## All Around the Town

by Mary Ann Sarchet

It may be true that "you can't judge a book by its cover," but nevertheless, being human, we all like to get a quick opinion on the contents of the book after looking at its cover.

The cover on the book, the definition of a town reflects civic pride and moral standard of the citizens of a community to maintain in their daily lives.

Clean town leads to clean healthy minds and a more beautiful progressive community to live.

Organization in the community should undertake improvement projects to achieve and maintain. Generally, the churches, public buildings and schools in a community are expected to be the cleanest spots in town. These should receive first attention.

Business and property owners along the highway should be engaged to and assisted in keeping their property beautiful. Most towns people get their first impression of Silvertown passing through on the highway.

C. R. BADGETT

## DEATH CLAIMS LONG TIME BRISCOE COUNTY RESIDENT, C. R. BADGETT

Funeral services for C. R. Badgett were conducted in the First Baptist Church of Silvertown at 2:00 p.m. Wednesday, April 20. The Rev. G. A. Elrod, pastor, officiated and was assisted by the Rev. Frank Story, pastor of the Silvertown Methodist Church.

Claude Ray Badgett was born in Kentuckytown, Grayson County, Texas, on January 27, 1881. He passed from this life at 1:45 a.m. Monday, April 18, 1960, in a Plainview Hospital where he had been a patient since suffering a heart attack the previous Friday. He was 79 years, 2 months and 26 days of age.

He was the son of the late Royal Badgett, of Oxford, North Carolina, and Marybell Wakefield, of Bowling Green, Kentucky. After the death of his wife, Royal Badgett moved with his children to Memphis, Texas, in the late 1880's where he served as County Attorney for several years. Claude R. Badgett lived with his father at Memphis for several years, then began working in a drug store with his brother-in-law in Bells, Texas, at the age of thirteen. He had been a registered pharmacist since early manhood, and never worked a day in his life at any other profession.

He was married to Miss Annie Bell Bowie, of Colgate, Oklahoma, on April 16, 1902. They observed their 58th wedding anniversary last Saturday. They began their married life in Bells, Texas, where they owned and operated a drug store for twenty-eight years. He has been a member of the Methodist Church since a young man and was a steward in the church for many years. He was a Mason.

Mr. Badgett was active in all civic and church affairs. He was president of the Bells Bank and president of the Bells Board of School Trustees for twenty-five years. He ever had the interests of others at heart.

He was a kind and loving father and companion; a generous provider and a sympathetic advisor and counselor for those in need or distress. The Badgett home was always a favorite gathering place for the friends of their children and grandchildren and all were welcomed without consideration of their parent's creed or standing in the community.

Mr. Badgett was a lover of all sports and especially enjoyed fishing and hunting.

The Badgetts moved to Quitaque

## Silvertown Boy Involved In Automobile Accident

A car driven by Calvin Shelton of Silvertown was involved in an accident with a pickup driven by Walter Boedecker, 59, of the Providence Community north of Lockney at about 6:00 p.m. Sunday.

## ASC Lists Information On Price Support

Price support in excess of 50,000 may not be extended to any person on the 1960 production of any agricultural commodity declared by the Secretary to be in surplus supply unless (a) such person shall reduce his production of the commodity from that which he produced the preceding year by at least 20 per cent, or (b) such person shall agree to repay all amounts advanced in excess of \$50,000 for such commodity within the twelve month period from the date of the advance or at such later date as the Secretary may determine.

These provisions apply severally to the 1960 crops of cotton, wheat, barley, rye, corn, grain sorghums, and peanuts.

For the purpose of applying the \$50,000 limitation on the amount of nonrecourse price support which may be received by any person for any one commodity, there are rules and regulations to be applied to determine whether certain individuals or legal entities engaged in the production of a commodity as landowners, landlords, tenants, or sharecroppers, are to be treated as one person or as separate persons and for the purpose of determining the acreage reduction required for exemption from the limitation. Briefly, here are some of the things to be considered when making this determination.

1. A "person" shall mean an individual, partnership, firm, joint stock company, corporation, association, trust, estate, or other legal entity, or a state, political subdivision of a state, or any agency thereof.
2. A partnership shall be considered as one person.
3. A corporation shall be considered as one person and an individual stockholder may be considered a separate person when engaged in the production of the crop as a separate producer, except that a corporation in which all or substantially all of the stock (90 per cent or more) is owned by an individual, shall not be considered as a separate person.
4. The formation of a corporation or partnership on or after July 8, 1959, shall not be permitted to

increase, either directly or indirectly, the amount of nonrecourse price support which such person would have been eligible to receive in the absence of such action.

5. A wife shall not be considered as a person separate from her husband except to the extent of her interest as a separate producer on a farm owned, in whole or in part, by her as a separate estate provided, that the husband takes no part in or owns no interest in any portion of the production on such farm.
6. Individuals related by blood or marriage or adoption (other than husband and wife) who are engaged in the production of a crop on the same farm may be considered as separate producers only to the extent that such individuals operated as separate producers in 1959 on such farm.
7. Any transfer (other than by succession upon death) on or after July 8, 1959, to minor children or from husband to wife or wife to husband shall be presumed for the purpose of evading the limitation.
8. Any transfer, division, sale, lease, or other arrangement, which is not legally binding as between the parties thereto shall not be permitted to have the effect of evading the \$50,000 limitation.

Any person who, on the basis of a reduction in his production, desires to qualify for an exemption from the \$50,000 limitation shall file an application for such exemption. Applications must be filed before the harvest in time for the 1960 acreage to be determined and in no event later than October 1, 1960.

In order to qualify for the exemption, the applicant must reduce his 1960 acreage of the commodity not less than 20 per cent below his 1959 acreage taking into consideration the farms specified in the regulations on which the applicant shared in the production of the commodity in 1959.

If you have reason to believe you may be affected by the \$50,000 limitation, please contact the Briscoe County ASC office for further information.

## Highway Patrol Reports On County Accidents

The Highway Patrol Service of the Texas Department of Public Safety investigated two rural traffic accidents in Briscoe County during the month of March according to Sergeant O. R. Dowdy.

In making this announcement, the Sergeant reported a total property damage of \$1,045 with three persons injured and none killed.

This brings the total for the year in Briscoe County to five persons injured, none killed, in accidents causing property damage of approximately \$4,935.00.

The Highway Patrol Supervisor pointed out that the motoring public can improve a traffic record by doing two things - drive defensively and always be alert.

"In driving defensively we help the other driver to not only save his life, but help him to save our own lives," he concluded.

## Board of Review Qualifies Scouts For Advancement

Monday night, April 11, the local Boy Scout Troop No. 62, held a Board of Review and qualified four Scouts for advancement. They are Rocky Curby, to second class scout Larry McWilliams, to first class Jimmy Smith, to star scout; and Dick Reid, to star scout.

We are proud of these boys' work in the troop.

At the regular meeting held on Monday night, boys were elected to fill these positions: Troop Quartermaster-Alan Thomas; Junior Assistant Scoutmaster-Dale Rowell; and Troop Scribe-Rocky Curby.

On Friday afternoon, April 1, Troop 62 took its third overnight camping trip for this year. A contest was held to determine which patrol was the cleaner, more Scout-like camper. There was a tie between the Buffaloes and the Eagles. There is to be an extra camp for the winners.

On April 22 and 23 the Haynes District Camp will be held at Camp Haynes. Friday night the parents are invited for the campfire from 8:00 to 9:00 p.m.

Saturday there will be four contests between the troops; Knot Tying, Signaling, Compass Reading, and Fire Building. The awards will be given Saturday afternoon.

never forget that sentence. I got older, I began to think of kindness as things that loaned to me - not given - to pass on."

Have you ever been in an auto accident? A dozen people never saw before, people whose lives touched you only at that point, rushed to your aid. When you were sick, or taking a wrong road, and strangers helped you. A kind word, an expression of appreciation, often from a total stranger, heartens us because the chances are never seen again. The only way we can pay back the debt is to pass the kindness along. Hoarded kindness, hoarded bread, becomes mold and spoils. A kind act is money - it is made for circulation - pass it on!

## Census Counters Find Odd Things

WASHINGTON (AP)—The 170,000 Americans who are taking the 1960 census are traveling an estimated 25 million miles — the equivalent of 1,000 trips around the world.

While most of the mileage is by auto, the enumerators are doing plenty of walking on their visits to an estimated 55 million households. What's more, just about everything that can happen is happening to them.

Census takers are walking in on births, deaths, and family quarrels, dealing with proposals of marriage, helping housewives hang out the wash and joining bucket brigades to fight neighborhood fires.

They are finding people living in converted chicken houses, tin huts, old boxcars, caverns, packing crates, mine tunnels, barn lofts and old street cars.

Much the same thing happened during the taking of the 1950 census, which produced these odd experiences:

One enumerator found a family that raised pigeons that were given the freedom of the house. He took the census while a traveling evangelist knelt in prayer for him, with birds swooping overhead.

Another came upon eight people living in a windowless, one-room apartment which nevertheless boasted a television set.

A special problem was presented by a young man who was chauffeur during the week, clerked in his mother's store on Sunday, went to night school four evenings a week and manufactured toys in his spare time. The enumerator couldn't decide the man's occupation.

One census taker watched a wife throw a table lamp at her husband then dash toward a third-story window with every intention of leaping to the street.

The enumerator intervened, only to get a tongue lashing from the husband for grabbing instead of pushing.

All of this for piecework pay that averages \$12 a day, if the census taker is a diligent worker.

Lee Deavenport attended a community singing at Lone Star Sunday afternoon. He reports a very good singing and an unusually large crowd of young folks in attendance.

If the speaker is ignorant of his subject before he tackles it, you can just about bet your bottom dollar that both he and his audience will still be befuddled when it is over.

A friend of mine was telling about a speaker whom he had heard recently. He gave his subject, read his text, and admitted that he knew nothing about it.

For almost an hour he proceeded to try and prove his point; not his text, not his subject, but the fact that he knew nothing about the subject.

Not long ago we heard a preacher say that when he knew what was going to say, he could give a sermon in 30 minutes, but when he didn't, then it would always take an hour.

Another preacher uses this prayer often: "Lord, fill my mind with worthwhile stuff... nudge me hard when I've napped."

It is not always the loudest sermon that is heard the best.

A loaded truck makes less noise than an empty one.

A good speech is like a pie. You need two crusts, the introduction and then a good ending. Also, a good pie, we need some juicy in between.

I always feel sorry for the preacher when he has trouble getting started, sorry for the audience when he has trouble getting a-

### No SS Payments for Bad Colds, Sore Toes

In order to receive social security benefits, only those are eligible who have a permanent disability—that is a disability which is so severe that it prevents doing any substantial gainful work.

Hal Geldon, District Manager of the Amarillo Social Security Office emphasized, "The disability which the claimant has must be a condition which is expected to last indefinitely and one which will not likely improve with time or medical treatment."

Many people believe that the social security disability payment is a "stop-gap" income on which they can depend until they are well enough to return to work. Geldon stressed that such a provision is not a part of the social security law.

"Rather," he said, "social security benefits are intended to provide some relief from loss of income due to a permanent disability." If the disabling condition will improve with time; or with medical treatment; or if the claimant can work at a job that is less demanding than his usual work, he will not be considered to be disabled under the social security law, and should not count on receiving disability benefits.

By RUDY EVANS

The aroma of the fishing season has engulfed itself in the nostrils of every angler from coast to coast. At ease men, there is still time to get your fishing tackle in shape.

If your tackle box has been sitting on a shelf in the garage or in a damp place in your basement you can be sure that it needs some attention, says the Evinrude Boating Foundation.

When cleaning your tackle box be sure to use a commercial cleaner. Gasoline is also an effective cleaner, however it is highly inflammable and dangerous to use. A commercial metal cleaner will do the job safely and effectively.

Rusty or oxidized spoons may be cleaned with metal cleaner. I opened my tackle box the other day and found two of my spoons pretty well tarnished. I used a little car polish because it was the only thing available at the time. If rust spots remain after the metal cleaner is used then try a pencil eraser... it does wonders.

Wooden plugs can be put in shape with a little paint and a paint brush. Fingernail polish also does a real good job of things. If your hooks need sharpening use a piece of fine sandpaper or emery cloth.

Fly and bucktails will be as good as new after a good steaming. Use a fan or hair drier to dry them. Now take a look and see if the hooks need to be honed.

If you have trouble with the solution of pork brine like I did, pick up a few plastic bottles from a drug or variety store. The brine won't leak and you won't have to worry about rusted bottle covers. Small plastic bottles are also good for hooks, sinkers and other small pieces of metal.

Check your fly, casting or spinning line. Replace it if it shows signs of wear. Clean and lubricate your reel, and above all make sure that it's in good condition.

Replace all damaged rod guides. A worn guide will cut or damage a new line. Also check the windings on your rod to see that they are not coming loose.

These are the things that I've been doing for the past several years and have found them very satisfactory in getting my gear in shape. Take this advice and do a good job and your fishing fun won't be marred with last minute preparations. Happy boating... and fishing, too.

Mr. and Mrs. W. L. Vardell, Rita and Kay of Clovis, spent Sunday here with relatives. Mrs. Vardell's mother, Mrs. John Vaughan, returned home with them for a visit.

Mr. and Mrs. J. J. Vardell and Mr. and Mrs. Riley Yates spent Sunday with Mr. and Mrs. Hilton Vardell in Tulia. The J. J. Vardells are parents of Mrs. Yates and Hilton.

### Our Gal Sal Says Try a Little Concentration

With all the spring cleaning lotions and potions the housewife has picked up some foolhardy notions. She feels that to do a job really thorough she must lug a load that would challenge a burro. Of cleansers you rub on, you spray on or pour, and each does one job and not a thing more. Now what's the result of such specialization? Back aches, stiffness and devitalization.

But how can you clean without being a pack horse? Simple, my dears! Where there's a will there's a course. Buy sal soda concentrated next time you shop—In solution you'll use it with brush, sponge or mop. Or you'll use it to scour with, applying it dry. And you'll wind up your cleaning unhaggard and spry. For this single pound box saves you pep, dough and time. In your annual battle 'gainst dust, grease and grime.

Every Freshman comes into high school with high hopes of wearing a school jacket with a letter to represent the school and his contribution to it. The hope dies often as the student realizes that he or she is not athletic enough to letter in one of the sports.

I offer for your approval a plan whereby you too can wear an 'S' that you have won by being of service to your school. Let's call it an Achievement Award, because it will mean just that. To earn this, a student must garner 200 points; an ambitious one might do that in one year. The letter would point out a student as being a Best All Around student with scholarship, leadership and athletic abilities. Other schools over the state have found that plans similar to this have been accepted enthusiastically by their students.

Here is a suggested point plan:

Grades	A 7 points
	A 5 points
	A- 3 points
Interscholastic League:	
Home Winner	10 points
District	30 points
Regional	50 points
State	100 points
Future Homemakers of America:	
Junior Degree	3 points
Chapter Degree	10 points
State Degree	50 points
Future Farmers of America:	
Greenhand Degree	10 points
Chapter Degree	30 points
State Degree	50 points
American	100 points
Junior and Senior or One Act Play:	
Leading Role	10 points
Supporting	5 points
Between Acts	3 points
Class President	25 points
Class Secretary	5 points
President of Student Council	50 points
President FFA or FHA	30 points
Annual Staff Editor	50 points
Assistant Editor	20 points
Business Manager	20 points
Paper Editor	50 points
Assistant Editor	20 points
Band and Twirlers	25 points
Cheerleaders	25 points
Betty Crocker	30 points
Soil Conservation Award	20 points
Valedictorian	75 points
Salutatorian	50 points
Sports Letter	10 points

Think it over students! There is work enough to winning this award that it will not be either given nor lightly received. It is too late for us as Seniors, but I wish this plan had been received in effect for the Class of '60 to take advantage of its opportunities. I, and I am sure that other loyal SHS Seniors join me, would have liked to have had the chance to work for this honor. I would have considered it the highest moment of my high school days if I could have worked and won my own jacket with its achievement 'S'.

## Sophomore Class News

by Robert Hughes

There is really very little which can be called "Sophomore News". Through no fault of our own, we haven't been able to do anything this year but make money.

Take for example our last class meeting. It was suggested, for about the fifth time, that our class have a bowling party. Everyone was heartily in favor of the suggestion and at once a date was proposed, the 12th of April. No, we couldn't go then; the Sophomore girls were serving the seniors that night at the Baptist Church. Then the 14th was suggested. We could not go then; Mr. Mayfield was very inconsiderately getting married that afternoon. Friday the 15th and Monday the 18th were suggested. They were both out because someone on the school board had slipped a cog and we weren't to have school either of those two days. One can see how it might go on. We finally stopped trying.

The Sophomore Class bought three slaves in the Slave Sale on Friday. Mr. Verden was a lemon. We didn't get our money's worth out of him. Mrs. Redin was a better choice. We had a coke party Monday as her penalty. Mrs. Miller was a fine slave. She served dinner to the Sophomore Class Tuesday during the lunch period. Everyone who ate chipped in and bought the materials to make chili burgers. She also served tea, potato chips, fritoes and strawberry shortcake. The whole class wishes to express its thanks to Mrs. Miller for preparing the fine meal.

feeds the flame. However, in outer space where there may be little or no gravity, the carbon dioxide would stay near the top of the tube and quickly suffocate the flame. Therefore, the candle on Earth would stay lit longer than the candle in space.

Mr. and Mrs. W. E. Autry were called to Pilot Point, Texas, last Tuesday, due to the critical illness of her brother, Mr. John W.

## Homemaker's Scrapbook

Make a handsome serving tray by using old playing cards. Cover tray's surface with cards and shellac.

When pressing a lace dress or handkerchief, cover with a cloth to prevent the point of the iron from breaking threads or catching the net.

Use a small peanut butter jar or a plastic container to carry canned fruit or a cottage cheese salad as part of your school lunch.

Place a fragrant bar of soap in the drawer in which you keep your "invisible wardrobe." Your undies will always smell fresh and sweet.

## TWENTY-THIRD PSALM

Modern Version borrowed

Mrs. Rampley is my typing teacher I shall not pass

She maketh me do strange things before the class  
She leadeth me into the class of keys

She confuseth my fingers  
Yea, though I type all hour, I shall not type any faster

For thou art with me: Robert Hughes and Ann Wingo,  
They pester me,

She placeth a timed writing before me in the presence of my classmates.

She annointest it with F's.  
My fingers breaketh in two.  
Surely stubbornness and rheumatism

Shall follow my fingers all the days of my life,  
And I shall dwell in Typing I forever.

## ENGLISH Department News

Toni Rhoad and Bobby Kitchens are spending more time than usual reading poetry; Robert Hughes uses his spare time making extemporaneous speeches; Robert Rhoad, Declaiming. These activities are in preparation for the regional contests in Lubbock April 23.

Six weeks tests brought sorrow to a few students and joy to some, but most of the students seemed to think of them as just another task that had to be done.

The spring season makes all of us feel as Richard Le Gallienne expressed in his poem "I Meant to Do My Work Today."

I meant to do my work today—  
But a brown bird sang in the apple tree,  
And a butterfly fluttered across the field,  
And all the leaves were calling me.

And the wind went sighing over the land,  
Tossing the grasses to and fro,  
And a rainbow held out its shining hand—  
So what could I do but laugh and go?

Tomberlin. Mr. Tomberlin passed away Wednesday, April 13, in a Denton hospital. Interment was in the Masonic cemetery in Pilot Point on Thursday.

Mr. and Mrs. Royce Vaughan and family were guests in the home of her parents, Mr. and Mrs. W. E. Autry on Easter Sunday.

Marjorie Autry who is attending Hardin-Simmons University, spent the Easter holidays in the home of her parents Mr. and Mrs. W. E. Autry. Mrs. Autry and Mrs. H. P. Howard took Marjorie back to Abilene, on Monday.

J. J. Vardell entered the Lockney Hospital Monday morning for a checkup and treatment. He expected to be there for only a few days.

## SENIOR GIRL OF THE WEEK

Glenda is the daughter of Mr. and Mrs. Glenn McWilliams. She was born on June 3, 1942. She has blue eyes, dark brown hair, and is 5'6" tall.

Her plans for the future are indefinite at the present. She thinks she may attend business school or beauty school.

Glenda has been a member of the FHA Chapter four years and she was the Treasurer in 1958-59. In 1957-58 she was a member of the Drama Club and was in the Junior Play. She has been in the Pep Club for four years. This year she was one of the girls' basketball managers. She was on the Annual Staff two years and in 1958-59 she was the assistant editor. She was a runner-up for Lions Club Queen this year.

To be runner up for Lions Queen, a girl must have charm, good manners, a sense of humor, and a good personality—these are not hard for Glenda McWilliams.

Mr. and Mrs. C. R. Lindsey, Teri and Jeri, of Abilene, spent the week end with Rev. and Mrs. G. A. Elrod, her parents.

Mrs. Bethel Palmer has recently gone to Happy, where she is employed.

Later the same evening in the same setting.	
ACT THREE:	
Immediately following in the same scene with thunder rolling and lightning flashing.	

The Seniors hope that all of you are planning to attend our play tonight at 7:00 p.m. The play is a fast-moving, hilarious and suspenseful tale about an amateur theatrical group, who try to convince a potential television sponsor of their abilities, by acting out a riotous mystery play in such a way that the sponsor thinks all the weird happenings are real.

It all takes place in an old, tumble-down farmhouse, which is situated beside the main, cross-country highway in the backwoods of the Southern mountains. The house has recently been inherited by Richard Karl, a young man who works for the advertising firm

which represents the potential sponsor. When he finds out that the president of the firm, Mrs. Irene Yates, wants him to drive her and her teen-age daughter, Marion, up to a mountain resort—and that they will have to pass right by his "inheritance,"—that's when things really start happening in a big way! Nobody knows that a couple of mountain characters by the names of Zeke Skitter and Cinny Lou Boggs have previously broken into the house to look for a "jewel of a great price" which they believe is hidden there.

Be on hand for an evening of laughs. Prices are 35c for students in 6th grade and down and 70c for 7th grade and up.

## FIRST GRADE Mrs. Trout

Easter is in the most wonderful, joyful season of the year. New life is abundant here, and around us everywhere.

It seems that Christ's resurrection came at the opportune time. Helping each of us to look upward and feel sublime.

We presented our program of songs, readings, rhythms and a play.

Celebrating this Easter season, honoring Christ, in our small way.

Just how much this preparation has helped us we can not say. Here's hoping it has at least caused each of us to pray.

Now, let us all pray for God's will to be sought and done.

Let us thank him for his mercy and only begotten son.

Our government is in need of alertness and prayer today.

Lest we are sleeping, it may cease to be and pass away.

— SGS —

## SECOND GRADE Miss Anderson

We wish to thank Mrs. Vaughan, Mrs. Love, Mrs. Stidham, Mrs. Alexander and Mrs. Teeple for the nice Easter party. It was fun hunting the eggs.

Steve Brown has been absent most of this week.

The tadpoles Shane brought to school will soon have their hind legs. We are wondering how long it will be before we can see their front legs.

— SGS —

## THIRD GRADE Mrs. Wilmett

We had a very successful Easter party. The mothers in charge of this party were Mrs. Walker as chairman, assisted by Mrs. Tate, Mrs. Nance and Mrs. Fowler. Thanks to these mothers for a wonderful time.

## FOURTH GRADE Mrs. Childress

We are busy taking six-weeks

# Grade School News

We had a very nice Easter party. We want to thank Mrs. Brooks, Mrs. Wayne McCutchen, and Mrs. Norris for making it so nice.

We have been glad to play outside this week.

— SGS —

## FIFTH GRADE Mrs. Rhode

We don't know whether we are happier over finishing six-weeks tests or over having a long Easter weekend.

Our teacher is reading LITTLE BRITCHES by Ralph Moody, the story of a family from New Hampshire who came west to start ranching.

Those making 100 in spelling this six weeks are Marcia Alexander, Connie Dudley, Kathy Hughes, Sharon Martin, Margaret Minyard, Jimmy Don Polsley, Kay Strange, and Tina Weaver.

— SGS —

## SIXTH GRADE Mrs. Turner

The sixth grade students are

looking forward to the Easter holidays. Several have planned trips out of town.

We welcome Alan James who has been attending school in Midland for the past several months. Alan formerly lived here and attended school.

— SGS —

## SEVENTH GRADE Miss Slavik

This, another six weeks school year has come and gone, and has left us looking forward to the last six-weeks period of work for the year. Attendance has been very good this week because of or perhaps in spite of the exams we've been taking this week.

The coming Easter holidays are much looked forward to and then the day we'll be here again ready to begin work on our last session for the year.

— SGS —

## EIGHTH GRADE Mr. Wilmett

Silvertown won fifth place at the Hale Center track meet. In the Shotputt Jerry Baird won first in the Broad Jump, Gary Edwards won second place. In the high jump, Lester Grabbe won fourth and Gary Edwards won fourth.

We are glad that the six-week tests are over, but some of us do not exactly like our report cards. We surely did enjoy the Easter holidays, though.

## THE HERO

He went to Fort Riley  
She had to stay home.  
To help him save up enough,  
To rent a trailer home.

How do they get along,  
On Army pay?  
I can't pay tax on  
Twenty bucks a day.

In too big a hurry  
To wonder where they are.  
What's the use to worry,  
We're not in a war.

What happened to his "22",  
And his old brogans?  
That church letter he left with you,  
While he's gone to make a man?

Our laughter could turn to prayer,  
If just one bomb explodes,  
For these men who now are  
Just dots on the globe.

With pride he thinks of you back  
home,

home,  
His heart is sad and tender.  
But where are the hearts of golden  
worth,  
Who are supposed to - remember?  
I'm going to sit down right now,  
Write a letter long past due.  
And say to my Service Man,  
My hat's off to you.

Back home we try to make ends  
meet,  
We work, we stew, and fret.  
Don't think we really meant to,  
Just forgot - not - to forget.

Now son bring home a daughter,  
And daughter, bring home a son.  
To a lonely old man's heart that,  
Only you two could have won.

And when you do come back home  
To start life anew,  
I'll pay some interest on,  
A debt long past due.

Or, because he did NOTHING?  
Strange enough, that today, 1960,  
The very land Lot chose remains  
barren and desolate, yet, midst the  
land left to Abram, flies the flag  
of God's chosen nation.

Abram gave me a choice,  
And as I looked around,  
I chose the broad, rolling plain  
That belonged to Abraham.

I spent my life in Sodom  
Midst the higher classes.  
What I did not lose or squander,  
God reduced to ashes.

Down in the valley I look up  
Through tears mine eye grows  
dim,  
As Abram stands on noble ground,  
I'd love to stand with him.

From fifty to forty, forty to thirty;  
thirty to twenty, twenty to ten, in  
your catalog of the righteous  
would there be ten men?

## THE BIG PRICE

Abram dwelled in the land of Canaan, and Lot dwelled in the cities of the plain and pitched his tent toward Sodom. Gen. 13:12.

Lot chose the plain of Jordan, and pitched his tent toward Sodom. His pace with the wicked of that city, who had no fear nor respect to even an angel, drug his name so low that, on the night of that dark and fiery destruction, he had no testimony to his own kin. As he tried to warn them I can hear their reply, "Go home, dad, and sober up."

Enroute to escape, it is no wonder Mrs. Lot looked, and then TURNED back. Wouldn't you, if your own were burning?

Leaving his wife a pillar of salt, he struggles on clinging to a jug of wine. It's consumption brought him disgrace to his own daughters. A man who gave his family the finest, schooled them in the highest society, and yet, along that checkered train lies their charred bodies beneath the lava of Sodom, and a statue of bitter salt.

What has he done to lose all and come to a bitter end? It is because he has done something?

## THE NEW TESTAMENT CHURCH

The New Testament church is the greatest institution in the world. The church is that group of people who have obeyed the gospel and thereupon being pardoned. This group of saved people, the church, is the greatest institution in the world.

(1) It is the greatest because it was promised by the Greatest. Jesus said, "I will build my church". No mere man nor exalted prince but the son of God promised the church.

(2) It is the greatest because it cost more than anything else in the universe. It was purchased with the blood of Christ (Acts 20:28; Ephesians 5:25). No amount of money, property or accumulated wealth could purchase the church.

(3) It is the greatest because it has the most important work assigned to it, that of preaching the gospel (Ephesians 3:10-11). The church is "the pillar and ground of the truth" (1 Tim 3:15).

(4) It is the greatest since only the saved (pardoned) can be members of it. Here again, the world itself is not valuable enough to purchase membership in the church. One becomes a member by obeying the gospel (Acts 2:38, 47). When pardoned the Lord adds him to His church.

(5) It is the greatest in that all of the saved are in it. It is impossible to be pardoned of sins today yet to be out of the world's greatest institution. "And the Lord added to the church daily such as should be saved" (Acts 2:47).

(6) It is the greatest in that it wears the greatest name. It bore the name of no earthly or exalted dignitary. It wears the name of the son of God (Romans 16:16).

(7) It is the greatest in that it has the greatest future. When other institutions of earth are gone the church will be with Jesus for He will come for it (Ephesians 5:27; 1 Corinthians 15:24, 25).

The Silvertown Church of Christ urges you to attend the services of the church.

WHAT'S NEW IN BOATING

by RUDY EVINS

"I don't wanna wear a 'sissy jacket.' The 'big boys' don't wear 'em!"

This is one problem many parents have with their youngsters. Life jackets should be considered a close "buddy" whenever you're near the water.

Water skiing, swimming or just skimming over the waves in your outboard. This is what I'd call a real family vacation. Away from the automobile horns and traffic jams of the big city. Sleeping under a roof of midnight-blue skies sprinkled with a little glitter. Nights like these and days of so many thrills are not had in the city of 600,000 in which I live.

Last year, Jean, my wife, and our two boys, Johnny, eight years old, and Billy, five, and myself had a wonderful vacation at a nearby lake. We had a barrel of fun and more important I learned a lot about my family... things I never knew before.

For instance, I thought it was about time that our eight-year-old Johnny learn to water ski. My wife was a little hesitant and perturbed about the idea because she thought Johnny was still "too young." As usual she won the argument... until the boys and I managed to escape her vigilant eye.

We hurried to the pier where there was a pair of water skis awaiting our arrival. Next to the skis were a few life belts... the new lightweight kind that all of the "waterbugs" in the area wore. After slipping a belt on the five year old I began putting one on Johnny. He began hollering with the "caw" of an old crow limping along on its last feather.

"I don't wanna wear a 'sissy jacket.' The 'big boys' don't wear 'em!" he said as he managed a snuffle between tears.

The Evinrude Boating Foundation advises that all youngsters, and adults alike, wear life belts or jackets when water skiing or taking part in any water activity. Youngsters want to do what mother and dad do and want to wear what they wear. If you wear a life belt your children will be especially careful not to go near the water without wearing some sort of life preserver because you have taught them, through example, that it is a necessary piece of equipment.

Well, as the saying goes, "for once in her life my wife was right"... again. Johnny was "too young."

Happy boating... and fishing, too.

### TAX MAN SAM SEZ:

Every year, after April 15, we get our our soapbox. Our speech always runs the same. "This tax business doesn't stop when you file a tax return on April 15 and send Uncle a check." The Dallas District office takes in over \$5 million dollars every work day during the year. The things you od throughout the year and the records you keep determine the amount of tax you pay at the end of the year.

## Family Favorites

Strawberry jam and hot buttered biscuits have been family favorites since the beginning of time—home canning time that is. But gone are the days when jam had to be boiled for hours, cooled and covered with paraffin.

The recipe on the box of biscuit mix points the way to light and flaky biscuits, and here is how you make luscious strawberry jam. It's quick and easy. Better hurry and get together the things you will need because strawberries are, or soon will be, red ripe and ready.

### Strawberry Jam

4 1/2 cups prepared berries 1 box fruit pectin  
7 cups sugar

Wash, drain, hull, crush and measure fully ripe berries. Put berries and pectin into a 4 to 6 quart kettle. Stir over high heat until mixture reaches a fast boil. Add sugar—keep stirring. Bring mixture to fast boil and let boil exactly one minute. Remove from heat; quickly skim off foam. Do not stir to cool. Pour boiling hot jam to within 1/4 inch of the top of half pint jars. You won't need paraffin because the Dome lid keeps the jar sealed airtight. Put lid on jar; screw band tight and invert jar. When all jars are filled and sealed, stand them upright to cool. If fruit goes to the top of jar, wait about 30 minutes and then shake jar to redistribute fruit through sirup.

An Eddleman family reunion was enjoyed in the home of Mr. and Mrs. Bryant Eddleman and Jealeta on Sunday. Others attending were W. C. Eddleman, Bailey

Eddleman, Mr. and Mrs. Murry Morrison and family, Mr. and Mrs. Reg Cushenberry, and Mr. and

Mrs. Fred Stockton and family, of Quitaque; Mr. and Mrs. E. A. Young and family and Mr. and Mrs. Claude Hickey of Memphis; Mr. and Mrs. Harley Eddleman and family and Mrs. Joe Alvin Young of Amarillo; Mr. and Mrs. Durwood Henderson of Canyon; Mr. and Mrs. Sid Marshall and Patti of Lubbock; and Mr. and Mrs. Bruce

Eddleman, Richard, Randell and Thelma and Gay Lynn Calloway.

Mr. and Mrs. C. A. Tipton and Walter Brannon attended the funeral of Mrs. Sullivan, 72, in the Methodist Church in Wellington at 10:00 am. Thursday of last week. # Diane Fogerson, Jack Mayfield Wed

On Thursday, April 14, Miss Hope Diane Fogerson, the daughter of Mr. and Mrs. Ware Fogerson of Silverton, became the bride of Teddy Jack Mayfield, the son of Mr. and Mrs. Alvie Mayfield, also of Silverton. The double ring ceremony took place at five o'clock in the afternoon in the Silverton Church of Christ with L. L. Thornton, minister, officiating.

Traditional wedding music was sung by Jake Lacy, Tommy Williams, Sonny Mullin and Mrs. Bill Querner, all of Turkey. "Because," "The Wedding Prayer," and "Whither Thou Goest" were among the selections.

The Maid of Honor, Miss Patsy Stanley of Tahoka and the Candel-lighters, Misses Kathryn Smith of Silverton and Pat Day of Matador, were cousins of the bride. They wore dresses of mint green, while Bridesmaids Misses Paula Reid and Thelma Eddleman were attired in pastel pink. The identically-styled dresses were of silk organza over taffeta with fitted bodice, double collars and double bouffant skirts. Their headpieces were half hats of matching organza. They wore lace-trimmed organza mitts and carried arrangements of Easter lilies. Each attendant wore a heart-shaped necklace, a gift of the bride.

Best Man was Dale McMurry of Midland, and Groomsman were John Logsdon of Lubbock and Donald Bean of Silverton. Flower girl was little Miss Julie Dickerson, a cousin of the groom, and the Ring Bearer was Master Kent Mercer.

Stanley Fogerson, brother of the bride, and Dick Mayfield, brother of the groom, were Ushers.

The bride, presented in marriage by her father, wore a floor length gown of Chantilly lace and silk organza over taffeta. The fitted waist ended in points in the center front and back. The scalloped neckline and bodice were embroidered with seed pearls. The long sleeves ended in petal points over the hands and were edged with seed pearls. The bouffant organza skirt was designed with three lace galeon panels in front. Her fingertip veil of silk illusion was edged with lace and fell from a pearl-embroidered lace crown. She carried a bridal bouquet of orchids atop a matching lace-covered Bible.

The bride's headpiece, veil and dress were designed and made by her mother.

Wedding vows were exchanged before an archway formed by baskets of Easter lilies and flanked by lighted tapers in candelabra.

For the traditional "Something old, something new, something borrowed, something blue and pennies in her shoe," the bride wore a necklace belonging to her paternal grandmother, Mrs. Florence Fogerson; her new wedding attire; carried a linen and lace handkerchief borrowed from the bridegroom's mother; wore a blue gar-

MRS. TEDDY JACK MAYFIELD

ter; and in her shoes were two pennies, one bearing the date of her birth, the other bearing the date of the groom's birth.

A reception was held immediately after the ceremony in the home of the bride's parents. Those assisting at the reception were Misses Susan Anderson and Mary Jane West and Mmes. Bill Baird and Leo Fleming. The guests were registered by Miss Nell Rackley.

Mrs. Mayfield chose a beige and green two-piece linen dress with bone colored accessories for traveling to points of interest in the big bend country of south Texas. The bride and groom are both graduates of Silverton High School. Mrs. Mayfield has attended Abilene Christian College and is presently enrolled at Lubbock Chris-

tian College. Mr. Mayfield is a graduate of Texas Technological College and is the present teacher of Vocational Agriculture in the Silverton Schools.

#### MISS INETTE SHELTON

The home of Mrs. Milton Frizzell was the scene of a very pretty miscellaneous bridal shower Saturday, April 9, from three-thirty to five p.m., honoring Miss Inette Shelton, bride-elect of Mr. Archie Johnson of Tulia.

Mrs. Frizzell greeted the guests and presented them to the honoree, Miss Shelton, her mother, Mrs. Geron Shelton, and the mother of the groom-to-be, Mrs. Johnson.

Mrs. Marie Garrison presided at the guest registry. Misses Carolyn Frizzell Martha and Virginia Shelton, sisters of the honoree, served the refreshments. Various hostesses alternated in showing the many beautiful and useful gifts and other hospitalities of the home.

The bride's chosen colors of red and white were used in the refreshments and table decorations. The table was covered with a cut-work linen cloth, and centered a miniature bride and groom, surrounded with white hearts and red carnations and red streamers bearing the names of Inette and Archie. White napkins with the couple's first names printed in red were used in serving the red and white cookies and punch.

About forty guests attended and many sent gifts who were unable to attend.
