Owning Unique Automobile Has Drawbacks, It Appears

Johnny points with pride to "Old Betsy", but admits that owning such a model sure has complications. The car is a sleek maroon Buick-vintage of 1911. It takes a bit of eranking to get "Betsy" rolling and even then she looks awkward being driven from the right side.

The trouble, however, is in parking. The vehicle just draws too much attention from pedestrians.

Johnny always seeks out the most nconspicuous of parking places, but such is hard to find. Admiring passers-by have snatched everything from the rubber ball on the horn to the brass lantern from time to time.
