This week we have two real good-to-goodness letters to the editor to share with you. We've several articles on how an editor should get about getting letters to write letters—one the best suggestions being that editors should write a hot editorial on the censoring of cats.

at we have:

guess on the Reeda Rhyme is Mrs. A. P. Dickenson at Dickenson Book Shop.

ght?

S. A. J. Rowell

answer to Mrs. Rowell is: It was our thought that by the time most of our readers are of the identity of Rima Line writes Reeda Rhyme. She has that she does not seek any, but likes to write under a name. We think her lines good and enjoy them very especially so this week. If like to read Reeda Rhyme, all also like the Lines from Librarian on the school page. We've told her that we'd print a booklet of her lines (day.)

**Crisp styling and air-cooled engine in CHEVROLET'S COMPACT CORVAIR**

An aluminum, air-cooled engine mounted at the rear is among a multitude of mechanical features Chevrolet has originated for its all-new Corvair. A car that seems small only when you park it, the Corvair boasts "big car" roominess and performance due to a long-term engineer-

ing study of compact design. Low, fleet styling in accord with American tastes, a unique suspension system and unitized body-frame construction are among other features in the six-passenger four-door sedan. All 1960 Chevrolet cars will be on display in dealer showrooms on October 2.

**Farmers Reminded To Check Tail Lights**

According to the Texas Highway Department, farmers should observe laws concerning trailers. Trailers must have at least two reflectors and a tail light in working order at all times, day or night. Highway patrolmen warn. Those stopped in daylight the first time will be warned. After that, a fine will be assessed.

Anyone caught towing more than one trailer will be fined.

Dinner guests in the O. C. Rampley home last Sunday were Mr. and Mrs. Flute Hutsell and sons, Mr. and Mrs. Robert Wheelchel and niece.

**GRAVESIDE RITES HELD FOR FORMER RESIDENT**

Graveside rites were held on Sunday, September 27, 1959, for Marvin Monroe Clary, Sr. who was born on May 16, 1895, at Hillboro and passed away on September 25, 1959, at Tucumcari, New Mexico. Rev. G. A. Elrod officiated at the rites held in Silvertown Cemetery under the direction of Roberts Funeral Home of Silvertown.

Clary is survived by his wife, Virginia and a daughter, Edna Irene.

Mr. and Mrs. George Miller and children were Sunday dinner guests of his great aunt and family, Mr. and Mrs. Roy Childers, in Tulia. Mr. and Mrs. Mitchell Rankin of Canyon, were also guests. Mrs. Rankin is the daughter of the Childers.

**ENTHUSIASM SHOWN FOR PRODUCTION TESTING**

A very enthusiastic group of cowmen met with L. A. Maddox, Jr. and the County Extension Agent Tuesday night, September 22. The information was very interesting as well as useful. Mr. Maddox the Extension Beef Cattle Specialist, outlined four methods used in performance testing of registered and commercial herds of beef cattle. These practices enable ranchers to upgrade their cattle by visual selection and by using the scales for weight selection.

One ranch in the area has been production testing for eight years now and has brought the weaning weights of their calves up 80 pounds in the eight years. Uniformity of their calves has shown as much progress as weight in this case. It is one of the dryer areas of the cow and calf belt.

County Agent Ledbetter reported that one registered Angus herd in the county belonging to H. H. and Robert McPherson are beginning production testing this coming year. He further reported that another registered Hereford breeder was interested as well as a commercial herd. The Agent says the interest and enthusiasm is very gratifying.

**Happy Slips Past Owls**

Owl's nest for six, making the score an even 6-6.

Darrell Bowe, Ronny Johnson and Jimmy Peason were the leading ball carriers for Happy through the final minutes of the third quarter and into the fourth. The second Happy tally was carried over by Bowe from about the five yard line. The conversion attempt failed, and the score stood at Happy 12-Silvertown 6.

The Owls took to the air, with Bobby Crass receiving one for a first down and Brown receiving one for seven yards. The Owls fumbled and it was quickly recovered by Happy who was goalward bound again at the end of the ball game as result of the Owls drawing numerous penalties.

The Owls played a fine ball game against tough competition. Happy has an undefeated record, and on meeting Silvertown had allowed only 18 points to be scored against them. Happy is rough competition for most any team in their class.

To list the outstanding players in last week's game would be to list the Owl roster. However, since it was a defensive game and the defensive players are least mentioned by the press, the outstanding ones were Cowart, Brannon, Estes, Crass, Patton, West (usually for outstanding offense, played very good defensive ball, May, Anderson, Breedlove, Whitfill, and Stafford.

Next week we host our second visiting team, the Kress Kangaroos. Kress also boasts an unbeaten record, having eased over Petersburg week before last in the final minutes for a 3-0 win with a field goal, but beating Lazbudie in last Saturday afternoon's homecoming game by a score of 28-14.

Silvertown had a break when, after kicking to Happy to open the third quarter, the Owls found themselves possessing a Happy fumble on about the forty-nine. T. D. West, Larry West and James Roy Brown lugged the mail through three consecutive first downs, and T. D. West raced the remaining few yards home to the

**Farmers Union Elects New Officers**

At a covered dish supper held in the basement of the Methodist Church on September 21, the following officers were elected for the Farmers Union:

President—Edwin Crass; Vice President—Woodrow Bice; Secretary—Treasurer—Mrs. Woodrow Bice; Educational Director—Mrs. Gilbert Elms; Legislative Director—Gilbert Elms; Cooperative Director—L. A. McJimsey; Organization Director—R. E. Brookshier; Junior Director—Mrs. Fred Mercer; Publicity Director—Mrs. Lois Smith; Recreational Director—Fred Mercer.

**HAYLAKE CLUB ENJOYS COVERED DISH LUNCHEON**

The Haylake Club met on September 24, in the home of June Anderson with thirteen members and one guest attending. A covered dish luncheon was enjoyed at the noon hour.

A quilt was quilted and peanut pal gifts were exchanged. Those attending were Mary Lee Watters, Lillius Ruth McJimsey, Bessie Vaughan, Viola Boyles, Ikie Bingham, Maud McJimsey, Blanche Newman, Leona Brooks, Ella Leah Riddell, Eudean Crow, Peggy Garvin, Opal Hill and guest, Mrs. Jess Brannon. The next meeting will be a covered dish luncheon on October 8th in the home of Ikie Bingham.

**COTTON HARVEST GETTING UNDERWAY IN COUNTY**

BRISCOE COUNTY cotton harvest is beginning to open up, it has been reported. This area is generally ahead of many of the counties to the south. This is result of the failure to get large areas of hail damage early in the growing season, and a very dry September. Conditions for cotton maturation and opening have been ideal here in Briscoe. Lack of August rainfall has reduced the dryland cotton by 50 per cent of what was expected in July. All these things put together make for early cotton harvest in this county.

The interest was manifested in a meeting Thursday held in the County Agent's Office on harvesting problems and defoliation. The meeting was well attended and was very timely.

Conditions for defoliation and mechanical harvest are very favorable in many fields of irrigated as well as dryland cotton.

Fred Elliott, Cotton Work Specialist for the Texas Extension Service, was very emphatic that cotton should not be defoliated when less than 60 per cent is open. When crop driers or dessicants are used, the percentage open should go up in the 70 to 80 per cent range, County Agent Ledbetter said.

A brand new defoliation guide is available in the Agent's office in the Courthouse. Farmers are urged to pick up one of these guides and consult with the Agent about defoliation.

**QUARTERBACK CLUB TO MEET MONDAY**

The Quarterback Club will meet next Monday night at 7:30 at the school. All members and interested persons are urged to attend.

**CLAUDE CROSSING CLUB MEETS IN WATSON HOME**

Mrs. Woodrow Bice of Vigo Park showed the pictures she and Mr. Bice made while they were on their trip to the National Farmer's Union Convention in Washington D. C. last January to the Claude Crossing Community Club in the home of Mrs. Obra Watson last Thursday afternoon.

Mrs. Bice and son and Mrs. Bolton and Susie were guests and the members present were Mrs. Gordon Alexander, Mrs. Bryant Eddleman, Mrs. Bill Edwards, Mrs. Gabe Garrison, Mrs. Pascal Garrison, Mrs. Don Garrison, Mrs. G. Mayfield, Mrs. Wayne McCutchen, Mrs. Bud Posey, and the hostess, Mrs. Watson.

The October meeting will be in the home of Mrs. Gordon Alexander.

Carolyn Martin of Lubbock, spent the week end with her parents, Mr. and Mrs. W. H. Martin.

**BRISCOE COUNTY WINNERS AT TRI-STATE FAIR**

Briscoe County had many winners at the recent Tri-State Fair at Amarillo. The first products to go under the judges eye were the entries in the DeKalb head show. Briscoe entries made a clean sweep of this National Show. These included: 1st and 2nd heaviest head, by John Mercer and Alva Jasper. John had the champion head that was fully dried to an outstanding weight of 13 oz. Heaviest 10 heads, Alva Jasper; 1st place open headed sample, Riley Harris; 4th place basket, Alva Jasper; 8th place basket of heads, John Mercer.

Further entries in the 10 head variety winners were Sam Lewis, Alva Jasper, Elton Cantwell, John Mercer and Alvie Francis.

This material was prepared and shown by Briscoe County 4-H members. In the individual exhibits section of the Tri-State Fair, Briscoe County had a record number of entries. These were largely prepared by 4-H members and exhibited by the County Agent and Pascal Garrison, 4-H Club Adult Leader. Winners here were: Popcorn, Cliff Walker 2nd; Cotton, Jim Mercer 1st; Honey Dew Melons, D. G. Shelton 4th; Martin heads, Doc Peugh 1st; Martin Grain, Peugh 3rd; Sorgrass bundle

**TURNER FAMILY HAS LUNCH IN DALLAS PARK**

Mrs. W. J. Hyatt, Sr. and daughter, Mrs. Wylie Bomar, Jr., Robert Laquetta, Deborah and Wiley III were in Dallas from Friday evening through Sunday. They were guests of Mr. and Mrs. S. E. Henson and Mr. and Mrs. J. L. Browning. The ladies are sisters to Mrs. Hyatt. On Sunday the entire group attended a Turner family reunion in Tension Park. Fifty-five relatives were present. A basket lunch was enjoyed by folks gathered from various Texas points.

Mr. and Mrs. Mart Hyatt and Clifford Hyatt of Tulia, and Mrs. Louciel Hamilton of Harlington, visited Mr. and Mrs. W. J. Hyatt and Mr. and Mrs. Wylie Bomar, Jr. and children Monday afternoon.

Mr. and Mrs. Mart Hyatt are parents of Messrs. W. J. Hyatt Clifford Hyatt and Mrs. Hamilton.

Mr. and Mrs. Luther Vardell and family, of Clovis, came Sunday to return home her mother, Mrs. John Vaughan, who had been visiting in Clovis for three weeks. She is spending a visit now with Mrs. M. L. Welch, another daughter.

**HOME REMEDIES FOR DOGS' MINOR INJURIES**

By Dr. E. M. Gildow  
Director, Friskies Research Kennels

Don't think that accidents in the home happen only to humans. Our canine friends run into trouble, too. They'll get objects stuck in their teeth, take tumbles, and get cuts or bruises. It's wise, therefore, to be familiar with some first-aid remedies.

If he has a bone splinter, a splunk or needle stuck in his tongue, teeth, mouth or throat,

**Dog of the Week: PULLI**

Average weight, 25 to 40 lbs.; shoulder height, 17 inches; coat, fine hair, long, profuse, straight, wavy or curly, easily matted; color, solid colors, black, shades of grey or white.

You'll soon know about it. He'll try to cough it up or rub his muzzle with his paws and shake his head. If in great pain, he may become hysterical. With one hand, palm over muzzle, press the side upper lip against the teeth to open his mouth. Use the other hand to explore between the teeth and the bottom and top of his tongue. Pull his tongue out as far as you can, using a cloth for grip and look down his throat. If you see the object and it's within reach, remove it gently with your fingers or tweezers. If it's in too deep, or there's a chance that it may break off or if nothing is visible, take him to the veterinarian.

If he falls or is hit by a car and then limps or refuses to walk, you can suspect a broken bone. Be careful if you feel around, for a dog in pain may bite. A halter muzzle made of cloth strips or soft rope will prevent him from biting. Place two half hitches over his muzzle with the knot under his jaw, pull the ends back of his ears, and tie to make a halter muzzle. He could be injured internally, too, and not show any symptoms for twenty-four hours. Whether he shows any signs of injury or not, a bad fall can be serious, so keep him quiet for a couple of days and feed him very little for twenty-four hours.

If he gets cut, clean the injured spot and treat it as you would a wound on yourself or child.

**Feeding tip:** The best time for city dog owners to walk their dog, and country dog owners to put their dog out, is directly after he's eaten. Play time for your pet, however, is better scheduled at least an hour away from dinner.

Hundreds of thousands of young men and women, all over the country have recently resumed their studies in the schools and colleges of the nation.

The ambition, then enthusiasm and the ideals of these young people are of striking significance. Marked mostly by its absence, as compared with other groups, is the greed and selfishness that distinguish the calculated policies of older persons.

The Briscoe County News does not intend to be among the calamity-howlers who insist that our young people are "going to the dogs." They are the greatest asset of the nation, and throughout the world, the great hope of the human race. We have abiding faith in them, and trust in their development implicitly.

Of course, it is not given to the eyes of youth to see with the wisdom of age, but many older people would give all the wealth they have accumulated to repossess the fine spirit of youth, and to face the world as a brave adventure, determined to make an unselfish contribution to the building and consolidation of what we call civilization.

If anyone should enter the News office on a Monday or Tuesday and see one of us sitting at the linotype setting matter and giggling to ourselves, you might guess that we happen to be setting copy for the school page. We sincerely hope that many of our readers enjoy this page as much as we do, and appreciate the efforts of the ones who provide it for us. We are sure that the parents of the young folks

involved in the many facets of school activity are even more interested than we.

And if these young people could guide their elders in a few matters of discrimination and prejudice, what a much better world this would be. These kids, who learn from their parents that they are supposed to hate people with a differently colored skin or that they do not have to respect or tolerate those with different religious faiths, would oft times be so much wiser to follow the dictates of their own minds and hearts.

They are young and fresh and should hold their heads high and tell the world they don't mind if an organization to which they belong has several members who belong to the Methodist, Presbyterian or Church of Christ faith; that their teachers and leaders are just as good in their positions

even though several of them may belong to the Assembly of God, Baptist, Catholic or Jewish faith; that they don't mind sitting in a class or assembly with one of another race. And if they can be so open minded, what a shame it is that their elders can't follow their example.

It is our opinion that these who are open-minded and accept those around them at "face value" are the true christians.

Think all you speak; but speak not all your thoughts; Thoughts are your own; your words are no more. —Dulane.

Saw Virgil Henson treating the girls to new stick horses the other day. We have an identical model at our house, but the boy really prefers riding the fly swatter. We heard a story (true) yesterday about a local boy and his stick horse. The story took place some twenty years ago here in Silverton. Let's see if anyone remembers when:

The little master of about four decided that he would leave home so he mounted his old faithful stick horse and rode eight miles to his dad's ranch. On arriving, he dismounted and addressing his father, said: "I'm as tired as if I had walked all the way."

**SPEND VACATION FISHING**

Mr. and Mrs. R. M. Haverty and Mr. and Mrs. Eugene Long went to San Saba on Thursday of last week where they tried fishing with no success. They also visited Mrs. Sudie Taylor and Mrs. S. H. Terry while there. The late Mr. Terry and Mrs. Taylor were twin brother and sister to Mr. Haverty's mother. Mr. Haverty made his home with the Terrys for several years when he was young but had not seen her in 58 years. Needless to say, they had a happy reunion.

On Saturday afternoon the Havertys and Longs came to Possum Kingdom Dam and fished there Sunday morning, but failed to catch any. They came home Sunday afternoon, tired but with happy memories.

Mrs. Lizzie Holloway of Frederick, Oklahoma, visited her brother, J. J. Vardell, and other relatives here for a couple of days last week.

Mrs. Holloway, Mrs. R. E. Stephens and Mrs. Ray C. Bomar visited Mrs. C. M. Chappell, sister of Mrs. Holloway at Northwest Texas

Hospital in Amarillo on Thursday of last week. Mrs. Holloway went home from Amarillo.

C. M. Chappell was at home a short time on Monday and reported that Mrs. Chappell had been moved from Northwest Texas Hospital to the home of their son, Mr. and Mrs. Coy Chappell, on Monday morning. Mrs. Chappell is thought to be recuperating satisfactorily from recent surgery.

J. J. Vardell, who is recuperating satisfactorily from a broken hip, was moved to the home of his daughter, Mr. and Mrs. R. E. Sweek, on Monday to stay for a while. Mrs. Vardell was brought home from the Lockney hospital Sunday. She is spending a few days with another daughter and husband, Mr. and Mrs. Riley Yates.

Mrs. R. M. Hill and Mrs. C. O. Allard visited Mrs. Jeff Simpson and Mrs. J. T. Neese in Inez's Rest Home in Clarendon on Saturday afternoon. X-ray pictures to be sent to a Plainview doctor had been made Saturday morning

of Mrs. Simpson's hip which was broken several weeks ago. She is in hopes that she will be able to stand on the injured leg soon.

Mrs. Walter Fleming and son, Jack Fleming, were in Plainview on Saturday where he consulted a doctor.

Mr. and Mrs. Ace Monk of Quitaque and Mr. and Mrs. Curtis Monk went to Midland on Sunday to visit Mr. and Mrs. Roy Monk and children. Mr. and Mrs. Ace Monk are parents of Messrs. Roy and Curtis Monk.

Mr. and Mrs. Norland Dudley and daughters of Hart, have been recent week end guests of Mr. and Mrs. Milton Dudley and Connie.

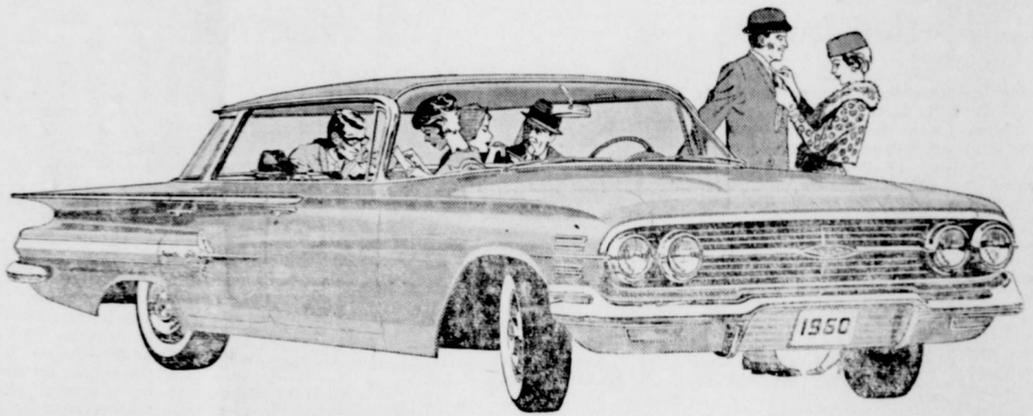

Rusty Leath, son of Mr. and Mrs. Don Leath, observed his first birthday on Monday, September 28. His friend, Barbara Ledbetter, came to share cake and ice cream with him.

Mrs. W. K. Grimland, who underwent surgery recently and has been staying in the home of her daughter, Mrs. Florine Durham, returned to her home on Friday of last week and is doing fine.

Mrs. Ray C. Bomar spent Tuesday and Wednesday in Lubbock with her sister and family, Mr. and Mrs. Carl Hawkins and daughters.

DISTINCTIVE! SATISFYING! ENDURING! SPIRITED! JOYFUL! SWEET!

Elegant Impala 4-Door Sport Sedan—one of 16 spanking new Chevrolets you can choose from.

## THE SUPERLATIVE '60 CHEVY

This is the one that says '60 like no other car. From its clean-thrusting grille to its dapper rear deck, there's so much that is new and different about this superlative Chevrolet it stands out from the rest like a fresh-minted coin. And you'll be just as wide-eyed over what's inside—the relaxing roominess, tasteful trim, hushed elegance, all comfortably cradled by Full Coil springs at all four wheels. Yet, sumptuous as this new Chevy is, you'll find new economy of operation, new dependability, new longer life. Here, then, we're confident both you and your budget will joyously agree, is the nearest to perfection a low-priced car ever came!

Here's the car that introduces a whole new decade of design—with so much that's new and different the other ones can only hope to come close. It's the superlative '60 Chevrolet—with new space inside, new spirit under the hood, new splendor in every clean-etched line. Freshly shaped contours rake back from the unified new grille to the jaunty rear deck, fitted with craftsmanship you'd expect only on the most expensive makes. Inside, there's room to sprawl in, room to sit tall in—generously provided by Chevy's sofa-wide seats and

extra margin of hat space. And there's even more leg room for the man in the middle—thanks to the way Chevrolet engineers have shaved down the transmission tunnel. Out on the road, as Chevy's Full Coil ride will persuade you most gently, there's not a car near the price that comes close to the hushed comfort of this one. And, adding to your sense of silence and solidity are thicker, newly designed rubber body mounts that do an even more efficient job of filtering out road shock, tire hum and vibration.

Quiet, quick-responding power is provided by a choice of two standard engines—Chevy's famed Hi-Throw 6 and a new Economy Turbo-Fire V8 that gets up to 10% more miles out of a gallon of regular while delivering greater engine torque at normal speeds. Chevy's accent on comfort and convenience even extends back to its easier-to-load (and tremendous) luggage compartment. You'll also find a convenient new parking brake that automatically returns to normal height after application, a new clutch linkage that filters

out even the smallest engine impulses more effectively than ever and a trim new two-toning motif that's available on all 16 fresh-minted models. But, impressive as all this may look in print, there's really only one way to tell how near to perfection this superlative '60 Chevrolet actually comes... and that's to drop in on your dealer and drive one!

# THE REVOLUTIONARY Corvair

BY CHEVROLET

There's nothing like a new car—and no compact car like this de luxe Corvair 700.

Here's the car created to conquer a new field—Chevrolet's low-priced compact Corvair.

The product of nine years of research and development at the auto industry's most advanced facilities, it's America's first truly compact, economical car that retains the ride and 6-passenger comfort you're used to in a big one.

The key to this small miracle: America's first and only modern rear-mounted aluminum engine—a lightweight 6 that's so revolutionary it can be packaged with the transmission and drive gears as one compact unit.

By putting the engine in the rear, Chevrolet has made the floor practically flat, front and rear. There's plenty of foot room for everybody, including the passengers in the middle.

Shifting engine weight to the rear also makes for smoother, easier compact car handling and gives glued-to-the-road traction on ice, mud or snow.

Corvair's size—some 5 inches lower, 2 1/2 feet shorter and 1,300 pounds lighter than conventional sedans—makes it a joy to jockey through busy streets, a pleasure to park (no need for power assists). Its revolutionary Turbo-Air 6 gets up to 30% more miles on a gallon of regular (a real magician on mileage). And, because the

America's only car with an airplane-type horizontal engine! America's only car with independent suspension at all 4 wheels! America's only car with an air-cooled aluminum engine!

The engine's in the rear where it belongs in a compact car!

engine's air-cooled, you never have to fuss with antifreeze, you get quicker warmup with less wear on parts even on the coldest mornings (even heat for passengers comes quicker—almost instantly—from an airplane-type heater).

Yet, wonderfully practical as all this sounds, you'll find the most practical thing of all about this new Corvair is its remarkably low price. Your

dealer's the man to see for all the short, sweet details.

**REVOLUTIONARY TURBO-AIR 6**  
Gets up to 30% more miles on a gallon, needs no antifreeze, provides quicker warmup with less wear on parts.

**ONE-PACKAGE POWER TEAM**  
Wraps rear engine, transmission and differential together into one compact lightweight unit. Takes less room, leaves you more.

**STYLING—PURE AND SIMPLE**  
Clean, uncluttered lines shape both 4-door models—the deluxe Corvair 700 and the standard Corvair. Each has its own distinctive trim, and you get more visibility area than in many full-sized cars.

**FOLD-DOWN REAR SEAT\***  
Works easily, instantly, adding to Corvair's versatility by enlarging rear seat cargo space to 17.6 cu. ft.

**FLAT FLOOR**  
Corvair is America's only compact car with a practically flat floor, the only one with the kind of relaxing room that U.S. motorists are used to.

**UNISTRUT BODY BY FISHER**  
Does away with conventional frame, incorporating all structure into a rigid body-frame unit that gives you more inside room with less weight.

**UNDER-HOOD LUGGAGE COMPARTMENT**  
Trunk's up front (like an elephant's) where it's convenient for groceries, luggage.

**4 WHEEL INDEPENDENT SUSPENSION**  
There's no conventional axle—front or rear. Wheels, cushioned by coil springs, take bumps independently of each other, for smooth, road-hugging ride.

### Editorial Rhoad

by Toni Rhoad

Horace Greeley, editor of "New York Tribune" cried, "Go West young man, go West!"

Benjamin Franklin, editor of "Poor Richard's Almanac" cried, "There never was a good war or a bad peace."

Wesley S. Izzard, editor of "Amarillo Globe News" cried, "If at first you don't succeed, try something easier."

Toni A. Rhoad, editor of the "Owl's Hoot" cried, "HELP!"

And help came from the Assistant Editor, Dale Francis. Jimmy Smith also helped by taking the job of Sports Reporter. Jimmy will be an able reporter having until recently been a member of the football, basketball and track teams. Typing up the news are two efficient typists, Dickie Mayfield and James Clemmer. Ferreting out other news items of interest to our readers are Becky Mallow and Marsha Monroe. Carolyn Garrison, our photographer with a 60-second polaroid camera, will be on the spot for many pictures throughout the year. Thanks goes to the Grade School teachers who keep us up on the news from other buildings. We also appreciate the efforts of the reporters of the various organizations and classes.

If you enjoy the paper this year, express your appreciation to those students who have answered the editorials S O S, and to our sponsor, Mrs. Ramsey.

#### ENGLISH DEPARTMENT

Pupils as a rule do not like English as well as they like vocational subjects or business courses but most of them admit it is practical—even the grammar. One boy said to the teacher the other day, "Why do you want to take all the joy out of life?" The class had been studying literature, and the first assignment in grammar had just been given.

Had you noticed any improvement in conversational ability of the students? The September Reader's Digest gave ten rules for being a good conversationalist. They are:

1. Listen attentively.
2. Talk of the other person's interests.
3. Avoid dull details.
4. Shun trite expressions.
5. Speak correctly.
6. Ask leading questions.
7. Disagree without being disagreeable.
8. Avoid interrupting.
9. Be tolerant, open-minded, and tactful.
10. A little praise is useful.

#### MATHEMATICS DEPARTMENT

C. P. Hidalgo

We have started to move right along in the mathematics classes. One question in the minds of the students is "What good will all this do us?" Mathematics, more than any other subject, will help a person to think and work hard for solutions. One's success, more often than not, will be governed by his ability to think and work.

# THE OWL'S HOOT

OFFICIAL PUBLICATION OF THE STUDENTS OF SILVERTON HIGH SCHOOL

Peepin' Tom would like to know: Who it was that sprayed coke on Stanley at the experiments at Halfway.

Why Good Looks (a sophomore boy) keeps turning red. How Jerry W. and Robert H. like the 14 cases of root beer they won from a T. V. show.

What relative of Jim Imel wants to go with Bill Durham.

Who the boy was that was seen carrying Jane's books upstairs. What it was that made all the football boys hide at Quitaque.

What was Mrs. Redin telling her senior boys about not making much noise when going to dinner. Could it have been to always be quiet and put away your books in a quiet manner?

Why Gary wanted to know if smoking would stunt people's growth.

Who it is that goes to Tullia every weekend.

How John is getting along with two freshman girls.

Who it was that said that Nora wasn't flirty. She was the senior girl who wanted more than 4 poses taken because she wanted the photographer to wink at her again.

If Robert is really going steady with Larry M.

What is in Turkey, Wayne.

Why Ronald nearly fell out of his seat in Civics. Could it have been because of James Clemmer remark, "Do the Russians wear underwear? It surely would be uncomfortable without it."

#### ORDINARY (?) BIOLOGY CLASS

by Robert Hughes

The second period biology class has the distinction of being one of the only classes in which the girls spend 90% of their time "aking" and "ugging" and turning various shades ranging from "embarrassed red" to sickly green. The discussions in biology class range all the way from the proper way to dissect a frog to the fact that some wieners are wrapped in intestines of calves.

Silvertown High School is blessed indeed to have such a broad-minded, tolerant teacher as Mr. Verden. Else how could any one teacher stand a period of open discussion with Jane, Lou and other colorfully uninhibited personalities thrown in to boot. Wild as many discussions may be, much tribute must be paid to Mr. Verden, along with his "varnished splinter", who manages to cover several pages a week in the biology book and have — I think all the biology students will agree — a rather thorough test every Friday over the past week's happenings.

Whether due to the varnished splinter or Mr. Verden's ability or a combination of both, all the students agree that they all look forward to the second period biology class where you learn biology and like it!

#### FOR FRESHMAN WEEK

This was the way the Freshman boys and girls were to dress from Sept. 28 to Oct. 2.

MONDAY

**GIRLS:** Wear housecoats and house shoes, wear heavy hairnet—don't comb hair — no makeup. Wear onion around neck.

**BOYS:** Wear levis cut off above knees. Toesack for a shirt. Two different kinds of shoes. Wear on onion around your neck.

TUESDAY

**GIRLS:** Wear shirt wrong-side-out and skirt wrong-side-out and upside down. Wear a tennis shoe with out sock and high heel with bobby sock no makeup or combed hair.

**BOYS:** Dress as girls. You must wear dresses, makeup, women's hat and shoes. Be sure not to forget your swimming suit, ladies, we're going to have a beauty contest.

WEDNESDAY

**GIRLS:** Dress as babies (bring doll and baby bottle).

**BOYS:** Dress as babies (bring baby bottle).

Keep these things with you at all times. Wear onions.

THURSDAY

#### NOTICE TO ALL STUDENTS

Remember to have your parents sign your slip concerning whether or not you desire the T.B. Patch Test and return it to your teacher tomorrow if you have not already done so! The slip must be returned to the school regardless of their decision.

The Century of Progress Study Club is financing this test for the school—let's cooperate with them.

Quick Dessert—form plain cookie dough, rolled thin, over inverted muffin tins; then bake. Fill cups with fresh frozen fruits, and top with whipped cream.

Hair Cutting Help — Place a strip of cellophane tape evenly across a child's bangs. Cut hair along top edge of tape. Helps to give bangs an even cut—and cut hair won't fall into child's eyes, because the hair sticks to the tape.

Identify Socks — Write size number with indelible marking ink on the toes of children's socks. Useful in matching and sorting socks for hand-downs.

Here is a way to fix your left-over rice. Make it into cakes, fry it in bacon fat and serve with maple syrup. It's delicious!

Instead of opening a can, the busy homemaker can now drop a plastic bag of food in boiling water. Now on the market in plastic bags are Lima beans in cheese sauce, asparagus in hollandaise, and meats with gravies.

A waxy rice flour long used by the Orientals is one reason "plastic cookery" is possible, according to U. S. Department of Agriculture research workers. Because foods need the moist sauce or gravy to protect them from air that freezes well. The waxy rice flour keeps its creamy texture after freezing. And it doesn't curdle the sauce as other thickening agents seem to do.

### OFFICE NEWS

Mr. Rampley has announced that all the 1961 graduates who wish to enter the 1960-61 National Merit Scholarship competition should register now at the school office. The National Merit Scholarship Qualifying Test will be given at 9 a.m., Tuesday, March 8, 1960, (or Saturday, March 19, 1960).

To be eligible for the test, Silvertown High students must be second-semester juniors or first-semester seniors at the time of the examination. Students must pay a \$1 fee on the day of the test. Any interested student who is unable to pay the fee should consult Mr. Rampley.

The tests are given each year by the National Merit Scholarship Corporation as part of the nation's largest independent scholarship program. Last year 550,000 students competed in 14,500 schools for more than \$3.5 million worth of four-year scholarships.

Awards are granted on the basis of intellectual merit, but student financial needs determine the size of individual stipends, which the renewable each year without further testing.

The NMS exam, administered by Science Research Associates of Chicago, also is valuable to students for selecting their careers or planning their courses in high school and college.

After the test, each participating student will receive an interpretive folder that reports individual test results for comparison with scores of high school students across the country. Thus students may learn their educational strengths and weaknesses—whether or not they plan to attend college.

In addition to the NMSC grants established in 1955 by the Ford Foundation and the Carnegie Corporation of New York, about 90 industrial corporations, foundations, and individuals give scholarships through NMSC.

Dress as your favorite celebrity. Carry a tube of lipstick around neck at all times.

FRIDAY

**GIRLS:** Dress as hillbilly.

**BOYS:** Dress as hillbilly. (Bring a gun, jug, and wear a beard.

### Lines From the Librarian

by Glenna Wilson

#### Library Rules:

1. All library books may be checked out for 1 week. (except reference books)
2. A book may be rechecked only once. After 1 week, it may be checked out again.
3. Newer reference books may be checked out during school hours only.
4. If a reference is kept out without permission, a fine of 7c is charged for each day.
5. A charge of 3c a day is charged for all other books over due.
6. If a lost book is not found by the end of the term, it must be paid for.
7. Unnecessary damage to books must be accounted for.
8. Library hours are: 9 a.m.-12 noon and 1 p.m. - 3:40.

Students have been very cooperative in keeping the library rules. I have found them to be courteous and friendly at all times. If they sometimes are careless and forgetful, paying fines help them to remember. Most of them know that I do not always know the answer to their question, but I hope all of them understand that I am willing to help them look for it.

I found an old textbook in the library this morning, which I believe to be very good. It is "Expressing Yourself" by Wade, Blossom and Eaton. How many of us need to apply our knowledge to more effective and enjoyable daily communication? We pay so little attention to our southern manner of speaking. But, did you ever write down a few of your own words? If so, you probably wondered if you really said them. For instance . . . Mrs. Rampley game at Quitaque, if I had observed the beauty of the trees across the field. I replied with, "Yeah, I beena lookin' at 'em."

#### F.F.A. REPORT

On Thursday morning, September 10, 1959, the Silvertown F.F.A. and F.H.A. Chapters held a meeting together to discuss plans for the trip to the Texas State Fair at Dallas this year. The two chapters make this trip biannually. They will leave on two chartered buses from Crosbyton after the football game on October 16. After travelling all Friday night, the members will attend Youth Day at the fair Saturday, and leave for home late Saturday night. Approximately 80 or 90 students of Silvertown High School will attend. Cost will be \$10.70. Mr. Mayfield and Mrs. Miller, chapter advisors, and other adults will go as sponsors.

On Thursday, September 24 at 4:00 p.m. the annual field day at Halfway will be held. There also be a barbeque that night. The program will be very educational and interesting and anyone who wishes to may participate. Mr. Mayfield and several of the ag. boys will attend.

In an election for vacated, officers, Ronald Vaughn was elected treasurer and Gordon Lowrey was elected Sentinel.

#### FIRST GRADE

Mrs. Elms

Bernardo Garcia enrolled in our room on Monday. John Alan Grimland, Janie Martinezz and Emma Shira have been absent this week because of illness.

#### — SGS —

#### FIRST GRADE

Mrs. Trout

We now have thirty pupils in our room. This number was reached on Monday, September 21, when Valentine Garcia enrolled. At the time of this writing, we have had perfect attendance for the last three days. We are trying to get plenty of sleep and rest and eat good wholesome food.

LaQuetta hated a college boy? Becky found out who put a certain thing in last week's paper? Jimmy Nell didn't like cheer-leading?

Reba wasn't going steady? Silvertown was a little town? S. H. S. didn't support their team?

Lou laughed in Biology? You could pass Civics and American history without voting for the Tennessee Stud?

Celene hated basketball? Jimmy Imel was bashful? Linda Brannon was tall? S. H. S. had lost the Briscoe County Championship? Robert Hughes made an F? Mr. Hidalgo should call Dewey Estes "Dewey S?"

These good habits will help keep us well and able to come to school every day.

Out thoughts about our room decorations are getting rather spooky. Yes, we are beginning to think of Jack-O-Lanterns, black cats and witches. Do you know why?

— SGS —

#### SECOND GRADE

Miss Anna Lee Anderson

On Monday we lost one of our pupils but enrolled another so our number remains twenty-seven. Helen Lowrey moved away and Benito Garcia came to take her place.

We have been reviewing first grade words and reading in first grade readers since school started but hope to start our first second grade reader next week.

— SGS —

#### SECOND GRADE

Mrs. Bomar

We have had good attendance this week, only one absence so far. Second graders like to go to school. We are just about ready to start our basic second grade reader. We are waiting now for the work books to come in so we can start them together.

In our room we have 20 out of 28 eating in the lunch room. This is good because we do need a good meal at noon to keep us going at night.

## STAFFORD'S

GROCERY AND MARKET

THIRD GRADE

Mrs. Wilmett

We are improving in our speed but we still have a few laps to make before we are up to par. In case you didn't know—Third Graders work pretty slow at the beginning of school. It takes us the first six weeks to get up our speed and get the "groove" and we don't mean "rut" either. Jackie Tate has been absent some on account of illness. Mrs. J. R. Steele captured a black widow spider and brought it for us as a science study. She visited all the grades with it. It proved to be quite an interesting bit of information for the most of us.

Some of our group attended the fair in Amarillo last week and report a wonderful time. We are really enjoying our nurse, Mrs. Klemman. We are always on the lookout for a scratch so we can go to her office. But we really do need her at times. For instance, Roy Saucido fell off the slide last week and broke his arm. Now, third and fourth grades are going all out to learn "how" to play on our playground equipment.

FOURTH GRADE NEWS

by Mrs. Alexander

We are enjoying the Lunch Room as we study good manners and good health in our Health Class.

There are many good readers in our class and we like the stories of the pioneer days in our Country.

All students who have been absent with sore throats are back in school. We are looking forward to having Mrs. Klemman, our nurse visit our room to check our height and weight chart.

FOURTH GRADE

by Mrs. Childress

We are going to have a geography test this week and are wondering if we have listened enough in class.

It has been suggested by Shirley McIntyre, "To study and not talk so much."

We have been making Safety Posters, also weaving baskets this week.

We have had interesting lessons in geography about the Reindeer people, which we have enjoyed but we are glad we are just US.

— SGS —

FIFTH GRADE

Mrs. Rhode

Absences last week have been accounted for as follows: Jimmy Burson, Stevie Bingham and Margaret Minyard went to the Tri-State Fair. Tommy Edwards, Shirley Sanders, Janie Hooten and Santos Garcia were sent home by the nurse and Dale Tiffin went fishing for three days.

One day we each wrote the Pledge of Allegiance, after saying it together. Here are some versions Mrs. Rhode received.

"I pledge a legion of the United States of America, one noist, under God, invaded with levers and justice for all."

"I pledge a legen unto this witch we stand for."

— SGS —

SIXTH GRADE

Mrs. Turner

The Sixth Grade lost a member

this week. Joyce Lawery moved to Petrolia, where she had lived before coming here last year.

Ruth Ann Minyard attended the Tri-State Fair in Amarillo Wednesday afternoon and stayed to see the "Ice Capades" Wednesday evening. Kathryn Smith attended the fair Thursday.

This is "Traffic Safety Week" and the Sixth Grade is having a contest to see who can write the best safety slogan or jingle.

EIGHTH GRADE

Mr. Wilmett

Our pep squad leaders are Connie Hilderbrand and Jealeta Eddleman. The eighth grade elected Dick Reid, Gary Edwards, Jean Womack and Gloria Wallace as class officers.

Things sure have been rolling in Science Class. Mr. Verden has been "licking" some boys for misbehaving—but it seems two girls got caught too!

— SGS —

Mr. Verden: "Little boy, how did you come to fall in the lake?" Travis: "I didn't come to fall in the lake. I came to fish."

Grade School Elects Cheerleaders

The Junior High School elected their cheerleaders for the 1959 football season. They are these: Eighth Grade—Connie Hildebrand and Jealeta Eddleman; Seventh Grade—Dianne Davis and Martina Williams; Sixth Grade—Mary Lynn Schott and Ruth Ann Minyard. The cheerleaders will wear red corduroy skirts with white footballs on them and white sweaters with a red "S" on them. The pep squad will wear red skirts and white sweaters or blouses.

— SGS —

Larry May: "Aw, Dad, come on. Let's buy a new car."

Dad: "Just wait until I've had a ride in the old one first, will you?"

— SHS —

Gordon: "What's that gurgling noise I hear?" Carolyn: "It's me, trying to swallow that line of yours."

Mr. Rampley: "How is the little boy who swallowed the fifty cent piece?"

Nurse Klemman: "No change yet!"

Bobby C: "And what would you have to drink?"

Bobby D: "Ginger Ale." Bobby C: "Pale?" Bobby D: "Oh, goodness no; just a glass."

FBLA NEWS

by Bobby Stafford.

The FBLA held its organizational meeting on September 23. Mrs. Rampley read the constitution to the group. A general discussion concerning the aims and objectives of FBLA followed.

The Future Business Leaders of America is a national organization for students enrolled in business subjects and interested in a career in business. The primary purpose for which the organization exists is to encourage members to improve their homes and the community. This may be achieved through a cooperative effort to develop character, train for useful citizenship, and to foster patriotism.

Officers elected to serve for the current school year are:

President, Marsha Monroe; Vice-president, Bobby Crass; Secretary, LaQuetta Chitty; Treasurer, Nell Rackley; Reporter, Bobby Stafford; Sponsor, Mrs. O. C. Rampley.

The members showed much enthusiasm and a real zeal to work.

CAP ROCK SOIL CONSERVATION DISTRICT NEWS

We notice that Joe Mercer is carrying out a cropping practice that we feel will be of great benefit both on irrigated land and dryland, especially below the Cap. Mercer planted two rows of cotton and skipped four. Then between the cotton rows he planted two rows of cowpeas for soil improvement and a cash crop. His cowpeas are making about 900 pounds per acre which means about \$45 per acre. Mercer had intended to plant soybeans, but the wet spring delayed his planting so that he had to use cowpeas. Both are good soil improving crops when properly inoculated. In checking the effect of skip row planting of cotton and legumes, the High Plains Research Station at Halfway has found the following:

Where cotton is planted four rows in and four rows out, with the out rows planted to soybeans or cowpeas, the two outside rows will yield about 55% more cotton than will the inside rows.

Guar will fit well along with cowpeas on dryland below the Cap. Of course, the cowpeas, soybeans or guar have a cash value as well as improving the soil for several years. Where a cotton field is planted four rows in and four rows out, only half the field will count as cotton as far as alfalfa are concerned. If the outside rows will yield 50 or 60 per cent more than the inside rows, then there would be a definite increase in yield of actual

PATTON TO SPEAK AT FARMERS UNION MEETING

"One of the most erroneous impressions being spread to the general public today is that farm organizations are not working together," stated Texas Farmers Union President, Alex Dickie, Jr., at a recent meeting of farm organization leaders. "The only dissident farm organization" that is not working hand-in-hand with other farm groups is an organization of farmers headed by leadership that is working with other reactionary groups whose principle motives seem to be the destruction of family farms and the reduction of family farmer's economic status to that of peons," continued Dickie.

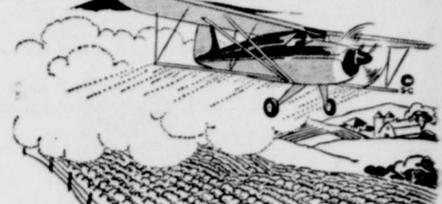

These issues will be joined and fully exposed when James G. Patton, President of National Farmers Union, addresses West Texas Farmers at the New Cafeteria at 7:00 p.m. on September 22, in Ralls, Texas. President Patton is noted for his vigorous and unswerving attacks on all organizations whose apparent interest is the destruction of family farm economy and of the eventual elimination of family farmers from the scene of American Democracy. Patton's address will constitute a major pronouncement of the present and continued policy of Farmers Union to fight the forces of reaction whenever and wherever its traces are discovered in the rough economic sea which is trying to engulf American Agriculture.

cotton planted. The soil improving crop then would be an extra benefit.

Rev. and Mrs. Frank Story spent several days last week visiting relatives. They visited her sister, Mrs. Glen Baker, and mother, Mrs. Mozelle Trotter, at Wellman. Mrs. Trotter, 76, was seriously injured in a fall recently and is improving slowly. They visited their daughters and families, Mr. Dickie, Jr., at a recent meeting of farm organization leaders. "The only dissident farm organization" that is not working hand-in-hand with other farm groups is an organization of farmers headed by leadership that is working with other reactionary groups whose principle motives seem to be the destruction of family farms and the reduction of family farmer's economic status to that of peons," continued Dickie.

The annual Workshop Conference for Leaders of District of the Texas State Teachers Association was held in Amarillo last Thursday. Mrs. O. C. Rampley, district president of the Business Education Section of TSTA, attended the meeting to help make plans for the annual Teachers Meeting to be held in Amarillo next March.

**HAVE I YIELDED TO THE LORD?**

"For whosoever shall keep the whole law, and yet offend in one point, he is guilty of all. For he that said, Do not commit adultery, said also Do not kill. Now if thou commit no adultery, yet if thou kill, thou art become a transgressor of the law." (James 2:10-11)

One must yield himself entirely to God. To yield at one point but to refuse to yield at another is to defy God and to reject His authority. One yet lacks the spirit of submission who refuses to yield completely.

If one rejects God's word on any one point he is guilty of rebellion against God no matter how obedient he may be otherwise. To put into practice the saying "Speak, Lord, thy servant is listening." This is a general principle. One guilty of murder is guilty. He is not excused because he has been a good kind father and honest neighbor. Kindness to neighbors will not offset unfaithfulness in worship. One has no right to expect God to overlook one area of rebellion because he has yielded to another.

One cannot be pleasing in the sight of God until he has heard; command and I will obey".

A cordial welcome awaits you at the Silvertown Church of Christ.

*here and there by Dooya Reed*

I heard one of my children describe his teacher the other day. He said, "She is a very pleasant woman." After thinking about it, I have decided that was a compliment of the highest degree. Certainly, I would like to have it said of me. A pleasant person could send us about our daily tasks with a smile and a light heart. Fortunate indeed is the individual who has a pleasant person for a teacher, friend or companion.

Then my introspective mind would let me have no rest. What about me? Am I a pleasant person? There is no point in not being honest with one's self. Much of the time I am not a pleasant person! I believe in facing facts, in "getting down to brass tacks," but is there danger in being "realistic"? Have we realistic persons a tendency to look at the dark side more closely than we do the bright side of life? Are we inclined to accept what is wrong as the rule, rather than the exception?

As you know I am an inveterate reader. Still thoughts come to me from the statement of a child who had no idea that he was saying something important. Perhaps my reading has been more for pleasure than for obtaining knowledge. There is a plaque over the entrance to Bowdoin College Library that reads:

"Who reads and reads and does not know what he knows, is like the one who plows and plows and never sows."

Mr. and Mrs. Louis Croft and children of Albuquerque, are spending a visit with her parents, Mr. and Mrs. D. Oneal.

## Around Town

by Mary Ann Sarchet

Each week we have two real goodness letters to the editor to share with you. We've several articles on how an editor should go about getting readers to write letters—one of the best suggestions being that the editor write a hot editorial on the subject of cats.

We have:

Guess on the Reeda Rhyme is Mrs. A. P. Dickenson Dickenson Book Shop.

"A. J. Rowell" answer to Mrs. Rowell is: It was our thought that by the most of our readers are of the identity of Rima Line Reeda Rhyme. She has that she does not seek any, but likes to write under name. We think her lines and enjoy them very especially so this week. If you like to read Reeda Rhyme, also like the Lines from Reeda Rhyme on the school page. We've told her that we'd print a booklet of her lines.

Letters department, we have last week for which we have space. It is an open to the people of this area.

Folks: are urged to become a member of the Boys Ranch Beef Club has agreed to a call each year and raise the boys to eat.

There is no longer a possibility, as has become a fact that men of this area are will give the kids at Boys Ranch beef they can eat as long as ranch exists as a place a boy in trouble can be a chance to grow up in company.

Want you to be a member. Boys Ranch Beef Club is an organization of cowmen. Most of us are up the hard way; only a few are easy sledding. All of us are pledged to support this great cause, a good man out of a mix-up.

They have been the providence of God that this Boys Ranch is in the heart of a cow country. He must have known that these boys would always be a good man out of a mix-up.

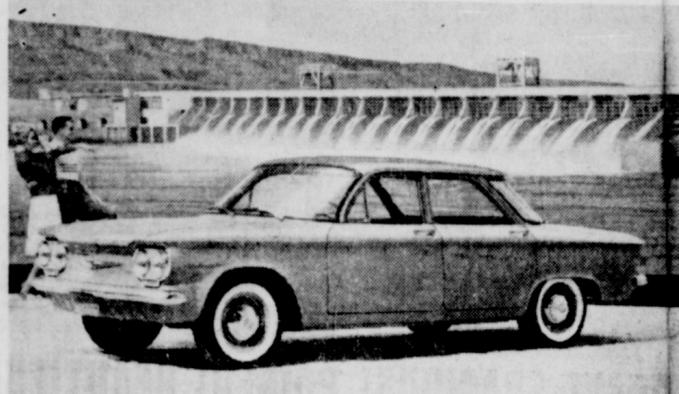

A common cause makes us together in this effort, we be part of God's Kingdom on earth. We have no political differences, no religious prejudices, no grind; we're just a bunch of cowboys trying to help a kid who is in this world without his parents and for whose welfare we ourselves partly responsible are happy to have this opportunity to give back to life.

What of what life has given you are a member of Boys Ranch Beef Club, you should be able to see your name with men and women with a heritage of citizenship who pioneered this country, and who are united in an effort to uphold its founding principles—those who still possess the old-fashioned idea of patriotism to live for principles we believe in.

It is a great outfit, and may you be confidentially, you will have more pleasure in the pleasure you get from something. You will never have a greater cause than this boy's belly when his is showing."

Thank you for your wonderful letter. IT IS A PLEASURE AND WE'LL BE ON PAGE TWO

## Crtp styling and air-cooled engine in CHEVROLET'S COMPACT CORVAIR

An aluminum, air-cooled engine mounted at the rear is among a multitude of mechanical features Chevrolet has originated for its all-new Corvair. A car that seems small only when you park it, the Corvair boasts "big car" roominess and performance due to a long-term engineering study of compact design. Low, fleet styling in accord with American tastes, a unique suspension system and unitized body-frame construction are among other features in the six-passenger four-door sedan. All 1960 Chevrolet cars will be on display in dealer showrooms on October 2.

## Farmers Reminded To Check Tail Lights

According to the Texas Highway Department, farmers should observe laws concerning trailers. Trailers must have at least two reflectors and a tail light in working order at all times, day or night. Highway patrolmen warn. Those stopped in daylight the first time will be warned. After that, a fine will be assessed.

Anyone caught towing more than one trailer will be fined.

Dinner guests in the O. C. Rampley home last Sunday were Mr. and Mrs. Flute Huttsell and sons, Mr. and Mrs. Robert Wheelchel and niece.

## GRAVESIDE RITES HELD FOR FORMER RESIDENT

Graveside rites were held on Sunday, September 27, 1959, for Marvin Monroe Clary, Sr. who was born on May 16, 1895, at Hillboro and passed away on September 25, 1959, at Tucumcari, New Mexico. Rev. G. A. Elrod officiated at the rites held in Silvertown Cemetery under the direction of Roberts Funeral Home of Silvertown. Clary is survived by his wife, Virginia and a daughter, Edna Irene.

Mr. and Mrs. George Miller and children were Sunday dinner guests of his great aunt and family, Mr. and Mrs. Roy Childers, in Tulia. Mr. and Mrs. Mitchell Rankin of Canyon, were also guests. Mrs. Rankin is the daughter of the Childers.

## ENTHUSIASM SHOWN FOR PRODUCTION TESTING

A very enthusiastic group of cowmen met with L. A. Maddox, Jr. and the County Extension Agent Tuesday night, September 22. The information was very interesting as well as useful. Mr. Maddox, the Extension Beef Cattle Specialist, outlined four methods used in performance testing of registered and commercial herds of beef cattle. These practices enable ranchers to upgrade their cattle by visual selection and by using the scales for weight selection.

One ranch in the area has been production testing for eight years now and has brought the weaning weights of their calves up 80 pounds in the eight years. Uniformity of their calves has shown as much progress as weight in this case. It is one of the dryer areas of the cow and calf belt.

County Agent Ledbetter reported that one registered Angus herd in the county belonging to H. H. and Robert McPherson are beginning production testing this coming year. He further reported that another registered Hereford breeder was interested as well as a commercial herd. The Agent says the interest and enthusiasm is very gratifying.

## CITY REQUESTS PAYMENT FOR PAVING

All citizens who have not paid the City for paving work to be completed in the near future, are urged to do so immediately. According to City Secretary, Fred Strange, the City must have the money within the next day or two.

## Farmers Union Elects New Officers

At a covered dish supper held in the basement of the Methodist Church on September 21, the following officers were elected for the Farmers Union:

President-Edwin Crass; Vice President-Woodrow Bice; Secretary-Treasurer-Mrs. Woodrow Bice; Educational Director- Mrs. Gilbert Elms; Legislative Director- Gilbert Elms; Cooperative Director- L. A. McJimsey; Organization Director-R. E. Brookshier; Junior Director-Mrs. Fred Mercer; Publicity Director-Mrs. Lois Smith; Recreational Director-Fred Mercer.

## HAYLAKE CLUB ENJOYS COVERED DISH LUNCHEON

The Haylake Club met on September 24, in the home of June Anderson with thirteen members and one guest attending. A covered dish luncheon was enjoyed at the noon hour.

A quilt was quilted and peanut gifts were exchanged. Those attending were Mary Lee Watters, Lillius Ruth McJimsey, Bessie Vaughan, Viola Boyles, Ikie Bingham, Maud McJimsey, Blanche Newman, Leona Brooks, Ella Leah Riddell, Eudean Crow, Peggy Garvin, Opal Hill and guest, Mrs. Jess Brannon. The next meeting will be a covered dish luncheon on October 8th in the home of Ikie Bingham.

## COTTON HARVEST GETTING UNDERWAY IN COUNTY

### QUARTERBACK CLUB TO MEET MONDAY

The Quarterback Club will meet Monday night at 7:30 at the school. All members and interested persons are urged to attend.

### CLAUDE CROSSING CLUB MEETS IN WATSON HOME

Mrs. Woodrow Bice of Vigo Park showed the pictures she and Mr. Bice made while they were on their trip to the National Farmer's Union Convention in Washington D. C. last January to the Claude Crossing Community Club in the home of Mrs. Obra Watson last Thursday afternoon.

Mrs. Bice and son and Mrs. Bolton and Susie were guests and the members present were Mrs. Gordon Alexander, Mrs. Bryant Eddleman, Mrs. Bill Edwards, Mrs. Gabe Garrison, Mrs. Pascal Garrison, Mrs. Don Garrison, Mrs. G. Mayfield, Mrs. Wayne McCutchen, Mrs. Bud Posey, and the hostess, Mrs. Watson.

The October meeting will be in the home of Mrs. Gordon Alexander.

Carolyn Martin of Lubbock, spent the week end with her parents, Mr. and Mrs. W. H. Martin.

Briscoe County cotton harvest is beginning to open up, it has been reported. This area is generally ahead of many of the counties to the south. This is result of the failure to get large areas of hail damage early in the growing season, and a very dry September. Conditions for cotton maturation and opening have been ideal here in Briscoe. Lack of August rainfall has reduced the dryland cotton by 50 per cent of what was expected in July. All these things put together make for early cotton harvest in this county.

The interest was manifested in a meeting Thursday held in the County Agent's Office on harvesting problems and defoliation. The meeting was well attended and was very timely.

Conditions for defoliation and mechanical harvest are very favorable in many fields of irrigated as well as dryland cotton.

Fred Elliott, Cotton Work Specialist for the Texas Extension Service, was very emphatic that cotton should not be defoliated when less than 60 per cent is open. When crop driers or dessiccants are used, the percentage open should go up in the 70 to 80 per cent range. County Agent Ledbetter said.

A brand new defoliation guide is available in the Agent's office in the Courthouse. Farmers are urged to pick up one of these guides and consult with the Agent about defoliation.

## TURNER FAMILY HAS LUNCH IN DALLAS PARK

Mrs. W. J. Hyatt, Sr. and daughter, Mrs. Wylie Bomar, Jr., Robert Laquetta, Deborah and Wiley III were in Dallas from Friday evening through Sunday. They were guests of Mr. and Mrs. S. E. Henson and Mr. and Mrs. J. L. Browning. The ladies are sisters to Mrs. Hyatt. On Sunday the entire group attended a Turner family reunion in Tension Park. Fifty-five relatives were present. A basket lunch was enjoyed by folks gathered from various Texas points.

Mr. and Mrs. Mart Hyatt and Clifford Hyatt of Tulia, and Mrs. Louciel Hamilton of Harlington, visited Mr. and Mrs. W. J. Hyatt and Mr. and Mrs. Wylie Bomar, Jr. and children Monday afternoon.

Mr. and Mrs. Mart Hyatt are parents of Messrs. W. J. Hyatt Clifford Hyatt and Mrs. Hamilton.

Mr. and Mrs. Luther Vardell and family, of Clovis, came Sunday to return home her mother, Mrs. John Vaughan, who had been visiting in Clovis for three weeks. She is spending a visit now with Mrs. M. L. Welch, another daughter.

## BRISCOE COUNTY WINNERS AT TRI-STATE FAIR

Briscoe County had many winners at the recent Tri-State Fair at Amarillo. The first products to go under the judges eye were the entries in the DeKalb head show. Briscoe entries made a clean sweep of this National Show. These included: 1st and 2nd heaviest head, by John Mercer and Alva Jasper. John had the champion head that was fully dried to an outstanding weight of 13 oz. Heaviest 10 heads, Alva Jasper; 1st place open headed sample, Riley Harris; 4th place basket, Alva Jasper; 8th place basket of heads, John Mercer.

Further entries in the 10 head variety winners were Sam Lewis, Alva Jasper, Elton Cantwell, John Mercer and Alvie Francis.

This material was prepared and shown by Briscoe County 4-H members. In the individual exhibits section of the Tri-State Fair, Briscoe County had a record number of entries. These were largely prepared by 4-H members and exhibited by the County Agent and Pascal Garrison, 4-H Club Adult Leader. Winners here were: Popcorn, Cliff Walker 2nd; Cotton, Jim Mercer 1st; Honey Dew Melons, D. G. Shelton 4th; Martin heads, Doc Peugh 1st; Martin Grain, Peugh 3rd; Sorgrass bundle

J. P. White 3rd; Barley, Ann Wingo 3rd; Peanuts, Dolan Rackley 3rd; Millet bundle, Spence Long 2nd; Alfalfa Bundle, Harold Storje 4th; Common Sudan bundle, Aubrey Rowell 4th; Redbine heads Merle McMurtry 1st; Sweet Sudan bundle, A. B. Lyles 1st; Grass bundle, Carman Rhode 3rd; 7078 Milo Heads, Roy Beasley 2nd; Tomatoes, Eldon Oneal 2nd; Irish Potatoes, Allen Kellum, 2nd; Hegari Heads, Lewis Francis 1st; Black Hull Kaffir, Francis 3rd; Redtop Bundle, Francis 2nd; Kaffir Grain, Francis 2nd; Hot Peppers, Lee McDonald 2nd; Hybrid Heads, Jim Mercer 2nd; Martin Heads, Grady Martin 3rd; Redtop Sorghum, Lynn Welch 2nd; and Caprock Heads, Snooks Frizzell 2nd.

In the girls division, Briscoe County winners were: Biscuits, 1st Raye Garrison and Cakes, 2nd Carolyn Garrison. This year's exhibits won more ribbons than ever before. The 4-H Clubs, in showing and spending many hours preparing this material asked all prize winners to place their winnings in the County 4-H Fund that Club work may grow and progress here in the County. It is one of their major ways of support as well as learning.

## Happy Slips Past Owls

In a hard-fought defensive ball game last Friday night, the Silvertown Owls were unable to stack up enough points to overcome the lead of the Happy Cowboys.

The Cowboys mounted their horses and began galloping for yardage early in the game, receiving the opening kick and going for two first downs before the Owl defense could get into action. Happy fumbled and recovered the fumble, but were unable to make the necessary yardage for a first down and the ball went over to the Owls.

James Roy Brown sparked the action by passing to Bobby Stafford for six yards, then a fumble in the backfield on the next play gave the ball back to the Cowboys who wasted no time heading for pay dirt. Darrell Bove, a good runner and work horse for the Happy team, ran the pigskin over from about the twenty-five yard line for the first six-pointer. Happy faked a kick and ran, but was unable to make the try for extra points count.

The latter part of the first quarter and entire second quarter were marked by fumbles and intercepted passes. Neither team was able to accomplish anything significant, but strategic plays were made by Bobby Stafford, who recovered a Happy fumble and James Roy Brown, who intercepted a Cowboy pass and ran about twenty yards.

Silvertown had a break when, after kicking to Happy to open the third quarter, the Owls found themselves possessing a Happy fumble on about the forty-nine. T. D. West, Larry West and James Roy Brown lugged the mail through three consecutive first downs, and T. D. West raced the remaining few yards home to the

Owl's nest for six, making the score an even 6-6.

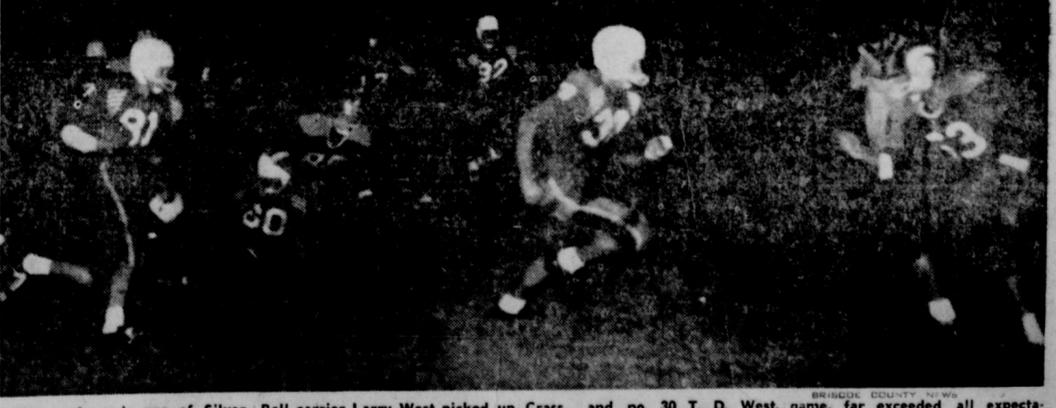

Darrell Bove, Ronny Johnson and Jimmy Peason were the leading ball carriers for Happy through the final minutes of the third quarter and into the fourth. The second Happy tally was carried over by Bove from about the five yard line. The conversion attempt failed, and the score stood at Happy 12-Silvertown 6.

The Owls took to the air, with Bobby Crass receiving one for a first down and Brown receiving one for seven yards. The Owls fumbled and it was quickly recovered by Happy who was goalward bound again at the end of the ball game as result of the Owls drawing numerous penalties.

The Owls played a fine ball game against tough competition. Happy has an undefeated record, and on meeting Silvertown had allowed only 18 points to be scored against them. Happy is rough competition for most any team in their class.

To list the outstanding players in last week's game would be to list the Owl roster. However, since it was a defensive game and the defensive players are least mentioned by the press, the outstanding ones were Cowart, Brannon, Estes, Crass, Patton, West (usually for outstanding offense, played very good defensive ball, May, Anderson, Breedlove, Whitfill, and Stafford).

Next week we host our second visiting team, the Kress Kangaroos. Kress also boasts an unbeaten record, having eased over Petersburg week before last in the final minutes for a 3-0 win with a field goal, but beating Lazbodie in last Saturday afternoon's homecoming game by a score of 28-14.

Shown above is one of Silvertown's best offensive ground plays as used against the Happy Cowboys. Ball carrier Larry West picked up Crass and no. 30 T. D. West, game, far exceeded all expectations by scoring and holding the Owls, though losing this game, far exceeded all expectations by scoring and holding the Cowboys to a 12-6 margin.

**For a Beautiful Cake!**

*By Betty Barclay*

HEAVENLY frosting, delicately honey-flavored, and covered with frosty-white flaked coconut, makes a "beauty" out of the simplest of cakes! You can use bakers' cake layers; or you can make layers or a large loaf from a mix, or from your own favorite recipe.

**Coconut Honey Frosting**  
2 egg whites; 1 1/2 cups sugar; 1/2 teaspoon salt; 1/2 cup water; 2 tablespoons light corn syrup; 2 tablespoons honey; 1/2 teaspoon vanilla; 1/4 cup Angel Flake Coconut.

Combine egg whites, sugar, salt, water, corn syrup, and honey in top of double boiler. Beat 1 minute until thoroughly mixed. Cook over rapidly boiling water, beating constantly with sturdy egg beater (or at high speed of electric beater) 7 minutes. Remove from boiling water. Add vanilla and beat 1 minute or until thick enough to spread. Frost cake and sprinkle with flaked coconut. Makes 5/4 cups frosting or enough to cover generously tops and sides of two 9-inch layers.
