**All Around  
the Town**

by Mary Ann Sarchet

Everyone is hustling and busting about getting the children ready to go back to school. We are glad to see the teaching vacancies filled, and can relax in the assurance that the guidance of our youth is in good hands.

We learn from our school superintendent, Mr. Hinds, that efforts to secure a guidance counselor for the school has not been successful. Accreditation committees are recommending that schools have a guidance counselor, but the availability of those qualified for this line seems to be a little scant.

☆☆☆  
Educators now recommend that parents help to stimulate a child's interest in subjects in which he has special interest. For instance:

**Science:**  
Children are growing up today in a world filled with the wonders of science. In this respect, they may be considered more fortunate than their parents, for they treat scientific phenomena as simply a part of life. Parents, however, are usually Johnny-come-lately to the subject.

Your child may or may not have an aptitude for science. He should never have an interest in general science facts which help him better understand the world about him. The parent can help explain the "why of things" by:

- 1) Buying him an inexpensive telescope and book on astronomy, and learning with him about the small part we play in the universe.
- 2) Encouraging him to be a "collector" and giving him a special place to store his collection of rocks, shells, leaves, etc.
- 3) Taking him to a museum in our area, or a museum in the canyon.
- 4) Revealing many interesting things to a curious youngster, and most of all, encourage him to enjoy the tour, as well as the public library is a good substitute for such a field trip.
- 5) At Christmas time and on birthdays, giving a science-related gift if the child shows an aptitude for science.
- 6) Very simple experiments may be performed in the home.
- 7) Taking field trips into the mountains, exploring nature's wonderland.
- 8) Our canyons offer a good opportunity for exploration, as pointed out recently by the Indian Chief of his group who made a trip to the canyons near Silverton.
- 9) Encouraging him to watch the increasing number of science programs on television.
- 10) Asking the librarian or his teacher to suggest books on science for his age group.
- 11) Helping him develop an inquisitive mind.

☆☆☆

**Math:**  
A child's natural sense of adventure helps him grasp the intricacies of arithmetic. When an adult says, "It is hot today," the child asks, "How hot?" The teacher capitalizes on his curiosity and urge to know exactly in helping the child discover the principles of arithmetic himself.

How can parents help?  
If Mom or Dad had a hard time in school with arithmetic, don't admit it. Junior won't go through school thinking numbers are arithmetic, mathematics are fun he hears you saying, "Algebra is the only subject I ever flunked."

Start your child early on an adventure, and let him manage it himself. This will give him a sense of numbers and responsibility.

Tap your child's natural interest in numbers by encouraging him to double-check the grocery list, helping you figure how to make a recipe, or keeping a mileage and gas chart on the next automobile trip.

THESE BONNIE LASSIES will be leading cheers as the Silverton Owls take the field here in Silverton tomorrow night, September 2, against the Matador Matadors. The girls will make their first appearance of the season at a bonfire and pep rally to be held tonight, September 1, across the street from the high school. All are urged to attend the pep rally, and who could resist an invitation from Joy Morrison Brenda Cornett, Gloria Wallace, LaQuetta Chitty, Sue Lanham or Lou Brannon?

## CAP ROCK SOIL CONSERVATION DISTRICT FARM AND RANCH TOUR SLATED SEPT. 9

By Virgil Henson

The Cap Rock Soil Conservation District will sponsor a farm and ranch tour next Friday, September 9. The tour will start at 9:00 a.m. on the H. T. Luther ranch on the Memphis highway, 12 miles east of Silverton. The ranch is 8 miles north of Quitaque.

All those interested in improved pastures, range seeding, etc., are urged to attend. Things to be observed will include (1) a 28 acre field of NK-37 Bermuda grass seeded in May of this year. It has been fertilized and watered once since it came up. Luther has grazed over three cows and their calves per acre on this all summer and they are mud fat now.

- (2) Use of sudan for supplemental pasture.
- (3) A lake and irrigation system.
- (4) A good field of irrigated cotton irrigated from this lake.
- (5) A seeding of a mixture of switchgrass and sideoats grama, seeded in July, and now being grazed.
- (6) A new, well constructed farm pond, plus some excellent native grass near the pond.

There should be some interesting things to see, especially for those who are interested in pasture grasses and livestock. Remember Friday, September 9, at 9:00 a.m.

## DIRECTORS TO BE ELECTED

Notice has been given that two directors from Briscoe County will be elected to serve on the board of Plains Cotton Growers, Inc. The meeting will be held Friday, September 2, 1960, at 8:00 p.m.

## Boys Ranch Rodeo To Be Held This Weekend

The largest number of boys ever to participate in any rodeo are completing plans for their 16th Annual Boys Ranch Rodeo that will be held at Cal Farley's Boys Ranch over the Labor Day weekend, September 4th and 5th.

Two hundred sixty-one Boys Ranchers, from eight to eighteen, will take part in the rodeo, either as contestants in the rodeo arena or as participants in the many behind-the-scenes activities that have made the rodeo the biggest Labor Day event in the Golden Spread.

Record-breaking attendance figures are expected to be set during the rodeo's two-day performances and 1,000 extra seats have been installed to accommodate the crowds. All rodeo seating sections at the Ranch are shaded and two reserved sections have been set aside. Advance tickets for the reserved sections are now on sale at the Boys Ranch office in Amarillo.

Only Boys Ranchers will participate in the rodeo. Eighty-one boys have been selected to compete as rodeo contestants, riding professional rodeo stock. Compiling points under RCA rules, the older boys will ride bucking broncs, steers and Brahma bulls. The younger boys in the rodeo will ride calves and appear in special rodeo attractions. The only outside participation will be by members of the Amarillo Air Force Band and representatives of various riding clubs throughout the Panhandle.

Both performances of the Boys Ranch Rodeo will be held at 2:30 Sunday and Monday afternoons. Admission for children will be 75c \$1.50 for adults and \$2.00 reserved section. Proceeds from the rodeo will go to help the Boys Ranch expansion program.

Mr. and Mrs. Morris Kitchens and Mrs. J. E. Vaughan spent Sunday night in Quanah with relatives. Mrs. Vaughan brought home her grandson, David Smalts, of Plainview, who had been visiting Mr. and Mrs. Homer Ragland, Jr., in Quanah. She took David to the home of his parents, Mr. and Mrs. Dale Smalts, in Plainview on Monday afternoon.

Mrs. E. C. Newman, Mrs. T. G. Olive and Betty were in Tulia Tuesday afternoon.

Mrs. Jean Grundy and Carol Ann of Lamesa, spent the weekend here and in Quitaque with relatives and friends. They were guests of Mrs. Grundy's daughter and family, Mr. and Mrs. Bill Baird.

Eldon Oneal underwent surgery Tuesday in Northwest Texas Hospital in Amarillo on the arm which he broke recently in football practice. His parents, Mr. and Mrs. Joe Oneal, and Clela were there for the operation.

A young Boys Rancher admonishes "Peanuts" to be sure his boots are shined for both performances of the 16 Annual Boys Ranch Rodeo, September 4th and 5th. All 261 Ranchers will have some part in the production of this nationally-famous rodeo.

## John Deere Dealer Attends Preview Of New Line

Ray Thompson, local John Deere dealer, left Monday for Dallas where he attended the company's showing of its new lines on Tuesday. Some 4,700 John Deere tractor and farm equipment dealers from the United States, Canada and 15 other countries were brought in principally by air lift to Love Field. The mass flight required six months' planning. This is the first time the firm has had all of its dealers at a single meeting.

Mrs. Milt Jasper, Joe and Buddy Jasper, Mr. and Mrs. Billy Gene Toler, and Mr. and Mrs. Ted Strange of Silverton and Darden Jasper of Wickenburg, Arizona, attended graduation exercises recently in which Norman Jasper and Clayton Dale Elkins, former Silverton residents and Silverton High School graduates, received their degrees from Texas Tech.

Joe Jasper returned home with his brother, Darden Jasper, of Wickenburg, Arizona, for a visit. He planned to return home before school starts.

## OWLS TO MEET MATADOR IN SEASON'S FIRST GRID CLASH AT LOCAL STADIUM

Silverton's accident-ridden Owls will open the 1960 football season here Friday night against the tough Matador Matadors, who were picked in a pre-season survey to cop the District 9-B crown this year. The Owls were rated in the third slot in District 3-A.

The Matadors lost three offensive starters from the 1959 team and five on the defensive team. They will have eight returning

regulars among their sixteen remaining lettermen. They come back this year a more experienced team, after losing their bi-district tilt by a 19-18 score to Knox City last season.

The average weight of the Matador lettermen is a little more than 150 pounds, with a husky tackle-center weighing in at 236 and another at 204. Pretty heavy for high schoolers.

Silverton will be pounding them back with an average weight in the starting lineup of a little more than 165. This average is boosted by 200-pound Freddie Minyard in the tackle slot.

The "Big Red" graduated seven men last year and picked up eight freshman hopefuls. Silverton lists twenty-eight on the roster, to the twenty listed by Matador.

Our team has received several blows which placed some of the team hopefuls on the injured and out-of-play list.

The probable starting lineup for the Silverton Owls will be Johnny Jowell, Quarterback, 145; Larry West, Left Half, 170; Julio Soto, Right Half, 140, or Van Breedlove, Right Half, 155; Joe Anderson, Fullback, 180; Larry May, Center, 165; Guy Breedlove, Guard, 175; Dewey Estes, Tackle, 190; Jerry Baird, Guard, 150; Freddie Minyard, Tackle, 200; Mike Mercer, End, 113; Kenny Thornton, End, 150.

## Cemetery Association Expresses Thanks

Mr. George Seaney, President of Silverton Cemetery Association asks that thanks be given to those who have contributed to the cemetery association for the upkeep of the local cemetery. They are grateful to the Hyland Study Club, which has disbanded, for the donation of the sale of their piano. The Choir of the Methodist Church has donated \$65.00 to the cemetery funds.

All of us take pride in a neat, well-kept cemetery. If there are others who wish to contribute, their checks may be sent in care of George Seaney, Silverton.

## Silverton Homecoming To Be Held Sept. 17

Come one, come all to the big homecoming in Silverton on September 17. Make your plans now if you live out of the county, and order your tickets.

It is important that as many tickets to the barbeque be sold as possible before the big day, in

order that the planning committee may prepare for approximately the correct number of people. The barbeque tickets are \$1.50, and should be purchased from Cosrad Alexander, Box 765, Silverton. Tickets will also be on sale the day of homecoming.

Festivities will open with a program and business session in the school auditorium at 1:00 p.m. Saturday, September 17. The evening will be climaxed with the barbeque in the city park beginning at 5:30 p.m.

Lots of fun and visiting is promised. Mark the date on your calendar right now!

Mr. and Mrs. Leo Trimm and Janet of Richmond, Virginia, spent Tuesday of last week with Mr. and Mrs. Hugh Nance and family. Mrs. Trimm remained until Saturday visiting her sister, Mrs. Nance. Mr. Trimm and Janet went on to Clovis for a visit with his mother, Mrs. C. T. Trimm, until Saturday.

Notification has been received that a long time friendly rival, the Quitaque Panthers, will not play football this season. Twenty-nine players reported out for spring training last May, but by the time the fall season rolled around, all but six had changed their minds about playing. This is too few men, even for a 6-man team. This leaves the Owl schedule with an open date on September 16, where Silverton-Quitaque had been scheduled. Coaches Whelchel and McAlpin have made efforts to fill this open date, but have been unable to find another team with that particular date open.

Fans will notice what seem to be irregularities in the Owl district schedule, but this is due to the fact that Hale Center has been moved to another district. All the conference games were re-scheduled and for that reason, some of our district games will be played on the same fields that were used last season, instead of the customary exchange.

## Rackley Delivers First Milo In Silverton

Dolan Rackley, who farms 15 miles southeast of Silverton, delivered the first load of 1960 grain sorghum to Silverton Elevator last Friday, August 26. The load weighed 6,100 pounds, for which the elevator paid \$1.35 per hundred, plus a \$25 bonus.

Farris Martin, manager of the elevator, who is pictured on the left with Rackley, says the grain had a moisture content of 15 per cent. It was harvested from a dryland field of 140 acres. This particular sorghum was gathered from less than two acres, and Rackley estimates that most of his crop will average more than 3,000 per acre.

Manager Martin estimates that the grain harvest in the trade territory will be at its peak in about thirty days. Most acreage is irrigated and was planted late.

Southern commissioners of agriculture, having made clear their views of what is needed in the way of a Federal farm program at their recent 1960 session in San Antonio, are awaiting the outcome of the November election and the next session of Congress to see what develops.

Among other items, the Southern commissioners warned against the delegation of too much administrative power in putting any Federal farm program into effect.

It was pointed out that "the experience of the past seven years has clearly demonstrated the danger of allowing too much administrative leeway in farm legislation — in effect, delegating powers to the administrative branch of the government. During this time all of the administrative powers have been used negatively to wreck the farm program.

"As a result it has been unnecessarily expensive, with too little benefit to the farmers, and surpluses have piled up in certain commodities to the point of the ridiculous. This has been by design, not mere bungling, and by making the farm program unpopular with the people has enabled the administration to hack away at farm legislation. This could not have happened if our farm program had been more broadly based in concept and legislative provisions to carry out its intent had been more rigidly drawn.

"The time has come when we should seek to avoid piecemeal, patched-up or piece-meal legislation for agriculture. The urgent need now is for a program to meet the total needs of agriculture and give it stability.

"The continued steady decline of our farm population may soon reach a danger point. Automation in farming operations and steadily increasing crop and livestock yields will ultimately reach a limit. Our rapidly increasing total population, together with our growing per capita demands for agricultural products, could in the course of the next 20 years place us in the position of being a nation of scarcity rather than one of abundance. This will happen unless we provide an economic atmosphere for farmers which will halt the trend toward further shrinkage of our farm population.

"There is too much at stake for any one person or party to make political capital of the farm problem. It strikes at the very heart of our economy and way of life, and it should transcend party lines.

"Both the potentialities and the problems are now plainly visible and can be dealt with on a current and long-ranged basis. Therefore,

now is most especially the appointed time for the kind of broad farm program we need and must have."

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, today announced the official prediction that 29 persons will be killed next weekend in Labor Day holiday traffic in Texas.

Garrison said some 125 extra patrolmen from the department's other unformed services will join the regular Highway Patrol force in attempting to halt traffic law violations — which figure in most fatal accidents.

"We hope the driving public will help this Labor Day weekend to prove that we have over-estimated the number of traffic fatalities that will occur in the three-day period. "Department patrolmen and all other law enforcement officers in our state will do everything possible to make the streets and highways safer by removing lawless drivers — but the statistics prove the main job is up to the individual behind the wheel."

"It is significant to note that in each of the 14 fatal accidents which occurred outside city limits last Labor Day weekend, at least one law violation was involved."

N. K. Woerner, manager of the department's statistical services, reported that excessive speed over the posted limits was involved in 10 of the 14 rural fatal accidents during the holiday last year and that drinking was involved in seven of the 14.

In recent years, the highest statewide traffic toll for the three-day Labor Day holiday was 43 killed in 32 accidents in 1955. Thirty died in 1958, and 27 motorcides occurred during the Labor Day holiday of 1959.

"Labor Day is a yearly turning point in our lives — a time of year when activities, dress and behavior of Texans make a definite change. It is a time for many of us to take that last big outing before settling down to the routine of fall and the school season," Garrison said.

"Therefore, we can expect Texans to be on the move on our streets and highways — and we should be alert for the extra hazards presented by unusually crowded conditions."

Carrie Sue Jones, who has been staying here with relatives, has gone to Edcouch for a visit with her mother, Mrs. Owen Williams, and Mr. Williams, who are there working in the harvest. Mr. and Mrs. Williams will return here in the near future as he is employed by a local gin.

## ALL AROUND THE TOWN

Continued from Page One

☆Play number games with your child—dominoes or bingo, and give him number riddles, puzzles, tricks or magic squares.

☆Have him list or collect all the everyday things which can be efficiently understood and used only by someone with arithmetic know-how.

☆Help him see how his skills in arithmetic will help him in other studies; science, for example.

☆Give him quickie mental drills on addition, subtraction. This will keep his mind alert and he'll enjoy testing his ability.

☆Stress that math is a foundation for objective thought.

☆☆☆

### In Spelling:

How many times have you heard expressed — or said yourself — that, "The schools don't teach spelling anymore?"

The schools still teach spelling, not like they used to, but every bit as efficiently and more rationally.

At the turn of the century elementary spellers ran from A to Z and first graders began with "aardvark" and "acrimonious". Today, Junior learns to spell words as he uses them.

Most schools concentrate on teaching a list of about 3,000 root words that make up 98 per cent of the words both children and adults use in written expression.

The parent can help a child's spelling by:

☆Making sure he hears all words pronounced correctly. This means no "baby talk."

☆Giving him his own dictionary and teaching him how to use it.

☆Encouraging him to keep lists of the words on which he stumbles, and new words he learns or comes across.

☆Making sure that he has no physical handicap that might affect his hearing, speaking or vision.

☆Asking the librarian to recommend books showing why spelling is important — and fun — if he thinks spelling is boring.

☆Encourage him to write thank-you notes and letters to friends and relatives.

☆Playing word games that require spelling.

☆Encouraging him to read good books, for the good reader is almost always a good speller.

☆☆☆

### In Writing:

One of the parents' proudest days is when Junior comes home from school proudly showing off his first writing. The huge tilted but beautiful letters are his official introduction to handwriting.

In the first two grades, your child will concentrate on "Manuscript" writing, which consists mainly of circles (o's) and straight lines (l's). In the third grade comes "cursive" writing.

During the first years, the teacher concentrates on improving shape, size, spacing and slant. Speed comes later. The parents can help the child improve his handwriting by:

☆Impressing upon him that any type of writing, even if it's just a note to the milkman, should be neat and legible; that while he may not have beautiful handwriting, he can write legibly.

☆Give him opportunities to use

his writing at home; with thank-you notes to relatives, letters to friends, addressing his own greeting cards and valentines.

☆Studying the written papers he brings home from school. Compliment him on his fine handwriting, if such is the case, or discuss ways he can improve if there is a need.

☆Always making available a good setting for his writing — a well-lighted, smooth surface, good paper and sharpened pencils.

☆In the early grades, having a manuscript alphabet handy with which he can practice his writing.

☆Letting him write down the grocery list as you dictate it.

☆☆☆

### In Reading:

A child has a natural yearning to read. In some it appears in preschool years; in others when the child enters school and becomes acquainted with the treasures held by the printed word.

Reading ability will help your child in all his subjects, aid him in self expression and make him aware of the world about him.

You can help your child's reading by:

☆Having a regular family reading hour.

☆Giving him a place for his own books, even if it's only a single shelf.

☆Surrounding him with good books, and on birthdays and at Christmas including a book in his gifts.

☆Never comparing his reading with that of another child. He has his own timetable for learning to walk, talk, read and write.

☆Being sure that his vision and hearing are unimpaired.

☆Keeping him in school as much as possible. Every time he is absent he loses ground, particularly in the first and second grades. It is during these important years that the foundation for his reading skill is laid.

☆Not haggling over comic books. Try to show him the difference in text, art work and paper in comic books and good books, point out tactfully that if adventure stories are what he seeks, good books beat comics any day.

☆Introducing him to the treasures on public library shelves. He needn't know how to read to enjoy picture books. He should be given his own library card when he is able to sign his name.

## Baptized To Wash Sins Away

Acts 22:16 — "And now why tarriest thou? arise and be baptized and wash away thy sins, calling on the name of the Lord." The Lord told Annaia to go to Saul and tell him what he was to do (Acts 9:10, 11; 22:10). Upon meeting Saul he affectionately addressed him as "Brother." This was before he told him what he was to do (Acts 9:6, 17). After restoring Saul's sight miraculously he commanded Saul to "arise, and be baptized, and wash away thy sins (Acts 22:13, 16).

Consider some interesting facts about Saul. (1) He had formerly persecuted Christians (Acts 9:1,2). (2) He had seen a bright light and had been stricken blind (Acts 9:3,9). (3) He had talked with Jesus (Acts 9:4,6; 22:8). (4) He was to be told in Damascus what he was to do (Acts 22:10). (5) He had gone three days fasting and praying (Acts 9:11). (6) after all this he had not had his sins washed away (Acts 22:16).

The commandment to "arise, and be baptized, and wash away" his sins implies first, that Saul was a believer and therefore ready to be baptized and second, that although a believer, his sins were not washed away.

The question "why tarriest thou?" suggests the urgency of being baptized since he believed. In the Bible men were baptized the same hour they learned the truth. See also Acts 16:33 for a similar case.

"Wash away thy sins," is an expression referring to the remission of sins that takes place when a believer is baptized (Acts 2:38). The expression is a metaphor and is suggested by the washing of the body by immersion. The expression, "calling upon the name of the Lord," describes what Saul would be doing as he obeyed. The mere act of calling "Lord, Lord" is not obedience (Matt. 7:21).

Thus to have his sins washed away, Saul believed and was baptized. This is an example of the obedience Jesus commanded (Mark 16:16).

**Junior Colleges Offer Education For Less**

During this spring and summer some where in the neighborhood of three millions of students have graduated from high school and their parents hope and expect to send them to college.

The executive vice-president of a financial institution whose firm offers parents a plan for installment-financing of tuition and academic fees, says, "When most children reach college age, the parent suddenly discovers that their financial resources are inadequate for the added burden."

This executive says an increasing number of thinking and planning parents, along with a host of college presidents, educators, are pointing out daily the one best way to ease the strain on the family budget is to choose the community junior college or the small young college where costs tend to be substantially lower than at many of the older and more prominent 4-year colleges.

The mistaken idea of a large number of students and parents alike which leads them to believe that if they are seeking a first-class education they must enroll in a "prestige school" is being disproved every day in every way. Too many times such an institution having high academic standards and rich traditions, may also call for an expensive social life.

The Clarendon Junior College stands out in bold relief against all the other institutions in the Panhandle, as one which maintains the highest of academic standards, competency of the instructional staff, absence of fads and fees, and strict economy of educational pursuit.

The cost of a college degree is one of the major purchases in family life and more important than most. In selecting a college, it will

pay every family to examine every possibility. "Select the best college you can possibly afford," advises Dean Abel of Clarendon Junior College, "But, if your financial resources are limited don't confine your selection to the expensive 'prestige' institutions. It's quite possible to get a good education elsewhere."

Before you invest, why not investigate the economy of a first-class two years of education at Clarendon Junior College.

School will begin September 5 at Clarendon Junior College. If and when five or more students are enrolled from Silverton, then transportation will originate here, according to Dean Abel.

**Rudy S. Kimbell Rites Read**

Funeral services for Rudy S. Kimbell, 47, a former resident of Quitaque, were held at 2:00 p.m. Tuesday, August 30, 1960, at Blackburn-Shaw Memorial Chapel with E. R. Carver, elder of the Central Church of Christ, officiating, assisted by Herbert Gipson of the West Amarillo Church of Christ.

Burial was in Llano Cemetery. Pallbearers were Harvey Turner, Aubrey Wood, Robert Shegog, Mac McCarty, Leroy Blanks and Harkell E. Dill.

Mr. Kimbell died of a heart attack at 8:45 a.m. Monday, while in Plainview visiting his mother, Mrs. Leola Kimbell, who has been very ill in a hospital there.

He was a member of the Central Church of Christ and the Masonic Lodge. He was born December 21, 1912, in Quitaque, and he had lived in Amarillo for fifteen years.

Surviving are his wife, Mrs. Audie Kimbell of the home in Amarillo; a daughter, Mrs. Lavoyda Jean Hill of Amarillo; a son, Larry Jack Kimbell of Amarillo; a brother, Marcus Kimbell of Albuquerque, New Mexico; two sisters, Mrs. Pauline McKnight of Ruidosa, New Mexico, and Mrs. Doris Crump of Plainview; his mother, Mrs. Kimbell; an uncle, John Boyles of Silverton; and cousins, Keyth Tiffin, Mrs. James E. Maples, Mrs. Curtis Monk and Mrs. Dud Watters, all of Silverton.

Local relatives were in Plainview with Mrs. Kimbell Monday afternoon and night, and attended the funeral in Amarillo on Tuesday.

Those enjoying the Saturday evening festivities at the annual "Old Settlers" reunion at Roaring Springs and a buffet Sunday dinner in the home of Mr. and Mrs. M. B. Self and Zobie were Mr. and Mrs. Nye Sweek and children, Mr. and Mrs. Ray Loftis and oys, and Mr. Bruce Blair all of Mineral Wells. Mrs. W. T. Masey and boys, Mr. and Mrs. Roy Younger and children, Mr. and Mrs. R. E. Sweek and girls, Mr. and Mrs. Donald Perkins and baby, Mrs. Pete Hale and children, Mr. and Mrs. Bill Self, Mr. Wimpy Vardell, Mr. and Mrs. Riley Yates, and Miss Donna Paine all of Silverton, also attended.

Miss LeeDora Imel of Turkey and Misses Irene and Tresa Vardell of Slaton enjoyed the occasion. A memorable time was enjoyed by all.

Mr. and Mrs. H. C. Seefeldt and children of El Paso, Texas, recent home of her mother, Mrs. Winnie, spent a couple of nights in the Wimberly. The Seefeldts were returning from Monticello, Arkansas, where they visited his folks.

Mr. and Mrs. J. Lee Francis and Dale spent the weekend in New Mexico. They visited Friday night with friends in Clovis, and then drove on to Cloudercroft Saturday.

Mrs. Winnie Wimberly spent the past weekend in Lubbock with her son and his family, Mr. and Mrs. Curtis Wimberly, who will soon be moving to Ponca City, Oklahoma.

Roy S. Brown returned home Monday evening from a business trip to Dallas. He visited his sister and family, Mr. and Mrs. Johnnie Freeman, while there.

Mr. and Mrs. J. A. Ziegler and Mr. and Mrs. H. H. McPherson attended the Primitive Baptist Association in Amarillo over the weekend.

Mrs. J. E. Meadows, Joe and Vicki, of Childress, spent Monday and Tuesday with relatives here. Mrs. Meadows, the former Alta Mae Kendricks, grew up here. She visited her grandparents, Mr. and Mrs. J. J. Vardell, and was an overnight guest of her aunt and family, Mr. and Mrs. Riley Yates.

**Fishing Reported Good At Burson Lakes**

TIFFIN and his 4-lb. Bass

HARRIS, and string of Cat

The latest fishing report from Burson Lakes says that as the weather cools the fishing improves. Bass are striking better, and a few Crappie are being taken. It is still a little early for the Crappie fishing.

Brim fishing with flies is also getting better as the dragon flies are now very plentiful. That also improves the Bass fishing.

Channel, Blue and Yellow cat are being taken in very good numbers, particularly at night, with some good sized frogs for bait some very large Channels can be taken.

Early morning and late evening for top water lures for Bass, and at night minnows do very well.

Pictured are Spud Tiffin of Silverton with his 4 pound Bass that he took at Burson Lakes a couple of weeks ago. Mr. Harris, of Quitaque, is shown with a string of cat. Mr. Harris usually catches some very large Cat and Bass, but is reported to be a little picture-shy. He was caught several days ago with the pictured string.

The new fishing and hunting licenses are available at the Lake, and the old ones expire August 31. The Dove Season is just around the corner. Dove shooting at Burson Lakes is pretty easy, according to reports. You can sit in the shade around some of the tanks and get some fine and fast shooting. Dove shooting there is \$3.00 per day.

Little Wesley Reed, son of Mr. and Mrs. George Reed of Quitaque, is a patient in Lockney General Hospital. He has been a very sick little boy, and at the last reports his illness had not been diagnosed.

Mrs. W. Allard visited her sister, Mrs. Virgie Tucker, in Canyon from Sunday through Tuesday of last week. Mrs. Tucker is recuperating from a recent illness.

Mrs. B. D. Fanning, Sr., of Plainview, Mrs. Ethel Hulsey, Mrs. Jim Jones and Mrs. Griggs Hulsey, Larry and Harry of Lubbock, spent Wednesday of last week with Mrs. H. S. Crow. Mr. and Mrs. Virgil Crow, Phyllis and Gary, also called.

Mrs. P. J. Seaney of Erick, Oklahoma, who has been here visiting relatives, Mrs. Bud McMinn and Mrs. P. L. Brown spent Thursday of last week in Hereford. Mrs. Brown visited her mother, Mrs. J. W. Anderson. Mmes. Seaney and McMinn visited Mrs. John Culpepper in the home of her daughter, Mr. and Mrs. John Hacker. Mrs. Seaney and Mrs. Culpepper are cousins and had not seen one another for 42 years. Needless to say, they enjoyed the visit.

Mr. and Mrs. L. A. Elrod of Waxahachie, also attended the graduation ceremonies at 9:00 a.m. Friday at TWU, in Denton. The Lindsey family returned home with her parents on Friday and were their guests until Monday.

Rev. and Mrs. G. A. Elrod went to Abilene on Tuesday of last week and accompanied their daughter and family, Mr. and Mrs. C. R. Lindsey, Teri and Jeri, to Denton on Wednesday, where Mrs. Lindsey received her M.A. Degree in

Speech and Hearing from Texas State Women's University on Friday morning. Mrs. Lindsey has been Speech Therapist in the Abilene Public Schools for the past seven years.

**WEST TEXANS SAY OF P-A-G MAN... that's sorghum!**

The way P. A. G. Sorghums look in the field makes everybody who sees them exclaim "Man, That's Sorghum!"

P. A. G. has earned the confidence which farmers have in this sorghum. Each exclusive variety is researched, tested, and proved before it is offered for sale. Then when you plant P. A. G., you can be confident that not only will it look good in the field, but it will provide top yields. Careful quality control through triple isolation on seed production pays off in your field when you plant P. A. G. Sorghums. Hundreds of tests have proved it.

Now is the time to book your P. A. G. seed.

Family reunions have dotted the summer. Some are held annually, some bi-annually, and some occasionally.

Many of the families schedule their reunions for late summer, in order to have one last good time before the opening of school.

**McGowen Family**

Thompson Park in Amarillo, was the scene recently of a reunion of descendants of the late Mrs. Rhoda McGowen, formerly of Silverton. Among the 64 members attending were seven of Mrs. McGowen's children and their respective mates, including Mr. and Mrs. Bill Watters and Mr. and Mrs. Claude Loudermilk of Silverton; Mr. and Mrs. Warren Merrell of Quitaque; Mr. and Mrs. Dyke McMurry of Dumas; Mrs. Lola Standifer of Plainview; Mr. and Mrs. Bud McGowen of South Plains; and O. J. McGowen of Amarillo.

Children unable to attend were Mrs. Red Mophett of Abilene and R. L. McGowen of Hereford.

J. O. McGowen of Amarillo, organized the affair.

Others attending included Mrs. Harold Barbour, Mr. and Mrs. W. L. Toler, Mr. and Mrs. John Bourland, Richard W. Toler, Mrs. Jolene McGowen, Jerry Don and Larry McGowen, all of Amarillo; Howard Standifer of Plainview; Mr. and Mrs. Wayne Pigg of Kress; Mr. and Mrs. Gerald Smith of Quitaque; Mr. and Mrs. Ben S. Bingham, Mrs. Hazel McDaniel and Mr. and Mrs. Charlie B. Parker, of Silverton.

**Crow-Griggs Family**

Mmes. H. S. Crow and Carl S. Crow have been recent visitors with relatives down state. They attended a Crow-Griggs family reunion at Alvarado on Sunday. Mrs. B. D. Fanning and Mr. and Mrs. Ernest Fanning of Plainview, and Mrs. Tom Land and Tommy of Dumas, former Silverton residents, also attended the reunion.

**Story Family**

The Story family met at Cloudcroft, New Mexico, for a family reunion and to make plans for an annual get-together. They enjoyed the refreshing mountain air and an outdoor meeting.

Attending were Rev. and Mrs. Frank Story and Milton of Silverton; Mr. and Mrs. Bill Story and Elaine, Denver City; Mr. and Mrs. Jim Story, Plains; Mr. and Mrs. J. C. McCullough, Brownfield; and Mr. and Mrs. C. O. Duncan and Cickie, Austin. Mrs. Duncan was selected to make plans for the next meeting.

**Strickland Family**

A Strickland family reunion was held in the home of Mr. and Mrs. Alton Strickland, Bill and Ann, on Saturday and Sunday. Those present were Mr. and Mrs. Leo Trimm and Janet, of Richmond, Virginia; Mr. and Mrs. Chester Strickland and Kay of Denton; Mr. and Mrs. J. D. Strickland of Odessa; and Mr. and Mrs. Hugh Nance, Nancy, Juannah and Wayne.

A wonderful time was reported by the brothers and sisters and their families. All the brothers and sisters were present for the occasion.

**WHO'S NEW**

Mr. and Mrs. John Kile of Amarillo are the proud parents of a new son, born Thursday, August 25. Mrs. Kile is the former Rita Johnston. The baby weighed 7 pounds 4 ounces and was named James Alvin.

The couple also has twins, Ricky and Vicky. The grandmother, Mrs. Wallace Johnston, and Mrs. Odell Johnston, of Quitaque, went to Amarillo Thursday and brought the twins home to stay until Sunday. She returned them home on Sunday and is staying a few days to help care for the family.

**Broiled Peach Halves**

Sprinkle drained canned cling halves with lemon juice and grated lemon rind, then with sugar and ginger. Broil until edges are lightly browned. Serve hot, with meats. These are especially good with ham or chicken. To make them for dessert, be a little more generous with sugar and serve topped with sour cream.

**Reed Family**

There were about 400 people present at the Reed Family Reunion in Nacona, Texas, on August 27 and 28. They began to gather Saturday afternoon and about 50 people spent the night there. They were joined on Sunday by people from every section of the state and from Oklahoma and New Mexico.

Those attending the reunion from Quitaque were Mr. and Mrs. I. F. Reed, Mr. and Mrs. James Reed and children and Kim Kimmel, Mr. and Mrs. E. G. Reed and girls, Mr. and Mrs. George Reed and Wesley, Mr. and Mrs. Horace McDonald and children. This group was also accompanied by Mr. and Mrs. Cecil Reed and children of Denver City, who had been visiting relatives in Quitaque the previous week.

**Garrison Family**

A family dinner was held in the home of Mr. and Mrs. Dan Garrison, Raye and Roy, on Sunday. The occasion was in honor of Mr. and Mrs. Carl Gauntt, Mickey, Shonda, here from Fort Lewis, Washington, and Renee, who have just returned.

Other guests were Mr. and Mrs. Gabe Garrison, Mr. and Mrs. Carroll Garrison and Jerry, Mr. and Mrs. Pascal Garrison, Carolyn and Max, and Mr. and Mrs. Buck Hardin, Wendall and Ann, Silverton; Mr. and Mrs. Vernon Garrison, Tom and Cliff of Tulsa; Mr. and Mrs. Elmer White and Ruth, Grady, New Mexico; and Mrs. Leroy Saul, Sherry, Chuck and Weymon, of Kress.

**Kitchens Family**

Mr. and Mrs. Bailey Childress of Lockney, Mr. and Mrs. Morris Kitchens, Mrs. John Vaughan and Mrs. J. E. Vaughan attended a Kitchens family reunion in Seymour on Saturday and Sunday.

Because of rain they had to move from the park to the VFW Hall where they had a wonderful time with many relatives present. All living members of the original family were present. They were Morris Kitchens and Mrs. John Vaughan, Silverton; Sam Kitchens and Mrs. Elvie Stokes of Lubbock; Mrs. Donia Bradshaw of Whitesboro; Mrs. Mary Kitchens of Dallas; and Mrs. Sallie Williams of Haskell.

Mr. and Mrs. Bud McMinn were in Plainview Saturday for Bud's checkup with his doctor. He seems to be improving.

**Honored With Reception**

Mrs. Martha D. Hadaway was honored on her 85th birthday with a reception given in the Fellowship Hall of the Quitaque First Methodist Church on Thursday, August 25th.

About thirty-five guests were registered. The honoree received many lovely gifts. Mrs. J. W. Lyon, Sr. presented her with a lovely birthday cake for the occasion.

**Miss Hunt Honored With White Bible Ceremony**

The YWA's of the First Baptist Church honored Miss Frankie Hunt in a White Bible Ceremony on August 22, in the home of Mrs. Winnie Wimberly.

Those taking part in the ceremony were LaWanda Reid, Carolyn Garrison, Toni Rhode, Celene Lanham, Nell Rackley, Doris Estes, and LaGuan Thompson. Others present were Elaine McDaniel, Becky Mallow, LaJuan Curby and Mrs. Winnie Wimberly, the YWA Director.

After the ceremony, Frankie was surprised with the gifts of kitchen gadgets and utensils.

Refreshments of punch and cake squares were served at the close of the meeting.

**SURPRISE PARTY HONORS**

**M. G. MORELAND**

Members of the faculty of Silverton Schools recently honored M. G. Moreland with a surprise dinner. Mr. Moreland has been Superintendent of Schools in Silverton for the past ten years, and his retirement on July 31 ended a 37-year teaching career. High School Principal O. C. Rampley presented Mr. Moreland a gift on behalf of the faculty.

Attending the dinner were Mr. and Mrs. Carman Rhode, Mr. and Mrs. Buster Miller, Mr. and Mrs. Orville Turner, Mr. and Mrs. Alvin Redin, Miss Anna Lee Anderson, Mr. and Mrs. O. C. Rampley, Mrs. Jessie Bomar, Mrs. Gilbert Elms, Mr. and Mrs. Robert Wheelchel, and Mrs. Moreland.

Mr. and Mrs. Moreland are making their home in Silverton, where he is associated with Willson-Nichols Lumber Company.

**MR. AND MRS. COBB HONORED ON GOLDEN WEDDING ANNIVERSARY**

Mr. and Mrs. Walter Cobb of Quitaque, were honored Sunday, August 28, 1960, with open house. The occasion was the celebration of the couple's fiftieth wedding anniversary.

At noon a picnic lunch was served in the Quitaque park.

Approximately 141 guests called at the Cobb home between the hours of 2:00 and 5:00 p.m. to extend their best wishes to the couple.

Nine of the original wedding guests were present, Mr. and Mrs. G. F. True, Lizzie Freeman, Mr. and Mrs. C. M. Chappell, Mr. and Mrs. G. A. Braly, Celia Slayton, and Allen True.

The Cobb home was decorated with arrangements of gold mums. The serving table was laid with a gold lace cloth. Golden punch and a cake shaped in the numeral "50" iced in gold were served by daughters-in-law, Mrs. Woodrow Cobb and Mrs. Orville Cobb. Melvin Cobb, a grandson, regis-

tered the guests, and Misses Janice, Sharon and Rhonda Cobb, granddaughters, showed the gifts.

Mr. and Mrs. Cobb enjoyed the presence of their children, as well as all of Mrs. Cobb's sisters and brothers, G. F. True, Decatur; Allen True and Celia Slayton, Edmonson; and Lettie Braly, Sterling, Oklahoma. Brothers and sisters of Mr. Cobb who were present for the festivities were Mrs. Walter Vaughan and Miss Ruth Cobb, Fort Worth; and Mrs. Lizzie Freeman, Greenwood. Two were unable to attend, Comer Cobb of Sherman and George Cobb of Alvord.

Also present were a number of nieces and nephews, great-nieces and great-nephews. All of their grandchildren were present and assisted with the hospitalities of the home.

Many fond memories were recalled during the day.

Mr. and Mrs. Cobb were married on Sunday, August 28, 1910.

**Clifford Allard Surprised With Birthday Dinner**

On August 25, at 7:00 p.m., Clifford Allard was given a surprise salad dinner in honor of his sixty-fifth birthday. A group of friends arrived at the appointed hour at the Allard home.

Homemade ice cream and cakes were served and a good time was reported.

**Asparagus Dressing Serves as Garnish**

This tangy dressing is enough for two pounds of hot, steamed asparagus. Clarify 1/2 cup of sweet butter by melting it slowly and skimming off froth as it rises to the top. Arrange cooked asparagus on hot serving platter, add the strained juice of one large lemon or lime and the yolks of 2 hard-cooked eggs forced through a sieve.

Garnish with egg whites cut into fancy shapes. Stir 1/2 cup of crushed potato chips into melted butter and pour over asparagus.

Mr. and Mrs. Bruce Womack and LeAnne.

Mrs. W. C. Womack, Sr. and W. C. Womack, Jr., of Gordonville, spent Tuesday of last week here transacting business and visiting

**It makes good sense to pre-plant ammonia on wheat land**

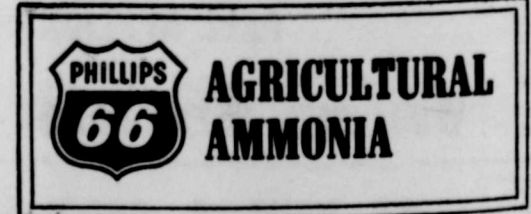

Prominent West Texas farmers like **RAY SCHULTE** use ammonia to get wheat yields up to 60 bu.

Ray Schulte of Castro County, who farms 875 acres, says: "On this soil around here, it wouldn't pay you to put in a wheat crop without ammonia." Applications of 100 pounds of Phillips 66 Ammonia per acre have given Mr. Schulte up to 60 bushel per acre wheat yields. "On maize," he reports, "I put down 100 to 120 pounds of Phillips Ammonia per acre. I've made 8600 pounds maize per acre in the De Kalb 5-acre contest. Ammonia on cotton gives me about 1/4-bale increase per acre."

Thousands of Texas farmers are using Phillips 66 Ammonia to help assure top net profits per acre. Actual field reports prove that Phillips 66 Ammonia (1) boosts wheat and small grain yields (2) increases maize yields (3) produces more high grade cotton (4) improves forage production.

See your local Phillips 66 Ammonia Distributor now. You can depend on better ammonia service.

"A peach never falls very far from the tree." The fruit may sway in the breeze, even bump and roll a bit, but likely as not will land pretty close to the tree.

Someone has likened our children unto this old saying. The idea of course, was not new. It was found in the Bible in the verse that reads something like the following: "Bring up the child in the way he should go, and when he is old he will not depart from it."

It takes just a bit of age to make some of us know just how true these statements are. All of us have passed through the age when we sway around a bit and momentarily seem to depart from the things we have been taught. Some, like the prodigal son, have to meet with bitter experiences before we turn back toward the good advice and care we have left, but one way or another, we do usually come back to the realization.

If we believe the above is true, then our job as a parent needs to be put over and above everything else. The way we live not only becomes our tree of life but also the pattern and scope for those who follow in our footsteps.

Now and then we see the son who never seems to come back to the influence of the early life. Sometimes the effects of their mis-spent years keeps them from ever doing so, but we believe that they do come back to the knowledge of what was right. Again, we find children who live wonderful lives in the face of bad examples. Perhaps even in disgust they turn to the example of someone else. But the hosts that can not be numbered follow after the influences of those who have loved and cared for them during their young and tender years.

Chyrel Cowart visited Mary Crawford at Claytonville from Tuesday until Friday of last week.

### Witnesses To Attend Assembly

The Quitaque Congregation of Jehovah's Witnesses are cancelling all local meetings for their "Seek Peace and Pursue It" assembly in Altus, Oklahoma, September 2-4.

The 19 congregation meet of Texas Circuit No. 9 will be held in the City Auditorium in Altus, V. D. Tiffin, presiding minister of Jehovah's Witnesses in Quitaque, said they are expecting some 600 delegates from Texas, New Mexico and Oklahoma.

The program will consist of morning, afternoon and night sessions of Bible talks, discussions and demonstrations, designed to train the witness minister in seeking peace and pursuing it.

Chairman and supervisor of the three-day training program will be R. L. Anderson of Brooklyn, New York. Anderson, a native of Montana who received a bachelor of science degree in chemical engineering from Montana State College, began studying for the ministry in 1939, ordained as a minister of Jehovah's Witnesses in 1941 and was appointed to serve as district supervisor in 1953. Previous to this appointment Anderson served six years at Jehovah's Witnesses' Headquarters in Brooklyn.

The assembly highlight comes Sunday at 3:00 p.m. when Anderson speaks on the subject, "Finding Peace in This Troubled World."

Mr. and Mrs. Bud McMinn were weekend guests of their daughter and family, Mr. and Mrs. Melvin Watkins and daughters, in Amarillo.

Mr. and Mrs. L. B. Garvin, Jr., Lane and Dana returned home Sunday evening after a five-day trip to Red River, New Mexico, and points in Colorado and a visit with Pvt. and Mrs. H. B. Simpson in Kansas City, Missouri.

Ray Savage of Odessa, and Paul Neese of Amarillo, spent the weekend here with their families and took them home after a two-week visit with the ladies' parents, Mr. and Mrs. Olos Chitty, and other relatives.

### Hi-Plains Hi-Lights

NEWS from the High Plains Research Foundation

Many new research projects as well as new machinery, aviation and irrigation exhibits will be features of the Fourth Annual Field Day at the High Plains Research Foundation Wednesday afternoon, September 14, at Halfway, Texas.

Scientists will discuss results and progress with the new expanded research program with cotton. Other new research to be reviewed will include flame cultivation, sesame and soybean breeding programs, and the expanded research programs with grain sorghum and castor beans. Soil and water conservation research involving irrigation cycles with cotton and grain sorghum, bench leveling, including irrigated and dryland studies, and recharging surface water underground will also be included in the afternoon's program.

Tractor drawn trailers will transport visitors throughout the Field Tours.

Dr. T. C. Longnecker, director of the Foundation, stated that a full afternoon's program has been arranged for the guests.

### Methodist News Notes

Rev. Harry Lewis and Rev. Jim Smith filled the pulpit for the pastor who was away for a family reunion and a funeral last weekend.

There will be a meeting of the District Methodist Stewardship Movement at First Methodist Church in Plainview Friday, September 2. A number of the local leaders are planning to attend.

The Methodist Youth Fellowship will have their Sub-District meeting Tuesday, September 5. The place will be announced.

Rev. and Mrs. Frank Story and Milton attended the funeral of Robert Stone at Brownfield Friday, August 26.

Mr. Stone was in the employ of a crop dusting firm at Brownfield and was killed when his light plane hit a power line. He was the son of Mr. and Mrs. Marion Stone and the husband of Mrs. Marion Stone, a niece of the Story family.

### New Motor Vehicle Inspection Stickers Are Available

The new 1961 Motor Vehicle Inspection stickers are available to Texas motorists at approved inspection stations today, September 1.

Captain Alan Johnson of the Texas Department of Public Safety, recommended that Texans have their vehicles inspected early in the new inspection period which extends from September 1 to April 15, 1961. Vehicles not displaying the new sticker after April 15 will be operating in violation of the law.

"In the vast majority of cases," Johnson said, "this program has become a very minor inconvenience and expense to the motor vehicle owner — provided he moves early to comply with the law."

"The more than 4,500 authorized inspection stations over the State are capable of handling the inspection of Texas vehicles without delay if owners will not wait un-

### FINES PAID FOR FISHING WITHOUT LICENSES

There were many lucky fishermen in Texas during August, but 400 of them definitely weren't. Of the 501 arrests made by game wardens last month, 400 of them were for fishing without the \$2.15 license required.

Unlucky hunters also were arrested for hunting from automobiles, killing deer, ducks, quail and curlew out of season.

Two more fishermen also paid fines for "telephoning," which is the use of electrical device for taking fish.

The 501 arrested paid fines and costs totaling \$8,514.80 according to the director of law enforcement, Game and Fish Commission.

## Bill Edwards Named On FHA Committee

Appointment of Bill Edwards as a member of the Farmers Home Administration county committee was announced this week by Ralph E. Griffiths, the agency's county supervisor serving Swisher and Briscoe Counties.

Mr. Edwards owns and operates a farm northeast of Silverton. He has been farming in Briscoe County for the past 15 years, and is familiar with dry-land and irrigated farming as well as livestock production.

Two other members make up the 3-member committee which works with the county supervisor to see that the best possible use is made of the agency's farm credit service program consistent with local farmers' needs. The other two members are Donnie E. Brunson, Quitaque, Texas, and Alton P. Steele, Silverton, Texas. Mr. Brunson will serve as committee chairman during the next, or 1961, fiscal year.

Each member is appointed for a 3-year term. Mr. Edwards succeeds Aubrey B. Rowell, of Silverton, whose 3-year term expired this year.

The committee determines the eligibility of individual applicants for all types of loans. It also reviews borrowers' progress and aids the county supervisor in adapting the agency's loan policies to conditions faced by farmers in this area. Members are selected and appointed so that, so far as possible, different areas or neighborhoods are represented.

The Farmers Home Administration makes annual or intermediate term loans to farmers who need adequate funds to buy equipment and livestock, and longer term loans to build or repair houses and other essential farm buildings, and to purchase or improve land suitable for family-type farm operations.

It also advances credit to farmers on their non-profit associations to establish and carry out approved soil and water conservation practices, and to install and improve

Mr. and Mrs. J. C. Rhoderick, Sr., transacted business in Amarillo Monday.

The Young Couples' Club enjoyed a chicken supper and square dancing at the local fire hall Friday evening. This club has recently been organized and is open for membership. They plan to meet each Friday evening, but will meet this week on Saturday evening because of the conflict with the football game.

Those attending last Friday evening were Messrs. and Mmes. Deleath Peugh, Leo Fleming, Don Cornett, Dyrle Maples, Carroll Welch, W. D. Rowell, Bryant Edleman, Pascal Garrison, Ronald Dale Kitchens, Jack Mayfield, Bill Baird and Bud Couch.

Mrs. Lem Weaver, Tina and Max and Mrs. Farris Martin, Brenda and Ginger, were in Amarillo on Monday. Buddy and Bruce Washington of Tulia, spent last week in the home of their aunt, Mrs. Martin.

Linda Childress was brought home from the Northwest Texas Hospital in Amarillo on Monday of last week. She had been there for a week, and underwent an appendectomy and other surgery while irrigation and farmstead water facilities.

there. Her parents, Mr. and Mrs. N. V. Childress, took her to Tulia on Thursday of last week for removal of stitches. She is in Tulia in a few days.

Mr. and Mrs. J. K. Bean were in Plainview on Monday.

Mrs. H. P. Rampley and Milton Perry were in Tulia on Monday.
