**All Around the Town**  
by Mary Ann Sarchet

A situation of great importance to those of us who live in Silverton and Briscoe County has arisen. Dr. N. Muckleroy, who has served this community and the surrounding area so well since his coming here a year ago, has received his draft call.

We had been aware of the fact that a number of doctors and dentists were to be drafted to fill the needs of the increased number of men which have been taken into the armed services recently. However, we also have a great awareness of the role which our doctor, our only doctor, performs in our community and county. Due to the fact that we have only one doctor to serve the needs of this county, a great protest will be raised by the citizens and every effort will be made to cause his order to be deferred.

As you will recall, Dr. Muckleroy arrived on the scene in Briscoe County just in time to halt a spread of diphtheria which had begun in a labor camp in Quitaque. His memory does not fail me, he went there to vaccinate and care for those people just about the time he opened his office here, or a day or so before he was to open. Since then, he tested and vaccinated almost everyone in the county to halt the spread of diphtheria which was at epidemic proportions in other nearby communities, and successfully prevented its outbreak here.

He has attended the needs of the ill in Silverton and in Quitaque faithfully, answering calls to his clinic or to homes at all hours of the day or night, on his after-noon off, on Sundays, or any other time he was needed. He has traveled many miles to and from Tulia caring for his patients in the hospital there.

Recently, Dr. Muckleroy donated his time to cooperate with the Quitaque Lions Club in a blood-typing project. Some ninety persons had their blood typed for future reference in an emergency or disaster.

Though he may have had only four or five hours' sleep the night before, he is always ready to serve. One of the most important things he does every single day is to call on many of the elderly persons of the county who are too ill to be at home without the constant care of a doctor. Were it not for his vigilant care, some of them would have to be placed in hospitals, and an undue burden financially might be placed on families in some instances in addition to the added strain of caring for loved ones over a number of miles.

In some cases after accidents he has been able to relieve the suffering and pain of patients being transferred to hospitals for further medical attention.

The nearest doctors and hospitals are from 25 to 30 miles from both Silverton and Quitaque, and in cases of severe illness, accident or other emergency, the minutes required to rush patients over those miles could be costly. Also costly is the time and expense required of those who must have a series of visits to the doctor and must drive out of town to do so.

The voices of Briscoe County residents are being raised in protest to the taking of our doctor. If necessary, a representative of our community will travel to Washington, D. C. to appeal this action.

It has been suggested that petitions be drawn and signed by as many residents of Briscoe County as can be reached. Petitions are available for your signature at Morris Pharmacy, Nance's Food Store, Stafford Grocery & Market, Briscoe County News, First State Bank, City Tailors, Silverton Cafe and Seaney Hardware, in addition to a number of places in Quitaque, in-

## Carolyn Garrison Is Texas' Best 4-H Gardener

Carolyn Garrison, a Briscoe County 4-H gardener with a purpose, today reached a major objective when she was named the State's best for 1961 in that field. Floyd Lynch, state 4-H Club leader, made the announcement and said that her award would be an all-expense trip to the National 4-H Club Congress in Chicago, November 26-30.

Donor for the 4-H Garden Awards Program is the Farm Equip-

### PUNT, PASS AND KICK CONTEST TO BE HELD SATURDAY

Practice time is nearly over for the forty boys from the Silverton area who will be competing Saturday, October 14, in the first Punt, Pass and Kick competition. The public is invited to Owl Football Stadium to watch grade school boys aged 6 through 10 test their skills in punting, passing and place-kicking footballs. Entrants will receive one point for each foot the ball travels through the air, and will lose one point for each foot the ball lands on either side of a center line.

Glen Lindsey, Silverton Mayor, will be Director of the Competition. He has said that the ball will be marked at the spot where it lands, and the distance will immediately be measured by the judges. He pointed out that boys will be competing against others in their age groups only, thus preventing unequal competition.

Judges for this unique competition, designed to offer all boys the opportunity to take part in football activity, will be Grady Martin, Jimmy Whitfill, Darrel Cole and Claude Jarrett.

In case of ties in the competition for the first, second and third place winners in each age group, the competition will be repeated by those boys. First prizes will be football uniforms, second prizes will be warm-up jackets, and third prizes will be footballs.

In addition to winning the football uniform first prizes, the most skilled boys in each group also will be in the running for an appearance at one of the home games of the Dallas Cowboys, when the regional winners will punt, pass and kick in an elimination to determine the five National Champions. Scores from every P. P. and K competition in this area will be compared, and the best competitor in each age group chosen for the elimination appearance at the Dallas Cowboys game.

Mr. Lindsey said that in the case of ties between boys in this area, additional tie-breaking competition will be held to determine the regional winners.

The competition, which will culminate with the choosing of five National Champions who will be given a reception at the White House and attend the National Football League Championship game with their fathers, is sponsored by the Ford Division of the Ford Motor Company, in cooperation with the National Football League.

The local sponsor is Stephens Ford.

cluding the office of the Quitaque Tribune. Petitions will be circulated among clubs and churches. Please make every effort to place your signature on one of these petitions. Time is short as the doctor is to report on October 23.

Volunteer workers may be needed to assist with rural solicitation of signatures. If you are willing to help, leave your name at the News office.

If you are unable to come to come to town to sign a petition for any reason, call 3381, Briscoe County News, and someone will bring a petition to your home. Do it today!

ment Division of Allis-Chalmers Mfg. Co., Milwaukee, Wisconsin. Medals for county winners and eight \$400 college scholarships for a national blue award group are also provided. Lynch said Carolyn's record will be entered for national honors.

The garden program is one of the many handled through the National 4-H Service Committee of Chicago and supervised in the counties by extension agents and local 4-H adult leaders, the state leader added.

The Silverton High School senior is the daughter of Mr. and Mrs. Pascal Garrison; a veteran of seven years in 4-H and the holder of many county and district awards including the Gold Star. Gardening has been a favorite demonstration each year but other projects have included clothing, foods, beef

### V.F.W. TO SPONSOR "TOYS FOR TOTS" DRIVE HERE

The V.F.W. Post No. 7839 of Silverton is going to sponsor a Christmas program, "Toys for Tots", to repair and repaint toys for the needy children of the community for Christmas.

The V.F.W. members will need the cooperation of everyone in the community in order to make this project a success. All pastors are requested to help by letting the V.F.W. know who the needy children are, and others wishing to contribute this information are asked to do so.

If you have any old toys your children have outgrown and you no longer want them, and if they can be repaired, please bring them by the City Hall so the V.F.W. boys can get started on them and have them ready by Christmas time.

### 4-H CLOTHING WORKSHOP FINISHED

4-H Clothing Demonstrators, Sandra Mercer, Carolyn Garrison and Raye Garrison, recently completed a clothing workshop in which each made a garment for herself. At the last meeting of the workshop, the girls, with their leader, Mrs. Don Garrison, made plans for their monthly meetings to carry out their clothing projects.

Sue McJimsey is also a member of this class, but was unable to be present.

The next meeting will be Tuesday, October 17, 1961, with Mrs. Clarence Kerns leading the lesson, "Tricks For More Becoming Make-up."

cattle, poultry, home improvement and leadership.

Her first garden wasn't large—only 800 square feet—but as she grew older and her gardening abilities increased, the size of the garden was increased. The production from her 1961 garden abounded more than five times as much as that from her 1955 project.

She said, "The garden has provided the family with fresh vegetables with a surplus for canning and freezing. Because production has been good, I have also given fresh vegetables to our friends and neighbors. Through this demonstration, I have learned when and how to plant, what varieties are adaptable to our area, how to control harmful insects and cultivate and when to harvest for the best quality. Also how to prepare the vegetables for fresh use or for canning or freezing. My profits from gardening have gone into my savings account and will be used when I go to college."

The new state champion has always found time to participate in church, school, community and other 4-H activities. She is now a junior leader and has held many elective offices in her local and county 4-H organizations. She has attended State 4-H Roundup three times and in 1959 was a member of the second ranking team in the state in vegetable production and marketing. She has also attended the state leadership laboratory and two district leadership training sessions.

In commenting upon her 4-H experiences, Carolyn said, "My 4-H training will help me in the future. As a result of it, I have decided to study home economics in college. I think 4-H is a wonderful organization and that every young person who has the opportunity should be a member."

County Agent Clarence Kerns describes Carolyn as a good follower as well as a leader. He says she likes to help others and is a strong force for good among the county's 4-H members. Her mother and Mrs. Louie Kitchens are the adult leaders for the countywide Senior 4-H Club.

### BILL COX WILL BE LAYMAN'S DAY SPEAKER

Next Sunday, in observance of Layman's Day, Bill Cox, of Lubbock, Texas, will be the speaker for 4-H morning services at the Methodist Church in Silverton. Cox, son-in-law of Mr. and Mrs. M. G. Moreland, is the architect for the Silverton Schools.

He will bring an interesting program to the church, and all are invited to hear his message.

Carolyn Garrison, by winning the State award for her 1961 Garden Records, has earned a trip to the National 4-H Club Congress to be held in Chicago next month. She will leave Silverton on Thanksgiving Day for a week's activities to be attended by the most outstanding 4-H Club members from all over the nation. —Briscoe County News Photo

### THOMAS PHELPS ELECTED SOPHOMORE VICE PRESIDENT

Thomas Phelps, 1960 graduate of Quitaque High School, was recently elected to the post of vice-president of the sophomore class at Clarendon Junior College.

Mrs. V. R. Gardner of Tulia was a weekend visitor with Mr. and Mrs. R. E. Brooksheer.

### RED CROSS DRIVE FOR CARLA VICTIMS CONTINUING

The special Red Cross drive to benefit the Hurricane Carla victims is continuing in Briscoe County. Only about two-thirds of the goal has been raised.

No volunteer workers are assisting with the drive at this time. Please hand your donations to Walter Fleming George Seaney, or First State Bank of Silverton.

### FARMERS UNION TO ELECT OFFICERS

The Briscoe County-Wide Farmers Union will meet Monday night, October 16, in the community room of the Production Credit Association office at 7:30 p.m. The local and county officers will be elected at that time.

County Agent Clarence Kerns will bring a program on soil testing. All members are urged to attend, and visitors are welcome.

### Silverton No Match For Spur

Spur's Bulldogs romped over the Silverton Owls 50 to 8 last Friday night in a non-conference tilt.

Spur's speedy halfback Jerry Greer returned the opening kickoff 80 yards to set the pace and the Bulldogs went on to score 22 points in the first quarter, 8 in the second, 12 in the third and 8 in the fourth.

Silverton's lone score came after a 66-yard drive when John Jowell ran six yards around right end. Larry May ran for the conversion points.

The Owls meet Ralls in the first conference tilt of the season. The Owls have potential strength in the lineup, but so far this season have failed to harness it into a winning combination. Ralls is rated high in the district and has a much better season's record than the Owls.

LaJuan Curby carries around end for valuable yardage in the Powder Puff Football Game played here October 3. The REDS edged the WHITES 8-0 in the Student Council-sponsored contest. From left, the girls are LaJuan, Sue Lanham, Camellia Comer, Susie Hill, LaQuetta Chitty, Donna Payne, Mary McWilliams, Pat Cagle, Marcalyn Lee, Rita Brown and Jaleta Eddleman. Note the action just ahead of the ball-carrier, as RED Halfback, Susie Hill, prepares to clout the WHITE End, Camellia Comer. #### Harvesting Quality Cotton

The cotton harvest is now underway and will probably hit its peak 10 to 14 days after a killing frost. This always means a shortage of trailers and crowded gin yards. It's natural for farmers in this area due to unforeseen weather conditions to get their cotton out just as soon as possible. However, if a farmer gets in a big rush harvesting his cotton, he can easily reduce both yield and quality, which means less net dollars to bank.

Listed below are a few key points which the Texas Agricultural Extension Service recommends for harvesting quality cotton.

1. Do not use a defoliant until at least 60% of the cotton is open. Wait until at least 80% of the cotton is open before using a desiccant.

2. Provide ample space for each bale of cotton. This means 325 to 440 cubic feet of trailer space per bale of stripper harvested cotton.

Do not tramp and pack cotton into the trailer. Even the most elaborate and expensive ginning systems cannot remove all of the small "pin and pepper" trash that is ground into seed cotton. Tramping and packing cotton into trailer can easily cost you \$10.00 per bale on grade.

3. Wait at least 10 days to two weeks after a killing frost or applying a desiccant before harvesting. This will give the leaves and leaf stalks sufficient time to dry up. Green leaves on leaf stalks will stain the cotton and reduce the grade. Also, don't wait too long because extra dry leaves will cause pin trash in cotton.

4. Keep trailer and stripper clean; excess grease and dirt will also lower the grade.

5. Keep harvesters centered on the row and operate at the proper speed—this will help avoid barky cotton.

6. Use separation devices on strippers such as blowers and green boll boxes. Throw the green bolls out on the turn row and allow

them to open before ginning them.

7. The use of a wood-slatted or wire sided trailer will enable lots of leaf trash to blow out of the trailer.

8. Wait until it dries up each morning before starting to harvest. Cotton gins best at about 7½% moisture. If much more moisture is present it can easily reduce the value of each bale \$10 to \$15.

9. Put a tarpaulin on loaded trailers to keep out moisture and dirt.

### PRIZES OFFERED IN CHILD PHOTOGRAPH CONTEST

The time is almost here for the opening of this newspaper's Big Child Photograph Contest, and we are urging all of our readers to have their children ready for the big day.

Winston B. Lucas of Irving, Texas, will be in Silvertown on Friday, October 20, from 10:00 a.m. until 6:00 p.m. at the Briscoe County News Office for the purpose of taking pictures in this vicinity. In addition to having their pictures printed in this newspaper, the children will be competing for \$20.00 in prizes, which are being offered for the three best photographs made during the day.

The photographs will be made absolutely free of charge, and there is no charge for their publication in the Briscoe County News. Proofs will be shown and from these you may select the picture of your child which you would like to appear in this newspaper. If you wish extra photographs they may be purchased, but no purchase is necessary in order to compete for the prizes. It is entirely up to you, whether you buy pictures or not.

There is no age limit on the contest, and every child's photograph in this area is wanted so that they may appear in the Briscoe County News. However, it is necessary that all pictures be of uniform size, so they must be made by Winston B. Lucas on Friday, October 20, from 10:00 a.m. to 6:00 p.m.

### "A TOWN CAN SAVE ITSELF"

From THE HIRED HAND, by Glenn Shelton in the Wichita Falls paper, "A Town Can Save Itself." While the population of Wichita Falls is growing apace, many area towns are steadily diminishing in population and size, with some of them actually melting away to nothing but a scarred grass pasture. Usually, the residents of these small towns take their fates stoically convinced there is nothing they can do but sit on their hands. Though they love their town and would like, under the status quo, to spend the rest of their lives there, they watch others move out and one day decide that they, too, will emigrate. This is the death of the town. However, not just all villages throw in the towel the first time they're rapped on the noggin. Take the little town of Bullard in East Texas, as a

prime example. How it beat the system was related in a column of the Christian Science Monitor.

"In the cotton heyday of East Texas," the column said, "Bullard was a shipping center. It never had a large population but it was a trade town for a wide area. Its schools were filled and its stores busy. Through the years, Bullard has been losing population (368 last census) but people were aroused when a drop in their school's enrollment forced them to lose a teacher.

"A town meeting was called and at this meeting the people of Bullard agreed that if their town were made attractive and inviting, people would stop leaving; and others would move there. Immediately they set to work to transform Bullard. Volunteers — a team of 20 men — cleaned up the town on Saturdays. Using tractors, mowers, and equipment donated by nearby farmers, they tore down old fences that had been sagging for years, repainted shops and old walls.

"The committee persuaded several landowners to plot parts of their farms for homesites, voters approved a bond issue to expand water lines, and now there are half a dozen homes under construction. Highway signs have been erected on the main highway calling attention to Bullard. The committee is working hard on a recreation program, and although the project is not yet a year old, Bullard people feel that they have already ceased to be a "sleepy" town."

If you live in a town that is losing out fast, you might be surprised what a few paint brushes, bulldozers and trash trucks can do. More importantly, an optimistic, wide-awake citizenry, if they really want to, can accomplish miracles.

### Miss Thompson Is Honoree At Bridal Shower

Miss LaGuan Thompson, bride-elect of Mr. Joe Riney, was honored with a miscellaneous shower in the home of Mrs. Bud McMinn Saturday, October 7, 1961, from 3:00 until 4:30 in the afternoon. Mrs. McMinn greeted the guests and presented them to LaGuan, to her mother, Mrs. Luke Thompson, to Mrs. J. J. Riney, Jr. and Mrs. J. J. Riney, Sr., of Olton, mother and paternal grandmother of the prospective bridegroom. The honoree wore a corsage of blue and white feathered carnations, and others in the receiving line wore corsages of blue and white feathered mums.

Mrs. Jimmy Ray Baird presided at the bride's book, registering the guests. Meses. David Tipton, Berton Hughes, J. P. Ledbetter, Grace Cox, Allen Kellum, D. F. Ziegler, Edwin May and Don Garrison showed the gifts, served refreshments and assisted with the other hospitalities of the home. Beautiful bouquets of garden flowers were used in the receiving rooms.

The bride's chosen colors of blue and white were further carried out in table decor and refreshments. The serving table was laid with a white lace cloth over blue, centered with an arrangement of baby's breath, white lace and blue satin ribbons from which extended blue satin streamers with "LaGuan" and "Joe" embossed in white to the edge of the table.

Crystal and silver appointments with white napkins on which the couples' names were printed in blue, were used in serving cake squares iced blue and decorated with wedding bells, nuts, mints and punch.

She expects to be in the hospital in Lubbock until Sunday.

Mmes. Berton Hughes and Grace Cox were in Amarillo Monday.

### SOIL CONSERVATION DISTRICT NEWS

Now is the time to be planning cover crops for the critical wind erosion period on your cropland that will be vulnerable to wind erosion. Cover crops can serve in several ways—benefits other than wind erosion protection it will serve as—to maintain or improve the physical, chemical and biological condition of the soils—and with proper management, may be used as supplemental pasture for your livestock.

Some of the following may be used for cover crops, small grains, sorghums, Austrian winter peas, with small grain, sweet clovers and vetch.

Adequate residues should be left through the critical wind erosion period which is about April 1st and August 15 when followed by Fall planted crops. For maximum soil improvement, cover crops should be allowed to reach bloom stage. The cover crop selected must be dependable and feasible for the conditions under which grown.

Mrs. Emma Lee Purefoy of North Longbeach, California, and Mrs. Albert Yale and son, Butch Yale, of Alanreed, spent Saturday here with the ladies' uncle and family, Mr. and Mrs. L. C. Yates.

**WHY BE BAPTIZED?**

Many people say that baptism isn't necessary for salvation—that salvation can be had WITHOUT being baptized. If this is true, why be baptized? The water is wet, and it is definitely an inconvenience; why bother to endure it? Not only is it wet and inconvenient, but it is HUMILIATING. One has to give himself into the hands of another, becoming totally passive, while the act takes place, usually before an audience. WHY? One may say, "To become a member of some church," but if baptism is unnecessary, then the same reasoning dictates that one can be saved OUTSIDE THE CHURCH—then why bother with the church. After all, it costs MONEY, TIME, and EFFORT. Why not SAVE your MONEY, your TIME, your EFFORT, as well as the humiliation of BAPTISM?

But, says one, "You practice baptism!" True, but not as something UNNECESSARY! Baptism as practiced by the church of Christ is "for the remission of sins," (Acts 2:38). If baptism is "for the remission of sins," then it is NECESSARY for salvation, for there can be NO SALVATION for the guilty (of sins). Christ came into the world to make it possible for man to have forgiveness of sin. If one does not have forgiveness of sin, he hasn't availed himself of Christ and His blood.

How does one "contact" Christ's blood—the atonement for sin? By BAPTISM, if the Bible be true. (Rom 6:3) "Know ye not that so many of you as have been baptized INTO CHRIST have been baptized into His DEATH?" Paul is here telling Christians they have been "baptized into Christ." Surely this entitled them to all the BENEFITS of Christ. Paul seems to be somewhat puzzled by the attitude of some to which he was writing. "Didn't you KNOW that having been baptized into Christ (with its benefits) that you were baptized into His DEATH (with its benefits)?" One of the benefits of Christ's death was His BLOOD. Paul plainly indicates that when one is BAPTIZED INTO CHRIST, he inherits ALL Christ's benefits — both of His LIFE AND DEATH.

Then how does one get INTO CHRIST? One is "baptized into Christ," (Gal 3:27; Rom 6:3). Is it then any wonder that Annanias, a preacher of God, told Saul of Tarsus to "Arise and be baptized and WASH AWAY THY SINS, calling on the name of the Lord?" When Saul did this, he contacted the benefits of Christ, one benefit being the atoning blood of Christ.

But what really takes place in baptism? Some way, some how, only God knows — and He doesn't elaborate — "our old man is crucified with Him, that the body of sin might be destroyed . . . For he that is dead (to sin) is FREED FROM SIN," (Rom 6:6,7).

### HOW TO RUN A NEWSPAPER

A newspaper editor in Montana placed his tongue firmly in his cheek the other day and composed a list of answers to a questionnaire on what a weekly newspaper subscriber would like to read. Here are the responses to what the average reader desires to see.

1. My name.
2. A front page article showing how crooked the city government is most of the time.
3. My wife's name.
4. A feature article showing 25 ways on how to cheat on income tax forms.
5. My kid's names.
6. A local news item about the affair my neighbor is having.
7. A classified ad offering a new home for sale for \$4,000.
8. More news about law-breakers.
8. Less news about law-breakers. I was picked up last night and I should not have to pay a fine.
10. An editorial condemning high school teachers for being too liberal with "F's".
11. A wedding picture of the groom instead of the bride when he is more handsome than she is pretty.
12. A sports picture of me when I bowled 183.
13. More advertisements on things that merchants are giving away.
14. A front page picture of my neighbor being hauled out of the bar by his wife.
15. A front page spread about the deadbeat who lives across the street from me who just had his car repossessed.
16. Forget the last one. I just got word from the finance company that they're coming after my car.
17. More letters to the editor naming the crooks we have in town.
18. A full page of local news, a full page of national news, 16 pages of sports, 26 pages of comics, one page of divorces and three pages on all the domestic troubles we are having in town.
19. Less stuff about how cute everybody else's kids are. My kids are better looking than those you rave on about.
20. A complete biographical sketch about the "most important citizen in town," and be sure you spell my name right.

Bob Stafford, a student at McMurry College in Abilene, spent the weekend with his parents, the Jack Staffords, and Fred.

RED GIRLS GRAB GLORY IN 8-0 VICTORY

REDS MEET WHITES IN GRIDIRON CLASSIC

Silverton High School, Oct. 3 (Special)—Urged onward by their coach, Lyndon Dunn, the Red team edged the White team to an 8-0 victory in the Powder Puff game played here at Owl Stadium.

In the yardage department, the two teams were divided evenly with the Red team racking up 13 first downs and the White team making 12 first downs.

At the beginning of play, the Reds received a healthy kick from Mary Beth McWilliams and took the ball on their own 21-yard-line.

The Reds got off to a rather slow start, picking up 15 yards in penalties for the first three downs of the ballgame. On the fourth down, Whites received a punt of 45 yards from Klela Oneal and took the ball on about the 21 yard line of Red territory.

The Reds came back strong, however, with Marcalyn Lee intercepting a White pass and giving the Reds possession of the ball on about the 40 yard line. The Reds completed one other pass in the first quarter to Ann Wingo, good for several yards.

The most outstanding player on the White Team was Quarterback Martha Mills. She was responsible for many yards rushing and completed pass. She urged her teammates onward, calling the plays and doing most of the running herself. Dianne Reynolds and Pat Cagle are also due recognition for yardage gained rushing. Reynolds was probably the fastest of the three, scampering away like a frightened rabbit every time she got the ball.

Late in the second quarter, Red Quarterback Becky Mallow plunged through the White defenses to score. LaJuan Curby ran the conversion, uping the score to 8-0, where it remained throughout the game.

Martha Mills carried a touchdown over for the Whites from the 20 yard line late in the fourth quarter, but the play was called back and a 5-yard penalty inflicted against the Whites for illegal motion. This was the closest the White team came to scoring during the game.

The White Team attempted seven passes and completed one. The Red Team attempted five passes and completed two.

Star runners for the Red team were LaJuan Curby, LaQuetta Chitty, and Becky Mallow. Also during the Red Team spotlight were Ann Wingo and Sue Lanham. Curby did much of the running, and Chitty was responsible for many brilliant tackles. Deanna Ritchie was very active in defensive plays for the Reds.

Although there were several fumbles on both teams, neither was seriously hurt in yardage or loss of the ball. The Red Team amassed the enormous total of 65 yards in accepted penalties, while the Whites came in second with 90 yards in accepted penalties. There were several penalties declined by the captains. The teams were penalized mostly for backfield in motion, offsides, unnecessary roughness, and illegal formation.

Captains for the Red Team were LaJuan Curby, LaQuetta Chitty, and Sue Lanham. The White Team, coached by Jimmie Scot Whitfill, had for its captains Martha Mills, Jealeta Eddleman, and Sheryl May.

Carlos McLeod was announcer for the game and George Miller acted as official time keeper. Referees were Robert Welchel and Willie McAlpin (poor souls!).

NOTABLE NOTES

by Robert Hughes

Patriotism—Wounded and Dying

"Independence Day, what is that? I've never heard of a national holiday named Independence Day. When is it, anyway? Oh! You mean the Fourth of July. Why didn't you say so in the first place? Who ever heard of calling a famous holiday like the Fourth of July Independence Day?"

This typical reaction is a tragic example of the sad state of Patriotism in the United States today. Ask a youngster today why we celebrate the Fourth of July, and he would most probably answer that the Fourth of July is the day you pop firecrackers, have picnics, go to the lake, visit the relatives, and get sunburn, without having any idea why the Fourth is celebrated. Our Patriotism is in sad shape when the anniversary of our independence is known as the day the drunken drivers do their part to stop the population explosion.

Walking hand in hand with the degeneration of Independence Day is the growing disrespect for our flag. Some people today have no more respect for the flag than for a dish towel. They treat the flag more like a dirty scrap of cloth than the symbol of lives, blood, and sacrifices given to secure and hold our legacy of freedom.

"Why should I salute the flag anyway? It is just a piece of cloth. There is no reason why I should burn my flag when it gets dirty. What does it hurt if I don't ever fly a flag. Why write on Patriotism when the Fourth of July is still several months in the future. Patriotism just isn't appropriate in the winter. Besides, all this going on about Patriotism and flag flying is nonsense anyway. What good does it do me or anyone else?"

The brutal truth is that these are the attitudes of many people in the U. S. today. Have they not been taught to love and respect their country, their freedoms, and the flag which symbolizes these things or do they just not care? Do people not realize that Patriotism is never old-fashioned nor out of date. Patriotism is perpetually appropriate. Patriotism is our freedoms' fortress that stands firm against the assaults of Communism. What a frightening thought it is to realize that when Patriotism crumbles, Freedom falls not far behind.

What Is F.B.L.A.?

Mrs. O. C. Rampley, Sponsor

Several parents of students who have recently been installed as members of the Future Business Leaders of America—Chapter 2021—have asked the question, "What is it?"

FBLA is the national youth organization for high school and college students enrolled in business subjects. It is sponsored by the United Business Education Association. It operates as a part of the school program under the guidance of business teachers, school administrators, and businessmen. It is devoted to providing young adults with educational, vocational, and leadership experiences. FBLA has chartered over 2,000 chapters. A headquarters office is maintained at the NEA Educational Center in Washington, D. C. The official magazine, "Future Business Leader," is mailed to more than 50,000 members, sponsors and advisors. FBLA encourages improvement in scholarship, promotes school loyalty, and strengthens the confidence of young adults in themselves and their work.

FBLA local and state chapters operate under charters granted by the National Organization. Each chapter, with its own constitution, adopts projects and programs within the framework of the National Organization. The national convention is held annually during the month of June. State delegates, chapter representatives, contestants, and chapter sponsors are in attendance. Most state chapters sponsor annual conventions. FBLA is on the Approved List of National Contests and Activities of the National Association of Secondary School Principals.

The Silverton Chapter was organized in 1959 with less than 20 members and has grown steadily since that time. This semester we have 43 active members.

A teacher intercepted a note between a boy and a girl who sat next to each other in the third grade class.

Wrote the boy: "Dear Judee: I luv you. Do you luv me? Jimmy." Answered the girl: "Dear Jimmy: I do not love you. Love, Judy."

King and Queen Candidates Named

All classes in grade school have named their candidates for Grade School King and Queen of the Annual Halloween Carnival to be held at the end of October. Winners will be based on the amount of money each class raises during the month of October. The candidates from the class raising the most money will be crowned King and Queen. There is a separate contest for High School King and Queen.

The following have been elected Princesses and Princes of their respective rooms:

- Mrs. Elms' First Grade—Amy Birdwell, Mickie Jasper
- Mrs. Trout's First Grade—Debra Cantwell, Mark Muckleroy
- Miss Anderson's First Grade—Gale McLeod, Doug Arnold
- Mrs. Bomar's Second Grade—Rhonda Montague and Ronnie Strange
- Mrs. Amerson's Third Grade—Becky Stephens, Monty Teeple
- Mrs. Hinds' Third Grade—Rhonda Dickerson, Bill Strange
- Mrs. Lee's Fourth Grade—Marsha Teeple, Bill Brooks
- Mrs. Martin's Fourth Grade—Ann McLeod, Bob Hutsell
- Mrs. Jarrett's Fifth Grade—Shirley McIntyre, Cletus Grady
- Mrs. Baker's Fifth Grade—Carol Ann Montague, Jay Long
- Mrs. Turner's Sixth Grade—Judy Yancey, Monte May
- Mr. Cole's Sixth Grade—Roy Ann Bomar, Steve Harvell
- Seventh Grade—Kathy Hughes, Mike Long
- Eighth Grade—Janice Hester, Cliff Walker

At the age of 100, the old businessman was still working an eight-day.

The company thought it high time he retired on a pension, and suggested as much.

"You can't trust anyone," the old gent exploded. "When I took this job I was given the solemn promise that it was PERMANENT."

GRADE SCHOOL NEWS

Mrs. Trout's FIRST GRADE

We are learning our vowels and consonants as we proceed in "Tug." We finished our getting ready books last week. Some are beginning to read a little.

In our number work we are learning to count, make figures, add and draw.

Our writing is gradually improving with each day's work.

This is a very busy time for all in our room. We not only do our school work each day but are also practicing on a program to be presented for assembly November 2d.

Mrs. Lee's FOURTH GRADE

We are going to send letters home to the mothers to see if they want to have a Halloween booth. If they don't want to, they will send a dollar.

We are going to move this Friday or Monday to the new building. We will enjoy our new room. We are going to choose room mothers very soon.

Mrs. Hinds' THIRD GRADE

Our room is looking like a circus. We are making Circus books and learning how to write sentences and stories. We are singing about the Circus and the animals, too.

We want to thank Vici Jasper's mother for the beautiful flowers she brought for our room.

We have had only one absence in two weeks. Dy Ann Ray was also absent one day and we are glad to have him back in school.

We are checking out Library

GIRL SCOUT TROOP IS ORGANIZED

Monday a Girl Scout Troop was organized in the Fifth Grade. Mrs. Baker is the leader and Mrs. Self is assistant leader.

Kathy Self was elected President; Diana Strange, secretary; Juannah Nance, treasurer; Susie Arnold, reporter.

Other members are Anita Loyd, Jackie Carol Tate, Ginger Martin, Kathy Perkins, Lexie Cowan, Amanda Castillo, Abina Garcia. The troop meets every Thursday after school. The group will welcome any new members who are interested in scouting.

Hawaiian Luau Makes Comeback

The Hawaiian Luau which was originally scheduled to be held the 29th of September will be held tomorrow night, the 13th of Oct., in the Fellowship Hall of the First Baptist Church immediately following the home football game with Ralls. All high school students and faculty are invited.

LARGE INCREASE IN NUMBER OF LUNCHEES BEING SERVED

Mrs. Bula Baird, School Dietitian, has announced that the number of lunches served during the month of September has been steadily increasing for the past few years with an especially large jump from last year to this year. The figures for the three years are as follows:

Table with 2 columns: Month, Number of lunches served.

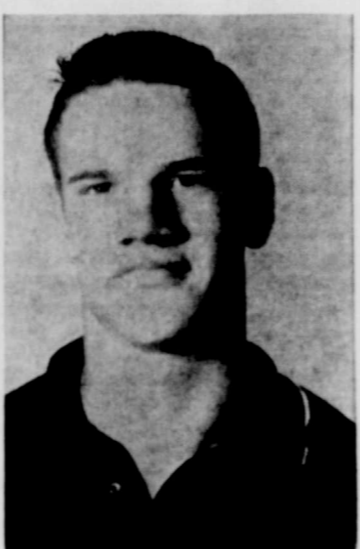

A draftee was being questioned by a sergeant for the preliminary records.

"Did you go to grammar school?" he was asked.

"Yes sir," the recruit answered. "I also went through high school and college, where I graduated cum laude, then got two more degrees," he added proudly.

The sergeant nodded, then rubberstamped across the questionnaire—LITERATE.

S. H. S. SPOTLIGHT

A charming miss indeed is the Senior girl who steps into the SHS Spotlight. Ann Wingo is well known and admired by the student body.

Her beauty and poise gained her the title of "Most Beautiful" in SHS last year. when she was also elected Lions Club Queen. She was elected Best All-Around Girl her Sophomore year. Ann participated in the one-act play her Sophomore and Junior years and her class play last year. Ann is an active member of FBLA;

she holds the Leader Degree and is serving as Treasurer of the chapter this year. She is Secretary of FHA and has been a member for four years. Ann is a four-year member of the pep squad and is serving as president this year. She has served as manager of the girls basketball team for the past two years.

Although quiet and shy, Van's leadership abilities have not been concealed and the student body has not failed to recognize them. Van Breedlove is proof that true quality shines through the most reserved personality.

Ann Wingo has a wide variety of interests and is very artistically inclined. Her well-rounded personality is appreciated by all her classmates. To quote the words of a fellow classmate: "She is a good kid!"

Boy Cheerleaders Are Hit of Pep Rally

The hit of the Pep Rally held Tuesday during activity period for the Powder Puff teams was the male cheerleaders representing each high school class.

The four male cheerleaders led the students in the Alma Mater, several yells, and the fight song. The boys did a fine job considering the time they had spent preparing. The four good sports who represented their classes were Larry McWilliams, freshman; Jerry Baird, sophomore; Jim Reid, junior. and Bobby Durham, senior.

Move over girls, these boys are good!

TICKET SALES CLOSE TODAY

Tomorrow night, October 13, from 5:30 until 7:30 the Senior Class of Silverton High School will treat all the fortunate souls who pay 75c, to a luscious Chicken Supper. The Seniors especially welcome all people with money, and all those people who like good chicken.

Come eat with the Seniors before seeing Silverton beat Ralls. If you want to insure yourself a plate of that golden brown chicken, you had better buy a ticket from one of the Seniors. Surely you wouldn't want to be left out, so BUY A TICKET NOW!

STUDENTS ENJOY PEP RALLIES

Our fourth pep rally of the season started off with a skit entitled, "Rockin' High School." With so many beatniks and hepcats around, the spirit for our game with Kress was raised greatly.

Some new yells were taught to the student body which, along with some old favorites, really raised the roof.

After speeches from the coaches and captains, the pep rally closed with the fight song.

Our pep rally held before the game at Spur began with a skit about a poor girl who had never been to a football game before, entitled, "What Every Girl Should Try Not To Be." It was a funny sight to see and was enjoyed by all.

Speeches were given by the coaches, Mr. Hinds, and the captains. The pep rally closed with the fight song.

Preliminary Calendar of Tests

In the process of pupil appraisal, the high school will administer a series of tests in both elementary and high school during the Winter. The results of these tests are to be used by the administration, teachers and counselor, to aid students in becoming aware of their strengths and weaknesses in their abilities to do school work now and in the future.

The following calendar will be adhered to as closely as possible:

Table with 3 columns: Grade, Test, Date.

### DEAR EDITOR:

Dear Ken... Hope you get a nice cat... If you lived nearby I would help you try and catch those around my place... I have all kinds, black ones, spotted ones, mama cats, papa cats, and even baby kittens. The whole neighborhood is working alive.

I guess I must know your folks, and no wonder they said "yes" because they are sure fine folks... I wish I had gone to Carlsbad too. I had a chance to go and represent the Donley County Leader. Tell your parents "hello" for me. So many good wishes.

Carl C. Wood (Uncle Zeb)  
P. S. Tell your folks that we wrote to Magazines, Los Angeles, for information... Sounds like a good idea.

Never again, NEVER, will we have to advertise for kitty cats! We never dreamed that there were so many homeless and unwanted cats to be found—in fact, we are still turning them down. We had a lovely little spotted kitten before noon on Thursday. (Briscoe County News Want Ads get results!) Unfortunately we got "bogged down" last week and were not able to attend the Press Party. We hated to miss it, because the more information we received about it, the better it sounded, but as you know this is an unpredictable business we're in.

Glad to hear that you're investigating MAGAZINES. Hope other of our readers will be interested in striking a blow for "our side."
