T.B. Patch Testing Nearing Completion

Mrs. L. G. Kleman, R. N., the Silverton Public School Nurse reports that after more T.B. Patches were administered on Monday of this week, the total number of students and teachers who received the test totaled four hundred-fifty. The total number of students enrolled in school this year is five hundred-fifty, and because the demand has exceeded the supply, more of the T.B. Patches have been ordered. It is hoped that 100% of the school students and teachers will receive the test by the completion of this project, which is being sponsored by the Century of Progress Study Club of Silverton. The test is being given free of charge to all students who furnish the school nurse with the written permission of a parent or guardian.

Shown above is Mrs. Kleman as she applies a patch to the arm of first-grader, Max Rodeia, who throughout the entire operation was not too happy about the project.

Farmers Union To Have Guest Speaker

Mr. Clois Wayne Kemper of Tullia, will speak and show color slides made in Germany, Italy and Holland at a Farmers Union meeting Monday night, October 19, at 8:00 p.m. at the Methodist Church. Resolutions will be adopted. Refreshments of cookies, coffee and cocoa will be served.

Little Owls Beat Quitaque Team

In a very chilly game on Tuesday night of this week, Silverton's Little (Jr. High) Owls were able to break into the winning column by downing the Quitaque Jr. High team by a score of 22-14. Silverton scored six points in the first quarter, but failed to convert. They came back for pay dirt again in the second quarter and successfully converted for two extra points. In the fourth quarter, they repeated this feat. Scorers for the Owls were Freddie Stafford, Gary Hunt, Max Garrison and Jerry Stephens.

The winning of this game gives the Little Owls a 1-2 season record. Some of the games have been called off due to our having bad weather. In the season opener with Happy, the Owls were unable to score and went down by a 14-0 margin. Hale Center also racked up more points to win over the Little Owls in their second game of the season, but Larry McWilliams snatched a Hale Center pass and ran for a Silverton tally to keep the Owls in the scoring column, 14-6. The next game of the Little

Local Chapter of Cancer Society Has Meeting

The local chapter of the American Cancer Society met in the Briscoe County Court House on October 12.

Robert Preston, District Representative of Lubbock, Texas, was present to meet with newly appointed officers: Mrs. W. E. Schott, Jr. — Chairman; Mrs. Fred Mercer, — Education Chairman; Mrs. Dee McWilliams — Service Chairman; Mrs. Arnold Brown, — Assistant Education Chairman.

New materials are available to the chapter for distribution to the public.

Mrs. Dee McWilliams is available for information to anyone needing home service for patients. If there are patients in the county who need assistance, the family should contact Mrs. McWilliams. There is no end to the list of free equipment available through the society, including hospital beds, bandages, sick room equipment, suction machines, etc.

At an early date, these members and volunteers will make bandages for disposition to the Lubbock office where our materials are distributed.

The film, "Time and Two Women" will be shown at an early date. All women are urged to watch for the date of this showing and to make plans to attend.

Anyone interested in the Cancer Society is invited to attend and be a member of the monthly meeting. These meetings are held on the first Monday of each month at 4:00 p.m. in the Club Room at the Court House.

Turks Take Owls

The Owls received the Turk's opening kick in last Friday night's non-conference tilt and fumbled the ball. It was immediately scooped up by Silverton's Jerry Patton, who raced ninety-five yards back up field for a touchdown in the opening seconds of the ball game, leaving many of the spectators stunned and gaping. The conversion attempt failed, and Silverton led by a score of 6-0 over Turkey. Silverton's glory was short-lived, however, because nine plays and three first downs later, Turkey's Jerry Weatherly zoomed for pay dirt and Conroy Lacy passed for

the extra point to lead the Owls by an 8-6 margin.

Turkey kicked to Silverton, who promptly gave the ball back on a well-executed fumble play, and two plays later, Weatherly scampered over for six points more.

In the second quarter, Weatherly repeated earlier performances and raised the score to 20-6, (raising his personal score to 42 points in the last two games) favoring the hosting Turks. There the score remained at halftime.

The Owls were able to hold Turkey to a scoreless third quarter, but very early in the fourth quarter, the Turks broke loose for the Owl's nest again. The final tally was Turkey 34-Silverton 6.

Unofficial statistics for the game indicate that while badly outplaying the Owls, the Turks racked up only ten first downs, to the Owl's eight. In the passing department, Turkey attempted four and completed three of them; Silverton attempted four, completed one and had one intercepted.

In the fumble department, Turkey fumbled five times and Silverton recovered all of them. Silverton fumbled three times, recovered two of them and had one of them stolen by the Turks.

Silverton received two penalties one for being off side and one for delay of the game, for a total of ten yards, while Turkey received two, one for being off side and one for clipping, for a total of twenty yards. The game appeared to be a good clean one, for which both teams are congratulated.

The "Little Red" freshman and sophomore second-stringers were able to rack up four first downs in the fourth quarter, with Johnny Jowell, Van Breedlove and Rusty Whitfill getting in on several of the plays. Old faithful ball-carriers besides the hero of the evening, Jerry Patton, were Stafford, Brown and the West boys. Joe Anderson and Charles Cowart were in on most of the defensive plays.

Tomorrow night we open conference play with Crosbyton at Crosbyton. It is hoped that the Owls will be able to make a better showing at that time and surprise the area writers who at this stage in the game are picking "anyone" over Silverton.

We maintain our confidence in the Owls. We know they CAN do it if they put all eleven minds to the task at hand.

Helicopter Aids Fort Carson Evacuation

FORT CARSON, Colo. —The combination of a nearby helicopter and the quick thinking of two NCO's resulted in the quick removal of an injured Fort Carson man to the Carson Army Hospital.

SP5 Thomas Youngblood Jr. in a field maneuver in an isolated section of the mountain post, was injured in a jeep accident and lost consciousness.

MSGt. Fred Sloan, Jr. nearby at the time, saw a helicopter practicing forced landings some

TRAILER OWNERS SHOULD HEED TRAILER REGISTRATION REQUIREMENTS

Mr. and Mrs. W. A. Holt, Mr. and Mrs. J. A. Ziegler, Mr. and Mrs. Ronald Kitchens, Silverton, and Mrs. Larnce McCain and Mrs. Charlie George, of Tullia, attended the funeral of Glen Seay in Dallas Monday afternoon. Mr. Seay, brother of Mmes. Holt and Seay, formerly lived here.

cotton experts have also been mightily stumped. Either way, it has been a good thing for the cotton growers of this County. It will enable them to get a better grade of cotton out of the fields quicker.

1959-60 Editor of Owl's Hoot

Selected to serve as the 1959-60 editor of the OWL'S HOOT is Miss Toni Rhode, daughter of Mr. and Mrs. Carman G. Rhode. Toni is a senior student at Silverton High School and has accumulated quite a collection of achievements during her school career.

As a freshman, she was Class Favorite and Secretary-Treasurer of her class. During her sophomore year she was selected by the student body as Best All-Around girl and continued to serve her class as Secretary-Treasurer. She was basketball manager that year also. During Toni's junior year, she filled the position of cheerleader, represented her class in Student Council and served the council as Treasurer. She was FHA President and Class President. This year Toni continues her duties as cheerleader and Student Council Treasurer, while acting as custodian of the FHA funds and assuming annual staff duties as well.

Toni is a busy young lady, but maintains a high scholastic standing as well. We point with pride to her as an example of today's youth and look forward to noting her future successes.

distance away. Driving to the 'copter, Sloan asked the pilot to evacuate the injured man.

The pilot agreed and tuned his radio to the infantry frequency.

At the accident site SFC Robert L. Stack (son-in-law of Mr. and Mrs. Bob McDaniel, Sr. of Silverton) also was busy. He had all men around him form a wind direction panel, using their white tee shirts.

Directed by Sloan, the 'copter took off in the general direction of the accident and was guided to the exact spot by radio directions from Stack. The makeshift wind panel helped him pick up the injured man.

Six minutes later the helicopter settled on the hospital landing pad where an ambulance crew took over the job of getting the man to medical aid.

Johnny Lanham, County Tax Assessor-Collector predicts that there will be a lot of frustrated trailer owners next February and March when re-registration of motor vehicles is due.

By the terms of a new law, trailers over 4000 pounds will have to have certificates of title for the first time. Titles can be obtained now while there is still time to meet certain requirements regarding proof of ownership and serial numbers. February and March will be a very poor time for handling this new requirement.

Mother Nature Gives Farmers A Hand

by Robert Ledbetter
Agricultural Extension Agent

An interesting conversation piece in many farmer's minds and discussions this week has been: was it a frost that caused so much of the cotton to look like it had been defoliated, or was it something else? A first view and decision would indicate a frost, but further examination and consideration strongly indicates that something else caused this phenomenon. Evidence that would support such a theory is pretty common.

First it is over a wide scope of territory. When the County Agent and Lem Weaver were at the Texas Experiment Station at Lubbock last Thursday, it was showing up there and all around Lubbock. This has been the case in Briscoe County as well. Dryland cotton at the Experiment Station beside irrigated cotton was showing drying effects, while irrigated cotton beside it showed none. This indicates that it was not a frost. Here in Briscoe at locations above and below the Cap, some plants, ones that were by themselves and had not been in severe moisture stress, are not showing nearly so marked an effect as other plants in the stand.

In theory, but not completely substantiated, it is a physiological reaction in the plant caused by the driest September since 1919, with extremely cool nights; this causing the cotton plant to be in severe moisture stress. Then the week of cold rainy weather set up plant reaction that is causing the leaves to come off. Close observation shows that the leaf naturally drops from the stalk caused by a perfect abscission. Frost usually causes severe tissue break down within the leaf resulting in a pungent odor.

All these, and the fact that many tender garden plants were not affected, gives a strong case that frost was not the cause of this free defoliation that much of the cotton has receive. The so-called

RECHARGE WELL AND BENCH LEVELLING PROJECTS UNDERWAY AT HIGH PLAINS

Twenty-five acres of benches have been constructed on the north slope of the recharge lake to study yield, cost of production and water efficiency. Parallel benches of 8, 12, and 16 rows (40 inch rows) are being used to study the effects of different depths of soil removal on crop yields. These benches will also be used in a comparison study of crops grown on benches, contoured land, and slopes. Water applied will all be metered and moisture blocks will be used to determine time of irrigation. Grain sorghum is being grown on these benches and the adjoining slopes in 1959 and it now appears that the benches will outyield the slopes by a considerable margin.

Irrigation studies for the coming year will include time of irrigation on cotton and grain sorghum, skip row irrigation and determination of time of irrigation with moisture blocks.

Mr. and Mrs. Jim Clemmer and James visited Mr. Clemmer's father in Meadow recently. They report that he is doing fine, and they had a very pleasant trip.

HELPING HAND CLUB MEETS WITH MRS. JOWELL

The Francis Helping Hand Club met on October 8, with Mrs. J. E. Jowell as hostess.

Members present were Mmes. Jack Harris, Scott Smithee, Aubrey Rowell, Wade Steele, Lenton Lanham, Frank Mercer and the hostess.

The next meeting will be on October 22, with Mrs. Lenton Lanham as hostess.

THE OWL'S HOOT

OFFICIAL PUBLICATION OF THE STUDENTS OF SILVERTON HIGH SCHOOL

down the

Editorial Rhode

by Toni Rhode

We would like our readers to know what wonderful friends the Editorial Staff has found in Mary Ann and Charles Sarchet.

We are especially grateful to them for allowing us to use all the space we desire for our paper each week. This space is contributed by the Sarchets without charge to the Future Business Leaders of America Club. In addition to printing the paper, they have helped by giving suggestions to improve the quality of our news and are furnishing the paper on which we type our copy that we turn in to them.

While this appreciative mood prevails, let us not forget to express our thanks to the Century of Progress Study Club for the T B Patch Tests, which were given to school children this past week.

NOTE: If you'll excuse us for invading the world of the Owls, Toni, please let us say that we enjoy being able to provide for our readers the goings-on of our youth. And, too, it is not we alone who provide this space, only with the support of our local merchants who make it possible for us to have a paper, can we do so. Remember this when you shop, as by your patronage you are thanking them for all the things they do for us all.

We in turn must say "thanks" to the F. B. L. A., not only for asking us to be honorary members, but also for being so cooperative. To those who may not know, the staff provides us with the school news on Friday afternoon each week. This enables us to have several galleys of type to start our week, but handicaps the students and teachers because they are constantly writing "next week's news this week."

We are glad to be the link between the students, their teachers and the parents. Any suggestions are always appreciated and with the cooperation of all, we will be able to have a community paper which will have something of interest to all. —B.C.N. EDITOR

INTRODUCING

This is a new feature of the paper in which new students at Silverton High School are interviewed. Three new students who have begun school here are Freddie Minaryard, Elaine McDaniel, and Carolyn Williams.

Freddie's parents are Mr. and Mrs. Earl J. Minaryard. The Minaryard family comes to Silverton from O'Donald, Texas. Freddie is a 6 feet 1 inch, blue-eyed, brown-haired junior. He takes plane geometry, American history, chemistry, general science, and English III. His favorite food is anything sweet (we wonder if girls are included). He dislikes school, work and some teachers, and he likes girls, football, and track.

Elaine is the daughter of Mr. and Mrs. Ashel McDaniel. They come from Rocky Comfort, Missouri. Elaine is not very new to us as she went to school here until she was in the fourth grade. She is 5 feet 9 inches tall, has blue eyes and light brown hair. Elaine is a senior and takes plane geometry, English IV, government bookkeeping, and Typing II. Her favorite food is fried chicken. She likes popular music, beautiful clothes, and handsome men. She dislikes long-haired music, ugly clothes, and ugly men.

Carolyn is a freshman who moved here from Clarendon, Texas. She is 5 feet 5 inches tall, has light brown hair and bluish-green eyes. Her favorite food is fried chicken. Her subjects this year are English I, Algebra I, Texas history, Homemaking I, and general science. Carolyn likes to dance, go to football games, and athletic boys. She dislikes rainy weather, conceited people, and gossip, especially about her. Carolyn is staying here with her sister and her sister's husband, Mr. and Mrs. Donald Adams.

The paper staff hopes you will make these people feel welcome in our great school.

PEEPIN' TOM

An eighth grade girl is telling a certain boy that she can go on dates next summer. Is this what is called a "subtle" hint?

It has finally happened! Bill Durham has finally given his identification bracelet to Shirley so that everyone at West Texas can see what true love really is.

Each morning as Bonnie McIntyre gets on the bus, her eyes rove over the crowd until they come to rest on a certain boy, Ray Matthews.

In last week's Peepin' Tom, this question was asked: "Who had a flat and had to get home late because they had to fix it?" Silverton High School's Sherlock Holmes went to work on this vital issue.

He has just reported that after he has gone over the facts, he has reached this answer: JOY ANN. Lunch time is usually a time for everyone to relax. But at Silverton High School, lunch time is just the signal for a certain boy and a certain girl to start flirting.

To the two girls who put a hot tube in a pan of cold water: Never do anything like that! The results prove to be disastrous.

LaGuan Thompson has been trying to find some excuse to talk with Freddie Minaryard. We wonder if she has ever thought of dropping something as he walked by. Does anyone have another answer?

Alright, Carolyn Garrison, don't use the rain as an excuse for not walking Larry May off the football field after the Kress game.

Does the girl who has a boy's ring always hold his heart? If George McJimsey were used as an example, we would have to say NO.

Reba Maples, if you don't get your mind on your job, we don't know what we will do. We heard that you dropped a pan of water in the chemistry lab simply because your mind wasn't on chemistry.

Becky, don't you think it is about time you decided to make up your mind to go with either James Roy or Bull. We took a vote the other day and decided that if you don't make up your mind, we would for you.

Although Champ isn't planning to major in driver's education, he looks like he is working on a degree in it. Tell us, Champ, is Carolyn Williams a very good pupil?

Joy Morrison is another undecided person—she can't decide if she even wants to go with a boy. A word of caution—a certain freshman girl was seen flirting with a steady. If we see anymore of this, we will print names.

Joyce Thomas told us not to tell, but e just can't keep from telling. Everyone get your rice ready—there's going to be another wedding. "Whose?" you ask. Tell them, Joyce!

Joe Kellum has been called the "Displaced Person of Silverton High School." It seems that he is not occupied the sixth period each day. He has been seen roaming the halls, unaccountable to anyone. Just wait, he will wander into Mr. Rampley one day and that will be the end of his journeys.

Class News

SENIOR NEWS

by Joyce Thornton

The Seniors received the proofs of their pictures last Monday. I think everyone was fairly satisfied with them. Of course we naturally think that we will be the "best looking" class that ever graduated from S.H.S.

decided that our class colors should be blue and white, and our class flower the white Carnation. We have not yet chosen our motto and song.

The Seniors are also selling School "Daze" books this year. They are only 50 cents each. If anyone would like to buy one, see one of the members of the Senior class. We will be happy to sell you one.

— SHS —

JUNIOR CLASS NEWS

by Carolyn Frizzell

The Junior Class had a class meeting to decide upon their Queen and King for the Halloween Carnival, which will be sometime this month. Our selection for these two positions are none other than Reba Jo Maples, Queen, and John Howard Burson, King. We, the Junior class, are very proud to have these two as our candidates.

Thanks to everyone who helped make our Saturday bake sale a success.

— SHS —

SOPHOMORE CLASS NEWS

by Robert Hughes

The Sophomore Class met Wednesday, October the 7th, for a regular class meeting. The main business to be disposed of was rather indefinite, but in the true spirit of class dodging, the valiant Sophomores came up with enough business to occupy the activity period.

Being a class of high ideals and forward thinking, we promptly got down to the business of selecting LaJuan Curby as our representative in the Queen Contest of the Halloween Carnival and Larry Elms as her escort. This all took place before anyone was sure whether we were having a Halloween Carnival or not.

Not letting our spirits be dampened by getting our bowling party rained out, we forged ahead with plans for a bigger and better year of fun and parties. The class then voted to have a party followed by a dance at someone's house, sometime.

Mention should be made of the fact that the progressive and talented thinking of the Sophomore Class, mainly limited to our sponsor, has succeeded in bringing those great champions, The Wayland Flying Queens, back for a repeat performance of their great game last year. The Sophomore Class is sponsoring two games, the Queen's A team vs. the Queen's B team and our own great high school team. Anyone with a love of good sports and kind heart would enjoy this game. If you will certainly see a good game, because the girls are going to play boy's rules, and you will donate to a needy charity—The Sophomore Class of S.H.S.

I will close with the time honored words of that ancient Greek philosopher, Thucydides, "No it is cudsorper, feedema buncha bull", or, "If you don't have any news, make some up."

— SHS —

FRESHMAN CLASS NEWS

by Marcelyn Lee

The Freshmen had a class meeting Thursday, October 7, we then chose our king and queen for the Halloween Carnival. The king and queen are: Bill Schott and Carolyn Williams. We haven't yet decided what to do to make money for our queen and king.

Monday, October 12, we will have another meeting, and chose our room mothers.

We, like all high school students, are anxious to leave for Dallas next Friday.

Office News

Mr. Moreland recently received a letter stating that the Texas Accreditation Committee will visit our school on Wednesday morning, November 4. It is their aim to evaluate the Silverton School program by applying certain principles and standards for accrediting schools.

The members of the teaching staff are asked not to vary the regular instructional routine when this committee visits the classroom. They insist that the purpose of their visit is to be of assistance in every way possible.

Some of the material to be available for examination is as follows:

1. Minutes of the meetings of the board of trustees.
2. Policy statements of the board of trustees.
3. Policy statements of the superintendent.
4. Teacher personnel files.
5. Pupil personnel files.
6. Current high school schedules.
7. Library budget and invoices.
8. A copy of the self-evaluation report.
9. Evidence of instructional planning by entire staff and individuals.

Lines From the Librarian

by Glenna Wilson

Freshly painted shelves stand ready for new books ordered especially for the Grade School Section of our library.

We feel sure, however, students browsing through the new books, will not overlook the "old ones" they have always meant to read. Just as some of our old clothes are more wearable, some of our old books are more readable.

For instance, LITTLE BRITCHES was worn pretty thin by grade school students last year. Patched, and re-patched, he's still being used along with a brand new replica.

Whether you write for THE OWL'S HOOT or the THE NEW YORK TIMES, if you have anything to say—say it. If you heard Dave Garroway as he interviewed the editor of THE RALLS BANNER on NBC-TV's "Today," I'm sure you're proud to be classed with a small minority who still say what they think, without being afraid of anybody.

— SHS —

Future Business Leaders of America

by Bobby Stafford

The FBLA meeting on October 8, 1959, was called to order by the president, Marsha Monroe. The club elected the following business people to be honorary members of the club: Mr. and Mrs. Charles Sarchet, Mr. Gene Morris, and Mr. Perry Whittemore.

Plans are being made to offer typing service to the people of the community as a money making project. More details about this service will appear in next week's paper. Participation in the Halloween Carnival was discussed.

— SHS —

ENGLISH Department News

The Vocabulary test given this month were in the Educational Edition of the READER'S DIGEST. I hope all parents of high school pupils checked themselves on the tests. It seems to me that our boys and girls ranked entirely too low. Is there any reason why children here should rank lower than the average over the United States. It seems to me they should rank higher. All of them have parents who can read and write; all of them have good homes and living conditions; why is it that their vocabulary is limited? Could it be possible that words are so very plentiful that they seem unimportant? A speech therapist told me recently that there are many more small children who cannot speak plainly now than there were several years ago. She thinks it is because they are bombarded by words and sound so

Monday, October 12, we will have another meeting, and chose our room mothers.

We, like all high school students, are anxious to leave for Dallas next Friday.

Student Council

by Carolyn Frizzell

The Student Council is in charge of the Halloween Carnival again this year. There will be an admission fee of 10¢ at the gate. We hope that you will come to our carnival and stay for the coronation of the Halloween King and Queen of Silverton High School and Silverton Grade School.

The kings and queens will be determined by 1¢ votes. Only profit collected during the month of October will be counted. Class dues or other regular fees due a class must not be counted. Money earned before the night of the carnival may be deposited in the bank—just indicate on the deposit ticket the source of the income and keep it for the judges that night.

During the next few weeks there will be a lot of kids working for their classes and for their kings and queens. Please support the king and queen of your choice. All of the money earned will remain in each class treasury to be used by the class as it sees fit.

— SHS —

DEAR EDITOR:

My sincere thanks to the Century of Progress Study Club, teachers, students, and Mrs. Whitfield and all who helped make the T.B. Patch T-shirting successful. Your interest and cooperation is greatly appreciated by me as well as those who received the test.

Out of 505 children in school, 409 students received the test.

Mrs. L. G. Kleman, R.N.

School Nurse

— SHS —

constantly on TV that they do not concentrate on words when hearing people talk. Could it possibly work that way as far as the meaning of words is concerned?

I know a few families who are concentrating on words (since the tests) in their homes. They make a game of it; they try to use words that they have not been in the habit of using. They also ask the meaning of seemingly quite familiar words. If the person asked cannot answer correctly, he must pay a penalty—even if he is a parent.

Does a good dictionary have a prominent place in your home? They are being used quite frequently at school, but not nearly enough. These test results may not be as important as they seem to me, but I thought parents should know about them. How did your child rank? Ask him.

Did you notice what Miss (or Mrs. or Mr.) Dooya Read said about words in last week's paper?

— SHS —

Mr. Verden: "Can you give me an example of wasted energy?"

Larry Elms: "Telling a hair raising story to a bald-headed man!"

Homemaking II Class Entertains Parents

from the

Homemaker's Scrapbook

Do you go shopping for gifts in the apparel line for relatives and friends? Carry with you a list of sizes and you'll avoid bothersome and time-consuming exchanges.

A pair of tweezers in the sewing basket makes quick work of removing threads when sewing. If you want very thin slices of liver, freeze it before slicing.

Shopping Hint—When you plan to match fabric or accessories, attach swatches of material or a gutton to your shopping list with cellophane tape. Loose "samples" won't get lost in the depths of your handbag when you're shopping.

You may want to clip the following and put it in your cookbook so it will be at your fingertips at all times.

HOW TO SUBSTITUTE

Cupboard bare of flour, sugar, chocolate, butter or milk? Don't despair. Substitute!

¾ cup of sifted all-purpose flour for 1 cup sifted cake flour.

1½ teaspoons of cornstarch for 1 tablespoon of flour (for thickening)

1 cup of corn syrup and reduce liquid ¼ cup for 1 cup of granulated sugar or use 1¼ cups of brown sugar.

1 cup of molasses equals ½ cup of sugar plus ¼ cup of liquid.

1 cup of honey equals ¾ cup of sugar plus ¼ cup of liquid.

We have tried this recipe in the classroom and we know that it is good.

Double Layer Fudge

2¼ cups sugar, ¼ cup butter or margarine, 1 cup marshmallow creme (5 oz), ¾ cup PET Evaporated Milk, ½ cup semi-sweet chocolate pieces, ½ cup caramel or butterscotch pieces.

In a heavy 2-quart saucepan mix sugar, butter, marshmallow creme and PET Milk. Cool and stir to a full, all-over boil. Mixture will be bubbly all over top.) Boil and stir over medium heat 5 minutes. Take off heat and pour half of mixture into a heatproof bowl. To one-half add chocolate pieces. To other half add caramel pieces. Beat one half until pieces melt. Spread in buttered 9x5-inch or 8-inch square pan. Beat other half until pieces melt and spread over first layer. Decorate with nuts, if desired. Cool and cut into about 24 pieces.

MATH Department News

Jerry Williamson

To the readers of this expose: It is definitely not true that they young men in Algebra II class wear blinders. It is equally not true that Algebra II students are shackled to their desks. It is true that their knowledge of Algebra is somewhat superficial, nevertheless, they forge their way onward through the thought-provoking world of math. The fact that Mr. Hidalgo has all the boys at the front of the room has nothing whatsoever to do with a reluctance to learn (as many have thought), but the fact that every one of the little darlings simply loves algebra and the wonderful world of knowledge. Everyone sits on the edge of his chair while the class is in progress, and never for a minute takes his eyes off Mr. Hidalgo. Sleeping in class is virtually unknown. Although the clock on the wall is generally wrong, it doesn't hinder the progress in Algebra a particle.

We will leave the blissful picture as a happy and prosperous

Algebra II class in your mind burn as an ever-glowing reminder as a reminder to you that not all Algebra classes are perfect—the ones at S.H.S.

— SHS —

T. D. West: "First I got tonsillitis followed by pneumonia and pleidemics. After that I got dionmyelitis, and neuritis. Following that I got erysipelas and himachromatosis. Then I gave me hypodermics and inoculations."

Grade School News

FIRST GRADE

Mrs. Elms

Our room has chosen Lynette Martin and Thomas Self to represent them as Halloween Princess and Prince. This little boy had been working hard on his writing paper. Finally, seeing no improvement in the formation of his letters he remarked, "Mrs. Elms, I just can't seem to change my position."

FIRST GRADE

Mrs. Trout

Our number has now reached thirty-three. We will put the next, we have our "Tip" workbooks, which are new. The minutes we work are not new. We are learning to rite and figure. Although it sometimes makes us fret and stew. Our sick member for one day was invited Mr. Nicky Long. At the next day he was back with a song.

SECOND GRADE

Mrs. Bomar

We lost two of our number this week, which brings us back to twenty-seven. Our workbooks came at last and we are enjoying them along with our new second reader.

SECOND GRADE

Miss Anderson

We have three new pupils in our room this week. They are DeLeon, Gloria Sarmiento and Rolanda Garza. This brings our number to 29. Our new work books have come and we have started work in our second grade reader. The story is about a little boy being detective.

THIRD GRADE

Mrs. Wilmeth

We have plenty of imagination exhibited in our room for we surely thought our T.B. patches hurt, in spite of the fact that Mrs. Kleman said they would not. Guess they have not invented the kind of "stick-um" that would hold on to some of us, since some wiggled these patches off. Yes, we do a lot of wiggling—but that seems to be a part of our routine—"spice of life."

THIRD GRADE

Mrs. Alexander

We are decorating our room for Halloween. We have witches, leaves and owls. We are having our six week's tests. We are learning to use the dictionary. We had our patch test Thursday. Mrs. Kleman checked them Friday.

FOURTH GRADE

Mrs. Childress

This has been a busy week. We had a test in geography and also have made an Indian Village. Our teacher molded us some Indians which we enjoyed painting with our water colors.

FIFTH GRADE

Mrs. Rhode

We welcome Raymon Guerra of Carrizo Springs to our class. In Geography, we read that a tall grass region is called a prairie and a short grass region is called a steppe. One fifth grader who was no doubt teacher-confused, wrote on a test paper—"Regions which grow tall grass are called steps, and regions which grow short grass are short steps."

SIXTH GRADE

Mrs. Turner

The sixth grade now has thirty-nine members. Alan James moved to Meadow this week. Three others have recently joined the class. They are Velma Garcia, Dale Minyard and Linda Kay Offield.

SEVENTH GRADE

Miss Slavik

This week our class also took part in the T.B. patch tests that are being offered by the school. It seemed that some of our football players were having trouble taking care of their patches.

EIGHTH GRADE

Mr. Wilmeth

It surely is hard to write everything about the eighth grade class. For instance, Miss Slavik has made Roy Morrison and Gary Edwards write about three themes for misbehaving, and a few other people have had to write some also. Then in Mr. Verden's class Sandra Kay Watters had to write a three-page theme on "Why I Didn't Have My Science Paper Signed." Then Gary Edwards got tired of sitting down and wanted to stand up, (I guess). Well, anyway, he broke his desk, bue Mr. Wilmeth welded it back, so he still has his desk.

COMMON COURTESY

You'll often find Etiquette problems Are easily solved By being kind.

COMMON COURTESY

The Student Council will put on the assembly program this week. The title of the play is "The Missing Link." The characters are Donna Paine, Ruth Ann Minyard, Jimmy Smith, Jaleta Eddleman, Jerry Martin, Dwight Rampley and Orlen Grabbe. Jerry Lynn wrote some poems and I'll put one of them in:

COMMON COURTESY

You'll often find Etiquette problems Are easily solved By being kind.

Assembly Program

by Celene Lanham

The High School Assembly Program was presented by Carolyn Williams, who is a freshman at Silverton High, her sisters, Sonda and Sue Williams, from Clarendon, and Dale Francis, who is a Junior.

Carolyn, Sue and Sonda sang several songs including three they composed themselves. Dale played the "Piano Roll Blues" and "My Little Grass Shack" on the piano.

Everyone enjoyed the programs. We hope to continue to have entertaining assembly programs throughout the rest of the year.

Winners Listed in 1959 Picture Awards

Governor Price Daniel participated in the opening of the exhibit of the 1959 Conservation Picture Awards at the State Fair of Texas in Dallas on October 9. Joining the Governor in the opening ceremonies was Mayor R. L. Thornton of Dallas, D. A. Childre, President of Great Southwest Life Insurance Company, W. S. Gibbs, President of the Association of Texas Soil Conservation Districts and other leaders in the soil conservation field.

The exhibit consists of fifteen beautiful, enlarged hand colored aerial photographs, showing the conservation measures utilized by the fifteen outstanding soil conservationists in Texas for 1959. The Picture Awards will be open to visitors on each day of the State Fair, which closes on October 25.

These pictures are exhibited each year at the State Fair and at other fairs and expositions in various sections of the State. The purpose of the program is to provide special recognition each year to Texas landowners who have done the best conservation work in their respective areas, to encourage farmers and ranchers to improve the conservation practices on their own lands, and to focus public attention on the importance of soil conservation to the economic welfare of Texas.

It is estimated that by October 25, more than a quarter of a million people will see the pictures. The 1959 winners from our area are James D. Mabry, Friona; Don Anderson, Crosbyton; and D. D. Myrick, Hart.

Life's little puzzle: How two sport experts can see an athletic contest so differently.

You often see grown people act like children, but it is rare to see a child act like an adult.

- Stops power-robbing ping and knock . . . Corrects sticking valve lifters.
- Protects engine from rust, corrosion, sludge, and varnish deposits.
- Longer lasting in hot weather . . . makes quicker starting possible in cold weather.

Chiffon Parfaits—Popular for Fall
 By Betty Barclay

CHIFFON fresh fruit parfaits made with chiffon pie filling mix and sliced fresh or frozen fruit are excellent for fall entertaining. Light and airy, with no cooking necessary, they will delight the guests as well as the hostess.

Chiffon Fresh Fruit Parfaits
 1 package lemon or strawberry chiffon pie filling mix; 1/2 cup boiling water; 1/2 cup cold water; 1/2 cup sugar; 2 cups sliced fresh or frozen fruit.

Place filling mix in a large deep mixing bowl. Add boiling water and mix thoroughly. Add cold water and beat vigorously with rotary beater or at high speed of electric mixer until mixture is very foamy—takes about 1 minute. Add sugar and beat until filling stands in peaks—takes 1 to 3 minutes. Layer in parfait glasses with fruit. Chill about 2 hours. Makes 6 to 8 servings.

Mr. and Mrs. Oather McGowan and son and family, Mr. and Mrs. James McGowan of Amarillo, visited Mr. and Mrs. Bill Watters on Saturday afternoon. Sunday visitors in the Watters home included Mrs. A. F. VanMeter, Sr., Mrs. A. F. VanMeter, Jr. and Jimmie and Mr. and Mrs. Gilbert Carpenter of Quitaque; Mr. and Mrs. B. G. Toler and family of Floydada and Richard Wayne Toler of Lubbock.

Who May Be Baptized

Jesus commanded the apostles to go into all the world and to baptize (Matthew 28:19, 20; Mark 16:16). But how will they know whom to baptize? And how will we know whom not to baptize? What does the Bible teach on this question?

First, no untaught person may be baptized. "Go ye therefore, and teach all nations, baptizing them" (Matthew 28:19). Teaching precedes baptism. One must be taught before he may be scripturally baptized.

Second, no unbeliever may be baptized. "He that believeth and is baptized shall be saved." (Mark 16:16) Believing precedes baptism. One must also believe before he may be scripturally baptized.

Third, no impenitent soul may be baptized. "Repent and be baptized every one of you in the name of Jesus Christ for the remission of sins" (Acts 2:38) Repentance precedes baptism. One must also repent before he may be scripturally baptized.

Fourth, one must confess his faith in Christ before he may be baptized. "With the mouth confession is made unto salvation." (Romans 10:10. See also Acts 8:37). Confession of faith precedes water baptism.

Hence, only those are proper subjects for baptism who have been taught, who believe, who repent and who confess their faith. All who are incapable of being taught and of believing and all who will not repent and confess their faith are not proper subjects for scriptural baptism. All who are proper subjects must be baptized to wash away their alien sins (Acts 22:16; Galatians 3:27).

their independence at San Jacinto. One of the first acts of the new Republic of Texas was to draw up a declaration of its boundaries, fixing three leagues in the Gulf of Mexico, which is now being fought out in the tidelands case, and claiming the Rio Grande to its source in present day Colorado. This gave Texas the eastern half of present New Mexico and a large part of southern Colorado. U. S. Senator Thomas Hart Benton of Missouri voiced Mexico's complaint by saying the Texas boundary was "an act of unparalleled outrage on Mexico."

"It is a seizure of 2,000 miles of her territory without a word of explanation to her," he raged.

Kingpin of Missouri politics, Benton used his rugged strength to fight Texas to the end—his end as it turned out to be.

In the 1844 Congress Benton successfully opposed a treaty that would have admitted Texas to the Union. Six years later he shook Texas and disrupted Congress by introducing a bill to reduce Texas to 150,000 square miles (about the size of Montana) with the right to divide it into two states of 75,000 square miles each.

"This bitter stand on the Texas question eventually defeated Benton after he had served 30 years in the Senate."

Wilson, who has an extensive library on Texas history, likes to quote a description of Benton. "—all the Senate knew that Thomas Hart Benton was a rough and tumble fighter off and on the Senate floor—no longer with pistols but with stinging sarcasm. He himself was immune to the wounds of these political clashes from which his adversaries retired bleeding and broken. For his great ego and vigorous health had him thick skinned mentally as well as physically."

"The leathery quality of his skin was in part the result of daily brushing with a horsehair brush—when asked if the brush was truly rough Benton would roar: 'Why, sir, if I were to touch you with that brush, you would cry murder, sir!'"

The next article will describe how the Federal government bit

off a large chunk of the territory and paid Texas fifteen cents an acre for it.

TAX-MAN SAM SEZ:

Every year the Internal Revenue people are somewhat startled and perhaps a bit amused at the comment, "Well, I guess you folks don't have very much to do now that you have got all caught up with the income tax filing."

Of course, income tax is only one of the many Federal taxes that Internal Revenue enforces, even though it is a big one; however, tax payments and filing deadlines fall throughout the year. There are several tax deadlines in every month of the year. Perhaps the most conclusive proof of Internal Revenue Service can't offer, that taxes are collect on many dates throughout the year besides on April 15, is the figure of \$33,925,591.71 collected from North Texans living in the Dallas District during the month of July.

July is a small collection month. The biggest collection month has run as high as \$173 million in the Dallas District. But January and February are almost bigger tax paying months than April. Any way you look at it, it takes lots of money to run a big country with big problems.

Game Wardens To Make Count Of Waterfowl

AUSTIN, Oct. 15.—Thirty Texas game wardens have volunteered their services to make a waterfowl inventory in Texas, according to Harold Irby and Bob Singleton, waterfowl biologists of the Game and Fish Commission.

Each warden will cover a highway route of 200 miles every 14 days, during the duck season. They will survey all lakes, tanks and ponds within a quarter-mile of each side of the highway they traverse; thus each warden will survey approximately 100 square miles on each day of work.

The route selected for these surveys will be where maximum numbers of water may be found. Wardens also will compile information as to areas of the lake and the time when waterfowl concentration is heaviest.

"This is taking the first step in the direction of preferential hunting seasons," the biologist said. "We will learn where the heaviest concentration are. Then on the basis of our kill reports we can evaluate gun pressure and probably bring about a beneficial adjustment."

IMPORTANT FOR TEXAS CONGRESS OF PARENTS AND TEACHERS

October is an important month in the activities of the Texas Congress of Parents and Teachers. It is membership month. October 15 has been designated P. T. A. Day at the State Fair in Dallas, and the organization observes its 50th birthday, October 19.

Mrs. W. D. deGrassi of Amarillo, state president, will preside during the program at P.T.A. Day in the Hall of State on the Fairgrounds.

The R. O. T. C. of Woodrow Wilson high school will present the colors. After the singing of the national anthem and the pledge of allegiance, Mrs. R. B. Reid of Sherman, second district president, will give the invocation.

Dr. W. T. White, superintendent of Dallas public schools, will bring greetings, and Mrs. Robert Cross of Anson, Congress second vice president, will respond.

Pupils of Lida Hooe elementary school will present the program. After the benediction by Mrs. James Cawthon of Midlothian, president of Dallas county council, a fellowship hour will follow in the Woman's Building, courtesy of the Texas Congress, with Dallas city council acting as host.

The Fair Day Committee is composed of Mrs. Leon S. Price, national chairman of publicity, chairman; Mrs. Jasper Brown, state vice president; Mrs. A. J. Hanawacker, president, Dallas city council; R. H. McKay, assistant superintendent of Dallas public schools and state recording secretary.

The Congress will observe its Golden Jubilee convention in Dallas November 18-20, where it was organized October 19, 1909.

Mrs. Beatrice McKeever of Childress, who has been staying with Mr. and Mrs. U. D. Brown for some time, returned to her home Thursday of last week.

Local News

reported by MRS. CARL CROW

Mr. and Mrs. James Ross Alexander, students at Texas Tech in Lubbock, visited her parents, Mr. and Mrs. Lem Weaver, Tina and Max on Sunday.

Mr. and Mrs. Shafe Weaver, Sharon and Johnny Roy were in Amarillo on Saturday.

Mr. and Mrs. Lynn Rhoderick and Scott of Aiken, were Sunday visitors with Mr. Rhoderick's parents, Mr. and Mrs. James C. Rhoderick.

Mr. and Mrs. L. A. McJimsey spent the week end in Dimmitt with their son and family, Mr. and Mrs. Arthur McJimsey and Sherri Lynn.

Mr. and Mrs. M. C. Holt, of Springdale, Arkansas, spent Saturday here with her sister and family, Mr. and Mrs. O. C. Maples.

Merle J. Montague, of Fort Collins, Colorado, has been a recent week end visitor with his mother, Mrs. Dan Montague, and other relatives.

Mrs. Lee D. Bomar and daughter, Mrs. Guinn Fitzgerald and Nanette spent the week end with relatives in Wichita Falls. They were houseguests of Mr. and Mrs. Donnell Alexander and Donnelly.

Jerry Bingham is attending Lip-pert's Business College in Plainview. He spent the week end here with his mother, Mrs. J. Freeland Bingham and Stevie.

Mr. and Mrs. A. A. Dunnigan returned home on Thursday of last week after a two week visit with relatives down state. They were guests of their daughter and family, Mr. and Mrs. Bryan Jones, in Electra, who took them to Rains County for a visit with J. N. Gilsen, brother of Mrs. Dunnigan, whom she had not seen in ten years. They also visited Mrs. Mattie Hill of Texarkana, sister to Mr. Dunnigan.

Sam Brown and Judy Price, students at Wayland College Plainview, spent Sunday here, guests of Sam's parents, Mr. and Mrs. Roy S. Brown.

Mrs. Neal Watson, of Amarillo, spent from Monday through Thursday of last week here in the home of her parents, Mr. and Mrs. S. R. Thomas.

Mrs. H. S. Crow and son, Virgil Crow, were in Amherst on Thursday of last week to attend the

funeral of her uncle, Hugh Moore, 93.

Mrs. Emma Lee Phewfey, of Long Beach, California, and Mrs. Albert Yake and son, Butch Yake, of Alanreed, were visitors with Mr. and Mrs. L. C. Yates on Tuesday of last week. The ladies are nieces of Mr. Yates.

Mrs. C. S. Trout, Mrs. H. Sanders and Mrs. Inez Lenard and Charles of Mangum, Oklahoma, and Mrs. Silas Crawford, of Wellington, called on Mrs. Alva Trout Sunday afternoon as they were enroute home after having attended a relative's funeral at Muleshoe. Mrs. C. S. Trout, mother-in-law of Mrs. Alva Trout, is mother of Mesdames Sanders and Crawford, grandmother of Mrs. Lenard and great-grandmother of Charles Lenard.

Janet Turner, who teaches in Pampa, spent the week end here with her parents, Mr. and Mrs. Arnold Turner, Jay and Joan.

Mr. and Mrs. Warner Boedeker and Patricia, of Plainview, spent Thursday and Friday with Boedeker's parents, Mr. and Mrs. L. A. Mattheus.

Mr. and Mrs. Chester Strickland and Kay, of Denton, visited Mrs. Strickland's parents, Mr. and Mrs. Will Smithce, Sunday afternoon.

Blanche Newman, Mrs. Viola Newman, Mrs. Rampley and Mrs. L. C. Yates visited Mrs. Grace Martin at Pampa recently. Mrs. Martin is a former resident of Silverton.

The ladies returned to Silverton via Clarendon, where they visited Mrs. Simpson and Mrs. Neese at Inez's Rest Home there. The ladies moved into the new rest home on Monday.

Mr. and Mrs. Fred Gamblin and grand daughter, Sandra Dennis, of Lamesa, spent Friday night with Mr. and Mrs. George Miller, Karen and Pat. Mr. and Mrs. Gamblin are parents of Mrs. Miller.

Joe Tidwell of Munday, and son, Otis (Dutch) Tidwell, of Tulia, visited Mr. and Mrs. T. J. Hodges on Tuesday of last week. Joe Tidwell, and his wife who died recently, and Mr. and Mrs. Hodges were neighbors and close friends at Munday for many years. Joe Tidwell has been visiting his son and family in Tulia for several days.

Jewel Hodges of Lubbock, visit-

ed her parents, Mr. and Mrs. T. J. Hodges, from Saturday through Monday.

Mrs. Bob Turner and her son and family, Mr. and Mrs. Robert Turner and son, of Tulia, visited Mr. and Mrs. S. R. Turner and Mr. and Mrs. J. C. Turner Sunday afternoon. Messrs. S. R. Turner and J. C. Turner are brothers to the late Bob Turner.

Mrs. Ola Long of Clarendon, and her grandson and family, Mr. and Mrs. Rex Long, Mike and Kit, of Alanreed, and Mr. and Mrs. Freeman Tate and Jackie Carol, were Sunday dinner guests of Mr. and Mrs. Dick Bomar, parents of Mrs. Tate and Mrs. Rex Long. The Longs visited Mr. and Mrs. Bud Long, LaJuan and Rocky Curby in the afternoon. Mrs. Ola Long is the mother of Bud Long.

Mrs. J. C. Hill has recently spent several days in Frederick, Oklahoma, with her daughter and family, Dr. and Mrs. M. O. Walls and children.

Mrs. Marie Boatwright of Aspermont, is spending a visit here with her son and family, Mr. and Mrs. Jodie Buckley.

Mrs. Lula Bellinger and daughter, Mrs. Pat L. Northcutt, were in Amarillo on Friday for Mrs. Bellinger's check up on recent surgery.

Mr. and Mrs. Jim Blanks of Whitesboro, arrived Sunday for a visit with their daughter and family, Mr. and Mrs. Jack Estes, Doris and Dewey.

Leah Dare Kellum, a student nurse at Methodist Hospital in Lubbock spent the week end here with her parents, Mr. and Mrs. Allen Kellum.

Mrs. Bob Baird and Mrs. Nash Blasengame of Clarendon, and Mrs. Erma Piercy of Turkey, were luncheon guests of Mr. and Mrs. Dean Allard one day last week.

Mr. and Mrs. T. S. Stevenson of Canyon, visited Mrs. Minnie Stevenson Sunday afternoon.

Mrs. A. G. Stevenson is visiting her daughter, Gloria June Stevenson, in San Francisco, California. Miss Stevenson, who grew up here, a graduate of the School of Nursing in the Methodist Hospital in Lubbock, has been employed in the City-County Hospital in San Francisco for the past three years.

Mesdames R. M. Hill, Clyde Lightsey, George Seaney and C. O. Allard visited Mrs. Jeff Simpson and Mrs. J. T. Neese in the Inez Rest Home in Clarendon on Wednesday of last week. The Home has recently moved into new quar-

ters and the ladies are well pleased and comfortably situated there. Mrs. Simpson is improving from a hip injury. Mrs. Neese is now the receptionist for the home and enjoys her work.

Mrs. H. S. Crow visited Mrs. B. D. Fanning, Sr. and Miss Ida Griggs in Plainview on Wednesday of last week. The ladies are sisters. Mrs. Fanning, a former Silverton resident, has been ill, but was better.

Mmes. R. M. Hill, Gabe Garrison, E. Posey, Clyde Lightsey and D. T. Northcutt attended the flower show in Tulia Saturday afternoon.

T.B. Patch Testing Nearing Completion

Mrs. L. G. Klemm, R. N., the Silvertown Public School Nurse reports that after more T.B. Patches were administered on Monday of this week, the total number of students and teachers who received the test totaled four hundred-fifty. The total number of students enrolled in school this year is five hundred-fifty, and because the demand has exceeded the supply, more of the T.B. Patches have been ordered. It is hoped that 100% of the school students and teachers will receive the test by the completion of this project, which is being sponsored by the Century of Progress Study Club of Silvertown. The test is being given free of charge to all students who furnish the school nurse with the written permission of a parent or guardian.

Shown above is Mrs. Klemm as she applies a patch to the arm of first-grader, Max Rodela, who throughout the entire operation was not too happy about the project.

Farmers Union To Have Guest Speaker

Mr. Clois Wayne Kemper of Tulia, will speak and show color slides made in Germany, Italy and Holland at a Farmers Union meeting Monday night, October 19, at 8:00 p.m. at the Methodist Church. Resolutions will be adopted. Refreshments of cookies, coffee and cocoa will be served.

Little Owls Beat Quitaque Team

In a very chilly game on Tuesday night of this week, Silvertown's Little (Jr. High) Owls were able to break into the winning column by downing the Quitaque Jr. High team by a score of 22-14. Silvertown scored six points in the first quarter, but failed to convert. They came back for pay dirt again in the second quarter and successfully converted for two extra points. In the fourth quarter, they repeated this feat. Scorers for the Owls were Freddie Stafford, Gary Hunt, Max Garrison and Jerry Stephens.

The winning of this game gives the Little Owls a 1-2 season record. Some of the games have been called off due to our having bad weather. In the season opener with Happy, the Owls were unable to score and went down by a 14-0 margin. Hale Center also racked up more points to win over the Little Owls in their second game of the season, but Larry McWilliams snatched a Hale Center pass and ran for a Silvertown tally to keep the Owls in the scoring column, 14-6. The next game of the Little

Local Chapter of Cancer Society Has Meeting

The local chapter of the American Cancer Society met in the Briscoe County Court House on October 12. Robert Preston, District Representative of Lubbock, Texas, was present to meet with newly appointed officers: Mrs. W. E. Schott, Jr. — Chairman; Mrs. Fred Mercer, — Education Chairman; Mrs. Dee McWilliams, — Service Chairman; Mrs. Arnold Brown, — Assistant Education Chairman.

New materials are available to the chapter for distribution to the public. Mrs. Dee McWilliams is available for information to anyone needing home service for patients. If there are patients in the county who need assistance, the family should contact Mrs. McWilliams. There is no end to the list of free equipment available through the society, including hospital beds, bandages, sick room equipment, suction machines, etc.

At an early date, these members and volunteers will make bandages for disposition to the Lubbock office where our materials are distributed. The film, "Time and Two Women" will be shown at an early date. All women are urged to watch for the date of this showing and to make plans to attend. Anyone interested in the Cancer Society is invited to attend and be a member of the monthly meeting. These meetings are held on the first Monday of each month at 4:00 p.m. in the Club Room at the Court House.

Mother Nature Gives Farmers A Hand

by Robert Ledbetter
Agricultural Extension Agent
An interesting conversation piece in many farmer's minds and discussions this week has been: was it a frost that caused so much of the cotton to look like it had been defoliated, or was it something else? A first view and decision would indicate a frost, but further examination and consideration strongly indicates that something else caused this phenomenon. Evidence that would support such a theory is pretty common. First it is over a wide scope of territory. When the County Agent and Lem Weaver were at the Texas Experiment Station at Lubbock last Thursday, it was showing up there and all around Lubbock. This has been the case in Briscoe County as well. Dryland cotton at the Experiment Station beside irrigated cotton was showing drying effects, while irrigated cotton beside it showed none. This indicates that it was not a frost. Here in Briscoe at locations above and below the Cap, some plants, ones that were by themselves and had not been in severe moisture stress, are not showing nearly so marked an effect as other plants in the stand.

RECHARGE WELL AND BENCH LEVELLING PROJECTS UNDERWAY AT HIGH PLAINS

Visitors to the High Plains Research Foundation at Halfway have a keen interest in the recharge well and the bench leveling research projects under way. Mr. James Valliant, assistant water engineer at the foundation, reports a total of 77.2 acre-feet of water recharged to date in 1959. Irrigation water can be valued at \$65. per acre-foot applied to cotton, which would mean that the recharge water is worth approximately \$5,000. This is more than half the total initial cost of the recharge well. This recharged water was from approximately 7 inches of rainfall between June 2 and July 16 and tail water from surrounding acreage up to September 12. Plans for 1960 include a filter system to study the effect of silt removal on recharging. Land now in lake bed will be put into cultivation since it can now be drained of rainfall runoff and tail water.

Owl season is scheduled for tonight here on the Silvertown field. We know they would appreciate having as many of the fans there as possible to cheer them on to victory number two!

Turks Take Owls

The Owls received the Turk's opening kick in last Friday night's non-conference tilt and fumbled the ball. It was immediately scooped up by Silvertown's Jerry Patton, who raced ninety-five yards back up field for a touchdown in the opening seconds of the ball game, leaving many of the spectators stunned and gaping. The conversion attempt failed, and Silvertown led by a score of 6-0 over Turkey. Silvertown's glory was short-lived, however, because nine plays and three first downs later, Turkey's Jerry Weatherly zoomed for pay dirt and Conroy Lacy passed for the extra point to lead the Owls by an 8-6 margin.

Turkey kicked to Silvertown, who promptly gave the ball back on a well-executed fumble play, and two plays later, Weatherly scampered over for six points more. In the second quarter, Weatherly repeated earlier performances and raised the score to 20-6, (raising his personal score to 42 points in the last two games) favoring the hosting Turks. There the score remained at halftime. The Owls were able to hold Turkey to a scoreless third quarter, but very early in the fourth quarter, the Turks broke loose for the Owl's nest again. The final tally was Turkey 34-Silvertown 6.

Unofficial statistics for the game indicate that while badly outplaying the Owls, the Turks racked up only ten first downs, to the Owl's eight. In the passing department, Turkey attempted four and completed three of them; Silvertown attempted four, completed one and had one intercepted. In the fumble department, Turkey fumbled five times and Silvertown recovered all of them. Silvertown fumbled three times, recovered two of them and had one of them stolen by the Turks. Silvertown received two penalties one for being off side and one for delay of the game, for a total of ten yards, while Turkey received two, one for being off side and one for clipping, for a total of twenty yards. The game appeared to be a good clean one, for which both teams are congratulated.

The "Little Red" freshman and sophomore second-stringers were able to rack up four first downs in the fourth quarter, with Johnny Jowell, Van Breedlove and Rusty Whitfill getting in on several of the plays. Old faithful ball-carriers besides the hero of the evening, Jerry Patton, were Stafford, Brown and the West boys. Joe Anderson and Charles Cowart were in on most of the defensive plays.

Tomorrow night we open conference play with Crosbyton at Crosbyton. It is hoped that the Owls will be able to make a better showing at that time and surprise the area writers who at this stage in the game are picking "anyone" over Silvertown. We maintain our confidence in the Owls. We know they CAN do it if they put all eleven minds to the task at hand.

Helicopter Aids Fort Carson Evacuation

FORT CARSON, Colo. —The combination of a nearby helicopter and the quick thinking of two NCO's resulted in the quick removal of an injured Fort Carson man to the Carson Army Hospital. SP5 Thomas Youngblood Jr. in a field maneuver in an isolated section of the mountain post, was injured in a jeep accident and lost consciousness. MSgt. Fred Sloan, Jr. nearby at the time, saw a helicopter practicing forced landings some

TRAILER OWNERS SHOULD HEED TRAILER REGISTRATION REQUIREMENTS

Mr. and Mrs. W. A. Holt, Mr. and Mrs. J. A. Ziegler, Mr. and Mrs. Ronald Kitchens, Silvertown, and Mrs. Larnce McCain and Mrs. Charlie George, of Tulia, attended the funeral of Glen Seay in Dallas Monday afternoon. Mr. Seay, brother of Mmes. Holt and Seay, formerly lived here. Johnny Lanham, County Tax Assessor-Collector predicts that there will be a lot of frustrated trailer owners next February and March when re-registration of motor vehicles is due. By the terms of a new law, trailers over 4000 pounds will have to have certificates of title for the first time. Titles can be obtained now while there is still time to meet certain requirements regarding proof of ownership and serial numbers. February and March will be a very poor time for handling this new requirement.

Toni Rhode
1959-60 Editor of Owl's Hoot

Selected to serve as the 1959-60 editor of the OWL'S HOOT is Miss Toni Rhode, daughter of Mr. and Mrs. Carman G. Rhode. Toni is a senior student at Silvertown High School and has accumulated quite a collection of achievements during her school career. As a freshman, she was Class Favorite and Secretary-Treasurer of her class. During her sophomore year she was selected by the student body as Best All-Around girl and continued to serve her class as Secretary-Treasurer. She was basketball manager that year also. During Toni's junior year, she filled the position of cheerleader, represented her class in Student Council and served the council as Treasurer. She was FHA President and Class President. This year Toni continues her duties as cheerleader and Student Council Treasurer, while acting as custodian of the FHA funds and assuming annual staff duties as well.

Toni is a busy young lady, but maintains a high scholastic standing as well. We point with pride to her as an example of today's youth and look forward to noting her future successes.

distance away. Driving to the 'copter, Sloan asked the pilot to evacuate the injured man. The pilot agreed and tuned his radio to the infantry frequency. At the accident site SFC Robert L. Stack (son-in-law of Mr. and Mrs. Bob McDaniel, Sr., of Silvertown) also was busy. He had all men around him form a wind direction panel, using their white tee shirts. Directed by Sloan, the 'copter took off in the general direction of the accident and was guided to the exact spot by radio directions from Stack. The makeshift wind panel helped him pick up the injured man. Six minutes later the helicopter settled on the hospital landing pad where an ambulance crew took over the job of getting the man to medical aid.

TRAILER OWNERS SHOULD HEED TRAILER REGISTRATION REQUIREMENTS

Mr. and Mrs. W. A. Holt, Mr. and Mrs. J. A. Ziegler, Mr. and Mrs. Ronald Kitchens, Silvertown, and Mrs. Larnce McCain and Mrs. Charlie George, of Tulia, attended the funeral of Glen Seay in Dallas Monday afternoon. Mr. Seay, brother of Mmes. Holt and Seay, formerly lived here. Johnny Lanham, County Tax Assessor-Collector predicts that there will be a lot of frustrated trailer owners next February and March when re-registration of motor vehicles is due. By the terms of a new law, trailers over 4000 pounds will have to have certificates of title for the first time. Titles can be obtained now while there is still time to meet certain requirements regarding proof of ownership and serial numbers. TO COMPLETE ADVANCED ARMY TRAINING

Pvt. George R. Colvin, Jr., whose parents live in Quitaque, is scheduled to complete eight weeks of advanced individual training on Oct. 29 at the Air Defense Center, Fort Bliss, Texas.

Colvin is being trained as a Nike-Ajax guided missile crewman.

He entered the Army last June and completed basic combat training at Fort Hood, Texas.

A 1954 graduate of Turkey High School, Colvin attended Howard County Junior College, Big Spring, and was employed at Big Spring State Hospital before entering the Army. His wife, Nelda, lives in Gail.

Mr. and Mrs. Q. D. Beevil and Mr. and Mrs. Edwin Bice spent the past week in Colorado.

CARD OF THANKS

We wish to express our appreciation for the concern, phone calls, cards and gifts after my accident.

I am recovering and am looking forward to seeing my friends at school next semester.

Why we built two cars for 1960 . . . as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new

feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrift, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a six-passenger compact car, with a really remarkable performance . . . a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long . . . and that leaves a lot more room for passengers.

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great struc-

tural strength . . . it's a welded unit that is virtually rattle-free.

The ride is fantastic. But to get it we had to design independent suspension at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's . . . take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.

See all the new Chevrolets October 2 at your local authorized Chevrolet dealer's
