Go forth, young man

... we can't use you here

is this the word to our young people — able and beloved — when they've finished school and are ready to start making their own living?

Too often it is, in the smaller communities like ours.

Why don't we have more job opportunities and more business opportunities right here, so that more of our sons and daughters can establish their homes and be happy and prosperous here at home?

It's partly circumstance. Partly the natural limitations of the economy of our area. Partly because we haven't been quite aggressive or enterprising enough to build and grow more.

But it's also partly because many of us have let ourselves get into the habit of spending too much of our money somewhere else.

Every dollar that we spend away from home is a dollar less to circulate among us and to account for 2 or 3 or more dollars of added trade volume as it moves from hand to hand.

Keeping more of this easily available trade volume at home is one way by which we could create and sustain more local opportunities for our young people. And for ourselves.

YOU get everything that your money pays for merchandise AND a trade- invigorated community to live in when you buy from your home town merchants

The Fuel-Economy Records on Gasoline, Diesel, and LP-Gas Are ALL Held by JOHN DEERE TRACTORS?

IN official Nebraska Tests, new John Deere "520," "620," and "720" Tractors set five new fuel-economy records by developing more horsepower-hours per gallon of fuel on the drawbar than any other tractors ever tested. These include new records on gasoline and LP-Gas set by the "520" and "620" models, plus an all-time tractor fuel-economy record set by the new "720" Diesel, the fourth John Deere Diesel to hold this record

Gasoline, Diesel, LP-Gas-whichever fuel you use, you'll burn it with maximum efficiency and dollar-saving economy when you choose one of these new John Deere champions. Stop in soon; let us give you all the facts about these new fuel-economy records and show you why a new John Deere Tractor will make your farming more profitable and more enjoyable than any other tractor you could own.
