PUBLISHED EVERY THURSDAY AT SILVERTON, BRISCOE COUNTY, TEXAS

THURSDAY, APRIL 23, 1959

A POOL-FULL OF FUN — You'll have to look closely to notice that all of the children in the pool are handicapped, but the wheel chairs are evidence enough. The specially designed pool at the Texas Lions Camp for Crippled Children at Kerville is filled with children, many of whom learn the joys of swimming for the first time.

LIONS CAMP FOR CRIPPLED CHILDREN HELD ANNUALLY AT KERVILLE

Governor Price Daniel is focusing attention on the unique Texas Camp for Crippled Children at Kerville, which has provided summer recreation for 3,539 handicapped children during the last six seasons. The camp was conceived and started 10 years ago last month. It is supported by 37,000 Texans and their friends, who have contributed approximately \$1,500,000 to construct and operate the camp. Its facilities are designed especially to serve the blind, deaf, mute and crippled. Fifteen permanent buildings—including a chapel, infirmary and giant recreation center—dot 504 hillside acres. The camp, probably the only one of its kind in the world, is open to any handicapped boy or girl in Texas between the ages of 7 and 16. The camp's capacity is 720 a summer and it has been operating at full strength since 1949. The children camp out under the stars at Inspiration Point, learn to swim in a specially-devised pool, develop talents in the various arts and crafts building, try their hand at learning new skills, participate in stunt night and a wide variety of other activities—and have fun in general. Prospective campers are being sought now for the six, two-week sessions this summer. Applications are handled only on the local level by the 780 Lions Clubs in the state, who also arrange transportation to and from the camp. The low is the time to refer the names of handicapped boys and girls to the Local Lions Club for placing of applications.

NS CLUB ELECTS NEW OFFICERS
A regular meeting of the Silvertown Lions Club held Thursday evening elected the following officers for the coming year:
President—J. E. Minyard
First Vice President—Alvin
Second Vice President—Gene
Third Vice President—Robert
Secretary—O. C. Ram
Treasurer—H. A. Cagle
Club Twister—Glenn Lindsey
Club Directors—E. C. Newman, Les Sareth
Club Ladies' Night will be held on Thursday April 30, at the home of the Methodist church.

DISTRICT NET TITLES WON BY BROWN AND STEPHENS

James Roy Brown and Bobby Stephens captured first place in the District 4-A Tennis tournament which was held at Idalou last Saturday. They won the Senior Boys Doubles by defeating Idalou's Dan Wilbanks and Marvin Harrington 1-6, 8-6, and 6-4. James and Bobby will represent district 4-A at the regional meet to be held at Lubbock on Friday and Saturday, April 24, and 25th. In the girls doubles division Glenna Thompson and Brenda Cornett took second place. They gained the finals by beating Lana Dawson and Marilyn Dawdy of Idalou 6-3 and 6-0. Glenna and Brenda were defeated in the finals by Hale Center's Sandro Bourland and Barbara Williams 6-1, 4-6, and 6-4. In the Boy's Singles division Jimmie Smith also took a second place and was defeated in the finals by Charlie Roberston 6-3 and 6-0.

DON THOMAS CHIEF ENGINEER AT TECH STATION

KTTS, Tech radio station, has been off the air for several weeks as a result of the installation of new equipment but resumed broadcasting Monday and will broadcast Monday through Saturday of each week.

JOHNNY LEONARD starts broadcasting at 5:30 p.m. daily followed by the Chris Johnson Show from 6:30 p.m. until Don Thomas takes over at 7:30 p.m. Vorpall's Blade, which got its name from a poem in Lewis Carroll's book, will continue at 8:30 p.m. until 10 p.m. when Larry Brummett has his show. Ed Nettleton's show starts at 11 p.m. and continues until Miss Exotica takes over with her jazz show. The stations signs off at 1 a.m.

HOURLY NEWSCASTS on the half hour are given as sponsored by Lucky Strike in return for the teletype machine—otherwise, there are no commercials.

New positions that have been appointed are Don Dye, station manager; Frank Young and Don Thomas, chief engineers; and Ken Kaplan, program director. Disc jockey positions are still available and open to anyone interested. The broadcast may be picked up by radios in dorms and on campus at 655 on the dial.

FUNERAL SERVICES FOR HENRY T. MYERS

Funeral services were held for Henry T. Myers, 90, on April 16, 1959, at the Silvertown Church of Christ with Earl I. Cantwell and L. L. Thornton officiating, and under the direction of Douglas Funeral Home. Burial was in Silvertown Cemetery.

Henry T. Myers was born May 31, 1868. He came to Briscoe County in 1924 from Lincoln County, Tennessee. He died at his home in Silvertown Wednesday evening following a lengthy illness. Survivors include his three daughters, Miss Neelie Myers of the home and Mrs. I. A. Pruitt and Mrs. A. R. Wolfe of Gatesville, Texas and two sons, Bood Myers, Silvertown and H. T. Myers, Jr., of Partersville, California. He had seven grandchildren and six great grandchildren. Pall bearers were Louie Kitchens, Berle Fisch, Floyd Williams, Burton Hughes, Ennis Autry and Carver Monroe.

LAND JUDGING CONTEST WINNERS

The 1959 Briscoe County Land Judging contest was held Wednesday, April 15. This contest is sponsored each year by the Cap Rock Soil Conservation District Board of Supervisors in the interest of promoting better understanding of the nature of local soil conditions and their problems.

The Silvertown and Quitaque Chapters of the F.F.A. and the Briscoe County 4-H Club participated in this year's contest with about 60 boys competing all together. Land judging stops were made on the Lee Bomar and the G. Mayfield Estate ranch west of Silvertown.

Team scores found the Silvertown FFA placing first, the Briscoe County 4-H Club second and the Quitaque FFA third. High individual in the contest was Melvin Cobb of the Quitaque FFA. The order of scoring for the nine next highest individuals was as follows: (1) Lynn McDonald—Quitaque 4-H, (2) Dale McWaters—Silvertown FFA, (3) Kenny Thornton—Silvertown FFA, (4) Ray Gene Hutcheson—Quitaque 4-H, (5) Benny Bingham—Silvertown FFA, (6) Kenneth Pugh—Silvertown FFA, (7) Raymond Lewis—Quitaque FFA, (8) Robert Phelps—Quitaque 4-H.

Team coaches were Jack Mayfield—Silvertown FFA, Robert Ledbetter—Briscoe County 4-H and Elmer Berryhill—Quitaque FFA. The contest was conducted and scored by Merle McMurtry and Irving Cross, Supervisors of the Cap Rock SCD, with the assistance of Raymond McJimmsey, Carmen Rhoads, Don Leath and Virgil Henson.

"OUR SCHOOL" THEME FOR CLUB PROGRAM

The March of Time Club went to the High School Auditorium for the regular meeting April 16th for a program entitled "Our School". Miss Anna Lee Anderson, Mrs. Rex Dickerson and Mrs. Ben Whitfill arranged for the program that was presented by Mrs. Trout's first graders and Mrs. Wilmeth's third grade. The invocation was given by Mrs. W. E. Schott Jr. Mrs. Alvie Mayfield presided over the business meeting in which the course of study for the coming year

RED CROSS DRIVE GOES OVER THE TOP

The Red Cross drive quota for 1959 was set at \$1,100. To date Jean Grundy, County Chairman, G. W. Seaney, Finance Chairman for Silvertown and S. T. Bogan, Quitaque, would like to thank everyone who helped make the drive a success.

County 4-H Contest Saturday

Saturday, April the 25th Briscoe County 4-H Club boys will participate in the annual tractor maintenance school and contest. This 4-H Activity is for boys who are interested in doing a better job of taking care of their tractors. Tractors are probably the largest single investment made by farmers in the County other than their land. There are over 500 tractor dealers who tell us that the life of a tractor may be increased 50 to 100 per cent by proper care. This school emphasizes care and not repair. Trained mechanics should do tractor repair.

The school will begin promptly at 9:00 a. m. in the County Court room. After the school is over there will be a driving contest. The winner of this contest will represent this county at the District Tractor maintenance contest at Lubbock the 2nd of May. Mr. Wayland Fitzgerald and Loyd Stephens who have attended tractor leadership schools will be in charge of this contest.

Other contests to be held Saturday are the Safety Demonstration, Electric Demonstration, and Vegetable Marketing and Production Demonstration. The winners here will also attend the District Contest. In charge of these contests that will also be held in the County Courtroom are 4-H Adult Leaders, Mrs. Pascall Garrison, Mrs. Don Garrison and Mrs. Fred Mercer.

The public is invited to attend these contests.

Junior Play Tonight

The Junior Class of Silvertown High School is presenting its annual play tonight at 8:00 P.M. The play is entitled "Rest Assured" and the characters are as follows:

- MR. MORLOCK — James Clemmer
- Father and vice-president of Brubaker & Brubaker
- MRS. MORLOCK — Marsha Monroe
- Very attractive mother
- MARY — Joyce Thornton
- An ideal daughter of about 20
- JESSICA — Glenna Thompson
- A 13-year old daughter full of action and energy
- MILDRED — Toni Rhode
- Dead-pan and expressionless maid
- JOE LANCONI — James Brown
- Mary's finance and a senior in college
- LUIGI LANCONI — Bobby Crass
- Joe's papa
- MARTHA — Glenna McWilliams
- Luigi's "departed" wife
- LUCIFER — Bobby Stafford
- From "Down Below"
- MISS AKERS — Frankie Hunt
- Mr. Morlock's secretary
- GEORGIE PLEW — T. D. West
- Attorney
- MRS. SCHMALTZ — Gretchen Morris
- A blustery, middle-aged lady
- DR. BROWN — Gordon Lowery
- The Family Physician
- MR. BLACK — Jerry Brannon
- The nervous mortician
- JAKE — Jerry Patton
- Cockney newsboy
- MRS. FRINCK — Nora LaRock
- The German washerwoman

Mr. Morlock is a fidgety, nervous, grouchy old goat who doesn't like anything but money, won't let his family do anything, always gripes about his pains and aches, feuds with everyone and he won't let daughter Mary, 20, become engaged to Joe Lanconi because Joe's papa is poor. In short, he's a drip of the worst sort. So when Joe's papa, Luigi, comes over to plead his son's case, he practically booted out of the house. Right here the old fellows start a feud that puts the Hatfield-McCoy fracas to shame. They fuss and fight all over the place. Mr. Morlock, who's known as P. U. to his few friends (that stands for Philip Ulysses), says if Mary weds up with Joe it'll be over his dead body. Luigi says if they don't it'll be over his. So round and round they go. Luigi's always had a bad heart and well, the poor old boy just can't take it—and he konks out. The feud appears over. All is lost. But whoa up! Hold the phone! Luigi gets permission to come back and haunt Mr. Morlock, and to continue haunting him until he gives permission for the wedding. Needless to say, Mr. Morlock's frantic. All the family think he's lost his few remaining marbles when they see him out there talking to himself. (Luigi's visible only to Morlock... and the audience, of course.) So Luigi starts haunting in a big way. He kicks Mr. Morlock out of bed, pulls the cover off him, kicks him in the seat of his nightshirt, flirts with his secretary and cavorts around in a fashion that would put most ghosts to shame. Poor Mr. Morlock! To find out the rest of the exciting comedy, be sure to see the play tonight. Admission will be 60c for adults and high school, and 35c for grade school students. See you tonight!

ADDITIONAL REPORT ON CANCER DRIVE

We would like to give credit to the following individuals whose names were left off last week's list of helpers in the Cancer Drive. Mrs. Artie Northcutt, Mrs. G. W. Lee, Mrs. Myrtice Gillespie, Mrs. A. T. Brooks. The final count was \$859.10 raised in Silvertown and \$130.65 in Quitaque.

Mr. and Mrs. R. E. Brookshier were in Amarillo on Saturday.

Mr. and Mrs. Shafe Weaver were in Amarillo on Tuesday. Mrs. Weaver went for a consultation with her doctor.

GARDEN CLUB MET TUESDAY MORNING

The Silvertown Garden Club met Tuesday morning in regular session in the club room in the court house. Six members were present. Friends and enemies of the garden, including small animals, birds and insects were discussed. Next meeting will be held on the third Tuesday in May.

would like to appear in this newspaper. If you wish extra photographs, they may be purchased, but no purchase is necessary in order to have your child's picture printed in this newspaper, or in order to compete for the prizes. It is entirely up to you, whether you buy pictures or not. There is no age limit on the contest, and every child's photograph in this section is wanted so that they may appear in The News. However, it is necessary that all pictures must be of uniform size, so they must be made by Winston B. Lucas on Friday, April 24th.

Don't wait until little Mary gets married or baby brother is elected to some political office to see their pictures in the paper—make plans now to have these photographs made on Friday, April 24. Tell your friends and neighbors—the more, the merrier.

Prizes Offered In Child Photograph Contest

The time is almost here for the opening of this newspaper's Big Child Photograph Contest, and we're urging all of our readers to have their children ready for the big day.

Winston B. Lucas of Irving, Texas, will be in Silvertown on Friday April 24th at the City Shoe Shop from 10 a.m. to 6 p.m. for the purpose of taking pictures in this vicinity.

In addition to having their pictures printed in this newspaper, the children will be competing for \$18.20 in prizes, which are being offered for the three best photographs made during the day.

The photographs will be made absolutely free of charge, and there is no charge for their publication in The Briscoe County News. Proofs will be shown and from these you may select the picture of your child which you

PRICE DOESN'T DETERMINE A GOOD FOOD BUY

Food must have relatively high nutritive value or it isn't a "bargain" at any price. A really good buy involves many considerations and dislikes, foods in season, time and work needed to prepare the food are some factors to consider. Storage space for food and equipment for preparation will determine how much and what kind of food you buy.

Careful planning and selection will make your food buys real "bargains." Shopping lists developed from balanced menus will save shopping time and money by giving you real nutritive value for your money.

The small tin in which aspirins come makes a handy stamp box. Cover it with gift wrapping or wall paper.

Before measuring shortening, seal the cup so that shortening will flow right out without sticking to the sides.

To make ice cubes look pretty for a party, fill the ice cube tray with cold water. Then add a drop or two of your favorite food coloring.

When an extra vase is needed, take a jar and cover it with aluminum foil.

To pick up splinters of broken glass, wet a tissue and dab up the pieces.

When dusting furniture, use cloths in both left and right hand. It speeds up your work.

LUNCHROOM MENU

THURSDAY, APRIL 23. Liver and onion rings, corn, cream peas, sliced tomatoes, grapefruit sections, hot rolls, milk.

FRIDAY, APRIL 24. Cheese and weiners, ranch style beans, potato salad, grapefruit sections, bread, milk.

MONDAY, APRIL 27. Fried chicken, potatoes, jello and fruit, lima beans, strawberry shortcake, hot rolls, milk.

TUESDAY, APRIL 28. Hot tamales, red beans, cheese and pears with dressing, lettuce and sliced tomatoes, chocolate cake, corn bread, milk.

WEDNESDAY, APRIL 29. Ham, sweet potatoes, tossed green salad, English peas, applesauce/lemon cake with lemon icing, milk.

UNUSUAL ENGLISH

CLASS

Mrs. A. L. Redin, high school English teacher, thinks that she is enjoying an experience this year that is perhaps a "once-in-a-lifetime" pleasure.

The sixth period English class is composed of eleven senior girls—that in itself is unusual as nearly all classes in high school have both boys and girls—and Mrs. Redin likes boys!

But this girls' English IV class is one that any teacher would appreciate to the utmost according to their teacher. The class average for the year is about 88 or a "B plus" average. Nearly all of their assignments are in on time and are the result of careful work. All of the girls are present so far this year.

The class is the last period in the day; it is small. It is more informal than most classes, but the informality does not interfere with efficient work as is indicated by the grades. There is excellent rapport between the class members and the teacher. Six of the girls are planning to attend college next year.

—SHS—

BIRTHDAYS

April 23, Joe Jasper
April 24, Pasquel Castellon
April 25, Roy Ann Bomar
April 26, Darla Puegh
April 27, Norma Gamble, Robert Rhode

DYRLE MAPLES

YOU HAVE SEEN HIM: His name is Dyrle Maples. He is 5 feet 10 inches tall, has blue eyes and brown hair. Dyrle's birthday is October 3.

FAVORITE FOOD: Ham and Eggs
FAVORITE PASTIME: Going north-east of town.

FUTURE PLANS: To graduate, visit New Orleans and get married.

HIGH SCHOOL ACHIEVEMENTS: Dyrle was Most Popular 58-59; Football, 4 years; track 4 years; and a members of the Senior play cast.

—SHS—

SHIRLEY FITZGERALD

YOU HAVE SEEN HER: Her name is Shirley Fitzgerald. She is 5 feet, 3 inches tall, has blue eyes and brown (blonde) hair. Shirley's birthday is June 11.

FAVORITE FOOD: French fries
FAVORITE PASTIME: Talking fast

FUTURE PLANS: Attending A. C. C. and being an "Old Maid."

HIGH SCHOOL ACHIEVEMENTS: Shirley was majorette, 2 years; Lions Club Queen, 56-57; Member of F.H.A., 4 years; and a Member of the Junior and Senior play cast.

—SHS—

GRADE SCHOOL NEWS

FIRST GRADE

Mrs. Elms

We are planning to present the following program in assembly May 7th.

DEVOTIONAL

John 3: 16-17—Shane Alexander
Song—Love Lifted Me (audience)
Led by Roy Dale Garrison
Prayer—Lord's Prayer (audience)
Led by Cynthia Sutton-Paula Birdwell

PROGRAM

Pledge
America
The Eyes of Texas
Coming Around the Mountain
First Grade Class
Naisy—Jimmy McWilliams—Paula Birdwell
The Crocodile Song—First Grade Class

Rhythms—"Where Oh Where is Pretty Little Mary?"

Shirley Maples, Sally Hutsell, Shane Alexander, Cynthia Sutton, Gail Anderson, Clinton Dickerson, Marilyn Minyard, Roy Dale Garrison, Max Wayne Hamilton, Paula Birdwell, Margaret Stidham, Wade Brannon
Reading - "Mothers Always Knows" - Jimmy McWilliams
Playlet - "The Busy Family" - Rodney Vaughan, Sally Hutsell, Margaret Stidham, Max Weaver, Janet Montague, Wade Brannon, Max Hamilton, Gail Anderson, Shirley Maples
Play—"The Gingerbread Family" - Paula Birdwell, Roy Dale Garrison, Cynthia Sutton, Jimmy McWilliams, Bill Brooks, Marilyn Minyard, Margaret Stidham,

SECOND GRADE

Louis Abraham, Wade Brannon.

Scene—"Mother's Hand Rocks the Cradle"—Sally Hutsell, Janet Montague, Stanley Gamble.
Reading—"My Mother"—Marilyn Minyard.
Reading—"Mother's Love"—Roy Dale Garrison.

CONCLUSION

THIRD GRADE

Mrs. Wilmeth

Kathie Maples won first place in story telling in interscholastic league at Petersburg. We are very proud of her. Monte May is out of school this week on account of illness. Both groups of third grade have been invited to sing for the March of Times Study Club. We feel quite honored.

THIRD GRADE

Mrs. Bragg

Both third grade classes will sing Thursday afternoon for the study club. We enjoyed George Masey's bird story Wednesday afternoon. In art class we are making designs out of our names. We are learning to divide in arithmetic. We have had some interesting reports on Arabia this week.

SIXTH GRADE

Mrs. Turner

The sixth grade has been very happy to be so well represented in the District Interscholastic League contests. Allen Thomas won first place in the boy's division of sub-junior declamation.

FOURTH GRADE

Janice Lewis and Dianne Davis won first place in Spelling and Plain Writing with a score of 99. Janice's paper received a perfect score and it has been mailed to Austin to be rechecked. If no errors are found, she will receive a certificate.

Several members of the class have suffered the misfortune of being bitten by the "flu bug" this week. Those who have missed school are Latessa Cox, Gale Whitfill, Bobbie Maples, Neya Simmons, Laura Bacon, Donna Stephens, Chyrel Cowart, Camellia Comer, and Jay Miller. Several others are suffering from colds and sore throats.

FIFTH GRADE

Mrs. Rhode

Flu has toppled perfect attendance records in grade school. Among the victims is Lynn Edwards in Fifth Grade.

We changed seats and classroom jobs for the last time this year.

We have finished our study of Australia and New Zealand and are ready to go to Canada on our geography book tour. We have started playing basketball again. We decided we were good enough in volleyball when the girls could serve back of the free throw line.

EIGHTH GRADE

Mr. Wilmeth

The eighth grade wanted to leave one good impression. Since it is the only one they'll probably make, they put it where everyone could see. They bought a mural (big picture) and hung it over the drinking fountain in the hall!

SIXTH GRADE

Wayne Rampley, and Joe Self—Picture Memory (Team)

Other places won were:

Jim Ed Steele—third—Number Sense

Butch Norris—third—Jr. Declaration

Julio Soto—second—75 yard dash

Julio Soto—fourth—100 yard dash

Relay team of Joe Patino, Julio Soto, John Jowell, and Van Breed-love won third.

The volleyball meet has not been completed, but Silverton boys and girls are undefeated so far.

SCOUT MEETING

by Bill Schott, Scribe

APRIL 20, 1959—Senior Patrol Leader, Jay Towe, opened the meeting with the Scout oath.

We first discussed our three-day camp to Carlsbad Caverns, New Mexico. The trip is to be on the 7-8-9 of May.

After this we talked about the Scout Camporee which will be held on the first and second days of May. The Camporee involves scouting skills such as fire building and blanket rolling.

Peepin' Tom

What engaged girl bought new shoes but hid them at her boyfriend's house instead of taking them home? Poor guy—he doesn't realize that in a little while she will be buying shoes and hiding them at MOTHER'S.

Ole Tom sees LaQuitta and John in the hall between every class, but he wonders if she realizes how many activity periods she spends in the Annual room with the girls who work in there.

It seems there's a certain girl in school who has lost her boyfriend and is looking for another, but hasn't found one yet. Good luck to you during TWIRP WEEK.

Who is Ernestine?
Who was it that LaGuan kept such steady company with last week?

What boy has been putting the furrows in Nora's brow.
Did Paula really move closer to Jerry Dee to help him with his practice set, or for personal reasons. I never knew anyone to blush over bookkeeping transactions before.

Why did Carol try to persuade Brenda to break a date Friday so she could ride Glenna's pickup.

What Junior boy over-rated his charming personality by saying: "—four dates and she's in love?"

Ole Tom is really lookin' forward to TWIRP WEEK, he thinks that maybe stirrin' up some of the steadies might put some different couples to holdin' hands in the hall. He's kinda tired of seein' Gordon & Becky; John Mercer & Joyce Thomas; Wendall & Joyce Thornton moonin' over one another between every class and during noon hour.

Apologies to John Masefield

by J. E. Patton
One road leads to Arkansas,
One road leads to Rome,
My road leads to none of these;
I think that I'll stay home.

Apologies to John Masefield

And Elaine Stephens
by Elaine Stephens
One road leads to Johnnie;
One road runs to Joe;
My road leads to Douglas,
So homeward I must go.

INES FROM THE LIBRARIAN

by Glenna Wilson

I just know time goes by faster than it did when I was in school, yet I hear such familiar statements around here as, "I'll be so glad when I get out of high school" or "Won't this day ever end?" Although it has been quite some time since I finished high school, I remember saying exactly the same things. Don't we wish we could keep youth from being in such a hurry? Maybe these lines from Noll Crowell will express our sentiment:

"Little Boy—little boy—stay with me,
Swift as the wind in the clover,
Swift as the high white gulls at dawn
The wind winged years fly over,
They all pass by on their light glad way,
But little boy—can't you stay?"

TWIRP WEEK

The Seniors have officially designated "Twirp Week" to be next week, April 27th through May 3.

The usual custom for dating is for the boy to bear the expenses. However, for one week each spring the Silverton High School students enjoy reversing the procedure and observing what is commonly called "Twirp Week".

It gets its name from the first letters of the words in the slogan: "The Woman Is Required to Pay." "Steady Ties" will not be observed and everyone is at liberty to date whom they please. But of course, the girls must do the asking. So boys, put on your best manners and a ready smile, this is your week.

Those answering the roll call were Jay Towe, Bill Schott, Larry McWilliams, Montey Smith, Raymond Lee Steele, Wayne Nance, Freddie Stafford, Travis Gilker-

FROM PAULA'S P...

There is nothing which people are called upon to challenge as frequently than fear. When we get scared we lose our heads, do things out of character, do foolish things which cause danger to be greater. Fear loosens our tongues and makes us talk too much. Fear may cause us into panic, transforming us into beasts. The normal child reaches out its arm to help. It goes toward the good and bad. It has learned to distinguish between them, but in least the child is not to be made fear this learning. It should be taught not mere fear of fire, how to use it, not mere fear of water but how to swim.

God meant us to have a positive attitude toward life. It is a feeling of strength which comes from feeling of strong backing. We feel that our cause is just and that there is someone behind us, we have a surplus strength and confidence which overcomes our fear and timidity.

In the mind of each of us is a continuing dialogue between coward in us who is concerned with safety, and the hero who is out for victory. The coward would wait until he can his way through beyond the dows of a doubt. The hero while the shadow of doubt still heavy around him. If we have faith and courage to do the next us and then the duty to that, it is amazing how the breaks on the long road.

SPACE AGE HITS THE BUSINESS DEPARTMENT

We thought the typing class were immune to the influence of this scientific age. Now we find that Mrs. Rampley has her students launching "Spacniks". "Spacnik" is somewhat different from a Rocket or Sputnik and procedure and materials used quite harmless—even to the innocent of by-standers. "Spacnik" gets its name from the first letters of SPEED - ACURACY - usual NIK.

Mrs. Rampley has made a 4' bulletin board display consisting of a styrofoam "Earth" several "Spacniks". The display the student's "Spacnik" gets the ground depends upon typing skill.

Both first and second-year pupils have gone into orbit together, and some of the senior year students have red faces because first-year people have checked out ahead of them.

We still let you know that anyone reaches the moon by the meantime, come up and our speeds because we are proud of them.

STYLE SHOW

The annual style show sponsored by the FHA will be held Friday, May 1, 1959, at 8:00 in the High School Auditorium.

This year the theme of style show is "Spring". The models to be modeled are made during the school year 1958-1959.

The public is cordially invited to attend:

son, Gary Edwards, Jerry M... and Garner Garrison. Also... was Rocky Curby who played join soon.

We are planning to go to... Haynes on next Monday after... at 4 o'clock to practice for Camporee. Then we practice log pulling and blanket...

Attic Ideal for Equipment

Pitched Roof Simplifies Air Conditioning

A flat roof is a distinct disadvantage to a house when its owners decide they want to install central air conditioning.

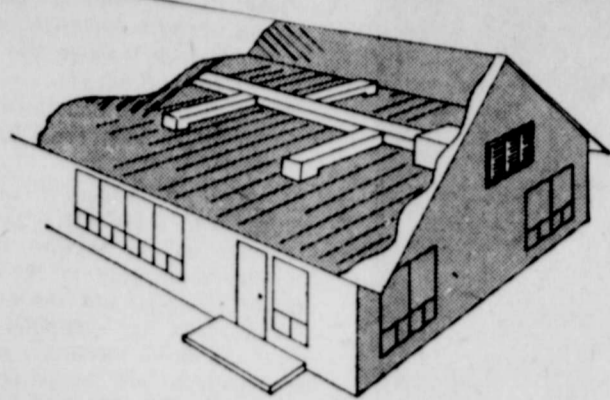

So says the Westinghouse Electric Corp. in a new booklet on residential air conditioning.

Flat roofs with no attics, Westinghouse engineers point out, offer no space for equipment, and make it extremely difficult to install the extra insulation needed for air conditioning.

Ventilation is difficult and less effective than with attics. Roof designs of this type make installation of duct work very difficult.

Steeply pitched roofs, the researchers add, make installation of equipment and ducts relatively easy, and provide adequate ventilation. A further advantage, they point out, is that the thick insulation required for efficient, economical cooling is easier to install, and cooling equipment can be smaller and less costly.

A number of studies have shown that when a 6-inch thickness of mineral wool is installed in ceilings, a minimum of 3 inches in walls, and at least 2 inches in floors over uncooled

Pitched roof creates roomy attic with adequate space for air-conditioning equipment and ducts, makes insulating easier. Cooling unit here leaves living area free, and doesn't take up space in basement that can be used for playroom, laundry, and workshop.

areas, the size, and therefore the cost, of air conditioning equipment is sharply reduced. In addition, operating costs of the equipment, plus heating fuel expenditures, are lowered as a result of the thick insulation. A pitched roof offers other advantages to summer comfort. For one thing, a roof that slopes two inches or more per foot can be covered with asphalt shingles. This gives a house not only the durability and dependability of an asphalt shingle roof, but permits the use of white or pastel shades which reflect much of the sun's heat, adding even more to the efficiency and economy of air conditioning.

Prepared by American Foundation for Animal Health

New things seem to be developing every day in the farming and livestock-raising industry. But, one thing remains the same today as it did a half century ago... this nation's number one swine killer continues to be hog cholera.

Cholera costs our farmers over \$50,000,000 in losses every year. So great are these losses that the disease has been made a chief object of attack for National Livestock Loss Prevention Year in 1959.

Hog cholera still ranks as America's worst swine killer.

What makes cholera so hard to deal with? There are several factors: 1) It is caused by the most aggressive livestock disease virus known to man. 2) There is no cure, once cholera strikes. 3) It has certain symptoms resembling other diseases, thus leading to confusion.

The worst outbreaks usually occur in late spring, and again in late summer and fall, but the disease does strike and kill at all times of the year.

Hogs coming down with cholera tend to appear listless and dull. They have little appetite, and like to remain in their nests. Later, they may have a staggering, weaving gait, knuckling at the lower leg joints. Other symptoms include gummed eyelids, convulsions, red discoloration of the belly, scouring and fever.

There is only one way to cope with hog cholera. That is to have pigs vaccinated in advance. There are several types of vaccination which give firm protection, but it is best to leave it up to the veterinarian to determine which one to use. That choice involves a number of factors, including the condition of the hogs, their age, the immediacy of the cholera threat in the locality.

Of one thing we can be sure. Hog cholera is as potent a killer as it ever was. The wise swine producer will not let down his guard against it.

Raised Roof Lifts Morale

One of the most perplexing problems facing home owners with small houses on small lots is expansion to meet the needs of their growing families.

All too frequently, lots are too narrow to permit additions on either side, and rear yard space is too precious for expansion in that direction.

Many families are finding the answer today by building upward—actually adding another story to their single-story ranch homes and bungalows. Today's home building materials and

Before.

After.

techniques have made this a fairly simple and economical procedure.

One example of what can be done is shown in the drawings. The owner of this home added not only two bedrooms and a bath in the new second floor, but enlarged kitchen-dining facilities on the first floor as well.

In this case, the owner selected a light pastel shade of asphalt shingles for the addition as well as for the old roof. This provided a measure of heat reflection for greater summer comfort in addition to a new color "key" on which to base new paint colors for sidewalls and trim.

The overall result was a home with more than enough space for the entire family, plus a house that was increased in resale value far beyond the total costs of remodeling. In addition, its improved appearance gave a lift to the entire neighborhood.

TECH INSTALLS

NUCLEAR ASSEMBLY

LUBBOCK. — Texas Tech has taken another big step into the atomic age by completing installation of a sub-critical nuclear assembly.

The super-sensitive device is described by Engineering Dean John R. Bradford as "a reactor that never quite made it."

Tech graduate students in engineering and science will be able to experiment with basic nuclear principles without any fear of intense quantities of radiation.

The assembly's vital parts cannot be arranged in any way that makes them dangerous. Dean Bradford explained. This makes the assembly constantly available for student use without an involved safety program.

The assembly contains approximately \$100,000 of natural pure uranium suspended in a "honeycomb" of 259 aluminum tubes. In the lattice's center is a 260th tube filled with \$8,000 of plutonium-beryllium neutron sources.

The center tube pours forth 40 million neutrons per square centimeter per second, creating radioactivity for experiments

Students are protected from the rays by a buffer of water in which the lattice is submerged.

Many of the experiments will involve less radiation than is given off by a radium dial watch. Most tests will be conducted at a radiation level no greater than would be had by working with a teaspoon of radioactive gasoline in 40 tank cars of fuel.

Yet highly accurate measuring instruments will allow the students to learn by experience how to make the nuclear particles and radiation do their bidding.

U.S. Cotton Arrives in Japan

Freighter in Yokohama harbor unloads some of the more than 900,000 bales of cotton Japan is buying from United States farmers this year. Largest overseas customer of the American farmer, Japan will also be on the market between now and October for a million tons of wheat, 20,000 tons of rice and 340,000 tons of barley. Much of these commodities will be bought here with proceeds from sales in U.S. of Japanese textiles, cameras, pearls, and other goods plus a small amount of dollars earned in other countries.

HENRY THOMAS GILL BURIED LAST THURSDAY

Funeral services for Henry Thomas Gill, 81, were conducted at 10:30 a.m. on Thursday last week in the Trinity Methodist Church in Amarillo by Rev. Frank Perry, pastor. Nephews of Mr. Gill were pall bearers. Mr. Gill, retired rancher and former county commissioner in two Panhandle counties, died at 11:30 p.m. Tuesday, April 14. His home was at 3405 Van Buren, Amarillo.

He was a member of the Trinity Methodist church and of the Masonic Lodge at Silverton. He was awarded a lifetime membership as a Master Mason by Lodge No. 754, A.F. & A.M. last year. Masonic graveside rites were conducted at 3 p.m. Thursday in the Miami Cemetery by Miami Lodge No. 805, A.F. & A.M.

Mr. Gill was born June 3, 1887.

Prescriptions- Top Bargains!

1. The average prescription costs \$2.75 and the annual bill per American averages \$11—a small outlay for drugs that will cure pneumonia, curb tuberculosis and enable epileptics and diabetics to lead useful lives. By comparison, the average citizen in one recent year spent \$54 for alcoholic beverages and \$32 for tobacco.

2. In the highly competitive drug field, prices often plummet overnight. In five years, the price of streptomycin dropped 97 per cent; and in two years, the price of cortisone fell off 90 per cent.

3. A large part of the purchase price of every prescription is immediately plowed back into continuing, relentless research to give the consumer a continuing flow of newer and better drugs.

4. Better medicines, available to all, have lengthened the life span of Americans by a full 25 years. This gift of added years might be considered the most priceless bargain of the century.

5. Between 1939 and 1954, personal expenditures for drugs went up only 167 per cent—much less than the rise for some other essential commodities such as food and clothing.

6. To cite a specific disease: Three decades ago, the patient with lobar pneumonia spent five weeks in a hospital, paid nearly \$400 to doctors and nurses, lost income for a number of weeks, with only 3-to-1 odds for recovery. Today, thanks to antibiotics which cost somewhere between \$15 and \$20, the disease lasts only two weeks and may be treated at home with better than 26-to-1 odds for full recovery.

GAY 4-H CLUB MEETS WITH SANDRA KITCHENS

by Mary McWilliams
The Gay 4-H Club met April 9, 1959, in the home of Sandra Kitchens. Sandra took the members on a tour through the new brick home.

The Song Leader led the members in a few songs and in the Pledge and Motto.

Two Junior leaders, Carolyn Garrison and Doris Estes gave a demonstration on shrubs which was very interesting to the club members. Carolyn and Doris gave the members a pamphlet on shrubs and shrub specimens which the members are supposed to learn to identify.

Mrs. Ronald Kitchens served refreshments to the Club members, the Junior leaders and the Adult leaders. The meeting was then adjourned.

Mr. and Mrs. Ed Minter, of Amarillo, visited friends here on Sunday. They were luncheon guests of Mr. and Mrs. Alvie Mayfield, The Minters formerly lived here.

Mr. and Mrs. Doyle Stephens and girls took Mr. and Mrs. L. Yates to Friona Sunday to see their granddaughter Bro. and Mrs. Joe Hub Collier and children. Bro. Collier has been holding a two-week meeting in Friona which was climaxed Sunday night with dinner on the grounds. The Colliers are from Tulsa, Oklahoma, where he is pastor of the Baptist Church.

Why Gamble?

Yes, why gamble . . . when there's no chance of winning? That's the kind of gambling you're involved in when you drive your car beyond the recommended period without having the oil changed.

Although you may use the very best motor oil, such as Phillips 66 Trop-Artic, there comes a time when the accumulation of impurities in the oil reduces its efficiency.

That's why lubrication experts say: the best motor protection is to use the best motor oil, and change it every 1,000 miles under average around-town driving conditions.

Be sure to let your Phillips 66 Dealer change oil for you on schedule.

Texas Draft Board

Quota Announced

AUSTIN, Texas, April 7.—The quota for Texas draft boards may call for 272 men, Colonel Morris S. Schwartz, state Selective Service director, announced Tuesday.

The state's May call of 272

Go Ahead to Protect Your Profits

SAVE MORE CALVES
 FROM INFECTIOUS CALF SCOURS
 By Treating with the Liquid
FRANKLIN INFECTIOUS SCOUR TREATMENT
 Or, If You Prefer a Bolus, Use

MORRIS PHARMACY
Silverton, Texas

compares with a quota of 310 for April and 364 for March. The May call is the state's share of a national quota of 600 men, all for the Army.

Colonel Schwartz also announced there would be no call for pre-induction physical and mental examinations in May.

Local board quotas for the May call already have been figured and are scheduled to be sent to the state's 137 local boards Tuesday. Ten boards will provide no men for this call.

The May quota will be filled with men who are at least 22 years old on May 1, with the exception of volunteer delinquents, who may be younger.

W. B. Wakefield, 84, who underwent surgery in Methodist Hospital in Lubbock more than two weeks ago, was still on the critical list early this week. Mrs. Wakefield is staying in Lubbock. Their sons and families have been in and out here during their father's illness. Mr. and Mrs. Jack Wakefield of Gallup, New Mexico; Mr. and Mrs. Wakefield of Oklahoma City, and Mr. and Mrs. Felix Wakefield, of Jemez, New Mexico, were here early this week.

QUOTES

From Our Area Weeklies

"Time -our greatest asset is of value only when employed in the pursuit of the timeless.

"The castles a man builds will, in a while, crumble; weeds will reclaim the fields he plowed, and he will be unknown to his great-great-grandchildren.

"All that remains are the ideas he advanced, reverberating anonymously through the long corridor of time." From "Of Cabages and Kings" by Bill Neal in the McLean News.

"Please, if anyone elopes, dies, gets married, has guests, goes away, has a party, has a baby, has a fire, is ill, has an operation, has an accident, buys a home, wins a prize, builds a house, receives an award, makes a speech, holds a meeting, or takes part in any other unusual event, that's news, and we want it." From "Let's Talk Turkey" by Nadine Baisden in the Turkey Enterprise.

"What with spring housecleaning and making up her husband's mind where they will spend their summer vacation, the typical homemaker is extremely busy." From "Brain Jewels" Production from our only brain cell that is working" by Tom Suits, Editor of the Petersburg Journal.

"Watch that favorite saying. It can get you in trouble when unconsciously used. Such a saying quoteth I. Instead of the usual formal "Good-bye," "So-long," and related quibs, when the First Sergeant is leaving, I usually say, "Have fun!" Innocent sounding, isn't it?

"A couple of Sunday mornings ago a young lady of our church called me to explain why they would not be in church that morning. She told me quite a long, involved and unusual story which I accepted readily, but as she started to hang up, I thoughtlessly said, "Have fun." She has been slightly furious all week thinking I had accused her of telling a Texas whopper, innocent though I was.

"The moral of this story is don't let your cliches barnacalize your friends. I'll quoteth that quote nevermore." From "Uncle Claude" by Cecil O. Waggoner in the Claude News.

"Old tear 'em up Santa Fe is on the war path again. Last week two packages were almost completely destroyed. One was received by A. J. Weiser from Austin and the other was received by Harrison Caldwell from Mary-

land. Santa Fe tries to go into orbit every time the government fires a satellite." . . . From "Paul's Panhandle Pickin's" by Paul A. Lofuin in The Panhandle Herald.

HAYLAKE CLUB MEETS WITH LILLUS McJIMSEY

The Hay Lake Club met with Lillus Ruth McJimsey, Thursday, April 16. The afternoon was spent piecing quilt blocks and visiting. The club is happy to welcome Peggy Garvin as a new member.

Refreshments were served to Ruby Brannon, Ikie Bingham, Mildred Brooks, Eudean Crow, Maud McJimsey, Blanche Newman, Ella Leah Riddle, Bessie Vaughan, Mary Lee Waters, Doris Gaither, Peggy Garvin, one visitor, Mrs. Johnson, seven children and the hostess.

The next meeting will be in the home of Mrs. Dean Burson on Thursday afternoon, April 30.

Sunday visitors of Mrs. T. G. Olive were Mr. and Mrs. Bob Olive and family of Petersburg, Texas, and Mr. and Mrs. Drew Holcomb and Rebecca of Turkey, Texas.

Mr. and Mrs. Irving McJimsey spent Sunday in Amarillo visiting her parents, Mr. and Mrs. H. P. Ledbetter, Sr., and they also visited their daughter and family, Mr. and Mrs. Bud Schofield and Janna of Canyon.

Mr. and R. L. Stack and son of Camp Hood, Texas visited in the home of Mr. and Mrs. R. N. McDaniel Friday and Saturday nights. They are being transferred to Camp Carson, Colorado.

Nicky Long, son of Mr. and Mrs. George Long, underwent eye surgery in Methodist Hospital in Lubbock last week. He is doing fine and was only there a few days.

Mrs. James Rhoderick spent several days last week in Plainview with her son and family, Mr. and Mrs. Lynn Rhoderick.

Mrs. C. L. McWilliams, Sr. was taken back to the Tulia hospital Sunday afternoon after having spent a week at home. She has been sick for some time, and her family has been taking turns staying at the hospital with her.

Gerald Arnold has been home from the Veteran's Hospital in Amarillo for about two weeks. He is up and around the house during the day, with a couple of rest periods during the day. Mrs. Arnold and Susie have also been sick for a few days.

Mr. and Mrs. H. A. Cagle were in Amarillo on Tuesday of last week. She went for medical attention.

Mr. and Mrs. Will Smithee spent Wednesday of last week in Plainview with their daughter and family, Mr. and Mrs. Gordon Montague and sons.

Mr. and Mrs. Marlon Wither spoon of Aspermont, are the parents of a baby girl born April 13, 1959. She weighed 7 lbs. 2 oz. on arrival. Marla Diane's grandparents are Mr. and Mrs. Leroy Shipman, Plainview, Texas, and Mr. and Mrs. M. M. Witherspoon, Hankamer, Texas. Her Great Grandparents are Mrs. W. W. Reid Silverton, and Mrs. Bertha Hight, Gary, Texas.

Mrs. H. S. Crow spent Tuesday of last week in Plainview with her sisters, Mrs. B. D. Fanning, Sr. and Miss Ida Griggs.

Kay Williams, who attends school here, and her father, Richard M. Williams, and Dicky, of Floydada, attended High School Day at A.C.C. in Abilene last Saturday. The Williams family formerly lived here; Mr. Williams was formerly Minister of the local Church of Christ and is now Minister of the Floydada Church of Christ.

Mr. and Mrs. Ware Fogerson and Diane were in Abilene on Friday night and Saturday where they attended High School Day at A.C.C. on Saturday. Diane, a member of the senior class in the local high school plans to attend A.C.C. next year.

Mr. and Mrs. Dick Raymond, of Long Beach, California, were visitors with Mr. and Mrs. D. T. Northcutt on Friday of last week. Mrs. Raymond was tour conductor on the Northcutt's recent trip to Hawaii.

Mr. and Mrs. W. B. Ballard, Jr. of Vigo Park were Sunday guests of the W. H. Martins.

Mr. and Mrs. Eugene Long and Mr. and Mrs. Floyd Wood are spending a visit in Houston with Mr. and Mrs. Billy Wood. Billy Wood is the son of Mr. and Mrs. Floyd Wood; Mrs. Billy Wood is the niece of Mrs. Long. Mrs. Mrs. T. W. Zeigler, who has been here visiting Mr. and Mrs. Long for some time, went with the group to her home in Jacksboro. Mrs. Zeigler and Mr. and Mrs. Billy Wood are former Silverton residents.

Myrna Sigley, of Abernathy, and Janice Donnell, students at E.N.M.U. at Portales, New Mexico, have recently spent the week end here with Janice's family, Mr. and Mrs. Judd Donnell, Karen and Stevie, and her grandmother, Mrs. Cora Donnell. Mrs. Towe, a housemother at E.N.M.U., brought the girls here and spent a visit with her son and family, Mr. and Mrs. Verlin Towe, Greg and Jaye.

Mr. and Mrs. Deene Donnell and sons, of Canyon, were supper guests of Mrs. Cora Donnell and Mr. and Mrs. Judd Donnell and family on Friday of last week.

Mr. and Mrs. Allred, of Hollister, Oklahoma, have been recent visitors with their daughter and family, Mr. and Mrs. Judd Donnell.

Mr. and Mrs. Lee Deavenport spent several days last week in Amarillo with their grandchildren while the parents, Mr. and Mrs. Arlie Barnett, were in Galveston.

Mrs. Harold Dudley and son Ricky and Myrna Dudley of Texas City visited in the O. M. Dudley home last week.

Charlie Benton Parker, who works for Silverton Auto Parts, was burned on the left arm last Friday when working on a motor. The motor was being primed out of an open top can, and burning gasoline was thrown on Mr. Parker when the motor backfired and ignited it. Mr. Parker's advice to everyone is to be sure to use a bottle or squirt can when you prime a motor!

Mrs. Rosie Bristoe, of Ackerly, Mrs. Mary Lee Dilliard of Floydada, Mrs. Monroe Smith of Lockney, Mrs. Ione Willis of Amarillo, Mrs. Alton Steele and Mrs. O. M. Dudley and Connie of Silverton, all visited in the H. Roy Brown home Sunday.

Mr. and Mrs. Ray Harrell, of Bastrop, Louisiana, have recently moved here to make their home. Mrs. Harrell is a sister to Messers. K. M. and Walter Fleming. The Harrells are at home in the Fowler apartments.
