Bill Strange, son of Mr. and Mrs. Norman Strange, was the winner of the \$217.50 saddle given away Saturday night by the Silverton Riding Club. His joy was obvious as he threw his arms around riding club president, Jim Brooks, to thank him before climbing into the saddle. As he left the arena waving to the rodeo spectators he spotted his parents, and shouted to them, "I just knew I could win the saddle!"

L. N. Chitty To Be Buried Here Today

Mr. Chitty died at 12:30 a.m. Tuesday in Swisher County Hospital. He was born August 12, 1884, at Blue Ridge, Texas. He had made his home in Tulia since 1949, having moved there from Silverton where he had lived since 1919.

Survivors include six sons, Foy and Aud, both of Tulia, Pete and Olos, both of Silverton, Virgil of Plainview and Roy of Orlando, Florida; five daughters, Mrs. Ren Cross of Amarillo, Mrs. Royce Martin of Lawndale, California, Mrs. Howard Parker of Vigo Park, Mrs. Bill Adams of Amarillo and Mrs. Theo Campbell of Tulia; a brother and a sister; 29 grandchildren and 16 great-grandchildren.

Bud House cooked the beans for Silverton's free barbecue last week at Simpson Chevrolet. Mr. House, on whose shoulders much of the responsibility for the success of the barbecue fell, certainly did a fine job of supervising the feeding of more than 1600 residents and visitors. The barbecue was sponsored by the Silverton Lions Club, Silverton Riding Club, Silverton V.F.W., and Silverton merchants.

State Capital NEWS

By Vern Sanford

AUSTIN, Tex.—Texas Youth Council's parole division will triple in the next six months or so. But the problem of trying to help "reform school" graduates become useful citizens is still great.

Until September 1, five state parole officers are responsible for some 1,800 juvenile parolees spread out over 169 counties. That's a ratio of one parole officer to about 357 parolees, compared to national standards of one officer to 40 parolees.

Staff will increase to 10 on September 1 — a ratio of one to 178. On March 1, 1964, when five more are added, ratio will be down to one parole officer to 119 parolees, spread over the Lone Star State.

Biggest number of parolees is centered in big cities where the general rate of crime is always higher. More than a third of the paroled children are in Dallas, Harris and Bexar counties; another 288 in El Paso, Jefferson, Tarrant and Travis counties.

About 145 are in Nueces, McLennan, Bell and Lubbock counties.

But sizeable juvenile parole populations are centered in smaller counties, such as Cameron, Grayson, Brazoria, Ector, Galveston, Gregg, Hale, Hidalgo, Howard, Hunt, Midland, Navarro, Potter, San Patricio, Smith, Taylor, Wichita and Williamson.

Some counties only have one

paroled child. But the state is responsible for every one it has "retrained."

FIRST AIDE

State Regulatory Loan Commissioner Frank Miskell appointed Robert C. Duke, Houston attorney, as Deputy Commissioner and General Counsel of the new state agency.

Duke formerly served as acting Securities Commissioner in the Secretary of State's securities division.

Regulatory bill takes effect on August 23. Some 2,000 loan companies operating in Texas will have to file for state licenses at that time.

INSURANCE HEARING

A State Insurance board hearing on proposed rules for regulating credit insurance—which pays off a man's debt if he dies, or makes the payments when he is disabled—drew a big crowd.

One controversial point was a ceiling rate of 90 cents per \$100 of insurance.

Some insurance company executives insisted the ceiling should be no more than 60 or 65 cents per \$100. But one spokesman thought the 90-cent per \$100 rate was too low and recommended \$1.

Some loan companies said they now give credit insurance free. They feared the proposed rules might outlaw this practice.

MONEY MEN

The Legislative Budget Board, lawmakers who make the Legislature's financial decisions between sessions, recommended \$4,644,000 worth of state building to Gov. John Connally.

Plans approved included one by the State Hospitals Board to equip a genetics lab and follow-up clinic on mental retardation in the State Psychiatric Institute at Houston; new dormitories for Gatesville School for Boys, Gainesville School for Girls and Crockett School for Negro Girls; and several prison system units.

Authorization was recommended for \$25,000 worth of partitioning to provide 23 new offices in Atty. Gen. Waggoner Carr's department. But the board balked at Texas A & M University's request to spend some \$100,000 on a home-exclusive of land and furnishings—for A & M President Earl Rudder, to replace the one destroyed by fire.

A compromise recommendation of about \$60,000 for a 4,500 square-foot home was the outcome.

CITIES GROWTH FORMULA

About 200 city attorneys, city engineers and city councilmen gathered in Austin to hear a Texas Municipal League explanation of the Texas Municipal Annexation Act, which will become effective August 23.

Annexation act sets out "extraterritorial jurisdictions" dictating the extent of a city's growth in any three-year period. For cities of less than 5,000 population, the extraterritorial area extends a half mile beyond city limits; cities of 5,000 to 25,000, one mile; cities 25,000 to 50,000, two miles; cities 50,000 to 100,000, three and a half miles; and cities 100,000 and up, five miles.

But a city would not have to expand all the way around its rim. It could swing arcs or "fingers" out to "desirable areas for growth," and obtain the annual area allocation of 10 per cent of its square acreage in these areas.

For example, officials of a city of 20,000 acres could annex up to 2,000 acres of "desirable" land one year; 2,200 acres the next, etc., without ever annexing undesirable new territory.

SCHOOL LAND BOARD

Land Commissioner Jerry Sadler, Governor Connally and Atty. Gen. Waggoner Carr, members of the State School Land Board, make and revise leases on public school lands, including river beds, bays and inlets of the Gulf of Mexico.

Attorney General requested that he be removed from the land board. After August 23 he will be replaced by a private citizen of his choosing.

Before Carr leaves the board he will sign the deed which conveys state-owned land on Padre Island to the federal government for a national seashore.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1963.

SENATE JOINT RESOLUTION NO. 18 proposing an amendment to the Constitution of the State of Texas, by adding thereto a new subsection authorizing all political subdivisions of Jefferson County, Texas, to provide retirement, disability and death benefits for all employees and employees of all political subdivisions within Jefferson County, Texas, by adding thereto a new subsection, form of ballot, proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended by adding thereto a new subsection (c), reading as follows:

"Section 49-b. By virtue of prior Amendment to this Constitution, there has been created a governing mental agency of the State of Texas performing governmental duties which has been designated the Veterans Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and the other shall be well versed in finance. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of the adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased citizen member had been appointed. The compensation for said citizen members shall be as now or may hereafter be fixed by the Legislature, and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans Land Board may provide for, issue and sell not to exceed Three Hundred Fifty Million Dollars (\$350,000,000.00) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans Land Fund. Two Hundred Million Dollars (\$200,000,000.00) of which have herebefore been issued and sold. Such bonds or obligations shall be sold at not less than par value and accrued interest; shall be issued in such form and denominations as may be prescribed by law; shall be issued and sold at such places, and in such installments as may be determined by said Board; and shall bear a rate of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly used and understood in the bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half percent (4 1/2%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Controller of Public Accounts of the State of Texas, and delivery to the purchaser or pur-

chaser, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas, and all bonds herebefore issued and sold by said Board are hereby in all respects validated and deemed to be the legal obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, and all lands heretofore, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the sale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from the sale of such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to complete with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for any such lands; and the moneys of any such lands, or interests therein, which are now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to said Veterans Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such

principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board, such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable by said Board, until the sale price thereof, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the sale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from the sale of such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to complete with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for any such lands; and the moneys of any such lands, or interests therein, which are now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to said Veterans Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. GENERAL TELEPHONE TOWNS ON THE MOVE

Wylie prepares for more growth

When Wylie, Texas planned civic improvements, its progressive citizens went all the way. Showing a population increase of 34% over 1960 census figures of 1804, Wylie set out to prepare for even more growth.

They launched a street paving program, downtown business modernization, construction of a new school, new bank building, new residences and a new post office.

This combination of public and private improvement is well under way today,

as shown in the "before and after" facelifting photos above. The Wylie story is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion, perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.
