

## Muleshoe Area Medical Center hires new surgeon

People from Muleshoe in need of general or microscopic surgery will no longer have to drive to Lubbock. Muleshoe Area Medical Center (MAMC) has hired a new surgeon on a contract basis.

According to Richard Murphy, administrator for MAMC, Dr. Robert G. Johnson will be moving to Muleshoe as soon as he is able

to complete his licensure process in order to get a narcotics permit in the state of Texas.

Johnson has signed a four-year contract with the hospital. He will replace Dr. Austin Dixon, who left Muleshoe hospital last November.

MAMC has been without a surgeon since November.

"We have been having to ship all of the people needing

surgery to Lubbock," Murphy said. When Johnson makes his move, he will be able to perform all types of general and microscopic surgery in Muleshoe.

Johnson is coming to Muleshoe from West Covina, Calif.

Johnson did a fellowship in vascular surgery at New York Medical College in New York from 1974-75 and a fellowship

on surgical oncology at Memorial Sloan-Kettering Cancer Center in New York from 1975-77.

He received a bachelor of arts degree in 1964 and a medical degree from the University of Medicine and Dentistry of New Jersey in 1969.

He did his internship on mixed medicine, pediatrics and surgery in 1969-70 at Down-

state Medical School, Kings County Hospital in Brooklyn, N.Y.

Johnson did his residency in general surgery at the University of Medicine and Dentistry of New Jersey from 1970-74.

Academic positions Johnson has held was being chief of Head & Neck Services and a member of the general

surgery staff at Brooke Army Medical Center in San Antonio from 1977-79.

In addition Johnson was a diplomate of the National Board of Medical Examiners in 1970, he was a member of the Fellow of the American Cancer Society, member of Southwest Oncology Group,

## SUMMER IS A SPLASH!

With temperatures tipping into the 100s, (Left) Suzy Hodges, age 16 and Jenna Rascoe, age 6, along with many other local people, have found the Muleshoe Municipal Swimming Pool a great place to escape the summer heat. The swimming pool opened for the summer season last week.

## Muleshoe woman reportedly missing

A 32-year-old Muleshoe woman who has not been seen or heard from in almost three weeks has been reported missing.

According to police reports at the Muleshoe Police Department, Terry Marie Brewster was last seen in Muleshoe at her residence on May 18, after reportedly having a disagreement with someone.

Muleshoe Police Chief Julian Dominguez said that Brewster had reportedly disappeared for a few days once before after having a disagreement with someone. However, there is concern at this point because no one has heard anything about her in weeks.

Dominguez said, "When someone (an adult) is reported missing this long, whether voluntarily, we have to treat it as a missing person report at some point, until we find out that she is okay. We are mainly concerned about her welfare." "We don't suspect foul play at this point," he said.

Brewster was believed to possibly be in a Ford LTD car, four wheel drive. The car is described as being white over gold in color. However, Dominguez said that the po-

lice department has learned that this car was located in Lubbock and was reportedly sold the day after Brewster was reported missing.

Brewster is described as being 5'4" in height and weighs 190 pounds. She has brown hair and blue eyes.

Brewster has two children and is married to Marion Brewster. They co-own a restaurant. Brewster reportedly had overnight bags with her when she left.

Dominguez said that Brewster reportedly was seen at a Lubbock bus station on May 18. He said the latest sighting the police department received on her was a report

## Hospital to hold grand opening for Heli-pad

Muleshoe Area Medical Center will celebrate the completion of a new Heli-pad with a grand opening.

The grand opening has been set for Thursday, June 9 at 10 a.m. at the Heli-pad site, located behind the hospital.

The Aerocare Helicopter, will fly in from Lubbock on that day, according to hospital administrator Richard Murphy.

The Heli-pad was built on the site where the Aerocare Helicopter lands when it comes to and from Muleshoe.

The pad was completed on May 15. Prior to its construction, the Aerocare He-

licopter would land on the parking lot in that area.

"The pad provides a specific place for the helicopter to land now in a lighted, unobstructed area," Murphy said.

Murphy said that Aerocare paid for the Heli-pad which costed an estimated \$6,000. The public is welcome to attend the grand opening on Thursday.

The Aerocare Helicopter is used to transport patients who need additional medical attention to Lubbock.

The Aerocare helicopter is owned by Methodist Hospital in Lubbock.

## Preliminary results of TAAS encouraging

By Helena Rodriguez

Based on preliminary results of the Texas Assessment of Academic Skills (TAAS) tests administered to Muleshoe school students this past spring, the scores are encouraging.

"We are seeing some significant increases," said Bill Moore, superintendent for the Muleshoe Independent School District (MISD), during a board meeting on Monday.

The State of Texas requires all school children in grades 3-8 to take the TAAS tests.

Students in grades 10-12 are also required to take the exit level TAAS tests. Students must meet minimum expectations on the TAAS test in order to be able to graduate from high school.

Adrian Meador, assistant superintendent of instruction for MISD said, "97 percent of our seniors at Muleshoe High passed the TAAS test this year."

In order to pass the TAAS test, a student must meet the minimum expectations, Meador said. Students are

tested in a variety of academic areas, including math, science, reading and writing.

Meador reported that scores in writing are up.

Meador said MISD will not have detailed information to compare the scores on a state-level until next week. However, he was able to note some significant increases in comparing the scores to MISD students last year.

Meador said that last year, 4th grade students who took the TAAS test and met minimum expectations was 33

percent. Students who took the TAAS test this year as 4th graders had a 38 percent minimum expectations rate.

Now 5th grade students this year who had a 33 percent success rate when they took the TAAS test as 4th graders, had a significant increase, finishing with a 50 percent success rate.

The most notable change was among Watson Junior High students. Current 7th graders who took the TAAS

## Police department to conduct bike registrations

The Muleshoe Police Department (MPD) will be conducting a bicycle registration on Saturday, June 14 from 2-6 p.m. at the rear of the police station.

Bicycle registrations will be free of charge. Anyone interested in having their bicycles registered are welcome to come at this time. Parents are en-

couraged to accompany children. However bicycles will be registered if a parent is not able to come.

According to Julian Dominguez, Police Chief at MPD, the police department is starting to keep files with bicycle registrations. He said this will help protect people, particularly in the event their bi-

cycle is stolen.

"We will enter the information in our computer and it will help us keep track of a bike if it is stolen. It will help us locate it," Dominguez said.

"Every summer, we have a rash of bikes being stolen because bikes are left out more," Dominguez said.

He added, "Even if a bi-

cycle is registered though, it is still up to people to lock up their bicycles. Don't make it easy for thieves," he said.

Dominguez said anyone who is not able to make it on this day though can still have their bicycles registered by contacting Officer Benny

## Public Notice

On March 23, 1994, GTE and Contel ("The Companies") filed applications with the Public Utility Commission of Texas ("PUC") to restructure the Companies' Switched Transport rate category and reduce the Carrier Common Line (CCL) charge of its Switched Access Service. The tariff sheets in GTE and Contel's applications, if approved, will bring the Companies' state access tariffs into structural parity with their interstate tariffs for the Local Transport rate category, which became effective on December 30, 1993.

GTE and Contel propose to implement the new tariffs on a revenue neutral basis. The Local Transport category of GTE and Contel's Switched Access Service is primarily for interexchange carriers.

Persons who wish to intervene should file a motion for intervention with the PUC by June 17, 1994 with reference to Docket No. 12866 (GTE) and/or 12865 (Contel). Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or call the Public Utility Commission Public Information Office at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

test two years ago, had a 36 percent success rate. This year, the junior high had a 61 percent success rate.

"This is a tremendous gain to us and our teachers," Moore said. "If we can keep this pace up, we will be in good shape."

This 61 percent success rate almost brings the junior high up to meeting an honorary level by the state.

Moore said that the state recognizes school districts that have at least a 65 percent success rate. To meet this status though, a school district must also have good average daily attendance and meet other criteria.

The exemplary level is the highest level of honor the state has for school districts. A school district must have a successful TAAS rate of at least 90 percent. Under this level, some school districts may qualify for additional funding.

Also during the meeting on Monday, the board approved continuing an interlocal

agreement with neighboring Chapter 36 school districts, Sudan and Whiteface, for the sale of weighted average daily attendance units (WADAs).

WADAs are the units the state uses to count students. Students enrolled in special programs may count for more than one unit.

Moore said that following Legislative action two years ago, Texas school districts deal with funding by using WADAs. Districts are allowed to have only so much funding. Under the system, wealthy school districts with above average WADAs have to sell them to poorer school districts. Moore said the Sudan school district will sell WADAs to MISD, which will increase MISD's income level.

In other business Monday, the board of trustees voted to hire Laurel Attardi as a teacher at DeShazo Elementary School, following an executive session.

Anyone with information concerning Brewster's whereabouts is asked to contact Police Chief Julian Dominguez at 272-4569.

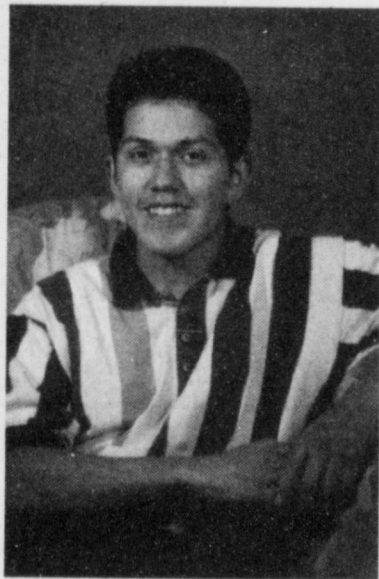

# Villarreal named USAA scholar

The United States Achievement Academy has announced that Jessie J. Villarreal has been named a United States National Award winner in Honor Roll.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10% of all American high school students.

Jessie J. Villarreal, who attends Muleshoe High School, was nominated for this National Award by Linda Marr, counselor at the school.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy.

Jessie J. Villarreal

Jessie J. Villarreal is the son of Jessie and Rebecca Villarreal. The grandparents are Joe and Manuella Villarreal of Muleshoe and Manuel and Theresa Pineda also of Muleshoe.

## July 4th activities

The Muleshoe Chamber of Commerce & Agriculture is planning big things for the July 4th celebration in Muleshoe. Big as in seven stories high.

Yes, there will be a hot air balloon that is seven stories high on the Mule Memorial lot from 6:30 a.m. to 8:30 a.m. on Saturday, July 2. Rides will be given again from 6-8 p.m. on that day.

Rides will be available for \$40 per person for 15 minutes. The balloon will be piloted by Sally Sudderth of El Paso and is called Velvet Belladonna from Mesilla Valley Balloon Adventures.

Local merchants who have purchased advertising on this balloon are The Art Loft, Joe's Boot Shop and Leal's Restaurant. Also, Tony Lama will be advertised.

The Muleshoe Chamber of Commerce will receive all proceeds from the rides. This is your chance to view Muleshoe from a spectacular viewpoint!

July 4th activities will continue on Monday with the traditional July 4th parade at 10 a.m. Kids are invited to decorate bicycles, tricycles, etc. and come and join in the parade.

Organizations are encouraged to decorate a float and have fun being in the parade. Businesses are invited to decorate a float and promote their business during July 4.

The hot air balloon will be at the Mule Memorial from about 6:30 p.m. to 8:30 p.m. for more 15 minute rides on Monday, July 4. The balloon will again be available at the City Park at about 7 p.m. for tethered rides at the price of \$5 for five minutes.

There will be games and

entertainment at the new City Park in the evening. All clubs and organizations are encouraged to call the Chamber Office so that activities can be coordinated.

This is a wonderful time for fundraisers, so put on your thinking caps and plan a fun activity the family can enjoy together!

The Cold Country Band from Clovis has been engaged to entertain during the evening hours before the Big Fireworks Display. You will want to bring your lawn chairs and come to enjoy an evening of good music and entertainment under the stars.

The hospital has contacted the Chamber about having a hospital tent at the park for those who might need a little first aid. The Chamber Board was appreciative of this offer to be of service to the community.

## Hat parade

The Muleshoe Area Pioneers will be having their annual meeting on July 4 at 2 p.m. in the meeting room of the Baily County Civic Center.

So dig out your oldest, newest, smallest, largest, prettiest, ugliest or most unusual hat and wear it to join in the fun.

There will be lots of prizes to be given away by some of the most unusual judges of the area.

Entertainment will be provided by Cliff Allen's band. There will also be cool drinks and refreshments. Come join in the fun, renew old friendships and make some new!

## Mule Days

Mule Days is being planned for Aug. 12-13. Most of the

events will be held during the evening hours so more people can come out and enjoy the mules. You will be amazed at what a mule can do.

Advertising has been going out and a number of mule owners have contacted the Chamber Office stating that they plan to be here.

This brings more people to town and that means they will be spending money in Muleshoe, so let's put out the welcome mat!

## Kermit Price's mule project

Kermit Price is organizing a project to place the "World's Largest Muleshoe" over the entrance to the Heritage Complex.

Kermit met with the Chamber Board to explain his project and to ask for input as to ways and means of accomplishing this worthwhile project. He received wholehearted support from the Board and was asked to find out a few more details and then come back and the board will decide

what the Chamber can do to help.

## T-Shirts on sale

"The Real Kick of West Texas" T-Shirts are currently available for sale at the Chamber of Commerce office. The T-Shirts are \$13 for kids and \$15 for adults.

The shirts have the new "Muleshoe-The Real Kick of West Texas" logo on them and they are very nice looking. If your business would like to sell the shirts, contact the Chamber Office.

Sizes are going fast, so if you want to purchase a shirt, you need to contact the Chamber Office soon.

## Your Chamber

Your Chamber can be a real force toward the continued vitality of Muleshoe. It takes your support to make things happen. If you have suggestions, please call the Chamber Office or talk with any of the directors.

## Mata honored by USAA

The United States Achievement Academy has announced that Melissa Mata has been named a United States National Award winner for being on the honor roll.

Mata attends Muleshoe High School. She was nominated for this national award by Linda Marr, a counselor at the school.

Mata is the daughter of Joe and Patricia Mata. She is the granddaughter of Luis and Aurora Mata of Muleshoe and Antonio and Emma Gomez of El Paso. The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and from standards of selection set forth by the Academy. The criteria for selection

are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve citizenship, attitude and cooperative spirit, dependability and recommendation from a teacher or director.

## Legal Matters

By Dan Morales, Texas Attorney General

**Legal protection for seniors**  
 The Office of the Attorney General is charged with defending the laws and the Constitution of the State of Texas. But in human terms, the legal actions we take are often critical to the health and well-being of our most vulnerable citizens.

This is particularly true for the Medicaid Fraud Control Unit and the Elder Law Section of our Consumer Protection Division.

These sections identify and aggressively prosecute those who cheat, deceive and abuse our senior citizens. When our attorneys file suit, their actions may mean the end or prevention of abuse in a nursing home. Or it may mean financial restitution to senior citizens who have been cheated out of their life savings.

### Ensuring Quality Treatment in Nursing Homes

One of the most important roles our office plays in protecting seniors involves long-term care. The legal actions are taken on behalf of the Texas Department of Human Services, and may involve court orders, appointments of trustees, injunctions, civil penalties or criminal prosecutions.

For residents of standard nursing homes, the reality is that owners and employees of these facilities can be made to clean up their operations immediately. In extreme cases, homes that violate health and safety codes may be closed down, and residents removed to more suitable quarters.

The unit also investigates patient abuse and criminal neglect in health care facilities which receive Medicaid. If an investigation turns up any wrong doing, the case will be referred to the appropriate district or county attorney, or the U.S. attorney's office for prosecution.

### An Ounce of Prevention

Last year, following the deaths of an elderly patient and an invalid, we won the first grand jury indictment of a nursing home corporation. While the Medicaid Fraud Control Unit pursued these criminal charges, the Elder Law Section filed suit, and succeeded in placing the nursing home under a trustee.

Another major part of the Elder Law Section's work involves the investigation and prosecution of fraud. Many of these scams involve financial,

home improvement, and insurance services, and their advertising and sales techniques often deliberately target the seniors.

Although we prosecute these cases aggressively, we are not content to wait around and file suit after the damage is done. By then, the thieves may have disappeared. And even if we find them, they may have squandered the money they have stolen.

We do our job best when we inform people about fraud and scams before they can be cheated. Therefore, we place a very high value on programs that educate people-especially those most vulnerable-so they can recognize and avoid falling for solicitations that involve possible fraud.

In rooting out Medicaid fraud and patient abuse, the public also can play a large role. We encourage Texans to get involved in activities at a local nursing home. Not only does your involvement improve the spirits of the nursing homes' residents, but it can also help us too. If you see any suspicious activity, please call Medicaid Patient Abuse and Neglect Hotline at 1-800-252-8011.
