POLIO TOLL HIT THREE YEAR HIGH DURING 1950 OUTBREAK

Almost half of all the children and adults stricken with infantile paralysis in this country during the last thirteen years have been victims of high polio incidence in the last three years alone.

From 1938 through 1947 there were 113,523 cases of polio reported in the United States; since then the rising tide of polio has accounted for over 100,000 cases.

During the three successive high polio years of 1948, 1949 and 1950, polio incidence has occurred at an annual case rate approximately three times greater than in the previous decade.

Behind these statistics, E. E. Minter, county March of Dimes Director said today, are partially disabled children, men and woman robbed of their means of livelihood, human beings who look to the chapters of the National Foundation for Infantile Paralysis for help in obtaining care and treatment.

WANTED-25 MEN

Twenty-five Silverton men are wanted immediately to give \$20, or more, each to the March of funds, that some child, stricken Dimes The Briscoe County Polio men, women and children to give as liberally as possible to the infantile paralysis fund drive new under way.

Drive Intensified

Here in Briscoe County during the last three years, Mr. Minter said, patient care had been great, and the National Foundation fund should be rebuilt.

In 1948, Mr. Minter declared, there were 27,902 cases of infantile paralysis in the nation. This was followed in 1949 by an epidemic that could have amounted to a national calamity without March of Dimes funds-42,173 cases, the highest on record. Last year brought the second highest incidence, conservatively estimated at over 30,000 cases.

More Need Help "The figures tell only part of the story," said Mr. Minter. "Our problems are not those of 'cases' an adult was struck down by polio. cases in one year than in another. Our sole consideration is for the who need our help. Today are more of these than ever begin 1951 owing bills for a care given in 1950:"

as last September, the 1 Foundation was compelled upon its chapters in all the country to pledge wi. funds they could to epidemic relief in stricken areas. This was done to insure con-

TAX PAYERS NOTICE!

TELEPHONE 23-J

1950 State and County Taxes are now due and must be paid by January 31 to avoid penalty and interest. This date is also the deadline for payment of poll tax.

The 1951 License Plates will be placed on sale February 1, 1951. A Tax Certificate of Title and a 1950 Texas Registration Receipt must be presented when making application for your tags. Your cooperation in this matter will be appreciated since the volume of automobile business has increased greatly in recent years and the presentation of the above mentioned items will speed up registration considrably.
