All Around the Town

The Quarterback Club voted Monday night to try to raise enough money to purchase an Ultra-Sonic Machine for the school athletic department. Silverton's coaches have been taking injured players to Tulia or to Canyon for Ultra-Sonic treatments this season, and strongly recommend the purchase of such a machine for use on all school athletes, both boys and girls, when an injury occurs or when a sprain or bruise is involved.

Coach Robert Whelchel explained to Quarterback Club members that the Ultra-Sonic is a device which radiates electronic waves through the injured area dispersing the swelling and/or bruise. Coach Whelchel told the members that the local doctors, Dr. Wurgler and Dr. Muckleroy, recommend the Ultra-Sonic treatment for injuries. Many schools in the area already are using the machine.

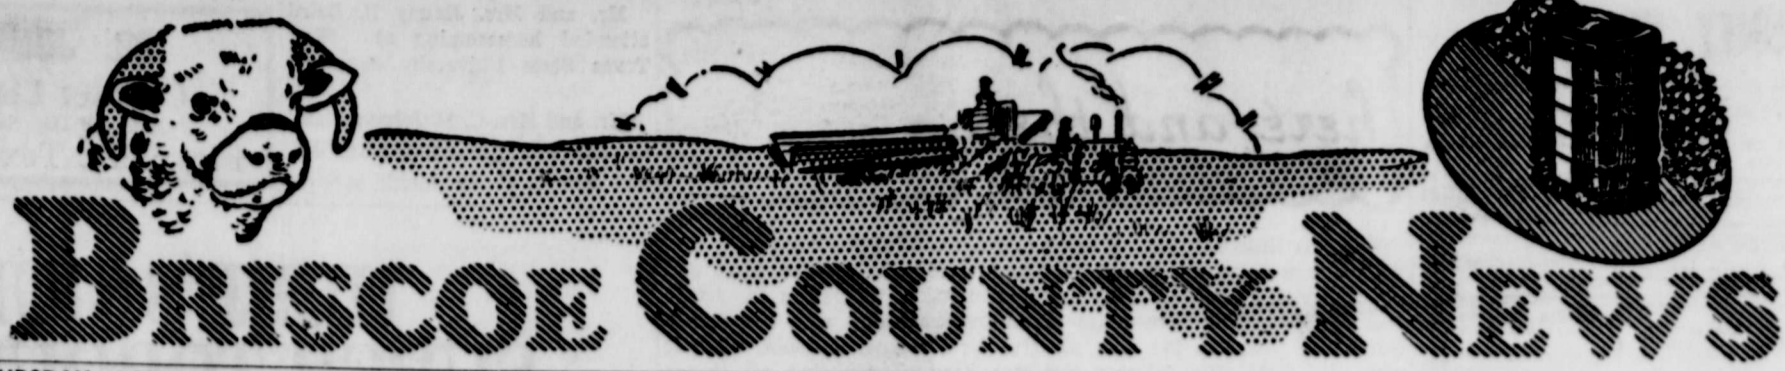

The model which the club hopes to purchase will cost \$495.00, and members are hoping to be able to secure it before basketball season opens. The Ultra-Sonic will be of benefit to the football boys, basketball boys and girls, track boys, and possibly for use with other injuries received by members of the student body.

Members of the Quarterback Club will be asking local residents for donations toward the purchase. They believe that the Ultra-Sonic will not only spare the boys and girls prolonged pain and discomfort caused by injuries, but also will help keep them in the lineup.

Members will offer donors a receipt for each \$1.00 donation. A bale of cotton will be given away at 10:40 a.m. November 14, during pep rally at the high school gymnasium.

The club's treasurer is Mrs. Verlin Towe.

We urge you to support the school's athletic department by contributing to this project.

"Agriculture's Hot Seat" To Be Presented By KFDA-TV

Secretary of Agriculture, Orville Freeman, tells KFDA-TV's Jack Tompkins what it's like to sit in "Agriculture's Hot Seat." Freeman represent the "now" in an historic one hour television show in which Tompkins interviews four of the most controversial men to occupy this important cabinet post. The show entitled "Agriculture's Hot Seat, Then and Now," also includes interviews with Henry Wallace, Charles Brannon and Ezra Benson. It will be seen on Amarillo Channel 10 at 9:00 p.m., November 11, and on Lubbock Channel 13 at 9:00 p.m., November 27, sponsored by the Grain Marketing Cooperatives in the Tri-State area.

The last time former Vice President and Ex-Secretary of Agriculture Henry Wallace was interviewed for television was for the old Person-To-Person with Ed Murrow. After the elaborate network production crews had kept his New York farm on the edge of a nervous breakdown for several days before the show and left the flower beds and vegetable garden hopelessly trampled and large muddy footprints on the living room rug, he vowed never to let another cameraman on the premises. Time mellowed the firmest resolve, however, and intrepid Jack Tompkins, Farm Director for Amarillo Television Station KFDA and a single, lightfooted cameraman stole quietly onto Wallace's upstate New York farm for an historic interview.

The interview is part of a special hour long television show produced at the request of the local grain marketing cooperatives of this area for use on just two television stations, KFDA-TV in Amarillo and KLBK-TV in Lubbock. It will be telecast from Amarillo on November 11, at 9:00 p.m. and from Lubbock on November 27, at 9:00 p.m.

Called "Agriculture's Hot Seat, Then and Now," the show traces the 30 stormiest years of the Department of Agriculture's 100-year history through the experience of the four most controversial men to fill this vital cabinet post. In addition to Wallace, Tompkins interviews two other former Secretaries, Charles Brannon and Ezra Benson and present Secretary, Orville Freeman.

The show took its title from a remark made by Freeman which describes the historical significance of the interviews. "I want to hear what the others who've sat in this hot seat have to say," Freeman quipped.

The four men represent every presidential administration since Franklin D. Roosevelt and treat the whole history of federal farm programs which originated with Wallace in 1933.

Brannon was interviewed in his Denver office where he is legal counsel for the National Farmer's Union. Benson was interviewed while in New York City on business. He is an apostle in the Church of the Latter Day Saints

Monty Smith Injured In Idalou Game

Monty Smith, son of Mr. and Mrs. Vinson Smith, received leg injuries in the football game at Idalou Friday night. He received injury to both his legs, and was kept overnight in a Lubbock hospital.

He returned to Lubbock on Wednesday for a checkup.

Silverton To Host Crosbyton Friday

The Owls will host the Crosbyton Chiefs in the last home game of the season Friday night at 7:30 o'clock.

Scout reports indicate that Crosbyton will be a tough team to defeat, reportedly having fast backs which are sure to make trouble for the Owls.

Silverton, seeking its fourth win of the season, has a team which lacks depth but makes up for that in determination. Some of the injured Owls are back in the lineup, and fans are promised a good ballgame.

Quarterback Club To Sponsor 'Dads' Night

The Silverton Quarterback Club voted Monday night to sponsor a "Dad's Night" at the last home football game with Crosbyton Friday night. Fathers of the players have been invited to sit on the sidelines and wear the numbers of their sons during the game.

Some of the dads will have to make room for several numbers. Glynn Tomlin will be wearing the number of his three sons, Howard, Dennis and Emmett. J. W. Reid will be wearing the playing numbers of his sons, Dick Reid and Jim Smith.

Special chairs will be provided for the fathers.

Coach And Mrs. Granato Have Boy!

Coach and Mrs. Joe Granato are parents of a baby boy, Todd, born in the Swisher County Hospital Thursday, October 24.

The baby weighed 6 pounds, ¾ ounce.

Joe and Barbara have a daughter, Tonia Dawn, who was 22 months old the day her brother was born.

Grandparents are Mrs. George Kempton of Brownfield, W. C. Knox of Post and Mr. and Mrs. P. J. Granato of San Antonio.

Great-grandparents are Mrs. W. C. Hensley of St. Jo, Sam Granata and Mr. and Mrs. J. J. Montamio of San Antonio.

and lives in Salt Lake City, Utah. Tompkins interviewed Freeman in his office in the Nation's Capitol.

Man Injured By Road Equipment

Gail Bullock, 28, was listed in satisfactory condition today after having been crushed about noon Monday when the front-end loader he was driving overturned about one mile north of Quitaque.

An employee of the State Highway Department, he was working with the loader on FM 1065, north of Quitaque when the vehicle overturned while going up a hill. He jumped from the vehicle but not far enough to avoid being crushed.

He was taken to Swisher County Hospital by a Roberts Funeral Home ambulance. His injuries included fractures in both bones of his left arm, a broken left collar bone, pelvis injuries, and multiple contusions and abrasions.

Mr. and Mrs. Gail Bullock, and children, Barry Joe, 8; Tommy, 6; Andy, 5; Rodney, 3; and Melissa, 2, live across the street south of the Silverton Hotel on Seventh Street. Bullock has been employed by the Highway Department for six years.

Funeral Services For Mrs. Alta Boyd

Funeral services were conducted at 10:00 a.m. Saturday in First Methodist Church in Lubbock for Mrs. Alta Boyd, wife of Roy Boyd, Lubbock County Superintendent of Schools.

Mrs. Boyd died at 5:00 a.m. Thursday, October 24, in St. Mary's Hospital. Burial was in the City of Lubbock Cemetery.

Reared in Gatesville, she had been a resident of Lubbock since 1943 and had retired only recently from the teaching profession after 34 years in Lubbock county classrooms, 18 of which were in McWhorter Elementary School.

She was a member of the Methodist Church.

Survivors include the husband; one son, Weaver Boyd, Dallas; three brothers, Ewing Weaver of Sundown, Lem and Shafe of Silverton; three sisters, Mrs. Irene Perry of Roman, Montana, Mrs. Erma Joy Luhnman of Silverton, and Mrs. Buna Ware of Kerrville.

All the local relatives attended the funeral services.

Army Convoy To Stop Here

The Army's first Pershing missile unit scheduled for overseas deployment will depart from Fort Sill early Monday morning, November 4, for Fort Wingate, New Mexico, to undergo a series of Pershing missile firings.

Four firing batteries of the 4th Missile Battalion, 41st Artillery, each will launch one missile during the program of "graduation firings" from Fort Wingate White Sands Missile Range over 200 miles away in southern New Mexico. The firings are scheduled to begin in mid-November.

The firings will mark the end of intensive training in assembling and checking out the solid propellant Pershing system at Fort Sill since the unit was organized July 1959 in the 9th Field Artillery Missile Group.

The primary purpose of the firings is to develop and maintain group familiarity with the Pershing system. Pershing is scheduled to replace the liquid fuel Redstone missile system in the near future.

As in earlier Pershing Service tests, safety and data gathering services will be provided by White Sands Missile Range.

The first of 145 vehicles carrying more than 350 officers and enlisted men will move out from Fort Sill at 7:00 a.m. Monday. The vehicles will be divided into five march units with each unit approximately 15 minutes apart.

The convoy will arrive in Silverton Monday afternoon, November 4 enroute to Fort Wingate. There will be two overnight stops at Silverton in the Texas Panhandle and then at Vaughn, New Mexico.

Another Fort Sill unit, the 1st Missile Battalion, 81st Artillery, will conduct similar firings early in 1964 when it completes its training at the Artillery and Missile Center at Fort Sill.

Pershing is a two-stage selective range weapon designed for field support. It is designed to be moved by helicopters, and overland on tracked vehicles or in red-wing aircraft.

Grazing Of Diverted Acreage Permitted

Effective October 1, farmers will be able to graze the acreage they diverted under the 1963 feed grain and wheat stabilization programs without special approval. Louie Kitchens, chairman, Agricultural Stabilization and Conservation County Committee, has announced. This applies uniformly throughout the county.

He stressed, however, that this relaxation of program provisions applies only to grazing the feed grain and wheat diverted acres. Hay on such acreages still may not be harvested.

Further, the relaxation does not apply to acreage diverted under the Conservation Reserve Program, which may not be grazed or harvested through the whole year.

Altogether, a total of 500 farms in the county are participating in the 1963 feed grain and wheat stabilization programs.

Mrs. Lola Standefer Buried In Floydada

Funeral services for Mrs. Lola Evelyn Standefer, 67, were conducted at 10:00 a.m. Tuesday in the Parkview Baptist Church in Plainview. Burial was in the Floydada Cemetery.

Mrs. Standefer, a practical nurse for the past 10 years, was born March 24, 1896, in Comanche. She married Lem Standefer at Flomot March 20, 1914, and lived at Flomot and Turkey until 1948 when she moved to Plainview.

Survivors include a son, Howard Standefer of Roby; three daughters, Mrs. M. F. Henshaw of Seymour, Mrs. John Bourland of Canyon and Mrs. D. J. Anderson of Quitaque; four sisters, Mrs. W. W. Merrell of Quitaque, Mrs. C. T. Loudermilk of Silverton, Mrs. Dike McMurry of Dumas and Mrs. Nattie Lee Waters of Silverton; three brothers, Bud McGowen of Floydada, O. J. McGowen of Amarillo and Richard McGowen of Hereford; 10 grandchildren and two great-grandchildren.

State Genealogical Convention Set

Briscoe County will be represented at the annual Texas State Genealogical Convention to be held this year in Fort Worth at Hotel Texas, November 29 and 30, by the T.S.G.S. District 2 Representative, Mrs. Forrest B. Doshier, 1501 Rusk, Amarillo. Workshops will be held on genealogical and historical research and writing and an exhibit will be held open to the public on family Bibles, pedigree charts, coats of arms, and books.

Mrs. Edna Perry Deckler, 2528 University Drive, Fort Worth, president of the Texas State Genealogical Society, says, "Anyone interested in local, church, and family history is invited to attend the convention."

Silverton Methodists To Observe Family Fellowship Month

Silverton Methodist Church will emphasize Family Fellowship Month during November.

A study has been planned and will be directed by the Rev. Carl Nunn beginning each Sunday at 6:45 p.m. The study pertains to Methodist history, Methodist beliefs, Methodist organization and Methodist Christians.

Following the study each Sunday evening there will be a short worship service and altar time. Each Sunday evening during November supper will be served at 6:00 o'clock with fellowship preceding the study.

All church members are invited to attend the study groups, and to worship and fellowship at the Silverton Methodist Church.

"Report And Review" Meeting Set For November 4

Secretary of Agriculture Orville L. Freeman will visit Lubbock Monday, November 4, to learn first-hand what farmers and ranchers across the nation are thinking and saying.

The Lubbock "Report and Review" meeting is scheduled for 2:00 p.m. in Municipal Auditorium. It is the last of an extensive series of similar meetings that have put the Secretary face to face with thousands of farmers. All commodities and crops have been represented: wheat, corn, cotton, feed grains, livestock, dairy and poultry farmers have turned out in force to present their views to Secretary Freeman.

So have farm organizations and leaders and officials of commodity groups and other farm interests.

In every meeting Mr. Freeman has emphasized that he wants to hear from individual producers. The meetings have been planned by the Secretary with arrangements being handled by USDA agencies. No private organization has a part in their planning or conduct.

The Secretary described the meetings as "an opportunity for me to hear what farmers and ranchers have to say about the Department of Agriculture and about farm programs and legislation."

In order that most of the time can be available for questions and recommendations, Secretary Freeman will make only a brief report on the agricultural situation. The audience then will have an opportunity to question the Secretary using cards distributed as they enter Municipal Auditorium. After answering the questions, the Secretary will hear and respond to comments, statements or additional questions from the floor.

The questions submitted to the Secretary, as well as a complete recording of the meeting, will be available for later study by the Secretary and his staff to guide them in the administration of existing programs and in the development of future programs.

General Announces Number Changes

Effective with the issuance of General Telephone Company's new directory this week are several number changes. Old directories should be discarded to avoid confusion because approximately 50 numbers have been changed.

Reason given for the changes is to rebalance the company's local system and to give better service. The changes were necessitated by the growth of the community.

A complete list of new numbers will be included in the Briscoe County News next week. This list should be clipped out and attached to any old directories for future reference. New directories for Bean Exchange subscribers will not be issued until next April, and those directories will carry the incorrect numbers until the new ones are distributed.

Education Will Be Theme Of Meeting

Education will be the theme of the meeting of the L.O.A. Junior Study Club on November 12 at 3:45 p.m. in the community room of Plainview Production Credit Association in Silverton.

Mrs. Ben Lesley and Mrs. Leo Fleming will be hostesses. Roll call will be answered with the name of a famous author.

A Houston federal court's order wiping out present State congressional district lines and directing all Texas congressmen to run at large until the legislature redistricts on the basis of population alone is on appeal to the U. S. Supreme Court.

Atty. Gen. Waggoner Carr's request for a stay of the Houston judges' decision pending final disposition of the appeal was granted by Supreme Court Justice Hugo Black.

Gov. John Connally conceded that the present line-up is unfair, with districts ranging from 213,000 to 960,000 population. But he argued that it's the responsibility of the legislature, not the federal courts. He felt that the action by the Republican majority on the court was politically planned.

GOP members filed the lawsuit attacking the population imbalance among districts.

The Governor pledged to fight the order to the last legal ditch. He termed it "ridiculous" and unprecedented. Connally stated he would call no special session on redistricting "until all other avenues of action are closed." He felt it would be a waste of their

time and \$400,000 in tax money. His belief was that such a complicated measure could not be worked out in 30 days, especially since there have been no decisions of the U. S. Supreme Court to show what, if any, rules will be placed on Congressional redistricting.

A Georgia case will be argued in November. This may provide guidelines.

Connally believes that once the filing deadline has passed in February the Supreme Court will not interfere with the 1964 elections. Top ranking Republicans found the Governor's tough words "shocking."

State AFL-CIO President Hank Brown said "complete and total anarchy" is going to be the result of failure to redistrict before the February 5 filing deadline.

The Governor drew blasts of criticism from major cities, which are under-represented in Congress. But there was approval from rural areas. They will lose strength in Congress when the districts are re-adjusted to be more equal in size, population-wise.

THE COURTS SPEAK

Aside from congressional redistricting, the courts had plenty to say last week. State Supreme Court held that the City of Haskell can spend municipal tax money to fight building of a dam by the North Central Texas Municipal Water Authority. Its decision upheld a Court of Civil Appeals finding but overruled the trial court verdict for the Authority.

The city considered the proposed dam on Miller Creek would be detrimental to its water supply. Cities in the Authority's territory are ymourt, Knox City, Munday, Goree, Haskell, Rule and Rochester.

Third Court of Civil Appeals agreed with Travis County District Court that the State's 1961 dedicated reserve natural gas tax is unconstitutional and prohibited by the U. S. Constitution's "commerce clause." Tennessee Gas Transmission Company and Panhandle Eastern Pipe Line Company contested the tax.

WILDLIFE COMPROMISE

Parks and Wildlife Commission compromised on applications for free shell-dredging access to oyster reefs in Trinity and Galveston bays. It permitted dredging within 30 feet of live oyster reefs, as opposed to the usual 1,500-foot distance. But it denied dredging near five major reefs and one bird island.

Commission said in a statement, "It is reliably estimated that these revisions in regulations will make available up to two years' supply of shell to relieve current emergency needs."

Then it ordered a widespread study of shell and aggregate resources which contribute \$1,500,000 a year or 25 per cent of the department's income. It concluded that without this important revenue the Commission, in all probability, would be forced to substantially increase fishing and hunting license fees.

FEEL RICHER?

Texans' incomes were at an all-time high in 1962 at \$20,360,000,000, reports the U. S. Department of Commerce. This was 4.4 per cent above 1961. It means that 4.6 per cent of the dollars earned by all Americans belonged to Texans.

But when the massive figures are put into averages, Texans fall back. Texas ranks third in population, but sixth in total personal income. New York's \$50,990,000,000 and California's \$49,180,000,000 mean that people in those states have higher average incomes than Texans.

However, back in 1929 the total personal income of Texans was \$2,700,000,000. Now it's nearly 10 times as much.

HOSPITAL FUNDS APPROVED

State Board of Health has approved \$11,200,000 in applications for federal Hill-Burton hospital aid funds on 21 projects. Grants usually finance half the construction cost.

Allocations include: Leon County Hospital, Buffalo, \$160,000; Lee Memorial Hospital, Giddings, \$100,000; Community Hospital, Luling, \$295,000; Huth Memorial Hospital, Yoakum, \$250,000; Sabine Area Home for Older Adults, Carthage, \$225,000.

Grants totaling \$1,000,000 or more each were awarded hospitals in Houston, Corpus Christi, Fort Worth and El Paso.

The Water Pollution Control division of the Health Department found that the U. S. Congress had voted \$340,000 more than earlier announced for community sewage treatment plant projects. It is finding funds for several projects in addition to the 38 originally requested.

TALK OIL PROBLEMS

Representatives of five independent oil associations have asked Governor Connally to examine the "serious condition" of the Texas crude oil producing business. They pointed out that other States have formed economic study groups for this purpose.

Represented in the talks with Connally were Texas Independent Producers and Royalty Owners Association, Panhandle Producers Association, Permian Basin Petroleum Association and organizations

here and there

There is little satisfaction to be gained from doing things that hold no difficulties; it's the tough old task that brings a keen sense of worth and power to the man who wins the fight. His failures test his courage and his problems prove his might. Until a man has conquered loss, and overcome defeat, he cannot fully understand just why success is sweet.

I'm thankful for my disappointments, for the battles lost; and for mistakes that seem to charge an overwhelming cost. I'm thankful for the days of doubt, when it was hard to see that all things work together for the good that is to be. I'm glad for all that life has brought, because today I know that men must brave adversities, if they would greater grow.

from West Central and North Central Texas.

WATER RECREATION

Governor Connally's committee charged with working out plans for full recreational use of Texas lakes plans to meet the third Monday of each month.

Committee headed by Marvin Watson, chairman of the North-east Texas Municipal Water District, asked the Texas Water Commission to make a recreational survey of all Texas lakes. But it would be such a mammoth undertaking the commission's liaison man, Lewis Seward, demurred.

However, the State Water development Board already has stated it will take recreational potential into account when voting on loans for community water projects.

State Highway Department has just authorized construction of 29 more boat-ramp projects, in addition to the 56 now built or programmed. Each ramp includes a parking area, access road, incinerator, signs and landscaping.

PLOW-DOWN NOW FOR MORE PROFIT NEXT YEAR

A logical way to increase profit is to increase yield without increasing the cost of the crop. You can increase yield by 10% and profit by 15% just by using fertilizer more efficiently. You will get increased efficiency if you apply anhydrous ammonia now instead of waiting until Spring... giving the nitrogen a chance to aid in the decomposition of stubble.

As a farmer, you realize the value of your stubble. But, in order to do the most good for next year's crop, this stubble must be completely decomposed. The soil bacteria that do the work in this decomposition process must have nitrogen... more nitrogen than is naturally available in most crop land. That's why it is wise to apply anhydrous ammonia to your soil now. Nitrogen immediately starts to work, helping to decompose the turned under stubble, and release the important plant foods contained in it. Then, when you plant in the Spring, all the nitrogen you put down now, plus the nutrients it has helped release, will be waiting to feed your crop right from germination.

By providing the necessary plant food right from the start, a plow down application can increase your yield by 10% or more. Since the extra yield does not add to the cost of the crop, it can mean a 15% higher profit.

So, plow nitrogen down now!

Your best source of nitrogen, in its most efficient, usable form is anhydrous ammonia. Shamrock's Nitromite is a fine brand of anhydrous ammonia.

CAPROCK DISTRICT PRESIDENT IS GUEST FOR FEDERATION DAY MEETING

Members of the L.O.A. Junior Study Club hosted members of the other local federated clubs at their annual Federation Day meeting on October 22, at 3:30 p.m. in the community room of Plainview Production Credit Association in Silverton. Forty members of the Century of Progress Study Club, the disbanded 1925 Study Club and the L.O.A. Junior Study Club were present to hear Mrs. Bill W. Davis of O'Donnell, Caprock District President of the Texas Federation of Womens' Clubs, as she spoke on federation.

The thought for the day was "Divided we fall, federated we stand."

The L.O.A. President, Mrs. Ben Lesley, welcomed Mrs. Davis and the other guests.

Individual pumpkin pies topped with whipped cream, nuts, coffee and spiced tea were served from a table decorated with Fall motif by the hostesses, Mrs. Billy Settle and Mrs. W. D. Rowell.

Present from the Century of Progress Study Club were Mrs. Jim Mercer, Mrs. Gene Morris, Mrs. Pat L. Northcutt, Mrs. Carl Bomar, Mrs. L. D. Griffin, Mrs. Jack Strange, Mrs. Norman Strange, Mrs. J. W. Reid, Mrs. James Davis, Mrs. O. C. Rampley, Mrs. E. A. Birdwell and Mrs. Bud Vaughan.

Representing the March of Time Study Club were Mrs. True Burson, Mrs. Troy Burson, Mrs. D. T. Northcutt, Mrs. Marvin Montague, Mrs. Roy Mayfield, Mrs. Alvie Mayfield, Mrs. Josephine Anderson, Mrs. Alvin Redin and Mrs. Ben Whitfill.

From the disbanded 1925 Study Club Mrs. Nannie Bomar, Mrs. Gordon Alexander and Mrs. A. P. Dickenson were present.

Members of the L.O.A. Junior

Mrs. Bill W. Davis of O'Donnell, Caprock District T.F.W.C. President, was the Federation Day speaker for a gathering of federated club women in Silverton recently. At the serving table are Mrs. A. P. Dickenson, last President of the 1925 Study Club; Mrs. Ben Lesley, L. O. A. Study Club President; Mrs. Davis; Mrs. Marvin Montague, President of the March of Time Study Club; and Mrs. Norman Strange, Century of Progress Study Club President.

Silverton Owls Almost Upset Undefeated Wildcats

The fighting Big Red of Silverton High School did their best to upset the Idalou Wildcats in a District 4-A clash at Idalou Friday night. The Owls scored first and had several good drives upset by the Wildcats. Early in the fourth quarter, the Owls trailed only 21-16. The final score was 34-16.

The pass to Dennis Tomlin was complete for the conversion points. The Owls led 8-0 before a stunned Idalou homecoming crowd of about 1,500.

When the Owls kicked off to the Wildcats following the touchdown, Idalou gained only three yards before fumbling, and Gary Hunt pounced on the ball for the Owls. A Stafford to Tomlin pass moved Silverton to the Idalou 25 and Stafford and Garrison moved the ball to about the Idalou 20 before an Owl pass was intercepted at the goal line by Idalou.

The Wildcats poured on the steam and racked up four first downs before tying the score 8-8 with a fake kick and pass play in the second quarter.

Silverton's next drive was broken up at the Idalou 40 by a pass interception, as Cris Weems lived up to his reputation and snatched the ball away. At halftime the score remained 8-8.

The Wildcats moved out in front in the third quarter by passing for a touchdown from the Silverton seven-yard line. The kick for extra point was no good, and Idalou led 14-8. Early in the fourth quarter, Idalou scored from the Silverton 30-yard line and the extra point try was no good.

With Stafford quarterbacking the club the Owls came back to score on a 20-yard run by Max Garrison. A pass from Stafford to Dennis Tomlin was good for the conversion points, and Idalou led by a narrow margin, 21-16.

Later in the fourth quarter Idalou moved on a Silverton penalty and finally plowed into the end zone from two yards out to raise the score to 27-16. Silverton came right back, driving to the Idalou 20-yard line. At that point an Owl pass was intercepted by Idalou and they went all the way to score. The final count was 34-16 with 1:01 left in the ballgame.

The Wildcats continue their undefeated season with a 7-0 record, while the Owls are still trying for win number four.

Leading gainers from the line of scrimmage for the Owls were Max Garrison, 89 yards, and Fred Stafford, 74 yards. Other yardage gainers were Monty Smith, 31 yards; Greg Towe, 16 yards; Dennis Tomlin, 36 yards; Emmett Tomlin, 4 yards; and John Montague, 13 yards.

Silverton gained 12 first downs from the line of scrimmage while Idalou made 15. The Owls attempted 13 passes, completed seven, and had four intercepted by Idalou. Passes were from Towe to Stafford, Towe to Dennis Tomlin, Stafford to Max Garrison, Stafford to Dennis Tomlin and Stafford to Towe.

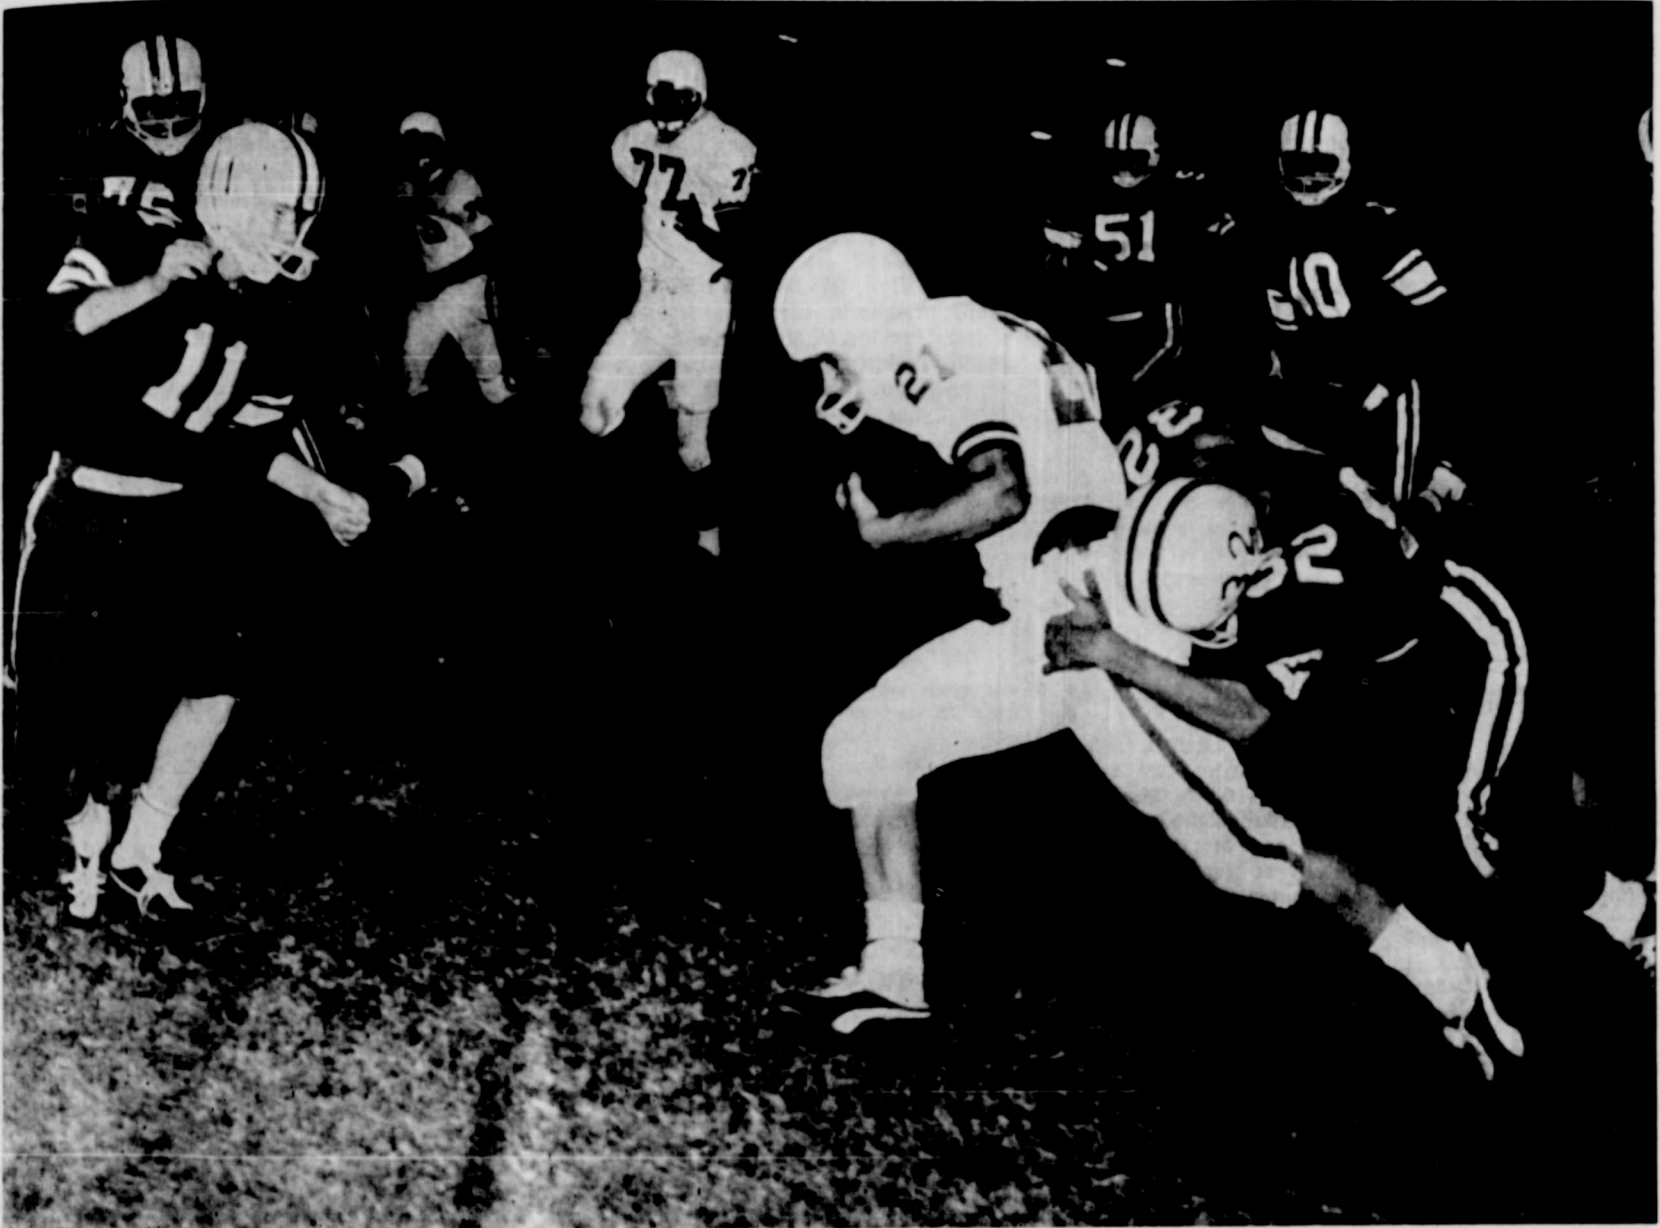

Max Garrison intercepted one Wildcat pass and Idalou completed four out of six tries.

Idalou surprised the Owls by fumbling four times. The Owls stole the ball three times, and lost it by fumble only once.

Silverton was penalized 30 yards and Idalou had 10 yards stepped off against them.

The Owls received the opening kickoff at their own 35-yard line. Max Garrison received the hand-off on the first play of the game and gained a first down to the Idalou 45. The Owls made two additional first downs before being halted inside the Idalou 20-yard line.

When Idalou gained possession of the ball they ran through two first downs to their own 33-yard stripe before fumbling to the Owls. Silverton took over and ran to the Idalou 25 on the first series of plays, and to the Idalou 9 on the next series. Fred Stafford carried the first touchdown from about the five-yard stripe and a

A tough man to stop is Cris Weems (21), Idalou mainstay. A good pass receiver and a good runner, he either made or figured heavily in every Wildcat score. Max Garrison (32) is the Owl making the tackle. Others

in on the play were Greg Towe (11), Dick Reid (75), Dennis Tomlin (81), Howard Tomlin (51), and Fred Stafford (10).
—Briscoe County News Photo

Fred Stafford (10) carries the ball for the Owls as the Idalou defenders come in tough to stop the play. Stafford ran at halfback in the first two periods of play, moved to quarterback and called signals for a second touchdown in the fourth stanza. Robert Bomar (62) is pictured in the background.
—Briscoe County News Photo

Got to make that first! Max Garrison eyes the marker as he picks up steam to make the necessary yardage. One of the key plays toward the second Owl score, Garrison was knocked out of bounds about two feet past the marker. Idalou found Garrison a tough opponent, and the Silverton coaches found him invaluable, as he was the leading Owl yardage gainer of the evening.

CITATION BY PUBLICATION
 THE STATE OF TEXAS
 TO: The unknown heirs and legal representatives of D. G. Montague, deceased, and L. A. Montague, deceased, and any other unknown person or persons claiming any interest in and to the hereinafter described property, Defendants,
 Greeting:
 YOU AND EACH OF YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Briscoe County, Texas, at the Courthouse thereof, in Silverton, Texas, by filing a written answer at or before 10:00 o'clock a.m. of the Monday next after the expiration of 42 days from the date of issuance of this citation, same being the 2nd day of December, 1963, to Plaintiffs' Petition filed in said Court, on the 15th day of October, 1963, in this cause numbered 1792 on the Docket of said Court and styled Lee D. Bomar, et al VS Allene Montague, et al, in which Lee D. Bomar, et al are Plaintiffs and Defendants are those persons first named in this writ and to whom it is directed.

A brief statement of the nature of this suit is as follows:
 A suit in statutory trespass to try title to all of lots One (1), Two (2), Three (3), Ten (10), Eleven (11), and Twelve (12), in Block One Hundred Four (104), in the Original Town of Silverton, Briscoe County, Texas, as per plat of record in Volume 2-B, Page 297, Deed Records of said County, Texas.
 Plaintiffs claim title in fee simple to said lots and claim title by virtue of the five, ten and twenty-five year statutes of limitations as provided by the Revised Civil Statutes of Texas, as is more fully shown by Plaintiff's Petition on file in this suit.
 If this citation is not served within 90 days after the date of this issuance, it shall be returned unserved.
 The officer executing this writ shall promptly serve the same according to the requirements of law, and the mandates hereof, and make due return as the law directs.
 Issued and given under my hand and seal of said Court at Silverton, Texas, this 15th day of October, A. D. 1963.
