THURSDAY, JUNE 9, 1949

Funeral Services Held For Mrs. Anna Tidwell

Rain Totaling 3.06 Inches Fell Here This Week

Heavy rains the past two afternoons and nights gave Silvertown 3.06 inches of rain. Tuesday evening 1.30 inches was recorded. Wednesday afternoon and night gave 1.70, according to the other gauge at Bomar One-Stop Station.

Some hail accompanied the rain, slight damage has been reported, so far no heavy damages from hail have come in.

A small twister was reported in the vicinity of Lone Star community about 5 o'clock Tuesday afternoon. As far as could be determined here, no one was injured and there was no serious property damage.

Several people around the area reported that they watched a twister.

The heavy rains this week will delay wheat harvest for several days. Many farmers were planning on starting in their wheat harvest the latter part of the week and the next week. It is the general belief that most all the wheat will be ready to harvest by next week.

Out-of-Town People Here For Cemetery Working

Among the out of town people who came for the Memorial Day cemetery working were: Mrs. J. Kendrick, Ralls; Mrs. Dave Alexander, Hereford; Mrs. John Hutcheon, Hereford; Q. E. Brown and Miss Lala Brown, Amarillo; Mrs. Roy Allard, Brice; Mrs. E. D. Hodges, Mrs. Grover Harris, Memphis, Mr. and Mrs. C. L. Rhodes, Amarillo; Mrs. Mary Watson Jones, Perryton; Mr. and Mrs. Carl Malone, Vigo Park; Hub Hodges, Clarendon; Mr. and Mrs. Childress, Floydada; Mr. and Mrs. Land Burson, Channing; Mr. and Mrs. R. A. Hodges, Mr. and Mrs. S. Stevenson, Mrs. Minnie Stevenson, all of Canyon; Mr. and Mrs. Jack Harris, Lakeview; Mr. and Mrs. Henry Long, Canyon; Phillip Penn, Mangum, Oklahoma; Mrs. Jack Penn, Lubbock; Mr. and Mrs. Dock Brown and Mr. and Mrs. James Hodges, Mr. and Mrs. T. M. Nickles, Tullia; Mrs. Jimmie Long, Plainview; Mrs. Bill Price, Lockney; Mrs. Lula Vaughan, Mrs. French McGavock, Tullia; Mrs. Simmie Vaughan and girls, of Happy.

Attend Dinner at Amarillo Sunday

Mr. and Mrs. G. R. Dowdy attended a dinner at the Herring Hotel at Amarillo Sunday. The occasion was a celebration of the one-hundredth anniversary of the Burlington Rail Road. The hosts and hostesses were the officials of the road from Fort Worth and Amarillo. The guest list included all agents and wives.

Mrs. A. C. Fry and children, Glenn and Linda, Mrs. Pearl Simpson and Patsy Bomar, made a business trip to Plainview Tuesday.

Mrs. Carl Culpepper and daughter, Laretta, of Burkburnett, Texas visited her mother, Mrs. M. P. Stone Saturday.

Miss Luree Burson who received her B. A. Degree in English at Wayland College, drove to Denton Monday to enroll in North Texas State Teachers College for the summer term starting work on a M. A. Degree.

Last rites were held Wednesday at 3:00 p. m., at the Methodist Church for Mrs. Anna Summers Tidwell, wife of Otis Tidwell, by Rev. Grady Adcock, pastor, assisted by Rev. Frank Beauchamp, of Littlefield, and Rev. G. A. Elrod, pastor of the First Baptist Church. Interment was made in Silvertown cemetery under direction of Stewart-Douglas Funeral Home.

Mrs. Tidwell was born July 23, 1906, at Arapaho, Oklahoma, the daughter of Mr. and Mrs. M. K. Summers. She passed away June 7, 1949, at St. Anthony Hospital, Amarillo, Texas, after a long illness. She would have been 43 years of age, July 23.

Mrs. Tidwell moved to Silvertown with her parents in the fall of 1924 from Memphis, Texas, where she finished high school. She was married to Otis Tidwell February 14, 1933 at the home of her parents in the Silvertown public schools for a number of years. She had been a member of the Methodist Church since 1925.

Survivors include her husband, Otis Tidwell, parents, Mr. and Mrs. M. K. Summers, three sisters, Mrs. Sadie Estes, Amarillo; Mrs. Mildred Heath, Plainview, and Mrs. Laurina Dobbs, Crosbyton, Texas; also four nieces survive as well as other relatives and a host of friends.

Pallbearers were: Arnold Turner, J. W. Lyon, Jr., Robert Hill, Roy Burris, Leo White and George Seaney.

Womans Society of Christian Service Met Monday

The Womans Society of Christian Service met June 6, at the Methodist Church with ten members present.

The program opened with the song "Let the Lower Lights Be Burning."

Mrs. Jeff Simpson had charge of the devotional; Mrs. Arnold Turner and Mrs. W. W. Coffee, Jr., gave a very interesting lesson on Africa.

Plans for vacation bible school were discussed.

The program closed with the group saying the Lords Prayer.

Roy Teeter Moved Real Estate Office Down Town

Roy Teeter, real estate agent moved his office Wednesday from the west side of the square to the southwest corner, in the building formerly used as Conono gas station.

The building has been under repair for the past two weeks, and the finishing work was completed the early part of this week.

Friends of Carl Stone of Alice, Texas, and son of Mrs. M. P. Stone of Silvertown, will be glad to know he is able to be up again after suffering a heart attack some months ago.

Dr. Mary Anderson, head of the education department of Wayland College, Rev. Wm. Ware, pastor of Bethel Chapel, Plainview and Mrs. Ware, spent the day Saturday with Luree and Mrs. J. H. Burson.

H. C. Doak of Hereford, visited in the home of his daughter, Mr. and Mrs. R. E. Brookshier the first of last week.

Mrs. C. R. Barnes and Mr. and Mrs. C. C. Barnes and family, of Itasca, Texas visited their daughter and sister, Mr. and Mrs. E. V. Riddlehuber over the week end.

Berlin Autobahn Re-opens as Blockade Lifts

BERLIN — Under direction of Allied Military Personnel, German painters are shown marking out traffic lanes leading to Berlin control point of the Berlin end of the autobahn. Lanes are designed for control of American, French and British traffic between Berlin, which is in the heart of the Soviet Zone, and the Western Sector of Germany under Allied Control. Beyond checkpoint, where gates are down, is no-man's land between the Western and Soviet check points.

Methodist and Presbyterian Churches Start Vacation School Monday, June 13

Kay Castleberry Honored in Music

Miss Kay Castleberry, daughter of Mr. and Mrs. A. R. Castleberry, 2037 Ong, Amarillo, was among eight Stephens college students honored for outstanding music ability at a college awards convocation last Monday.

Miss Castleberry received the conservatory of music award certificate for proficiency in voice.

Miss Castleberry, who has completed her sophomore year at Stephens, Columbia, Missouri, returned home after closing exercises.

Mr. and Mrs. Castleberry and daughter are former residents of Silvertown.

Miss Frances May Wed to Bill T. Womack

In the chapel of the Trinity Methodist Church, El Paso, Texas, at 10:15 a. m., on June 2, 1949 Miss Frances May, daughter of Mrs. Lillian May, Silvertown, Texas, became the bride of Mr. Bill T. Womack, son of Mr. and Mrs. W. D. Womack, Ozona, Texas. They were attended by Mr. Jimmie Read, of Ozona.

Mr. and Mrs. Womack plan to continue their school work at Texas Tech where they are both students. They will be at home at 2605 Avenue W, Lubbock, Texas.

Rural Wood and son, James, and Mr. and Mrs. Bill Wood, of near Dalhart, visited Mr. and Mrs. Dewey Beavers over the week end.

Mrs. J. M. Thompson returned to her home Saturday from Lubbock where she underwent surgery. Miss Blanche Thompson accompanied her home.

Mesdames Wayne Crawford and daughter, Mary Ann, Lee D. Bomar and daughter Patsy, and Donald Alexander, visited their sister in Plainview last week.

Mr. and Mrs. Guss Schmidt, Mr. and Mrs. Durward Schmidt and son, all of Lamesa, visited in the home of Mr. and Mrs. J. M. Thompson Sunday. Mrs. Durward Schmidt and son remained for a longer visit.

Miss Ena Rey Knox Receives Degree at Denton, Texas

Miss Ena Rey Knox, daughter of Mr. and Mrs. Cecil Knox, of Krum, Texas and granddaughter of Mrs. Emma Freize, of Silvertown, was among the honor graduates at the Texas State College of Women at Denton, Texas, Monday, June 6, 1949. Miss Knox received her bachelor of arts degree. Mrs. Freize attended the graduation of her granddaughter.

John Montague Dies At Plainview Funeral Here Friday

John Montague, age 84, died at Plainview Wednesday night at 11:45, according to word received here this morning. Funeral arrangements have been announced for Friday, June 10, 1949, at 2 o'clock at the First Baptist Church. Earl I. Cantwell, officiating.

A complete obituary will appear in next week's paper.

Mr. and Mrs. Norlan Dudley attended the Barrett-Garrison wedding in Plainview Sunday.

C. L. Dunn was brought home Friday from the Tullia hospital where he had been for several days with an ear infection.

Mrs. Steve Duncan underwent a major operation at the Briscoe County Clinic Hospital last Friday. Mrs. Duncan is reported to be doing nicely.

Mrs. R. E. Brookshier and Mrs. Pearl Simpson accompanied Mrs. J. S. Brookshier to Estelline where she caught a bus to Burkburnett where she will visit her son and wife, Mr. and Mrs. Ralph Brookshier for a few days. Then she will go to Kansas City, Missouri, to spend the summer with her sons, Mr. and Mrs. Harry Brookshier and Mr. and Mrs. Frank Brookshier and other relatives.

Mr. and Mrs. Clifford Davis and son, Bill, Mr. and Mrs. Glenn Allen, Jo Ann and Marsha, of Amarillo, spent the week end in the home of Mrs. J. H. Burson.

Mr. and Mrs. Vernon Garrison, of Tullia, visited relatives in Silvertown Sunday.

Mr. and Mrs. Red Mathews, of Dimmitt, were dinner guest of Mr. and Mrs. T. C. Bomar Tuesday.

Methodist and Presbyterian Churches Will Start Their Annual Vacation Church School Monday, June 13, at 2:30 p. m., in the Methodist Church. The daily sessions will be from 3 to 5:30 p. m. Miss Janet Edmonson of Abilene will supervise the school. She will bring with her a co-worker. Miss Edmonson has had several years of experience in this kind of work.

Mrs. Cleat Miller will have charge of the beginner's department. This age group are four to five years and pre-school 6 year olds. Each one is to bring a box at least twelve inches square with his name plainly on the top. Supplies to be furnished are crayons, scissors, glue in a bottle with rubber top and six paper clips. Each item should be plainly marked with the child's name.

All children are urged to attend.

Courses in Applied Art Will be Offered

Three courses in applied arts in the home economics division at Texas Technological college will be added to the art curriculum at the opening of the 1949-50 school year.

Two of the courses, both on advanced student level, are particularly concerned with home decoration and planning. One of the courses stresses United States homes.

The third new course, also for advanced and graduate student, deals with special problems in leather, wood, metal, clay, textiles, jewelry and plastic work.

Mrs. McNeese Will Study at University Of California

Mrs. J. W. McNeese, English teacher in Silvertown High School will leave Saturday night by plane for Los Angeles, California, where she will attend the University of Southern California this summer. Mrs. McNeese will return to Silvertown about August 1.

Mr. and Mrs. J. H. Frendiger, of Terrell, are visiting their daughter and family, Mr. and Mrs. O. M. Blackshear.

Mr. and Mrs. Red Mathews, of Dimmitt, were dinner guest of Mr. and Mrs. T. C. Bomar Tuesday.

New Type Wheat Storage Bins Approved

Jimmie Webb Delivers First Load of Wheat Friday

Jimmie Webb delivered the first load of wheat to the Farmers Elevator Friday morning, June 3, from his farm in northeast Briscoe County, below the caprock.

The Co-Op Elevator received their first load of wheat from Mr. Webb Saturday evening, June 4, 230 bushels, the wheat tested 63, moisture content 12.06. This wheat was also grown below the cap.

Both elevators have received wheat since then, but so far very little wheat has been harvested.

Miss June Wimberly Receives Degree from W. T. S. C. of Canyon

Miss June Wimberly daughter of Mr. and Mrs. Carl Wimberly, formerly of Silvertown, received her bachelors degree from West Texas State College, Canyon, June 2, 1949. Miss Wimberly was a member of Alpha Chi National Honor Society and for two years she was selected for Who's Who in American College and Universities.

On the traditional senior day program, Miss Wimberly was recognized as being "the most outstanding senior girl of the class of '49." Beginning the fall semester, she will take up her duties as music instructor at West Texas State Demonstration school at Canyon.

Attend Bankers Convention at Amarillo

Mr. and Mrs. D. T. Northcutt, Mr. and Mrs. Norlan Dudley and Perry Whittemore, attended the bankers convention in Amarillo June 2 and 3.

Attend Bankers Convention at Amarillo

Mr. and Mrs. L. G. McDonald and son, Bob, of Mercedes, Texas, visited from Sunday until Tuesday morning with Mrs. McDonald's sister, Mrs. Perry Thomas and family, and her mother, Mrs. Mayfield. Mr. Fred Mercer and children visited with Mr. and Mrs. McDonald Monday night in Mrs. Mayfield's home.

Giles Explains Operation of New Veterans' Land Program

By BASCOM GILES, Commissioner of the General Land Office

The Veterans land program is now a reality. The idea was born in the hearts of the veterans themselves while they were overseas and thinking about home. Their letters to my office asking how they might obtain a farm or ranch home if and when they returned, inspired me to put the machinery of this program in motion.

Last week Governor Jester's signature made the Veteran's Land bill into formal law. The bill was sponsored in the upper House by Senator John Bell of Cuero and in the lower House by Representative Reuben Senterfitt of San Saba.

The legislation grew out of a Constitutional Amendment adopted by the Citizens of Texas in a special election in November of 1946. At the following session of the Legislature the necessary enabling legislation failed to receive final consideration in the Senate.

The 51st Legislature, promptly and without a single negative vote in either House carried out the mandate of the people, making it possible for Texas Veterans of World War II to own a farm or ranch home of their own choosing by making a small down payment with the balance financed by the State at a low interest rate.

A new low cost wheat storage bin has been approved for storing the 1949 wheat crop, according to a statement this morning from Leo White, Briscoe County Agent. This new bin is an emergency structure but it will meet with the approval of the local PMA committee for the wheat loan program. The floor and walls of this temporary structure can be made of one inch material, either shiplap or car siding, nailed on two by six lumber. Concrete blocks would be used for a foundation and a tarpaulin used to cover the grain.

The cost of this small structure would be less than six cents per bushel of storage space and the tentative storage rate set up for farm storage is eleven and one half cents per bushel per year. The storage space could be more than paid for at the end of the year.

Wheat farmers who are interested in more storage space should see George Martin at the local PMA office or see a model of the structure. Mr. Martin attended a meeting yesterday in Paducah and received blueprints of the bin.

These blueprints will be placed in the hands of the lumber dealers and Mr. White says that in all probability, models will be on the lumber yards by the end of the week.

Attend Bankers Convention at Amarillo

Mr. and Mrs. D. T. Northcutt, Mr. and Mrs. Norlan Dudley and Perry Whittemore, attended the bankers convention in Amarillo June 2 and 3.

Mr. and Mrs. L. G. McDonald and son, Bob, of Mercedes, Texas, visited from Sunday until Tuesday morning with Mrs. McDonald's sister, Mrs. Perry Thomas and family, and her mother, Mrs. Mayfield. Mr. Fred Mercer and children visited with Mr. and Mrs. McDonald Monday night in Mrs. Mayfield's home.

Attend Bankers Convention at Amarillo

A. J. Jones was a business visitor in Amarillo Sunday.

Here briefly are some of the outstanding provisions of the new law:

The Board may issue up to \$25 million in bonds to finance the program.

Land may be purchased from an individual, from the State, or Corporations for re-sale to veterans at cost. (This provision will be more fully explained in a separate article—Editor's Note.)

Veteran may select land which he desires to purchase subject to the approval of the Board.

The maximum purchase by each veteran shall not exceed \$7,500 to be financed by the State.

The second article explains how a veteran should proceed in selecting a tract of privately owned land for his future home.

Six Per Cent Drop in Farm and Ranch Land Prices

Farm and ranch land prices have dropped six percent since last year. But that's only a drop in the bucket when you compare it with land prices during the pe-

riod between 1935-39. C. H. Bates, extension farm management specialist of Texas A and M College, says that today's land prices in Texas are still 96 percent above those of 10 to 14 years ago. After ten years of steady climbing, farm and ranch land prices in the entire nation appear to have passed a post-

war peak.

Declines in prices of farm products in recent months was probably the major factor affecting the level of land prices. This downward drift began little less than a year ago in August, and has had quite an influence on prospective land buyers.

Since the land values have risen slower than the net farm income since 1940, there's a good chance that land price declines will lag behind commodity price drops. If farm costs remain extremely high and limits the net return to operators, the land value drop may increase in rate, Bates says.

Even though government price supports are active on many farm products and livestock, the net farm income is expected to continue downward. High fixed costs become more of a burden as the net profits are trimmed.

Therefore, buyers should attempt to keep land payments down to a manageable size to prevent hardship or possible loss of equity in lands recently acquired, Bates concludes.

Experts Agree on Well-Planned Farmhouse

Housing experts on five features that every well-planned farmhouse should have.

Mrs. Bernice Claytor, extension home management specialist of Texas A and M College, says these features have been named "Farmhouse Specials" by Mrs. Lenore Sater Thye, who is in charge of housing and household equipment research in the USDA's Bureau of Human Nutrition and Home Economics.

Briefly, the five features are:
(1) Entrance to both living and work rooms convenient to the main driveway, which also should be convenient to the farm buildings.

(2) A well-located kitchen, with a view of the drive and farm buildings. "This feature has a number of advantages," Mrs. Thye says. "The housewife can see any visitor arriving, keep in touch with the children outdoors and have a watchful eye on the farmstead when the men are in the fields."

(3) Good traffic lanes, so that all parts of the house may be reached without passing through the kitchen work areas and other centers of activity.

(4) Adequate work areas for preparing and preserving food.
(5) Adequate dining area in a pleasant place, with enough space to serve and eat regular meals.

"These farmhouse specials are important in any farm and ranch home, whether in Texas or in some other part of the country," Mrs. Claytor points out. "They are also points to be considered in building a home in town."

"Behind the Scenes in American Business"

That postwar world we once dreamed of is here. It's even beginning to show its age a little. It's amazing to find—when checking back over the wartime issues of Behind the Scenes—how many of the "Things to Come" products heralded then are actually here now in enormous, everyday quantities. During the war, this Column spoke often of detergents. Though not entirely new, detergents did not win firm market acceptance until the soap shortage. Now some 300 brands are on the market, and are steadily winning a substantial share of the business once held by conventional soaps. New kinds of dishwashing machines also were a favorite prediction of those wartime Behind the Scenes columns. They lived up to their forecasts with a vengeance. Next to the new television set, the dishwasher seems to be the American family's most talked-of possession. Last year 225,000 dishwashers having a retail value of some \$60 million were sold. And no housewife needs to be told that new types of canned goods are her today, exactly as predicted during the war in these columns.

GIRLS SCOUT TROOP NO. 4 MET WITH MRS. MALLOW

The Girls Scout Troop No. 4 met with their leader, Mrs. Elbert Mallow, Wednesday afternoon, June 1. They discussed plans for their camp trip, after which refreshments consisting of ice tea and sandwiches were served to the following: Kay Steele, Sandra Mallow, Mary Dudley, Junis Mercer, Millie Marshall, and the leader, Mrs. Mallow.

1949 Texas Highway Map is Ready for Free Distribution

The 1949 Texas Highway Map comes off the presses today ready for free distribution by the Texas Highway Department. Showing 31,000 miles of completed Texas highways, over 30,000 miles paved, the map is illustrated with drawings and 30 full color pictures.

A panel is devoted this year to travel attractions in Mexico on the Pan-American Highway, with particular attention given to prehistoric ruins. This highway, which dissects Texas, north to south, now runs to Tuxtla, almost in Central America. Texas will be the gateway state in future travel on this international road.

Complete mileage tables of comparative distances between Texas cities and between state capitals outside of Texas to border points in Texas are given. Mileages from Laredo south to points on the Pan American Highway are included. A United States road map, showing major national highways, is on the back of the Texas map.

Governor Beauford Jester's message to Texas travelers prefaces the edition.

PICNIC AT THE BYRD HOME SATURDAY EVENING

Those enjoying a picnic on the lawn at the home of Mr. and Mrs. W. G. Byrd Saturday evening were: Mrs. Sadie Russell, of Okmulge, Oklahoma; Mrs. G. P. Kirkland, of Bronte; Mr. and Mrs. I. M. Austin, and two children, of Tulla; Mrs. True Love; Mr. and Mrs. W. L. May; Mr. and Mrs. Wayne McCutchen and two children, Mr. and Mrs. J. W. McCracken and Mr. and Mrs. W. G. Byrd.

The new home of "Lubri-tection"

AN INVITATION

to visit America's
newest and most modern
motor oil plant

There are going to be "big doings" at Kansas City, Kansas, June 21st and 22nd, when Phillips' great new motor oil plant holds "open house" for American motorists.

You and your family and friends are invited, if you can possibly be there.

There'll be guided tours and refreshments, and you'll get an exciting "eyeful" of what Phillips has done to make possible finer lubricants for today's cars.

You'll see motor oil scientifically packaged by new precision methods. You'll be thrilled by

new high speed conveyors and miraculous new machines that turn out up to 250 cans of oil a minute. You'll see special automatic blenders that maintain exact standards of uniformity and purity.

Come and see this new home of "Lubri-tection", where Phillips blends finer motor oil to give your car lubrication plus engine protection. Remember the dates... June 21st and 22nd... at Kansas City, Kansas. Any Kansas City Phillips 66 Dealer can give you directions for reaching the plant.

P. S. If you can't be in Kansas City June 21st or 22nd, why not pay us a visit the next time you're in our part of the country? You'll always be welcome!

Lack of Adequate Storage for Grain Causes Concern

The lack of adequate storage for the bumper grain crop that is now beginning to move in the state is causing much concern. That coupled with the drop in price, has brought the producer face to face with a real problem but fast action may yet save the day. It isn't too late to provide much on-the-farm storage and at the same time qualify for a government loan on the crop says, W. S. Allen, extension agricultural engineer-buildings of Texas A and M College.

Whether you build or buy pre-fabricated bins will depend on the local situation, he says. If you need a blueprint for building on-the-farm storage, go see your local county agent. Through him plans are available for many types and sizes of grain storage structures.

Grain storage structures, concludes Allen, should be well built so they'll last for many years. And, too, one of the qualifications for agovernment loan is that the grain be stored in bins or granaries where it will not be subject to damage from moisture, insects, rodents or from other causes.

Will Honor Scottish Rite Hospital Donors

Men and women who have left bequests to the Texas Scottish Rite Hospital for Crippled Children will be honored Sunday, June 12, at the annual Memorial Services on the hospital lawn, 2201 Welborn Street.

Since the services last summer 15 new names have been added to the list of 113 benefactors who have perpetuated their memories through gifts designated in their wills. The names are inscribed on a marble shaft around which the services are held. Atop the shaft is a statue of a nurse shielding a crippled child and on the shaft is the inscription "to live in hearts we leave behind is not to die."

The public is invited to attend the services which begin at 3:15 p. m. The program will be broadcast over TQN from 3:30 to 4 p. m.

Man, 91, Cracks Nuts On Birthday, Plans Motorbike Programs

APPLETON, WIS.—(AP)—JOE Leppla was cracking hickory nuts on his 91st birthday, waiting for spring so he can renew his claim of being the world's oldest motorcycle rider.

The man who figures he's the granddaddy of the motorcycle doesn't usually put away his bike for the winter. He kept riding last year when the icy season set in. But Joe picked up a cold this winter—the first in 40 years, he says—so he decided to sit out the snow and cold for the first time.

Leppla retired from farming at the age of 60 and took to the motorcycle so he'd have something to do and so he could keep on getting plenty of fresh air. Since then he's worn out five bikes and has well over 100,000 miles on his sixth.

When he winds up, Joe usually heads for a fishing spot in this area, but he's taken many long jaunts out west.

Leppla might claim another title when he climbs aboard his cycle this spring. Those hickory nuts he's been cracking at the home of his daughter here aren't merely time passers. Joe says he has 85 pounds of nut meats so far and is on his way to becoming the champion hickory nut cracker of the world.

Bank Suspends Business After Three Robberies

VIRGIL, ILL.—The Virgil State bank, pillaged by hold-up men three times in the last few months, has decided to "call it quits."

Directors called a stockholders meeting to vote on proposed liquidation. The reason, directors said in a statement, is the "recent succession of robberies and the evident necessity of continued protection outlays."

Protection outlays have included a burglar-alarm system and an armed guard at the front door at all times. Customers must convince him before they can get in.

The bank was robbed of \$4,090 October 20 by Spencer Peterson of near-by Little Rock and Joseph Hornyan of Aurora. It was taken for \$2,000 November 13 by Peterson and Louis Rabenburg of Aurora. It was looted of \$1,917 January 14 by Arthur Otowski and John Minister, both of Chicago.

PERSONALS

Mr. and Mrs. W. J. Hyatt were in Amarillo Saturday on business. Joy Nell Chitty is spending two weeks in Borger with her aunt, Mrs. Jack Martin.

James Carrol Martin, of Borger, is visiting Troy Chitty this week. Mrs. Leora Higgins, of San Diego, California, spent the past week with Mr. and Mrs. H. Roy Brown.

Mrs. H. V. Dohk of Hereford brought her mother, Mrs. Mary Porter home last week.

F. C. Gatewood returned Tuesday after a two weeks visit with relatives in Dallas and Denton, Texas, and Temple, Oklahoma.

Mrs. Omer Cornett, Mrs. Freeman Bingham and Wade Welch were called to Wellington Saturday on account of the illness of their brother, Bernice Welch.

Mrs. E. D. Hodges, of Memphis, visited her brother and family, Mr. and Mrs. Alva Jasper last week. Mr. Jasper carried his sister home Friday.

SILVERTON, TEXAS

PERSONALS

Mrs. Lem Weaver is in Dallas for medical treatment.

Mr. and Mrs. Bob McDaniels, of Amarillo, spent the week end with her parents, Mr. and Mrs. Bill McGavock.

Mr. and Mrs. Morris Stephens, of San Jacinto, spent the week end with relatives in Silverton.

Mr. and Mrs. Bill Joiner attended the Old Settlers Day in Plainview recently.

Miss Betty Lou Olive, had an appendectomy Friday morning at the local hospital. She is reported to be doing nicely.

Mrs. Steve Duncan underwent surgery at the local hospital Friday. She is reported to be improving.

Gean Arnold who attended Texas Tech at Lubbock is home for the summer.

Mrs. L. D. Griffin and Mrs. Carl Dean Bomar visited their brother, Wayne McMurtry, who is in the Tullia hospital, Monday.

Miss Luree Burson left Monday for Denton where she will enter Northwest College for the summer term.

Mr. and Mrs. Clifford Davis and family and Mr. and Mrs. Glenn Allen and family, of Amarillo, spent the week end with their mother, Mrs. J. H. Burson.

Lee D. Bomar and son, Joe Lee, made a business trip to Tullia Monday.

Mrs. W. A. Crouch and son, of Mena, Arkansas, are visiting her mother, Mrs. R. N. McDaniels.

Mrs. Leo Trimm and daughter, of Martinville, Virginia, are visiting her mother, Mrs. C. M. Strickland and other relatives.

Mr. and Mrs. Printz Brown and son, Don, visited Sunday in Dimmitt with Mrs. Brown's sister, Mr. and Mrs. Bill Ellis.

Mr. and Mrs. A. H. Jackson accompanied his mother to Gail last week end. Mrs. Jackson had been a guest of her son and Mrs. Jackson for several weeks.

Mrs. Elbert Stephens and daughter, Margaret Ellen, attended the graduation exercises of Luree Burson at Wayland College last Monday.

Mrs. Nobe A. Lyde and daughter who have been visiting relatives and friends in Silverton the past week returned to their home in Lubbock Saturday.

Mrs. W. E. Stodghill and boys who have been in Amarillo visiting Mrs. Stodghill's parents, Mr. and Mrs. Edgar Cupell, returned Sunday.

Miss Fayree McMinn and Mr. Billy Sanders of Plainview, spent Sunday with Mr. and Mrs. Bud McMinn.

Those visiting in the Ed Vaughan home Sunday for lunch were: Mr. and Mrs. R. E. Stephens, Mr. and Mrs. Paul Ledbetter and boys, Mr. and Mrs. Millburn Curlee, of Sherman. Those calling in the afternoon were Mr. and Mrs. Bud McMinn, Miss Fayree McMinn and Mr. Billy Sanders.

Boilers, fryers, milk, lettuce, canned apricots, peaches and mixed fruits join the list of plentiful foods for June.

Will Honor Scottish Rite Hospital Donners

Men and women who have left bequests to the Texas Scottish Rite Hospital for Crippled Children will be honored Sunday, June 12, at the annual Memorial Services on the hospital lawn, 2201 Welborn Street.

Since the services last summer 15 new names have been added to the list of 113 benefactors who have perpetuated their memories through gifts designated in their wills. The names are inscribed on a marble shaft around which the services are held. Atop the shaft is a statue of a nurse shielding a crippled child and on the shaft is the inscription "to live in hearts we leave behind is not to die."

The public is invited to attend the services which begin at 3:15 p. m. The program will be broadcast over TQN from 3:30 to 4 p. m.

Sixty-Two Cities Collect 7 Million in Parking Fees

Parking meter incomes in 62 large cities averaged more than \$74 per machine last year according to the Municipal Finance Officers association.

Citing a recent survey of cities over 100,000 population with parking meters, by the Chicago department of purchases and the National Institute of Governmental Purchasing, inc., the association notes that the 62 municipalities reported receipt of 7.1 million dollars from 95,466 meters last year. Cost per meter in 1,000 lots, delivered and installed, ranged from \$38 to \$76.50—an average cost of less than the average annual income.

Minneapolis averaged receipt from its 2,100 meters was \$166.67 while neighboring St. Paul realized an average of \$113.12 from each of its 1,340 machines. Dayton averaged \$108.92 per meter, Long Beach Cal.—\$107.31 and South Bend, Ind.—\$106.67.

Maintenance cost, including labor, repairs and collections, averaged \$6.99 per year for each machine. Only 33 of the 68 reporting cities gave comparable answers to this query.

Clogging by foreign matter was the chief cause of parking meter trouble listed by the cities. Bent coins, slugs and vandalism also took their toll of the machines.

In total collections, Oakland, Cal., ranked first with \$380,000 from 4,351 meters. Runners-up in collections were Minneapolis—\$350,000, Denver—\$327,897 from 5,057 meters, and San Diego—\$323,000 from 4,450 meters.

Tick-Free Sheep Pay Off; Eat Less, Bring More Cash

More lambs, heavier lambs, more and better quality wool, as well as the need for less feed, are the reasons expressed by Colorado sheepmen who adopted a sheep tick control program last year, reports Dr. A. A. Goodman, extension veterinarian, Colorado A & M college.

Colorado sheep producers who sprayed or dipped their sheep with a suspension of DDT last year report they saw a marked improvement in the condition of their sheep. Also, at shearing time this year they found a material reduction in the tick population compared to that of a year ago.

They are repeating the application of DDT again this year in order to further reduce the tick infestation in their flocks, adds Goodman. Ticks, says the veterinarian, are a costly pest for Colorado sheepmen. They lower the vitality of animals, retard gains, and lower the quality and quantity of wool.

When ewes are sheared, ticks lose their protective covering and practically all of the ticks migrate to lambs. When lambing has been completed a practical tick control program is to dip or spray the lambs with DDT suspension about 10 days or two weeks after shearing. When dipping is practiced, four pounds of wettable 50 per cent DDT powder to 100 gallons of water is recommended.

Refinishing Furniture

Refinishing furniture is one job that calls for plenty of work space and ventilation. Solvents to remove paint and varnish may be made at home or bought ready-mixed. Commercial removers are generally recommended, as they are more efficient. They can be purchased in paint stores or departments. If the remover is liquid, shake the container well. "Lay" it on the furniture with a brush but do not brush it in. Let stand only until the old finish wrinkles or is soft; then lift off the gummy substance with a putty knife. Work with the grain of the wood and be careful not to injure it. To remove the softened finish from carvings and turned surfaces, use a softwood stick.

Pintail Files Atlantic

A trans-Atlantic record for wild waterfowl may have been set by a young pintail banded at Hamilton Inlet, Labrador, by A. J. Reeve of the Wildlife Management Institute's northeastern wildlife station. Instead of joining other pintails banded in the same trap, this adventurous individual headed east and was shot only 21 days later on the River Dart between Dartmouth and Totnes in South Devon, England. Its trap-mates were recovered along the Mississippi flyway. Ornithologists cannot say whether this bird was a European pintail breeding in Labrador or an American pintail wintering in Europe since only the band was recovered from the hunter. At any rate, the incident provides a terse commentary on the amount of energy wrapped in the feathers of a wild duck.

Ancestors of the Rose

Since the time of ancient Egypt and Persia, the rose has been accorded a special significance, sometimes as a religious symbol, sometimes as a motif in art, always as a flower of exceptional beauty. Modern roses have been developed from the Tea rose of China, the Provence rose of central Europe, and other wild varieties that captured men's imaginations with their beauty, color and fragrance. Through the centuries, constant experimentation and development of hybridization methods have brought these lovely flowers to their present state of perfection.

"PACKS THE SOIL WITH POWER!"

NOW... a new nitrogen from a new plant to make fertilizing easy and profitable! The Rowland Company's new Plainview NITROW plant, shown above, is the answer to this area's nitrogen fertilizer shortage. For the soil's basic nitrogen needs, liquid NITROW contains 25% nitrogen. It is manufactured by combining 83% Anhydrous Ammonia with water, by the process shown above, and is being distributed to irrigation area dealers in 50 gallon steel drums. The price of NITROW is 45c per gallon, plus a drum deposit.

The Flow of NITROW down your rows is easy to check, for it gives irrigation water a milky color, and gives off an ammonia odor. You see where your fertilizer is being distributed when you channel NITROW liquid nitrogen fertilizer into your rows. YOU CAN SMELL IT! YOU CAN SEE IT!

The Rowland Company's NITROW is the equal of the best in increasing yield and quality of cotton, maize, wheat, truck and other crops. From a few drums used on maize last season by a West Texas farmer, yield was so multiplied that 8 rows filled a harvest hopper which took 14 rows to fill without the help of liquid nitrogen. Near Las Cruces last year, cotton that ordinarily made a 2 bale-per-acre stand, made another one-fourth bale when strengthened with nitrogen in the NITROW form. Call or visit us for NITROW today!

10 TO 15 GALLONS PER ACRE

LOOK FOR THE DEALER IN YOUR COMMUNITY

Here are dealers already established to serve you with "NITROW". Others are being set up in all irrigation communities. Watch for his announcement in your local newspaper.

HELP YOUR WISHES COME TRUE!

It's easy to keep wishing for things, never helping to make them come true. If you were the father above you might want more land, newer machinery or maybe a nest egg of security on which to retire. If you were this wife you'd probably have your heart set on home improvements, a modern kitchen or maybe a long vacation to Rio, Paris, Hawaii, the Orient. You can make these dreams come true by planting your dollars now in safe, sure U. S. Savings Bonds. Maturing in ten years at a \$4 for \$3 profit, they'll supply the cash for the schooling of your children and the fulfillment of your dreams. Start saving today at your bank or post office.

**Plant more opportunity in your future!

Harold Gist Post American Legion of Claude Give Rodeo

At a recent meeting of the Harold Gist Post of the American Legion at Claude, Texas, dates and plans were made for the annual "Caprock Round-Up" to be held here July 21, 22, 23. The Round-Up will consist of three night shows. This is a variation from previous Round-Ups since afternoon shows were also held.

As the Caprock Round-Up has always been, the Rodeo will be an open show, R. C. A. approved. It was agreed that R. L. Pointer of Elgin, Oklahoma will furnish the livestock for a five point show, calf roping, bull dogging, saddle and bare back bronc riding and bull riding.

Leroy Campbell is business manager of the show and as in the past, Cotton Johnson will be secretary.

Several interesting events are being planned for the afternoons of the three day event and everyone is invited to visit Claude on the 21, 22, and 23 of July and be a part of the exciting and entertaining "Caprock Round-Up."

Grain storage bins must be built to certain specifications in order for the farmer to get government support loans. The bin must protect grain from rain, snow and surface moisture; provide protection against loss by fire and wind; and protection against insects, birds and rodents.

Gelosy, a new soybean product developed by the USDA, can be used for gluing purposes, as well as in variety of foods. It's the first vegetable protein product that "jells", and it can be whipped like eggwhites to make pie meringues.

Oiled dustcloths and mops do good job of picking up the dust, but should never be used on wax surfaces. An oiled cloth used on furniture finished with wax makes the wax sticky and dingy because the oil softens it up, just as an oil mop does on a waxed floor.

After the old vegetables have been removed from the garden, the next step is to keep the soil stirred up to prevent weed growth. Weeds take up soil moisture that can be better used to start fall vegetables.

Gather eggs three times a day—mid morning, noon and evening. Poultry men have found that about 75 per cent of the eggs laid are laid by noon.

FRANCIS NEWS

HELPING HAND CLUB MEETS

Mrs. Hollie Francis was hostess to members of The Helping Hand Club for a regular meeting Thursday afternoon.

The meeting was opened with the members answering roll call with "How to Save on the Family Food Budget."

Directing the business discussion was Mrs. J. E. Jowell, president.

Games were enjoyed throughout the afternoon and gifts were exchanged for "Sunshine Sisters."

Guests were: Mrs. Johnny McGavock and Mrs. A. Smith.

Members present were: Mesdames U. D. Brown, Wade Steele, John Lee Francis, J. D. McGavock, Alva A. Jasper, Lowell Callaway, Frank Fisch, A. J. Rowell, Scott Smithee, Frank Mercer, Aubrey Rowell, Hagen Fronterhouse, J. E. Jowell and Jack Harris.

Mrs. John Lee Francis is to be host to the next meeting on June 16 in her home.

Mr. and Mrs. Scott Smithee were in Amarillo on business Tuesday afternoon.

Mr. and Mrs. J. L. Self and Anne Brown were in Plainview visiting Saturday.

Those enjoying a swimming party at the Glenn pool Sunday afternoon were: Faith Smithee, Anne Brown, Wayma Callaway, Junis Mercer and Peggy Davis.

Mr. and Mrs. Scott Smithee had as their dinner guests Friday, Fred Mercer, Junis and Mike, Mrs. Robert McJimsey and Sue, Mr. and Mrs. Wilbur Reed and Charles, of Mercedes, Texas.

Texas Tech's 1949 Graduating Class Favor Night Softball

Night softball games on the Texas Tech campus will result from the parting gift of Texas Tech's 1949 graduating class.

It is the custom of each graduating class to leave a memorial on the campus. This year the class presented a check for over \$1,000 to purchase lights for a softball field.

"This is something we have needed badly," Director O. B. Ratliff, Lubbock, told Francis Brockman, Carlsbad, New Mexico, class president, in accepting the gift.

Work on the field will be started as soon as possible, college officials said.

Tom Brooks, son of Mr. and Mrs. Jim Brooks, who has been teaching in the Borger High School, has returned home for the summer.

PERSONALS

Mr. and Mrs. R. C. Krovenberger and small daughter left for their home in Indianapolis, Indiana, Wednesday after visiting with Mr. and Mrs. J. D. McGavock for two weeks.

Mrs. Perry Thomas, Sr., who has been living in Tulia for several months has returned to Silverton to make her home.

Little Wayne Nance, son of Mr. and Mrs. Hugh Nance underwent a tonsilectomy Thursday of last week.

Rev. and Mrs. Grady Adeock made a business trip to Lubbock Friday.

Miss Anna Lee Anderson spent the week end in Hereford and Amarillo visiting friends.

Mrs. Wood Hardcastle, of Skelleytown, visited with her sister, Mrs. Dean Allard last week.

Mrs. Earl Brock and daughter, Mona, of Dimmitt, came Sunday afternoon to bring Mary Tom Bomar home. Miss Bomar had been visiting in the Brock home for the past week.

Singer Outlines Technique For Bathroom Sinatras

BOSTON.—Do they laugh when you sit down in the bathtub to sing? "It shouldn't happen," singer Bobby Wayne says. "Anyone can sing. All he has to do is brush up on the three R's of music."

Just let the bathroom warblers know their own voices, he said, and it would eliminate the wifely complaints about squawking seals.

Wayne, who gets no complaints because he whispers lyrics, believes most of the shower and bathtub singers have good voices, but try to do the wrong things with them.

Some are the Sinatra type and try to sing opera. Others are crooners who try to yodel.

"It can't be done," he said as he recalled an effort by Lawrence Tibbett to sing the "Hut-Sut Song." "The opera fans screamed. The bobby socks screamed, too. Tibbett is terrific at opera, but he got out of his vocal circle."

The three musical R's—resonance, range and rhythm—will put anyone in his proper niche, Wayne said, and tag him as a yodeler, balladier, crooner, light classical or opera singer.

"You can gauge your resonance by the ability to hold a note powerfully. The longer you can sustain it, the more like an opera singer you are. If you can't hold it long, you're more like a heart patting crooner."

4,500 People to Share In Two-Million Dollars

NEW YORK.—A New York company has announced it has been hired to look for 4,500 persons to whom two recently organized Chicago companies want to give \$2,298,038.

The pleasing part about the whole thing for the missing 4,500 is that they're found—is that they don't know they have the money coming.

The potentially lucky 4,500 are missing stockholders in the Midland Utilities co. and the Midland United co., both of Chicago. The company hired to find the stockholders is the Tracers Company of America, in New York.

The last known addresses of the missing persons are scattered in Alaska, Hawaii, 15 foreign nations and in 500 cities, towns and villages of America, including Paw Paw and Midland, Mich., Nectarine, Pa., and Broken Bow, Ohio.

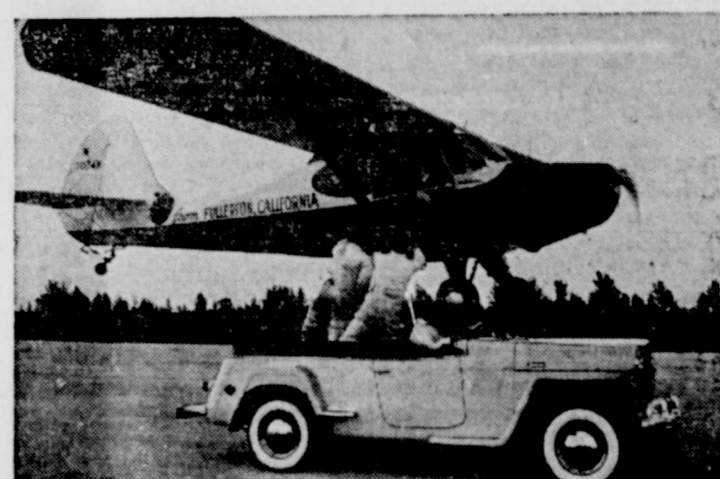

Under a court order last year in the proceedings for reorganization of the Chicago companies, the court decreed that stockholders entitled to participate in the exchange of securities under the plan of reorganization must surrender their old securities before June 30, 1953. Otherwise they lose their rights to any securities or cash held for them.

Celebrate First Anniversary

NEW YORK.—At monster rally in Madison Square Garden Park President Chaim Weizmann of Israel waves hand in acknowledgement of cheers from thousands of throats when he appeared on speakers platform during ceremony which celebrated first anniversary of Israel's independence. Further cause for celebration was Israel's entrance into United Nations.

Three Times 'Round World—Non-Stop!

Twice a day for six weeks, Bill Barris and Dick Riedel of Fullerton, Calif., repeated this stunt of refueling their Aeronca at 75 miles per hour. Their record-breaking endurance flight of 1,008 hours, 2 minutes, covered 75,000 air miles, the equivalent of three times around the earth. In lower photo, B. F. Tobin, Jr. presents the former military pilots with checks in behalf of Continental Motors, one of whose stock C145 engines kept the plane aloft by running six weeks without a "miss". The others, left to right: Riedel, Barris, and Don Young, aviation engineer for MacMillan Petroleum Corp., whose Ring-Free motor oil was used throughout the flight.

PLANT MORE OPPORTUNITY IN YOUR FUTURE!

How will your finances stand ten years from now? Will you have the cash for home improvements, farm expansion, education for the kiddies? Will you be able to fulfill your dreams of long vacation trips, of rest and retirement?

You won't if you squander today's profits on overpriced purchases. You will if you save away every cent possible in safe,

sure United States Savings Bonds, the crop that never fails.

With your money safely invested in Savings Bonds, you'll be growing every \$3 you invest into \$4 — in only ten years. And come what may — bad weather, bad times or bad luck — you'll have a sizeable nest egg to safeguard your future! Buy 'em at your bank or post office.

INVEST IN U.S. SAVINGS BONDS

"Operation Savings Bonds" Gets Under Way

Covered wagons, bearing Savings Bonds Slogans will be flown to 30 cities from coast to coast by Army Air Force and Navy planes. As the highlight of the Opportunity Bond Drive May 16-June 30, which features covered wagons as a reminder that U. S. Savings Bonds offer opportunity today in a way that Americans who sought opportunity in 1849 in covered wagon treks never dreamed about. Here is a flying boxcar taking on a covered wagon at South Bend, Ind., the same covered wagon in which the Studebaker family moved from Ohio to South Bend. Thirty covered wagons will be flown from Cedar City, Utah, to Independence, Mo., for the Bond Drive Kickoff on May 16.

Texas Technological College Will Accept Bids

Money obtained from the college building amendment approved by Texas voters will be used speedily by Texas Technological college.

Members of the board of directors will accept bids June 11 in Fort Worth on \$2,800,000 in bonds issued under the terms of the amendment. At the same time they will consider preliminary plans for addition of two wings to the Administration building. Directors recently instructed a contract with Wyatt C. Hedrick, Fort Worth, be drawn for the plans.

Tech officials hope to erect with the funds two wings to the Engineering building and additional space for the Home Economics division. It also is hoped that funds will extend far enough to secure a new science building.

Texas Tech during the past two years has erected four new dormitories on the campus to double capacity for student housing. The buildings cost about \$4,000,000. The new Jones stadium, with permanent seating capacity of 16,800, was dedicated in the fall of 1947. The structure cost about \$425,000.

Tech directors are working on plans for \$4,000,000 in buildings, including those financed by the new bond issue. Directors have called in \$500,000 in dormitory bonds, retirement set during November.

YOUNG PEOPLE'S CLASS OF BAPTIST CHURCH ENJOY CHICKEN SUPPER

The Young Married People's Class of the Baptist Church enjoyed a chicken supper in the home of Mr. and Mrs. Pascal Garrison on Monday. Those attending were:

Mr. and Mrs. A. C. Fry, Mr. and Mrs. Eugene Riddlehuber, Mr. and Mrs. Roy Mack Walker, Mr. and Mrs. Harold Seefelt, Mr. and Mrs. W. H. Tension and James, Rev. and Mrs. G. A. Elrod.

Ross Dowdy, of Amarillo, spent Saturday night with his parents, Mr. and Mrs. G. R. Dowdy.

Hypnotism More Control Urged

NEW YORK.—Hypnotism should be controlled by law as narcotic drugs and some other medicines are, and its use for entertainment purposes should be prohibited, Dr. Lewis Robert Wolberg, director of the Post-graduate Center for Psychotherapy declared at a Cooper Union forum on mental health.

At present, he pointed out, many people look on hypnotism as "a lewd, decadent art" while others think of it as magic. Either view limits its real usefulness as an aid in treatment of mental disease, he said.

As a medical procedure, he stated, it is justified only to augment and reinforce other methods of psychiatric treatment which have been proved to be founded on solid, clinical grounds.

Secret Paint Changes Heat, Cold to Colors Visible to Cameras

NEW YORK.—Ice takes its own picture in the dark, by its coldness, in a discovery announced to the Optical Society of America.

The secret is a new paint, called a phosphor, which turns heat and cold into light that your eyes can see, and that an ordinary camera can photograph.

You can paint a hot plate, or a wall of your house, or a boiler or teakettle with this phosphor and the warm and cool spots, or hot and cold, will show as yellow colors. The brighter the yellow, the cooler is the spot.

You can also paint a screen with the phosphor, and use it like glasses to look at things invisible in the darkness. Any ordinary camera will take a picture of the same object as it appears on the screen.

The paint shows these temperature colors when ultraviolet light illuminates the phosphor.

The new work was described by Dr. Franz Urbach, Nelson R. Nail and Donald Pearlman of the Eastman Kodak research Laboratories in Rochester, N. Y. Laboratory director is Dr. Cyril J. Steud.

When you sit near a big chunk of ice or any other very cold object, you feel cold rays. Actually, what you feel is not rays from the ice, but heat rays leaving your body to radiate to the ice. The new paint feels cold in exactly the same way. Some of the heat in the paint radiates toward the ice. These departing rays form an image of the ice, or any other cold thing. Dr. Urbach said it made no difference how cold anything might be. You can photograph liquid air, and possibly anything right down to absolutely zero, 459.6 below zero, Fahrenheit, where heat ceases to exist.

First Plutonium Find Reported by Britain

LONDON.—Britain has produced its first plutonium, the rare substance used in creating atomic power.

The ministry of supply announced the news and called it "one of the most important steps forward in the country's atomic-energy program."

The plutonium was produced at Harwell, Britain's atomic-energy research plant.

Plutonium, which can be split to produce great energy, "was extracted from a uranium slug which had been irradiated for several months in 'gleep,' the low-power atomic pile," the ministry of supply said.

"Because of the low power at which 'gleep' operates, the amount of plutonium is small, but it is sufficient for investigating the chemical and chemical engineering problems which will be met in the large-scale handling of plutonium."

Plutonium can be produced in quantity only in an atomic pile, the ministry of supply said. It does not exist naturally on the earth and was first produced in quantity in the United States in 1942.

Here's What It's Like To Be Hit by Lightning

LONDON.—Ever wonder what it's like to be struck by lightning? Then listen to some folks who were.

(1)—"You drop unconscious as if poleaxed."
(2)—"You stagger around seeing stars or bright lights, then fall senseless."
(3)—"You remain conscious, but feel like you're floating on air."

These reactions by persons who survived the experience are cited in the Lancet, authoritative British medical journal, by two army doctors, Maj. M. J. Lynch and Maj. P. H. Shorthouse.

They said lightning injures in three ways: By the direct effect of the current, by superheated air or other objects traversed by the current, and by the expanded and repelled air.

If the expanded air hits you, the sensation is like receiving a terrific blow on the head or back of the neck, they said.

As for burns, if they're extensive victims usually don't survive.

Mr. and Mrs. Allen Kellum and children were in Plainview Thursday on business.

Betty and Janette Brown, of Plainview, are visiting their grandparents, Mr. and Mrs. H. Roy Brown.

Make sure NOW of a cooler kitchen this Summer

THERE'S no getting around it, the average homemaker spends several hours a day in her kitchen.

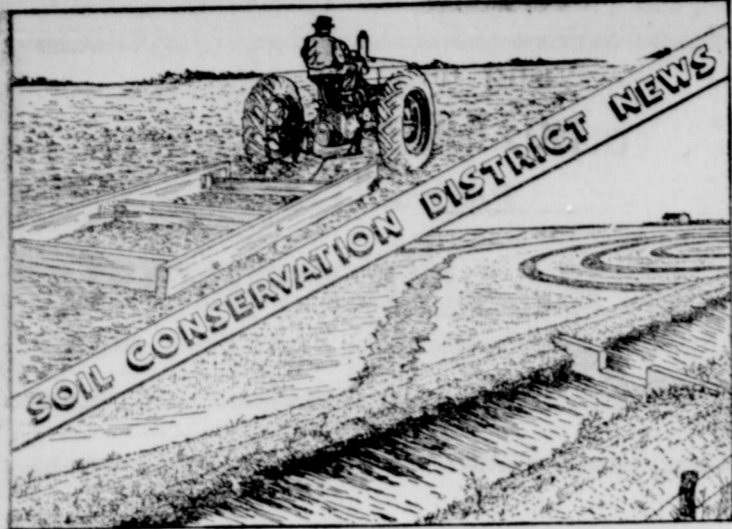

With hot weather ahead, it's time now to make sure they're cool, comfortable hours.

One way to keep your kitchen comfortable all summer long, and to make meal preparation easier, is to use more low-cost, dependable electric service.

Use an electric range for the coolest cooking ever, or use dependable electric service to keep foods healthfully refrigerated, to run a mixer, or garbage disposal unit. Or, put an exhaust fan into the kitchen to keep cool air circulating throughout the room.

However you use electricity, you'll be using more of your best budget bargain today... low cost electric service.

Supervisors for Cap Rock District—Earl I. Cantwell, Chairman; Obra Watson, Bray H. Cook, L. A. McJimsey and R. L. Brunson

The maturing wheat crop has a big straw or stubble crop; and a crop residue management is one of the most important of all soil and water conservation practices in use today.

Since the residue includes the stubble plus other parts of the crop, this kind of farming has come to be known as stubble-mulch farming. Instead of removing, destroying or plowing

under the residue you leave it on the surface of the soil, thus your fields have a year-round cover.

Used in this way, the residue or stubble greatly reduces erosion by both wind and water. The stubble-mulch keeps wind from getting at the soil and blowing it. The chief function of crop residues and other vegetable covers in reducing erosion is energy absorption or protection from

raindrop impact. When left on the surface, vegetable covers de-energize the falling raindrop, thereby eliminating the destructive action of raindrop splash. As this residue decays and becomes humus the water holding capacity of the soil is increased to a larger degree.

Most farmers in this district have the proper machinery for stubble-mulch farming. In order to leave the residue on top, all tillage is done beneath the surface. For this reason, it is called sub-surface tillage or sub-tillage. You should remember, however, that stubble-mulch farming is most effective when used with other well-proved soil conservation practices, such as; adequate crop rotations, contour farming, terracing and grassed water-ways.

The Supervisors of the Cap Rock Soil Conservation District recommend that the stubble from the present wheat crop be plowed in such a manner that the residue will be incorporated within the top two inches of the soil. By all means do not burn it off. Keep it to build up the humus and water holding capacity of the soil so we can make bumper crops in the future.

Fibber's Favorite Is Ham and Cheese

Fibber McGee's favorite sandwich, as made by Molly, is a super duper ham and cheese on enriched white bread. The famous stars of the Johnson's Wax radio program often go on picnics, and here's how Molly makes Fibber's favorite sandwich.

Frizzle slices of cooked ham in hot butter or margarine, adding 1 1/2 teaspoons of drained prepared horseradish to each 2 tablespoons of butter or margarine. Place the ham between slices of enriched white bread with a slice of cheese and crisp lettuce.

Rock Creek Club Met With Mrs. Garrison May Thirty-first

Marie Garrison was host to the Rock Creek Club on May 31. One quilt was finished. Members present were:

Verna Allison, Florence Fitzgerald, Margaret Frizzell, Mrs. W. W. Reid, Eula Shelton, Jaunita Stephens, Margie Turner, Ruby McWaters, Ruth West, Mamie Newberry, Ruby Dowdy and the hostess. Everyone exchanged sunshine sister gifts.

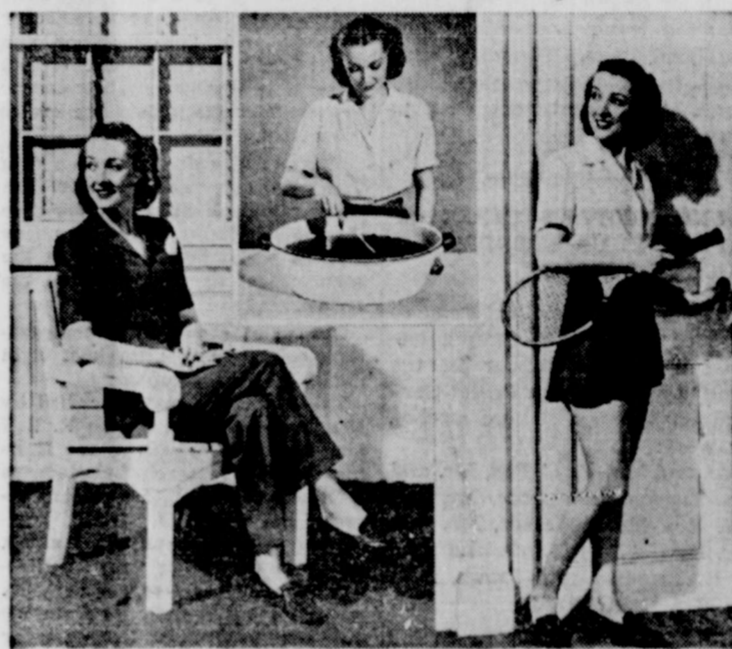

Mrs. Joe McWatters will be host to the club June 14, in an all-day gathering.

Mrs. R. C. Harris, Mr. and Mrs. Earl Martin, Mr. and Mrs. G. E. Harris, of San Angelo, Texas, Mr. and Mrs. Leroy Foster, of Hereford, visited Sunday with Mr. and Mrs. D. F. Ziegler. Mr. and Mrs. Eugene Long were dinner guests of Mr. and Mrs. Ziegler.

Mr. and Mrs. B. H. Warren, of Wayland, their two daughters and two grandchildren, Mrs. Westbrook and Francis, of New York, Mrs. Stewart and Ellen of Kermit, visited Luree Burson and Mrs. Burson Thursday afternoon.

Mr. and Mrs. Hubert Brown, of Esteline visited Mr. and Mrs. Dewey Beavers over the weekend.

Bring New Life to Faded Casuals of Last Summer via the Dye-Bath

The magic of the dye-bath can give your faded wearables of last summer another season's use, as well as new color beauty, and it doesn't matter if they're made of synthetic fibers, such as rayon, or of natural fibers like cotton and linen, according to the Tintex Home Economics Bureau. An all-fabric dye, in a choice of 50 colors, is now available for the purpose.

However, if your slacks, blouses, shorts and other outdoor wearables have become unevenly faded, as is often the case, or if you want to change to an entirely different color, the bureau recommends the use of color remover first. Neither the all-fabric dye nor the color remover, made by the same manufacturer, require boiling. Each is only a dime a package. You can have gloves to match every ensemble in your wardrobe by the same tinting process. If they're white or light-colored, you need but dye, the bureau points out. If they're dark, and you're changing to a new color, use color remover first.

Information Centers Warn Texans of Cancer

Cancer information centers, sponsored by county units of the Texas Division of the American Cancer Society, are at present reminding Texans that cancer can be cured, if caught in time, and are conducting an educational program to cut the Texas cancer death rate, which took the lives of almost 7,000 Texans last year. Volunteer workers of the American Cancer Society operate the centers, along with full-time employed executive secretaries at the full-time centers. The centers are located at densely populated points about the state. The Texas Division of ACS is urging county units to establish centers in every county of the state.
