. and Mrs. George Neese and children, Mrs. Lois Rowell, Mr. and Mrs. Fred Rowell, all of Strathmore, California, have been visiting relatives in Silvertown for several days.

Mrs. W. W. Yancy, of Lubbock, spent the week end with relatives in Silvertown.

LIONS CLUB ORGANIZED LAST THURSDAY NIGHT

At a call meeting held at the schoolhouse lunch room last Thursday night, a number of business men gathered for the purpose of discussing and organizing a Lions Club. The meeting was called to order by G. W. Seane and a short discussion was given on the need of a civic club. Mr. Seane then introduced three lions from the Turkey, Texas club and Lion Barr of the Childress Lions Club. Lion Eudy of Turkey made a short talk and then turned the meeting over to Lion Barr who gave a short coverage of the activities of the lions clubs and their international work. Lion Barr is a very enthusiastic lion and made a very educational and instructive talk.

After some general discussion of the cost of affiliation with Lions International a vote was taken and all present voted to form a lions club in Silvertown and authorized the election of officers. The visiting lions conducted the election, with Lion Barr presiding.

Fifty-two members had joined up to Wednesday afternoon. Papers are being prepared to ask for a charter, but has not been sent off as yet.

They will meet Friday night, February 18, at the school lunch room in their second meeting.

Officers elected were: Dr. J. M. Shy, president; G. W. Seane, 1st V-P.; Wm. F. Talley, 2nd V-P.; Milton Dudley, 3rd V-P.; Conrade Alexander, secretary - treasurer; Bill Ed Stodghill, Lion Tamer; Jack Strange, taitwister. Directors: Gordon Montague, Alton Steele, Louie Reithmayer and Alvin Reding.

.30 Inches of Moisture Received Here During Past Week

Moisture received over the week end amounted to .30 of an inch. The shower Saturday measured .13. Sleet covered the ground over the week end, and early Monday morning considerable thunder and lightning prevailed, and hail and sleet accompanied the storm. Large hail stones fell for only a few minutes. No particular damage was reported from the hail.

MRS. S. B. GILKEYSON CRITICALLY ILL

Mrs. S. B. Gilkeyson is in the Silvertown Hospital and is reported to be seriously ill. Out of town children who are at the bedside of their mother are: Elmer Gilkeyson, Dallas; Homer Gilkeyson, Lubbock; Mrs. Pearl Russell and children, Texas City; and Bill Gilkeyson, of Sundown, Texas.

RETURNED FROM VACATION TRIP

Mr. and Mrs. J. T. Neese returned Wednesday from a vacation trip which started in November. They visited in California until about a month ago, when they returned to Texas and spent the balance of their time at Dallas, Paris and Corpus Christi, Texas. They reported a wonderful vacation.

Mr. and Mrs. W. G. Byrd have returned home from Bronte, Texas where they visited for several days with their daughter, Mrs. Jack Dixon and family and friends.

Misses Jean Dudley, Betty Burson and Polly Brian, of Lubbock spent the week end with relatives in Silvertown.

Among those who attended the Floyd County Workers Conference at Cone Tuesday were: Rev. and Mrs. G. A. Elrod, Mrs. A. D. Arnold, Mrs. Ray C. Bomar and Mrs. G. R. Dowdy.

Mrs. T. W. Deavenport, of Wellington, visited relatives in Silvertown last week.

Briscoe County Farmers Store Grain Under Loan

ReBurial Held for Pfc. Floyd A. Bynum At Arlington

Re-burial services were held at the First Baptist Church at Arlington, Texas, Sunday, February 6, 1949 at 3 p. m., by Dr. C. E. Meredith, for Pfc. Floyd A. Bynum. Interment was made in Parkdale Cemetery at Arlington with military honors at the grave.

Pfc. Bynum served overseas with the 47th Infantry. He was killed in action in Germany on April 18, 1945. He is the son of Mr. and Mrs. Bynum, of Arlington, Texas, and grandson, of Mrs. Mattie Perry of Silvertown. Mrs. Perry attended the funeral services in Arlington returning last Friday.

Football Banquet Tonight at High School Gym

The Silvertown football banquet will be held tonight (Thursday) in the gym at the high school building. The banquet food will be prepared and served by mothers of the football boys. It is estimated that more than two hundred will be in attendance. Two hundred tickets went on sale last week, and reports indicate that they will sell out.

The program for the evening will start with musical numbers. Captain Jett Mason will introduce the football queen. Presentation of football jackets by Coach Cortese. Presentation of Football Trophy by Coach Cortese; News Reel of Hardin-Simmons University and West Texas State College football game. Immediately following the banquet will be served.

ATTEND MASONIC MEETING IN AMARILLO

Among those who attended a masonic meeting in Amarillo last Friday night were: Rev. G. A. Elrod, Grady Wimberly, J. L. Webb, G. R. Dowdy and A. B. Buchanan.

Ross Wayne Dowdy, son of Mr. and Mrs. G. R. Dowdy was included among those who took the masters degree that evening.

Food For The Soul

It might be "Fairy Gingerbread," "Cottontop Cupeakes," or even "Banana Milkade" these two are cooking up from the children's recipe section in this new cookbook. But it looks like fun! Recently published by the Moody Bible Institute of Chicago, "More Food for the Body—for the Soul" is a second cookbook by radio commentator Frances Youngren. But it is not an ordinary cookbook. It has been written for a dual purpose—good eating and good living. On the left hand pages appear 20 classifications of kitchen-tested recipes ranging from cooking-for-two to foreign dishes and sandwiches. On the right hand pages are bits of dishpan whimsy and child psychology to amuse, challenge and inspire the cook as she prepares the food.

Spreading the Christian gospel by means of a cookbook may not be the most orthodox method. But Moody Bible Institute believes that the church should use every possible means of evangelism. The first edition of this cookbook, called simply "Food for the Body—for the Soul," went to more than 200,000 women. Radio broadcasts, scientific films, and distribution of free religious literature are still other methods used by the Institute, and they're always looking for new ones.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO:

D. C. Overturf and wife, Ida Overturf, if they be living, and if either or both be dead, then to the unknown heirs of either or both, deceased, and all their legal representatives; to W. J. Phelan and wife, Emma D. Phelan, if they be living, and if either or both be dead, then to the unknown heirs of either or both, deceased, and all their legal representatives; to T. W. Johnson, James Shaw and J. M. Trunnell, and if married their respective wives, if they be living, and if either or all be dead, then to their unknown heirs and all of their legal representatives; and to all unknown owners and claimants of the land and premises herein described, and all of their unknown heirs and legal representatives; Defendants.

GREETING: You are hereby commanded to appear before the Honorable District Court of Briscoe County, Texas, at the Court House thereof, in Silverton, Texas, at or before ten o'clock A. M. on the first Monday next after the expiration of forty-two (42) days from the date of the issuance of this citation, same being the 21st day of March, A. D. 1949, then and there to answer Plaintiff's Petition filed in said Court, on the 17th day of November, A. D. 1948, in this cause, numbered 1361 on the docket of said Court and styled E. M. Bass and wife, Bessie Bass, Plaintiffs, vs. D. C. Overturf and wife, Ida Overturf, if they be living, and if either or both be dead, then to the unknown heirs of either or both, deceased, and all their legal representatives; W. J. Phelan and wife, Emma D. Phelan, if they be living, and if either or both be dead, then to the unknown heirs of either or both, deceased, and all their legal representatives; T. W. Johnson, James Shaw and J. M. Trunnell, and if married their respective wives, if they be living, and if either or all be dead, then their unknown heirs and all their legal representatives; all unknown owners and claimants of the land and premises herein described, and all of their unknown heirs and legal representatives; and Kenneth Ewing Bain, Defendants.

A brief statement of the nature of this suit is as follows: to-wit: The Plaintiffs seek in an action of trespass to try title; on plea of

three years limitation; on plea of five years limitation; and on plea of ten years limitation; to recover title and possession of the following described real estate, situated in Briscoe County, Texas, to-wit: All of the South part of Section No. 62, in Block No. 3, Certificate No. 2 | 893, issued to T. & P. Ry. Co., in Briscoe County, Texas, described by metes and bounds as follows:

Beginning at a 2"x3" pine stake set in public road in the West line of said Section No. 62 for the Northwest and beginning corner of this tract, said stake being 950.4 varas South of a brick set for the Northwest corner of said Section No. 62; Thence East 1900.8 varas to a point in the East line of said Section No. 62 for the Northeast corner of this tract; Thence South 222 varas to a point in the West line of Section No. 65 in said Block No. 3 for the Southeast corner of this tract; Thence South 89 degrees 52 minutes West 1900.8 varas to a point in the East line of Section No. 51, in said Block No. 3 for the Southwest corner of this tract; Thence North 226.2 varas to the place of beginning.

The interest of the above named defendants in and to said above described real property is to Plaintiffs unknown.

The Plaintiffs rely upon their plea in trespass to try title; the three year statute of limitation; the five year statute of limitation; and their plea of the ten year statute of limitation, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to the requirements and mandates of law, and make due return as the law directs.

Issued and given under my hand and Seal of said Court, at office in Silverton, Texas, this 2nd day of February, A. D. 1949.

(Seal) ATTEST:
DEE McWILLIAMS,
Clerk, District Court of Briscoe County, Texas. 5-3tc

Vegetables on the February plentiful list include cabbage, carrots, spinach, Irish potatoes, onions, dried peas and beans, and canned corn.

Neat's foot oil, cod liver or castor oil may be applied very evenly and softly with a cloth. After it has been rubbed well into the leather, shoes will take a good shine when dry.

NEW WEAPON

Deadly Gases Under Test

ARMY CHEMICAL CENTER, EDGEWOOD, MD.—New and more deadly war gases far more toxic than Lewisite or mustard are under test and development here by the Chemical Corps of the Army.

This "Center," which long has been the technical "heart" of the Chemical Corps, is broadening its interests as the role of the Chemical Corps itself expands from its somewhat restricted mission of pre-World War II days to include biological warfare and radiological defense.

But Edgewood's water-girt swamps and woods are not large enough or remote enough to permit large-scale tests of some of the new weapons. The vast proving grounds at Dugway, Utah, were used last summer for some of the tests of the German "G" series of gases, and a new Chemical Corps proving ground, similar to an island site off Panama utilized during the war, has been established at the former Navy submarine base at St. Thomas in the Virgin Islands.

Research Progresses

Edgewood research has progressed, with the German wartime "Tabun" or first of the "G" series as a base, to even more toxic gases. This series, also known as the "Green Ring Three," so-called because of the method of designation, comprises deadly "nerve" gases, which have been dubbed "psychological" gases because under certain conditions they might cause irresponsible behavior among victims. Small quantities of these gases inhaled or on the skin are lethal. Difficulties in manufacturing new gases of such high toxicity are considerable, but the Germans made great quantities of "Tabun" during the war, a considerable amount of which, together with the manufacturing processes and the chemists who directed them, fell into Russian hands.

Other Defensive Devices

The development of protective measures and equipment goes hand-in-hand at Edgewood with the development of new gases. The offense, however, has gained such a great ascendancy that an effective defense would seem to a lay observer almost impossible if the mobility of an army is to be maintained. For the Chemical Corps of today and tomorrow must now face more than the threats of new gases.

Biological agents, which are also the responsibility of the Chemical Corps, complicate the problem of defense and, although Edgewood is now conducting a school on radiological defense similar to one conducted by the Navy on the West Coast, there can be only limited protection against radioactivity.

Nevertheless Edgewood has tackled the problem of defense and has made some strides. A complete rubberized suit, mask and hood, with its own cooling system and filtered air supply, is one answer to the new gases and to "B. W." (biological warfare). So far it is much too heavy and the wearer would be practically immobilized, but there is hope that its weight may be reduced in time to twenty pounds, or possibly to ten.

Many new types of specialized purpose gas masks are on trial; the latest—the M-9—a new lightweight mask for general army use protects against all known gases.

Britain's Young Soldiers Trained Rough for Malay

SINGAPORE.—Britain's young soldiers, training to wipe out Malaya's Communist insurgents, are learning to be combination "footpads, cat burglars and poachers."

That's how one veteran officer describes the special education in jungle warfare given in a British Army camp "somewhere in the jungles."

The 3,000 or more Communist guerrillas fighting to overthrow the British in Malaya specialize in hit and run tactics. Counterattacks, consequently, depend on split-second reaction, boldness and accuracy.

The jungle fighter must be quick and daring in close quarter combat, with or without weapons. One course at the training camp teaches everything from how to break a half-Nelson to how to disarm a sword-brandishing attacker when weaponless.

Seeing your enemy first and doing something about it before he does saves lives in the jungle. Training on a jungle range is designed specifically to develop a sensitive eye for hidden enemies and cunning booby traps.

"We have to teach them to look through the jungle instead of at it," explained the range instructor.

Parking Problems Termed Matter of Mathematics

WASHINGTON.—You should get your car from a parking garage within three to four minutes after you call for it—not 20 or 30 minutes later—even during rush hours.

Or, if you use a lot where you park your own car, you should be able to drive it out any time in five minutes.

NEW TUBE SAFETY PROVEN

To prove claims made for the new Puncture-Sealing tube, engineers of the General Tire & Rubber Company, have devised the tube testing machine which pretty Joan Elgin demonstrates in the picture. Attached to the hand lever is a ten-penny nail that can be driven into and withdrawn from the mounted tube. As the nail is withdrawn the soft, gum rubber closes the puncture with a permanent seal. With this test motorists can see what happens to the tube under actual running conditions and better understand this safety factor added to today's motoring.

As a further test of the tube, and its puncture-sealing qualities, 301 nails were driven into a tire equipped with the tube, and every pound of original pressure was retained. X-Ray photos were taken to prove the nails have been driven through both casing and tube.

Tests over the regulation driving course, on private cars and taxi fleets prove the tube will do everything that was expected of the normal tube and more too, — it is a guard against the delays and accident possibilities of a flat while traveling.

Mr. and Mrs. Scott Smithee and Mr. and Mrs. J. L. Self were in Amarillo Monday on business.

Mr. and Mrs. Robert McJimsey and Sue, visited in Amarillo Sunday night with the Jack Coffee family.

Patsy Crass spent Thursday night with Donna Mayfield.

Mr. and Mrs. Arthur McJimsey, Mr. and Mrs. Dimmitt, visited relatives here over the week end.

Mr. and Mrs. U. D. Brown were dinner guests in the John Lee Francis home Friday.

Mr. and Mrs. Wade Steele were in Plainview Saturday on business.

Around the World News in Pictures

Chiang's Haven

FORMOSA—The Chinese soldiers shown above are part of two divisions being trained here in preparation for fighting against the Communist armies. As Chiang continues to suffer military reverses it becomes more and more obvious that he will have to withdraw to Formosa and make his final stand there. Preparations are already being made to establish Chiang's headquarters there, although legally, until the peace treaty with Japan is signed, Formosa still belongs to Japan.

Going Home Via U. S. Navy

In the post-war repatriation of exiled Korean civilians and Japanese troops to their homelands, U. S. Navy LST's made seven trips to accomplish that mission of mercy. Photo shows crew members of USS LST 1069 watching Korean civilians as they prepare to board the vessel prior to the last trip. (Official Navy Photograph)

Now is the time to get your land in "table top" condition. Here are important jobs you can handle with your EVERSMAN this fall:

1. Move large quantities of dirt quickly and easily with your own tractor.
2. Get rid of high spots in your fields, eliminate ridges in old fence rows, fill in low places.
3. Smooth and level fields AUTOMATICALLY, eliminating this fall those low spots that drown out—high spots that burn out.

Only the EVERSMAN has AUTOMATIC LEVELING ACTION—when wheels go onto a high place, blade automatically lowers to take a cut—when wheels go into a low place, blade raises to release dirt. EVERSMAN works fast using your own tractor. Send today for catalog giving full details.

MRS. DAVID CLEMON COOK - - - Married in Austin, Texas

JOYCE NORRID AND DAVID C. COOK VOWS READ IN CEREMONY PERFORMED AT AUSTIN, TEXAS

Miss Norma Joyce Norrid, daughter of Mr. and Mrs. Charles William Norrid of Matador, who are former residents of Silverton, became the bride of David Clemon Cook, son of Mrs. James G. Cook and the late James Cook of Sinton, Texas in an evening ceremony performed at 6 o'clock in the Austin, Texas University Methodist church, January 28.

The Rev. Edmund Heinsohn officiated at the ceremony. Mrs. Miriam Gordon Landrum, organist, played "Clair de Lune", "Because", and the traditional wedding marches.

Vows were exchanged before an altar banked with white gladioli, stock, carnations, and fern. Candelabra held tall white cathedral tapers.

The bride, given in marriage by her brother-in-law, Faires P. Wade, wore a suit of white gabardine with navy blue accessories. She carried a white bible topped with white orchids.

Mrs. Faires P. Wade, sister of the bride, was matron of honor. She wore a sea green gabardine suit with brown accessories. Her corsage was of talisman roses. James Gwin Cook, brother of the groom, was best man.

For her daughter's wedding Mrs. Norrid chose a gray crepe dress, brown accessories and a corsage of talisman roses. Mrs. Cook wore a black crepe dress with matching accessories and a corsage of white roses.

After a short wedding trip the couple will be at home at 3305B Tom Green in Austin, where both are students at the University of Texas.

The bride lived in Silverton a number of years with her parents and received all of her grade and High School education here, except the last year of high school which she finished in Matador with the class of 1944. After attending West Texas State College at Canyon for one year she transferred to the University at Austin where she is a pledge of Delta Zeta sorority.

Mr. Cook is a senior student in the School of Law and is a member of Sigma Phi Epsilon fraternity. Guests attended the wedding from: Houston, Stinton, Bishop, Burnet, Bryan, Corpus Christi and Matador.

While talking with a friend of the Norrids we were told C. W. Norrid was county attorney here for some twenty years and Mrs. Norrid was a successful music teacher. Folks keep missing the friendly beneficial Noorrid family.

Miss Fayree McMinn left Monday for Plainview where she will enter business college.

Mrs. C. C. Garrison was in Floydada Wednesday on business.

McMurtry - Bomar Vows Read in Church Service

The Silverton Methodist Church was the scene Saturday afternoon of the marriage of Miss Dorothy Roy McMurtry, daughter of Mr. and Mrs. Roy McMurtry, to Carl Dean Bomar, son of Mr. and Mrs. T. C. Bomar.

Rev. Joel L. Eldridge, pastor of the Tullia Presbyterian Church, read the service before an altar formed with a white heart of gardenias and rosebuds, flanked by candelabra bearing lighted cathedral tapers.

After a prelude of nuptial selections played by Mrs. Bland Burson, Mrs. Jack Wingo sang "The Lord's Prayer" and "Because". The traditional wedding marches were used and "Clair de Lune" formed the soft musical accompaniment for the exchange of vows.

Attending the bride as matron-of-honor, Mrs. L. D. Griffin, sister of the bride, was attired in an apple green, taffeta faille gown with matching maline sweetheart bonnet and mits. She carried a colonial bouquet of white rosebuds centered with a gardenia.

The other attendants wore white taffeta faille colonial dresses with green maline sweetheart bonnets and matching mits and carried colonial bouquets. They were Mrs. Dorcell Young of Lubbock, Mrs. David Kellum of Tarrington, Wyoming, and Mrs. La Nell Montague.

Joe Montague was the best man. Ushers were Roy Montague, John E. Simpson and Leon Mathews of Hereford. Candelighters were Mary Tom Bomar, sister of the bridegroom, Wayne McMurtry, brother of the bride, Pat Northcutt and Teresa Cross.

Entering on the arm of her father, the bride was gowned in white Duchess satin, fashioned with a fitted bodice with a yoke of net and imported lace, accentuated by a full-length skirt terminating in a chapel train. Her finger-tip length veil fell in tiers from a crescent of matching satin sprinkled with seed pearls. She carried a white prayer book topped with a white orchid and showers of stephanotis.

Mrs. McMurtry, mother of the bride, wore a navy dress with a corsage of white gardenias. The bridegroom's mother was attired in green with a corsage of yellow rose-buds.

Following the ceremony, a reception was held in the home of the bride's parents. The table, covered with a white linen cloth, was ornamented with a centerpiece of white carnations and white tapers. Mrs. Avis Cowart served the cake, assisted by Mrs. J. W. Hardcastle of Meridian and Mrs. Wells McClendon of Childress. The couple left immediately on a wedding trip.

Mrs. Bomar was graduated from Stephens College at Columbia, Missouri, and attended the University of Texas at Austin.

Mr. Bomar attended Texas Agriculture and Mechanical College at College Station and West Texas State College at Canyon. He served three years in the navy.

Stapling Machines and staples at the News office.

SEEK MANKILLERS

Tiger Hunt Season Near

HYDERABAD CITY.—There's a frosty bite in the air that sends a tingle up the spines of Hyderabad's big game hunters. The tiger season soon will be on.

Though the state's game laws set no definite season hunters seldom stalk tigers before December or after June. During the other months, the jungles are drenched with monsoon rain and the foliage often is so thick you couldn't spot a tiger at three feet.

As usual, the season's most prized prey will be those deadliest of all tigers—the man-eaters.

Prefer Human Flesh

Unlike most tigers, man-eaters prefer human flesh to all other prey. They lurk near roads and villages, and they can kill a person with two or three quick shakes that snap the spinal column.

Local hunters claim that Hyderabad's man-eaters are the shrewdest and fiercest in India. Country people credit them with supernatural powers and often desert whole villages when a man-eater invades their district.

A man-eater, they say, always places his victim face down on the ground. Villagers claim he does so because he sees the image of God in human faces. Hunters explain more simply that he always eats the buttocks first.

The man-eater reputedly picks his victims with the care of a gourmet. He kills more women than men, and prefers youth to age. It is said that from a crowd of young women he invariably will pick the most attractive.

Sometimes the man-eater stalks a particular victim for weeks. But when he strikes, hunters say, he strikes with such speed that victims seldom see him.

Like Bomb

"Like a bomb," one sportsman explains. "The deadliest bombs are the ones you never see or hear. It is the same with man-eaters."

Hyderabad's most feared man-eater of recent years was "The Adilabad Phantom," an 11-foot female that devoured an estimated 120 persons before a hunter fired a .500 caliber bullet into her brain this year. Natives of Adilabad said she was the reincarnation of a landowner who had been much hated in the district.

Tiger shooting styles vary throughout India. In the north, hunters shoot from chairs rigged on the backs of elephants. In other regions they lay elaborate camouflaged traps along jungle trails.

Most Hyderabad tiger hunters shoot from trees. Dressed in dark green or black, they perch in special canvas hammocks slung about 20 feet above the ground, within short range of the carcass of a freshly killed animal.

Blade Removed from Spine After 23 Years

ANN ARBOR, MICH.—The successful removal of a knife blade two and one-half inches long from its resting place for twenty-three years—squarely in the middle of a man's spinal column—has been effected at the University of Michigan Hospital.

For nineteen of the twenty-three years, according to a hospital source, the patient had suffered no deleterious effects from the wound and had continued his normal routine as a day laborer. Not until a few weeks ago was the nature of the wound revealed through X-ray examination at the hospital.

The blade, according to hospital authorities, apparently was plunged into the back of the patient, whose name was withheld, in a fight following an argument with a friend twenty-three years ago. The blade was lodged in the spinal cord, between the shoulder blades.

Ordinarily, it was said at the hospital, partial or complete paralysis would have resulted immediately from such a wound. There was no X-ray examination at the time and the patient, not knowing the nature of his injury, continued working full time.

Four years ago the patient, now 48 years old, began having "a little difficulty" in walking. Until then he later told physicians, he had no inkling of anything being amiss.

Indian Says Reservations Like Concentration Camps

DENVER.—A former Indian reservation superintendent has charged that there is only a "slight" difference between U. S. reservations and Russian concentration camps.

Robert Yellowtail, a Montana Crow Indian, told the National Congress of American Indians that residents of both are imprisoned and strictly controlled.

"We Indians are forgotten in a land of plenty," he said. "We are prisoners in the land of our birth." Yellowtail said that the Government's Indian Bureau supposedly was created to "free the Red Man," but has spent more than \$1 billion since 1903 to keep Indians on reservations.

Guice-Rodenborn Vows Said at El Paso February 7th

Miss Mary Maragret Rodenborn and Sgt. William B. Guice were united in marriage in a single ring ceremony performed by Rev. Fred O'Connor, February 7, 1949 in the Immaculate Conception Church at El Paso, Texas.

The vows were exchanged before an altar entwined with white gladioli and white stocks, and other greenery.

The bride is the daughter of Mr. and Mrs. Louis P. Rodenborn of Des Moines, Iowa, and the groom is the son of Mrs. Lee Perkins, of Silverton, Texas.

For her wedding, the bride chose a street length, navy blue wool crepe dress with white accessories, and a white orchid corsage.

Jerry Gagne of El Paso was best man, and Luciana Jarma was made of honor.

Immediately following the ceremony a wedding breakfast was attended at the Municipal Airport. Only intimate friends of the bride and groom attended.

After spending several days in Las Cruces, New Mexico, the couple visited relatives in Silverton.

Both are employed at the William Beaumont Hospital at El Paso. Mrs. Guice is a nurse and Sgt. Guice is a medical technician.

Mrs. Jimmie Tidwell and little son who have been visiting with her parents, Mr. and Mrs. R. C. Hutsell for sometime returned to their home in Odessa Monday with Mr. Tidwell. They visited a short while Monday with Mrs. Pearl Simpson.

Mr. and Mrs. Curtis Wimberly, of Abilene, were dinner guests of his parents, Mr. and Mrs. Grady Wimberly Sunday.

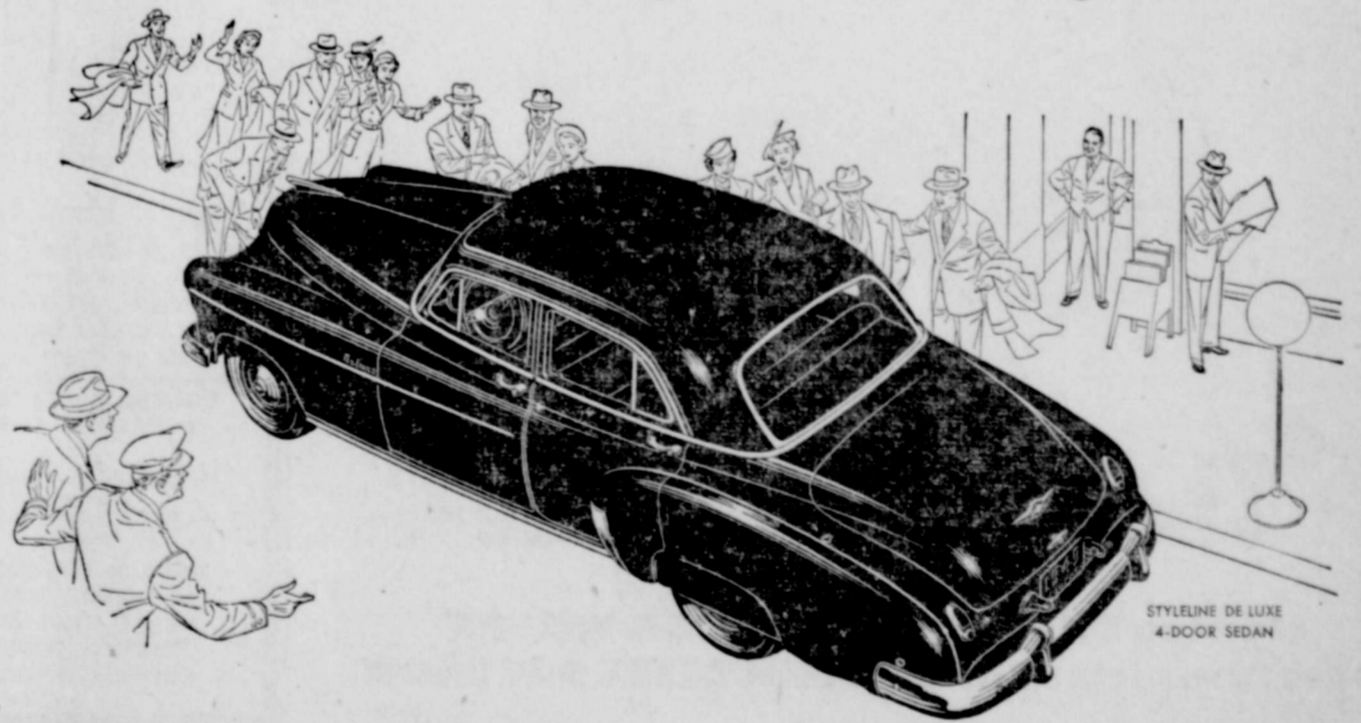

From an Old Print

In tribute to George Washington and to commemorate the anniversary of his birth, this bank will not transact any business on February 22nd. (Legal Holiday).

CHEVROLET
is the most Beautiful BUY of all

STYLING DE LUXE 4-DOOR SEDAN

The most Beautiful BUY for Styling

Millions of people all across America—and undoubtedly your friends and neighbors, too—are hauling the "luxury look" of Chevrolet for '49. It's the beauty-leader, all right—inside, outside, and from every point of view! For the bodies are by Fisher—first of all car bodies—found only on Chevrolet and higher-priced cars.

The most Beautiful BUY for Comfort

You'll enjoy a new and finer kind of comfort in this car. The perfectly relaxed comfort of "Five-Foot Seats" plus extra-generous head, leg and elbowroom. Moreover, it's a "car that breathes" for an advanced heating* and ventilating system inhales outside air and exhales stale air.

* (Heater and defroster units optional at extra cost.)

The most Beautiful BUY for Driving and Riding Ease—with new Center-Point Design

What a thrilling experience will be yours when you take your first ride in Chevrolet for '49! New Center-Point Design—including Center-Point Steering, Center-Point Seating, Lower Center of Gravity and Center-Point Rear Suspension—provides driving and riding results heretofore available only to owners of more costly cars. Here is another "first" for Chevrolet—another vital contribution to low-cost motoring—another treat for Chevrolet owners! Remember—only new Center-Point Design can give these finer motoring results; and only the new Chevrolet offers Center-Point Design at lowest cost.

The most Beautiful BUY for Performance

For real thrills and thrills—for the finest balance of performance and economy—owner after owner will tell you there's nothing like a Chevrolet! Its world's champion Valve-in-Head engine—now setting a trend for high-priced cars, but remaining exclusive to Chevrolet in its field—holds all records for miles served, owners satisfied, and years tested and proved.

The most Beautiful BUY for Safety

To buy one of these brilliant new Chevrolets for '49 is to give your family fivefold safety protection found in no other low-priced car: (1) New Certi-Safe Hydraulic Brakes; (2) Extra-Strong Fisher Unisteel Body Construction; (3) New Panoramic Visibility; (4) Safety Plate Glass in windshield and all windows, and (5) the super-steady, super-safe Unitized Knee-Action Ride.

25 Years Makes Big Change in Texas Agriculture

Twenty five years have made a big change in Texas agriculture. A quarter of a century ago, Texas farmers received a large share of their income from cotton—around 70 percent, according to the figures. Today, livestock is taking the place of cotton as the basis of income. It isn't quite up to the 70 percent mark, however. At the present time, the income of Texas farmers from livestock and livestock products runs about 40 percent of the total income.

In 1924, the total sales from livestock and livestock products were only 20 percent of the total income, says C. H. Bates, extension farm management specialist of Texas A. and M. College. By 1944, returns from these sources had risen to almost one-half the total income—up to 46 percent. The same year, receipts from cotton and cottonseed had dropped to only 25 percent of the total farm income. It ran about the same as this again last year, says Bates. Sales from the products made up one fourth of all farm income.

Sales from other Texas crops—wheat, rice, sorghum, citrus, flax and peanuts—made up around 33 to 35 percent of Texas' farm income. And back in 1924, these

miscellaneous sources provided only 10 percent of the income. By 1944, they had climbed to 28 percent.

This growth in sales from fruits and crops other than cotton brings out the increasing commercial importance of these parts of Texas agriculture. The big need for food and feed during the war and the years following was one main cause for this upward trend in these crops, says Bates.

THE RED CROSS AND WHAT IT MEANS TO THE AMERICAN PEOPLE TODAY

In the 1949 Red Cross fund appeal the American people will be asked to contribute to a cause that has been deeply rooted in American tradition.

It is the privilege of the Red Cross to be firmly established in the public mind as a service and welfare organization prepared to meet emergency needs that may overwhelm thousands of helpless people without warning.

The Red Cross has accepted this responsibility from the American people. Thus, our service expenditures in any given period are, to a large extent, decided for us and not by us.

The forces of nature, gathering their ominous powers of destruction, do not consult our budget or our fund raising directors before they strike.

Nor is international tension, which threatens the peace of the world, a respecter of Red Cross budgets.

Yet the Red Cross must be fully prepared to do its job to the complete satisfaction of the American people. It is in the consciousness that we have discharged our responsibility to the best of our ability and resources that we return to the public for another year's financial support.

Vitamin B 12 Needs Of Swine, Poultry Under Study

The newly discovered vitamin B 12 gives promise of being of great practical importance in swine and poultry production, Carl M. Lyman and J. M. Prescott, of the Texas A. and M. College department of biochemistry and nutrition, report. A recent study, reported to the Journal of Biological Chemistry, is looking forward to the establishment of a reliable method for determining the vitamin B 12 needs for swine and poultry.

Hog feeding tests the Texas Agricultural Experiment Station workers have under progress are showing marked increases in growth rates as the result of adding a commercial preparation of B 12 to their regular rations.

No satisfactory way has yet been established for analyzing this vitamin in feedstuffs and animal tissues, though a number of scientists over the nation are working on the problem.

The full possibilities of B 12 cannot be developed until a practical system of analysis of the new vitamin is perfected, Texas A. and M. research workers report progress in the determination of this vitamin through a microbiological method.

People are living longer today than formerly, and the biggest percentage of the population is in the old age group.

The American people have reaffirmed their faith each time the Red Cross has appealed for support. We are confident that they will do so again.

BASIL O'CONNOR, President, The American National Red Cross.

Livestock grazing utilizes 93 1/2 million acres in Texas, or over 60 per cent of total area of the state.

Milk production takes a licking during bad weather because many herds do not have adequate shelter protection. A simple two- or three-sided shed will do the job in most cases, and your cows will pay for them in a year or two.

Electric fans have a wintertime use, too. Place the fan near the fireplace, stove or radiator, point it at the nearest wall or at the ceiling, and set at the slow speed. In this position, the fan will keep the warm air moving slowly through the room.

When clothing shrinks in cleaning, the best thing to do is stretch the wet or damp material while pressing it. This is especially true with rayons.

When eggs are kept in the refrigerator, they should be stored with the large end up. This keeps the air cell in that end from moving around and damaging the membrane.

Silverton Rainbow Assembly Installs Officers

Silverton Assembly Order of Rainbow Girls had a very impressive installation with many mothers and fathers and guest of Rainbow Girls present.

The following officers were installed: Worthy Advisor, Wanda Garvin; Worthy Associate Advisor, Mary Lou Bellinger; Charity, Marion Arnold; Hope, Mona Brock; Faith, Norman Jo Teeple; Recorder, Betty Dickerson; Treasurer, Joye Nell Chitty; Chaplain, Teresa Crass; Drill Leader, Joy Brown; Love, Patsy Baird; Religion, Mary Tom Bomar; Nature, Gaylia Bomar; Immortality, Peggy Holt; Fidelity, Vonna Wood; Patriotism, Jemilla Turner; Service, Joan Clemmer; Confidential Observer, Pauline Chitty; Outer Observer, Janice Turner; Musician, La Rue Gilkerson; Choir Director, Joy Reithmayer.

Chorus: Jaunita Edwards, Gloria June Stevenson, Dorothy Jo Heckman, Beth Mason, Dorothy Garvin.

Mother Advisor, Mrs. E. A. Bellinger.

Advisory Board: Mr. and Mrs. Hugh Nance, Mr. and Mrs. Arnold Brown, Mr. and Mrs. E. A. Bellinger, Mr. and Mrs. Dee McWilliams.

Refreshments were served by the following Rainbow Girls: Joy Brown, Jaunita Edwards and Polly Chitty.

JOHN DEERE DEALER to ENTERTAIN FARMERS and THEIR FAMILIES

"The Sugar Plum Tree"

starring BILLIE BURKE and DON WILSON.
is feature picture in BIG JOHN DEERE DAY SHOW

Billie Burke and Don Wilson, popular movie and radio stars, head the all-Hollywood cast in "The Sugar Plum Tree," feature picture to be shown in Silverton at the Palace Theatre on March 15. The movie headlines the free John Deere Day entertainment and educational program for farmers and their families which is being sponsored by Coffee Implement Company.

"The Sugar Plum Tree" is a rollicking comedy about two young people who have never been on a farm, and what they do when they receive one as a gift. You'll get a kick out of sober, bookish C. St. John Smith, on the farm, as played by Kirby Grant. Pretty Linda

Johnson plays Matilda Thorne, the other "greenhorn" on the farm. Lee "Lasses" White will give you many a chuckle as the eccentric hired man. "The Sugar Plum Tree" will prove Grade "A" entertainment for the entire family.

In addition to "The Sugar Plum Tree," several other new, all-talking pictures will be shown. They include "A New Day Dawns for Cotton Growers"—an educational picture on mechanical harvesting of cotton . . . "Guardians of the Harvest"—a full-color film of combines in action in various crops throughout the country . . . "Greener Pastures"—an educational picture on pasture care and renovation . . . "Early

Does It"—a snappy picture with tips on timely care of farm machinery . . . "Big Operations in the Wheat Country"—a 'round-the-season picture on modern equipment and practices in the big grain-growing sections . . . and "Gateway to Bigger Feeding Profits"—a movie every feeder and dairyman will want to see.

According to Coffee Implement Company, admission to the John Deere Day Program is by ticket only. Any farmer who has not received his tickets or needs more can get them free at Coffee Implement Company before the day of the show.

NOTICE OF COUNTY'S INTENTION TO RECEIVE BIDS FOR THE PURCHASE OF CERTAIN ROAD MACHINERY

Notice is hereby given that SEALED BIDS, addressed to the County Judge of Briscoe County, at Silverton, Texas, will be received by the Commissioners' Court of Briscoe County, Texas, at the office of the County Judge until 10:00 o'clock A. M. on the 28th day of February, A. D. 1949, for the purchase of the following described road machinery for the maintenance and improvement of the roads in and for said county, to-wit:

One new Tandem Drive Diesel Engine Motor-Grader, of approximately seventy-five horse-power, equipped with cab, starter, four tires, heater, and 12 foot mold-board together with two 2-foot extensions. Successful bidder will be required to take as a trade-in on the purchase price of said new Motor-Grader, one No. 50 Caterpillar tractor together with one No. 66 pull-grader.

Such Sealed Bids will at said time be publicly opened and read before the Commissioners' Court of said County.

It is the intention of said Commissioners' Court to pay for said new Motor-Grader in cash, over and above the trade-in allowance for the above listed old machinery.

The Commissioners' Court of said Briscoe County hereby specifically reserves the right to reject any and all bids.

This notice is given in strict compliance with the provisions of Chapter 163, Acts of the Regular Session of the Forty-second Legislature of Texas, in 1931, and all amendments thereto, and pursuant to an order of the Commissioners' Court of Briscoe County, Texas. Why are the windows on this barn like U.S. Savings Bonds?

Way back, when your grandfather was still very young, Pennsylvania farmers were doing a very strange thing. They were painting the windows of their cow barns with ornate scenes of meadows and fields—sometimes they would even paint lace curtains on the windows. All of this was done so that the cows inside the barn would be shut off from the bother and confusion of the outside world. They would see nothing but peace and contentment. And it came to us that U.S. Savings Bonds are very much like these painted windows.

For Savings Bonds stand between you and financial worries. They assure you the peace and contentment of knowing that you have money on hand to meet future emergencies, hospital bills, and children's education. And buying U.S. Savings Bonds is as easy as painting a barn window. For today, it can all be done automatically through your employer or local bank. They do all the work for you. But it's you who collects the \$4 on every \$3 you invest in U.S. Savings Bonds. So right now, today—ask your employer or bank about the automatic way to buy U.S. Savings Bonds.

Automatic saving is sure saving—U.S. Savings Bonds

This is an official U. S. Treasury advertisement—prepared under auspices of Treasury Department and Advertising Council.

Claud Crossing Community Club Met Thursday, Feb 10

The Claude Crossing Community Club met Thursday afternoon, February 10, with Mrs. Orvil Turner. Eleven members were present.

During the business meeting the past year's report was given and new officers elected. Mrs. Albert Mallow, chairman; Mrs. Obra Watson, secretary and treasurer, and Mrs. Edd Thomas, Reporter.

The ladies enjoyed doing various kinds of hand work, visiting with each other and opening their packages from their sunshine sisters.

Lovely refreshments of sandwiches, chiffon pie, coffee and cocoa was served to the following members: Mesdames Kemp Thompson, Obra Watson, Don Garrison, Chick Northcutt, Gordon Alexander, Arnold Turner, Albert Mallow, C. G. Harrison, Clyde Lightsey, Edd Thomas, and the hostess, Mrs. Orvil Turner.

The next meeting will be March 10th with Mrs. Obra Watson, in the home of Mrs. Edd Thomas.

PERSONALS

Mr. and Mrs. J. E. Cupell and granddaughters, Lynda and Arlene, of Amarillo, spent Saturday in the home of Mr. and Mrs. Ed Stodghill.

Mr. and Mrs. Herman Robinson and children, Janie and Randy, of Dumas, were visitors in Silverton over the week end.

Mrs. Florence Fogerson and Mrs. Pearl Simpson went to Matador Wednesday afternoon to get Mrs. Ware Fogerson and little son Stanley. Stanley had been a patient in the hospital for several days, but he is much improved.

Mr. and Mrs. Fred Buchanan and children, of Brownfield, spent the week end in Silverton with relatives and friends.

FRANCIS NEWS

HELPING HAND CLUB

The meeting of the Helping Hand Club held Thursday afternoon in the home of Mrs. A. J. Rowell was opened with roll call. Mrs. J. E. Jowell, club president, conducted the brief business session.

"Guess What's" were given to Mesdames L. A. Callaway and H. Fronterhouse.

Members in attendance were: Mesdames U. D. Brown, L. A. Callaway, H. Fronterhouse, Hollie Francis, John Lee Francis, Charlie Francis, J. E. Jowell, Jack Harris, Alva Jasper, Aubrey Rowell, Clyde Mercer, Wade Steele, Scott Smithee and the hostess.

The next meeting is to be held February 24, in the home of Mrs. Wade Steele. This is to be an all day meeting and a quilting.

ALVA C. JASPER'S ENTERTAIN

Mr. and Mrs. Alva C. Jasper and Billy entertained friends with a party in their home Friday night.

Games were enjoyed throughout the evening. In keeping with St. Valentine the refreshment table was centered with a white cake decorated with miniature red hearts.

Guests enjoying the evening were: Pat, Faith, Patsy, Anne, Wayma, Donna, Gay Lynn, Wayne, Mildred, Arnold, Freddy, Joe Ray, Jack, W. D. Vaughnell, Guinn, John. Mrs. James Patton, Mr. and Mrs. Edwin Crass, Bobby and Sue; Mr. and Mrs. Lowell Callaway; Mr. and Mrs. Aubrey Rowell and Mrs. and Mrs. Scott Smithee and Sue.

Soil And Water Conservation Problems Are Discussed

Soil and water conservation problems of Texas and the other Southwestern states will receive special attention during the annual convention of the National Association of Soil Conservation Districts in Denver, Colorado, February 15 to 17, according to Earl I. Cantwell, chairman of the Cap Rock Soil Conservation District.

One full day of the national convention, February 16, will be given over to a train trip into the Rockies in order that delegates from all sections of the country may see the conservation needs of the West. This special train will take the delegates from Denver to the Winter Park area beyond the west portal of the famous Moffat tunnel.

Soil and water conservation, grazing land and watershed management, forestry practices, and the Colorado Big Thompson reclamation project all will be discussed informally by the delegates and representatives of federal agencies in charge of those programs.

Plans for entertaining more than 500 delegates from the 2,000 locally governed soil conservation districts were made.

Harvesting of Grass And Legume Seed On the Increase

Harvesting of grass and legumes seed—a business almost unknown in the Southwest a few years ago—reached an all-time high in 1943 with a yield of 27,826,600 pounds of seed urgently needed in the soil and water conservation program.

The big harvest will help relieve a serious shortage in the seed of legumes and grasses necessary to halt erosion and improve crop and range lands in Texas, Oklahoma, Arkansas and Louisiana, Louis P. Merrill said. The native grass seed harvest was greater by more than 3,000,000 pounds than any previous harvest of such seed in the entire nation, Merrill estimates.

A total seed harvest poundage by individual states: Arkansas, 6,060,888; Oklahoma, 9,341,326; Texas, 11,563,314; Louisiana, 861,079.

"As big and as timely as last year's grass and legume seed harvest was, it is enough for only a fraction of the land that needs plant cover to control erosion, to lessen flood damage to agriculture and to make the land more profitable and permanently productive," Mr. Merrill said.

The grasses and legumes are needed not only in the normal soil conservation district program but in the agricultural flood control program on the Trinity and Middle Colorado River watersheds in Texas and on the Washita River watershed in Oklahoma and Texas. The native grass seed harvested will plant about 400,000 acres.

MUCH VALUE

Berlin Lift Is Plan Aid

BERLIN—The men who fly the airlift to Berlin are weary from the constant grind—but the men who direct it privately are thanking Russia for giving them a chance to perfect a new weapon.

That weapon is the airlift itself. In all its incredible complexity, it represents one of the few times that any nation has been able to develop fully in peacetime a major war asset.

Here and at the American and British airports in Western Germany this great aerial supply effort falls into a pattern that might one day win a military campaign.

Feeds Millions

The airlift is feeding and supplying 2.5 million persons in the Western sector of Berlin. Why could not a similar operation maintain an army in the field?

A high officer said: "This thing was pretty much like the atom-bomb before Hiroshima. We had the know-how, but we weren't quite certain how to apply it. Now we know, and all we've had to pay for learning is the usual mathematical hazard of flying thousands of sorties."

"No one is shooting at us. We've been able to learn on our own terms how to establish, maintain and protect such elaborate lines of air communication and supply as this airlift involves."

May Be Favor

"Stalin surely didn't plan it this way—but if war ever comes it may turn out that he did us a favor by blockading Berlin."

Some things the Air Force has learned are immediately apparent. The traditional circling of the field before landing has been eliminated. Radar ground control brings the planes in on the first pass, thus saving an average of 10 minutes a flight.

As a plane touches down a maintenance expert races to it in a jeep. In just two minutes he determines whether it needs a further check.

By such short cuts, the Anglo-American authorities have a split-second combination able to move a peak load of close to 7,000 tons of food and essential supplies to Berlin each day.

Really Pure Water Found Not to freeze at 32 degrees

SCHENECTADY, N. Y.—Water does not freeze at the "freezing point" but at a considerably lower temperature.

Really pure, clean water, free of particles that might serve as nuclei or starting points of freezing, does not begin to crystallize into ice at zero Centigrade (32 degrees above zero Fahrenheit) but at zero Fahrenheit or a little below it.

This upset of one of the standard "facts" of all physics books comes as the result of a series of very carefully conducted experiments in the General Electric research laboratories. They are reported in the forthcoming issue of Science by Dr. Robert Smith Johannsen.

Carefully prepared, absolutely clean water was chilled in a specially built apparatus, and the first formation of ice was detected through the use of polarized light. Four sets of experiments produced first ice at temperatures ranging from 18 to 29 degrees Centigrade below the traditional freezing-point, or from four degrees below zero on the Fahrenheit scale.

One-Way Street Winds Up Spree of Three Forgers

CHICAGO—A "scientific" check-forging spree planned by three youths who needed money was ended by a one-way street.

Norman Allen 24; Londus Stewart, 21, and Frank Senters, 20, told police they were laborers at Joliet, Ill., and bought a detective magazine to learn all about check-forging the scientific way. They said they needed money to buy Christmas presents for their girl friends.

The youths admitted breaking into the Weigh Wright Automatic Scale Co. at Joliet Monday night, and stealing a typewriter, a check stamping device, canceled checks, and 30 blank checks. Then they wrote out \$1,600 worth, carefully copying a signature from one of the firm's canceled checks—just like the magazine said.

They were arrested while driving the wrong way on a one-way street, and police spotted a bundle of checks in the back seat of their car.

Photographs Are Taken Successfully Under Water

COULEE DAM, WASH.—A photographer has taken successful pictures of the spillway base of Grand Coulee Dam here with an experimental underwater camera.

Harold Maiken made the pictures 70 feet below the surface of the Columbia River. The photographs were taken to determine needs for repair.

Maiken said the camera can take 40 pictures and is adjustable for depths and water conditions. It is complete with batteries and flash bulbs and is encased in steel box.

Get MORE PORK from your GRAIN

with PURINA HOG CHOW . . . a quality grain-saving supplement

Naturally it's pork you want . . . every pound you can feed out of your grain.

Many hog raisers on the Purina Plan make 100 pounds of pork with 5 1/2 bu. corn and 50 lbs. of Hog Chow.

Compare this to tankage feeding . . . Hog Chow generally gets over 1/2 more pork from the same amount of grain: profitable proof that Hog Chow pays off in the feedlot . . . pays off in saving grain.

So, regardless of what grain you have, come in. Let us figure you an economical hog ration with Purina Hog Chow. It makes your grain go farther!

Young or old, rich or poor, all enjoy the benefits of electricity. Some more than others, but there's probably not a man, woman or child who doesn't receive some advantages from the availability of low cost dependable electric service.

It may be in your home, your schools, the stores you shop in, or on the farms or in the industries where you work, electricity is used everywhere.

Because it is used so widely, and folks have come to depend on electricity, we at your Public Service Company are always working to make dependable electric service available to as many folks as possible at the lowest possible cost.

SOUTHWESTERN PUBLIC SERVICE COMPANY

14 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

How will you greet him?

Many will toast this fellow's arrival with champagne and cheers.

And when they shout "Happy New Year"—they know it will be just that . . . for them.

There'll be others, of course, whose cup will be bitter and cheerless. To them 1959 will promise just one more year of disappointment and failure—another year of "have-not"!

How will you "see in" that year ahead?

Your answer lies in the plans you are making today for the future happiness and security of your family and yourself. It lies in a systematic saving plan—one that builds and builds for the future.

Many are finding the best answer in U.S. Savings Bonds—the wisest, surest of all investments. These Bonds are guaranteed by the U. S. Government—guaranteed to pay you back \$4 for every \$3 you put in, after ten years.

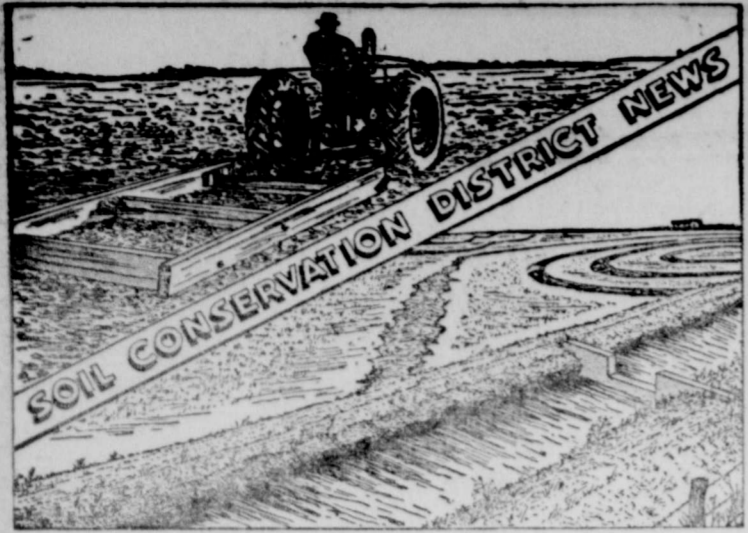

Now is the time to start saving, automatically, this easy, painless way. Enroll today in the Payroll Savings Plan. Or, if you're not on a payroll, ask your bank about the equally convenient, equally profitable Bond-A-Month Plan.

Remember—U. S. Savings Bonds say *happy*, *happy* New Year in 1959!

Supervisors for Cap Rock District—Earl I. Cantwell, Chairman; Obra Watson, Bray H. Cook, L. A. McJimsey and R. L. Brunson

The board of supervisors of the Cap Rock Soil Conservation District held their regular meeting last Wednesday, February 9, 1949 with Earl I. Cantwell, Obra Watson, L. A. McJimsey and R. L. Brunson present. Mr. W. Scott Amend, district conservationist, soil conservation service, Plainview, Mr. Leo White, county agricultural agent, Briscoe County and

Mr. Edward L. Usrey, work unit conservationist, Silverton, were visitors at this meeting.

Applications for assistance were approved for Travis L. Marrison, Quitaque, and Hugh Huckaby, of Turkey.

Farmer - district agreements were approved for the following: H. S. Crow, J. B. Baird, Willie Meyer, Ray Cruse, Gladys Wise,

Bride-Elect Honored

Nuptial courtesies honoring the popular Miss Dorothy Roy McMurtry, on the day of her marriage to Carl Dean Bomar, were riage to Carl Deal Bomar, were a morning-party and a luncheon.

On Saturday morning, Mrs. L. D. Griffin opened her attractive home for a delightful "coke" party for the bride-elect and her attendants.

Mrs. Clyde Wright entertained the group with a Valentine luncheon featuring roses, hearts and brides in table-decorations and place-settings. A red and white color scheme and heart-shaped containers, emphasized throughout the four courses, the Valentine motif. During the luncheon, Miss McMurtry presented her bridesmaids and matron of honor with silver thimbles and white prayer books. The hostess' gift to the bride was a pair of satin and lace garters looped with lilies-of-the-valley, as a "something blue." The "fifth course" was a bluebird pie, with a paper "crust" from which streamers extended to each plate; the streamers were attached to kitchen gadgets-of-happiness. Each guest pulled out a gadget and gave it to the bride-to-be. The girls found prophecies concerning their future through their selection from various colored candy hearts.

Guests, besides the lovely honoree, were Mesdames: Jean Kellam of Torrington, Wyoming; Lou Ann Young of Lubbock; Roberta Griffin, Lanell Montague, and Marcella Brown.

and Johnnie Brummett. The next meeting date is scheduled for February 21, 1949.

The average amount of moisture (rainfall, snow and sleet) in the Cap Rock Soil Conservation District for January was 3.58 inches. The greatest amount recorded, 4.16 inches fell at Frank Mercer's farm, 7 miles southwest of Silverton. The least amount was 2.16 inches at E. D. McMurtry's, Vigo Park.

The moisture had penetrated to a depth of 25 to 30 inches on Friday, February 11, 1949. Most of this was in the top 12 to 18 inches.

PERSONALS

Mr. D. F. Wulfman who has been seriously ill the past week seems to be improving.

Rev. and Mrs. A. B. Haynes of Canyon, stopped in Silverton to assist with Sunday School at the Presbyterian Church, on Sunday morning, then went on to Dallas, Sunday afternoon. They will be here again, March 6th to conduct the regular 11 o'clock services.

Mr. John Wulfman of New York arrived by plane Sunday p. m. to spend a few days with his parents, Mr. and Mrs. Dan F. Wulfman.

Mr. and Mrs. Will Smith spent the week end in Clovis, New Mexico, visiting their son and family, Mr. and Mrs. W. A. Smith.

PERSONALS

Rev. and Mrs. G. A. Elrod were dinner guests of Mr. and Mrs. W. L. McMinn Sunday.

George Jones and Jack Teague made a business trip to Lubbock Tuesday.

Mr. and Mrs. Wayne McCutchen were in Amarillo Monday on business.

Mary Is Lucky

Little Mary Christine Dunn has a good start toward dental health all her life. At the age of two and one half, she has learned to brush her own teeth. And she is receiving regular examinations and necessary treatment from the family dentist.

Unfortunately, Mary is the exception rather than the rule. Less than half of American children are following simple dental health habits which could prevent the disability and discomfort which dental diseases afflict on most adults today.

To stimulate public interest in the importance of dental health for all children, the American Dental Association is sponsoring such a program beginning with National Children's Dental Health Day on Monday (Feb. 7).

Dental authorities declare that by following three simple dental health rules from early childhood the average person can be assured a lifetime of dental health. These rules are: (1) regular dental care, (2) brushing the teeth after eating, and (3) minimum consumption of all forms of sugar.

COTTON CHARMER

When the sun shines bright on the winter resort scene, beauties blossom out in pretty cotton costumes for summertime fun. This fair damsel enjoys the Southern climate in a cotton chambray sundress by Saba of California. A boned bodice, halter, and ruffles add to its feminine charms.
