

All Around the Town by Mary Ann Sarchet

SPRING WEATHER BEING ENJOYED IN AREA

The Panhandle has basked this week in warm springtime weather, with little wind early in the week.

Table with 3 columns: Date, High, Low. Rows for January 22 to February 5.

These temperatures are furnished by Grady Martin from the official weather instruments.

An interesting footnote to the weather is that our temperatures have been a few degrees warmer than many of the south and east Texas cities this week.

All subscribers are asked to check their addresses on their issue this week to make certain the News Office has yours listed correctly. We like to keep our file up-to-date, and it is somewhat difficult when addresses are changed. Those who live out of town are asked to please remember to notify the News Office when you change your address. When the post office has to notify us for you, we have to pay 10 cents postage on each.

Mr. and Mrs. Dick Franklin, Jerry Dee and Beth, and Mrs. J. M. Thompson were in Oklahoma City over the weekend.

BRISCOE COUNTY NEWS

THURSDAY, FEBRUARY 7, 1963 Silverton, (Briscoe County) Texas VOLUME 55 NUMBER 6

County GSPA Meeting Slated Monday Night

Grain producers from throughout the county will meet in the community room of the Production Credit Association office in Silverton at 2:00 p.m. on Monday.

Sam Thomas

Sam Thomas, Agriculture Development Manager for the Southwestern Public Service Company, will be the featured speaker at a meeting of the Grain Sorghum Producers Association on February 11, according to Kenneth Tate, manager of the local office of the electric light and power company.

Thomas will speak on the utilization of grain sorghum in the cattle feeding industry in California, Arizona and the Texas Panhandle.

Born in Odell, Wilbarger County, Texas, Thomas is a graduate of West Texas State College. Before coming to Southwestern Public Service Company in 1952, he taught agriculture at the Wheeler County Vocational School at Mobeetie. He served with the Air Force during World War II from 1942 through 1946.

Thomas received the Honorary Lone Star Farmer degree from the Future Farmers of America in July, 1961, and the Honorary State Farmer degree from the State Association of Young Farmers of Texas in September, 1962.

At the present time Thomas is vice chairman of the Agriculture and Livestock Committee of the West Texas Chamber of Commerce.

February 11, to hear reports of and give directions to Briscoe County Grain Sorghum Producers Association.

Pat Northcutt, president of the county organization, says the meeting is the principal annual affair of the group and is designed to report to supporting members, the activities conducted in their interest during the past year and to seek direction for the coming year's program which will be taken to the area-wide association

Gerald Arnold Services Held

Funeral services for Lawrence Gerald Arnold, 42, were conducted at 3:00 p.m. Wednesday in the First Baptist Church with the pastor, Rev. Carlos McLeod, the Rev. Vick Allen of San Jon, New Mexico, and the Rev. P. L. Arnold of Bellview, New Mexico, officiating.

Mr. Arnold died at 8:30 p.m. Monday in the Veterans Hospital in Amarillo after having been rushed there by ambulance earlier in the day.

He was born on June 6, 1920, at Clarendon. He was a member of the First Baptist Church, was a World War II veteran and served in the 1136 Engineer Construction Battalion in Germany and the South Pacific.

On March 12, 1942, he was married to Miss Margaret Pauline Petty of Vega. They moved to Silverton in 1954, and was a plumber.

Survivors include his wife; a son, John Douglas; two daughters, Melinda Sue and Lydia, all of the home; his parents, Mr. and Mrs. A. D. Arnold of Silverton; a brother, Clifford Arnold of Lockhart, South Carolina; and a sister, Mrs. Carroll Garrison of Silverton.

Active pallbearers were Rupert Hughes, Don Garrison, Edwin May, Johnny Burson, Hugh Nance and A. J. Rowell. Honorary pallbearers were Carman Rhode, Milton Perry, Wylie Bomar, Jr., Jack Stafford, Datis Martin, George Martin, Faris Martin, George Seaney, E. A. Birdwell, Keyth Tiffin and Roy S. Brown.

Burial was in the Silverton Cemetery under the direction of Roberts Funeral Home.

directors' meeting scheduled for March 13, in Amarillo.

Sam Thomas, Agriculture Development Director of Southwestern Public Service Company of Amarillo and Vice Chairman of the Agriculture and Livestock Committee of the West Texas Chamber of Commerce, promises to challenge area farmers with his discussion of production and utilization of grain sorghum in the area economy. Thomas is widely recognized for his leadership in livestock feeding promotion activities throughout the area.

John Montague, County ASCS office manager, will outline the provisions of the 1963 Feed Grain Program as applied to Briscoe County. Producers with individual questions as to how the program will apply on their farms will have an opportunity to obtain specialized information.

SEE RELATED FEED GRAIN PROGRAM EXPLANATION ON PAGE TWO

A report on the total Research, Market Development and Service activities of Grain Sorghum Producers Association during the past year will be discussed by Nolan Chandler, Agricultural Assistant of the Association. It is expected that he will discuss the activities of the organization in obtaining the recent nine cent per hundred price increase for grain sorghum as well as touch on some of the problems affecting local farmers through the European Common Market and other groups which farmers themselves do not have total control of, yet which affect their income.

Northcutt pointed out that the highlight of the session should be when local farmers themselves voice their views as to what they want the Association to work for in their interest during the coming months in developing the 1964 feed grain legislative programs. This open discussion will be followed by an election of officers of the county group and the naming of directors to the area-wide Association. Current Briscoe County officers are: Pat Northcutt, president; Charles Whitfill, vice president; Lem Weaver, secretary-treasurer; and Glen Lindsey, elevator director.

The public is invited.

Superintendent of Schools J. S. Hinds is pictured going over plans for Public Schools Week, March 4-8, with Milton Dudley, who is representing the Silverton Masonic Lodge as chairman of the observance. Public Schools Week will be climaxed by the Senior Class presentation, "Bell, Book and Candle," on Thursday, March 7.

Silverton Calves Place In El Paso Show

It was learned early Wednesday that the Angus steer shown by Max Garrison in the El Paso Livestock Show placed third in its class, while the Hereford steer exhibited by Garner Garrison placed fifth in its class. The judging which began Tuesday afternoon, was completed at 2:00 a.m. Wednesday.

The calves will go into the sale ring Friday.

Wells Appointed To Legislative Council

House Speaker James A. Turman announced recently the appointment of State Representative H. G. Wells of Tulia to succeed one of the outgoing members of the important Legislative Council.

Ten House members serve on the Legislative Council which functions during the interim between legislative sessions. Four of these veteran members are no longer members of the Council pursuant to a recent opinion of the Attorney General which said when their successors to the Legislature are sworn in, they cease to be members of the Legislature and of the Interim Committees. Representative Wells will fill one of the four vacancies created when these members were taken off the Council.

Speaker Turman said, "I know Representative Wells will do a good job on the Legislative Council as he has made an outstanding member of the House. He is a seasoned member and he deserves the promotion and recognition."

Mrs. J. E. Vaughan and son and family, Mr. and Mrs. Wayne Vaughan, Ronny and Danny, attended a dinner in the home of Mr. and Mrs. J. C. Meeks in Quanah on Sunday. The occasion was in honor of Mr. and Mrs. D. T. Johnston of Hollis, Oklahoma, whose birthdays were on Monday and Tuesday.

Their son and five daughters, including Mrs. J. E. Vaughan, were all present. Ronny Vaughan has the same birthday as his great-grandmother, Mrs. Johnston, on February 4.

Mrs. George Miller returned home from Lubbock Sunday after having been a patient in West Texas Hospital since Wednesday of last week.

Piano Students To Present Recital

The piano pupils of Mrs. J. E. Jowell will be presented in a recital in the high school auditorium Sunday, February 10, at 3:00 p.m. Playing in the recital will be Rhonda Sutton, Micki Jasper, Sharon Jarrett, Ruth Ann Cline, Marvin Self, Diane Long, Vici Jasper, Debbie Cantwell, Nancy Fowler, Phillip Stephens, Cynthia Sutton, Kathy Self, Ninette Martin and Joni Self.

Mrs. Jowell, a pupil of Mrs. Charles L. Record of Lockney, will play "Falling Waters" by Truax, and "Russel of Spring" by Sinding.

The public is invited to attend.

W.S.C.S. Meets In Home Of Mrs. Jennie Fisher

The W.S.C.S. of the Silverton Methodist Church met in the home of Mrs. Jennie Fisher at 9:30 a.m. on February 5.

The study, "The Rim of Asia," was concluded. Mrs. Bernice May gave the history and present conditions in Hong Kong.

Mrs. M. G. Moreland, president, conducted the business meeting. The group was dismissed with a prayer by Mrs. Lem Weaver.

Refreshments were served to 12 members.

Helping Hand Club Meets in Jasper Home

The Helping Hand Club met Friday, January 25, in the home of Nelda Jasper.

The house was called to order, and election of officers for 1963 was attended. Lorene Crass was elected president; Zoe Steele, vice president; and Lois Nance, secretary-treasurer.

It was decided to have secret pals. Refreshments were served to Mmes. Modean Callaway, Lorene Crass, Ethel Fitzgerald, Mary John Harris, Pearl Lanham, Lavern Mercer, May Pearl Rowell, and the hostess, Mrs. Jasper.

The next meeting will be on February 14, in the home of Lavern Mercer.

Mr. and Mrs. Robert McJimsey of Friona, were weekend guests of her niece and family, Mr. and Mrs. F. E. Hutsell and children.

Mr. and Mrs. Floyd Woods spent the weekend with their daughter-in-law, Mrs. Billy Woods, in the home of her parents, Mr. and Mrs. W. E. Tait, in Sweetwater.

SQUARE DANCE CLUB TO MEET

A meeting has been called by members of the Square Dance Club. The group is to meet at 7:30 p.m. Saturday in the Fire Hall.

Those interested in learning to square dance are invited to attend, as a new class for beginners will begin soon.

Salvation Army Drive Date Set

A kickoff coffee at the "66" Restaurant on Thursday, February 21, at 9:30 a.m. will open the 1963 drive for funds of the Salvation Army.

Charles Sarchet has been named campaign chairman. Team captains and their workers are:

H. A. CAGLE; Bill Long, Hugh Nance, Johnnie Lanham, Rupert Hughes, and M. G. Moreland.

BUD HOUSE; Verlin Towe, O. C. Maples, Kenneth Tate, Jack Strange, and Robert Ledbetter.

GEORGE MILLER; J. W. Lyon, Jr.; Gene Morris; Jack Stafford, Glen Lindsey, and Ray Thompson.

Mr. and Mrs. J. V. Self spent Sunday in Portales, New Mexico, with his parents, Mr. and Mrs. J. R. Self, and other relatives. J. R. Self has been seriously ill for some time.

OBITUARIES

SP5 THOMAS SHERMAN

SP5 Thomas Sherman of Watertown, New York, passed away on January 5, 1963, from natural causes, and was buried in Arlington Cemetery on January 8.

Survivors include his mother and step-father, Mr. and Mrs. E. H. Stephens of Lyford, Texas; a half-sister, Lynda Lu Stephens Ek of Kansas; an uncle, A. A. Cooper of California. He was preceded in death by a brother, F. Lloyd Sherman, and grandparents, Dr. and Mrs. S. T. Cooper of Silverton.

Mr. Sherman was raised and received his education in Silverton. He had been in the government service more than twenty years.

CHRIS C. SEAMAN

Services for Chris C. Seaman, Roff, Oklahoma, rancher and Rural Electric Association employe, were conducted January 21, in the First Baptist Church of Fitzhugh. Mr. Seaman died at 2:27 a.m. the previous Friday in the Veterans Administration Hospital in Sulphur, Oklahoma.

He was born October 15, 1892, in Texas, and moved to the Fitzhugh community in 1924. A veteran of World War I, he was a Baptist. He was the son of Mr. and Mrs. Christopher Seaman.

Survivors include his wife, Mrs. Lela Seaman; a son, Lonnie Seaman of Dallas; four daughters, Mrs. Jo Ann Tadar, El Paso, Miss Shirley Seaman, El Paso, Mrs. Christine Shelton, San Diego, California, and Mrs. Betty Phaln, Lockney; a brother, M. R. Seaman, Ontario, Canada; a sister, Mrs. H. P. Richards, Cache, Oklahoma, and 11 grandchildren.

Postmaster Grady Martin and Mrs. Ray C. Bomar are shown in their bright new postal uniforms, with the embroidered pony express rider emblem, on each. Postmaster Martin and Mrs. Bomar are getting acquainted with a new machine which has recently been issued the local post office, to expedite a better and more economical system of handling money orders. Plans are underway for replacing two sections of old boxes in the local post office and adding one new section of boxes which will be numbered in the 800's.

Briscoe County News Photo

The 1963 Feed Grain Program

An Explanation Released by the Briscoe County Agricultural Stabilization and Conservation Service

The 1963 feed grain program again provides for the voluntary reduction of corn, grain sorghum, and barley acreage from the 1959-60 base acreage of these crops on individual farms. The sign-up period extends from February 1 through March 22, 1963.

Farmers who make the voluntary reductions in 1963 will receive payments for taking cropland acreage out of the production of those crops and putting that acreage to conservation uses.

Their production of corn, for instance, then will be eligible for national average price support of \$1.25 per bushel. The average loan value will be \$1.07 per bushel and there will be an across-the-nation price support payment of 18 cents per bushel. This 18-cent payment will be computed on the farm's adjusted normal production for the acreage planted in compliance with the 1963 program. It will be paid even if the corn is fed to livestock or sold. It will be in addition to the price support loan. If the 1963 crop is a failure, it still will be paid.

These same situations also apply to grain sorghum and barley. Support price loan levels will be \$1.71 per cwt. (96 cents per bushel) for grain sorghum and 82 cents per bushel for barley. Support payment will be 16 cents per bushel (29 cents per cwt.) for grain sorghum and 14 cents per bushel for barley.

In the 1963 program, which is similar to that for 1962, the farm bases for corn, grain sorghum, and barley will be combined into one feed grain base for the farm. For example, a farm taking part in the program on which corn, barley and grain sorghum are produced will have one feed grain base made up in part from the 1959-60 corn acreage, in part from the grain sorghum acreage for the same years. The diversion payments will be based on the acreage and the kind of feed grain taken out of production. Although the program was not available before the planting of fall barley, those farms on which barley, corn and/or grain sorghum are grown may participate by making the reduction in acreage in corn, barley or grain sorghum since these crops will have contributed to the farm feed grain base.

Those who sign up for the 1963 feed grain program may, through May 1, 1963 and again beginning November 1, 1963, pasture the acreage they expect to divert.

The principal points of the 1963 feed grain program are:

1. The program is voluntary.
2. It applies to corn, grain sorghum and barley, which together are referred to as the "total feed grain base" in this program explanation.
3. To take part in the program, a farmer agrees to take out of production at least 20 percent of the total feed grain base for his farm.
4. The farmer who diverts as many as he signs up to divert and otherwise complies with the program earns a payment for acreage diversion and becomes eligible for the feed grain price support. However, he is not eligible for payments or price support if the feed grain acreage exceeds the feed grain base on any farm in which he has an interest in the corn, barley, or grain sorghum crop.
5. Diversion payments based on the farm's established normal yield and the local price support rate will be made on qualifying acreage taken out of production.
6. Price support payments of 18 cents a bushel based on the established normal yield for the farm, will be made on the 1963 acre-

age of corn. A similar payment will be made on barley at 14 cents a bushel and on grain sorghum at 16 cents a bushel. The same per bushel price support payment rates will be applicable to all complying farms.

7. Advance payments for diversion—up to one half of the amount of the diversion payment for taking feed grain acreage out of production may be made upon request at sign-up time or later.

8. Price support loans, purchase agreements and the price support payment for corn, barley, and grain sorghum will be available only to those who sign up to take at least 20 percent of the total feed grain base for their farms out of the 1963 crop production and devote that acreage to conservation uses and maintain the normal conserving base acreage for the farm. Price support loans and purchase agreements for those who take part in the production are available for their entire production of corn, grain sorghum and barley in 1963.

The county ASCS office has forms on which a farmer may declare his intention to participate in the program.

How Much Reduction?

The smallest number of acres of the farm feed grain base that can qualify under the program is calculated from the established feed grain base for the farm. That acreage is 20 percent of the total feed grain base. If more than one of the feed grains is grown on the same farm, the reduction may be made in any crop or part in each crop. The payment will be made for the feed grain or grains actually reduced—if the base is made up entirely of corn and grain sorghum and the entire reduction is made in grain sorghum, the diversion payment will be figured on grain sorghum. If the farm has a total feed grain base made up of two or more feed grains, the acreage for payment will be based on those crops underplanted.

The largest number of acres that can be taken out of production for diversion payment and used for conservation depends on the size of the farm's total feed grain base.

If the feed grain base is 25 acres or less, the base becomes the largest acreage that can be taken out of production for payment. If the farm feed grain base is more than 25 acres, the largest acreage that can be taken out of production for payment is 25 acres or 40 percent of the base, **WHICHEVER IS LARGER.**

For example: If a farm has a feed grain base of 22 acres—the smallest acreage that would qualify the farm would be 20 percent of 22 acres or 4.4 acres. The largest acreage that could be taken out of production for payment would be 22 acres.

For example: If a farm has a feed grain base of 48 acres—the smallest acreage to qualify the farm would be 20 percent of 48 acres or 9.6 acres. The highest acreage that could qualify for payment under the program would be 25 acres.

For example: If a farm has a base of 80 acres, the smallest acreage to qualify the farm would be 20 percent of 80 acres, or 16 acres. The largest acreage for which the farm could receive payment would be 40 percent of 80 acres, or 32 acres.

Eligibility for 1963-Crop Feed Grain Support

Producers of corn, barley, or grain sorghum to qualify for price support on 1963 crops of these feed grains, must:

1. Sign up for the 1963 program at the county ASCS office between May 1 and March 22.
2. Take at least 20 percent of the farm feed grain base out of production.

3. Comply with his intended diversion as stated in his sign-up papers.

4. Use the acres taken out of feed grain production for conservation use base acreage for the farm.

Price Support Rates

The total price support for 1963 for corn, barley and grain sorghum is in two parts:

The loan rate for corn is \$1.07 a bushel, national average, and the price support payment is 18 cents a bushel, making a total price support rate of \$1.25 a bushel, national average.

For barley, the national average loan rate is 82 cents a bushel and a price support payment rate of 14 cents a bushel, making a total national average price support rate of 96 cents a bushel.

For grain sorghum, the national average loan rate is \$1.71 per cwt. (96 cents per bushel) and the national average price support payment rate is 29 cents per cwt. (16 cents per bushel) making a national average price support rate of \$2.00 per cwt.

Loan rates will be calculated for each county in which each of the crops is grown, in the same manner as county loan rates have been determined in the past.

The price support payment will be made to those taking part in the program. Producers will receive notices of the per-acre price support payment rate for their farms. If more than one of the three feed grains is produced on a farm, a separate per-acre rate will be established for each feed grain.

The price support payment, based on each producer's share in the crop, will be made to all participants in the program who plant feed grains for harvest, and will be made regardless of the use made of the grain. The producer may sell the grain or feed it if he wishes and still receive the payment. This is the first time in the feed grain program that a part of the total price support rate has not been made as a payment and has been available to those producers who feed the grain to livestock on their own farms. This payment can also provide some income insurance since it will be made even though the crop is planted but not harvested.

Payment Rates for Diversion

For each farm, in most cases, two diversion payment rates per acre will be figured for corn, barley, and grain sorghum, as applicable.

One of these rates will be based on 20 percent of the established normal yield for the farm and the applicable county price support rate. This rate will apply to the minimum or first 20 percent of the feed grain base diverted from production (except for farms on which up to 25 acres is taken out of production, as explained in the next paragraph). The other rate for diverting feed grain base acreage will be based on 50 percent of the established normal yield for the farm and the applicable county price support rate for the crop diverted. This rate will apply to all acreage diverted above the first 20 percent (except under conditions as explained in the next paragraph).

Exception to the 20 and 40 percent payment rates is as follows: A producer is eligible for the payment rate at the 50 percent level for diverting up to 25 acres of the feed grain base provided he does not plant any feed grain and that where the farm base is 25 acres or more the conservation acres are increased by the larger or 25 acres or 20 percent of the base. Producers who cash rent publicly-owned cropland, whether Federal, State, or county, should consult the county ASCS office for diversion rates for such land.

Diversion Payment When Base Is 25 Acres or Less

On farms for which the base is 25 acres or less, the following examples show the method of applying the rates of diversion payment:

Assume that a farm has a feed grain base of 21 acres (all corn) with rates of payment of \$13.75 per acre for the first 20-percent diversion and \$34.37 per acre for the acres diverted above the first 20 percent.

1. If the farm diverts only 20 percent of the base, the diversion payment would be figured like this: 20 percent of 21 acres is 4.2 acres.
- 4.2 acres times \$13.75 equals \$57.75 total diversion payment
2. If the farm diverts more than the 20 percent, say 10 acres—5.8

acres more than the minimum—the payment would be:

20 percent of 21 acres equals 4.2 acres

4.2 times \$13.75 equals \$57.75

10 acres minus 4.2 acres equals 5.8 acres above the minimum

5.8 times \$34.37 equals \$199.35

The total diversion payment would be \$57.75 plus \$199.35 equals \$257.10.

3. If the farm diverted as many acres as possible under the program which would be the entire base of 21 acres, the payment would be:

21 times \$34.37 equals \$721.77

In like manner the 50 percent rate would apply to (1) any farm diverting its entire base of 25 acres or less, or (2) any farm with more than 25 acres base which diverts 25 acres, increases conservation acres by the larger of 25 acres or 20 percent of base, and does not plant any 1963 crops of corn, grain sorghum or barley on the farm.

Diversion Payment When Base Is 25 Acres or More

For farms with feed grain bases of more than 25 acres, the smallest number of acres that can be diverted is 20 percent of the total feed grain base. The greatest number of acres that can be diverted for payment is 40 percent of the base or 25 acres, whichever is larger as explained previously.

For example: Assume that a farm has a feed grain base of 80 acres with payment rates of \$13.75 and \$34.37 and that 30 acres is diverted. The number of acres to which each rate would apply would be figured this way:

20 percent of 80 acres equals 16 acres

Since 30 acres diverted is more than 20 percent of the feed grain base, there would be 14 acres diverted to which the higher rate would apply.

The total 40 percent diversion payment then would be:

16 times \$13.75 equals \$220.00

14 times \$34.37 equals \$481.18

Total diversion payment \$701.18

Or, if 25 acres were diverted and no feed grains were grown on the farm the diversion would be paid at the maximum rate, or:

25 times \$34.37 equals \$858.85

The Price Support Payment

The price support payment on participating farms is made on the basis of the established normal yield per acre for the crop and the number of acres planted. The price support payment for corn is 18 cents a bushel for all participating farms, regardless of location in the United States.

Assume that a farm has a feed grain base of 80 acres (corn) and an established yield for the farm of say 60 bushels per acre, and that 20 acres are diverted from the feed grain base to conserving and all other requirements for uses and 60 acres of corn are planted—a participating farm are met.

The price support payment would be figured in this way:

60 bu. times \$0.18 equals \$10.80 per acre

\$10.80 times 60 acres equals \$648.00

In addition, the entire production from the 60 acres would be eligible for the local price support loan.

The price support payment would be made even if the corn produced on the 60 acres were fed to livestock on the farm or if part of the production were sold or placed under price support loan.

Obviously, on farms where the entire feed grain base is diverted to a conserving use or where no feed grains are planted for harvest, there would be no price support payment.

Making Payments

The diversion payment and the price support payment will be made as requested by the participant, either through the issuance of negotiable certificates that may be redeemed in grain or a sight draft.

Use of Diverted Acres

The acres diverted from the production of feed grains are to be used for approved conservation measures (with exception of substitute crops) if the participating farm is to remain eligible for diversion payments, price support payments, and price support loans. Erosion, weeds, rodents, and insects are also to be controlled on the diverted acres.

Diverted acreage under the 1963 feed grain program may be grazed through May 1, 1963, and again starting November 1, 1963.

To Participate

To participate in the 1963 feed

grain program, the following steps should be taken: A farmer first supplies the county ASCS office with an acreage report if that was not done under the 1961 or 1962 program or in preparation for the 1963 program. That report shall include the acreage and crops produced on his farm in 1959 and 1960. (Most farmers already have supplied this information to the county ASCS office.)

On the basis of the information filed by the farmer, the county ASCS committee establishes a base for the farm. If the farmer has been producing only corn, the base is derived from the acreage of corn, or, if only grain sorghum is produced, the base is derived from the acreage of grain sorghum, or if only barley is produced, it is derived from the acreage of barley. If more than one of these crops is produced, separate base acreages will be determined for each crop. The total base represents the sum of the individual bases.

Owners and operators should receive a notice of base acreages, yields and diversion payment rates

for the farm.

The next step is for the farmer to complete and file at the county ASCS office, not later than the final date (March 22, 1963), an intention-to-participate form. If he wants an advance payment, he will so indicate at that time. After this form is filed, the farmer then will have the responsibility of (1) diverting acreage from corn, barley, and/or grain sorghum in total to the extent indicated, (2) designating the acreage of land to be diverted and establishing conservation use on such land, (3) maintaining the conservation base acreage on his farm, and (4) not exceeding his total feed grain base on any other farms in which he shares in the corn, barley, or grain sorghum crops. (Intention to participate may be changed as late as the March 22 deadline is reached.)

Diversion Payment When Base Is 25 Acres or Less

On farms for which the base is 25 acres or less, the following examples show the method of applying the rates of diversion payment:

Assume that a farm has a feed grain base of 21 acres (all corn) with rates of payment of \$13.75 per acre for the first 20-percent diversion and \$34.37 per acre for the acres diverted above the first 20 percent.

1. If the farm diverts only 20 percent of the base, the diversion payment would be figured like this: 20 percent of 21 acres is 4.2 acres.
- 4.2 acres times \$13.75 equals \$57.75 total diversion payment
2. If the farm diverts more than the 20 percent, say 10 acres—5.8

Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dynes)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation "Z". At all drug counters.

Birth Defects from Thalidomide Spur Mothers in March of Dimes

Grave concern about the widespread problem of birth defects, recently spotlighted by tragic infant deformities caused by the drug, thalidomide, will inspire some two million Marching Mothers to seek their neighbors' support for the 1963 March of Dimes during the last week in January.

For volunteers in the Mothers' March, this concern is not a recent development. The National Foundation—March of Dimes, which observes its 25th anniversary this year, began to attack the long-neglected field of birth defects back in 1938.

Then, as now, medical authorities recognized that birth defects, in hundreds of disabling forms, overshadow all other child health problems. Every year, more than 21,000 deaths throughout the United States are caused by defective prenatal development. Every year, more than a quarter of a million babies survive despite significant defects.

To bring expert help to such children all over America, The National Foundation—March of Dimes—which helped conquer paralytic polio by totally supporting the development of the Salk and Sabin vaccines—now has a treatment program well under way.

Also in 1958, the March of Dimes organization initiated a program in the field of arthritis—equally neglected and shrugged off by the public as an inevitable hazard of aging, despite the fact that its severest form strikes children and young adults with alarming frequency.

This year, Marching Mothers will proudly report to their neighbors that a nationwide network of March of Dimes-financed study and treatment centers for birth defects and arthritis is operating at full capacity. Nearly 50 such centers are now open in communities across the country—double the number that were in existence just a year ago, and only the beginning of the network envisioned.

In addition, seven respiratory centers are maintained for

WHY IT IS WORTH IT—Marching Mothers believe every child's birthright entitles him to a full, useful life. They will brave the elements late in January to seek public support for the March of Dimes which finances treatment centers and research for victims of birth defects and crippling arthritis.

polio victims for whom the vaccines came too late. Aid for thousands of polio patients is still a prime responsibility of the March of Dimes.

The birth defects and arthritis centers supported by March of Dimes contributions emphasize early and correct diagnosis, which is the key to effective treatment and rehabilitation. Such detection and care requires the skills of many different specialists, all working together with patient and family.

Until the development of the March of Dimes program, such top-quality attention was generally available only in large medical centers. The families of children afflicted with these crippling have often had to settle for less than the best because facilities were lacking or inaccessible.

The tiny victims of disease and deformity who are born today must rely on current medical knowledge to detect

abnormal conditions in time for proper treatment—or on "repair work" to correct disability. Wonders can be, and often are, accomplished. But the ideal solution—that of preventing disability or warding it off at the very beginning of life itself—is the goal of research scientists whose work is supported by March of Dimes grants. They are adding constantly to the treasury of medical knowledge of how best to treat and, ultimately, to prevent crippling conditions that take such a grim toll of our children's health.

As they pin on their badges bearing the symbolic "Golden Key of Hope," Mothers' March volunteers are convinced that a concerted effort of the public in partnership with science—as persistent as the program that triumphed over polio—can speed the day when the problems of birth defects and arthritis will be solved.

C. E. Ivey, who has been seriously ill for a long while, but seems to be some better at this time.

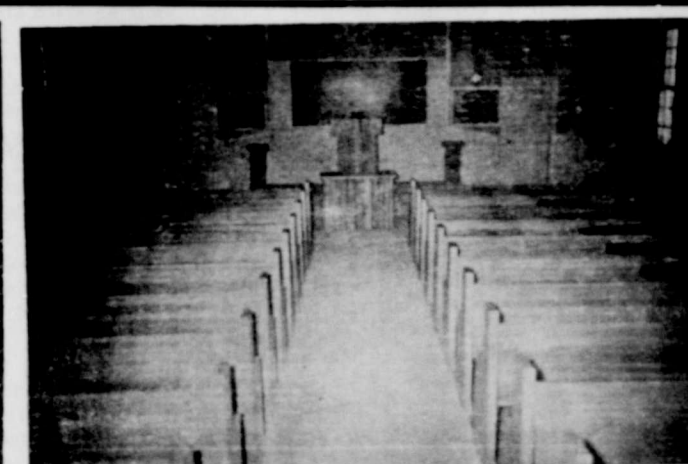

Mrs. Bob Dickerson, who has been a patient in Swisher County Hospital, was brought home Tuesday.

Rev. and Mrs. Marvin Fisher returned home from Methodist Hospital in Lubbock late Tuesday. He had been a patient there for five days. He expects to undergo a new spinal fusion soon.

Mr. and Mrs. Jimmy Ray Baird were in Canyon Tuesday.

Mrs. S. R. Turner came home Friday after a five-week visit in Amarillo with her daughter and

family, Mr. and Mrs. O'Neal Watson. Mrs. Watson brought her mother home and stayed overnight.

Reputation
What is the most important thing in the world? No one could ever agree completely on the answer to that question, but almost everyone agrees that reputation would rate high on the list.
Your reputation for common sense, for book knowledge, fairness, paying bills, any and all of these and many more, make your life pleasant or unpleasant.
Your actions and reactions in

certain situations are the basis of reputation. This, unfortunately, is not all, for the most difficult part of this facet of living is other people's interpretations of your actions.
We, of course, cannot govern other people's thoughts directly, but we can attempt to keep our own thoughts and actions in line. Life, you must agree, is pleasant and full for those people who have good reputations.

If, however, you find your reputation is not so good, please don't let this put you in the hospital or discourage you. If you truly work and put forth an effort that everyone can see, you'll be surprised at the final results. People will forgive and forget, and some day you may not be remembered for something wrong you did, but for something of service to the entire community.
Try to remember this always—reputations, like time, change.

UP PERISCOPE

Just for fun the editors placed a periscope in the large square concrete block under the caution light in downtown Silvertown that says "KEEP RIGHT."

This sneaky method gave some very interesting information.

As the searching eye of the periscope reached the bank, five figures were observed doing the "Buzard Lope" beneath the clock. What these seniors didn't know was that there was a live buzzard circling overhead, ready to pounce just as soon as they fell from exhaustion. But, Claude beat him to them. Quite a chase—quite a chase!

Earlier High Eye had spotted the Towse brothers entering the recreation hall to further their studies for their PHD's. They must have really been cramming, for they were still there at a very late hour.

As the Eye scanned to the right the scream, "Chinese Fire Drill," was heard. At that a carload of sophomores piled out and ran as fast as they could around the car, and all tried to get back in at once. The sight nearly cracked the periscope lens. It must be a lot of fun—whatever it is!

The Eye was nearly hit a couple of times by some foreigners who couldn't read the signs. They are the ones who go down the wrong side of the street. It was discovered that these drivers don't always come from out of town who decide to go the wrong way.

Oh no! Here comes Jeanne Davis! We're getting out of here while we can!

We'll be SEEING you!

My Wonderful Sophomore Year

by Mary Dell Tucker

I think that all the Sophomores will agree that this has been a marvelous year. Now we're "upper classmen" and not "little freshmen." Sometimes we might be kind of rough, Freshmen, but just wait until next year. Then you'll know just how we feel.

Saying what a wonderful year we've had might sound "corny" at first, but stop and think. We all had a blast going to the football games, both at home and away. It was sometimes cold and sometimes wet, but we enjoyed it!

The came basketball season. The Sophomores of SHS are blessed with so many of the class who are able to play so well!

Then there was our New Year's Eve party—no comment on that event.

We made a lot of money at our chicken supper. It was fun picking the green beans for it, too—right, Sophomores?

We are referred to as "silly Sophomores," and I can't possibly imagine why. We just try to enjoy ourselves. Just because we drive our teachers, parents, and other elders half-crazy and embarrass them everytime they turn around, and just because we sing silly yells at the ballgames, doesn't mean that we are bad kids.

Our boys are always looking for so-called "women." The girls are always looking, just looking.

We've really had a ball so far, but just think what is coming—the Sweetheart Banquet, more conference basketball games, more parties, and most of all, more fun!

OWL'S

Official publication of the students of Silvertown High School, compiled and edited by members of the Future Business Leaders of America

HOOT

Meet The Seniors

David House

David House has spent a large portion of his high school career rendering service to his classmates and fellow students as well as for Silvertown High School. His greatest achievement might be in his high scholastic standing, gained through a genuine interest in his studies. He has been a member of the National Honor Society for two years, and has consistently been listed on the high school honor roll.

It is a great challenge to a student to achieve popularity with his classmates while actively pursuing his intellectual interests. David has done just this. He has represented his class well since moving to Silvertown as a Freshman. He has been chosen Class Favorite, Who's Who, and twice Best Dressed Boy.

Perhaps his most outstanding achievement will come as a result of his work on the annual school yearbook, The Owllet. David has served as editor of the publication this year, and the students are looking forward to one of the best issues in the school's history.

Teachers and students alike are proud to work with a fine person like David. All can be certain that he will go far his future life.

THAT WONDERFUL YEAR!

My First Year In High School

by Mary Schott

My first high school days held many joys and extreme pains, particularly during Freshman Week. If someone wasn't yelling "air raid" every minute, causing me to fall flat on my face, they were making me push rocks all across town with my nose.

You think this is bad—wait until you're walking down the stairs and some bully comes along and hogs the way. I soaked my feet in boiling hot water and went to the dentist to get my new set of teeth put in, as a result of being knocked down two flights of stairs.

Well, I guess I'll have to admit, after the new activities I have entered into, that my Freshman year is the funniest and most interesting I will ever spend in high school.

Incidentally, I've been thinking, poor Mr. Dunn must feel lost without having me in his office to have a little chat with him about why I did this or that. But—I guess all good things must come to an end, so he can hand all those happy moments over to Mr. Rampley for future reference. And I must tell you (I'm proud to say) that after five months of high school, I haven't been sent to him yet!

Discussing problems concerning teenagers, one woman asked her neighbor: Is your son hard to get out of bed in the morning?
"No," replied the neighbor. "I just open the door and throw the cat on his bed."
With a puzzled look on her face the other inquired: How in the world does that waken him?
"He sleeps with the dog."

"You hammer nails like lightning."
"I'm fast, you mean?"
"No, you never strike twice in the same place."

Sue Lanham

Since entering high school, Sue Lanham has faithfully engaged herself and her talents in many worthwhile organizations, clubs, and committees, dutifully carrying out her part in each of them.

Student Council has had her support for three years, two of them as a representative and this year as secretary. Sue has been a member of the Future Business Leaders for three years, and is vice president of the club this year.

Her work in the Future Homemakers has proven invaluable to the entire group, as she has been a member for four years, and has served as parliamentarian. She presently holds the office of president of the FHA.

One might consider is a privilege to serve her class for all four years as secretary, as Sue does. She has been a cheerleader for three years and is the Pep Squad president this year.

Illustrating her devotion to her scholastic responsibilities, Sue is a member of the National Honor Society, and has been listed on the honor roll many times during the past four years.

Sue's popularity with her fellow students and the teachers may be shown by her having been chosen candidate for Football Queen two years, Who's Who two years, Class Favorite, Wittiest Girl, Most Beautiful, and DAR Citizen. She has been an outstanding player on the girls basketball team since entering high school.

It would take the whole page to list all of Sue's qualities. Certainly it can be said that she has given much of herself to the school and is well liked by both students and teachers.

The plumber was a mild sort of man, but he could not get away from the fact that his assistant was terribly lazy.

For a long time he said nothing, but at last he could contain his exasperation no longer.

"Bill, you get on my nerves standing there with both hands in your pockets," he said, "For heaven's sake, take one of them out."

CORNER BOOKSTORE

"THE VIRGINIAN"
by Owen Wister

"When you call me that, smile." The voice was still soft, gentle and drawing, but his pistol was out and Trampas backed down.

Easy going, slow moving and fun loving—yet no man dared to trifle with him—such is the unforgettable Virginian, the most famous and best loved Westerner in fiction. As memorable are Trampas, the bad man; Steve, the lovable rustler; fine old Judge Henry; and Molly Wood, the pretty school teacher from New England. Their story is one of swift adventure, of vivid romance and abundant humor, a tale into which is woven the spirit of the Old West, the freedom and danger of the unsettled frontier, the courage of the early settlers.

For a change of pace from fiction and biographies, this book is excellent.

A question runs through my mind, And will not let me rest: Who tests the IQ of the guy Who writes the IQ test?

S-Club Members Attend Track Meet

Several S-Club members, Coaches Wheelchel and Granato, and others attended the track meet held in Lubbock last Saturday.

Among those attending were Jay Towe, Emmett Tomlin, Larry McWilliams, Gary Hunt and David House, Jerry Tucker, Dennis Tomlin and Howard Tomlin.

Popularity Polls Are Released

TWIRP WEEK IS BACK

The warm up and try outs for the sweetheart banquet have at last arrived. The girls warm up for asking the boys and the boys try-out for being caught by the girls.

The Woman is Required to Pay week is an annual affair before the sweetheart banquet. Trophies will be given to the girl and boy who have the most dates.

This is easiest and most pleasurable thing we have in the whole year to participate in, so come on girls let's have some action. How can you expect the boys to ask for a date if the girls don't set a good example.

Season opens on Saturday night February the ninth, and closes the night of the banquet. All females are eligible and asked to participate in this activity. No hunting license is required as last year, all you have to do is develop a smooth tongue and a good line!

Facit Contest Well Underway

The annual Facit Typewriting Contest has been in progress for a number of weeks in Silvertown High School. This contest is easily entered by any student who is enrolled in some business subject at the time. To enter, one must have a perfect 5 minute paper, double-spaced. For such entries, a medal will be received by that person or persons and the typing teacher will receive a certificate for having entered one or more students in the contest. If any of these papers submitted happen to be the one with the highest speed, they may be asked to attend the regional meeting.

The winner there, along with any other person he wishes to take with him, will enjoy a trip to Sweden. Certainly, the contest is well worth the time and effort spent on it to get a perfect paper.

A few perfect timed writings have been turned in, and Mrs. O. C. Rampley, business teacher, is still hoping that others will be submitted.

Boy: I ain't got no pencil.
Teacher: I haven't a pencil, you haven't a pencil, we haven't any pencils, they haven't any pencils.
Boy: Wot's happened to all them pencils?

Wayland Group Presents "Papa Was A Preacher"

In a recent assembly, a group from Wayland College presented a play entitled, "Papa Was a Preacher" to the student body.

The play reviewed some of the comical but frequently "down to earth" happenings in the average preacher's family. The play was written by a member of the 1962 dramatics class at the college, and was originally a three-act play. For this presentation, the group had condensed the play into one act.

The play in its entirety brought home to the students and teachers the thought that "appearances are not always what they seem."

Professor: Name the outstanding accomplishment of the Romans.
Pupil: They understood Latin.

CALENDAR OF EVENTS

Wednesday	Assembly

Owls Fall Into Hands Of Chiefs

After an exciting game, especially in the second half, the Silvertown Owls fell to the Crosbyton Chiefs as the time ran out with a final score of 40-41, last Friday night in Owl Gym.

Fred Stafford gained 20 points of this score for the Owls, with Gary Hunt and Jay Towe having the next highest points scored.

Thus far, the boys have lost two games in district play; however, if they can win their remaining games, they may still place in the district.

Owlettes Scalp Chiefs, 42-21

Jimmie Nell Reynolds led the Owlettes with 26 points last Friday night in their battle against Crosbyton. Martha Mills and Tena Williams followed with 7 and 6 points respectively. Final scoring was 42-21. Everyone of the girls played an excellent game in the sight of the fans and the overall sportsmanship of Silvertown was likewise excellent.

The girls have lost only one game and can still place in district competition if they keep up their hard work. Both the boys and the girls need your support and interest if they are to move ahead in the district spotlight.

Boys Receive Football Jackets

Coaches Wheelchel, Granato and Lesley presented all of the football boys with their letter-jackets during assembly last week. The B-team boys received jackets similar to those of the A-team, except theirs didn't have the leather arms. The seniors, all but Butch Norris, received blankets instead of the traditional jackets. They felt that, this being their last year and already possessing several jackets, they felt they could make better use of a nice blanket.

The blankets are made from the same material as the jackets are. They have a large "S" in the center and on the corner the owner's name is embroidered. The boys seemed as proud of their blankets as the others were of their jackets.

Coach Wheelchel made a few remarks, one of them being that he had been here for four years, and that he had begun the same year that those Senior boys had entered high school. It isn't often that a group starts and finishes high school under the same coach.

Coach Wheelchel then presented Coaches Granato and Lesley with their first jackets from the Silvertown schools.

Not til she's typed the entire sheet Does she discover, to her chagrin,
The only error that she made Was the way she put the carbon in.

Coffee Enjoyed In J. D. Nance Home

A coffee in the home of Mrs. J. D. Nance Tuesday morning honored Mrs. Guinn Fitzgerald and Mrs. J. E. Patton. About forty attended the court-tesy, which was hosted by the ladies of the Rock Creek Church.

Pfc. George McJimsey has spent a 30-day leave here with his parents. Mr. and Mrs. Irving McJimsey. He has recently returned to the United States after having spent 13 months in Korea where he was stationed at Camp Howze, near Seoul.

Mrs. R. C. Green of Turkey and Mrs. Gordon Montague of Plainview spent Saturday here with their parents, Mr. and Mrs. Will Smith.

Mmes. Joe B. Mercer and Floyd Williams were in Amarillo Monday.

Lewis-McJimsey Vows Repeated

Miss Helen Lewis and Pfc. George McJimsey were united in marriage at 10:00 a.m. Friday, February 1, in the parsonage of the First Baptist Church in Silverton. The Rev. Carlos McLeod officiated at the double ring service.

Attending the couple were Mr. and Mrs. Sam Lewis and Mr. and Mrs. Irving McJimsey, parents of the couple.

Also present for the ceremony were Mrs. Presea Lewis and Mrs. W. A. McJimsey, paternal grandmothers of the couple, David and Janice Lewis, brother and sister of the bride.

Mr. and Mrs. Sam Lewis were hosts for a dinner for the wedding party immediately following the ceremony. The couple left during the afternoon on their honeymoon trip to Saint Louis, Missouri, where Pfc. McJimsey is stationed.

OF INTEREST TO Women

Mrs. Louis Grabbe In Honoree at Shower

The home of Mrs. Dock Wallace was the scene of a pretty miscellaneous bridal shower on Saturday, February 2, honoring Mrs. Louis Grabbe, nee Alice Holt.

Mrs. Wallace greeted the guests and presented them to the honoree, to her mother, Mrs. Ralph Stewart, and to Mrs. Annie Grabbe, mother of the bridegroom.

Brenda Martin and Mary Schott registered the guests. Dana Kite, Judy Bingham and Gloria Wallace served refreshments to the more than thirty guests who attended.

The bride's chosen colors, green and white, were used in refreshments and table decor. The table was laid with a white lace cloth over green centered with an arrangement of white crystal flowers and green candles. Crystal and silver appointments were used in serving.

Mrs. Jamie Allison of Lubbock, sister of the bridegroom, was among those who attended from out of town.

J. E. (Doc) MINYARD

Mr. And Mrs McGavock Honored

Mr. and Mrs. W. W. McGavock were honored on Sunday, February 3, in the home of their daughter and family, Mr. and Mrs. Robert McDaniel, III. The occasion was the celebration of their Golden Wedding anniversary.

The refreshment table was laid with a pale gold cloth and crystal and silver appointments. A centerpiece of large yellow mums and candles enhanced the setting.

The anniversary cake was two large hearts entwined with the numerals "50" in gold. An original wedding photograph of the couple was also displayed on the table.

Traditional gold decor was carried out in the corsage and boutonniere worn by the honorees.

Children of Mr. and Mrs. McGavock who were present were Mrs. Gladys Davis and Mr. and Mrs. Vade McGavock of Tulia; Mr. and Mrs. Robert McDaniel, III, of Silverton. Another daughter, Mrs. Ruth Mowery, of Anaheim, California, was unable to attend, but telephoned to extend her best wishes to her parents.

Fifty-one guests were registered during the afternoon. Attending from out of town were Mr. and Mrs. Homer Adams, Cordell, Oklahoma; Mr. and Mrs. John McClendon, Tulia; Mrs. D. N. McGavock, Tulia; Mrs. Charlie Ervin, Tulia; and Mr. and Mrs. James Rossi, Lubbock.

Mr. and Mrs. Ray Savage, Ricky and Randy of Amarillo were week end guests of her parents, Mr. and Mrs. Olos Chitty.

Mrs. J. W. Anderson of Hereford spent Sunday with her daughter and family, Mr. and Mrs. P. L. Brown. They called on Mr. and Mrs. Don Brown, Steve and Trent, in their new home in the afternoon.

Mr. and Mrs. Melvin Watkins and daughters of Amarillo were

Walter Rogers Writes

Our Strength Is Great

This country is not going to be disarmed. No government agency has the authority under any law to strip away our defenses. The Congress of the United States has neither proposed nor approved any plan for the disarmament of this country. No responsible voice in Congress or the Administration has proposed unilateral—"go it alone"—disarmament, or indeed disarmament in any form unless there are iron-clad guarantees that the Soviet Union will reduce its armaments in similar measure. Our sovereignty is NOT going to be turned over to the United Nations or any other organization or nation. Our defenses are stronger today than ever in history.

These are the facts.

My mail recently has been full of concern expressed by good citizens over a bill passed into law 17 months ago—passed with bipartisan support in both houses of Congress after its provisions were strongly endorsed by President Eisenhower and former President Kennedy and the leading figures of their administrations. By a vote of 290 to 54 in the House (including 194 Democrats and 90 Republicans voting in favor) and 73 to 14 in the Senate, the Congress established the U. S. Arms Control and Disarmament Agency—NOT as an agency to trade away our arms, as some would tell you, but an agency to coordinate and improve upon activities that have been pursued by departments of our government virtually since the end of World War II. We have taken part in more than 70 international conferences touching on questions of arms reductions since the war; we are engaged in another such conference as I write this. By setting up the agency, Congress saw to it that our security position was enhanced as these negotiations continue. The agency brings together in one department diverse activities that had been pursued independently by several branches of the government, usually without coordination, something to our great risk.

In the meantime, we are continuing to spend more for defense purposes than ever before in our history. The President's budget proposal for the next fiscal year calls for defense expenditures of \$55.4 billion. By the end of this year, it is estimated, members of the Armed Forces on active duty are to number 2.7 million. We are proud of our strength and well aware of the cost—more than \$300

weekend visitors with her parents, Mr. and Mrs. Bud McMinn, and her grandmother, Mrs. W. L. McMinn.

Mr. and Mrs. Fred Gamblin of Lamesa spent several days here last week with their daughter and family, Mr. and Mrs. George Miller, Pat and Karen. Pat returned home with the grandparents to visit while his mother was in the hospital.

Mr. and Mrs. Raymond Cantwell, Randy, Doris and Norma Gray have recently moved back into their home on South Main Street. They have lived in Lampasas for several months.

Mr. and Mrs. Rolland McLean and boys of Amarillo were week end guests in the home of Mr. and Mrs. Datis Martin and children.

Sunday dinner guests of Mr. and Mrs. Earl Cantwell were Mrs. Verdine McLean of Austin; Mr. and Mrs. R. N. Self of Tulia; Mr. and Mrs. Rolland McLean and boys of Amarillo; Mr. and Mrs. Jack Hutton of Turkey; Mr. and Mrs. Raymond Cantwell and children, Mr. and Mrs. Fred Arnold and children, Mrs. Datis Martin, Ninette, Dana and Celia, and Mr. and Mrs. Elton Cantwell and children. Mr. Adrian Pitts of Amarillo and Juanita Crail of Lubbock called in the afternoon.

Mr. and Mrs. George Seaney were in Lockney Sunday afternoon where they visited Mr. H. L. McWatters, Silverton, and Mrs. A. F. Van Meter, sr., of Quitaque, patients in Lockney General Hospital.

Weekend visitors with Mr. and Mrs. Fulton Gregg were Mr. and Mrs. Andy Isbell of Artesia, New Mexico; Mrs. A. A. Boling and Mrs. John Boling and children of Lubbock.

Mr. and Mrs. Charles Rodgers and Mark who recently moved to Panhandle, spent the weekend here with friends. They were overnight guests of Mrs. Truman Stephens and children.

billion since World War II, more than half of each tax dollar now earmarked for defense purposes. The cost is great, but Communism's spear is blunted.

In his State of the Union Address, delivered to the Congress on January 14, 1963, President John F. Kennedy said, "Finally, what can we do to move from the present pause toward enduring peace? Again I would counsel caution. I foresee no spectacular reversal in Communist methods or goals. But if all these trends and developments can persuade the Soviet Union to walk the path of peace, then let her know that all free nations will join with her. But until that choice is made, and until the world can develop a reliable system of international security, the free peoples have no choice but to keep their arms near."

"I think it is a matter of our national security just as much as our national defense is," said President Eisenhower's former Defense Secretary, Thomas S. Gates, in advocating passage of bills to set up the Arms Control and Disarmament Agency. "Even if no progress is made on disarmament, it is still essential for the United States to appear before the world as a country which can evolve constructive ideas in this crucial field," said enry Cabot Lodge, Ambassador to the United Nations in the Eisenhower Administration and Republican candidate for vice president in 1960. "I think this agency will enhance our national security interests. . . . To deal with this problem most effectively, a permanent organization that can attract and hold top talent is needed," said General Lyman Lemnitzer, then Chairman of the Joint Chiefs of Staff, now NATO com-

mander. "I heartily concur in your purpose," wrote General Eisenhower, in support of the bill. "This agency can get the security that we are trying to achieve with our Military Establishment and other agencies, if it is understood and not misrepresented," said Rep. Walter H. Judd of Minnesota, keynote speaker at the 1960 Republican National Convention.

I was among Southern States Congressmen who authored an amendment to the House bill, an amendment introduced by Rep. L. H. Fountain of North Carolina, to make certain this country enters into no disarmament agreement except in accordance with the Constitution. The act establishing the agency thus requires two-thirds ratification by the Senate of any arms reduction treaty. Last year, I proposed a constitutional amendment that would require majority approval of the House, in addition to the two-thirds approval by the Senate, before any treaty could become law. I've re-introduced the resolution in this session.

Recent visitors to the office included Mr. George W. Dupree of Amarillo; Mr. Lyle Robinson of Tulia; Lt. Ken Lanyon of Amarillo; Mr. Kenneth Kendrick of Stratford; and Mr. and Mrs. James F. Smith, jr., of Amarillo.

CHANGE-OF-LIFE...

does it fill you with terror ...frighten you?

READ HOW COUNTLESS WOMEN HAVE FOUND THE WAY TO OVERCOME CHANGE-OF-LIFE FEARS

Have you reached that time of life when your body experiences strange new sensations—when one minute you feel enveloped in hot flushes and the next are clammy, cold, drained of energy, nervous, irritable? Are you in an agony of fear? Too troubled to be a good wife and mother? Don't just suffer from the suffocating hot flashes, the sudden waves of weakness, the nervous tension that all too frequently come with the change when relief can be had.

Find comforting relief the way countless women have, with gentle Lydia E. Pinkham Tablets. Especially developed to help women through this most trying period. In doctor's tests 3 out of 4 women who took them reported welcome effective relief. And all without expensive "shots."

Don't brood. Don't worry yourself sick. Get Lydia E. Pinkham Tablets at your druggists. Take them daily just like vitamins.

The gentle medicine with the gentle name **LYDIA E. PINKHAM**

Texan of the Year AWARD

Presented to
DAN BLOCKER
 OF BOWIE COUNTY TEXAS

THIS AWARD is presented on behalf of the Daily and Weekly Newspapers of Texas to DAN BLOCKER, who truly measures up to a Texan's yardstick of a real Texan. It is tendered in appreciation of the high honor and distinction he has brought to the Lone Star State.

DAN BLOCKER'S role as Hoss Cartwright on NBC/TV's Bonanza series is natural casting. In real life, as in his character part, the word of this modest and unassuming Texan is as good as his bond.

This gentle giant of a man had to have a big body for such a big heart.

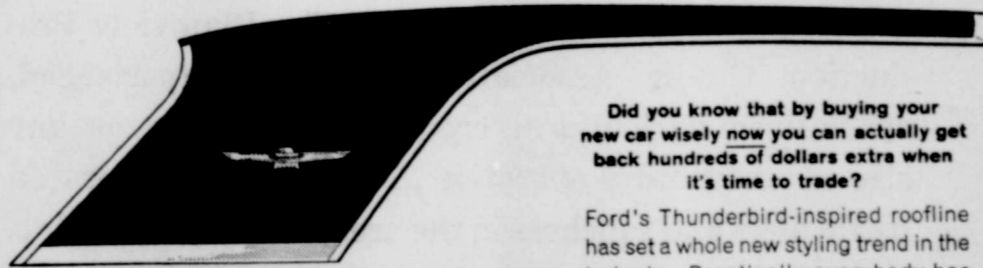

Texas newspapers salute him for what he is, as well as for the fame he has brought to our great State.

Presented by The Texas Press Association on Jan. 26, 1963 at TPA's Mid-Winter Convention in San Antonio, Texas

Announcements

NOTICE TO BANKS

On Monday, February 11, 1963, at 10:00 a.m., the Commissioners' Court of Briscoe County, Texas, will open applications by any banking corporation, association or individual banker of such County, for designation as depository of County and County School Funds. Applications shall state the amount of paid up capital stock, permanent surplus and financial condition of said bank, and shall be accompanied by a certified check of one-half (1/2) of one (1) per cent of \$100,000.00 (which is the amount of receipts of the County, and the County Schools for the year 1962) as a guarantee of good faith.

All negotiations to comply with Article 2544, Texas Civil Statutes and other statutes governing county depositories.

M. G. MORELAND
County Judge
Briscoe County, Texas 3-3tc

FOR YOUR COLON IRRIGATION see Mrs. Laura Cole at 122 N. Gaines in Tulia. Over 7 years experience with Dr. H. E. Reeves. 2-3tc

INEZ'S REST HOME, 6 BLOCKS south of City Motel, has trained personnel on duty 24 hours. Has TV; also religious services. Doctors available anytime. State license, reasonable rates. Phone 874-2065, or write Box 933, Clarendon, Texas. 5-4tp

Swisher County Electric Cooperative furnishes its members with large Mercury Vapor lights for use on farms and ranches. Recently in Briscoe County, vandals have been destroying these lights with rifles. Swisher County Electric Cooperative directors are offering \$100.00 reward to anyone who can give information leading to the arrest and conviction of the person or persons involved. Anyone having information concerning these acts of vandalism in Briscoe County are asked to contact Swisher County Electric Cooperative in Tulia, or phone WY 5-3567.

CARD OF THANKS

Sincere thanks to our friends and neighbors who were so thoughtful during my stay in the hospital and since my return home. My family and I take this means of expressing our appreciation for the visits, telephone calls, cards, gifts, words of encouragement and all the other nice things which have been done for us.
Bill Edwards

GOOD NEWS FOR OLDER PERSON. Real opportunity for a profitable Rawleigh Business in Briscoe County. See R. L. Ruth-erford, Route 3, (E. 34th St) Plainview, or write Rawleigh's Dept. TXB-241-556, Memphis, Tennessee. 6-3tp

Mrs. Ruth Baker and Mrs. Edith C. Lee, teachers in the local school, spent the weekend in Perryton.

Miss Anna Lee Anderson and Mmes. Alvin Redin and Fred Mercer attended the regular monthly meeting of Delta Kappa Gamma in Plainview Saturday.

Mrs. C. M. Chappell and Mrs. Ray C. Bomar spent a long week end in Lubbock. Mrs. Chappell was a guest of her sister and family, Mr. and Mrs. Daniel Bryan. Mrs. Bomar visited her sister and family, Mr. and Mrs. Carl Hawkins and daughters.

Mr. and Mrs. L. E. Paige left Wednesday for a vacation trip to California. They planned to visit their son in Roswell, New Mexico, enroute.

Mr. and Mrs. Eddie Wesley and family of Littlefield, and Mr. and Mrs. Lonnie Wesley and sons of Amarillo were weekend guests of Mr. and Mrs. J. H. Wesley. All were Sunday dinner guests of Mr. and Mrs. Willie Wesley and family in Tulia. Mrs. Richard Weeks and children of Tulia and Mr. and Mrs. A. T. Brooks and family were also dinner guests in the Willie Weeks home Sunday.
