## FROM THE COUNTY AGENT'S OFFICE

Extension Service Leaflet 145 "The Cotton Defoliation Guide for Texas for 1961" is now available at my office. The new 1961 guide again lists the available cotton defoliants and desiccants as well as the proper rate and concentration for applying each of the chemicals. This year's guide again stresses the importance of being sure cotton has reached the proper stage of maturity before applying. Farmers should keep in mind at least 60% of the bolls should be open before a defoliant is applied and the remaining bolls should be fairly mature. At least 80% of the bolls should be open and the remainder of the bolls should be mostly mature before a desiccant is applied. Keep in mind that a desiccant acts similar to a frost

and that it kills all of the leaves and the plant. The action, however, is less abrupt than a killing frost because it takes the desiccants a few days to kill the cotton plants, whereas, a killing frost is a more instant-type action and an immediate shock. Defoliants do not kill the plant, but instead cause the mature leaves to drop off, which is the reason defoliants can be applied with a smaller percentage of the cotton open.

Farmers will want to keep in mind that to produce quality and high yields, cotton cannot be defoliated or desiccated before the proper stages of maturity are reached. Research at the Lubbock Station has shown that too early applications (30% of open bolls) of both defoliants and desiccants has reduced lint yields as much as 175 pounds per acre. On this same test the early treated cotton graded wasty while the untreated cotton graded higher. It should also be remembered that cotton that is treated with a defoliant or des-

iccant too early has a lower micronaire than that which is not treated or is treated at the proper stage.

This is not to say that cotton defoliants and desiccants do not have a place in growing and harvesting quality cotton. They very definitely do. However, for top quality cotton and maximum yields wait until 60% is open before applying a defoliant or 80% is open before applying a desiccant.

Keep in mind that many of the harvest aid chemicals are very poisonous. Be sure to read the labels on the containers carefully before handling or using these materials.

☆☆☆  
Looking over last year's, 1960, irrigated wheat fertilizer tests from the High Plains Research Foundation, I noticed that they received good response of the use of phosphate. To my knowledge, this is one of the first if not the first test getting response from phosphate on heavy soil.

I called Dr. Longnecker, Head of the Foundation, about this year's results. He said they received good response from phosphate again this year, but it was in a combination with nitrogen where the 1960 highest return was phosphate alone. He was of the opinion that it would pay to fertilize with phosphate irrigated wheat on land that had been watered a number of years. His opinion, he said, was based only on two years' results, but these showed a definite need for phosphate.

☆☆☆  
False wireworm cause considerable damage to germinating wheat in the Texas Panhandle. The greatest injury caused to wheat by these worms occurs during dry Fall seasons. Often wheat is seeded in the Fall and lies several weeks before germination. If present, the larvae of the false wireworm will eat the germ of the kernels during this period. To insure a good stand of wheat several insecticides can be mixed with the seed. Recommended insecticides for the control of false wireworm are Dieldrin, heptachlor and aldrin when used at the rate of 2 ounces per 100 pounds of wheat seed.

In tests conducted at the Bushland Experiment Station, stands and yields of wheat were doubled where these insecticides were used at the recommended rates.

Mr. and Mrs. Ed Minter of Rankin, former Silvertown residents, were overnight guests of Mr. and Mrs. Joe B. Mercer recently.

Mr. and Mrs. Floyd Woods were in Morton recently where they visited his brother, Ruel Woods, and sister, Mrs. Eula (Crawford) Rogers. They also visited sons of Mrs. Rogers, Messrs. Tommy, Joe Edd, Don, and Rex Crawford and families.

Mrs. Louis Francis returned home from the Plainview hospital last week and is thought to be recuperating satisfactorily from surgery which she underwent there the previous week.

## SOIL CONSERVATION DISTRICT NEWS

Everyone realizes that our District has been very dry since the latter part of July. A few spots had some rain during August and September, but they were widely scattered and not very effective. The very dry conditions that we have points up the wind erosion problems that we can face this winter. Every effort should be made to maintain what crop stubble we do have on the soil surface. A large amount of wheat is being drilled without the benefit of soil moisture. Where stubble exists from last year's crop, it should be maintained on the soil surface. It will help protect the young wheat seedlings in case they come up.

If we fail to get enough rain to bring the wheat up, then the stubble will protect the soil during the winter.

Walter Graham, west of Quitaque, and Pascal Garrison, west of Silvertown, are doing a fine job with stubble from last year's wheat crop. Of course, there are many others who are, also.

Cotton land, especially in the dryland area around Quitaque, can be especially susceptible to wind erosion this year. Listing or chiseling should be performed at the first sign of soil blowing.

Grain sorghum stubble should be left undisturbed through the winter. This is especially true on fields not irrigated, and the sandy areas near Quitaque.

Mrs. Ross McWatters has left her home in Ventura, California, after spending several days here helping care for her mother-in-law, Mrs. Henry McWilliams, who is thought to be recovering satisfactorily.

Mrs. Jack D. Baldwin and Debra of Amarillo spent last week with Mr. and Mrs. F. C. Gatewood, Sr. and other local kin. Joy seemed to have a case of the flu and was quite sick when Mr. Baldwin brought her to the home of her parents on Sunday.

Mr. and Mrs. Seymour Brannon and son, Wade, and grandson, Brent, recently visited Mr. and Mrs. R. L. Young and family in Floydada on Sunday.

## Steele Family Has Reunion

A Steele family reunion was enjoyed in the Plainview park on Sunday, September 24. They gathered at the noon hour and had a picnic lunch. Those attending included Mr. and Mrs. Charles Springer and children and Mrs. W. A. Springer of Hereford, Mr. and Mrs. H. R. Fulton and children of Amarillo, Mr. and Mrs. Dean McWilliams of Plainview, Mr. and Mrs. Elbert Summers of Dimmitt, Mr. and Mrs. Jack Springer of Kress, Dale Francis of Lubbock.

Messrs. and Mmes. Wade Steele, Alton Steele and Jim, J. R. Steele, Kim and Raymond, Joe L. Mercer, Louie Kitchens and Joe, Claude Jarrett, Ruby Jo, Patricia, and Sharon, Garland Francis and Jace, and Mrs. Jim Mercer and Kent. Also Mrs. Lucy Sims of Clovis, New Mexico, Dale and Winona Swopes of Portales, New Mexico, and Mrs. Phillips of Hereford.

Mrs. James Stevenson spent a recent weekend with relatives in Borger.

### READY MIXED READY TO USE

Just as it comes from the handy tube. For the first time... ready mixed... ready to use. Liquid STEEL repairs most anything made of metal. It's non-shrinking, non-rusting. Big 6 1/2 \$1.00 oz. tube from the originators of famous DURO-PLASTIC

### Miss Thompson Feted With Pre-Nuptial Courtesy

Twenty of her close friends and classmates attended a pretty pre-nuptial courtesy honoring Miss LaGuan Thompson, bride-elect of Mr. Joe Riney, recently in the home of Mrs. C. O. Allard.

Mrs. Bill Edwards and Mrs. Shafe Weaver presented special musical selections for the group, and gifts of kitchen gadgets were presented to the honoree from a mahogany teacart covered with a white drawn-work cloth with colored clothespins clipped around the edges.

The corsage for the bride-to-be was fashioned with artificial blue and white cornflowers secured with a blue plastic clothespin. Mrs. Luke Thompson, mother of the bride, was presented with a corsage made from a blue foam dishwashing brush tied with a white bow.

Mrs. Thompson registered the guests and Mrs. Clyde Hutsell presided at the refreshment table. The registration table was decorated with a dainty arrangement of Shasta daisies and baby daisies. The serving table was laid with a white

drawn-work cloth centering a large bouquet of baby daisies and Shasta daisies. A petite bride doll graced the table, standing with open arms on a wide blue satin ribbon. The arrangement was enhanced with matching blue bows from which extended blue ribbons on which were the names "Joe" and "LaGuan". Blue satin bows were scattered over the table, further carrying out the bride's chosen colors.

Napkins decorated with wedding bells were used with silver and crystal table appointments. White punch with a frozen ring of blue floating in it, coffee, applesauce cookies, mints and nuts were served.

STATEMENT REQUIRED BY THE ACT OF AUGUST 24, 1912, AS AMENDED BY THE ACTS OF MARCH 3, 1933, AND JULY 2, 1946, (Title 39, United States Code, Section 233) SHOWING THE OWNERSHIP, MANAGEMENT, AND CIRCULATION OF Briscoe County News published every Thursday at Silverton, Texas, for October 1, 1961.

1. The names and addresses of the publisher, editor, managing editor, and business managers are: Publisher Charles R. Sarchet, Box 255, Silverton, Texas; Editor Charles R. Sarchet, Box 255, Silverton, Texas; Managing editor Mary Ann Sarchet, Box 255, Silverton, Texas; Business manager Mary Ann Sarchet, Box 255, Silverton, Texas.

2. The owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding 1 percent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a partnership or other unincorporated firm, its name and address, as well as that of each individual member, must be given.) Charles R. and Mary Ann Sarchet, Box 255, Silverton, Texas.

3. The known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state.) none.

4. Paragraphs 2 and 3 include, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting; also the statements in the two paragraphs show the affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner.

5. The average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months preceding the date shown above was: (This information is required from daily, weekly, semiweekly, and triweekly newspapers only.) 950.

Charles R. Sarchet, Publisher Sworn to and subscribed before me this 23rd day of September, 1961. Bessie Garrison (My commission expires June 1, 1963.)

Mrs. H. S. Crow returned home Saturday of last week after a two-week visit on the West Coast. Mr. and Mrs. Jim Jones of Lubbock, and Debra Hulsey of Dumas, and Mrs. Crow were guests of Mrs. Ethel Hulsey and Major Charles Hulsey at Dale City, California. Mrs. Hulsey, mother of Mrs. Jones and Major Hulsey and grandmother of Debra, is a sister of Mrs. Crow. The party enjoyed a trip to Hollywood, a Major League ball game between the Giants and the Cincinnati Reds, a cruise on San Francisco Bay and many other interesting sights.

Mrs. Herman Miller of Santa Monica, California, left for home last Friday after a three-week visit with her mother, Mrs. J. N. Cantwell, and sisters, Mrs. Katie Hill and Mrs. Marie Bishop. Mrs. Bishop returned to California with Mrs. Miller for a visit with her and other relatives there.

Mr. and Mrs. Darrell Fleming and son of Amarillo, were recent weekend guests of his sister and family, Mr. and Mrs. Elton Cantwell and children. Other Sunday dinner guests in the Cantwell home were Mr. and Mrs. Eddie Ketchersid and children of Houston, Mr. and Mrs. Owen Ketchersid of Crowell, Mr. and Mrs. Earl Cantwell, Mr. and Mrs. Wayland Fitzgerald, Mr. and Mrs. Dotis Martin and children, and Mr. and Mrs. John Francis and children.

If the nation's communications systems were suddenly to blare out that sixty-six divisions of armed men would, within the next few weeks, be invading our marshes and forest lands the results would amount to a near panic. Yet this is exactly what's going to happen between now and October when more than a million bright-eyed nimrods will eagerly turn into walking arsenals, set out to drink in the autumn air and return home loaded with prized venison, rare fowl, and in some cases the pelt of a fellow hunter. This is also the time when forest rangers, gamekeepers, local sheriffs and first aid stations tensely prepare for the possible carnage that could ensue when the eagerly sought target turns out to be the backside of a brother in arms. The National Rifle Association of America suggests that rigid adherence to a few basic rules of sane and sensible gun handling can spell the difference between a robust, happy holiday and tragedy. N.R.A.A.'s more than half million members live by these rules: (1) Treat Every Gun As If It Were Loaded—it is always the unloaded gun that seems to do the damage. (2) Always Point The Muzzle In A Safe Direction—the true gun expert is easy to spot by the way he handles his gun. (3) Be Sure Of Your Target—no trophy is worth an uncertain shot. (4) Be Sure Of Your Backstop—bullets can go for incredibly long distances. (5) Avoid Alcoholic Beverages Before And During Shooting—it really doesn't keep you warm and can affect your judgment. A forest with its autumn colors is a beautiful thing to contemplate thus if you are not sure of your target, light up a cigar—sit down—relax until you have planned your next move.

Mrs. Eddith Morgan of Kress has been here for several days visiting her daughter and family, Mr. and Mrs. Olos Chitty and Norman. Other weekend and Sunday visitors included Mr. and Mrs. Paul Neese, Connie and Allen, Mr.

and Mrs. Ray Savage, Ricky and Randy Savage, Keith and Jim Berry of Amarillo; Mr. and Mrs. Virgil Chitty of Plainview, and Mr. and Mrs. Joe Grabbe, Pat and Donna.

Milton Dudley attended the State Convention for County Judges and Commissioners in San Antonio early last week. He recently attended the Panhandle Convention held in Amarillo.

Richard Wayne Toler of Amarillo spent the weekend here with his mother, Mrs. Bill Watters, and Mr. Watters.

Mr. and Mrs. Carol Davis and Alex of Hart visited her parents, Mr. and Mrs. Milton Dudley and Connie on Sunday.

Mr. and Mrs. J. C. Rhoderick, Jr. and Eddie of Plainview were Sunday dinner guests of Mr. and Mrs. J. C. Rhoderick, Sr.

Solon Owens of Turkey transacted business here Monday and was a guest for lunch with Mr. and Mrs. J. C. Rhoderick, Sr.

Mrs. Cara Donnell returned home Sunday after spending several days in Canyon with her son and family, Mr. and Mrs. Deene Donnell and sons.

Mr. and Mrs. James Allison and son of Lubbock spent the weekend here with their parents, Mrs. Annie and Louis and Mr. and Mrs. Claude Allison and Tony.

Norman Chitty, son of Mr. and Mrs. Olos Chitty, was inducted into the military service in Amarillo on Monday and has been sent to Fort Carson, Colorado.

Mr. and Mrs. Herbert Webb of Lubbock were visitors with Mrs. H. P. Rampley last Wednesday and Thursday.

Mr. and Mrs. W. E. Tait of Sweetwater, and daughter, Mrs. Claude Grimes of Littlefield, were guests of his sister and family, Mr. and Mrs. Eugene Long, Sunday and Monday.

Mr. and Mrs. Jack Davis and Mr. and Mrs. E. H. McGavock attended a surprise birthday party in Childress Wednesday evening of last week honoring Mrs. W. J. Frazier, mother of Mrs. McGavock.

John Guest, youngest son of Mr. and Mrs. Garner Guest of Lubbock, underwent emergency surgery in St. Mary's Hospital in Lubbock Monday evening. He was thought to be doing fine early Tuesday. John is the grandson of Mrs. John R. Guest.

Mrs. Odell Johnston of Quitaque, Mrs. G. H. Thomas and Mrs. Glenn Smith accompanied Mr. Thomas to Amarillo for his annual physical checkup Wednesday.

Mrs. Susie Jones of Oklahoma City, has been a recent visitor with her son and family, Mr. and Mrs. Glenn Jones and Mr. and Mrs. Bill Verden and Debbie.

Mr. and Mrs. M. E. Smith and Alton Riddle spent several days in Fort Worth last week where they were guests of Mr. Smith's sister, Mrs. Albert Roglitz, and other relatives.

THESE 4-H CLOTHING UNIT GIRLS, Elsa and Amanda Castillo, Mary Albina Garcia, Olga Patino, and Mary Susie Campos have each made a tea towel and the gathered skirts which they are wearing in 4-H Club this year. They will display their work at the 4-H Fair, October 21. Mrs. Louie Kitchens is the Adult Leader who works with this group. —Briscoe County News Photo

W. J. Gresham left for Millsap early this week for a few days' visit with relatives and to help his nephew, Marvin Wright, through the peanut harvest.

Charles Edwin Cowart underwent surgery in the Lockney Hospital Wednesday morning for a cyst on his spine.

Mr. and Mrs. M. C. Kitchens and Mrs. J. E. Vaughan were in Plain-

view on Monday.

Mr. and Mrs. Dale Smalts and David of Plainview, spent the weekend here with her mother, Mrs. J. E. Vaughan.

Mrs. Glenn McWilliams and Jim were in Plainview Saturday for Jim's appointment with the dentist. They returned home via Kress and brought Diji Couch home with them for a weekend visit.

Some people, while readily admitting that the Bible is God's word, will say that it isn't necessary for man to follow it. Their argument is this, "As an ethical and religious standard, it is impossible for a man to keep it." This indicates that God, who is all-wise, gave man something as a guide from earth to heaven that is totally impossible, so far as man's ability to comply with it is concerned.

Let's consider the matter. If God is good and just, and merciful, why would He expect of man the impossible? The Bible tell us that the gospel is GOD'S POWER TO SAVE, (Rom 1:16), that the word is "able to save souls", (Jas 1:21), and that this word will "judge us in the last day", (John 12:48). Now if God's word SAVES, and if it is to be our JUDGE, and yet is impossible to KEEP, where is the "justness", the goodness, and the mercy of God? This makes God neither good, just, nor merciful, but some kind of fiend demanding of man that which he is wholly incapable of doing. My God is not some imp enjoying my futile efforts to please Him. My God is He who gave men a book of instructions that MAN CAN KEEP. Just because man can't "see how" he can keep God's commandments in no way alters the situation.

Many people have to "see how" before they can believe in God. If they can't "see how" Christianity is workable, to them it is NOT. To many, because they can't "see how" there is a God, there is not. Had we thought that it becomes NOT a matter of faith when we "see how"? but KNOWLEDGE.

The Children of Israel couldn't "see how" God would deliver them from the Egyptians (Exodus 14), but He did. They didn't "see how" they could take such a city as Jericho, (Joshua 6), but they did. Elisha's servant couldn't "see how" there could be more "for them" than the army that was against them (2 Kings 6), but there was. Mary and Martha couldn't "see how" Lazarus could rise again (John 11:23) BUT HE DID.

When man accepts something just because God said so, — even if he can't "see how", this is FAITH. "Faith is confidence as to things HOPED FOR; conviction as to things NOT SEEN," (Heb. 11:1). This simply says faith is something that ISN'T SEEN, but for which we hope. Upon SEEING, faith disappears into KNOWLEDGE.

Yes, God gave us instructions that we can KEEP. It may SEEM that we can't — this is the way our faith is tested — but we CAN. We may even have to have help from God, but He will even provide that. Anything less is UNBELIEF.

### Not a Stone Unturned

I contend that no good can come from one who stands for nothing, for to stand for nothing is to be tolerant of everything, and to be tolerant of everything is cowardice.

It is not enough to be against something — one must be for something.

It is not enough to believe something — one must live it.

It is not enough to possess something — one must claim it.

Dr. Harris stated last week that Christianity is not a religion — it is a life. He was so very, very correct.

America is not only a country and a nation. America is a way of life — a sacred, God-granted life.

If we only believe Americanism and don't live it, if we merely possess freedom and don't claim it, if we are against communism but aren't wholly for Americanism, what can be said about the future of America?

Let us claim our freedom, stand boldly for Christianity and Americanism, and live as a true American should. And let no man nor power nor nation under God's heaven take these things from us! — Jerry Williamson

#### WHERE ARE THE

#### GRADUATES NOW?

Since their graduation last year, the Senior Class of 1961 have scattered to various colleges and occupations.

The Owl's Hoot Staff has gathered information about each of last year's Seniors and now publishes it for the benefit of our readers.

Brenda Cornett—Abilene Christian College, Abilene  
Doris Estes—Texas Women's University, Denton  
Celene Lanham—University of Texas, Austin

Daria Peugh—West Texas, Canyon LaGuan Thompson is attending Beauty School in Lubbock  
Joe Anderson—A & M, College Station

Benny Bingham—Business College, Plainview  
Guy Breedlove—Business College, Lubbock

John Burson—Hardin Simmons, Abilene  
Fred Dunham—Tarleton College, Stephenville

Dewey Estes—A & M, College Station  
Dale Francis—Texas Tech, Lubbock

Mike Mercer—Texas Tech, Lubbock  
Eldon Oneal—Clarendon Junior College, Clarendon

Dave Schott—Tarleton College, Stephenville  
Larry West—Lubbock Christian College, Lubbock

The following girls have successfully received their M. R. S. Degrees.

Carolyn Frizzell Reagan—living now in Gray Mule, Texas  
Reba Maples Tipton—living here in Silverton with her husband, David Tipton.

Nell Rackley Mayfield—living now in Lubbock  
Joy Ann McCutchen Weatherly—living here in Silverton

Other students living here now are Bill Durham, Freddie Minyard, Charles Cowart, and Jeanette Perkins.

### Evangelist Speaks To Student Body

On Tuesday, Dr. Harlan Harris, who was holding revival services at the First Baptist Church, spoke to the High School students in assembly. He spoke about the pride that is drawing young people from the church and from God. Dr. Harris said that young people should never be ashamed of being a Christian no matter what other people might think or what they might say. He warned the students not to sell themselves too cheaply and told them to weigh everything before deciding against God. Dr. Harris said there would be a day when we would need God and need him badly. Everyone should take heed of what he said.

On Wednesday, Mack Curry from Laramie, Wyoming, spoke to the high school student body. Mr. Curry was evangelist for a revival held last week at the Silverton Church of Christ. Mr. Curry brought an interesting and inspiring talk on high school life and how a student should meet it. "It's a cinch by the yard, but it's hard by the yard" was one of Mr. Curry's main themes in his talk. He said that if a student will take assignments one at a time and finish them before moving on to something else, he will find that more is accomplished than trying to do too much at once.

The student body thanks these evangelists for their fine talks and also thanks the Student Council who arranges for such speakers.

#### —BEAT THE BULLDOGS—

### School, School, and More School

We certainly have an energetic group of teachers at Silverton. You would think that eight hours a day, five days a week would be enough school to satisfy anyone, but not so with our faculty! Several of our teachers are taking weekly night courses at West Texas State College, some even taking two courses.

Mrs. Hinds, Mrs. Rampley, Mrs. Redin, Mr. Mayfield, Mr. Verden, Mr. McAlpin, Mrs. Baker, and Mrs. Davis (substitute) have all chosen to increase their educational background. They are also accompanied by Mr. James Davis.

Mrs. McAlpin, Mr. Jarrett, and goodness only knows who else, are taking correspondence courses.

With so many teachers doing double time, it surely is hard to find sympathy within our halls when we complain about school work!

#### —BEAT THE BULLDOGS—

Voice from rear seat of taxi. "I say, driver, what's the idea of stopping?"  
Driver: "I thought I heard somebody tell me to."  
Rear Seat: "Drive on, buddy! She wasn't talking to you."

Golf is the game that turned the cows out of the pasture and let the bull in.

Bobby Durham: "Do you think that LaQuetta's dress is too short?"  
Kenneth Peugh: "Well, maybe she's just in it too far."

An ape came into the bar, ordered a scotch and soda and gave the bartender a \$10 bill. The bartender assumed the ape wouldn't know the difference and handed back a 50-cent piece in change. After a while he got curious about his customer. Leaning across the bar he remarked, "We, uh, don't see many apes in here these days."  
"No," said the ape, "and at \$9.50 a drink, I can understand why."

### S. H. S. SPOTLIGHT Freshmen Participate In Aptitude Tests

Fifty-one freshmen of Silverton High School participated in a 3 1/2 hour Differential Aptitude Test on Monday of this week.

These tests show the abilities of the students pertaining to certain jobs, vocations, occupations, and especially school work.

The results of these tests are used for counseling and in guidance to help the student choose a vocation and select high school subjects.

### Teenager Go Home!

We hear teen-agers complain, "What can we do? Where can we go?"

The answer is: Go home! Hang the storm windows, paint the woodwork. Rake the leaves, mow the lawn, shovel the walk. Wash the car, scrub some floors. Help the minister, the Red Cross, the Salvation Army. Visit the sick, the poor. Study your lessons. And when you're through, if you're not too tired, read a book.

Your parents do not owe you entertainment. Your city doesn't owe you a recreation center. The world doesn't owe you a living. You owe it your time and energy and your talent so that no one will be at war or in poverty or sick or lonely again.

You're supposed to be mature enough to accept some of the responsibilities your parents have carried for years. They have nursed, protected, excused, and tolerated you. They have denied themselves comforts so that you could have luxuries. This they have done gladly, for you are their greatest treasure. Teen-agers, grow up and go home.

—BEAT THE BULLDOGS—

### PEEPIN' TOM

Who does Truman Lloyd always vote for in the boy of the week contest?

What did Brenda's daddy see when he looked through the window the Friday night of the Happy ballgame? How about that, Max and Brenda?

Why does Kenneth Cole rush out of class so fast? Could it be that he is hurrying to meet Pat Cagle? You had better watch out for your interests, Jerry M.

Helen, you may get humph-shouldered from carrying George's ring around your neck.

Who's the great typist who gets three words a minute in typing? How about that, Mac?

David House reports that several Silverton girls have found a spark and gobble in a few of the Turkey Turks. Can't report any names because of ex-students at HS-U and Tarleton College.

—BEAT THE BULLDOGS—

### FBLA Party Now In Planning Stage

The FBLA met in regular session on September 28.

All members were present. Travis Gilkeyson was accepted as a new member of the club. Shelia Jarnagin and Edith Miller received their Supervisors Degrees.

The Chili Supper which was held before the Silverton vs. Happy football game, was reported to be a real success. The members had done the work themselves and carried it off very well.

A committee was assigned to plan an Initiation Party honoring the 23 new members this year. The committee assigned was the following: LaQuetta Chitty, David House, Ann Wingo, and Larry Elms. The party will be held from 6:30 to 8:00 p. m. on Tuesday, October 10.

—BEAT THE BULLDOGS—

### A Message To Parents

Thank you for the information you have supplied me for my health records on your children. Some of the children have not brought the proper information to me but I will send notes home with the pupils  
Nurse Kleman

—BEAT THE BULLDOGS—

Fred, an ineffectual but talkative worker, spent most of his time complaining that fortune seemed to smile at everyone else, but merely sneered at him. When another employee with less seniority was promoted, his walls of self-pity filled the boss' office.

"It's the same old story," Fred moaned. "Other guys get all the breaks. But how come my ship never comes in?"

"Perhaps," his boss suggested quietly, "you never discovered that steam has replaced wind."

Diplomacy is the art of letting someone else have your way.

—BEAT THE BULLDOGS—

### Presence of Dogs Hazardous

School Nurse Kleman announced this week that the presence of numerous dogs around the school grounds has placed the smaller children in danger of being bitten.

Different children have been snapped at by these dogs, and the owners of the pets are asked to keep their dogs at home for the general safety of the children. If the dogs continue to appear at school, stronger measures will be taken against dogs and owners.

#### —BEAT THE BULLDOGS—

A man had been tormented for years by nightmares. Whenever he went to sleep, he dreamed that grotesque animals and reptiles were rushing in and out from under his bed. Finally he told a friend that he had been cured.

"I told my brother about it," he said, "and he stopped it."  
"Is your brother a psychiatrist?"  
"No, he's a carpenter," the man replied. "He sawed the legs off my bed."

#### —BEAT THE BULLDOGS—

#### WHAT IF

Helen Lewis remained calm and collected when a certain boy serving Uncle Sam came to school to see her.

The last period Typing I class didn't nearly break their necks trying to see this same boy when he came upstairs to see Helen?

Lou was the "stay-at-home" type of person who never liked to go anywhere?

The Seniors got at least six hours of sleep every night?

None of the SHS girls oohed and ahhed over a certain new math and science teacher in high school? Don't they know that he has a family?

The High School girls were to timid and lady-like to play football?

Jerry Baird and Jerry Stephens moved to Alaska and left Jealeta and Sharon?

No one waited until the last night to read a book and write a report on it?

"What's the difference between love and life."  
"That's easy. Life is one crazy thing after another; love is two crazy things after another."

#### —BEAT THE BULLDOGS—

### LUNCHROOM MENU

Thursday, October 5  
Tuna or pimento cheese sandwiches, pork and beans, potato chips, cookies, fruit, bread, and milk.

Friday, October 6  
Fried chicken, gravy, peas, mashed potatoes, jello salad, honey, apricots, rolls, butter, and milk.

Monday, October 9  
Meat loaf, catsup, green beans, tomato and lettuce salad, fruit, bread, butter, and milk.

Tuesday, October 10  
Pea beans, potato salad, peanut butter sandwiches, applesauce cake, corn bread, butter, and milk.

Wednesday, October 11  
Weiners and cheese, buttered potatoes, blackeyed peas, honey, apricots, rolls, butter, and milk.

#### —BEAT THE BULLDOGS—

### Changes Made In Math Dept. Policies

Some changes were made in the mathematics department of high school this year. Mrs. A. L. Redin teaches two sections of Algebra I and three sections of plane geometry. The Sophomores are taking plane geometry this year and will take Algebra II their Junior year. Jim Whitfill is teaching solid geometry this semester and will teach trigonometry next semester.

The sequence  
Algebra I — 9th Grade  
Plane Geometry — 10th Grade  
Algebra II — 11th Grade  
Solid Geometry & Trig. — 12th Grade  
is preferable for several reasons.

1. Should students complete only two years of high school, they would have one year each of algebra and geometry.

2. The knowledge of geometry is necessary in the second algebra course.

3. This sequence lets the pupils have more maturity before taking Algebra II which is a more difficult course than plane geometry.

4. The second algebra course comes closer to the student's graduation which helps him if he goes to college.

5. The second algebra course has been changed until it has become a composite of functions, graphs, analytical geometry, trigonometry, and some of both plane and solid geometry which are studied by means of the equation, inequality, and the coordinate system.

Mr. Whitfill graduated from Tech last year with a major in mathematics. Mrs. Redin attended a 6-weeks National Science Foundation work shop last summer in which she heard views expressed by text book writers, members of the Science and Mathematics Study Group, Government officials, college teachers, and high school teachers whose one ambition is to make our high school mathematics departments more efficient. The administration and math teachers are co-operating wholeheartedly in trying to have Silverton's math department as good as any in the state.

### GRADE SCHOOL NEWS

the first and second grade building. We are keeping these animals to watch and study. This week we are beginning a rock collection.

**Fifth Grade Mrs. Baker**  
We've been busy getting ready for our play which will be October 19. We hope you will all come. Everybody is invited.

We made leaf prints this past week. That was a messy affair, but we have some good prints.

We elected another librarian, Carol Ann Montague. She's been real busy, as we are all doing a lot of reading.

We will start studying about fire in science next week.

**Fourth Grade Mrs. Martin**

We are reading in our fourth grade reader now. We are liking it very much. We have been studying about the Canoe People and what they do. We have just started in our new workbooks. We have thirty people in our room. We are starting out with a very good year.

**Earl Payne and Johnnie Weaver**  
This week our class found some animals. The animals were a small snake and a tarantula. Earl Payne caught the tarantula on the playground with a fruit jar. Odell Edwards caught the snake near

**FUN STATE FAIR OF TEXAS**  
EXPOSITION OF MUSIC DALLAS  
With attractions such as Rodgers & Hammerstein's "THE SOUND OF MUSIC," ICE CAPADES OF 1961, AND SO MUCH MORE!  
OCT. 7-22

**TIPPLE TUNLOCK**  
the national rifle association

## VEGETABLE MEDLEY WITH ITALIAN ACCENT

By JANE ASHLEY

Nutrition authorities always remind us that, for the best of health, we should eat one or two servings of green and yellow vegetables every day. In summer it's good to realize there's a cool and crisp way to follow this advice!

Green salads are very tempt- ing in hot weather but, for a most welcome change, try serving cooked vegetables, marinated and chilled. They will complement cold cuts or broiled chicken for supper or go with hamburgers or hot dogs to a picnic.

String beans, lima beans and green peas go well in a mari- nated vegetable medley and raw carrot slices or tomato wedges can be added for color contrast and garnish. Almost any firm vegetable, fresh from the gar- den or selected from frozen food stocks or the grocer's fresh vegetable bins, may be cooked, marinated and chilled.

In any case please under cook rather than over cook vegetables for marination. Crisp texture is preferable to the slightest suggestion of mushiness. Then, for the popular "Italian accent," Italian corn oil dressing pro- vides a perfect marinade. To- day's suggestion gives directions for packaged frozen green vege-

## Marinated Vegetables

1 10-ounce package of frozen peas, whole or French-style green beans or limas. Italian corn oil dressing Cook each vegetable accord- ing to package directions. Drain and cool. Pour 1 tablespoon Italian corn oil dressing over each package of vegetables and toss gently. Chill 30-45 min- utes. Toss gently just before serving and arrange whatever assortment you have chosen in shallow serving dish.

If using fresh vegetables allow about 1 1/2 cups of cooked vegetables for each tablespoon of the marinade. Picnic suggestions: Chill marinated vegetables in glass jars with tight lids and arrange for serving at picnic grounds.

Mr. and Mrs. J. P. Cogdill of Erick, Oklahoma, spent a long weekend here with their daughter and family, Mr. and Mrs. W. Ar- nold Brown and Rita. James Roy, a student at Texas Tech, spent Sat- urday and Sunday at home.
