

All Around the Town
by Mary Ann Sarchet

There are several people around town who didn't think my comment in a recent issue regarding Barry Goldwater's intention to destroy us all was very funny. I still think it was funny, but I should be terrified at the thought of his actually having the authority to use destructive forces. I would be if I thought there was a serious possibility that he might be elected. I think LBJ will be elected by a large majority. I think the President is doing a good job, and I think the Republican party will find Peace and Prosperity hard to argue with.

☆☆☆
If you don't like what Barry says today just wait until tomorrow—he will reverse his opinion! This isn't mere speculation, but is being proven almost every day by The Man himself.

Think of this possibility—you know, Mr. Goldwater doesn't believe in campaigning, transacting business, etc. on Sunday. If he makes some extreme statement on Saturday do you think the enemy will wait until Monday morning for him to explain what he meant? (Remember Pearl Harbor?)

☆☆☆
The Briscoe County News supported John F. Kennedy for the Presidency. We would have done so again this year in spite of what some people were saying about his religion.

What I'm wondering now is how those who opposed the election of a Catholic to the Presidency only four short years ago can support the Goldwater-Miller ticket? They have forgotten their old fears and even since last November have forgotten that the Vice President is only a heartbeat away from the Presidency. But, they insist, in the Vice President it's different. I'd like to hear that one explained a little more fully.

☆☆☆
From the Tullia Herald: We have had letters and telephone calls from readers wanting to know by what rule of logic S. B. Whittenburg, publisher of the anti-Democratic Amarillo and Lubbock papers, was named a delegate to the National Democratic Convention.

No papers in the United States have been greater enemies of the Democratic party, have been more damaging to the party in this area of Texas. Wes Izzard is perhaps America's top apostle of hate toward the Democratic party. The paper he edits is far more rambling to the Democratic party than is the Chicago Tribune in Chicago. No paper in the United States has spewed forth more venom against Lyndon Johnson, John Kennedy, and other top Democrats. No paper in the United States has done more to promote the candidacies of Barry Goldwater and other John Birchers.

Then the Democratic Party of Texas rewards the owner and publisher of these papers with a seat in the National Democratic Convention when Democrats who have sweat blood for the party were passed over!

Don't misunderstand us. S. B. Whittenburg is not a Wes Izzard. Even though his brother, Roy, is a dedicated Republican and ran for the Senate on that ticket, even though a brother-in-law is Republican chairman of the 30th district, even though there are Birchers in the Whittenburg family, S. B. calls himself a Democrat and permitted the old Amarillo Times, under the editorship of the late T. E. Johnson, to be a Democratic voice.

Mr. Whittenburg's sin is not what he has done to the Democratic party in this area. His sin is in standing by and permitting Wes Izzard to employ every technique of the Birch Society in brainwashing the people of this area. By standing by and permitting his own paper to become the symbol of dishonest journalism in this area, he must share the guilt and responsibility. His sin is much like Pilate's.

We would ask Mr. Whittenburg: "How far would you get in the Republican party if you stood by and permitted your paper to slander and libel the GOP as it has the Democratic party? How close do you think you would have gotten to the Cow Palace last month?"

Mr. and Mrs. Tom Garrison and daughter and Mr. and Mrs. Vernon Garrison of Tullia visited Mrs. T. J. Hodges and Mrs. Jewel Kennedy Sunday afternoon.

Owls Tripped By Claude Mustangs

Monty Smith is pictured on an around-end run during the Silverton vs. Claude football game last Friday night. Smith was the leading ground gainer for the Owls and also completed several passes during the evening.

The fighting Owls of Silverton High School traveled to Claude last Friday night and were defeated 14-0 by the Mustangs in a game which ended in a downpour of rain.

Silverton fans were shocked at the sight of rain, which occurs so occasionally here; however, players and spectators alike were drenched with about six minutes of playing time remaining on the clock.

The Owls showed a lack of experience and the Silverton offense was never able to move very well. The Owls penetrated within the Claude ten-yard-line early in the second quarter but a complete pass from Greg Towe to Max Garrison lacked about a yard being enough for a first down inside the Claude five. The Owls might have made this opportunity count had they not had the opening night jitters, because a five-yard offside penalty cost them precious yards at this point in the game.

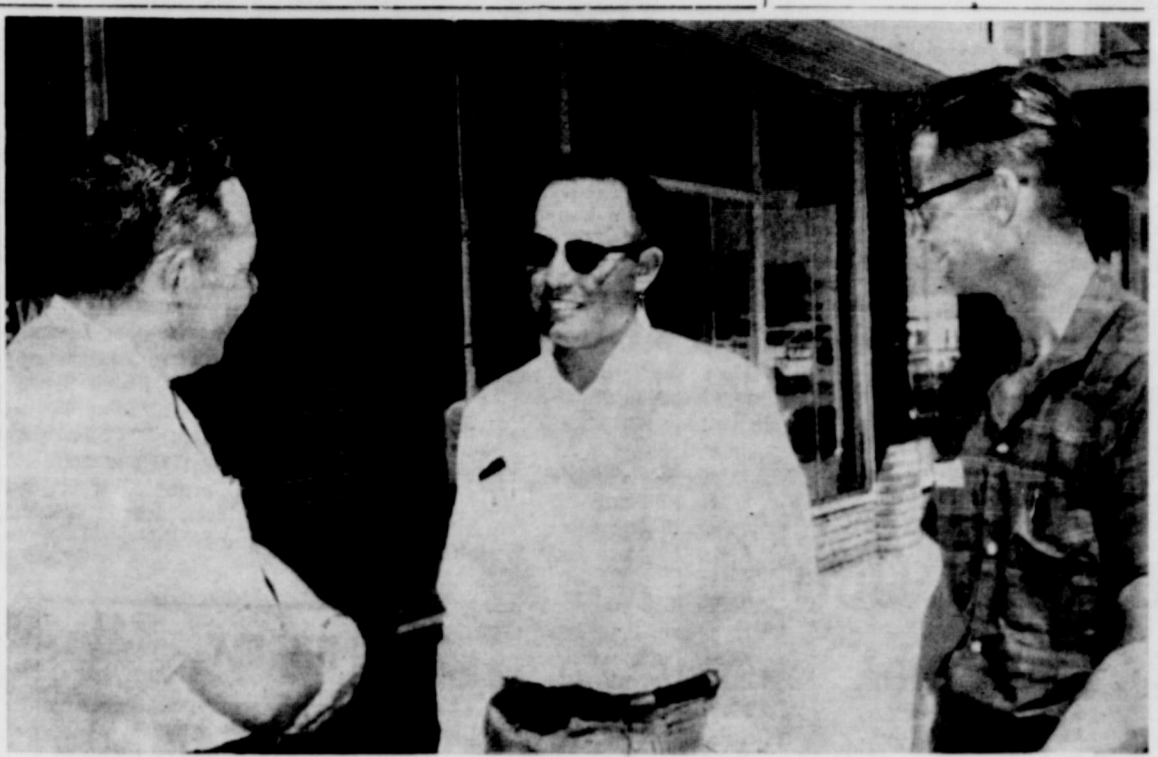

Only a few minutes later in the game Towe intercepted a Mustang pass and foiled the offensive drive by carrying it back to the Claude forty. The Owls returned the favor shortly by fumbling and Claude quickly covered the ball.

The halftime score stood at 7-0, the Mustangs having taken the lead on a long run late in the first quarter.

The second Claude score came late in the third quarter on a 50-yard run. Shortly thereafter came the rain. The Owls battled on, out-weighted 33 pounds to the man. They contained the Mustang drives well, a fact which must have been a great disappointment to the Claude coaching staff who were, doubtless expecting a greater margin of victory.

The locals found their offense smothered and were held to four first downs. The Owls meet the Hart Longhorns on the home field tonight at 8:00 o'clock. A large crowd of fans will be needed to cheer the team to victory.

Urgency of Boll Weevil Spray Permits Stressed

Have you signed a "permit to spray" your cotton for boll weevil control and suppression? Time is fast approaching when the massive control program will be put into operation, says Duane Russell, official of USDA's Plant Pest Control division which will supervise the spray program.

Permits to spray for each cotton farm in the control zone are musts before cotton land on these farms can be sprayed. This is a multimillion dollar program and it can't be jeopardized by not having all the permits signed for cotton farms in the control zone. Don Rummel, Area Extension Entomologist, emphasizes that permit signing has to be completed in the next few days. Just one unsprayed, weevil-infested cotton field could provide a reinfestation site for a large area next year.

If you haven't yet signed a permit for your farm, call or go by the county agent's office or the local ASCS office. Most banks and gins in the control zone also have the permits ready for the asking.

Malathion, one of the safest chemicals available, yet effective and low in cost, will be used. Rummel says from the standpoint of residues, malathion is one of the safest for humans, farm animals, wildlife and crops. But it is deadly to the boll weevil. Housewives and gardeners have used malathion for several years as a home and garden insecticide.

This chemical will be used for the boll weevil control program in its undiluted, technical form. Application rate will be a seemingly unbelievable low of less than one pint—12 ounces—per acre. Though this rate is very low compared to those amounts thought necessary up to now, it works! Dr. Perry Adkisson, Texas A & M University entomologist, says all present information indicates malathion applied in the technical form at low rates is just as effective for boll weevils—if not more so—than the other chemicals tested. The other chemicals tested were in a water emulsion and applied at a rate of three gallons per acre.

Cost of using malathion for the spray program will run about half that of other insecticides, according to Plant Pest Control official Russell. By using much lower rates of chemical per acre, Plant Pest

Control can better supervise operation of the program. Only one to twelve airplanes will be needed for the program—compared to about 60 if one of the other chemicals tested were used.

Farmers in areas above the Caprock that have weevil-infested fields can do a lot now to increase chances for the program's success. Rummel says they can spot spray areas in cotton fields which are weevil infested. Where the infestation is scattered throughout the field, Rummel recommends spraying the entire field. This will serve to knock out the weevil infestation.

If you haven't signed a spray permit, get one and sign it today. This is the biggest contribution you can make right now to assure success of the Boll Weevil Control Program.

Texas Department of Agriculture officials will be in the county for the next several days. If you haven't signed your permit to spray, they will be contacting you. Regardless of where you get the permit form, get one—soon—and get it signed.

Farm Bureau Plans Meeting Tuesday

The Briscoe County Farm Bureau is seeking expressions of opinions from its members on important local, state, and national issues in preparation for the development of policies for 1965, according to Carver Monroe, president.

The county FB leader said a special meeting will be held at 8:00 p.m. September 15 in the P. C. A. community room for discussion of issues on which members think the organization should take a stand.

The ideas advanced at this meeting will be presented for consideration at the county annual convention which will be held October 10 at the school cafeteria in Silverton.

"Farm Bureau policies on the county, state, and national issues are formed at the conventions on those levels, and they all originate in grass-roots meetings such as this," the county president said.

"Most of us have opinions about important matters that concern us," he added. "Seldom, however, do we have the opportunity of voicing those opinions in an effectual manner. The Farm Bureau provides every member who derives his livelihood from farming or ranching an opportunity through its policy-making process to make his opinion heard."

Baptist Revival To Begin Early Friday

The revival services at the First Baptist Church in Silverton will begin at 6:45 p.m. Friday, so that churchgoers will have time to attend the services and the football game.

L.O.A. Study Club Plans Bake Sale

The L.O.A. Junior Study Club will have a bake sale Saturday, September 12 at Nance's Food Store from 9:00 until 11:00 a.m. Proceeds from the bake sale and other money-making projects will go to finance club projects including Project HOPE, the Cancer Crusade, March of Dimes, Exchange Student Program, Toys for Tots, County Hospital, Community Citizenship and Federation projects.

Several rumage sales are also planned to be held on the courthouse lawn.

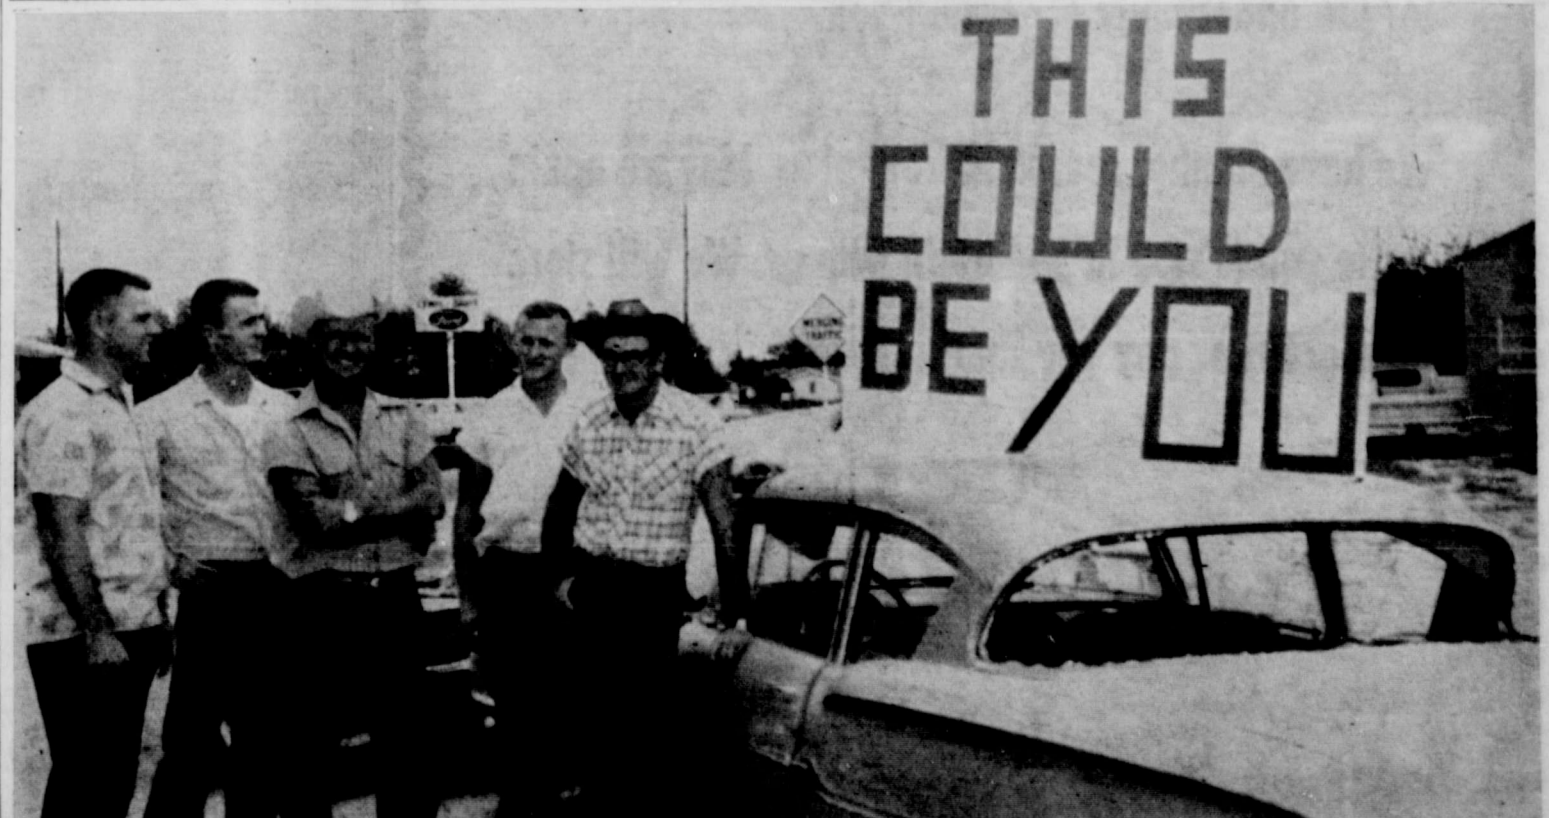

Project dates are:
Rumage Sale..... September 26
Rumage Sale..... October 31
Rumage Sale..... November 7
Bake Sale..... November 21

Anyone who has things that they would donate for the rumage sales are asked to contact Mrs. Charles Sarchet at the Briscoe County News office, and they will be picked up. If you have items to donate they can also be left at the News office or at the home of Mrs. Leo Fleming.

Game Tournament Is Tuesday Night

On Tuesday, September 15, the evening hours will be devoted to a "42" and Bridge Tournament in the school cafeteria. The Silverton School Student Council is asking everyone to support this event to supplement their participation in the American Field Service Exchange Student program. Through the efforts of the Student Council in cooperation with the A.F.S., Silverton High School's second exchange student has been enrolled this year.

The March of Time Study Club is assisting the Student Council in this event as a project this year. Tickets are being sold by the membership of the club and Council—COME, HAVE FUN WHILE SUPPORTING THIS IMPORTANT PRO-

Fogerson Reunion Held In Tulia Sunday

A family reunion of the descendants of the late Mr. and Mrs. Z. G. Fogerson, early day residents of Briscoe County and the Silverton community, held a family reunion in the home of Mrs. Bertha Gerdes in Tulia September 6. A total of 75 relatives attended, including four sons and five daughters present. One daughter, Mrs. Annie Long of Canyon, was unable to attend.

A picnic lunch was served at noon. Old pictures were seen and reminisces of days gone by was the order of the day.

Attending were Mr. and Mrs. Zeph Fogerson and Mr. and Mrs. Herman Fogerson of Clovis, New Mexico; Mr. and Mrs. William Garrett of Floydada; Dewey Fogerson and Mrs. Alma Mason, Amarillo; Mr. and Mrs. Pat Fogerson, Fort Worth; Mr. and Mrs. Joe Cox, Wichita, Kansas; Mr. and Mrs. Cecil Sides, Greely, Colorado; and Mrs. Bertha Gerdes.

Sixty-three nieces, nephews and grandchildren of the couple were present. Calling in the afternoon were Mr. and Mrs. Ware Fogerson and Mr. and Mrs. Jack Mayfield, Silverton; Mr. and Mrs. Lige Frieze, Canyon; Mr. and Mrs. Bob Garnett, Plainview; Mr. and Mrs. J. C. Rhoderick also attended.

Anderson Appointed To FHA Committee

Denver J. Anderson, Route 1, Quitaque, has been appointed as a member of the three-man Briscoe County Farmers Home Administration Committee, the agency's County Supervisor Donald B. Cruce, announced this week. The appointment is for three years and began July 1.

Mr. Anderson succeeds James F. Bailey, whose three-year term expired this year. The other two members serving with Mr. Anderson are Berle H. Fisch and Jim E. Mercer, both of Silverton.

The local Farmers Home Administration county committee reviews applications by farmers and other rural families for six different types of agricultural, housing and water loans made in Briscoe County. In addition, the committee advises with the county supervisor regarding the adapting of national loan policies to local conditions.

McDaniel were Mr. and Mrs. Jack McDaniel, Marsha and Janice of Los Angeles, California; Mr. and Mrs. Glenn Fore, Mr. and Mrs. Gordon Fore and Janice and Mr. and Mrs. Jim Fore and family of Amarillo; Mr. and Mrs. O. B. Fore and Mary; Mr. and Mrs. Dave Cavitt and family and Bill Haley of Plainview; Mr. and Mrs. Jack Fore of Littlefield; Mr. and Mrs. Bob McDaniel, Mitchell, David, Janell and Robbie, and Mr. and Mrs. Kenny White.

WHITFILL INFANT STRICKEN WITH SPINAL MENINGITIS

Dani Faye Whitfill, four-month-old daughter of Mr. and Mrs. Richard Whitfill, was taken to Swisher County Hospital Monday morning and doctors diagnosed her case as spinal meningitis. She was transferred to St. Anthony's Hospital in Amarillo later in the day, and remains a patient there.

Mrs. Ben Whitfill, the child's grandmother, reported Tuesday evening that Dani was resting well. She added that it would probably be necessary for her to be kept at the hospital for two to three weeks.

Cruzada Bautista Neuva Vida Opens September 14

Cruzada Bautista Neuva Vida, The Baptist New Life Crusada, begins Monday night at Plains Baptist Assembly. The five-day Revival, September 14-18, is the first week of a four week Revival in the Latin American Churches of this area.

Sponsored by the Southern Baptist Churches of Texas, the Crusade is a state-wide effort to take the Gospel to 2½ million Latin Americans in Texas.

The Evangelist for the Revival at Plains Assembly is Rev. Francisco Lemus of Garden City, Michigan. Born in El Salvador, Central America, Rev. Lemus has been pastor of the First Spanish Baptist Church of Detroit since it was organized in 1960. A Christian

and Mr. and Mrs. W. C. Donnell and family at Tulia.

since he was 14, Bro. Lemus began preaching at the age of 15. Having studied in Dallas, Berkeley, California, Detroit, Chicago, and El Salvador, he holds the B. S. and B. A. degrees, a M. A. and has completed six years of study toward a doctorate in Theology and other areas. Rev. Lemus is an outstanding Latin American preacher and teacher, but by his testimony, "The greatest experience of my life was when I took Jesus as my personal Saviour."

Music for the Crusade at Plains Baptist Assembly will be under the direction of Rev. M. C. Mojica, Associate Director of Missions for the State of New Mexico. Rev. Mojica resides with his wife and three children in Albuquerque, New Mexico. Born 44 years ago in Uvalde, Texas, Rev. Mojica has served as Associate Superintendent of Missions in San Antonio, and prior to going to New Mexico, was Associate District Secretary for District 6 of the Baptist General Convention of Texas. A graduate of Howard Payne College, he has done graduate work at Hardin-Simmons University and at Southwest-

ern Theological Seminary. Special events for the five-day Revival, September 14-18, include Youth Fiesta Wednesday, beginning at 6:00 p.m. A great youth rally is planned, followed by a watermelon feast at the Assembly Grounds. Friday is family night at Plains Assembly, with refreshments to be served following the services.

Transportation to the Assembly grounds is being arranged by the Brotherhoods of the sponsoring churches. Services will begin at 8:00 o'clock each evening.

CHANGE-OF-LIFE...

does it fill you with terror ...frighten you?

READ HOW COUNTLESS WOMEN HAVE FOUND THE WAY TO OVERCOME CHANGE-OF-LIFE FEARS

Have you reached that time of life when your body experiences strange new sensations—when one minute you feel enveloped in hot flushes and the next are clammy, cold, drained of energy, nervous, irritable? Are you in an agony of fear? Too troubled to be a good wife and mother? Don't just suffer from the suffocating hot flashes, the sudden waves of weakness, the nervous tension that all too frequently come with the change when relief can be had.

Find comforting relief the way countless women have, with gentle Lydia E. Pinkham Tablets. Especially developed to help women through this most trying period. In doctor's tests 3 out of 4 women who took them reported welcome effective relief. And all without expensive "shots." Don't brood. Don't worry yourself sick. Get Lydia E. Pinkham Tablets at your druggists. Take them daily just like vitamins.

Minyard Completes Aircraft Course

FORT RUCKER, ALA. (AHTNC)—Pvt. Freddie E. Minyard, son of Mr. and Mrs. Earl J. Minyard of Silverton, completed a five-week aircraft maintenance course at the Army Aviation School, Fort Rucker, Alabama, on August 28.

During the course Minyard received instruction in the operation of Army airfields and in the maintenance of Army aircraft.

The 22-year-old soldier entered the Army last May and completed basic training at Fort Polk, Louis-

EVERYTHING IS RELATIVE

There is no better "buy" than your doctor's prescription. Yet you doubtless know someone who gets downright emotional about the cost of fairly priced medicine. He obviously never paused to look at his problem in terms of relativity.

The same man, if he is typical, puts up little, if any, argument when repairs to his TV set cost him \$20 or \$30. He WANTS to watch TV.

But he reacts quite differently to a bill for say, \$15 for a prescription for antibiotic to stem an infection which may have been fatal. He doesn't WANT TO BE SICK and ANYTHING he is charged for the drug will seem too much.

The same theory of relativity applies to repairs to automobiles and many other services. The driver WANTS his car repaired and will pay for it.

How much more important is good health than creature comforts: Unless one has good health, and thus continuing employment, or even life itself, no amount spent for creature comforts will do him any good at all!

Yes, today's medicines, and our system of medical care by the health team of physician-pharmacist, still constitute the best of bargain in our country.

HOLLINGSWORTH REUNION HELD AT ROARING SPRINGS

A Hollingsworth family reunion was held recently at the Old Settler's Tabernacle in Roaring Springs. More than 100 enjoyed a bountiful picnic dinner at noon and swimming at the pool in the afternoon.

Among those attending were Mr. and Mrs. Jord Hollingsworth, Silverton; Mr. and Mrs. Jack Hollingsworth, Roaring Springs; Mrs. Arthur Womack, Floydada; Mrs. Ralph May, Plainview.

Guests were there from Plainview, Iowa Park, Wichita Falls, Floydada and Roaring Springs. Silverton relatives included Mrs. Rusty Arnold, Mr. and Mrs. Jack Hollingsworth, II, Mr. and Mrs. Jerry Clayton and children; Mr. and Mrs. Wayne Roberts and family attended from Plainview.

Mrs. Jim Edd Steele Is Shower Honoree

Mrs. Jim Edd Steele, nee Sandra Neely, a recent bride, was honoree at a coffee in the home of Mrs. J. W. Reid on September 2 from 9:30 until 11:00 a.m.

In the receiving line were Mrs. Reid, the honoree, her mother, Mrs. Fred Brannon, and Mrs. Alton Steele, mother of the bridegroom.

Miss Peggy Mercer presided at the bride's book while Misses Sue Lanham and Shelia Jarnagin served refreshments.

Fall colors appeared in bouquets and flower arrangements throughout the home. A silver coffee service was used in serving coffee. Cakes, miniature cinnamon rolls and melon balls from a table laid with a brown felt cloth centered with an arrangement of fall flowers. A watermelon basket filled with melon balls also enhanced the table decor.

Mrs. L. E. Neeley of Tulia and Mrs. Bryan Strange, grandmothers of the honoree, were among the 57 guests who were registered. Others attending from out of town included Mrs. Harley Adams, Amarillo; Mrs. Bill Neeley, Tulia; Mrs. Weldon Tucek and Mrs. Jerry McCarty, Happy.

Hostesses were Mmes. J. W. Reid, Merlin Jarnagin, Frank Mercer, Ware Fogerson, Johnnie Lanham, W. E. Schott, Jr., Verlin Towe, Jack Jowell, Bryant Eddleman, Coleman Garrison, J. D. McGavock and Arnold Brown.

Shower Honors Mrs. Norman Chitty

The home of Mrs. Bill Verden was the scene of a miscellaneous shower honoring Mrs. Norman Chitty on Saturday afternoon, September 5.

Guests were presented by Mrs. Verden to the honoree and to her mother-in-law, Mrs. Olos Chitty. Mrs. Alice Marshall presided at the guest registry, and Mrs. Rieley Yates directed the guests to the gift room.

The bride's chosen colors, pink and white, were used in refreshments and table decor. The serving table was laid with a white linen cloth with a centerpiece of pink and white dahlias. Punch and cake were served by Mrs. Dee Garvin and Mrs. Robert H. Hill.

Carman Rhode and son, Robert, went to San Antonio last Thursday to bring Mr. Rhode's father, H. D. Rhode, here for a visit.

Mr. and Mrs. Shellie Tomlin expected to return home Wednesday from Lubbock where he has been a patient in Methodist Hospital since August 31.

QUITAQUE CONGREGATION ATTENDED OKLAHOMA MEET

The Quitaque congregation of Jehovah's Witnesses returned home recently from a three-day convention held in Altus, Oklahoma, August 21-23. According to V. D. Tiffin, presiding minister, 417 heard H. A. Fetzik, the official representative from the Brooklyn, New York, headquarters, give the timely Bible lecture, "Facing Up to the Urgency of our Times."

Fetzik told the delegates that "powerful nations of the past have fallen only because the spirit of the people was lacking. Today is that spirit and needed drive evident?" He also said, "facing up to the urgency of our times calls for a resisting of the pressures of the world. A turning to God's Word is required since God's laws are substantial reason to resist the pressure of our times."

Saturday of the assembly 17 persons symbolized their dedication as Christian ministers to God by water immersion in a baptismal service held there.

Mr. Tiffin stated that regular meetings are being held at Kingdom Hall, 208 10th Street, in Quitaque.

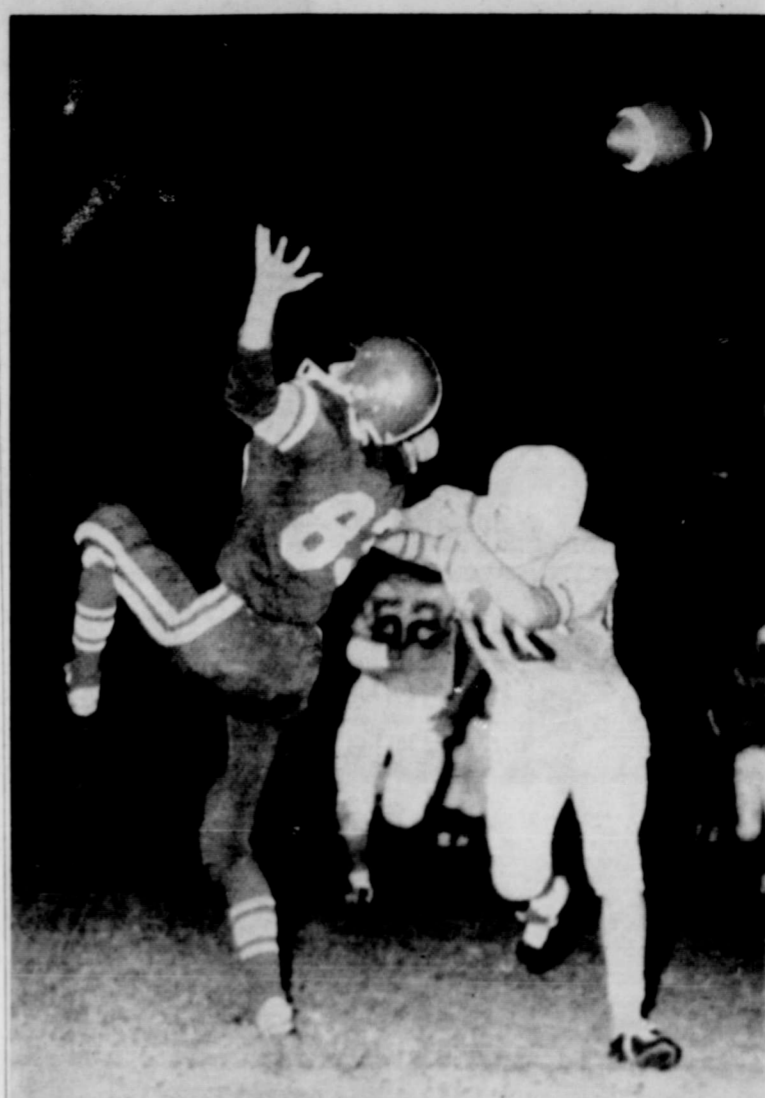

Workshop Set For Area Masons

Officers and members of four Masonic Lodges in this area have been invited to attend a workshop which will be held at 8:00 p.m. September 15, in Quitaque Lodge 1248. Tulia, Silverton, Happy and Quitaque Lodges are invited.

The workshop is being held to enable Masons to study common problems of Masonic Lodges and their operations. It will be conducted by R. Furman Vinson of Flo-mot, chairman of the Masonic Workshop Area covering ten nearby counties.

The workshop is part of a state-wide semi-annual program held for the quarter-million members of nearly 1,000 Texas Masonic Lodges. It has been authorized by John R. Collard, Jr., of Spearman, Grand Master of Masons in Texas. He urged all officers and members of the invited Lodges to attend and said other Masons are also welcome.

Mrs. Susie Jones and Mr. and Mrs. Densel Wright and Jack of Oklahoma City spent the weekend here with Mr. and Mrs. Glenn Jones. Mrs. Susie Jones remained for a three-week visit. Mr. and Mrs. Marvin Jones of Plainview; Mrs. Carrie Sue Rice and Sherry of Providence; Mr. and Mrs. Bill Verden and daughters visited their grandmother, Mrs. Susie Jones, and the other relatives Sunday afternoon.

Garner Garrison was in good position to catch this pass during the Silverton vs. Claude game with a defender coming up fast. The Owls lost to the Mustangs 14-0, partly due to the swiftness of Denton Fox, senior halfback for Claude.

Mr. and Mrs. Vance Childress recently transacted business in Lubbock. They are planning to move a new house here soon.

Mrs. E. C. Newman and Mrs. Bryan Strange visited Mrs. W. H. Newman in Swisher County Hospital Sunday afternoon. She had been a patient there since the previous Friday. They also visited Mr. and Mrs. E. L. Gardner in Tulia.

Mr. and Mrs. Alvin Redin and grandsons, Van and Kenny, have recently returned from a visit in California. They visited Mr. and Mrs. Jim Barnhill and children at Woodland Hills and Mr. and Mrs. C. C. Joiner at Oxnard.

Mrs. Glenn McWilliams and Mrs. John Martin were in Amarillo last Thursday to meet Mr. Martin, who has returned here from Sterling City, Iowa. They are now at home at the Jarnagin Apartments.

Mrs. B. F. Harper of McAllen and Mrs. Ruth Burnett of San Antonio visited Mrs. Jewel Kennedy Monday morning as they were enroute to Lockney to see their sister, Mrs. J. H. Harper, a patient in the Lockney Hospital since suffering a heart attack Sunday. The Mmes. Harper are sisters-in-law of Mrs. Kennedy.

Vinson Smith entered the Veterans Hospital in Amarillo Monday morning. He expected to undergo surgery there this morning (Thursday).

Anne, Nelle and W. J. Bryant returned home recently after a trip to Colorado where they formerly lived. They visited a sister, Mrs. Abbie Slaughter, at Trinidad, and nieces, Mrs. Wandabel Meiklejohn at LaJunta and Mrs. Melva Pierce at Colorado Springs. They also visited friends at Denver.

Mrs. Kenneth Tate recently spent several days at Floydada with her mother, Mrs. A. W. Calthorp, who has been ill.

Mr. and Mrs. Frank McClure, Floydada; Mr. and Mrs. W. N. West and Mr. and Mrs. Eugene Long returned Monday from Stovall Wells, near Graham, where they had visited since August 28.

WASTELAND

by Orlin Grabbe

I hear how they are going to broadcast records in the lunchroom, which is obviously an evil scheme to draw the flies back from the Snack Shack to decent surroundings and a balanced diet. And this is good because I heartily wish all the kiddies to grow up with decent minds and sound bodies. (After all, anyone knows what to say when someone comes home from school with beans in their ears and butter in his eye, but what do you say when he comes home with a Goldwater button?) So twist, swim, and mash the potatoes. Only don't. No dancing, smoking, drinking, or talking through your mouth open. Peace on earth, good will toward women. But, alas. Ouch. The Snack Shack is already making plans to retaliate with a juke box. Ding dong bell, end of round one. Repent and pray.

Speaking about that, the bell seems to be acting up, stuttering and cavorting around quite a bit, lately. Which could be a genuine case of whooping cough or just early morning (mourning?) sleepiness on the part of the clock. Or maybe that's where Mr. Rampley has been hiding that bottle of mouthwash. (Otherwise known as "snake bite remedy" and Old Homicide).

If you see cute figures walking around with dishpan hands, it will be the chemistry boys after a lab period.

In walking the weird pathways of modern civilization, inhabited by thieves, murderers, and Dave Clark fans, I hear a Norwegianian speaking French—which is about as far miles from here as the crow banks. And this is strange, brilliant, and intriguing, especially when English is the only foreign language you know. But I never was too bright. And it can't be heredity, because my ancestors were German. Germans are great artists, especially when it comes to extermination, starting wars, and eating kraut. And it can't be environment, because I don't have any environment. Someone else owns it all. I'll have to let Ann Landers figure this one out.

When small groups gather around the Coke machine or the water fountain or at the foot of the stairs, they unanimously agree that teachers say the darndest things. Like about Captain John Smith and Pocohontas: "No, no, father, don't kill him. It'll be all bloody on our new blanket." Or just generally confused: "The same people must be coming to my classes; they keep hearing the same speeches for some reason."

And, by the way, on all present and future complaints, don't shoot the editors or Mrs. Rampley. I will be sitting in the back in the right upper left-hand middle drawer . . . Or on second thought, if you want to get Mrs. Rampley, that will be all right too.

One boy got bawled out by a female-type teacher the other day. But he faced up to it like a man. Went out and bought her an expensive present.

School has started and there approaches the winter of our discontent. The days and jobs of summer are numbered. I didn't have a summer job. The economy was booming along so well that I didn't want to do anything to disturb it.

This article is already starting to ferment, so I had better stop I dedicate it, in memorandum, to that great man of science: VERDEN
Verden was a chemist, Verden is no more.
For what he thought was H2O, Was H2SO4.

PEP RALLY HELD LAST FRIDAY

On September 4 the first pep rally of the season was held in the gymnasium. Several old and new yellows were led by the cheerleaders. Coach Bill Hines introduced the football players. He gave a short talk in which he stated that he was very glad to be in the Silvertown schools. He also said that a good school spirit is essential for a good team.

Coach Tommy Thornburg gave a short talk in which he said that the Owls had two good reasons for beating Claude. One was that Claude beat Silvertown last year, and the other reason was that the team wanted to beat them.

Open House Held At New Cafeteria

On Sunday, August 30, 268 people from Silvertown and the surrounding area came to visit the new school cafeteria and home-making department. Several faculty members were among the visitors.

Superintendent and Mrs. J. S. Hinds and Principal O. C. Rampley received the guests after which Mrs. O. C. Rampley registered them. The school nurse, homemaking teacher and cafeteria workers were present to show the guests through the various departments. Punch, coffee and homemade cookies were served. Many compliments on the new facilities were heard.

Homecoming Tickets Now On Sale

All members of the F.B.L.A. chapter are selling tickets to the Homecoming Barbecue which will be held in the school cafeteria on September 19.

Members of the Homecoming Committee urge you to purchase your tickets early in order that they may know how many to prepare to feed. The tickets sell for \$1.25 each and it is hoped that you will buy extra tickets for any out-of-town guests that you expect to have.

When the students contact you, please cooperate by buying your tickets early.

1965 Owlet Staff Selections Made

by Elaine Boyles

After a lot of thinking and trying to choose the people who seemed most eager to work, the 1965 Owlet staff has been completed. The staff includes:

Editor-in-Chief.....Elaine Boyles
Business Manager.....Linda Fisch
Activities Editor.....Ann Smith
Organizations Editor.....Chyrel Cowart
Sports Editor.....Joe Self
Class Editor.....Cliff Walker
Photographer.....Ike Bruton

Even though I have never seen a perfect annual, that is our goal this year. I hope we can reach our goal without too much trouble.

The adults and students who have not yet received their 1964 Owlet, may do so at the annual staff room in the high school building.

V. E. Howard Addresses Students

On September 2, Max Garrison, as Student Council President, presided over the first assembly program of the year.

Bro. Lonnie Branam, minister of the Silvertown Church of Christ, introduced the speaker, Bro. V. E. Howard of Greenville, who was holding a gospel meeting in Silvertown.

Bro. Howard began by telling some humorous stories about a character named Willy. Willy, it seems, was in a bad shape, as he stuttered, was bow-legged, and had several other difficulties. Bro. Howard, then in a more serious manner, passed on some worthwhile proverbs such as "If you get something for nothing, someone must have got nothing for something."

Then he introduced the "Tator" family. They were Lamentator, Deviator, Imitator and Agitator, among others. After describing the characteristics of each, he mentioned that possibly the only good one was Imitator and then only when he imitated something good.

The Student Council President closed the assembly by announcing that long-playing records will be piped into the cafeteria over the loud speaker as soon as a loud speaker can be installed in the new cafeteria.

A New Beginning

by Janice Lewis
It is now the beginning of a new year. For the freshmen it truly is a beginning. It is the beginning of their higher education and of making new friends. For the sophomores it is the beginning of no longer being called freshmen. For the juniors it is the beginning of another year full of activities and also of looking forward to being seniors. Last, but not least, for the seniors it is the beginning of an end of companionship you have enjoyed for nearly 12 years and for some it is the beginning of the end of their formal education.

Putting all class distinctions aside, it will be a new beginning for all. There are many fine teachers in the Silvertown school system who will make your class less of a burden. The football team is composed of some members who will play their best during the season for the alma mater. The coaches, new to Silvertown, will be expecting great things from the football boys.

With this new beginning before you, why not try to make the year's school spirit better than ever before, why not strive to have a more cooperative attitude toward the teachers, and why not have a friendlier attitude toward your fellow students?

1965 Wheat Program Announced By USDA

(Delayed from Last Week)
 Details of the 1965 Voluntary Wheat Program were announced recently by the U. S. Department of Agriculture. Operation of the program in general will be about the same as that for the 1964 crop year. Although some program provisions are modified, participating farmers can get about the same returns as from the 1964 program.
 The principal changes, compared with 1964 program provisions are:
 A. Domestic certificates will be worth 75 cents per bushel (were 70 cents) and export certificates 30 cents per bushel (were 25 cents).
 B. Price support national average loan rate will be \$1.25 per bushel (was \$1.30).
 C. Program participants can qualify for domestic certificates on 45 percent and export certificates on 35 percent of the normal production from their allotment (were 45 percent each).
 D. Wheat and feed grain (including oats and rye) acreage substitution will be possible (none in 1964).
 E. If diversion in addition to the required minimum is at least 10 percent of the farm's 1965 allotment, payment on such additional diversion will be made on 50 percent of the farm's normal production times the county loan rate on all of such added acres diverted to conserving use. No payment will be made for applying conserving use to the minimum qualifying acreage equal to 11.11 percent of the 1965 allotment. (Payment in 1964 was at 20 percent for all acres diverted to conserving use.)
 F. A producer can get program loan and certificate allocation benefits if he exceeds his acreage allotment by not more than 50 percent on any farm in which he has an interest and stores under bond the wheat from the excess

acreage, meanwhile carrying out conserving use requirements of the program (not provided in 1964).
 Signup for the 1965 Voluntary Wheat Program is planned August 24 through October 2 in ASCS Offices. This signup will apply to predominantly winter wheat areas. Program signup for wheat growers in predominantly spring seeded areas probably will take place early next year at the same time as that for the 1965 Feed Grain Program. The 1965 Feed Grain Program will operate under the same legislative authority as in 1964, and therefore will be similar to the 1964 program. The 1965 diversion requirements, payment rates, and loan levels will be determined and announced later.
 The 1965 program for wheat will be entirely voluntary. As in 1964, there will be no marketing quotas or marketing quota penalties for the 1965-crop. Further, those overplanting their acreage allotment in 1965 will not lose wheat acreage history for future years.
 Program provisions offer a wide range of choice including substitution between wheat and feed grain acreage.
 A producer may become a program participant by signing up and meeting the applicable program provisions. A participant can become eligible for price support loans, diversion payments, and certificates with fixed cash values.
 The 1965 national wheat acreage allotment of 49 1/2 million acres (the same for 1964) was announced June 19, 1964 (USDA 2034-64). The State acreage allotments were made at the same time, and these in turn are being allocated to individual farms. Announcement of wheat-feed grain acreage substitution for the 1965 crop was made on May 25, 1964.
USE OF CERTIFICATES
 Certificates will be earned by eligible producers on 80 percent of the allotted acres times the normal yield for the farm, but not in excess of the normal production on the acreage of wheat planted for harvest. If the acreage planted for harvest is less

than 80 percent of the farm allotment, the reduction in certificates will be made first from the lower valued (export) certificates.
 Commodity Credit Corporation will assist producers in marketing the certificates by purchasing them through county ASC committees.
 Producers who sign up and otherwise apply 1965 program provisions relating to wheat will be eligible for price support loans on their entire production, except on any quantity stored under bond. The option of storing under bond is as follows: Participants who so elect in advance may oversee wheat up to 50 percent in excess of allotment and then store the excess production under bond. The excess production to be stored under bond would be twice the normal production of the acreage exceeding the allotment, or the actual production if less than the normal. The producers using this option would be eligible for price support loans and certificates on wheat from their allotted acres. This provision is of special interest in high crop risk areas as it will provide reserves in case of drought. A producer may use the bonded-storage option on any farm in which he has an interest in the wheat crop. However, if a producer decides to oversee his allotment, he will be eligible to substitute wheat and feed grain acreage within the program.
SUBSTITUTION OF WHEAT-FEED GRAIN ACREAGES
 A producer who has both a farm wheat allotment and feed grain base and who signs up for both programs, will be eligible to use the substitution provisions. He can neither grow wheat on feed grain permitted acres, or grow feed grains on all or part of the wheat permitted acres. Such a producer takes part in the 1965 program relating to wheat and feed grains exactly as he would without the substitution provision except that the acreage of either wheat or feed grains could be greater. However, a producer who plants feed grains on wheat allotment acreage may put this feed grain production under loan, but he will not be eligible for feed grain program price support payments on this acreage, nor will he receive additional certificates for wheat grown in lieu of feed grains. A producer not eligible for the benefits of both programs may still obtain the benefits of the program for which he is eligible.
 Further, a producer may request that a separate oats-rye base acreage be established for this farm. Thus a cooperator in the wheat program may grow on oats-rye base acres (minus diverted acreage) in addition to being able to grow wheat on all or part of the feed grain permitted acreage.
 When this option is exercised, corn, grain sorghum or barley can not be grown on the oats-rye base

or on the wheat allotment acreage. The purpose of establishing an oats-rye base is to extend benefits to producers who mainly grow wheat, oats and rye. If a producer requests but does not use this option, eligibility for program benefits will be determined as if the oats-rye option had not been requested.
Acreage Diversion and Payments
 Qualifications for certificates and price support loans can be achieved by planting within the 1965 allotment and devoting to conserving uses on acreage equal to 11.11 percent of that allotment. To qualify for diversion payments, participants will need to divert at least 10 percent additional acreage below the allotment or enough additional acreage within the wheat allotment to make a total of 15 acres. Payment rate per acre for the additional diversion will be 50 percent of the county basic price support loan rate times the farm normal yield.
 Producers who wish to sign up in both the wheat and feed grain program may do so by increasing the acreage of cropland devoted to a conservation use not less than the total of the acreage signed up to be diverted under both programs. Diversion payments will be computed on the basis of the actual crop or crops reduced. (For instance, if wheat is grown in lieu of feed grains, diversion payments would be at the applicable feed grain crop rates.)
 Whether or not cooperators may have the opportunity to produce certain nsurplus crops on diverted acreage will be determined when more information is available.
 Diversion payments for the oats-rye option will be a percentage of the wheat diversion rate and

Morrison Serving With A.D.C.
 PORTLAND, Ore. -Technical Sergeant Horace S. Morrison, son of Mrs. Mollie M. Riddle of Silverton, has arrived for duty with an Air Defense Command (ADC) unit at Portland International Airport, Oregon.
 Sergeant Morrison, a training technician, came here from the U. S. Air Force Academy. His new unit supports the ADC mission of defending the continental U. S. against enemy air attack.
 The sergeant is a graduate of DeKalb High School. His wife, Yvonne, is the daughter of Mr. and Mrs. Kurt Von Poppenheim of Portland.
 Alan Grimland was a patient in Swisher County Hospital from Saturday until Monday with a virus. Terry Grimland was also ill, but did not have to go to the hospital.
 will be announced with the 1965 Feed Grain Program.

Harvest cotton faster with a new John Deere

77 Stripper

For really fast, clean harvesting of stripper cotton, you just can't go wrong with the new John Deere 77 Stripper. You can wade right through the heaviest irrigated cotton. You can work at speeds up to 6 mph. You save more cotton, and put less trash in the trailer. The 77 has a new auger and paddle

system which keeps cotton moving into wide conveyors. Positive chain drive keeps you going. Open rod grates drop trash on the ground. Sealed bearings eliminate greasing.

We know this equipment can cut costs for you. Stop in or give us a call, and let's talk it over.
