Farmers Grain Elevators Leased to Harvest-Queen

Farm Tractors Waste Gas—do They—Waste Gas

Right on the farm is the place for fuel conservation to begin. The farm tractor is the first machine on the farm to begin it.

Tractor owners in Texas own nearly 215,000 tractors, and from its number, it's estimated that 21 billion gallons—just a hundred millions a tractor—is wasted every year. That's just in Texas alone.

W. L. Ulrich, extension agricultural engineer of Texas A. and M. College, says there are at least seven good ways to save gasoline in order to cut down on the large amount wasted.

Here they are:

1. Don't let the motor idle when the tractor is not in use. Turn off the engine when hooking up equipment.
2. Look ahead. Figure out how much you'll need and when you'll need it. Then tell the tank wagon salesman well in advance.
3. Prepare all the farm storage bins ahead of time, get the drums ready before hand.
4. Make one trip to town do many. Keep on hand a supply of spark plugs, fan belts, tools, sockets and other day-to-day tractor repair parts.
5. Haul full loads whenever possible.
6. Tune up the engine during check periods when it isn't needed in the field. And don't forget to adjust the carburetor.
7. Put your equipment in the field in the best possible condition. Doing so you'll prevent costly breakdowns when in use.

In a deal which became effective June 15, the Harvest-Queen Grain Company of Plainview, leased the Farmers Grain Elevators owned by W. T. Graham, of Amarillo. The elevators include two in Silverton and one at South Plains and Whiteley Switch.

The grain company have just completed a big warehouse at South Plains and one in Silverton will probably be ready to accept grain for storage by the end of the week. Another large warehouse is under construction in Silverton and probably will be completed within the next few weeks.

Wayne Crawford, local manager of the elevators, said the business would be operated the same as in the past.

Circle 2 of Womans Society Christian Service Met June 22

Circle two of the Woman Society of Christian Service met June 22, at 2:30 in the home of Mrs. Warner Grabbe with eight members present.

The program began with Mrs. Hugh Nance in charge of the devotional. Faith of our Fathers was sung by the group. Mrs. Bill Edwards and Mrs. Curtis Bingham gave two chapters from the new study "Newness of Life."

Refreshments were served to Mesdames Hugh Nance, Bill Edwards, Homer Stephens, Bailey Hill, Curtis Bingham, Grady Adcock and Glenn McWilliams.

The next meeting will be in the home of Mrs. Bailey Hill, June 29.

So, here's another 7-Step program the farmer may find to good advantage, Ulrich concludes.

Rev. J. V. Wilson of Bellefontaine, Miss., 20,000th person to attend conducted tours of Humble Oil & Refining Company's Baytown, Texas, refinery, is greeted by Plants Manager Gordon L. Farned, left. Reverend Wilson was accompanied by his wife and son who were honor guests at a surprise party following the tour.

Bus Line Hearing Set For July 11--Silverton Group To Go July 13

Bob Thompson State Champion Calf Roper

Mr. and Mrs. Warner Reid, Mike and Sue, and Bob Thompson, of Sinitet, have returned from Austin, LaGrange and Hallettsville. While in Hallettsville Mike and Bob performed in the High School State Championship Rodeo. Bob was declared the State Champion Calf Roper and brought a registered quarter horse and saddle home as trophies. He rode Warner's roping mare and she won the trophy for being the best roping horse.

Wallace Beery's Last Picture to be Shown At Palace July 3-4

Everyone will want to see Wallace Beery's last picture which is to be shown at the Palace Theatre Sunday and Monday, July 3-4.

See that rascally pair from "Min and Bill," "Twenty Mule Team" and many other famous and well remembered pictures, in their latest and last picture "Big Jack" Sunday and Monday at the Palace. We recommend this as a picture for the entire family, and one you will recall with pleasure when you think of Wallace Beery and Majorie Main, that great comedy team. Plenty of action in this one too.

Check the News for the full week's program.

Rev Prentice Barnett Presbyterian Pastor

The Presbyterian church has secured a student pastor through the summer months, Rev. Prentice Barnett, of Austin. He will fill the pulpit each Sunday at 11:00 o'clock. The public is cordially invited.

Ohio Couple Visit In Bellinger Home

Mr. and Mrs. E. A. Bellinger had the pleasure of having Mr. and Mrs. A. R. Dewey, of Conneaut, Ohio, visit them the past week. Mrs. Dewey is Mr. Bellinger's sister, and this was the first time the brother and sister had seen each other in twenty-five years. They had planned a longer visit, but Mr. Dewey suffered a heart attack and they decided to return to their home due to his condition.

VISITORS IN TULIA SUNDAY

Mr. and Mrs. E. R. Hudson, of Tulia, had as their guests Sunday the following: Mr. and Mrs. John McCain and family, Mr. and Mrs. Lawrence McCain and family, of Silverton; Mr. and Mrs. C. F. Fortenberry and son, of South Plains; Mrs. N. C. McCain, Tulia; Mrs. Driskell, Mr. and Mrs. Floyd Adkins, and sister, Miss Elsie Driskell, of Fort Worth, Texas.

Mrs. C. C. Garrison and Miss Doris June Brown left Thursday morning for Vernon and Loraine. Mrs. Garrison will visit her daughter and family, Rev. and Mrs. Arvil Richardson and Miss Brown will visit her brother and family, Mr. and Mrs. Richard Loyd Brown at Loraine.

Mr. and Mrs. W. J. Thompson, of Ordway, Colorado, are the parents of a baby girl, born Sunday, June 19, weight 9 pounds. The Thompsons formerly lived in Silverton.

Miss Patsey Mill, of Seymour, visited her aunt, Mrs. Ola Mills Sunday.

Mr. and Mrs. E. E. Minter and son, Gene, visited in White Deer Sunday with Mrs. Minter's parents, Mr. and Mrs. Nelson. In the afternoon they attended the church wedding of a friend at Skellytown.

Carolyn Sedwick, of San Angelo, visited last week with Mr. and Mrs. Scott Smithee.

Lt. Webb's Body Found Friday In Japan

133 Cases of Typhus Fever Reported in Texas to Date

The people of Texas have been fortunate in escaping any serious outbreaks of typhus fever this year, the total number of reported cases so far being 133. This is a gratifying decrease in the incidence of this disease, but at the same time it is well to warn that only continued stringent rodent control measures will hold this disease in check.

This is the advice of Dr. Geo. W. Cox, State Health Officer, who says that "typhus is one of the most debilitating of all diseases, and the long drawn out illness results in such loss of time that this factor is usually even more expensive to the victim, than his doctor and hospital bills."

Inasmuch as typhus fever is transmitted to man by the rat flea, the control of typhus depends almost entirely upon ridding ourselves of rats. No garbage should be left exposed where they can get to it to feed. Granaries and feed houses should be rat-proofed so that rats are starved out. All rat harborage such as trash piles, piles of old lumber, accessible quarters in the walls and foundations of buildings and other suitable living quarters should be effectively rat-proofed at a comparatively low cost, and the expense is always much less than the damage that can be done by rats, and the sickness they can spread.

"When the rat is gone, typhus fever will go also," Dr. Cox said. "Keep building out, starving out, and killing all rats, and typhus fever will no longer menace the health of our people."

ATTEND RAINBOW GIRLS GRAND ASSEMBLY IN HOUSTON

Delegates to the State Rainbow Girls Grand Assembly in Houston this week from Silverton were: Teresa Crass and Neva Joy Reithmyer. They were accompanied by Mrs. Edwin Crass, Misses Marion Arnold and Marry Lou Bellinger. They will visit in Galveston, San Antonio and Austin.

LOCAL PEOPLE SPEND SUNDAY AT MCKENZIE PARK AT LUBBOCK

Among those who spent Sunday at the McKenzie State Park at Lubbock were: Mr. and Mrs. W. A. Stephens, Mr. and Mrs. Homer Stephens and family, Mr. and Mrs. Elbert Stephens and family, Mr. and Mrs. Doyle Stephens and Donna and Mr. and Mrs. Rex Holt.

Mrs. M. E. Loving, of Quitaque, visited Mr. and Mrs. K. N. Tiffin Sunday.

Mrs. M. E. Loving, of Quitaque, visited Mr. and Mrs. K. N. Tiffin Sunday.

BE TRAVELWISE — or otherwise . . . Emergencies May Catch You Unprepared

Whether it's for two weeks or 22, a vacationing family is likely to need some first-aid items. This holds true for trailer, tenting and court holidays as well as simple go-to-the-beach junkets.

Travelwise folks select a small cosmetic-type carrying case which is easy to stow, yet handy to reach. It will hold everything needed to take care of the usual emergencies and make the trip more comfortable.

For both car and camp, it's smart to stock the case with gauze bandages, gauze pads, a roll of adhesive, individual adhesive bandages, an antiseptic for cuts and wounds, sterile cotton balls for applying antiseptics, a remedy for burns, and individual phials of inhalants. Paper drinking cups, a small pair of scissors, and a first-aid leaflet often find ready use, too.

Many of these important items come already assembled in a first-aid kit. Such kits should be checked before each trip to see if they are complete.

In addition to first-aid items, it's a good idea to fill out the case with rubbing alcohol, baby powder, baby oil, and boric acid crystals. The alcohol is good for hot, tired feet. The baby powder keeps young ones comfortable after sand and swimming sessions. The baby oil is balm for sun-scorched skins. Strained eyes respond readily to the sterile cotton balls soaked in boric acid solution.

Interior Modes... by Reno

Modern inventions bring modern problems—but all are quickly solved through the ingenuity of the nation's progressive engineers. The television above provides the necessary soundproof retreat from favorite radio programs preferred by members of the family who won't desert airplane stars for the new home entertainment. Modernfold doors combine beauty and utility — folding like an accordion—yet meeting all building requirements with flame-proof coated fabric. Used both in remodeling and new home construction by leading interior decorators, the new folding doors or walls are available in 25 colors. This variety enables matching or harmonizing with all home furnishings or color schemes.

Insects in Grain Bin Do Untold Damage—Check Suggested

"Those tiny insects in your grain bin may be small, but they do a tremendous lot of damage to stored grain. That's the word from the USDA Bureau of Entomology and Plant Quarantine. The first place to start getting rid of them is right inside the bin itself. By doing a good job of bin cleaning, and afterward spraying with 5 percent DDT before the newly harvested grain is put in, you can go a long way toward killing out the hold-over infestation. Also, you're giving the new grain a chance to escape damage.

Dr. H. G. Johnston, head of the Texas A. and M. College department of entomology, says these tiny insects get one out of every eight bushels of farm stored grain in Texas. Missouri loses one bushel in ten, according to 1948 figures. But in that same year, the national loss average to insects was one in twenty. So, Texas is practically at the top of the "high loss" lists.

Entomologists point out that grain losses can be lowered quite a bit by harvesting the grain as

soon as it's dry enough for safe storage and by storing it in weather-tight bins that have been made insect free by a thorough cleaning and spraying.

Then, after you've got all the grain in storage, check it now and then to see if the bugs are getting into it. If they are, fumigate with a mixture of ethylene dichloride and carbon tetrachloride at the rate of 3 to 6 gallons per 1,000 bushels, depending on how tight the storage bin is, Dr. Johnston says.

Stored grain insects take 300 million bushels of the nation's total production every year. That much grain is worth a lot at today's prices. So Texas has a long way to go in cutting down her share of the 300 million bushels the insects get, he concludes.

Mrs. A. J. Tadlock, who recently visited in the R. E. Stephens home is seriously ill in her home at Waurika, Oklahoma.

Mr. and Mrs. Bud McMinn and Rev. and Mrs. Travis McMinn visited Sunday at Lums Chapel with Rev. and Mrs. W. L. Brown.

Mrs. Ware Fogerson and children made a business trip to Amarillo Saturday.

States Open Purses to Aid Old-Age Group

WASHINGTON. — Thousands of old folks are going to get more cash from the public purse. Old age assistance funds or payments have been increased in 11 states so far in the 1949 legislative season. Thirteen other states are studying proposals to give more money to needy citizens who are 65 or older.

Cash help for the old folks runs into millions. Before the 1949 legislative sessions began, about 2,500,000 men and women were getting such aid. The average payment for the United States as a whole was \$41.50. The monthly total topped 100 million dollars.

The funds go to needy people 65 or over—oldsters such as those who are not covered by the federal old age and survivors insurance system.

Federal and state governments both contribute money to the old age assistance programs. The federal government shares in payments up to \$50 a month.

Minimum Hiked

In the current legislative session, North Dakota increased the minimum payments from \$40 to \$60 a month in cases where there is only one recipient in a family, and from \$30 to \$45 when there are more.

The minimum was set at \$50 in New Mexico. In Maine, maximum benefits were increased from \$40 to \$50 a month. Nebraska raised the ceiling from \$50 to \$55. Montana provided for a hike of \$7 in monthly grants that had averaged \$45.

The Illinois legislature decided to boost the ceiling from \$50 to \$65 a month with the provision that it would be adjusted up or down as the cost of living rose or fell in the future.

Higher appropriations also were voted in North Carolina, Idaho, Arkansas, West Virginia and South Dakota.

But the traffic wasn't all one way in the 14 capitals where decisions already have been made. Indiana, Utah and Wyoming made no changes.

California Highest

None of the measures adopted thus far this year has hit the high target raised in California. The voters there last fall approved a proposition to increase benefits for senior citizens from \$60 to \$75 a month. To meet the added costs, for the rest of the fiscal year ending June 30 and for the next fiscal year, the governor has asked an extra \$118,235,000.

Proposals now being considered in 13 states vary quite a bit. But in half of them appropriations would be increased without raising the limits on benefits.

Among the many bills in Massachusetts are some seeking a \$75 minimum.

A move is under way in Connecticut to remove the \$50 ceiling and base payments on actual need. Minnesota's governor favors removal of limits.

Proposals to increase the maximums from \$50 to \$60 a month have been made in Michigan and Wisconsin.

Pilots Cheat Coyotes Out of Antelope Meal

CRAIG, COLO. — Two civil air patrol pilots cheated a pair of coyotes out of an antelope dinner near here recently.

The fliers, Jay Brinker and P. Jones, were making a routine flight north of Craig. Brinker noticed two coyotes pussyfooting around a buck antelope which seemed to have its hind foot lifted high off the ground.

Brinker and Jones buzzed the area a couple of times and discovered the antelope's foot was caught between two strands of barbed wire.

The fliers returned to Craig and told game warden Bill Roland what they'd seen.

Then the three of them bundled into Roland's car and drove to within three miles of the antelope. They traveled the rest of the way on snowshoes, rescued the antelope by cutting the barbed wire. Taking it back to Craig, they nursed it overnight and the next day the animal seemed in good shape. The animal was freed near a huge herd of antelope.

Churchill 'Siren Suit' Brings Stylists' Sneeer

LONDON. — Winston Churchill's famous "siren suit" brought a sneer from London's style arbiters.

Garbed in a "sort of something" closely resembling a pair of baggy summer flying overalls zipped up the front, loosely belted and with a floppy open collar, Churchill predicted in America that it would be the dress of the future.

The magazine Tailor and Cutter, which has been setting men's fashions since Victorian times, said the wartime prime minister was "off the mark there."

The siren suit lacks artistic appearance, said the weekly, and "structurally it is wrong; it makes untidiness."

Lack of Funds Blocks Making Real Movies

HOLLYWOOD. — Three-dimensional movies, that pry actors away from the scenery and make Lana Turner's curves look curvier, are ready to hit the screen. But their inventor waits that no studio will dish out money for his trick.

Joe Valentine, one of movieland's top cameramen, developed a gadget that brought depth to the screen back in 1940. It's gathering dust. No studio will cough up dough to back the project.

"Two-dimensional movies we have now look flat—flat actors against flat scenery," explains Valentine, who's up for an Oscar for photographing "Joan of Arc," a movie that could've used a few more dimensions.

Lighting Now Used

"We use lighting now to try to bring them away from the scenery. Colors of costumes and sets are chosen carefully so actors won't melt into the background.

"In three-dimensional movies the actor stands out with natural roundness. He appears to be right in the theater."

Miss T. looks twice as whistleable, and Humphrey Bogart appears to dash with his gat right into the audience. Trees look rounder and people look like people, which would be a change. And the moviegoer who gets stuck in a side seat won't have to squint at long thin men on a distorted screen, either. Miss Turner looks round, no matter where he sits.

Needed Special Glasses

Years ago one company billed "a three-dimensional movie" in theaters, but that was a fluke. You had to wear special spectacles to see curvier curves.

The new dimension comes from a prism that's inserted behind the camera lens. That costs about \$500. The camera then gets two images instead of one. Prisms would have to be installed in every theater-projection machine in the country, costing another \$500 per.

"Not half as expensive as sound was to install," snorts the cameraman. "And it would bring change and greater scope to the screen as sound did. Bring customers back to the theaters, too."

Absolute Silence Found Unbearable in U. S. Test

FORT MONMOUTH, N. J.—Silence—dead, absolute silence. Have you ever wondered what it would be like?

Not the stillness of a quiet room, but no noise at all. Take a tip from the army signal corps engineers—it's no fun. They tried it and said they couldn't stand it.

The tests were made in a new "silent chamber" perfected by the signal corps to help reduce the noise of military equipment.

About 30 minutes of absolute silence was just about all anyone could stand. After 30 minutes the engineers became uneasy. After a few hours, the army said, the dead silence produced "pronounced adverse psychological effects."

The room is used to measure the noise of field equipment. The army said even a small electric generator in the field was enough to reveal the position of the soldier and endanger his life. Now engineers can find out just how much noise it makes and quiet it enough to prevent detection.

Signal corps officials said the walls, floor, and ceilings of the new chamber are covered with wedge-shaped hunks of fiberglass, pointing out into the room. The pieces are bound at the large ends to an electrostatic shield. The shield is grounded to remove any surplus energy. There is complete stillness in the room.

But the room wouldn't do for a radio station. Spokesmen said musical tones are flat, monotonous and very dull in an absolutely sound-proof room.

Kentucky Establishes Place to Wash Money

FRANKFORT, KY.—Ever hear of a money laundry, a place to wash filthy lucre?

Well, they started one at the Alcoholic Beverage Control board.

It seems the girl clerks balked at counting coins dumped out of 27 slot machines confiscated in Bell county liquor joints. They were agreeable to counting the coins, but not while they were greasy and dirty. Gets under your skin, ruins your desk.

So W. Orville Mitchell, director of A.B.C. field agents, had the coins dumped into pails of hot, soapy water and stirred around until they got into countable condition—for the clerks.

In addition to good U. S. money, there were French and German coins, slugs, and even a wartime red O.P.A. token.

Mitchell said the money probably would add up to \$1,200 to \$1,500. "The darned stuff weighed about 75 pounds," he added.

The money was to be turned over to the state's general fund.

A Change is in Order...

Change to OIL-PLATING!

Better Coverage!

... An extra shield of lubricant is fastened to the working parts of your engine when you OIL-PLATE with Conoco Nth Motor Oil. That means protection from wear—smooth car performance.

Safety! ... OIL-PLATING clings to your engine somewhat like grease clings to a "seasoned" skillet.

Security! ... There's another additive in Conoco Nth, too! It fights combustion acids—combats carbon and sludge.

Bank the Difference! ... An OIL-PLATED engine means fewer repair bills... fewer quarts between drains. Save and be safe—with Conoco Nth.

Oil-Plate today at your Conoco Mileage Merchant's!

SENATE JOINT RESOLUTION NO. 1

Proposing an amendment to Section 2 of Article VI of the Constitution, repealing the provision making the payment of a poll tax a qualification of an elector; requiring the Legislature to pass a general registration law for voters providing for the necessary election, proclamation and publication by the Governor, and making an appropriation.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Section 2, Article VI of the Constitution of the State of Texas be and the same is amended hereby so as to read hereafter as follows:

Section 2. Every person subject to none of the foregoing disqualifications, who shall have attained the age of twenty-one (21) years, and who shall be a citizen of the United States, and who shall have resided in this State one (1) year next preceding an election and the last six (6) months within the district or county in which such person offers to vote, shall be deemed a qualified elector; provided that before offering to vote at any election a voter shall have registered as an elector before the first day of February next preceding such election. This provision shall be self-enacting. The Legislature shall pass a general registration law requiring registration of voters at a time not later than the first day of February for each election to be held for that calendar year, and the Legislature shall have power to prescribe a registration fee. The Legislature may authorize absentee voting."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the 24th day of September, 1949, at which election all ballots shall have printed thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR the amendment to the Constitution of the State of Texas eliminating the provisions in said Constitution making the payment of poll tax a requirement for voting, and providing for a general registration law."

"AGAINST the amendment to the Constitution of the State of Texas eliminating the provisions in said Constitution making the payment of poll tax a requirement for voting, and providing for a general registration law."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the Constitution of the State of Texas.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Section 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

SENATE JOINT RESOLUTION NO. 4

Proposing an amendment to the Constitution of the State of Texas, by amending Section 19 of Article 16, so as to provide that the qualification of no person to serve as a juror on grand juries and on petit juries shall be denied or abridged on account of sex; providing that existing provisions of the Constitution shall be construed in conformity herewith; providing for the submission of this amendment to a vote of the people of Texas; providing the time, means and manner thereof; and making an appropriation for such purpose.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. That Section 19 of Article 16 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 19. The Legislature shall prescribe by law the qualification of grand and petit jurors; provided that the qualification of no person for service on grand juries or on petit juries shall be denied or abridged on account of sex, and no person shall be exempt from service on grand juries or petit juries on account of sex."

Section 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the fourth

Saturday in September, 1949, at which all ballots shall have printed thereon:

"FOR the amendment to the State Constitution qualifying women as grand and petit jurors."

"AGAINST the amendment to the State Constitution qualifying women as grand and petit jurors."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Section 3. The Governor shall issue his proclamation calling said election and have the same published and said election held in accordance with this Resolution and the Constitutional Laws of this State, and return shall be made and the votes canvassed and counted as provided by law; and if said amendment is adopted by the vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

SENATE JOINT RESOLUTION NO. 5

Proposing an amendment to Article III of the Constitution of the State of Texas, authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. That Article III of the Constitution of the State of Texas be, and the same is, hereby amended by adding to said Article a new section, to be known and designated as Section 48-d, reading as follows:

Sec. 48-d. The Legislature shall have the power to provide for the establishment and creation of rural fire prevention districts and to authorize a tax on the ad valorem property situated in said districts not to exceed Three (3c) Cents on the One Hundred (\$100.00) Dollars valuation for the support thereof; provided that no tax shall be levied in support of said districts until approved by vote of the people residing therein."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the fourth Saturday in September, 1949, at which election all ballots shall have printed thereon (or in counties using voting machines, the said machines shall provide) the following:

"FOR The Constitutional Amendment authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts;" and

"AGAINST The Constitutional Amendment authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the Constitution of the State of Texas.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Section 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated, to pay the expenses of such publication and election.

HOUSE JOINT RESOLUTION NO. 5

Proposing an Amendment to Section 5 of Article III of the Constitution relating to sessions of the Legislature and what may be considered thereat and an Amendment to Section 24 of Article III relating to compensation of Members of the Legislature; specifying the time when the Amendment shall take effect if ratified; and providing for the submission of the proposed Amendment to a vote of the people.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. That Section 24 of Article III of the State Constitution be amended to read as follows:

"Sec. 24. Members of the Senate and House of Representatives shall receive from the State Treasury an annual salary of Three Thousand Six Hundred Dollars (\$3,600.00), to be paid in monthly installments on the first of each month.

"They shall also be entitled to mileage in going to the seat of

government for each session of the Legislature and returning therefrom, which mileage shall not exceed Two Dollars and Fifty cents (\$2.50), for every twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel from a table of distances to each county seat prepared by the State Comptroller."

Section 2. That Section 5 of Article III of the Constitution be amended to read as follows:

"Sec. 5. Two (2) regular sessions of each Legislature shall be held; and until otherwise provided by law, the time of the convening of the first regular session shall be at noon on the second Tuesday in January of each odd-numbered year, and of the second regular session, at noon on the second Tuesday in January of each even-numbered year.

"At other times, when called by the Governor, the Legislature shall convene in special session.

"Appropriations for monthly recurring expenses and salaries paid by the State shall be made for a period of not more than twelve (12) months.

"At the second regular session of each Legislature, only proposals to amend the Constitution and to make appropriations to pay monthly recurring expenses and salaries and such other measures only as four-fifths (4-5) of the Membership of each House may determine shall be considered."

Section 3. The Amendments proposed herein, if ratified by the people, shall become effective January first, A. D. 1950.

Section 4. The foregoing Constitutional Amendments shall be submitted to a vote of the qualified voters of this State at a General Election to be held throughout this State on the fourth Saturday in September, 1949, same being September 24, 1949, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendments relative to sessions of the Legislature and to compensation of its members."

"AGAINST the Constitutional Amendments relative to sessions of the Legislature and to compensation of its members."

Each voter shall express his vote on the proposed Amendment in the manner provided by law.

Section 5. The Governor of this State shall issue the necessary proclamation for said election and shall have same published as required by the Constitution and laws of this State.

BEGINNING JULY 1 WOMEN WILL BE ADMITTED

New Orleans, June 29.—The Navy will begin for the first time July 1 to take women into its peacetime reserve enlisted forces direct from civilian life.

Eighth Naval District headquarters here said today that women high school graduates between the ages of 18 and 40 who have no children below 18 years of age will be eligible.

Until the new order former members of the Waves were accepted.

The skirted contingent of naval reservists will be enlisted at Navy recruiting stations, naval reserve training centers, naval air stations and by reserve officers who operate as volunteer recruiters in most cities.

Frigitaire at Simpson Chevrolet Company.

Mr. and Mrs. Walter Bradley and children, of Allma, Arkansas, are visiting relatives in Silvertown.

LOVE ME, LOVE MY DOG

CHICAGO—Betty Groeger is a lovable little girl who loves Terry, the wise-haired Fox Terrier puppy. Both show the benefits of good nutrition. When meal time comes, Terry gets a can of Purd, the "one-dish-dinner" for dogs developed by Swift & Company Research Laboratories. According to nutritionists, this convenient pet food contains all of the high quality proteins, minerals, vitamins and fat required in a scientifically balanced dog diet.

'Woman' Fire Eater Unmasked, Revealed As Fugitive G. I.

BURTONWOOD AIR BASE, ENGLAND.—Donna, the "woman" fire eater whose act has been wowing British vaudeville audiences for the last three years, has been unmasked as an American GI deserter from Philadelphia.

United States army authorities said "Donna Delbert" of the English stage confessed "she" actually is Pfc. Delbert E. Hill of Philadelphia.

The rouged, beskirted Hill was arrested in a theatrical boarding house in Newcastle, England, and turned over to army authorities on charges of wartime desertion.

Hill told military police he went AWOL from his air force ground job in the summer of 1945, fearing he soon would be transferred to the Pacific theater for further war service.

It was a tip from a jealous girl friend that led to Hill's arrest. He was wearing a woman's blouse, slacks, nylons and shoes when taken into custody.

Police seized his female padding. They left behind three ducks which were part of his stage act.

At the Burtonwood base an army barber trimmed his shoulder length curly brown locks to army specifications and shaved a day's growth of dark stubble.

The army also provided him with a green fatigue uniform and army brogans before locking him in a guardhouse cell. But he still sported plucked eyebrows and dainty, painted fingernails.

Brigade of Firemen Got Hefty Heifer From Wall

CHILWORTH, ENGLAND.—Myrtle, a hefty heifer, fell into a cistern. It took a brigade of firemen to get her out.

Norman Ashworth was leading her across his farmyard to a truck. Myrtle was bound for market to become beef.

Her path crossed the cistern cover. She stepped on it. Her hind legs slipped through. The rest of her followed gradually. And there was Myrtle wearing the cistern like a girdle.

She was standing upright in several feet of water. Only her head was above the surface.

Ashworth called the Surrey fire brigade. The firemen put a rope around Myrtle and pulled. Myrtle didn't budge.

The firemen pumped out the water. They dug a shaft alongside the cistern and tore down one wall. They put two sets of ropes on Myrtle and eased her out a hundredweight or so at a time.

Mrs. Ashworth looked fondly at the unperturbed Myrtle. "This has so endeared her to us," Mrs. Ashworth told reporters, "that we probably won't sell her at all."

Magician's Spirit Fails Again to Manifest Self

COLUMBUS, OHIO.—The spirit of Howard Thurston failed for the 11th time to manifest itself to a long-time friend of the famed magician.

Claude Noble, Detroit, stood for one minute in the mausoleum where the body of Thurston lies and waited for the spirit of the magician to return.

As two newspapermen watched in silence, Noble stepped into the mausoleum at 12:30 p.m., recited the Lord's Prayer, and said: "Howard Thurston, I am here in response to our pact. If you can manifest yourself to me, do it now."

He then held aloft a photograph of Carveth Wells, explorer and friend of the sleight-of-hand artist who died in Miami at 12:30 p.m. 13 years ago.

Under the pact made between Thurston and Noble before the magician's death, the spirit of Thurston would have knocked the picture out of Noble's hand. But today nothing happened—just as nothing had happened in the 10 previous attempts.

Noble silently left the building and walked through the rain to an automobile.

Noble, who missed the date in 1947 and 1948 because of illness, said he would return next year to make another attempt. He said that should he die, the experiment will be continued either by Wells or magician Howard Blackstone.

Lazy Mothers Blamed For Bugs Bunny Faces

LOS ANGELES.—Mother, do you want your child to grow up to look like Bugs Bunny? It's happening, says a University of California professor. Dr. George W. Hahn told a meeting of 4,000 California dentists that laziness of modern mothers was producing more children with rabbitlike faces. Too many mothers, he said, like to sleep. They shove baby's feeding schedules too far apart.

"Like any other mammal, a child wants to nurse when hungry. If he can't nurse his mother, he sucks his thumb."

Thumb sucking, the doctor said, causes protruding teeth and facial deformity so that junior looks something like a rabbit.

AGRICULTURAL FILLERS

Texas farmers own close to 215,000 tractors. From this number, estimates show that 21 million gallons of gasoline is wasted every year in Texas alone. That means just 100 gallons a tractor.

A clean kitchen stove looks and cooks better than one having a thick film of grease, spilled food,

dust and rust. Cleanliness is important for full, even, efficient heat. A clean range also helps keep the kitchen free of unpleasant odors and smoke.

A thorough grain bin cleaning is important to keep out the insects. Before storing any grain harvested this year, clean out and spray your grain bin to kill the

insects that are already there, and keep the rest out while the grain is in storage.

Bob Reid, of San Angelo, visited Mr. and Mrs. Warner Reid last week.

TRY A NEWS WANT-AD

Mrs. Robert W. Carson, of Ave City, Arkansas, visited her brother and family, Mr. and Mrs. George Jones last week.

Wanda Sue McDaniels Honored on Birthday

Mrs. Bob McDaniels entertained her daughter, Wanda Sue, and a group of little friends Saturday afternoon with a surprise birthday party. Games were played on the lawn, after which ice cream and cake were served to the following: Laquita Chitty, Freddie and Eddie Black, Bennie Ray Bingham, Reva Jo and Darrel Maples, Mike Norris, Cathy Coffee and Joe Cherry.

CARD OF THANKS

We wish to express our gratitude to the many friends for every courtesy extended to Billy while in the hospital, and for the many cards and flowers.

We especially want to thank the hospital staff for their kindness which was appreciated very much.

Mr. and Mrs. Dick Garvin and Billy.

PERSONALS

Mr. and Mrs. Roy Henderson visited her parents, Mr. and Mrs. A. R. Northcutt, in Canyon Sunday. Roy Dean remained for a week's visit with his grandparents.

Mr. and Mrs. Berton Hughes, Robert and Randy has as their guests over the week end, Mr. and Mrs. Hubert Hall, Carolyn and Linda, of Memphis, Texas. Robert accompanied them home for a few days visit.

Jim Byron, of Ben Wheeler, visited Sunday with his niece and family.

Pat Patton spent the week end with Patsy Crass.

BIRTH

Mr. and Mrs. J. E. Minyard are the parents of a baby girl, born Saturday, June 18, at the Silver-ton Hospital Clinic.

Close Neighbors of Earth Discovered by Minnesota

Discovery of a pair of stars believed to be nearer to the earth than any other star except one has been announced by Dr. Willem J. Luyten, chairman of the astronomy department at the University of Minnesota. The astronomer also reported that a tremendous atomic explosion occurred on one of the new stars last December.

The new discovery, which is in the constellation Cetus (The Whale) was found, Dr. Luyten explained, by comparing photographic plates which he made at the Harvard university observatory station in South Africa in 1930 with plates taken at the same observatory in 1944.

Further observations made with the 36-inch reflector at the University of Arizona's observatory at Tucson indicated that these are among the very nearest stars, probably less than six light-years away. A light-year is approximately six trillion miles, and most stars are more than 100 light-years away from the earth.

If this preliminary determination is confirmed by further observation, Dr. Luyten pointed out, these will be the nearest stars known in space except for one and the nearest visible from most of the United States. Only Alpha Centauri, four and one-half light years distant, is nearer. However, the earth's closest star neighbor is visible chiefly in the southern hemisphere.

Traffic Noise Tolerated More than Industry's

Although traffic noise generally is more intense than industrial noise, individuals consider it less objectionable, George Bonvallet, associate physicist at Armour Research Foundation of Illinois Institute of Technology, told the annual meeting of the Acoustical Society of America.

Bonvallet listed two factors which led to his conclusion:

"1. The public may tolerate public transportation noise on the incorrect basis that it cannot be reduced, and

"2. Traffic noise, disregarding automobile horns and clanging trolley gongs, increases in intensity then decreases when the source is near the listener. Industrial noise, on the other hand, often changes abruptly. Generally it starts and stops suddenly and may be objectionable because of its characteristic quality recognizable in forging hammers, steam exhaust blasts, traveling cranes, whistles, bells, etc."

"Factory noise outside plants is not as loud as it is reputed to be," Bonvallet said. "The few plants that make noise have given a bad reputation to industry in general."

Bonvallet pointed out that only about 6 per cent of industrial noise could be considered objectionably intense on the basis of his preliminary studies.

Sights in Arizona

The petrified forest is situated just 10 miles south of U.S. highway 66, near Holbrook, in northeastern Arizona. Within a few miles of Flagstaff in north central Arizona are Sunset Crater national monument, Walnut Canyon national monument, Waputki national monument and picturesque Oak Creek canyon. The town of Williams, also located on U.S. highway 66, is the gateway to one of the most popular attractions in the nation—the Grand canyon. Each year thousands of people from all parts of the country and many foreign lands journey to the Grand canyon to view this breathtaking spectacle.

Overfire Jets Abate Smoke

Improvement in furnace performance and smoke abatement has been shown on all types of stoker-fired and hand-fired furnaces by the use of overfire jets, William S. Major, development engineer for Bituminous Coal Research, Inc., Pittsburgh, reported in a fuels session of The American Society of Mechanical Engineers. He said maximum benefits from jets are most likely to occur on spreader-stoker fired furnaces. The use of jets has not only been effective in substantially reducing smoke density, Mr. Major declared, but it has increased boiler and furnace efficiency, reduced soot and slag deposits on boiler and economizer surfaces, reduced both the quantity and carbon content of the cinder carryover, shortened the flame and reduced the final temperatures when surfaces are of the same degree of cleanliness and enabled furnaces to operate with slightly lower excess air without unburned combustible gases.

New Finishes in Textiles

Fabrics are appearing on the market today which offer the consumer value, durability and high fashion never before available in the history of textiles. It can be expected that these new fabrics will be available in increasing quantities during 1949. These fabrics are the result of new developments, advances and discoveries in the art of "finishing." For example, it is not only possible to obtain washable colors; but, finishes and fabric qualities which are equally durable through washings.

Mrs. Jack Coffee and Children Visit Relatives Here

Mrs. Jack K. Coffee and children, Bettye, Ethel Oliver, and Woodson, of Amarillo, spent sometime recently in the home of Mrs. Coffee's parents, Mr. and Mrs. W. T. Davis.

Bettye, a 1949 honor graduate and winner of second place in statewide Interscholastic debate, has recently returned from a trip to Colo., with the acapella choir of Amarillo High School. Bettye was piano accompanist and sang with the choir who spent five days at the International meeting of the Junior Chamber of Commerce. Bettye will be a scholarship student at Texas State College for Women at Denton next year.

Ethel Oliver is a member of the aeolian choir of Amarillo High School. This group was presented by the Kiwanis International as a feature in its summer series over the nation wide hookup of the Mutual Broadcasting System. This program was heard at 1:30 p. m. on Saturday, June 25. Ethel Oliver will sing in the chorus of the Opera Le Traviata by Verdi to be presented in the garden of Mrs. R. W. Adams in Amarillo later in the summer.

On June 16, 17 and 18, the Coffees were in Tulsa, Oklahoma, for the meeting of the Southwest Section of the International Municipal Signal Association. Mr. Coffee was the presiding officer for the three day convention having served as its president since being elected in 1948 at its convention in Amarillo.

The Coffees are in the process of moving from Amarillo to Las Alamos, New Mexico, where Mr. Coffee has recently accepted the position of superintendent of the fire alarm system for a large government installation.

Mr. Coffee has two brothers, Woodson and Roy and Mrs. Coffee has a sister, Mrs. Vern Bearden who live in Silverton.

PERSONALS

Mrs. J. H. Carter visited the past week in Texline with her sister, Mrs. Lou Abney. This is first time the sisters had seen each other in fifteen years.

Mr. and Mrs. Ware Fogerson and children visited Sunday in Matador with her parents, Mr. and Mrs. Riley Day.

Mrs. Carrie Arthur of Maricopa, California, is visiting this week in the home of her sisters, Mrs. M. P. Stone, Mrs. R. L. Campbell and Mrs. T. L. Anderson.

Mrs. Ernest Jones and son, Cliff Earl, of Powell, South Dakota, Roberta Campbell and Buddy Bob, of Hereford, Mrs. Glen T. Burnett, Amarillo, visited their mother, Mrs. R. L. Campbell this week.

Among those who attended the Plains Baptist Assembly general camp south of Floydada Tuesday were: Rev. and Mrs. G. A. Elrod, Mrs. G. R. Dowdy, Mrs. A. H. Jackson and Mrs. J. H. Burson.

Mr. and Mrs. Leroy McGowen and Eva Lou Self, of Plainview, visited with their parents, Mr. and Mrs. M. B. Self Sunday afternoon.

HELP YOUR WISHES COME TRUE!

It's easy to keep wishing for things,
 never helping to make them come true. If
 you were the farmer above you might want
 more land, newer machinery or maybe a
 nest egg of security on which to retire.
 If you were this wife you'd probably
 have your heart set on home improve-
 ments, a modern kitchen or maybe a long

vacation to Rio, Paris, Hawaii, the Orient.
 You can make these dreams come true
 by planting your dollars now in safe, sure
 U. S. Savings Bonds. Maturing in ten
 years at a \$4 for \$3 profit, they'll supply
 the cash for the schooling of your children
 and the fulfillment of your dreams. Start
 saving today at your bank or post office.

Plant more opportunity in your future!

Briscoe County News

Emotional Upsets May Cause Mishaps Suffered by Women

LONDON.—If mama continually trips over things and falls flat on her face, it may not be that she has two left feet. She may just need a bit of sympathy from the old man.

So says a British scientific survey. The survey was made by the London school of hygiene and tropical medicine for the British government's ministry of works, which is interested in the home accident problem.

Take jealousy, for instance. A jealous woman is a walking booby trap. Psychologists taking part in the survey found. For example: A woman tripped on an electric cord, spilling a teakettle and scalding herself. Psychologists found she was jealous of her husband, that the tea table conversation had been about him having his picture taken with a bevy of beauties.

"What an effective way of changing the subject and attracting attention and sympathy," said the psychologists' report, published in the Lancet, a British medical journal.

Extensive research is needed to show how many home accidents are caused by psychological factors, the report said. Preliminary findings definitely show that women who get little sympathy or understanding from their husbands are more prone to accidents than women who are content.

Valentino Revival Leaves Young Girls Cold as God

LONDON.—Just as a sort of experiment, the Hampstead theater put on a revival of Rudolph Valentino in "Son of the Sheik."

Long lines of women waited to see it—those who swooned over the heart throb of the early 20's, and their daughters. The former reasserted their undying devotion. But the youngsters had other ideas. Young Norma Barnes, writing in the Daily Mirror, expressed it for them: "Maybe I don't swoon easy—but he left me colder than a codfish on a slab."

Landlord Spends Cash To Keep Tenants Happy

GREAT NECK, N. Y.—A landlord, Paul P. Zinner, thinks the reason tenants dislike landlords is psychological—so he put up \$10,000 as a starter to make his 277 tenants happy.

The 34-year-old Zinner said he doesn't see why people can't get all the advantages of a private home in an apartment house.

He can't see, for instance, why children have to be "caged birds" in a multi-family dwelling. He doesn't want that for the 90 kids on his property.

So, Zinner planned to install a hobby room, a gymnasium and recreation rooms in his new six-building development.

Zinner said he'll install television sets, toys, juke boxes, a free library, a golf driving range, a handball court, billiard, ping pong, dart and other equipment.

He has arranged for dance lessons by a well known Manhattan studio, music lessons, and daytime baby sitters at reduced rates.

"The \$10,000 won't last more than a month. Then I'll have to dig up more," Zinner said, adding: "But I'll have a chance to do what I always wanted to do."

Zinner's tenants and their families—all 750 of them representing 40 different nationalities—have begun his "happier living program"—all on Zinner.

In the day the kids will see a puppet show, clown and juggler and have chocolate milk and cookies. At night the parents will dance to a name band.

Secondhand Watch Buy Usually Bad Business

MADISON, WIS.—You're likely to wind up with a bad time if you buy a secondhand watch in a barroom, the senate committee on state and local government has learned.

Confidence men put expensive dials on cheap watches, tell a hard luck story at some bar, and stick their customers with a sorry bargain, said Ralph H. Young, La Crosse, president of the Wisconsin board of examiners in watchmaking.

Young urged passage of a bill to increase the examination fee for a watchmaker certificate from \$15 to \$25 and a like increase in the cost of certificates to out of state watchmakers. The bill also would require sellers of used watches with no established business place (bars included) to file an invoice with the clerk of the county in which the sale was made. It also would increase the pay of members of the examining board from \$10 to \$15 a day.

Clarence L. Greiber, state director of vocational and adult education, said the governor's advisory committee had carefully selected the watchmakers' schools in Wisconsin for GI training, but said he knew of one state where 5,000 watchmakers were in training schools.

Shrub Tonics Often Necessary at This Season of the Year

If your green-leaved shrubs have turned yellow about this time of year, give them a little tonic in the form of a copra-sulphur and one pound of sulphur every large shrub or small tree.

That's the advice of Sadie Hatfield, extension landscape gardener and specialist of Texas A. and M. College. This copra-sulphur tonic will turn the leaves green again, like they should be. Fertilizers mixed with the soil at the same time also help prevent further yellowing of leaves.

Here's something else that will help keep the plants going this summer. Spread a vegetable mulch around the shrubs to keep the roots from drying out when the summer temperatures soar. Mulch holds moisture in the soil, making it available to plant roots, Miss Hatfield says. The mulch, spread over several square feet several inches thick, will gradually work itself into the ground.

Compost, grass cuttings, straw, or any kind of decaying plant nitrogen and other plant foods. They also make the soil acid, making iron more available for plant use. This helps the leaves stay green, she concludes.

Oldest Scrolls Of Bible to Go To High Bidder

BALTIMORE. — Four leather-bound parchment scrolls, described by a Johns Hopkins university archaeologist as "the greatest manuscript discovery of modern times," will be offered for sale to the highest bidder.

He will have to be wealthy. The documents are the four oldest manuscripts of the Old Testament known to date. Valued at more than a million dollars, they were brought secretly to this country early this year.

Discovered by wandering Arabs in a half-closed cave by the Dead sea in 1947, the parchments contain the entire Book of the Prophet Isaiah as it appears in the Bible, a commentary on the Book of Habakkuk, and a manual of discipline for a Judaic sect.

Experts say they were written 100 years before Christ—1,100 years before the date assigned to the oldest Hebrew Bible scroll previously known.

Sale Date Soon
An authoritative source, who declined use of his name, said the treasure would go on the block shortly. It is owned by St. Mark's Syrian Orthodox convent in Jerusalem.

Dr. F. W. Albright, professor of Semitic languages at Hopkins and one of the nation's top archaeologists, first established the authenticity of the scrolls from photographs sent to him.

Since then he has examined the originals. He reported: "During the past few weeks any possible doubt about the age and authenticity of the scrolls has been removed."

He disclosed also that the documents were sent to the Metropolitan Museum of Art in New York. There chemists reportedly are working over one scroll whose condition has prevented its being unrolled.

St. Mark's was damaged badly in the recent fighting between Israeli and Arab forces in the Holy Land. It expects to get repair money from the sale of the manuscripts.

U. S. May Buy
The hope is that the U. S. Government may buy them. Among interested groups, however, is Yale University.

The find, whose worth to the Christian-Jewish world has been termed incalculable, was brought to America by Athanasius Yeshua Samuel, Syrian archbishop of Jerusalem and Trans-Jordan and Orthodox apostolic delegate to the United States.

The documents were already in the U. S., it was disclosed, when dispatches March 18 reported them hidden and guarded in Syrian homes to prevent possible damage or loss in Palestine fighting.

Dr. Albright believes that one of the scrolls—the one reportedly in chemists' hands now—is written in Aramaic, the tongue of Christ.

And, he declared, it may contain another Bible book—which would double the monetary value.

Old Fluorescent Tubes Create Health Hazards

NEW YORK.—Industrial representatives have joined with New York city officials in issuing a warning concerning disposal of burned-out fluorescent lamps.

At a conference called by the department of health and sanitation, it was said that broken fluorescent tubes may create health hazards.

The tubes—of which 200 million are said to be in use throughout the nation—are reported coated on the inside with a phosphor which usually contains beryllium, a toxic substance.

It was said that skin cuts from broken tubes might cause a condition known as granuloma, a benign skin tumor. There also is a danger in inhaling dust from broken tubes.

The conference, including representatives of firms which manufacture the tubes, unanimously adopted this list of precautions for disposing of burned-out tubes:

1. Keep discarded tubes away from children.
2. Never break tubes or place tubes in incinerator or open containers in the street.
3. Deliver tubes directly to refuse trucks.
4. Should a tube be broken, sweep up fragments and wrap them in heavy paper. Never handle broken fragments without gloves.
5. If cut by a broken tube, consult a doctor at once.

Modern Man Declared Now Uglier Than Ever

GRAHAMSTOWN. — "Men have never been so ugly as they are today," says Prof. I. J. Rousseau of Grahamstown, who advocates communal exercises on the beaches and folk dancing to "restore the physique of the South African male."

The professor has campaigned against obesity for 15 years, describing the average male over 40 as "a comic, pot-bellied creature and a perambulating eyesore." Women's figures have improved, he thinks.

The Good Old Summertime Means a Bad Time For Hogs

"The good old summertime" often means a bad time for the hogs. June is the month hogs may become so overcome with the heat they die, even though the temperature climbs higher in July and August.

Apparently the hogs become adjusted to the heat during the latter part of the summer, says E. M. Regenbrecht, extension swine husbandman of Texas A. and M. College. Now is the time to watch your hogs to make sure they have plenty of cool shade, lots of drinking water and, if possible, a sanitary hog wallow.

It's better to handle the hogs on dry ground in the summertime, rather than allow them to lie in an old mud hole constantly. A concrete hog wallow, he says, is better than the mud hole. The wallow should be constructed out in the sun, but very near the shade. There's a reason for this.

This way, a small wallow will take care of a large number of hogs. With the wallow out in the sun, the hogs will get wet in it, then go immediately to the shade and lie down. A breeze will keep them cool until they dry off.

On the other hand, if your hog wallow is in the shade, you'll find the hogs will stay in the pool all the time. As many hogs as possible will pile in, crowding out some that may become overheated. It's not good for hogs to stay

Frigitaire at Simpson Chevrolet Company. 10tfc

in the pool all the time, Regenbrecht concludes. So, the arrangement of the wallow in the sun near the shade will give all the hogs a chance to keep cool.

Mrs. Elmo Seaney, Clarie Joy and Perry Don, of Morton, visited Thursday night with Mr. and Mrs. Bud McMinn.

Mr. and Mrs. Billy Mack Biffle and little daughter, of Levelland, spent the week end in the home of her parents, Mr. and Mrs. B. N. Mason.

F. O. MASTEN OF WELLINGTON GIVES 100 BALES OF COTTON TO ABILENE COLLEGE

Abilene, Texas, June 29.—Abilene Christian College is in the cotton business.

F. O. Masten of Wellington and Sudan recently gave the college 100 bales of cotton. He said that when others increase the college's stock to 1,000 bales, he will give another 100 bales.

Masten cultivates 20,000 acres in the Panhandle of Texas. He is co-chairman of the ACC Development Fund. He said he made the cotton gift to stimulate other gifts to the fund.

Don H. Morris, president, said he is sure the college can find a ready market for one or 1000 bales. He said he will see to the selling of it if the donor doesn't want to sell and remit the proceeds.

The college president added it wouldn't make a bit of difference if the gift turned out to be wheat, oats, cow or sow or any other farm product.

Clyde Roberson of Plainview who underwent surgery recently is able to be home and is reported doing nicely. Mr. Roberson formerly lived in Silverton. His daughter, Imogene, who is Mrs. Weldon Whiteford, of Lubbock, is reported to be seriously ill in a Houston hospital. She was taken by plane to Houston.

Mrs. Charles Yates, who has been visiting her parents, Mr. and Mrs. E. E. Minter, for the past two weeks, returned to her home in Lubbock Friday. She was accompanied home by her mother and brother, Gene. They returned home Saturday.

Mr. and Mrs. Troy Denison and children, of Anton, spent the week end with Mrs. Denison's parents, Mr. and Mrs. W. H. Tension.

Keith and Robert Sanders, of Brice, visited their grandparents, Mr. and Mrs. Hugh Stodghill over the week end.

Mona Brock, of Dimmitt, is spending the week with her friends, Mary Tom Bomar and La Rue Gilkeyson.

Mrs. Leroy Stone and children, of Bakersfield, California, are visiting Mr. and Mrs. C. B. Young. Mrs. Stone is a niece of Mr. Young.

Mrs. Bill Edd Stodghill and sons are visiting her parents, Mr. and Mrs. Edgar Cupell in Amarillo.

Mr. and Mrs. Keltz Garrison and sons of Crosbyton visited with Mr. and Mrs. Coleman Garrison Sunday.

Mr. and Mrs. L. K. Gilkeyson visited Sunday in Dimmitt with Mr. and Mrs. Earl Brock.

Mr. and Mrs. Les Tiffin visited Mr. and Mrs. N. K. Tiffin Sunday.

H. M. Kirkland, of Bronte, was a visitor Tuesday in the home of Mr. and Mrs. J. W. McCracken.

Mr. and Mrs. Geo. Jones, of Marlow, Oklahoma, were in Silverton on business last week.

Mrs. Ware Fogerson and children were business visitors in Plainview Friday.

Mrs. Otis Honea, of Quitaque, was a visitor in Silverton Tuesday.

W. H. Brooks, of Borger, was a business visitor in Silverton Tuesday.

Mr. and Mrs. Geo. Jones and Billy were business visitors in Plainview and Tulia Saturday.

Geo. Keaton, of Amarillo, and Jewell Clayton, of San Antonio, were week end guests of Mr. and Mrs. A. C. Fry.

Mr. and Mrs. B. F. Clemmer, of Meadow, visited Friday and Saturday with their son and family, Mr. and Mrs. Jim Clemmer.

Mr. and Mrs. Ed Dunavant, of Quitaque, visited with Mr. and Mrs. Jim Clemmer Sunday afternoon.

Lettuce—like many vegetables—loses its flavor and food value if kept too long, even in the refrigerator. All salad dressing just before serving in order not to wilt the leaves.

Carlyn Wimberly Bride of Bill Jo Montgomery

Canyon, June 25.—Baskets of pink gladioli, flanked by chandelabra bearing lighted pink tapers, formed the setting for the simple home wedding which united in marriage Miss Carlyn Wimberly and Bill Jo Montgomery of Amarillo. The bride is the daughter of Mr. and Mrs. Carl V. Wimberly of Canyon, and the bridegroom is the son of Mr. and Mrs. Claude Montgomery of Shamrock.

Wedding vows were spoken in the home of the bride's parents Saturday afternoon, June 18. Roy L. Johnson, pastor of the First Baptist Church in Canyon, read the double-ring ceremony in the presence of members of the immediate families.

A nuptial prelude was played by H. R. Fulton, Jr., at the piano. Mrs. H. R. Fulton, Jr., sang "O Promise Me" by DeKoven, accompanied by Mr. Fulton. The traditional wedding marches were used, and "Clair de Lune" formed the musical background for the service.

Miss Martha Ann Montgomery, sister of the bridegroom, lighted the candles. Her dress was of pink dotted swiss.

Attending her sister as maid-of-honor, Miss June Wimberly wore pink lace over pink net, styled with a fitted bodice, full skirt and short cap sleeves. Her elbow length mitts were of pink lace and she wore a picture hat of pink horse hair, trimmed with flowers and streamers. Her bouquet was of sweetheart roses.

Given in marriage by her father, the bride was gowned in white lace over pink net, fashioned with a fitted bodice, cap sleeves and a full skirt. White lace mitts and a white picture hat trimmed with flowers and streamers completed her costume. For something borrowed, she carried a lace handkerchief, which came from Czechoslovakia and belonged to Mrs. Dallas Milner. For something old, she wore two gold bracelets, which belonged to her maternal grandmother and are over 75 years old. Two of the bride's cousins had worn them at their weddings. Her other jewelry consisted of a strand of pink pearls, a gift from the bridegroom. She carried a bouquet of woodwardia and baby pink calla lilies.

For her daughter's wedding, Mrs. Wimberly chose a navy dress with navy accessories. Her corsage was of pink roses. Mrs. Montgomery, mother of the bridegroom, was attired in navy trimmed with white lace. Her corsage was of white gardenias.

A wedding reception was held following the ceremony for friends of the couple. Guests were received by the wedding party and were conducted through the gift rooms by Misses Margaret Bell, Billy Erwin, Shirley White and Wilma Lee Francis.

The serving table was laid with

Frigidaire at Simpson Chevrolet Company. 1046

a white damask cloth and centered with the bride's cake, flanked by pink tapers in crystal holders. Mrs. Edwin Adams of Plainview and Mrs. Cecil Franks served. Mrs. H. R. Fulton, Jr., presided at the guest register.

For a trip to Colorado, the bride traveled in a beige gabardine suit with brown and white accessories. Her corsage was of pink carnations. After July 1, the couple will be at home at 210 Arch Terrace in Amarillo.

Mrs. Montgomery was graduated from Silverton High School and West Texas State College, where she was a member of Gamma Phi Sorority, Alpha Chi, honorary sorority, and chosen for Who's Who in American Colleges and Universities. She taught music in the Plainview Public Schools last year.

Mr. Montgomery was graduated from Shamrock High School and West Texas State College, where he was a member of Alpha Sigma Xi Fraternity, Alpha Chi, honorary fraternity, and chosen for Who's Who in American Colleges and Universities. For the past two years, he has been employed by the Shamrock Oil and Gas Corporation in Amarillo.

CARD OF THANKS

We want to thank each and everyone that helped to make the Memorial service for our son and brother lighter. May God bless you all.

Mr. and Mrs. H. P. Rampley and George; Mr. and Mrs. O. C. Rampley.

Jerry Jarnigan, of Canyon, is visiting in the Roy Mayfield home this summer.

Mr. and Mrs. Glenn Jones were Sunday dinner guests of Mr. and Mrs. Billy Hill.

Mrs. Carver Monroe and daughters were in Tulia Monday. Carlye who recently underwent an appendectomy at the Tulia hospital, went for a check up.
