PERSPECTIVE

by Robert Hughes

I would like to take this oppor tunity to thank the Century of Progress Study Club and its president, Mrs. George Long, on behalf of all the honor students who attended the breakfast that the club gave in our honor. This was the third consecutive year that the Century of Progress Study Club has sponsored a breakfast for the honor students of our high school. In order to attend this breakfast, students must have been on the honor roll with an "A" in each subject, at least once during the school year. In addition to spansoring the breakfast, the Century of Progress Study Club also bought and presented to each honor student a beautiful gold pin with the word "honor" imprinted on it.

Our school can be proud of its record in the Interscholastic League. The past few years interest in the high school portion of the Interscholastic League has been declining. But Silverton has steadily entered and won many of the literary events year after year. This year we won second in the District Interscholastic League est in the District Meet. Our stud- son. ents have been entering new contests and winning many of them.

Since God is the Savior and we are the sinners we have no right to dictate the terms of pardon. It is sheer folly to believe that a sinner can either select a way that suits his fancy or can make up a way to obtain pardon that is "as good as" God's

Satan has succeeded in destroying the efforts of many by leading them to believe that they have a right to dictate their own terms. He has deceived men into thinking that once such terms are written and announced by religious leaders that such then becomes "just as good as" God's way.

So long as men are content to let their hearts continue to be broken through divided homes by the denominational system there is little hope of their finding His way. So long as men permit themselves to be shackled in denominational pens, being fed a diet of one part truth, one part error and opinion and one part prejudice, there is little hope. As long as men continue to boast how proud they are that they are going "their" way there is little hope of their learning His way.

What is suggested here is not just a better way but the ONLY way. No one is saved short of obeying Him (Matt. 7:21; Hebrews 2:8, 9). And those who preach other gospels have God's wrath resting upon them (Gal. 1:8, 9). The destiny of the soul depends upon our learning and obeying the truth (Jno. 8:32; Matt. 15:9, 13, 14.).

Those who have learned meekness bow humbly before God, accept His Word as the only guide, obey it and it alone, and reject all that it does not support. If you will seek the truth in the Bible you will learn the truth and will help to restore God's Word to its proper place as the final authority in religious matters.

We invite you to come and study the Bible with us at the Silverton Church of Christ.

The climate couldn't be better for buying a new JET-SMOOTH CHEVROLET

(and that's the car more people are buying!) There's nothing like one of these Jet-smooth Chevrolets to fit into your summer travel plans. They're built to take long trips in stride-from the special brand of "git" they've

got under the hood (choose from 26 engine-transmission hookups designed to please the most persnickety driving foot) to the cave-sized totin' area in the rear (the tailgate opening on that wagon measures nearly 5 feet across). And every gentle riding Jet-smooth

model brings you Body by Fisher features you won't find in any other car in Chevrolet's field-wide stroke parallel action windshield wipers, convenient crank-operated ventipanes, one key 6 that fits all locks. No wonder more people are

buying Chevrolets than any other make! And right now-with things brightening up all over the landyou couldn't pick a better time to drop in and check the beautiful buys that are con blossoming out at your dealer's.
