National Family Week To Be Observed Here

May 5 through 12 is National Family Week and special emphasis will be given the event in the Silvertown Methodist Church. The children of the church are to have a part in the evening service at 6:30 p.m. and Bro. E. Lee Stanford of Dimmitt will be speaking on the theme, "Family Religion," in connection with the children's program.

Verlin Towe, Quarterback Club president, and Joe Kerbel, head coach of the West Texas State Buffaloes, are pictured at the Athletic Banquet held in Silvertown last Saturday night. Kerbel spoke to the players, their families and friends while showing a movie of the Buffs in action.

Silvertown Jets Defeat Tulia 23-2

The Silvertown Jets took on the semi-pros from Tulia Sunday afternoon in the home ball park and defeated them 23 to 2. Several injuries were reported, including a cleat injury received by Fred Stafford.

Tommy Lawson was Silvertown's winning pitcher, and gave up only four runs to Tulia.

High school boys who are playing for the Jets are Stafford, Gary Hunt, Dennis and Emmett Tomlin.

Jim Whiteley Dies In California

Funeral services for Jim C. Whiteley were conducted at 3:00 p.m. Tuesday, April 30, in the Silvertown First Baptist Church. Rev. Marvin Fisher officiated, assisted by Earl Cantwell, minister of the Rock Creek Church of Christ, and Rev. Carlos McLeod, pastor of First Baptist Church.

Masonic graveside rites in the Silvertown Cemetery were under the auspices of Silvertown Masonic Lodge No. 754. Arrangements were under the direction of Roberts Funeral Home.

Mr. Whiteley, 68, a long time resident of Briscoe County, died at 5:30 a.m. Sunday in Hollywood, California, where he had spent the winter months.

He had been in poor health for some time.

He was born October 29, 1895, at Belton. He came to Briscoe County in 1900, moving here with his parents and settling nine miles south of Silvertown in the area now known as Whiteley Switch.

During most of his working life he engaged in farming. He was a veteran of World War I, during which he served with the 36th Division of the Texas National Guard.

He was a member of the Silvertown Methodist Church. He was also a 32nd Degree Mason and was a past master of the Silvertown Masonic Lodge No. 754.

He was also a member of the Silvertown Chapter No. 900 Order of the Eastern Star.

Mr. Whiteley was a great humanitarian, always helping those who were in need and less fortunate in life than he.

He was preceded in death by his wife, Mildred, one sister and one brother.

Survivors include five sisters, Mrs. Jennie Penn of Lubbock, Mrs. Ruth Diviney of West Burlington, Iowa, Mrs. Madeline Stark of Quitaque, Mrs. Irene Ayers of Lamesa, and Mrs. Clarice Douglas of Silvertown.

There are also five surviving step-children of Waco, a number of nieces and nephews.

Nephews served as pallbearers. They were Jack Haynes, Truett Penn, Toby Penn, O. R. Stark, Jr., Charles Wayne Mayfield and Haskell Turner. Honorary pallbearers were J. Frank Norflett, Aubrey

The 200 people who attended the Athletic Banquet sponsored by the Silvertown Quarterback Club last Saturday night were present to see the three most-coveted awards presented to three senior athletes.

The Football Award, presented by Doyle Stephens, was earned by Van Breedlove.

The boys' Basketball Award was presented by Carman Rhode to Jay Towe.

The girls' Basketball Award was presented by H. A. Cagle to Sue Lanham.

Another highlight of the evening came when J. S. Hinds, representing the Quarterback Club, presented the three coaches with red wool blankets on which were stitched each of the athletes' names. The blankets were designed with a large white "S" in the center and had the name of the owner embossed on the hem.

Coach Robert Wheelchel was the master of ceremonies for the banquet which was catered by Underwoods of Amarillo. The welcome was by Verlin Towe, president of the Quarterback Club. Max Garrison gave the invocation.

Members of the football, track and basketball teams were recognized by Coaches Joe Granato and Ben Lesley.

Joe Kerbel, head football coach of the West Texas State University Buffaloes, was guest speaker, and showed a film of his team in action.

Meeting of Silvertown Pool, Inc. Tonight

Business to be attended will include election of directors to fill expiring terms of office and payment of dues will be discussed.

Officers are George Miller, president; Dee McWilliams, secretary; Jack Strange, treasurer; Charles Whitfill, John Francis, Pat Northcutt and Norman Strange, directors.

Montague, Champ Blackwell, Bruce Burleson, Dock Burleson, Hudie McClendon, Barney Stephens, G. Mayfield, Jim Neaves, W. E. Schott, Paul Enger, Paul Randolph, E. N. Mortin, Hunter Tolbert, Justie Walls, and the members of the Masonic Lodge.

USDA Announces Price Support Rates

The U. S. Department of Agriculture has announced the 1963-crop wheat price-support rates for 43 terminals and 2,858 counties.

The terminal rates announced today range from \$2.00 to \$2.27 per bushel for Grade No. 1 wheat. County rates range from \$1.49 to \$2.06 per bushel. The Briscoe County basic support rate for Grade No. 1 wheat is \$1.79.

For major producing areas, as in the past, county rates generally reflect terminal rates less

handling and freight charges needed to get the wheat to terminals. County and terminal rates are adjusted up or down for grade and quality to determine support prices for individual producers. Price-support premiums and discount schedules for different grades and qualities will be announced later.

While the national average support price for 1963-crop wheat is \$2.00 per bushel to producers participating in the voluntary acreage reduction program, the county and terminal support loan rates announced today are based on the national average loan price of \$1.82 per bushel. The remaining 18 cents per bushel of the support price will be an in-kind payment to participants based on the normal production of the farm's acre-

age for harvest. Producers who do not participate in the 1963 program, but who plant within their 1963 acreage allotments will be eligible only for price-support loans and purchase agreements based on the \$1.82 national average loan price.

In determining 1963-crop wheat terminal support rates, an analysis of historical cash prices at key terminal markets and of prices received by farmers in areas tributary to these terminal markets indicates the need for some adjustments in the price support differentials between the terminals.

Since the average loan portion of the 1963-crop support price is 18 cents per bushel lower than the 1962 loan average, all terminal rates reflect this difference. Additional downward adjustments of from 1 to 3 cents per bushel are made for certain terminals to more nearly reflect historical cash market price differentials.

As a result, in addition to the 18-cent decrease, terminal support prices are being reduced three cents per bushel for Kansas City and related markets, one cent per bushel for Minneapolis and related markets, and two cents per bushel for Galveston and related Gulf Port markets.

Mrs. Falba Guest Buried At Hico

Funeral services for Mrs. Falba Feagan Guest, 82, were conducted at Hico at 3:00 p.m. Sunday, April 28. Interment was in the Hico cemetery beside her late husband and two of their children who preceded them in death.

Mrs. Guest died in Baylor Hospital in Dallas at 7:00 a.m. Saturday, April 27, where she had been a patient for several weeks. She had been in ill health for some time.

Mr. and Mrs. Guest came to Silvertown in 1907 from Hico and she had lived here since that time. Mr. Guest died in 1938.

Mrs. Guest was a member of the Silvertown Methodist Church.

Survivors include one daughter, Mrs. Ona Dell Sadler, 1376 Hilland Road, Dallas; one son, Garner Guest, 3820 30th Street, Lub-

bock; one brother, Jim Feagan of Fort Worth; three sisters, Mrs. Barto Wade of San Angelo, Mrs. Pearl Cunningham of Fort Worth, and Mrs. S. T. Smith of Cleburne; two grandsons, Bill and John Guest and two step-grandsons, Walt and Mike Woods.

Mr. and Mrs. Monroe Lowrey, Mmes. Floyd Woods, Robert London, Lem Weaver and Miss Tina Weaver attended the services from here.

ATTEND FUNERAL OF AUNT

Mr. and Mrs. Eugene Long attended the funeral of her maternal aunt, Mrs. J. W. Raney, 88, at Blackwell on Wednesday last week.

Little League Players And Dads To Meet

Boys who will participate in the Little League baseball program this summer and their dads have been asked to meet Saturday, May 4, at 2:00 p.m. in the county courtroom. Clarence Estes, head of the Texas Little League, will be guest speaker at the meeting.

Little Leaguers will be signed up for the coming season at that time, so the dads must accompany the players to the meeting.

Laquita Bomar was the highest scoring individual in the 4-H Favorite Foods Show held in Silvertown last Saturday. She is pictured with her table setting and her entry in the meat and cheese group of the show. Miss Bomar will compete in the junior division of the district contest in Lubbock on May 4, while her cousin, Camellia Comer, is a contestant in the senior division of the district show.

Carver Places Second In State Class C Meet

The 43rd Annual State Meet of the Texas Interscholastic League of Colored Schools was held at Prairie View A & M College in Prairie View, Texas, recently. The Carver Elementary Tigers placed second in the state meet with a total of 40 points. First place was won by the Arcola Elementary School of Rosharon with 44 points. L. B. Ivory of Silvertown won the high point trophy with 26 points.

Preliminaries The meet was held on April 20, beginning at 9:15 a.m. with the preliminaries for all contests. The high jump trials began at 9:15 for L. B. Ivory, followed by the 100-yard dash trials at 9:30. Trials for the 50-yard dash were at 10:05, with the 440-relay trials coming at 11:00. All trials were in the morning with the finals conducted in the afternoon. L. B. Ivory was en-

tered in all the boys' events. In the trials Ivory placed first in the 50, first in the 100, second in the high jump and the relay team placed fourth to qualify.

Finals The discus throw for girls was won by Cleo Ivory; the trials and finals were held simultaneously.

The finals for the Carver School began at 1:40 p.m. with the 100 yard dash. L. B. Ivory placed second. Finals for the 50-yard dash were at 2:00, and Ivory placed first in that race. The 440-relay was run at 3:10 and the Carver team placed second. L. B. Ivory also placed second in the high jump.

Carver School brought back a total of eight medals and one trophy.

Carver Wins Softball Tourney Saturday, April 27, the Carver Tigers and Tigerettes won in the Lockney Invitational Softball Tournament. The girls won first place and the boys won second.

L. D. Myers was the winning pitcher for the girls, while Eddie Joe Baker won for the boys. L. H. Ivory pitched the losing game for the boys in which the score was 7-10.

Drive To Raise Money For Carver School Athletic Jackets The Carver Athletic Fund is sponsoring a drive to purchase jackets for the boys' and girls' basketball and track teams. Tickets will be given in exchange for each 25 cents donation to the Athletic Fund. A radio will be given away on May 11, 1963.

Athletic Director Joe Ellison has expressed the hope that citizens of Silvertown will cooperate with the Carver School so that the drive will be successful.

All donations will be appreciated, and we thank you in advance for your cooperation, Mr. Ellison added.

L. B. Ivory, a seventh grade student in Carver Elementary School, was the high point man in the Texas Interscholastic League of Colored Schools meet at Prairie View A and M College recently. He scored a total of 26 points, winning one first, two seconds and running on the fourth-place relay team. Carver School brought home eight medals in addition to the trophy Ivory is holding.

TROY MARTIN in The Canyon News: We heard H. M. Baggarly, Tulia scribe, speak during one of the sessions (Panhandle Press Con-

vention). One of the high points of the discussion, so help us, dealt with the outdoor privy situation in Tulia. The fellow just can't seem to get his mind off that subject.

H. M. didn't say but we presume Tulia privies lean to the left. H. M. would never tolerate one in Tulia if it leaned to the right.

ED EAKIN in The Quanh Tri-

bune-Chief: Can you top this? The vice president of a big company collected 25 cents from each of 2,000 employees to purchase a gift for the president who was getting married.

With this \$500 he purchased 2,000 packages of Raleigh cigarettes—removed the coupons and traded them for a silver serving set for the gift for the boss.

Then he gave every employee a package of Raleigh cigarettes for the two-bits he had donated, thus no one was out a red cent. When the big boss learned of this satisfactory deal, he wanted to compliment the vice president but was told he was on a fishing trip—trying out the fishing gear he had received from the trading stamps he got when he purchased the cigarettes!

WENDELL TOOLEY in The Floyd County Hesperian (Floydada): H. M. Baggarly, editor of The Tulia Herald was one of the featured speakers at the Panhandle Press Convention in Amarillo this past weekend.

Baggarly's topic was announced as "What Makes Baggarly Tick?" One of the questions that Baggarly answered that I'm sure was in every editor's mind concerned his reason for carrying only the Democrat's side of politics in his newspaper never telling both sides of any political race or question.

Baggarly explained that this was the truth—he concentrated on giving only the Democrat reasons and philosophies simply because most of his subscribers also read the Amarillo Globe News—and he knew that all they were reading in that well known Republican newspaper was the 'way out right conservative side.

He explained that at least the Tulia area subscribers got to hear both sides of politics and that they

were much better informed than the poor Amarillo subscriber who got to hear only the 'way out right side of politics. However, he did say that he was gradually getting more Amarillo subscribers every week.

Baggarly probably receives more "Letters to the Editor" than any other newspaper in the state including dailies.

In telling of a regular day's work at the Tulia Herald, Baggarly said he always made a trip to the radio station to give the daily newscast and to check the Associated Press wire release to see how much the Amarillo Globe News had edited out of that day's edition.

TEXAS COTTON GROWERS REPORT:

Entire Season Control of Thrips, Aphids and Mites...

Untreated plant

Di-Syston treated

Di-Syston Treated Plants Are Stronger, Straighter ... Produce More Squares Earlier

West Texas and New Mexico cotton growers now
have a new way to control thrip damage and early-
season stunting... with Di-Syston granular insecti-
cide. Di-Syston is placed in the soil with the seed
or side dressed after planting. The chemical is then
absorbed by the growing roots and carried to all
parts of the plant through the sap stream—as soon
as the plant emerges. No part of the plant is un-
protected—even tender new growth as it is formed.

The result? With Di-Syston, your early cotton
grows faster, has stronger, straighter stems, more
vigorous foliage. Squares form earlier and the
plant produces more of them. Many growers in the
Lubbock area have reported full season control of
thrip with just the one application. You get higher
yields because of the good Di-Syston start. This
year, get your crop off to a good start with Di-
Syston. Complete instructions for use are printed
on the label on every package. Use Di-Syston. 4891

Teenagers Adjusting To The Adult World

(borrowed)

Teenagers, let's face it! You are living in an adult world. Parents are adults, teachers are adults, policemen are adults, doctors are adults, lawmakers are adults, in fact the whole world is run by adults. This does not mean that teenagers are unimportant. On the contrary, you are very important, not only because of the happiness that you give, but because very soon you, yourselves, will be adults and running the world. But it does mean that since you are living in a world that acts like this there are many adjustments that you are called upon to make. Some teenagers make these adjustments very well and some very poorly.

The actions of teenagers grow out of their attitudes toward the adult world. Some teenagers feel that adults, especially parents, expect too much of them; they rebel and become nonconformists to adult standards of behavior. They are then a source of worry and unhappiness in the home, a behavior problem in the classroom, a concern to the community and a sorrow to spiritual leaders.

Some teenagers feel that adults, especially parents, do not give sufficient reasons for the rules which they impose. Some teenagers conform outwardly but are inwardly resentful. Therefore, they become moody, unhappy, and so emotionally unstable that living becomes a real problem. Sometimes they even become fearful and unwilling to take the initiative about anything.

Other teenagers feel that adults, especially parents, do not trust them. A few teenagers even seem to believe that they are not to blame for their own conduct. They pass the buck every time they can. They react with utter indifference. They refuse to assume any personal responsibility. They fail in school—but their attitude is "so what?" "I don't care."

However, a great many teenagers feel that adults are their

Have you ever considered the fact that you owe your teachers, your community and last but not least your parents, a great deal for bearing with you through your years of school?

The average student doesn't stop to think how much worry, patience and just plain tolerance have gone into his education, not to speak of the financial investment. Then why do students who, with a little effort, fail to make their grades when they could easily do so? They are so far indebted to the world around them that they had better start in a hurry to get out in time to live their lives the way they want them after they have met their obligations.

This "debt to society" phrase serves a good course, because we are now making out lives and our futures and well as our future to the nation. So for heaven's sake, if you are just nearly passing study for those finals and pass! If you don't you will be in debt the rest of your lives.

Results Of Testing Program Available

The National Merit Scholarship Program test results are in and each junior student in Silverton High School has been given a handbook and test result information.

The scores indicate how Silverton's juniors compare with junior students all over the nation scholastically.

Results of the National Educational Development tests are expected soon and will be distributed among freshmen.

The tests were taken March 5.

friends, that they want to help with their problems, and that they enjoy their companionship. The way these teenagers react is a joy to behold. They assume responsibility for their acts. They learn from their mistakes and try to do better. They are helpers in the home, learners in the school and blessings in the church. They are friendly, happy, industrious, and studious. They are well adjusted to the adult world.

Which kind of a teenager are you?

Three New Honor Members Inducted

On Thursday of last week during activity period, three new members were inducted into the Zenith chapter of the National Honor Society.

They were Lester Grabbe, Jerry Garrison and Sheila Jarnagin.

Conducting the ceremony were David House, president; Bill Schott, vice president; and Sue Lanham. O. C. Rampley and J. S. Hinds assisted with the ceremony.

The ceremony was simple and helped explain to the new members the purpose of the National Honor Society. Mr. Rampley led the group in reciting the pledge and David House presented them with their pins. He then recognized the probationary members of the society, Max Garrison, Rocky Curby, Dianne Davis and Janice Lewis.

ON HABITS—"The chains of habit are generally too small to be felt until they are too strong to be broken." —Samuel Johnson

A workman was perched on the top of a ladder, cleaning the clock above the entrance to a bank. Suddenly an inquisitive passerby hailed him.

"Something wrong with the clock, mister?" he asked.

"No," replied the workman, "I'm nearsighted."

Silverton FFA Team Wins Eighth In Area Contest

Six Silverton Future Farmers of America participated in the annual Texas Tech contests for Area I and Area II on April 27, in Lubbock. Approximately 1,500 boys from surrounding schools attended.

Darrell Long, Silverton High School freshman, scored highest in the entire Soil Judging Contest. Forty-eight teams composed of 144 boys participated in this contest. Other members of the Silverton Soil Judging team, which placed eighth, were Johnny McGavock and Ronnie Drewry.

The Livestock Judging team was composed of three junior students, Orville Turner, Guinn Turner and Jimmy Myers, who competed against 143 teams.

Jack Mayfield, vocational agriculture teacher, accompanied both teams to Lubbock.

FFA To Host Fathers At Banquet

Silverton Future Farmers of America will honor their fathers and their sweetheart, Marcealyn Lee, with a banquet at the Baptist Church on May 2, at 7:00 p.m.

Jack Tompkins, farm director for KFDA-TV in Amarillo, will be guest speaker for the banquet.

Awards will be given to the outstanding students in the field of agriculture.

The dinner will be prepared by the freshman mothers and will be served by the freshman girls.

WOULD YOU BELIEVE IT!

by Sue Lanham

Americans smoked approximately 510 billion cigarettes, four per cent more than in 1959, in 1960—an all-time record. Consumption of cigars, smoking tobacco and snuff also increased moderately. However, the popularity of chewing tobacco declined to a new low that year.

As you know, these statistics keep growing and growing. If the numbers were that high in 1960, then you can imagine just about how high the numbers are now. The number of cigarette, cigar and pipe smokers has greatly increased right along with the in-

crease in population, which is only natural. Tobacco companies are increasing production every year and Americans are constantly taking care of this increase. Advertisements increase in temptation and people are urged to take up some tobacco habit.

Will tobacco ever become unpopular? It doesn't seem as if it's going to even after reports that it may cause cancer. Some people had just rather die with cancer or some other deficiency than break the habit.

The six-year-old son of a TV comedian came home with his report card.

"Well son," asked the TV star, "were you promoted?"
"Better than that, Pop," replied the boy happily. "I was held over for another 27 weeks."

Who needs muscles?

Do you know how easy it is to take a corner with a Corvair or park one? Turn this newspaper sideways and it will give you a pretty good idea. The wheel handles just about that easily.

The Corvair's engine is in the rear, for not only greater traction, but more balanced weight distribution. And that's what makes the steering so completely effortless.

The engine is air cooled, too. No radiator. No water or antifreeze. No boiling over or freezing up to worry about. It takes the weather and the terrain as it comes.

So think about those trips to the beach this summer, those bright sunny days and balmy moonlit nights.

And besides, looking at it from a very practical point of view, it's Trade 'N' Travel time right now at your Chevrolet dealer's. He's got some beautiful buys.

But you had better hurry before somebody muscles in ahead of you. Spring's here. Summer's coming fast. And with these sporty good-looking Corvairs selling the way they are, he who hesitates will want to kick himself.

Mrs. Hazlewood Buried In Amarillo

Mrs. Lucille Hazlewood, 56, of Amarillo, died at her home there Sunday, April 21, and was buried in an Amarillo cemetery. Her late husband, Auti Hazlewood, formerly lived here and was a cousin of Mrs. Eugene Long.

THE LADY OF THE HOUSE ANALYZED

Recent surveys on motivations of American homemakers have answered some intriguing questions. Is she an extravagant housekeeper? Does she want most of the good things in life for herself? Does she settle for merchandise other than the best? The answer to these questions, when she redeems her trading stamps, is a resounding "no."

According to panel members of the Plaid Stamp Homemakers Council, the composite woman they examined thinks of her home and family first. What she accomplishes with her stamp redemptions prove to be a lesson to government economists.

The panel found that three rooms in the house account for seventy-five percent of the most wanted articles. Bedroom articles lead with thirty-five percent; kitchenware and equipment come next with twenty-five percent, and dining room items follow with fifteen percent, mostly for table accessories.

More often than not bedspreads win over glamorous cashmere sweaters with the lady of the house. She may select dazzling white percale sheets — the number one choice on her list — instead of equally dazzling costume jewelry, and party casseroles in preference to snazzy handbags.

She keeps her family happy and improves her culinary achievements with the stamps she uses for electric mixers and skillets. Chafing dishes and lovely dinner and silverware are selected for regal entertainment.

It is the homemakers insistence on quality merchandise that induces manufacturers to constantly improve their products. The Plaid Stamp Homemakers Council, with its recommendations based on surveys of stamp collectors, conveys the ladies' desires to the producers of the fine products available through stamp plans.

With all the facts compiled, the panel has found the typical woman surveyed is, in brief, smart and practical, unselfish and thrifty, and, they might add, "She sure knows her onions."

Although the U.S. Treasury issued over 85 million separate Series E Savings Bonds last year to you and your fellow Americans, only about 5,000 of them were the big \$10,000 denomination.

*

One reason for the limited demand for these big babies is it takes \$7,500 to buy one. Another is you can only buy one a year. In fact, whatever size E Bond you buy, you can only buy \$10,000 worth in your own name in any one calendar year.

This ruling is a deliberate one to interest the steady, long-term American saver. And it's one of many reasons why U.S. Savings Bonds are one of the world's soundest securities.

*

Millions of Americans own \$45 billion worth of U.S. Savings Bonds—a powerful argument against the claim by the enemies of freedom that our economic system is doomed to failure.

*

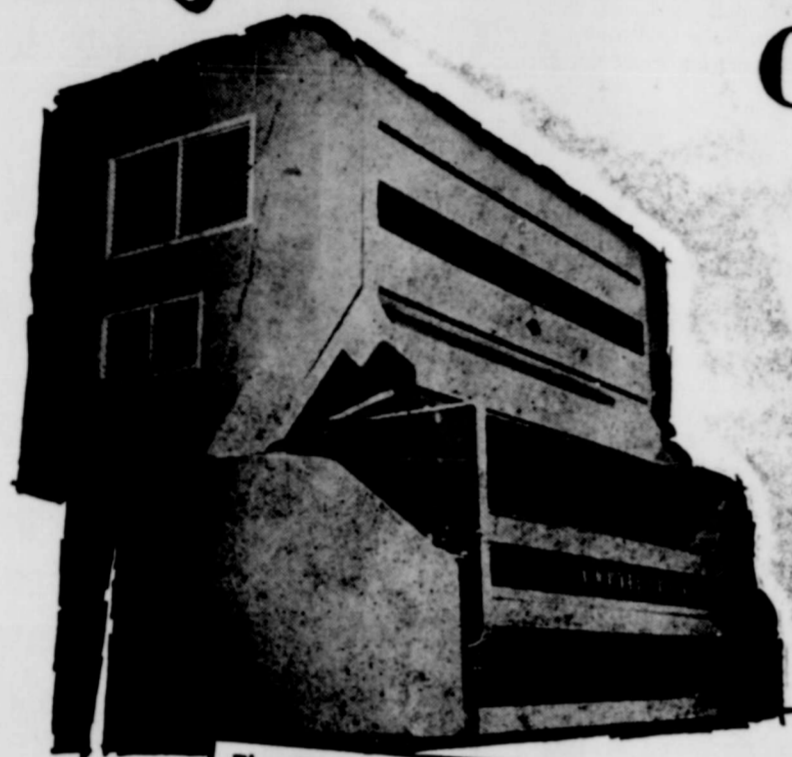

Why not start setting part

of your earnings aside each month for U.S. Savings Bonds? Even if you collect only the \$25 variety, you'll be building for your own future while you help your country today.

GENTLEMEN:

WHEN WE DETERMINED IT WAS TIME TO INCREASE THE CAPACITY OF OUR GIN AND OPERATIONS WE SELECTED CONTINENTAL MACHINERY. IT HAS PROVEN THAT IT HAS THE CAPACITY WE DESIRED AS WE AS YET HAVE NOT USED ALL THIS PLANT HAS.

WE GINNED SOME 4500 BALES ON THE 3-119 CONTINENTAL PLANT AND OPERATED AS 2000 SEEN IN THIS AREA. WE STAYED IN THE TOOKER NO TIME TO MAKE PROPER ADJUST THE SEASON.

THE GRADES WERE GOOD AS COMPARED WITH OTHER GINS IN THE AREA. THE SPLIT OVERHEAD GIVES MORE CAPACITY FOR PREPARATION OF SEED COTTON AND THE 79 SAWS WILL CERTAINLY EAT IT UP. THE ARRANGEMENT OF THE SIXTEEN-D LINT CLEANERS WE BELIEVE DO AN EXCELLENT JOB IN OBTAINING GOOD GRADES.

WEST TEXAS HAS THE TOUGHEST GINNING REQUIREMENTS OF ANY GINNING AREA AND THIS PLANT REALLY EATS IT UP.

Gentlemen:

After operating the first full season on our new Continental Comet Supreme outfit we feel that we should advise you of our operations. As you know this group was in operation for its first season together this year, and still we were able to realize a fine profit. We feel that this in part was directly the result of our selection of your machinery.

Our 3-119 saw plant ginned 5208 bales this season. It operated with and produced satisfactory results. The arrangement which you engineered to fit our West Texas climate was what we needed.

The Tandem Sixteen-D Lint Cleaner installation behind the saw plant gave superior results at all times during our high capacity operation. The grades which resulted from the balance of the entire plant were well above the average for our area.

We invite anyone to inspect our new plant at any time. It has been most gratifying for us to have your office and the entire Continental Gin Company show such a personal interest in our operation. We appreciate your cooperation and attention.

Sincerely yours,
Ellis J. Inters

The grades were good as compared with other gins in the area. The split overhead gives more capacity for preparation of seed cotton and the 79 saws will certainly eat it up.

Dear Sirs:

Since we wrote you in December about the successful beginning of our ginning operation we have completed our first season. Our outfit this year and are now even more pleased with it than we stated in our first letter.

Operationally we have had a season that was highly successful. Every piece of your gin machinery performed dependably and efficiently. Even under the unusually difficult conditions under which this crop was made we were able to keep our capacity between 15 and 17 bales an hour. Considering the season, which produced a crop which was rough even for West Texas, we still believe that we have the best gin that can be bought in our Continental Comet System.

The unique overhead arrangement using multiple "Little David" stick machines has amazed everyone in its ability to handle heavy green cotton. We have learned to expect almost the same from our 119 gins. They have handled all types and maintained capacity. Their capacity operation on the heaviest of green cotton, which some of our competitors had turned down, has made us mighty proud of our outfit.

city which we operated we believe that the Tandem Sixteen-D Lint Cleaners have proven the real answer to producing high grades. Our grades, staple, and turnout have consistently our customers all season.

Before, very happy to again inform you that we are satisfied with our entire operation. Its performance, particularly as long as our maintenance costs remain as minor as they have this year. We ginned the entire season on one set of gin saws and they still needed only minimum repair work.

Dr. Shewbert To Hold Fourth Quarterly Conference May 12

The Fourth Quarterly Conference and church conference of the Silvertown Methodist Church will be conducted by the Rev. Dr. J. E. Shewbert, superintendent of the Plainview District of the North-West Texas Conference, on May 12, at the regular time of the evening worship, 6:30 p.m.

Dr. Shewbert will be the guest speaker and will conduct the business of the Conference which will consist of the elections of such officers as the local church needs and a matter of legal action by the local church concerning the long term loan to be set up on the new parsonage completed early in 1963.

Other business will be the hearing of an annual summary of reports by all commissions and committees. The entire membership is urged by the pastor, Rev. Marvin Fisher, to attend, as voting will be necessary on the legal matters concerned.

Herbert A. Hodges Buried Here

Funeral services for Herbert A. Hodges, 76, of Palestine, Texas, were conducted at 2:30 p.m. Sunday in the Wallace Funeral Chapel at Tullia.

Dr. W. Neil Record, pastor of the First Baptist Church, officiated. Burial was in the Silvertown Cemetery after Masonic graveside rites.

Mr. Hodges died April 27 in a Crockett hospital. He was born May 13, 1886, in Blooming Grove, Texas. He moved from there to near Silvertown in 1902. He later moved to Tullia and then to Palestine. He was a retired farmer.

Survivors include his wife, Annie of Palestine; a son, Lawrence H. of Racine, Wisconsin; a daughter, Mrs. Mary Nell Brown of Tullia; a brother, R. A. Hodges of Canyon; two sisters, Mrs. Winnie Wimberly of San Angelo and Mrs. Carl Wimberly of Amarillo; and one granddaughter.

IT'S MORE THAN A DISHWASHER
it's a **"Silent Butler"** for dirty dishes!
Holds 17 table settings!

whirlpool PORTABLE DISHWASHER
Model SKP-55
Keeps soiled dishes out of sight, out of way... and big enough to wash a day's dishes at once!
Here's the dishwasher that washes more dishes than any other portable. And, for the average family that means a lot. It means you can "store" dirty dishes in this RCA WHIRLPOOL after each meal. Then, in the evening, do the entire day's dishes all at once... automatically! And, "smart you" will never have a dirty dish in sight. The RCA WHIRLPOOL, in fact, does away with scraping or rinsing... even washes dishes (pots and pans included) cleaner than by hand. That's because water is too hot for hands. Helps safeguard your family's health. Come see it today!
