SPORTSMANSHIP
And in the world as in the school, You know how Fate may turn and shift; The prize be sometimes to the fool The race not always to the swift. Who misses or who gains the prize Go, lose or conquer as you can; But if you fall or if you rise, Be each, pray God, a gentleman.
—William M. Thackeray

Sportsmanship is a characteristic worth seeking. It isn't easy to walk away from a fight when your temper soars to the boiling point, but the biggest man is he who learns and walks away.

What is gained from a barrage of angry words or exchange of blows? They may serve as the safety valve through which the pent-up emotions are released, but in the end only serve to humiliate those involved.

Honor and self-control on the field of athletic endeavor are to be admired. It isn't easy for those of us who are spectators to exercise self-control when events so obviously go amiss, but all of us (especially myself) must remember that each act we perform on these occasions will be magnified through the eyes of youthful observers. The example set will be eagerly followed later on with no thought of self control. We must be good losers as well as good winners.

Other more serious consequences also appear in the picture. We realize that when we are angry we make threats which we probably wouldn't carry out under any circumstance. It isn't uncommon to say that we would like to dismember a certain athletic official for decisions which are unfair. The consequences of any such attempt would be disastrous for our town, our school and ourselves. Our team could be barred from district competition for two years for any such act. And, again, the example set by angry words on the subject is worth considering.

For what we say we'd like to do might be caught up as an idea to be carried out by the younger generation. If that happened it would be we who were guilty because we planted the seed and nourished it by letting them think we approved of such actions.

An offending act in a moment of anger might also lead to the elimination of athletics from the school program.

The biggest man keeps silent and walks away. The man who is wrong is punished by his guilt.

Water District Holds Meeting in Childress

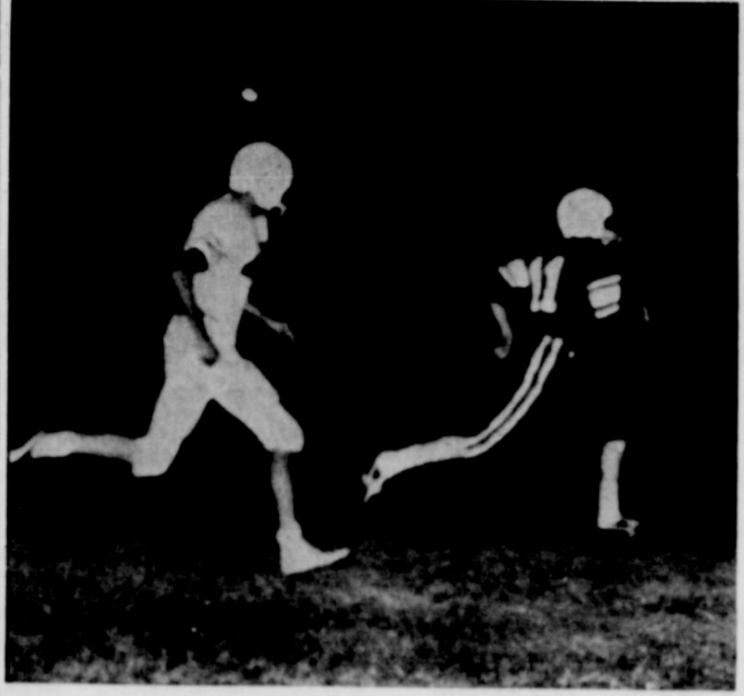

Members of the Upper Red River Flood Control and Irrigation District met in Childress recently with Judge Otho Dent, member of the Texas Water Commission, Marvin Sherbet, a member of the Texas Water Development Board, and State Senator Andy Rogers.

The meeting was held in the office of C. C. Broughton, president of the District. Judge Dent told the group that the "state of California feels that water impounded for recreation is worth seven times as much as water impounded for irrigation."

"Texas has not recognized that fact but is coming to realize more and more the importance of impounding water for recreation." The feasibility of extending the district, which now includes Childress, Hall and Briscoe counties, to the New Mexico border or to include all of the waters on the Prairie Dog Town Fork of the Red River from the Panhandle was discussed.

Owls Fall To Longhorns, 6-0

The Hart Longhorns smashed every Silverton attempt to score Friday night and defeated the Owls 6-0. In their attempt to bring home another win, a number of the Owls were injured. Larry Williams suffered a dislocated shoulder on the opening kick; Monty Smith has a bruised temple; Fred Stafford was cleated on the arm and bruised on his back;

Wells Accepts Water Conservation District Job as Legal Counsel

State Representative H. G. Wells of Tulia has had himself taken off the state payroll as a representative to accept a job with the High Plains Underground Water Conservation District No. 1 as legal counsel for the District. Wells will retain his seat in the House of Representatives and will take a leave of absence from the district work during legislative sessions.

Legality of Wells acceptance of the job with the authority was based on early attorney general's opinions upheld by Atty. Gen. Waggoner Carr's recent opinion that membership in the Legislature is not incompatible with employment with districts of this type.

Precedent was set for Wells action by Sam Collins of Newton who this summer took similar steps in order to go to work for the Sabine River Authority.

Others are teaching school, in public schools or colleges, which receive direct state funds. The High Plains Water District has no state appropriations. It is a district supported by local tax funds.

American Farmer Degree Earned by Quitaque FFA Boy

Murray Wayne Morrison, son of Mr. and Mrs. Murray Morrison of Quitaque, was one of 40 outstanding F.F.A. members from Texas selected to receive the highest award that can be given by the Future Farmers of America organization —The American Farmer Degree.

Morrison is the first from Quitaque ever to win the award. Robert Bomar and Darrell Long of Silverton were among the 70 Future Farmers and vocational agriculture teachers from 35 FFA chapters in Area I to attend the National FFA Convention in Kansas City October 8-11. The group left by train from Amarillo October 7 and returned Saturday, October 12.

Frank Kennedy, Vocational Agriculture teacher, Quail; Elmer Berryhill, Vocational Agriculture teacher of Quitaque, and Neal Flathers, Vocational Agriculture teacher of Gruver, were in charge of the Area I group.

Future Farmers of America is a national organization of boys studying vocational agriculture in secondary schools throughout the nation. Boys become members at age 14 and retain their membership until they are 21, or three years after graduation from high school. From the older group come the American Farmers. Only one out of every 1,000 members can receive the degree.

Degrees were awarded in the Wednesday morning session of the 35th Annual National Convention in Kansas City.

Mr. and Mrs. Gene Long spent a long weekend with relatives. They visited Mr. and Mrs. Fletcher Pinckard at Blackwell and Mr. and Mrs. W. E. Tait at Sweetwater.

1964 FEED GRAIN PROGRAM CROP SUPPORTS WILL BE AT 1963 LEVELS

Price support for corn, grain sorghum, and barley in 1964 will again be made available through both loans and support payments, Louie Kitchens, Chairman, Agricultural Stabilization and Conservation County Committee, pointed out today. Growers will qualify for the supports by participating in the 1964 feed grain program, for which the sign-up period is planned for early next year.

The total national average price support levels for the three feed grains in 1964 will be the same as in 1963, the chairman explained, but a slightly larger proportion of the support will be made available through loans. As last year, the loan rate will vary according to counties. The support payment for each of the three grains, however, will be the same amount per bushel in all counties.

For the feed grains covered by the program, the loan rate, support payment, and total national average support are, respectively: Corn (per bu.) \$1.10, 15 cents, \$1.25; barley (per bu.) 84 cents, 12 cents, 96 cents; grain sorghum (per cwt.) \$1.77, 23 cents, \$2.00. Besides qualifying for price sup-

port loans and support payments, the grower who participates in the 1964 feed grain program will earn a diversion payment on the acreage he shifts from feed grain production to a conserving use.

While the 1964 program is basically the same as the successful 1963 program, an important change increases the top limit on diversion from a farm's base acreage and also increases the rate of payment for maximum diversion. In 1964, any producer may divert as much as 50 percent of his feed grain base acreage (in 1963 it was 40 percent); the maximum acreage diversion will be 25 acres if this is more than 50 percent of the base. Also in 1964, those producers who divert 40 percent or more of the feed grain base acreage will receive diversion payments at the maximum rate for all acres diverted.

"While all details of the 1964 feed grain program have not yet been announced," the chairman said, "growers having questions about their 1964 program are encouraged to call the ASCS county office, and our people will do their best to answer them."

according to Homer Stephens, of Stephens Ford, the local sponsor. The public is invited to watch the grade school entrants in contests of punting, passing and kicking (using a kicking tee) footballs at the football field in Silverton. The Silverton area competitors will be testing their football skills at the same time as thousands of other youths aged eight through eleven will be competing in Punt, Pass & Kick Programs throughout the country. Scores of the winners in each local competition will be wired to the National Punt, Pass & Kick Headquarters, for comparison and determination of state and area winners. The winners in each age group in the 14 areas—the areas being set up in line with television coverage of the 14 National Football League teams —will compete during half-time celebrations at NFL games, and eight finalists will compete at the National Football League Championship game, after a trip to Washington, D. C., and to Dearborn, Michigan where the Henry Ford Centennial is being commemorated. All-expense trips to the NFL games for area winners and their fathers and mothers, and all-expense trips to Washington and to Dearborn, and the NFL Championship game for the finalists and their parents, will be provided by the Ford Division of Ford Motor Company, which co-sponsors Punt, Pass & Kick with the National Football League.

JOE BOB WATSON

Watson State Winner In 4-H Tractor Program

Briscoe County's top 4-H tractor driver, Joe Bob Watson, will not be driving his favorite mount to Chicago come December, but his outstanding achievements in the 4-H tractor program will be responsible. Word received today from the state 4-H Club office named him the 1963 state winner in the tractor program and his award is an all-expense trip to the National 4-H Club Congress.

Donor of the 4-H tractor program awards in Texas and the Southwest is Humble Oil and Refining Company, Houston. In addition to the state trips, they also provide medals for county winners and share in the 12 \$500 scholarships awarded to a national blue award group. Joe Bob's next goal is one of the scholar-

ships. The new 4-H tractor champion is the son of Mr. and Mrs. Obra Watson, Silverton. He is a high school junior and a "wheel-horse" on the county's 4-H team. Last summer, he drove his tractor to third place honors in the state operators contest and this, coupled with his outstanding tractor leadership work, and his knowledge of tractor care and maintenance won for him the coveted trip to the Club Congress.

Through his tractor training, he has learned how to properly service and maintain the tractor and its related equipment; how to keep the machinery operating at its maximum efficiency and above all, how to do the jobs safely. He says the first tractor he ever drove was one Santa Claus left for him.

Attend State Soil Conservation Meet

Mr. and Mrs. W. E. Autry, sr., Douglas Autry, Mr and Mrs. Woodrow Bice, Mr. and Mrs. L. A. McJimsey, Silverton, and Mr. and Mrs. Earl Shinn of Oklahoma, attended the 23rd Annual State Meeting of Texas Soil Conservation District Supervisors in McAllen, Texas, October 9, 10 and 11. A tour of the Rio Grande Valley was a highlight of the meeting. Members of the group were conducted on a tour of Reynosa, Mexico, and some of the group visited in Matamoros, Mexico. Mr. and Mrs. Autry visited their daughter and family, Mr. and Mrs. Jerry Taylor at Brownsville, and traveled to Port Isabel and Padre Island for fishing in the bay before returning home.

Last Rites Today For Mrs. F. B. Wakefield

Funeral services for Mrs. F. B. Wakefield will be conducted in the Silverton Methodist Church, of which she was a member, at 2:00 p.m. today, October 10. The Rev. Carl Nunn, pastor, and the Rev. James Patterson of Lubbock, a former pastor of the Silverton Methodist Church, will officiate.

Mrs. Wakefield died in an Albuquerque, New Mexico hospital Monday afternoon. Her body was to have arrived by train in Canyon at 5:00 p.m. Wednesday. The family drove here from Albuquerque.

Levelland Firm Has Low Bid On Project

Howard Shaw Construction Company of Levelland was low bidder Monday for three dams to be built on Kent Creek Watershed three miles northwest of Quitaque. The bid was \$153,787.50. There were 11 other firms that bid.

Kent Creek Watershed District officer James Brunson of Quitaque said he expects the contract will soon be formally awarded to Shaw company, and that construction may start in 30 days. The dams will be located on the farms of Lem Weaver, Jim Mayfield and Freeman Tate. Two other contracts are to be let on the project.

One will cover four dams—on farms owned by J. K. Patrick, R. L. Brunson, S. C. Brown and J. B. Tiffin. The other contract will be let for eight miles of sloping and grading of the Kent Creek channel and the necessary concrete drop structures. It is hoped that the entire construction job can be completed in one year. Project engineer is Beade Northcutt.

MEMBER OF PANHANDLE PRESS AND TEXAS PRESS ASSOCIATIONS

A brand new State agency dedicated to bringing more free-spending tourists to Texas now is in operation.

Texas Tourist Development Agency held its first meeting, discussed policy guidelines and set a timetable for selection of an agency to handle its \$200,000 advertising account. Advisory board members will meet on January 16-17 to pick the firm which will prepare and place its tourist-luring ads.

Said Gov. John Connally: "I hope this is the beginning of a tremendous program . . . Your work is important to the economic future of Texas."

He commented that the 1964-65 advertising budget is so small that the state will have to "ride piggy-back" on privately financed national advertising for a few years.

He noted that Texas is sixth in the nation in population—and some statisticians believe it soon will be third. But it's below the top 10 in tourist attraction.

In 1957, 10,400,000 tourists came to this state and spent \$531,000,000. In 1962, only 9,600,000 tourists visited Texas. They spent an estimated \$471,000,000.

A "See Texas First" campaign to get Texans to spend their vacations in Texas is being planned. The Agency is stepping up its administrative activity, and will add Walt Warner, Capitol correspondent, to its staff.

POLITICS BOOMING
 First formal affair of the campaigning political season will be an "appreciation dinner" to be held October 19 in Austin for Sen. Ralph Yarborough. Texas' senior Senator, certain to run for another

And Then Some

A retired business executive was once asked the secret of his success. He replied that it could be summed up in three words—"and then some."

"I discovered at an early age," he declared, "that most of the difference between average people and top people could be explained in three words. The top people did what was expected of them—and then some."

"They were thoughtful of others; they were considerate and kind—and then some. They met their obligations and responsibilities fairly and squarely—and then some. They could be counted on in an emergency—and then some."

I am thankful for people like that, for they make the world more livable, for their spirit of service is summed up in the three little words, "and then some."

er six-year term in 1964, will gather a political war chest through the dinner.

Bringing more campaign fodder to Texas will be Pres. John F. Kennedy. He will make a two-stop trip to the Lone Star State in November.

Texas Republican Chairman Peter O'Donnell, head of the Draft-Goldwater movement nationally, hopes to set up a dinner in January at which the Arizona Senator will announce his candidacy for president.

Both party's headquarters in Austin are increasing their staffs, as they get ready for what appears to be a humdinger of a political year in 1964. Both democrats and republicans expect the GOP to muster more strength in 1964 than they did in 1962. Republicans are so hopeful about their chances that there is real competition for the party nomination for some of the major statewide offices.

Democrats, with first-term men in the State's three top offices, may have strong competition in at least two of them. Don Yarborough of Houston says he will decide by December 1 whether or not he'll run against Governor Connally in next May's primary.

Close friends of Congressman Jim Wright of Fort Worth predict he will be a candidate for the U. S. Senate.

State Rep. Horace Houston of Dallas announced his candidacy for lieutenant governor at a GOP leadership conference here.

State Sen. Franklin Spears of San Antonio is visiting newspapers and otherwise sounding out his chances in a race for the same office—as a Democrat.

Some 300 San Antonio attorneys have signed a petition urging Associate Justice Jack Pope of the Fourth Court of Civil Appeals to run for the State Supreme Court.

Smith County District Attorney Bill Coats says that reports indicating House Speaker Byron Tunnell will have trouble getting re-elected in his home district (Smith and Gregg counties) are incorrect. Says the D. A.: "The only time I hear that . . . is when I come to Austin . . . Tunnell is in good shape at home."

Four candidates for congress are thundering along 10th District campaign trails. A special election is set for November 9. Candidates from Austin are Jake Pickle and Jack Ritter, jr., Democrats, and Jim Dobbs, Republican. The fourth, Frank B. McGehee, came all the way from Dallas to enter the Central Texas race. McGehee claims no party connections.

Property Tax Income High
 Despite the Homestead Exemption Act of 1933, property taxes in Texas provide about five times as much revenue as the sales tax. So says the Texas Research League, which has just completed a study of the tax.

Yarborough in White House Ceremony

Senator Ralph Yarborough, left, accepts pen from President Kennedy used in signing the medical education bill, which provides for federal building funds on a sharing basis with the states and includes a loan program to help keep medical and dental students in school. The bill includes \$170 million for construction of medical and dental school facilities and \$30 million a year for loans to students in these schools. It costs \$20,000 to \$30,000 to send a student to medical or dental school and there is a growing shortage of medical personnel. This bill had strong support in the medical and related professions. Senator Yarborough was invited to the White House signing ceremony as one of the principal Congressional backers of the bill. As a member of the Senate Education Subcommittee, he was a co-sponsor of the bill.

RAYE GARRISON WINS THIRD PLACE IN STATE 4-H CLUB DRESS REVUE

RAYE GARRISON

Miss Raye Garrison, daughter of Mr. and Mrs. Don Garrison of Silverton, was the third place winner in the State 4-H Club Dress Revue held during the State Fair of Texas in Dallas October 3-5. Miss Garrison was accompanied to Dallas by her mother, to participate in the contest which was held in the Cactus Room of the Adolphus Hotel. On the evening of October 3, the 42 contestants attended an orientation session where they were briefed on the points to be considered in judging one another's garments. The judging began at 8:00 a.m. October 4. Each girl made her selection of (1) the first place garment; (2) the best wool garment; and (3) the best cotton garment. Through this method of voting the winners were determined.

Awards were presented to Gayle Wagner, Victoria County, best garment; Robbie Brown, Howard County, first runner-up and Wool Award; and to Brenda Jane Cab-biness, Gregg County, Cotton Award.

Mrs. Jessie Southworth of Sanger-Harris in Dallas was fashion coordinator for the two Dress Revues presented at 10:00 and 11:30 a.m. October 5 at the State Fair of Texas.

Judging for the State 4-H Clothing Contest begins September 1, with judging of individual records. This is done by State 4-H Extension Service workers, and the score on records counts for one-half the contestant's total score.

At the Dress Revue the garments are judged on the contestants by the contestants on the basis of fit, appropriateness of color, fabric, style, accessories, and how the girl presents herself. These scores count for the other half of the total score.

Miss Garrison, a senior in Silverton High School, modeled her camel tan wool suit and over-blouse. Her jacket was lined with the same fabric. Her blouse of green and brown silk print was designed with square neck and buttons down the back. Her suit collar and pockets were accented with hand-picking, and her accessories were a hat of matching silk print, brown shoes, bag and gloves, and a gold pin. She earned the trip to the State Dress Revue by winning first place in the senior division of the District II 4-H Dress Revue held in Lubbock.

SPUR FIELD DAY IS TO BE OCTOBER 25

Paul T. Marion's "cow cafeteria" will highlight the Rolling Plains Experiment Station's annual fall field day at Spur, Texas, on Friday, October 25. County Agent Leon E. Grosdidier announced today. Marion is superintendent of the Spur Substation and personally directs all beef cattle research activities there. His pet project features a feedlot breeding herd that has never been on pasture. Visitors will see these cows and their fourth calf crop at weaning time, Grosdidier said.

Other items of special interest to area ranchmen will include reports on brush control research, water conservation practices and cow and calf operations on native pastures.

The Field Day program will get underway with a tour of the station from 9:00 to 12:00 a.m., followed by a "dutch treat" chuck wagon lunch.

Afternoon speakers will include E. D. Robinson, station range scientist; W. J. Waldrip, superintendent, Texas Experimental Ranch; Dr. Morris Bloodworth, head of A & M's Soil and Crop Science Department; J. K. Riggs, animal husbandry professor; and H. O. Kunkel, associate director of the Texas Agricultural Experiment Station.

The day's activities will be concluded with a question and answer session.

Jerry Williamson To Appear In Wayland Comedy Tonight

Jerry Williamson, son of Mr. and Mrs. Bill Williamson, Silverton is a member of the cast of "Flavor of the Week," first production of the 1963-64 drama season at Wayland Baptist College, Plainview.

Setting of the three-act comedy written by two Wayland professors, Dr. Henry Eason and Dr. Eugene Jones, is on a college campus, where a rejected lover's attempts to win back his belle keep the campus in an uproar and even cause international implications.

Williamson plays the role of an absent-minded chemistry professor.

The benefit will be presented at 8:15 p.m. October 17 and 17 in the Plainview High School Auditorium with the proceeds going to the High Plains Council for Mentally Retarded Children.

Tickets may be purchased at the door. Admission prices are \$1.00 for adults; 50 cents for students.

This is the second year the benefit performance has been arranged. The Wayland playwrights have collaborated on three previous plays. "Flavor of the Week" is their first comedy attempt but promises to meet with the same enthusiastic response which their previous joint efforts have met.

Rainbow Girls Attend Installation

Georgine West, Grand Worthy Advisor, Grand Assembly of Texas, Order of the Rainbow for Girls, was in Canyon Saturday, October 12, for the installation of officers for the Fall term.

Attending from the local Assembly were Gale Whitfill, Worthy Advisor; Roy Ann Bomar, Jane Self, Nancy Long, Mary Schott, Donna Stephens, Judy Stephens, Joyce Brooks, Carron Montague, Ian Lanham, Kathy Peugh, Vicki Vaughan and Elizabeth Davis.

Others attending were Mrs. Carl Bomar, Mrs. Vaughter Self, Mrs. Ben Whitfill, Mrs. George Long, Mr. and Mrs. Doyle Stephens and Wanda Gates.

Attend Dinner In Honor of Production Credit Officers

Mr. and Mrs. Don Garrison attended a dinner in Plainview recently in honor of a new member of the Board of Directors of Plainview Production Credit Association, and a retiring member of the Board.

Leroy Durham of Plainview, who has served 10½ years as a director of Plainview Production Credit Association, has resigned in order to serve as a director of the First National Bank in Plainview. He and Mrs. Durham were honored at the dinner, and Mr. Durham was presented a gift of appreciation by Grady Shepard, president of the Board.

Watson Jones of Floydada has been selected to fill Durham's unexpired term on the Board of Directors. He and Mrs. Jones were also honored at the dinner.

Mr. and Mrs. Al Atkinson and Carol of Lancaster spent the week end with Mr. and Mrs. Bud McMinn. Sunday dinner guests included Mrs. W. L. McMinn of Lubbock; Mr. and Mrs. Henry McMinn, a daughter and family of Level-land; Mr. and Mrs. Howard Riddell of Grand Prairie; Mr. and Mrs. Frank Messimer and daughter and children, Lockney. Mr. and Mrs. Johnnie Lanham and Ian came in the afternoon.

Mr. and Mrs. Bernie May visited his brother, B. T. May of Vigo Park, who has been seriously ill in Swisher County Hospital, Sunday afternoon and found him improved.

Mrs. J. D. McGavock underwent major surgery in Methodist Hospital on Wednesday of last week. Besides Mr. McGavock, those in Lubbock for the operation were her mother, Mrs. C. C. Blackwell of Amarillo; Mrs. Richard Williams of Snyder; Mr. and Mrs. Ray Teeple, Mrs. S. C. Grantham, Mrs. C. L. Sutton and Mrs. Truman Stephens. Mrs. McGavock was reported to be doing satisfactorily early this week, and expected to return home by mid-week.

Mr. and Mrs. J. M. Thompson were in Plainview on Wednesday of last week.

We Can Now Contract Your Cotton In The Field

We are now connected with Western Cotton Growers, Inc., a cotton pool. Let us explain to you the advantages of having your cotton placed in a cotton pool.

We appreciate your patronage in past years, and invite you to let us serve you during this ginning season.

SOIL CONSERVATION DISTRICT NEWS

Interest is growing all over Briscoe County in water conservation measures, especially dam construction for ponds and lakes.

Quitaque has undergone a lot of activity in dam construction, and this is only a start.

Walter Graham's dam above the Gerald Smith lake is almost complete. This will be one of the largest and best constructed dams in this area.

Theo Geisler has constructed two large dams in Holmes creek and Dry creek northwest of Quitaque.

Cotton Defoliation Guides Available

Getting the Texas cotton crop ready for machine picking or stripping is no small operation. Last year 77 per cent of the state's crop was harvested by mechanical means.

To emphasize the importance of this phase of cotton production, Elliott said that in 1948 only 2,000 farms in 50 Texas counties used these harvest aids.

In order for cotton producers to have the latest information on the recommended harvest aid chemicals, Elliott has recently released the 1963 "Cotton Defoliation Guide for Texas."

In the guide, Elliott has listed the recommended defoliant and desiccants along with their chemical and trade names and the amounts of each which should be used per acre.

In addition, he has included important information on many aspects of the harvest aid program.

On Monday, October 14, bids were opened in Quitaque for construction of three Kent Creek Watershed dams. These will be located on the farms of Lem Weaver, Jim Mayfield and Freeman Tate.

Now there is active interest and talk about constructing a large dam northeast of Silverton on Tule Canyon. Of course, this is just in the talking stage now, but it appears that there is a definite possibility of this dam becoming a reality at some later date.

Mrs. John G. Whitfield and James Roy of Paducah spent a recent weekend here with her parents, Mr. and Mrs. Roy Morris, and Arnold. Mrs. Whitfield and baby spent Sunday night and Monday in Amarillo with her grandmother, Mrs. L. D. Young.

Joe Ward, four-month-old son of Mr. and Mrs. Glenn Ward, has been a patient in Swisher County Hospital recuperating with a broken leg.

Mr. and Mrs. Ward and sons, Mike and Joe, moved here recently. Mr. Ward is employed on the Kent Creek project. Mr. Ward's parents have been here several days helping care for the children.

Mrs. C. T. Loudermilk and Mrs. Ben Bingham spent Tuesday fishing at Cottonwood Lake.

Mrs. Dearwood Oneal was in Tulia Tuesday.

Mr. and Mrs. Frank Schram of Wichita Falls visited briefly with Mrs. John E. Arnold last week. Mr. Schram lived here soon after the turn of the century and inquired about former friends.

Mr. and Mrs. Louie Luhman were in Lubbock Saturday where she attended a meeting of math teachers. They were overnight guests of Mr. and Mrs. James Ross Alexander and Sherry.

Mrs. C. R. Badgett spent Monday in Tulia with Mrs. E. E. Berry and grandchildren.

Mr. and Mrs. Ray Savage, Randy and Rickey spent the weekend with her parents, Mr. and Mrs. Olos Chitty and Norman. Norman returned home with them and is spending two weeks with them and with the Paul Neese family.

He especially calls attention to the need for following the instructions printed on the chemical containers and offers other hints on harvesting cotton for the best yields and quality.

He suggests a visit with the local county agent for detailed information on other cotton production problems and for a copy of the guide, L-145.

DEAR EDITOR:

Enclosed is a check for the amount of \$3.50 for one year subscription to the Briscoe County News starting with last week's issue as I want to read the write-up about Henry Rowden in your last issue.

I lived in Briscoe County many years. My father came to Quitaque in 1897. He planted the first cotton in Briscoe County. His name was W. O. Robinson. He sold our home to Will Graham in 1904. He still owns it.

Sincerely, Mrs. E. C. Noles 3806 E 13th Avenue Amarillo, Texas

GREETINGS:

Newspapers have played a vital role in the history of the United States and of the State of Texas. They have become so much a part of our daily lives that we often take for granted the talent, dedication, and hard work which go into the publication of a single issue.

Our Constitution proclaims the rights of freedom of speech and press, but we must remain vigilant against all who would stifle these freedoms which are so essential to all Americans.

Almost from the time printing was invented, newspapers have been instrumental in advancing justice and individual liberty. Texas newspapers are striving to fulfill this great responsibility of leadership, and it is fitting that we recognize their efforts with a special commemorative period each year.

Therefore, I, as Governor of Texas, do hereby designate the period October 13 - 19, 1963, as Newspaper Week in Texas, and urge all citizens to give due recognition to the achievements of the hundreds of daily and weekly newspapers in our State.

In official recognition whereof, I hereby affix my signature this 11th day of September, 1963.

John Connally Governor of Texas

Mrs. Bertha Burson of Childress has been a recent visitor with her brother, Jessie Hill, and family at the Tulia hospital.

Mr. and Mrs. Jim Mercer and Dr. and Mrs. Neville Muckleroy flew to Phoenix, Arizona, Saturday and attended the West Texas State vs. Arizona State football game.

Wyatt Heisler of Wayside spent Saturday morning with Joe H. Smith.

Mrs. J. E. Minyard and Annette were in Amarillo Tuesday for Annette's checkup.

Mrs. John E. Arnold and Mrs. Lem Weaver went to Dozier Monday to return home Cindy Coleman, who had been here for a visit with her grandparents, the Lem Weavers.

Notice to Bidders

STRAIGHT FROM THE SHOULDER

by Lester L. Grabbe

Why have the senior trips been banned? Why does the school no longer sponsor out-of-town parties? This is a question that I, as well as many of the other SHS students, would like to have answered.

The senior class had been looking forward to, and preparing for, the senior trip for years. We worked to earn money to pay for it. Other classes have, too. Yet now, out of the thin air, the senior trips are suddenly banned.

What I have heard is that some people have objected to some of the things done on the trips. But I have heard this only indirectly, and I don't know how true it is.

Yet let me ask this question: Would you rather have your son or daughter on a school-sponsored trip, where you know they will be supervised by a teacher, or on some trip of their own, with no one in authority?

Already the senior trips had been prohibited to this year's freshmen on down. But then, they had not been working for the trip. However, this year's sophomores, juniors and seniors have been. Why couldn't these three classes, at least, go ahead and have trips? Why? They've worked for it.

In response to this and numerous other inquiries by students and their parents, Superintendent J. S. Hinds has made the following statement on school policy regarding out-of-town trips.

The School Administration does not believe that class, out-of-town trips, lend themselves to academic excellence or improvement, for which the tax-supported public school has been dedicated.

Dennis Tomlin received the Offensive Player of the Week award and Gary Hunt received the Defensive Player of the Week award during a pep rally in the school gymnasium Friday. Coach Robert Whelchel presented the awards. Tomlin, a senior end for the Owls, received his second Player of the Week award for his outstanding playing during the Silverton vs. Kress game on October 3. Hunt, a senior tackle, also received the award for his outstanding service to the team during the Silverton vs. Kress football game.

We cannot see that continual money-raising campaigns by different classes, for the purpose of out-of-town trips is necessary; nor do we believe the general public is desirous of this type of activity or expenditure.

This policy has been considered for several years, but only recently action was taken.

Very few good schools participate in this type of activity. Only a very few Class A schools and no Class 2A or above schools have out-of-town class trips.

Senior class money should be

FBLA Chapter Has Business Meeting

by Shirley Myers

The Silverton F.B.L.A. chapter met on October 7. Joe Bob Watson resigned as reporter and Shirley Myers was elected to take his place.

New members were given applications to be filled out in order to receive Assistant Degrees. Working toward her Supervisors Degree, Dianne Davis gave a report on Technical Secretaries.

New members were fitted for their sweaters, and were asked to pay a \$5.00 deposit on their sweaters as soon as possible.

Members were served Cokes and given their newspapers at the close of the business meeting.

THE OWL'S ROOST

by Mary Monroe

Things have really been popping in S.H.S. The little owl in the box is gaining weight now after almost starving last week.

Pam received an application for a date from Jay. This must be something new that Jay has learned in college. Or maybe it could be that Pam is sometimes tied up with other boys and Jay just wanted to get his application in first.

Jerry may have been in the hospital for six days, but Nena ended up getting the shots.

If you want plenty of trouble just ask Mary Lynn what her new nickname is.

Mr. Verden and Melody have joined a mutual admiration society. Anyone would know this by the nicknames they have for one another. Mr. Verden calls her "Hoss" and Melody calls him "Little Lotta".

Why in the world was Kathy chasing Dick down the hall the other day?

Speaking of Kathy—she certainly will know better than to believe Freddy next time he tells her it is all right to go down in the dressing room.

Rita, why is your nose becoming so popular?

We wonder if Joni Self's lab book was on the bottom of the stack, or if she liked physics class so well that she went back for a second look.

Why has Larry been mad at Dennis?

Someone contributed this suggestion: "For lessons on 'How To Learn the Act of Flirting' see D. Tomlin or V. Marler."

With so many students wearing contact lenses, teachers don't bother to ask what is the matter when they see a student crawling along the floor frantically searching for something.

Cheerleaders Do New Bosa Nova Routine

by Linda Harvell

Pep rally last Friday was begun with a pom-pom routine by the cheerleaders to the music of "Blame It On the Bosa Nova." The entire crowd sang the Alma Mater and joined in yells led by the cheerleaders.

Coaches Robert Whelchel and Joe Granato gave their individual speeches and words of advice concerning the game with Hart. Coach Granato has given the Owls the nickname, "Chicken Killers."

Coach Whelchel presented the Player of the Week awards to Dennis Tomlin and Gary Hunt for their outstanding playing in the game with Kress.

Sigma Eta Sigma chapter of Future Teachers of America met Monday, October 7, to hear a program on "Code of Ethics of the Education Profession" presented by the local chapter's officers.

During the business session it was decided that the chapter will sponsor a bake sale soon. The date will be set at a future meeting.

F.T.A. officers will attend a workshop in Amarillo on November 5.

Pigskin Review

by Coach Robert Whelchel

The Silverton Owls were defeated by the Hart Longhorns, 60-0. The Longhorns scored on a dive play and then stopped the Owls' offensive team. The Owls fumbled the ball many times and had a number of penalties that hurt their offensive game.

The coaching staff felt that Max Garrison, Emmett Tomlin, Fred Stafford, Gary Hunt and Greg Towse turned in outstanding jobs on defense. We were scored on when the halfback went off tackle and slid to the outside for a 70-yard score.

Offensively we felt we could do a lot better. We were hurt by two boys that crashed in and stopped the play at the line and behind the line. Max Garrison did a good job offensively and Emmett Tomlin played guard for the first time and did a good job.

This week we start our district play against the Ralls Jackrabbits. Ralls has a big group of players and they are better than their record. They like to pass the ball and depend upon their fullback. We will be playing one of the toughest teams in our district, and will have to have good blocking, tackling, and plenty of spirit and hustle to come out with a victory.

Sophomore Sass

by Linda Fisch

The sophomore class met recently to elect their king and queen candidates for the Halloween Carnival. Darrell Long was selected as candidate for king, and Ruth Ann Minyard is the class candidate for queen.

Class dues have been set at \$3.00.

A carnival fund-raising committee and a party committee were chosen. The sophomore booth at the carnival will be the bingo table.

A Point of View About English

by Mrs. Alice Lacy

Why is English important? Throughout life boys and girls will meet to talk to others, listen to them, read what they have written.

If speech is effective, others will pay attention. Almost all men and women in important positions can express themselves clearly. While yet children, if people learn to speak intelligently, they have a better chance to succeed in college, in a trade, or in their chosen profession.

If boys and girls can read skillfully, a world of information is open to them. Through newspapers, magazines, books, young people can increase their understanding and widen their horizons. Regardless of their life's work, reading will contribute to their success and to their pleasure.

Shrink Hemorrhoids Without Surgery

Stops Itch - Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain - without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most (shrinkage) took place. Most amazing of all - results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Lyxol)-discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

DON'T YOU READ BEFORE YOU BUY?

And don't you sometimes re-read, study, compare, figure, measure, clip, save, and show to friends? When you're on the brink of buying, aren't you hungry for

facts, features, dimensions, styles, colors, capacities, and prices? Print advertising puts people who are close to a purchase close to the kind of informa-

tion they demand. Magazines, newspapers and brochures let them linger with your message for as long as they like. Print imparts important details, allows for colorful presen-

tations, makes lasting impressions, takes people straight to the point—of purchase. Print makes *sense* because print makes *sales*.
