Silverton, (Briscoe County) Texas

VOLUME 56 NUMBER 46

Members of the Silverton Junior Chamber of Commerce, Guinn Fitzgerald, Joe Lee Bomar and Robert Haley Hill, are pictured erecting the new "WELCOME TO SILVERTON" signs on the city limits of Silverton. One of these signs has been placed on each of the three highways leading into the city. Jimmy Wofford made and lettered the signs.

State 1965 Cotton Allotment Set

Texas farmers have been allotted 6,835,945.0 acres on which to grow their 1965 upland cotton crop under the national cotton program, R. T. Price, Chairman, Agricultural Stabilization and Conservation State Committee, announced today. This represents the State's share of the 16-million-acre national allotment and of the 200,000-acre national acreage reserve (to take care of minimum farm allotments), announced by the Department of Agriculture on October 13.

At the same time, marketing quotas were proclaimed for the 1965 cotton crop, and December 15, 1964, was set as the date for a national referendum on the quotas.

The Chairman explained that the State allotment will be apportioned among counties and the county allotments among farms according to provisions of the law. Notices of farm allotments will be mailed to operators of cotton farms prior to the referendum.

Cotton growers voting in the December 15 referendum will determine whether marketing quotas will be operative for the 1965 crop of upland cotton. Approval by at least two-thirds of those voting is necessary in order to put the quotas into effect.

Mr. Price pointed out that the domestic allotment program, authorized by legislation enacted last spring, will be in effect for the 1965 upland cotton crop if marketing quotas are approved in the December 15 referendum. Under this program, a cotton farmer has the option of planting within his farm's effective allotment or the domestic allotment. (The effective allotment is the farm allotment after any release or re-appointment.) For those voluntarily reducing their acreage, growers may qualify for price-support payments in addition to the regular price-support loans. The domestic allotment program was in effect for the 1964 upland cotton crop.

The referendum this year there-

fore presents these alternatives to voters:

If marketing quotas are approved, marketing penalties will apply to any excess cotton of growers who exceed their farm's effective allotments, price support (at a level within 65 to 90 percent of parity) will be available to growers who do not exceed their effective allotments, and additional price-support payments will be made to growers who voluntarily reduce their cotton acreage to the farm's domestic allotment. (In general, the farm marketing quota—which a farmer may market free of penalty—is the production from the farm's effective acreage allotment.)

If quotas are not approved, the regular allotment program will remain in effect, and price support at 50 percent of parity will be available to growers who do not exceed their effective allotments. Without quotas, the domestic allotment program providing addi-

tional price-support payments would not be in effect.

Marketing quotas for the 1964 crop of upland cotton were approved by 94 percent of the growers voting in a referendum in December 1963.

Community Service Planned This Month

A community Thanksgiving program is being planned. The purpose of the joint service will be to draw the community closer together and to show gratitude for continual blessings.

The community Thanksgiving program will feature a combined choir, and will be held at 7:30 p.m. November 25 in the First Methodist Church in Silverton.

People of all faiths are invited.

Cliff Garrison of Tulia visited his grandmother, Mrs. T. J. Hodges, last Friday.

J. E. Sharp Buried At Tulia Last Week

Funeral services for James E. Sharp, 63, were conducted last week in the First Methodist Church in Tulia with Lonnie Branam, minister of the Silverton Church of Christ, and Rev. H. B. Coggin, pastor, officiating.

Burial was in Rose Hill Cemetery at Tulia under the direction of Wallace Funeral Home.

Mr. Sharp, a former resident of Tulia, died Thursday night in Denver General Hospital in Denver, Colorado, where he had lived for eight years.

Survivors include three sons, Bob and Dick of Amarillo and Kenneth of Silverton; seven brothers, Al, Howard, Bill, Lewis, J. P. and Milton, Tulia, and Laben of Corona, New Mexico; two sisters, Mrs. Mary Evelyn Edwards of Tulia and Mrs. Mattie Scoggins of Hart; and 12 grandchildren.

Mr. and Mrs. Walter Bean attended the Homecoming at Lockney High School last Friday.

Second Free Clinic To Be Held Saturday

The second in a series of free immunization clinics for the Latin American people of the community has been announced by the school nurse, Mrs. Roy Francis.

A Public Health Nurse will assist Dr. R. N. Muckleroy with the clinic from 2:00 until 5:00 p.m. in the community room of Plainview Production Credit Association in Silverton.

Smallpox, polio, and DPT immunizations will be offered. Members of the L. O. A. Junior Study Club are planning to assist with the registration for the clinic. Mrs. Sonny Lowrey is in charge of the L. O. A. Club committee.

Anyone who needs these immunizations is urged to come to

the community room Saturday afternoon, said Mrs. Francis. We gave about 55 doses at the last clinic, and it is now time for second doses of the vaccines.

Wolverines Defeat Owls, Play Last Game At Kress

The Springlake Wolverines spoiled Silverton's record of wins here last Friday night. In the first four home games, the Owls had been victorious, and the team was hoping to repeat last week.

The Owls now own a 4-5 season record, and a win at Kress Friday night could even the score 5-5.

The Wolverine scoring was fast and furious last week, with Springlake scoring 21 points in the first quarter, 25 in the second and 10 in the fourth. The Owls scored six in the first quarter, three in the second and eight in the fourth to lose by a 56-17 margin.

Howard Tomlin ran 25 yards for Silverton's first score, and Monty Smith came into the game in the second quarter and kicked a 25-yard field goal.

The third quarter was scoreless, and in the fourth quarter John Montague, passing from a shotgun formation, hit Garner Garrison who raced 42 yards to score. Montague also ran for the conversion points.

A lot of the Owl reserves play-

ed during the game due partly to the fact that several of the starters are on the injured list. The Springlake coach played his reserves part of the second half, but the little Owls held their own and the Wolverine stampede was slowed considerably.

The game at Kress tomorrow night will be the last of the season and will close out the high school football careers of Greg Towe, Max Garrison, Larry McWilliams, Garner Garrison, Wayne Nance, and Rocky Curby.

Boy Scout Drive Underway Here

Silverton Lions Club, sponsor of the Boy Scouts in this community, are now conducting a drive for funds to finance Scouting activities. Troy Jones is the community drive chairman, and Lions Jack Strange and Bill Long are co-chairmen.

When the Lion who has your name calls on you, dig down deep to give to this worthwhile organization which trains boys through the "learn-by-doing" methods. If no one calls on you, be sure to mail or deliver your contribution to Jack Strange, First State Bank, Silverton, Texas.

A contribution to the Boy Scout Finance Campaign is a contribution to better citizenship through Boy Scout training.

Dearwood Oneal Buried Here Friday

Dearwood Oneal, 64, was buried in the Silverton Cemetery Friday morning after funeral services had been conducted in the First Methodist Church. Rev. Carl Nunn, pastor, officiated, assisted by the Rev. Carlos McLeod, pastor of the San Jacinto Baptist Church in Amarillo.

O. C. Maples, Wayland Fitzgerald, Dick Mayfield, W. D. Rowell, Loyd May and Jerry Frizelle were pallbearers. Honorary pallbearers were John Bean, Bern May, G. Mayfield, Alvin Redin, Lenton Lanham and Red Deisher. Services were under the direction of the Silverton Funeral Home.

Mr. Oneal, born in Texas, had lived in Briscoe County for 40 years. A farmer, he had been in failing health for six years. He was a member of the First Methodist Church here.

Survivors include his wife, of the home; three daughters, Mrs. E. W. Clifton of Tulia, Mrs. W. H. Martin and Mrs. Ronald Kitchens, both of Silverton; a brother, Joe Oneal of Silverton; a sister, Mrs. Merrett Carruth of Crowell; 13 grandchildren and four great-grandchildren.

Emergency Loans Available In County

Briscoe County has been designated as an Emergency Loan Area by the Secretary of Agriculture, Orville L. Freeman, according to Donald B. Cruce, County Supervisor of Farmers Home Administration in Tulia.

Farmers or ranchers are eligible for emergency loans who have suffered production losses due to the drought in the designated area, and must meet certain eligibility requirements or follows: (1) Be a citizen of the United States; (2) Be an established farmer or rancher; (3) Operate a farm or ranch in the designated emergency loan area and have had severe production losses; (4) Possess legal capacity to contract for the loan; (5) Possess the character, industry and experience necessary to carry out the proposed farming or ranching operations; (6) Be unable to provide the necessary funds from his own resources or to obtain sufficient credit elsewhere to finance his actual needs at reasonable rates and terms.

Loans may be made for the purchase of feed, seed, fertilizer, re-

Don George Receives Commendation

Don George, Tulia High School senior, has been honored for his high performance on the National Merit Scholarship Qualifying Test given last spring.

Each student who is endorsed by his school received a formal letter of commendation signed by his principal and by the president of the National Merit Scholarship Corporation, according to Bob Phillips, Tulia High School principal.

He is the son of Mr. and Mrs. C. D. George of Tulia, and his grandparents are Mr. and Mrs. W. C. George of Kress and Mr. and Mrs. J. A. Ziegler of Silverton.

Annual Christmas Program Planned

The annual Community Christmas Program is being planned for 8:00 p.m. December 13, in the school auditorium, after church services. The music is being arranged and will be conducted by Sam and Mary Catherine Brown.

Everyone who sings is cordially invited to sing in the choir. Practice will be Thursday night at 8:00 p.m. in the school auditorium. The program is sponsored by Eta Chi chapter of Epsilon Sigma Alpha International.

Mr. and Mrs. Carver Monroe left by train from Lubbock Saturday evening for Houston where they are attending the Farm Bureau Convention this week.

McIntyre Promoted To Specialist Four

When the men of the 521st MP Company at Belvoir, Virginia, set out to do something, they do it big or not at all.

Recently promotions, usually handed out one or two at a time, were presented to ten men in one morning.

Among these was William D. McIntyre, son of Mrs. Noel Deavenport of Silverton, who was promoted from PFC to Specialist 4. The promotion was given by Col. C. A. Post, provost marshal.

Mrs. Van Meter Buried at Quitaque

Funeral services for Mrs. Mary Ella Van Meter, 82, a resident of Briscoe County since 1890, were conducted in Quitaque Methodist Church last week.

Officiating were Earl Cantwell, minister of the Rock Creek Church of Christ, and Rev. Al Jennings, pastor.

Burial was in Rest Haven Cemetery at Quitaque.

Mrs. Van Meter died Saturday at the Kent County Nurses Home in Jayton. She was a member of the Church of Christ.

Surviving are Errol Van Meter of Quitaque and Johnny Van Meter of Molalla, Oregon; Mrs. Otis Wilson of Quitaque; Briscoe C. Honea of Carson City, Nevada, two grandchildren and three great-grandchildren. She was a sister to the late Jake Honea who was sheriff of Briscoe County from 1932 until 1946.

Among those attending the services from here were Mmes. Earl Cantwell, Bryan Strange, E. C. Newman, Willard Merrell, Maxine Morris, A. L. McMurtry, Cass Fowler, Mr. and Mrs. J. C. Rhoderick, Mr. and Mrs. Edwin Crass, Mr. and Mrs. Virgil Crow and Mr. and Mrs. J. W. Lyon, jr. J. W. Lyon was one of the pallbearers.

Mr. and Mrs. Seymour Brannon and Wade spent the weekend in Stephenville with Mr. and Mrs. Jerry Don Brannon.

All Around the Town

Dr. Neville Muckleroy showed me the letter which he received last week from Dr. J. E. Peavy, Commissioner of Health, which made the following statement regarding the proposed Briscoe County Hospital:

"I regret to inform you that the Board of Health at its special meeting on October 25, 1964, deferred action on your application for Hill-Burton assistance in the construction of your community hospital. This action was due to the fact that the water supply which would serve this proposed facility has not been approved by the Texas State Department of Health.

"Your application will remain active and will be reconsidered at future meetings of the Board of Health, should approval of the water supply be made."

Judge M. G. Moreland told us early this week that so far he had received no communication from the state agency.

Haylake Club Has All-Day Meeting

The Haylake Club had an all-day quilting party and a covered dish luncheon at the Firehall last Thursday. Two quilts were quilted.

Those who attended all day were Ella Leah Riddell, Elsie Cornett, Mae Rackley, Opal Hyatt, Jennie Fisher, Winnie Smith, Lillus Ruth McJimsey, Belle Olive, Mildred Brooks, Mrs. Bean, Annabelle Tipton, Ruby Brannon, Maude McJimsey, Blanche Newman, Mary Rampley and Vaughnell Brannon.

Those attending in the afternoon were Ruby McWaters, Bessie Vaughan and Mary Lee Watters. The next meeting will be November 19 in the home of Elsie Cornett.

Officers of the newly-organized Silverton Jaycee-ette chapter are looking forward to their Installation Banquet on Saturday, November 14, at 8:00 p.m., in the school lunchroom. Pictured (from left) are Mrs. Jerry Patton, director; Mrs. Joe L. Bomar, vice president; Mrs. John Fowler, director; Mrs. James Hawkins, director; (standing) Mrs. Dyrle Maples, secretary; Mrs. David Tipton, treasurer; Mrs. Fred Strange, president.

Official Communiqué:
FARMERS WINNING BATTLE OF THE BOLL WEEVIL!

BATTLE RECORD TO DATE

SPRAYING	ACRES SPRAYED	COMMENT
Number 1 (Beginning Sept. 15)	303,000 acres (Originally estimated 240,000 acres. Total includes Skip-row)	First application was hampered by rain, wind, etc. Migrating weevils caused increase in size of control zone. Extremely high adult and unemerged weevil populations encountered.
Number 2 (Beginning about October 4)	281,000 acres (Reduction due to acreage desiccated or harvested)	Field checks indicated effective kill of adult weevils but continuing emergence kept new weevil population up. Additional planes brought in to speed up sprayings.
Number 3 (Beginning about October 13)	230,000 acres (Continuing harvest and desiccation)	Field examination showed great reduction in number of adult weevils, with low occurrence of weevils in diapause stage. Also fewer unemerged weevils.
Number 4 (Beginning about October 21)	190,000 acres	Few unemerged and very young weevils left. Practically no weevils in diapause stage.

CONCLUSION: Remaining unemerged and young adult weevils will be kept from going into hibernation either by frost or a fifth spraying. Entomologists agree that hibernating weevils will have been reduced by more than 90 percent by end of this year's program.

Financial Arrangements

- Compresses to collect 50c per bale, and remit to a special boll weevil control fund in bank — no connection with P.C.G. regular funds.
- While compresses collect on all cotton, the contribution is voluntary for individual farmers who may request and receive refund.
- All funds are under direction of a Certified Public Accountant firm.
- Monthly financial reports by U.S.D.A. and Boll Weevil Steering Committee will be made — Complete audit will be published at the end of season.
- Any unexpended Steering Committee funds will be placed in interest bearing account for continuation of Boll Weevil Program next season. Unexpended U.S.D.A. funds must return to Treasury, as all appropriations are on annual basis only.

HOWARD J. CASEY

Public Invited to Hear Wild Animal Caller

The public is invited to hear Howard J. Casey of Lubbock, president of the National Varmint Callers Association at 7:30 p.m. today in the school cafeteria.

Mr. Casey will show films of wild animals and will discuss wild animal calling.

Predatory animals in many states are doing much damage to the farmers and ranchers and are causing a great loss to game birds. Trained callers are working with farm groups and with state and federal game departments on predatory animal control. In the last few years hundreds of dollars have been paid in bounty for coyote, bobcat, fox, wolves and lion.

Casey says, "The first time I tried my hand at wild animal calling, a coyote came in toward me on a dead run with his hair bristling and tongue out and I dog-gone near swallowed my caller!"

Admission is free. The meeting will be sponsored by the Silverton Young Farmers.

Mr. and Mrs. J. D. McGavock Honored

The beautiful new colonial-type home of Mr. and Mrs. J. D. McGavock and Johnny was the scene of a surprise housewarming Sunday afternoon, when friends and neighbors called to express best wishes for many years of enjoyment of the new home.

Many beautiful and useful gifts were presented for the new home. Refreshments were served to approximately 75 guests who called between the hours of 3:00 and 5:00 p.m.

Out-of-town guests included Mr. and Mrs. French McGavock and children, Mr. and Mrs. Johnny McGavock, Mrs. Doc McGavock, Mr. and Mrs. Perry Smith and children, Mr. and Mrs. John McClelland, Mr. and Mrs. Raymond Chisum and Miss Karyne Berry, all of Tulsa.

Mr. and Mrs. Bud Schofield, Janna and Suzanne of Amarillo spent the weekend here with Mr. and Mrs. Irving McJimsey. They also visited Mr. and Mrs. George McJimsey and Pat in Plainview.

HIGHWAY PATROL REPORTS FOUR BRISCOE ACCIDENTS DURING SEPTEMBER

The Highway Patrol investigated four rural traffic accidents in Briscoe County during the month of September, according to Sergeant W. E. Wells, Highway Patrol Supervisor of this area.

These wrecks accounted for two persons injured and an estimated property damage of \$2,550.00.

The rural traffic accident summary for Briscoe County from January through September shows a total of 25 crashes resulting in no persons killed, 14 persons injured and an estimated property damage of \$19,600.00.

Mrs. Sam Lewis spent Saturday and Sunday with the George McJimsey family in Plainview and Mrs. Irving McJimsey is spending this week with them. Both are getting acquainted with their new grandson.

Mrs. Minnie Stevenson left on Tuesday of last week for a visit with Mr. and Mrs. Wood Hardcastle in Skelleytown. James Stevenson took his mother to Claude where they were met by Mr. and Mrs. Hardcastle.

State Farmers Union Meets in Austin

Commemorating the celebration of sixty-two years of service to Texas farmers and ranchers, Governor John Connally has proclaimed the week of November 9 through 15 Texas Farmers Union Week. The Sixty-First Annual State Convention of the state-wide general farm organization which is an affiliate of the National Farmers Union, is being held in Austin at the Driskill Hotel this week. The National Farmers Union was founded at Point, Texas, in 1902.

Preconvention activities have included a meeting of the Program Committee which compiled resolutions from county Farmers Union organizations to be written into the state program which is to be adopted today. Among key from leaders from over the state appointed to serve on this committee was Fred Mercer of Silverton.

The delegates from Briscoe County Farmers Union who planned to attend the convention were Beryl Long, Fred Mercer, and R. E. Brookshier. Alternates were Merle McMurtry, Ben Whitfill and Milton Dudley. Mr. and Mrs. Fred Mercer have been in Austin all week, and others planning to attend some of the Convention are Gilbert Elms, county president, Mr. and Mrs. Woodrow Bice and Mr. and Mrs. Edwin Crass.

The meeting will close November 15.

Mr. and Mrs. Paul W. Russell of Dallas spent Saturday night with his sister, Mr. and Mrs. Bruce Womack. Sunday morning all drove to Lamesa and spent the day and night with another sister, Mr. and Mrs. W. E. Brown. The group attended evening church services along with all the married sons, daughters and grandchildren of Mr. and Mrs. Brown, and filled an entire pew.

COUNTY AGENTS RECEIVE SPECIAL RECOGNITION

County Agricultural agents of Texas have received special recognition for their efferots in connection with the screwworm eradication program. The recognition came during the state conference of the Texas Agricultural Extension Service held on the Texas A&M University campus October 26-30.

Dolph Briscoe, jr., of Uvalde, president of the Southwest Animal Health Research Foundation, presented a plaque to the agents for their assistance in organizing the project nearly three years ago, and for supporting its activities within their counties. V. G. Young, state agricultural agent, accepted the plaque on behalf of the more than 380 county and assistant agents whose activities he supervises.

Leon E. Grosdidier, Briscoe County agricultural agent, was present for the ceremony.

Briscoe said, "Never before in the history of the livestock industry have the producers of this state been so indebted to such a small group for making this successful program possible."

He pointed out that county agents served in important advisory capacities to the county committees that collected more than \$3 million from livestock producers to get the project started.

Rev. Carl Nunn, pastor of the First Methodist Church, visited Mrs. J. J. Vardell in the Lockney Hospital and Mrs. J. H. Carter in the Plainview Rest Home Monday morning. He visited other area hospitals and found no other Silverton patients.

Bob Grimland of Los Angeles, California, has been a recent visitor with local relatives. He spent the night with his sister, Mrs. Mars Ratliff in Lockney and visited his mother, Mrs. J. K. Grimland and other relatives in Amarillo.

WATCH FOR PRUSSIC ACID AFTER FROST OCCURRENCE

Frost can be expected soon in most areas of the state and this could mean trouble for Texas livestock producers. Johnsongrass and sorghums often develop a high prussic acid content after a frost and, if grazed by livestock, can cause a lot of trouble, warns A. M. Meekma, Extension Specialist, Texas A&M University.

Certain chemical changes occur in frost-wilted plants that are responsible for the prussic acid development, Meekma explains. The poison acts quickly and can kill an animal within a short time after the damaged plant is eaten. Whether or not a poisoned animal can be saved generally depends upon how quickly a veterinarian can be consulted.

Frosted Johnsongrass or sor-

ghums should not be grazed until they are completely dry, warns Meekma. However, those ready to cut for hay at the time of frost damage may be clipped the first day after frost if complete curing precedes baling.

Unusual, but not extreme. Lavish, yet budget-priced.

Wayland College To Present Program

The public is invited to hear a program by the Continentals and Grace Notes from Wayland International Choir, under the direction of James D. Cram, at 7:30 p.m. November 19, in the school auditorium. The program is being sponsored by March of Time Study Club, and no admission will be charged.

Members of the Century of Progress Study Club, L. O. A. Junior Study Club, Lions Club, Jaycees, Young Farmers, Jayceettes, community and service clubs are invited to attend and bring their wives or husbands along.

The popular young musicians to be featured will offer a varied program, according to Mr. Cram, professor of music at Wayland Baptist College.

In the first section of the program, the quartet and trio will combine to offer "The Morning-side of the Mountain" and "My Bonnie Lies Over the Ocean." In this group, the quartet will also sing "Louise" and "My First Love," while the women's trio will sing "I Don't Wanna Be Kissed" and "Moonlight Becomes You."

In the second group, the trio will offer "The Lost Chord" and "The Rich Old Miser Courted Me." The male group then sings "Sweet Marie" and "Ain't That a Shame."

Karen Renegar of Plainview will be soloist for the third section, and Mark Langley of Lubbock will sing folk songs.

To conclude the program, the quartet will open with "Babylon's Falling" and will be followed by the trio singing "Somebody's Knockin' at your Door." Then the men offer "We're Livin' Humble" and the trio follows with "Awake My Soul, In Joyful Lays," a composition of Mr. Cram. The final number will find the groups uniting to sing "In Heavenly Love Abiding"

Jan Hutsell Crowned Football Queen

Last Friday night, preceding the Silverton-Springlake game, the 1964 Football Queen was crowned.

The candidates came onto the playing field in a blue 1964 Pontiac convertible driven by Larry McWilliams. Jan Hutsell, freshman candidate, was escorted by Johan Bull-Njaa; Tina Weaver, sophomore candidate, was escorted by Wayne Nance; Nena McDaniel, junior candidate, was escorted by Rocky Curby; and Mert Mills, the senior candidate, was escorted by Garner Garrison.

Pat Cagle and Tena Williams handed the crown and bouquet of red roses to the co-captains at the sideline, and Max Garrison presented the Queen, Jan Hutsell, with the flowers after which Greg Towe crowned her Queen with the traditional football-helmet crown.

Local Members To Attend F.B.L.A. Day

On November 13, twenty senior members of the Future Business Leaders of America Chapter 2021 and their sponsor, Mrs. O. C. Rampley will attend the F.B.L.A. Day activities on the campus of West Texas State University.

Activities will begin at 9:00 a.m. and continue until 2:00 p.m. All business education students are invited to participate in this event, but school officials felt it would be better if only the senior students were allowed to miss school.

The Silverton Chapter will compete in the following contests: Spelling: Janice Lewis and Kathy Peugh; Mr. F.B.L.A.: Robert Bomar; Miss F.B.L.A.: Pat Cagle and Sandi Rhode. The Mr. and Miss F.B.L.A. contestants will be interviewed for a job and must be prepared to answer questions pertaining to qualifications and types of jobs desired.

The day's events will present the activities of the Future Business Leaders of America chapters at each of the three levels—local, state, and national.

The Silverton chapter has been asked to present a 15-minute program about the activities it carries on at the local level. A panel composed of Dianne Davis, president, Martina Williams, Tony Allison and Martha Mills have been chosen to conduct the discussion.

The University has planned a "Business Machines Fair" to highlight the program. Several data processing machines, audio-visual machines, calculating, dictating, transcribing and duplicating machines will be demonstrated for the group.

"Tell Me Not In Mournful Numbers"

by Mrs. A. L. Redin

The aim of modern mathematics is to teach the student to think in generalities based on experience and not just to do operations (addition, subtraction, multiplication and division) when told what to do.

He needs to find out for himself why he adds, subtracts, multiplies, or divides. He also needs to see that subtraction is the inverse of addition; that division is the inverse or opposite of multiplication.

Arithmetic is not taught to produce the correct answer to a given problem according to some rule, but to provide the skill to determine what process and operations are to be used and why. If properly presented, modern math develops an intellectual mastery of the subject. This is the heart of the matter, the real reason for the change in math teaching.

Carnival Results Given By Classes

On October 31, the Halloween Carnival netted a total of approximately \$429.00. All of this money was made between the hours of 6:30 and 9:00 p.m.

Although Mrs. Williams' section of the fifth grade did not have a booth at the carnival, they made \$7.50 from the sale of hats beforehand.

The listing is of the classes that had booths at the carnival and the approximate amount of profit made by each.

Fourth Grade: Basketball Throw, \$30.00

Fifth Grade (Mrs. Baker): Dart Throw, \$18.00

Sixth Grade (Mrs. Mayfield): Washer Throw, \$31.00

Sixth Grade (Mrs. Turner): Fish Pond, \$10.00

Seventh Grade: Spook House, \$18.00

Eighth Grade: Country Store, \$25.00

Freshmen: Hayride, Refused to report

Sophomores: Bingo, \$40.00

Juniors: Food Booth, \$70.00

Seniors: Cake Walk and Car Smash, \$124.00

F.H.A.: Grab bag, \$55.00

F.T.A. Convention Held At Canyon

Tuesday, November 3, the District IX Future Teacher's Convention was held on the campus of West Texas State University. Approximately 850 future teachers were in attendance for the one-day convention.

Registration began at 8:45 a.m. and the opening session was at 9:15 a.m.

The presentation of the colors was by a ROTC unit from WTSU. Immediately following this, the assembled future teachers sang the National Anthem and the welcome was extended by Dr. James P. Cornett, President of the University. The response was by Kay Fields, President of District IX F.T.A.

Entertainment provided by a choral group from Frank Phillips College at Borger preceded the principal address by Dr. A. B. Martin, President of Amarillo College. After the morning assembly, workshops were attended.

The afternoon session was devoted to the election of officers and the selection of District IX's Mr. and Miss F.T.A.

The slate of officers selected for 1965-66 included Bill Tandy, Perryton, president; Carol Connerly, Amarillo High School, vice president; Teddy Brown, Palo Duro High School, recording secretary; Kate Kilgore, Spearman, financial secretary; and Clayton Cochran, Spearman, parliamentarian.

The selection of Mr. and Miss F.T.A. was by a panel of judges, and the winners were Steve Busby and Connie Martin, both of Amarillo High School.

Entertainment was provided by a group from West Texas State.

Last Home Game For Senior Boys

On November 6 during Pep Rally Wayne Nance, Garner Garrison, Max Garrison, Greg Towe, Larry McWilliams and Rocky Curby were recognized as senior players who would be having their last home football game Friday night.

Coach Bill Hines spoke on the coming game, and said that if everyone would attend the game, win or lose, a good game was in store for everyone.

Coach Tom Thornburg told the students to yell loud, because the team would need all the spirit that they could give.

Max Garrison, a football co-captain, spoke about the games played so far. "We are in a rut," said Max, "and we will stay in the rut for the game with Springlake."

Roger Bingham said that he and the other players were ready to win the game.

Football Queen candidates were Jan Hutsell, Tina Weaver, Nena McDaniel and Martha Mills.

Mr. and Mrs. Bud McMinn, Travis McMinn, Debbie and Dudley visited last week with Mr. and Mrs. Melvin Watkins and daughters in Amarillo.

STUDENTS AGREE WITH VOTERS

From Kathy

by Kathy Peugh
It seems to be a general rule that a person can do a better job at anything he does if he has someone to support him. This is very true in competitive sports.

So far this year the students have shown good school spirit. Attendance at the football games has been good. Most of the pep rallies have been peppy.

Football season is almost over, but basketball season is just around the corner. I hope that the school spirit will continue to be as good as it has been. We should all support our teams by attending the games. It helps the moral of the players to know there is someone yelling for them. When you pass a played in the hall the day before a game, give him or her an encouraging word.

Let's help our teams by giving them our all-out support.

Our Number System

by Mrs. A. L. Redin

We use the decimal number system which has 10 as the base. This probably happened because primitive man found it easy to represent numbers by the use of his fingers. Our number system is very efficient and easy to use. Why then should our measures of length not be based on ten?

10 millimeters equal 1 centimeter

10 centimeters equal 1 decimeter

10 decimeters equal 1 meter

10 meters equal 1 decameter

10 decameters equal 1 hectometer

10 hectometers equal 1 kilometer

Ninety per cent of the world uses the above system based on ten, called the metric system. How many children think the metric system is difficult?

I don't think it is necessary for parents to help students work their mathematics assignments, but they can help very much to influence the attitude of their children toward mathematics.

Stuff And Sauce Green Peppers

Fine family fare is this tasty main dish of low-cost high protein developed by the Borden Kitchen. Nonfat dry milk adds to the high quality protein of the meat and cheese ingredients.

Stuffed Green Peppers With Cheese Nut Sauce

(Makes 6 servings)
6 medium-size sweet green peppers
1 lb. ground beef
2 tablespoons instant minced onions
1 teaspoon salt
1/2 cup Starline Nonfat Dry Milk
1 (2-oz.) can fancy sliced button mushrooms

Wash peppers. Cut out stem ends; remove seeds. In a large saucepan, cook peppers 3-5 minutes in boiling salted water to cover. Remove from water immediately; drain thoroughly. Combine beef, onions, salt and dry milk. Open mushroom can and add liquid to beef mixture. Mix well. Spoon about 1/3 cup meat mixture into each pepper. Top each pepper with 4 or 5 mushroom slices. Place peppers in six (5-oz.) individual custard cups, or bake in a 13-1/2x20x2-inch baking pan. Bake in a moderate (375°F.) oven, 30-35 minutes, or until peppers are tender when pierced with a fork and meat is browned.

Cheese Nut Sauce (Makes about 2-1/2 cups)
1-1/2 cups water
2/3 cup nonfat dry milk
1/8 cup flour
1/2 teaspoon salt
1/2 teaspoon dehydrated imported oregano
1/4 teaspoon dry mustard
2 tablespoons butter
1 (8-oz.) bar or wedge Wisconsin Old-Fashioned Sharp Cheddar Cheese, finely shredded
2 tablespoons chopped walnuts, optional

In top of a double boiler, combine water, dry milk, flour, salt, oregano and mustard. Place over hot water; stir constantly; cook about 7-9 minutes or until thickened. Add butter and shredded cheese. Stir 4-5 minutes or until cheese is thoroughly melted. If desired, fold in chopped nuts.

What 'Holes' In The Future or Elsewhere

by Bill Verden

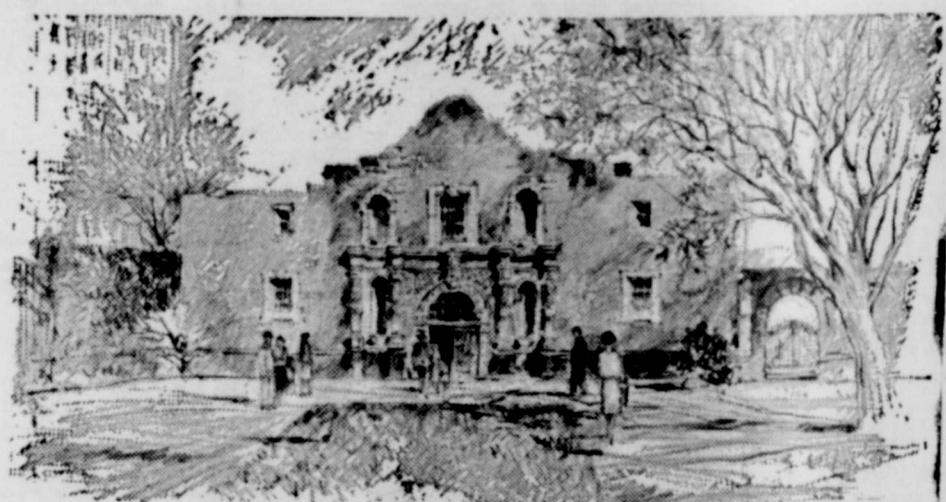

Can you imagine what will become of the human race when the dear old wise leaders of today are gone? It seems that no one knows what is happening. I know this is true because my chemistry classes remind me of it every time we have a test.

Their comments are: "You old goat, where did you get that question?" or "What has that got to do with chemistry?" or "Verden, you missed your calling; you should have been something other than a teacher."

"REMEMBER THE ALAMO"

-- the cry that fanned Texas' defeat to victory!

On March 1, 1836, thirty men from Gonzales broke through the lines of Mexican Army Commander Santa Anna to increase the Alamo's defenses to 187. This little band of heroes held the Alamo against overwhelming odds for five more days in one of the most heroic struggles to be found in the annals of man.

On March 6 Santa Anna with over 4,000 troops stormed the Alamo, and the last of the heroic band of Texans died fighting. Names like William Barret Travis, James Bowie, Davy Crockett and James B. Bonham became immortal.

The massacre at the Alamo inspired General Sam Houston's men at the battle of San Jacinto. Crying "Remember the Alamo!", the Texans sprang upon Santa Anna's soldiers and in a swift bloody fight won Texas its freedom.

DENNIS AND EMMETT TOMLIN

Tomlin Twins Attending South Plains College

LEVELLAND (Special) Emmett and Dennis Tomlin, 18-year-old twin sons of Mr. and Mrs. Glynn Tomlin of Silverton, are enrolled at South Plains College this fall. There is no danger of getting these two mixed up as they are far from being identical. The older of the twins, by a few minutes, is shorter and heavier than his brother. Emmett is 5'9" and Dennis is 5'11". Their father is a twin and there are other twins in their father's family, according to the boys. They were born in Sanger, California, where they resided until

they were ready to enter high school. Their father, who is in construction work, moved his family to Silverton where other relatives live. The Tomlin boys delivered papers for the Amarillo Globe News in Silverton two years before entering college. Getting up at 5:00 a.m. was a part of their schedule and in the summer months, the hours permitted them to obtain other employment. Emmett worked with a well drilling crew, drilling irrigation wells, and Dennis worked with his father as a carpenter's helper. Dennis was named Athlete of the Year during his senior year in Silverton High School. He participated in baseball, football, tennis and track, and was a co-captain with Emmett of the baseball and football teams. Emmett was elected by the faculty as Personality King of the

school. He served as president of his sophomore and junior classes and was vice president of the senior class. He is interested in engineering and is taking the basic courses for study at South Plains. Dennis will major in Government. Both boys plan to get an Associate in Arts degree from South Plains Junior College and continue toward higher degrees at Texas Tech.

DEAR EDITOR:

Well, we Democrats "won a victory" and I'm glad; but I don't feel the same elation that I would have felt under entirely different circumstances. I'm referring to the general trend of the "1964 Political Campaign," which will go down in history as being one of the most degrading things that could ever have happened in a so-called "Christian Nation":—A campaign built on (and fed by) hatred, contempt, slander, libel, character assassination, world-wide "smear sheets"—directed toward, and indulged in by, the very men whose exalted positions in the government of our nation should demand the highest "respect" of that nation! (Read Romans 13:1-7)

I observed the "issues" facing us; I looked at the "voting record" of the two men who sought the office of President of the United States; and did my best to make a "wise choice" from that standpoint because: For the first time in the long history of our beloved America, the "voting record of the man" was the only decent thing left of that man for me to consider!

"Thanks" to the degrading manner in which this years political campaign was carried on, neither man had one thread of "moral character" left with which to clothe himself; and I doubt if constituents of either man (OR Leaders of foreign governments whose eyes were focused upon the shameful procedure) will soon forget that fact.

I pray (regardless of the Supreme Court ruling—that "Anything is fair in the game of politics": including slander, character assassination and libel) that America will never again be sullied by another political campaign as dirty as the one just past. And "We, THE PEOPLE," can help make sure that it isn't: by publicly letting it be known that we will substitute "write-in candidates" for any man who breaks (OR "permits" his campaign managers to break) the "clean campaign" law by slandering the character of his opponent.

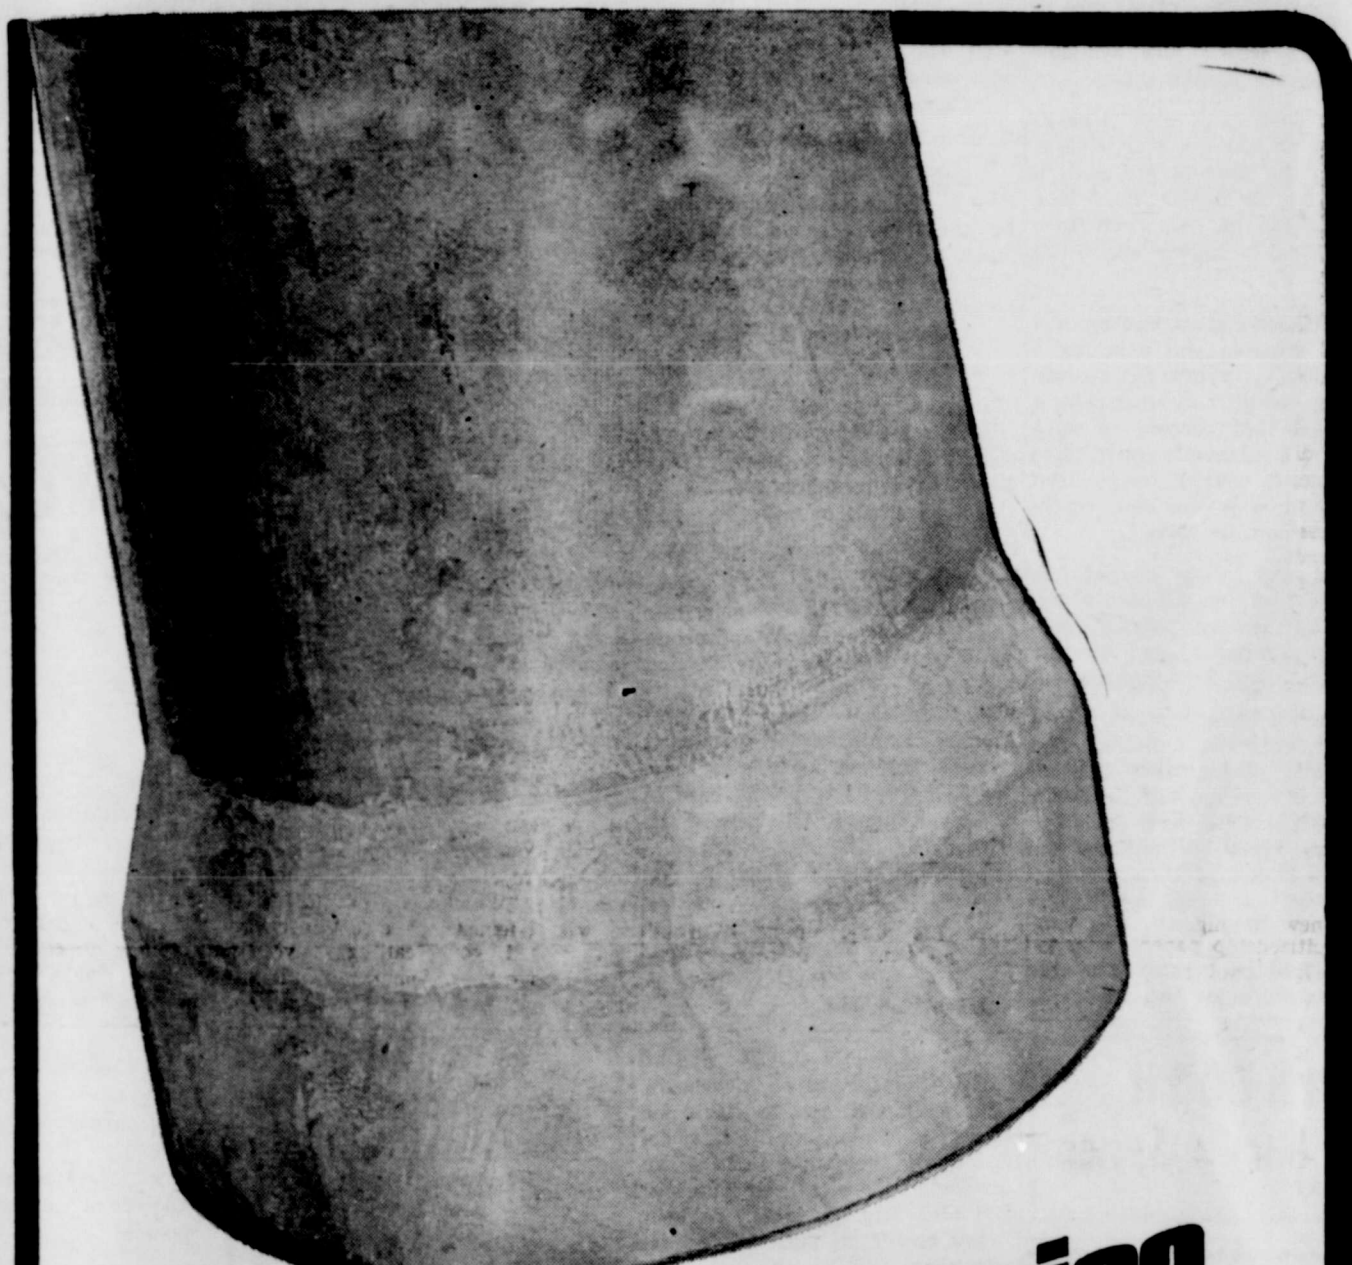

Yes, we Democrats "won a great victory" in 1964; but AMERICA (and that includes every man, woman and child of us) lost something "of far greater worth" than a "political campaign" in 1964! Mrs. Cross McDaniel Silverton, Texas

Noted Psychologist Says:

GAMES BIND FAMILY TIES

In a recent interview on the subject of present day behavior patterns of family groups and how to maintain and foster healthy family relationships, Dr. Leonard Freeman, noted psychologist, attached special significance to the value of family games. "Anything that will bring the several members of the family together in a stimulating, participative interest" said Dr. Freeman, "helps preserve family unity." "One of the causes of our modern day family problems is the divergent interests within the family. These cannot be avoided. In a complex urban society, it is natural for each of us to go his own way a good part of the time." "But," he continued, "where this divergence and separateness is allowed to become a family way of life, the family eventually loses its cohesive quality. When this happens, the home becomes merely a base of individual operation. A place to eat, a place to sleep, a place of last resort instead of primary concern. In other words, a place rather than a home with its normally beneficial influences." According to Dr. Freeman, the consequences of this breakdown of family oneness are all too often reflected in the revolt of teenagers who are quick to be influenced by companions and conditions outside the home, with deterioration of home discipline to a point of little or no effect. "Resultantly," he proceeded, "we are forced to cope with a delinquency problem among our young adults, and hopelessness, inducing indifference to the family's preservation, among the parents themselves." How to prevent and counteract this condition? Dr. Freeman's suggestion is that the home environment be made more attractive in terms of family inter-relationships. Motivate youngsters to find as much interest and enjoyment in the home as they might find elsewhere. Make the home a source of lively, happy family interplay. "Games," he stated, "are a good means to achieve this. Particularly games that promote an atmosphere of friendly rivalry." A leading proponent of Dr. Freeman's premise is the E. S. Lowe Company, long-time creators of games for family fun. New games offered by the E. S. Lowe Company that fall within the psychologist's classification are: Skat, a chase game for young and old; Hoodwink, a suspense game of skill and chance; Yahtzee, a fun game that makes thinking... fun; Scribbage, an exciting word game in which the whole family can take part. These games have been enjoying considerable popularity in recent months and are among the games most frequently recommended for wholesome family participation. These games are sold at most department stores and other stores where toys and games are sold. Moderately priced, they can serve the game requirements of families at all income levels.

SO WHAT'S SO HARD ABOUT FARMING?

Profit.
That's what separates farmers from failures.
More and more farmers are coming to realize the big profit advantage of applying anhydrous ammonia in the fall. Early application gives the ammonia a chance to release the plant food in turned-under stalks... make it available for use by next year's crop. And fall application eliminates the rush of doing it next spring. Right now we have a good supply of Nitromite, Shamrock's fine brand of anhydrous ammonia. And plenty of application equipment waiting so you can get the job done fast.
Call us for the Nitromite you'll need for a fall application.

BULLETIN AVAILABLE ON FIELD DRESSING DEER With deer hunting season just around the corner, hunters may be interested in a new leaflet, "Field Dressing a Deer," now available at the county agent's office. Sincerely, Mrs. Mary Beasley

Since quality venison depends primarily on how the deer is handled from the time of kill until it is placed in the freezer, field dressing is important, says Leon Grosdidier, Briscoe County agricultural agent. Leaflet L-634 gives one method of field dressing and skinning a deer. However, points out Grosdidier, any method resulting in a clean, well-bled carcass is satisfactory. Unpleasant experiences with venison usually result from lack of care before the meat reaches the kitchen, he says. Information in the leaflet has been provided by Wallace Klusmann, Ex tension wildlife conservation specialist, and by the Texas Game and Fish Commission. Another publication that should be of interest to hunters and housewives during this hunting season is Extension Bulletin B-987, "Wild Game Care and Cooking." It offers many suggestions for preparing delicious dishes of venison as well as other wild game meats. This bulletin is also available at my office, adds Grosdidier.

CARDS OF THANKS

To our many friends and neighbors: Our appreciation cannot be put into words for the nice things and the many visits while Pearl has been sick. Thank you again. The Kenneth Hootens

To the people of Briscoe County: Thank you for your vote. I also desire to express my appreciation for the friendliness extended me while campaigning.

Sincerely,
 Mrs. Mary Beasley

Sincere thanks to the friends and neighbors who were so thoughtful while I was in the hospital. The cards, flowers and gifts were all appreciated so much. Carrie Dell Dickerson

I want to express my appreciation to the friends and relatives for the flowers, cards, visits and many nice things that you have done for me since my stay in the hospital and at home. Lorena Hamilton

I wish to thank all who supported me in my campaign. I feel personally rewarded by gaining many friends and acquaintances. Ralph Nafzger

I would like to take this opportunity to tell the voters in this District how much I appreciate those who worked for my election and each and every vote I received in the November 3 General Election. I enjoyed getting to visit with you and getting to know some of you better. I will work hard to make you a good State Representative. I will appreciate your keeping in touch with me so that I can work for the best interest of the people of our District and of Texas. Ralph Wayne

Mr. and Mrs. F. C. Gatewood attended the funeral of his cousin, Mrs. Willie Coleman, in Clovis and burial in Sudan on Monday of last week. They went on to Amarillo for a visit with their daughter, Mr. and Mrs. Jack D. Baldwin, Debra and Tami until Wednesday afternoon.

Applications Being Taken For Workers

Applications will be taken on November 13 at 1:30 p.m. at the courthouse in Silvertown for enumerators for the 1964 Census of Agriculture. Hiring will be done by W. V. Swinburn of Tulia, the Briscoe County crew leader.

Three enumerators are to be hired, and applications are needed from all parts of the county.

Information on the qualifications for enumerators and enumerators' responsibilities are available at the Briscoe County News office in Silvertown.

The folder also includes wage information for the census enumerators.

Mr. and Mrs. A. M. Kendrick, Sherry and David of Leuty spent Friday night and Saturday here with her father, J. J. Vardell. They also visited her mother, Mrs. Vardell, who has been a patient in the Lockney Hospital for four weeks.

Sunday dinner guests of Mr. and Mrs. D. T. Northcutt included Mr. and Mrs. Clarence Todd, Mr. and Mrs. Newt Redmon, Mr. and Mrs. O. Milner and Mrs. O. K. Woodall of Tulia, and Mr. and Mrs.

The Very News

Mr. and Mrs. George Meador of Plainview are parents of a Patrick George, born at 6:48 Tuesday, November 3, in the Lockney General Hospital. He weighed seven pounds.

This was the first grandchild for both sets of grandparents and Mrs. Sam Lewis and Mr. Mrs. Irving McJimsey. Great-grandparents are Mrs. Tressa Lewis, Mrs. W. A. McJimsey of Silvertown and Mr. and Mrs. W. H. Be of Lawton, Oklahoma.

True Burson.

Mrs. Dean Allard left Wednesday of last week for Amarillo where she helped Mrs. Iris ham care for her mother, Myrtle Fox, who is critically ill at St. Anthony's Hospital.
