VOLUME 56 NUMBER 38

## Hill-Burton Hearings Held In Austin Sunday

Several groups from the Texas Panhandle, including one from Briscoe County, were in Austin Sunday to attend hearings by the Texas State Board of Health for Hill-Burton federal hospital construction funds.

Congress, which has approved the Hill-Burton Hospital Construction Bill, has not yet made the money appropriations. Consequently, the state board which must approve all Hill-Burton funds in Texas does not yet know how much money the state will receive for this purpose from the government this year.

It will be several weeks before the groups which have asked for such funds will know whether or not their requests have been granted.

Citizens appeared before the Board in Austin Sunday from Silverton and Quitaque both to ask approval of the Briscoe County request and to ask that approval be denied. It was pointed out to the board that the Quitaque population is declining.

Dr. MacDeroy, who was a member of the local delegation, told the Briscoe County News that he was more optimistic about the chances for approval after the hearing than he had been. It is

## Tulia Couple To Be Honored Soon

A cordial invitation is extended to friends and relatives of Mr. and Mrs. Eric Malone to attend an open house at their home seven miles east of Tulia on their 50th wedding anniversary, Sunday, September 27. The reception will be from 2:00 until 5:00 in the afternoon. Hosts for the occasion will be the children of the couple.

to be remembered, however, that several millions of dollars have been requested by approximately 25 groups from all over the state, and it will not be possible for the board to approve all requests. If the Briscoe County application is not approved this year it will be submitted again next year, and each year until approval is granted. The bonds voted by Briscoe County property-owners for the purpose of hospital construction will be available until all the voters of the county vote not to issue them.

## Price To Speak Here Monday

### Simpson Services Are This Morning

Funeral services for Mrs. Alice Simpson, 96, of Amarillo, will be conducted at 10:30 a.m. today (Thursday) in the Griggs Funeral Chapel in Amarillo. Graveside rites will be at 3:30 p.m. in the Lockney Cemetery.

Mrs. Simpson died Tuesday morning in Northwest Texas Hospital in Amarillo. She had been a resident of Amarillo for 30 years. She was born in Carrollton, Missouri, and was the widow of Ira Simpson, who died in 1932 at Lockney.

The couple were married October 12, 1889, in Carrollton and moved to Lockney where they farmed in 1906.

Survivors include Mrs. Keys of Clayton, New Mexico, Mrs. Mary Anna Ford of Amarillo, Mrs. Lucille Hadley and Miss Leo Simpson of Amarillo; sons, Earl of Silverton, Charles of Lockney, and Gene of Springer, New Mexico; sisters,

The public is invited to hear and meet Conservative Bob Price, Republican candidate for Congress, at 8:00 p.m. Monday, September 21, at the courthouse.

## Rainfall Totals More Than Two Inches Here

Rainfall in Silverton has totaled 2.38 inches this week, and the area is probably wetter now than it has been at any other time this year.

The rainfall, which came too late to help some of the crops, is of tremendous value to wheat farmers and ranchers. It has also been noted that it will be of assistance to cotton crops that are still fruiting.

Temperatures have been cool this week, inspiring many to bring out the fall wardrobes.

Shafe Weaver delivered Silverton's first bale of the season on Tuesday of last week to the Tomlin-Flenking Gin. Weaver is pictured with the 545-pound bale of Paymaster 101-A, and Pete Hale and Raymond McJimsey. A premium was paid by the Silverton merchants for the first bale. —Briscoe County News Photo

## Attend Area 1 Young Farmers Convention

Mr. and Mrs. Robert Haley Hill, Mr. and Mrs. G. W. Chappell, Mr. and Mrs. Loyd Stephens and Jack Mayfield attended the convention of the Young Farmers in Hereford last Saturday.

Dr. Leon Hill of Amarillo, a retired Baptist minister, was guest speaker. The meeting was held in the Hereford High School cafeteria, and 480 representatives from 26 chapters in Area I were present.

## Frizzell To Address Democratic Women

Hubert Frizzell of Lockney, a delegate from the 19th Congressional District to the National Democratic Convention, will be the guest speaker for the Briscoe County League of Democratic Women at 8:00 p.m. Thursday, September 24, in the school cafeteria here.

The public is invited to hear Mr. Frizzell, who is a brother of Milton Frizzell and of Mrs. George Long.

Hubert Frizzell is a life-long Democrat—without prefix or suffix as Mr. Sam used to say. He has attended every Precinct and County Convention for many years, and has also attended several State Conventions. He has served as Precinct Committeeman.

Frizzell is a life-long resident of Floyd County. He is married, and has one son. He is a successful farmer and stockman who farms in the Lone Star Community north of Lockney.

He will bring his impressions of the National Democratic Convention as well as his reflections on his experiences in Atlantic City.

Towe opened the scoring for the Owls in the third quarter by racing 35 yards for a touchdown. He passed to Max Garrison for two extra points.

Later in the third quarter Wayne Nance attempted a field goal inside the Hart 10-yard line on third down. The try was not good, and the ball went over to the Longhorns.

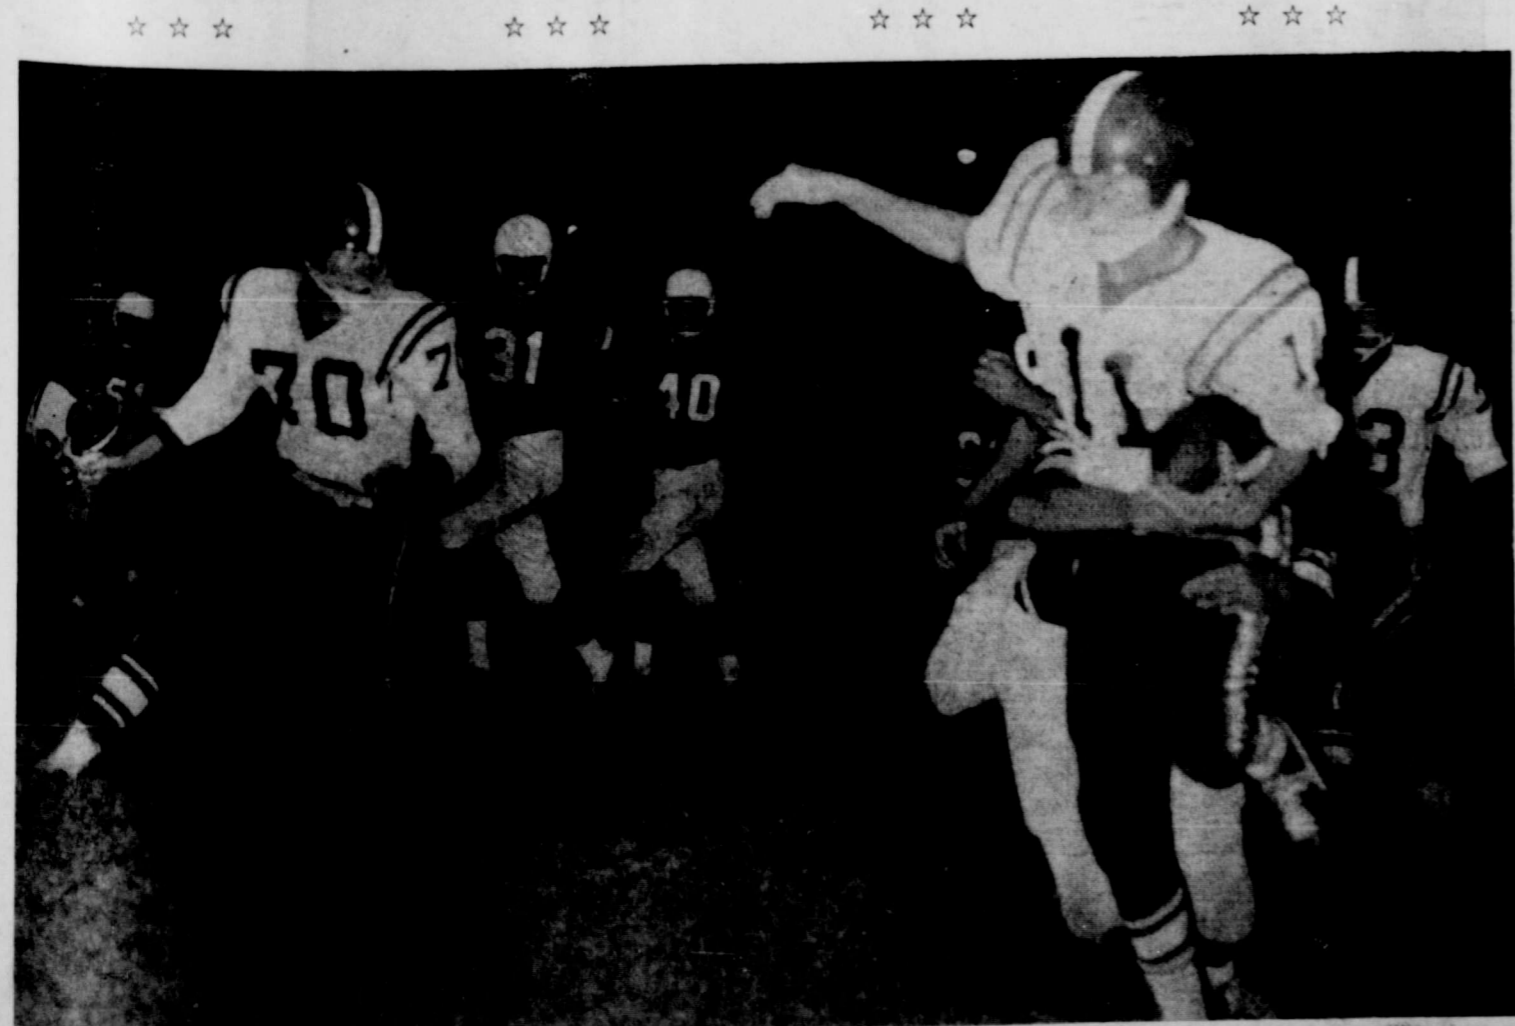

In the fourth quarter Nance attempted another field goal on first down on about the Hart 7-yard line. The kick was no good, and the ball went over to Hart.

Moving into scoring position on a pass interference ruling, with three seconds remaining on the clock, Harvey Sullivan, Hart full-back ran over for a touchdown from eight yards out. The conversion was good. Silverton won the game 30 to 14.

The skies were heavily overcast and the northerly wind was chilly during the game. A mist began falling in the third quarter.

The Owls meet the Turkey Turks on the home field Friday night. The Turks are stronger than they were last year and battled to a tie with the Happy Cowboys last Friday night.

# Owls Roll To First Victory Of Season

Silverton Quarterback Greg Towe picked up several yards on this exciting play as the Owls romped over the Hart Longhorns here last Friday night. Randy Hughes (70), Roger

Bingham (73) and Larry McWilliams (83) were also pictured in the play along with several of the defenders. —Briscoe County News Photo

W. E. Sherman of Dallas, who was Silverton School principal in 1937-1940, will be the featured speaker for the School Homecoming to be held here Saturday afternoon.

Grady Martin, president of the Ex-Students and Teachers Association, will be master of ceremonies. O. C. Rampley, Principal of Silverton High School, will give the invocation, and Superintendent J. S. Hinds will give a report. Music will be furnished by a group of high school girls.

Charles Wayne Mayfield is in charge of the Homecoming Queen presentation.

Activities will begin at 1:00 p.m. with registration at the high school. The program will begin in the auditorium at 3:00 p.m. The class of 1934-35 is to be honored during the homecoming.

At 5:00 p.m. a barbecue will be served in the new school cafeteria. Arrangements for the dinner are being directed by Jack Strange, Mrs. George Seaney and Loyd May. Tickets for the barbecue are \$1.25 each.

The Silverton School Homecoming is held every two years. Special efforts have been made this year to contact as many as possible of the former students and former teachers of the Silverton schools.

## Roy C. Coffee Buried At Amarillo Monday

Roy Coburn Coffee, 65, member of a pioneer Panhandle family and well-known cattleman and farmer, died at 6:45 a.m. Saturday in Dumas Memorial Hospital.

Funeral services were conducted at 2:00 p.m. Monday in Boxwell's Ivy Chapel in Amarillo with the Rev. Sam Crothers of the Dumas First Presbyterian Church, officiating.

Masonic graveside rites were under the auspices of Silverton Lodge No. 754.

Pallbearers were Dee McWilliams, Milton Dudley, W. E. Schott, Jr., Ben Whitfill, Carver Monroe, W. Arnold Brown, Joe Mercer and Garner Guest. The family requested memorials be made to the American Cancer Society.

Coffee, son of Woodson Coffee, sr., was born on the Bar C Ranch on the Canadian River. His middle name was for James M. Coburn, who owned the Turkey Track Ranch in Hutchinson County during the 1880's.

He was reared and educated in Miami. Following completion of his schooling, he served in World War I.

After the war, Mr. Coffee lived in Wichita Falls, Lubbock, Silverton, Turkey and Datil, New Mexico.

At the time of his death, he owned a home in Santa Fe, New Mexico, where he had been a distributor for Homelite Saws for the state of New Mexico.

Mr. Coffee owned farming and ranching interests in Moore County.

In the early 1930's, Coffee was married to Miss Celia West of Lubbock.

Mr. Coffee was a member of the Baptist Church, Silverton Masonic Lodge 754, Silverton Eastern Star Chapter 900, the Wichita Falls Commandery, and Kaiva Temple, and the Panhandle Plains Historical Society of Canyon.

He maintained an interest in Boys Ranch and other charities, including the Children's Hospital in Dallas and the Shrine charities.

Survivors include his wife, of the home in Santa Fe; a daughter, Kathy, of Santa Fe; two sisters, Mrs. Edgar Coble of Amarillo and Mrs. C. W. Arnot of San Antonio; three brothers, Oran of Amarillo, Jack of Estes Park, Colorado, and Woods of Dumas; and his stepmother, Mrs. Velda Coffee of Amarillo.

### HALL COUNTY PICNIC WILL BE HELD SUNDAY

The Hall County Homecoming and Picnic will be held September 20, in Memphis City Park.

More than 3,000 are expected to attend the free barbecue which will highlight the 74th Anniversary Celebration.

The Memphis churches will have Homecoming services also.

Mr. and Mrs. Frank Hunt spent last week at Graham visiting her uncle, Mr. and Mrs. C. S. Terrell. They also visited in Hubbard City where Mrs. Hunt lived as a child.

Cope and McCracken, and grandmother of Mrs. McCutchen, celebrate her 91th birthday anniversary. Mrs. Byrd, who formerly lived here and in Tulia, has been visiting her niece, Mrs. Pearlie Parks in Reydon, the past three months.

Mr. and Mrs. Homer Rowell of Tulia visited last week with Charlie Rowell and Mrs. W. A. Rowell.

### Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

# JOIN THE BATTLE OF THE BOLL WEEVIL!

We urge every person, directly or indirectly connected with the cotton industry, to help wage war on the boll weevil. Widespread infestation of the area would produce an economic disaster that is frightening . . . yes, FRIGHTENING! The economic base of our High Plains area could be eaten away by the boll weevil. High Plains bankers urge YOUR support of the Diapause Control Program to protect your income and that of every High Plains resident. JOIN THE BATTLE.

**THE ENEMY** — BOLL WEEVILS . . . Invading the High Plains . . . If they succeed will cost about \$30.00 per acre, every year, for control . . . Millions more in lost yields and quality, plus reduced value of investments.

**BATTLE PLAN** — ATTACK AND KILL WEEVILS IN FALL, before they hibernate (Diapause Control) . . . Spray every acre of infested cotton . . .

**WAR CHEST** — 50c A BALE FROM PRODUCERS, collected 100% at every compress . . . Supplemented by matching Federal funds. PRODUCER'S CHOICE: 50c now or \$50.00 later. For complete information, see your County Agent; ASC office, Vocational Agriculture teacher, or contact Plains Cotton Growers, Inc.

Prepared by American Foundation for Animal Health

Today's major threat to farm dogs is distemper.

And filling, as they often do, the dual roles of pets and work animals, all farm dogs should be protected against this disease.

The distemper threat to farm dogs generally comes from raccoons and skunks, but other dogs can also be carriers of this contagious and highly fatal infection. Dogs of all ages are susceptible to distemper, but it is most commonly seen in young puppies.

Unfortunately and unlike many diseases, distemper poses a double threat to dogs. In cases where it does not kill, it may well cause permanent damage to the nervous system of dogs which manage to survive. The mark of the damage may be seen in convulsions, uncontrollable twitching of a muscle or limb, or paralysis of a limb.

The fact that the distemper virus can travel some distance on moisture droplets and dust particles makes it rather easy for a dog to be exposed to the disease.

Farm dogs need the protection of vaccination against distemper.

If distemper starts developing after exposure, the symptoms may include reddening of the membranes of the eyes, discharge from the eyes and nose, diarrhea and loss of appetite and weight. There may be skin eruptions in thinly-haired areas and dogs sneeze, cough and breathe with difficulty. Pneumonia may develop.

Despite the fact that distemper is such a devastating disease, dogs can be protected against it by having a veterinarian vaccinate them. After the initial vaccination, annual booster vaccinations are recommended to assure continuing protection and to maintain the level of immunity.

With distemper there are no halfway measures. Dogs need the protection of vaccination.

### Good Concrete Won't "Pour"

Are you planning a do-it-yourself concrete project around your home this year? The best advice is: Think it over!

"But why?" you ask. "It's easy, isn't it? All I have to do is prepare the forms, figure how many yards of concrete I need, and call the ready-mix man and order it. He will pour it right into the forms from his truck."

"I'll have him add extra water to the mix so it will flow easily and level out in the form with as little effort as possible on my part. Then all I have to do is trowel it smooth and I'm in business. Right?"

Wrong! If your concrete is so soupy it can be poured, you're in trouble. That's the warning from The Master Builders Company, for 55 years a leading producer of admixtures for improving concrete.

Pouring watered-down concrete may save labor. It avoids much of the wheelbarrow work that would be required to place the concrete around the perimeter or throughout the length of your forms. But it is false economy.

Concrete that runs into a form and seeks its own level contains too much water. And that much water robs concrete of its strength and durability.

For maximum durability and strength, use no more water than is necessary to obtain a workable concrete mixture. To reduce water content and insure good workability, have your ready-mix producer use a water-reducing admixture. A little of this chemical added to the concrete mix will make it workable, but with 20% less water than ordinary concrete mixes.

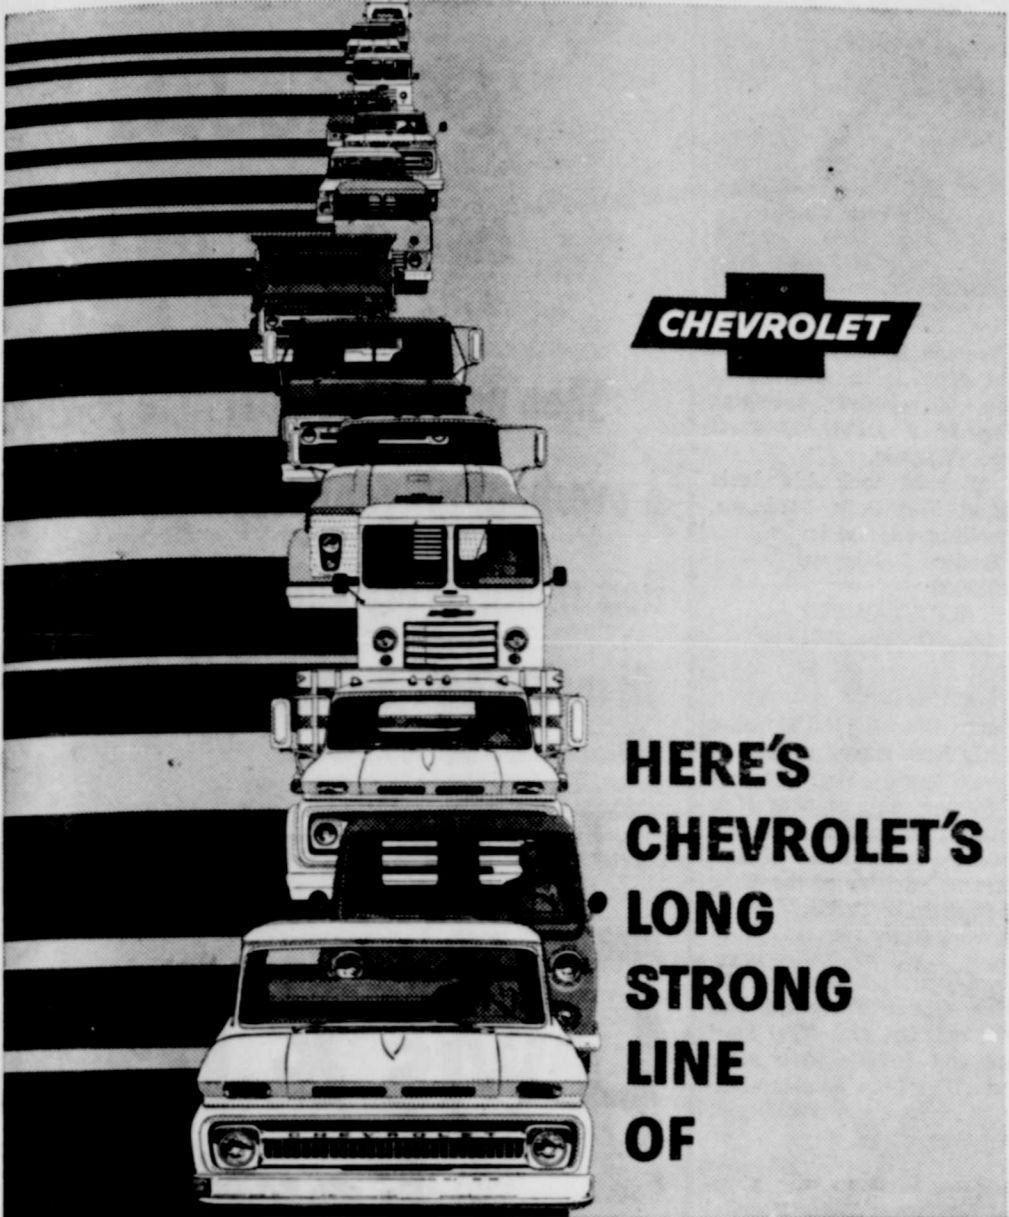

Concrete is one of the most versatile, economical and durable materials ever known—if it's properly mixed, placed and cured.

You can do it yourself and get good results. But to insure real satisfaction and lasting beauty from your project, call on your local concrete contractor. He'll do an efficient job and guarantee it.

**RING IN A NEW CENTURY** — Helping to celebrate the 100th birthday of Mrs. Emma Ann Paige were her two sons, R. E. Paige of Lubbock and Lester E. Paige of Silverton. Children, grandchildren and great-grandchildren were present to honor Mrs. Paige at a birthday party in the home of her grandson, Donald Paige, in Costa Mesa, California.

**CENTURY MARKED BY MRS. EMMA PAIGE IN COSTA MESA, CALIFORNIA**

A family dinner in the home of Mr. and Mrs. Donald Paige in Costa Mesa, California, was given to celebrate the one hundredth birthday of his grandmother, Mrs. Emma Ann Paige of the Country Club Convalescent Home at Santa Ana, California, recently.

Honoring Mrs. Paige at the family affair were her two sons, Lester E. Paige and his wife of Silverton, and R. E. Paige of Lubbock.

Also arriving from Texas were her grandchildren, Mr. and Mrs. Lester E. Paige, jr., and Eric of Amarillo; Mr. and Mrs. Jack D. Paige and Jeffrey of Fort Worth, and Eddy and Linda Paige of Lubbock. Great-grandchildren included Donald and Kathy Paige of Costa Mesa.

Mrs. Paige was born in August, 1864, in Joe Davis County, Illinois, and later moved to Des Moines, Iowa where she was married to Oliver Lester Paige in 1891. The couple lived in Missouri for many years until Paige's death in 1935.

After moving to California in 1942, Mrs. Paige lived with her daughter, Florence G. Cox until her daughter's death in 1963. Mrs. Paige has nine grandchildren and eight great-grandchildren.

Following the dinner a party was given in honor of Mrs. Paige which was attended by about 40 guests.

Mr. and Mrs. Lester E. Paige have asked that their appreciation be expressed to all those who sent cards and gifts to their mother, Mrs. Emma Paige, on her one hun-

dreth birthday. For a number of years, Mrs. Paige spent a part of each summer in Silverton with her son and family.

**Student Nurses Registered at El Paso**

Hotel Dieu School of Nursing in El Paso registered the largest freshman class in the school 66-year history last week. Sixty-three potential registered nurses have enrolled in the nationally-accredited three-year course, including Elizabeth Janette (Becky) Thomas of Silverton.

Thirty-eight new student nurses were from El Paso, 20 were from New Mexico, two were from other Texas cities and three were from other states.

Miss Thomas is the daughter of Mr. and Mrs. Perry Thomas of Silverton. Her plans to continue her HAM radio hobby brought Becky to the attention of El Paso television viewers shortly after her enrollment in the school. A small-town girl, she was understandably surprised when the television camera rolled into her dorm room for a closer look at her HAM equipment.

**Governor Proclaims Special Week**

The following proclamation was issued recently by John Connally, Governor of Texas:

Greetings: Realizing that in this age of rapid technological advancements education must be a continuing process, Young Farmers between the ages of 18 and 35 have organized to carry out educational activities designed to continuously upgrade themselves in their farming and ranching and agriculture related occupations. They are assisted in their endeavors by the vocational agriculture teachers in the public schools and the Texas Education Agency.

Though Young Farmers are organized primarily for educational purposes, they incorporate in the planned programs civic and community activities, rural leadership development, and recreational activities.

While working to increase their skill and efficiency in their chosen agricultural careers, they are also carrying out many activities designed to improve their communities, state, and nation and to promote good citizenship.

With a substantial growth in membership from year to year, Young Farmers are playing an expanding role in the life of rural America.

It is appropriate that the diligent efforts of this group to improve themselves and to promote the welfare of their fellow man be recognized.

THEREFORE, I, as Governor of Texas, do hereby designate the week of September 20-26, as

**YOUNG FARMERS WEEK** in Texas, and urge all citizens to give recognition and encouragement to these young men.

In official recognition whereof, I hereby affix my signature this 30th day of July, 1964.

## Honor Society Elects Officers

The Zenith chapter of the National Honor Society had its first meeting of the school year on September 8, during activity period. The purpose of this meeting was to elect officers.

Dianne Davis was chosen president; Greg Towe is the new vice president; Janice Lewis was elected secretary; and Martha Mills is the treasurer.

Those wishing to order pins were asked to contact the secretary. The dues were set at \$1.00.

There were 18 members at the meeting and four more, who did not attend, are eligible. This is the largest number of members the club has had since its beginning in 1962.

## Students Enjoy Pep Rally Skit

The second pep rally of the 1964 football season was held last Friday morning. It began with a skit involving Mert Hills, Pat Cagle, Tena Williams, Larry McWilliams, Howard Tomlin and Walter Dunham.

After the cheerleaders had led the student body in yells, Coach Bill Hines made a brief talk in which he was complimentary of the school spirit. He also assured the students a win over the Hart Longhorns.

Coach Tom Thornburg urged everyone to attend the game and see the Owls beat the Longhorns.

After hearing from the captains, Max Garrison and Greg Towe, the pep rally closed with more yells and the singing of the fight song.

## OPINION POLL

### The Topless Swim Suit

Orlin Grabbe and Wayne Rampley

There comes a time when all things go down in history. One of these things has been the upper level of the bathing suit. Now, in our opinion, the girls need something comfortable after all these years of tight skirts and pointy-toed shoes. But realizing that others are anxiously waiting to give their opinions also, the following poll was compiled with a variety of ja and neg.

Larry McWilliams: I don't like them because they take away all the suspension.

Joe Self: WOW!  
"I think they are ridiculous and anyone is crazy who has the gumption to wear one," says an unnamed junior.

Jerry Perkins: It sounds like an ex-sighting good thing.

"I think they are dumb. If they are going to be topless, they might as well be bottomless," said another student.

Ike Bruton: SHAA-A-A-ZAM!  
Another: I don't know because I haven't ever worn one.

Howard Tomlin: They are a lot more decent than the bottomless kind.

Jeanne: To get down to the bare facts, I think it's great for causing a riot or wrecks or taking a bath in.

And Paul Harvey: In one small California town, someone was going to sponsor a topless bathing suit contest. There were two applicants for the contest, and ah—349 judges.

## Student Council Plans Game Tournament

by Sandi Rhode

The Student Council met September 7, 1964, and made plans for the Game Tournament which was held September 15. Elaine Boyles, chairman of the tournament activity, assigned a job to each council member in preparation for the event.

Brenda Martin, chairman of the Freshman Week Committee, had her plans presented. The committee decided to have Freshman Week September 14, 15 and 16.

## Scholastic Averages Higher Than Ever

FROM THE PRINCIPAL'S OFFICE

With more and more emphasis being placed on the scholastic standing of students in the high schools over the nation, and our own continued efforts to raise the status of Silverton High School, we are pleased to announce that the Zenith chapter of the National Honor Society now has 22 students eligible for membership. To be eligible, a student must have at least reached the Sophomore level in school, and have a grade average of 90 or above for the previous semester of study.

At the present time, the requirements for graduation are higher than they have ever been in the history of our school. The gradual increase in graduation requirements has been followed by a steady rise in the grade-point average of the students in our school. The result has been that 21% of the total enrollment of Sophomores, Juniors and Seniors now have an average of 90 or above.

## Garner Garrison Elected To Head FFA

by Ike Bruton

Garner Garrison, a senior in Silverton High School, has been elected president of the Silverton chapter of Future Farmers of America. Garner is the son of Mr. and Mrs. Coleman Garrison, and is an outstanding agriculture student.

Other officers elected were Fred Stafford, vice president; Tony Allison, secretary; Joe Bob Watson, treasurer; Ike Bruton, reporter; and Darrell Long, sentinel. Mr. Jack Mayfield, agriculture instructor, is advisor for the Silverton F. F. A.

The Chapter Sweetheart will be selected at the next regular meeting. She will be selected to represent the Silverton F.F.A. chapter at banquets, local activities and F.F.A. programs. She will represent the chapter in the district contest, at which time a District Sweetheart will be chosen.

## Dr. Strauss Alkinson Speaks In Assembly

Rev. Clyde Cain, pastor of the First Baptist Church in Silverton, introduced the three men who led the September 6-13 revival at the local church recently in assembly. They were Jerry Morris, music and youth director of the local church; Don Archer, music director of the North Baptist Church in Hobbs, New Mexico; and Dr. Strauss Alkinson, pastor of the Canyon First Baptist Church.

Dr. Alkinson began by telling a story about a nine-year-old boy who was playing in the garage when he heard a rat. He picked up a two-by-four and whacked and whacked and whacked the rat.

About this time the preacher drove up to the house. He went in the front door as the boy went in the back door. The little boy ran in and told his mother of the episode with the rat.

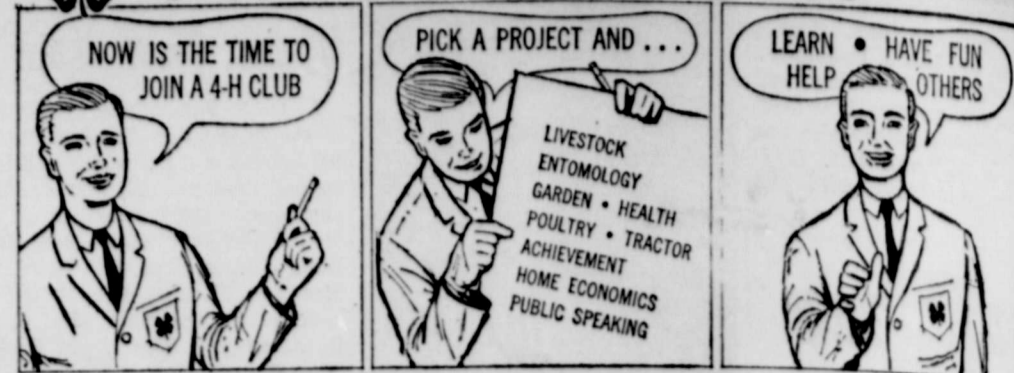

"Mother I whacked the rat until his eyes popped out. I whacked him again and broke his back. I whacked him again and broke his hind feet." At this moment the little boy realized there was someone else in the room. Starting at the preacher's feet he slowly looked up. When he realized who it was, the boy continued, "And then Mother, the Lord called him home."

Then Dr. Alkinson, in a more serious manner, spoke to the group on the four lines of Henry Van Dyke's poem:

That a man must think without confusion clearly,  
Love his fellow man sincerely,  
Act from honest motives purely,  
Trust in God and Heaven securely.

To bring out the point of a man thinking without confusion clearly, Dr. Alkinson told the student body of the dangers of modern thinking. He listed them as: the danger of not thinking at all, the danger of thinking but leaving God and others out, and the danger of thinking of evil things.

## 4-H FRED SAYS...

## 4-H Friends, Members Join Forces, Expand Enrollment and Training

Members, leaders, friends of 4-H and the Cooperative Extension Service are joining forces to expand 4-H Club membership in every county and state in the nation. A concerted push is being made to offer 4-H training to more boys and girls between 9 and 19 years of age.

Current enrollment is around 2,224,500 members in 94,700 clubs.

The Cooperative Extension Service heads the program, and is assisted by 362,000 men and women who serve as unpaid volunteer leaders. Added to these are more than 130,000 older 4-H youths who have been trained in junior leadership.

During the last decade 4-H Clubs have been established in urban and rural non-farm homes which today account for 52 per cent of the total membership.

Science Added  
Consequently some 4-H programs have been revised to meet the needs of off-the-farm members. More scientific exploration now is carried on in nearly all projects. Training in economics including production and marketing have been introduced along with home and farm management.

Business firms which contribute financial support to the various programs have assisted greatly in bringing about this modernization, reports the National 4-H Service Committee.

New programs and sponsors have been added in an attempt to bring to 4-Hers areas of learning that will aid them in making vocational or higher educational career choices.

Some business firms and foundations provide funds only for college scholarships and for recognition of individual members. Among them are: California Chemical Company, Ortho Division; Homelite, A Division of Traxtron Inc.; Massey-Ferguson Inc.; Pyrofax Gas Corporation; Edwin T. Meredith Foundation; Sunbeam Corporation and The West Bend Company.

## Incentive Awards

Educational trips, scholarships and awards for outstanding work in specific projects are given by other 4-H backers. They include: Allied Chemical Corporation, Arcadian Products Dept.; Allis-Chalmers Manufacturing Co., Farm Equipment Division; American Forest Products Industries, Inc.; Carnation Company; Chicago Board of Trade; Cities Service Oil Company; E. I. du Pont de Nemours & Company, Inc.; Elgin National Watch Company; Eli Lilly and Company; Heisdorf & Nelson Farms, Inc.; Hercules Powder Company.

Others are: Humble Oil & Refining Company; Ford Motor Company Fund; International Minerals and Chemical Corporation; Moorman Mfg. Co.; Oliver Corporation; The Pure Oil Company; Simplicity Pattern Co., Inc.; The Singer Company; The S&H Foundation; Standard Brands Incorporated and Standard Oil Company (Kentucky).

If there is no 4-H Club in the community, parents or prospective members should write or call their county extension office for information, advise the Cooperative Extension Service.

## NEW FACES, NEW FRIENDS

by Kathy Peugh

As I walked down the halls of first week of school I noticed many new faces. These faces were not only those of the freshmen but those of students who move here from other towns. It is our duty as students of Silverton High to do our part to make each new student feel welcome and at home.

These new students have had to leave friends and familiar places. The yare now faced with the problem of adjusting to a new school, new teachers, and making new friends. Let's do all we can to help them. It is up to each individual to help instill in these new students a sense of belonging, of pride, and of loyalty to Silverton High. One was this may be achieved is for each student to go out of his or her way to be friendly, courteous, and helpful to these newcomers. Let's all take advantage of this opportunity to make new friends.

# In Your Home Stores You're the Boss

... to the stores in other towns  
you're just gravy

**YOU** rank **FIRST** around here . . . your wants and needs are the blueprint for your home business men when making all of their plans . . . **YOUR** wishes rule their decisions on the kind, quality and prices of the goods and services they offer.

Because **YOU** are the day-to-day customer who keeps this town's economy going . . . the one who **MUST** be pleased and satisfied.

The **MORE** you trade with your home merchants, the better they can tell what **YOU** like and need . . . and the better able they will be to offer **WHAT YOU WANT WHEN YOU WANT IT.**

**ON THE OTHER HAND** . . . In other towns . . . you are **NOT** one of the folks the business people in those towns are most interested in serving.

True, they like to see you coming . . . because none of the profit made off you has to be spent helping to run **YOUR** school, pay **YOUR** preacher, or contribute to the support of **YOUR** community.

Which makes your business real gravy to them . . . but you are still the customer most likely to get the chipped dish . . . not because maybe you live too far away to bring it back . . . but because the **BEST** is for their regular customers who keep the ball bouncing for them.

**Harvest cotton faster with a new John Deere**

**77 Stripper**

For really fast, clean harvesting of stripper cotton, you just can't go wrong with the new John Deere 77 Stripper. You can wade right through the heaviest irrigated cotton. You can work at speeds up to 6 mph. You save more cotton, and put less trash in the trailer. The 77 has a new auger and paddle system which keeps cotton moving into wide conveyors. Positive chain drive keeps you going. Open rod grates drop trash on the ground. Sealed bearings eliminate greasing. We know this equipment can cut costs for you. Stop in or give us a call, and let's talk it over.
