D. M. Cogdell Buried At Snyder

Funeral services for D. M. Cogdell, 80, were held Monday afternoon in Trinity Methodist Church at Snyder with the Rev. Elton Wyatt, Petersburg, and the Rev. Ross Dunn, Snyder, officiating. Burial was in the Snyder Cemetery.

Cogdell, a widely-known Scurry County rancher, oilman and philanthropist, died at 2:30 a.m. Sunday at his home south of Snyder. He was known in the Snyder area through the Cogdell Memorial Hospital, which he helped to build, and through numerous other gifts of land and money to aid medical and church projects.

A native of Holly Springs, Mississippi, Cogdell moved to Palo Pinto County in 1890, and lived in Taylor County prior to moving to Scurry County in 1919. He was the son of a Methodist minister.

In 1919, Cogdell married Jonnye Tate Oldham in Abilene, and the couple had resided in the Snyder area since.

In addition to his major contribution to Snyder's Cogdell Memorial Hospital, he built the Trinity Methodist Church, of which he was a member, constructed the Martha Ann Woman's Club there, built a doctor's clinic and a nurse's home.

He gave the land where the Trinity Lutheran Church is located in Snyder, and established an endowment for the Scott-White Medical Center in Temple.

At the time of his death, Cogdell had ranching interests in Taylor, Scurry, Kent, El Paso, Fisher, Briscoe, Armstrong, Cottle, Childress, Castro and Floyd counties. He was also active in a drilling firm.

Recently, Cogdell donated land for a convalescent home to be built in Snyder.

Survivors include his wife; two daughters, Mrs. Jonisue Bowden and Mrs. Charlotte Etgen, both of Snyder; three sons, D. M. Cogdell of Floydada, William M. Cogdell of Los Angeles; a sister, Mrs. E. T. Pitzer of Abilene; four brothers, R. G. Cogdell, Holland Cogdell and Earl Cogdell, all of Abilene, and W. A. Cogdell of Snyder; and 11 grandchildren, including Douglas Forbes of Silverton.

Four Accidents During October

There were four rural traffic accidents in Briscoe County during the month of October according to Sergeant W. E. Wells, Highway Patrol Supervisor of this area.

From these crashes three persons were injured and an economic loss due to property damage amounted to \$1,236.00.

Summarizing rural traffic accidents from January through October of 1964, the picture shows 29 wrecks, 17 persons injured and a property damage of \$20,836.00.

THURSDAY, NOVEMBER 19, 1964 Silverton, (Briscoe County) Texas VOLUME 56 NUMBER 47

Census Workers Needed Here

W. V. Swinburn of Tulia, crew leader for the agricultural census which is to be taken in Briscoe County during November and December, 1964, advised the Briscoe County News early this week that applicants are badly needed here.

Three are to be hired as census enumerators in Briscoe County, and only one has applied.

"These are good jobs for people who are interested in some part-time work prior to the Christmas season," said Ben Whitfill, who has been assisting Swinburn in his search for workers.

If you are at all interested in becoming a census enumerator, please meet with Mr. Swinburn at 2:00 p.m. today (Thursday) at the courthouse.

Each enumerator will be assigned to cover one area of Briscoe County. His job will be to visit each place in his assignment where agricultural operations occur to obtain information required for the census. Enumerators will be provided with maps and questionnaires by the Bureau of the Census.

An enumerator's assignment will normally require about three weeks' work. Enumerators must be prepared to work at least 40 hours a week, or eight hours a day. They will be paid eight cents a mile for use of their automobiles and from \$10 to \$16 per 8-hour day, depending on speed and accuracy of the individual. Average earnings nationwide will approximate \$1.75 per hour.

An enumerator must —

- ☆Be a United States citizen.
- ☆Be at least 18 years of age.
- ☆Have a high school education or equivalent.
- ☆Pass a written Enumerator Test to show that he can follow written instructions, do simple arithmetic and read maps.
- ☆Be of high moral character.
- ☆Be able to conduct interviews in a businesslike manner.
- ☆Have good eyesight so he can read the print on census forms.
- ☆Be in good physical condition for driving, walking and standing.
- ☆Have a knowledge of farming and farm operations.
- ☆Be able to write neatly and clearly.
- ☆Have a car available for use.

Enumerators will not receive

payment for their work until the job is finished.

Persons entitled to veterans' preference who meet all requirements will be given preference over other applicants.

Census enumerators will be representatives of the United States Government. The facts they collect will be compiled into official Government statistical reports. These reports can be no more accurate than the facts which each enumerator writes down on his questionnaires.

The success of the 1964 Census of Agriculture depends upon the enumerator.

"The club members are planning to bake their specialties," Mrs. Plunkett added. "Plan to buy your Thanksgiving baked goods Saturday from the L. O. A. Junior Study Club."

L.O.A. Study Club To Sponsor Bake Sale

L. O. A. Junior Study Club will sponsor a bake sale Saturday from 9:00 until 11:00 a.m. at Stafford's Grocery, according to an announcement by Mrs. Johnny Plunkett, the club's Civic and Projects Chairwoman.

Santa To Arrive In Silverton December 19

Santa has notified his friends in Eta Chi chapter of Epsilon Sigma Alpha International that he will arrive in Silverton at 3:00 p.m. Saturday, December 19.

He will meet the children on the square in Silverton, and will have treats for all.

W.S.C.S. To Sponsor Bake Sale Saturday

A bake sale will be sponsored by the W.S.C.S. of the First Methodist Church on Saturday, November 21. The sale starts at 9:00 a.m. at Nance's Food Store.

Buy Saturday and freeze for Thanksgiving next week.

E. D. McMurtry Laid To Rest At Tulia

Pioneer Briscoe County rancher E. D. McMurtry, who moved to Briscoe County in 1907, passed away in Swisher County Hospital early Friday, November 13, after an 11-day illness. Mr. McMurtry, one of nine brothers who were all cattlemen, was born in Denton County on March 21, 1882. The family established residence in Archer County about 1890, and still retain their ranching interests there.

Mr. McMurtry attended college at Denton, and taught school near LeFors. He was Tax Assessor in Briscoe County from 1912 to 1916, as well as engaged in buying and selling land and raising cattle during this time.

He moved to his ranch in northwest Briscoe County in 1917, and did not retire until 1962, when he moved to Tulia.

He was married to Ollie Mae Smithee, daughter of a pioneer Silverton merchant on April 26, 1911, in Silverton. He is survived by his wife; a daughter, Mrs. Delbert L. Devin, Tulia; two sons, Merle D. of Vigo Park and E. Hoyse of Lubbock; five grandchildren; five brothers, Bob of Amarillo, Roy of Silverton, John of Muleshoe, Jo of Clarendon and Jeff of Archer City; and three sisters, Mrs. C. M. Carpenter of McLean, Mrs. R. L. Hilburn of Fort Worth, and Mrs. Glenn White of Clarendon.

Public Invited To Hear Musical

The public is invited to hear a program by the Continentals and Grace Notes from Wayland International Choir, under the direction of James D. Cram, at 7:30 p.m. November 19, in the school auditorium. The program is being sponsored by March of Time Study Club, and no admission will be charged.

Members of the Century of Progress Study Club, L. O. A. Junior Study Club, Lions Club, Jaycees, Young Farmers, Jayceettes, community and service clubs are invited to attend and bring their wives or husbands along.

The popular young musicians to be featured will offer a varied program, according to Mr. Cram, professor of music at Wayland Baptist College.

Mrs. Nellie Vardell Funeral Today

Funeral services for Mrs. Nellie Vardell will be conducted at 2:00 p.m. Thursday (November 19) at the First Baptist Church here. The Rev. Clyde Cain, pastor, and Earl Cantwell, minister of the Rock Creek Church of Christ, will officiate. Interment will be in the Silverton Cemetery, with arrangements under the direction of the Silverton Funeral Home.

Pallbearers will be Ted Hester, Glenn Smith, A. T. Brooks, Virgil Crow, George Seaney and Dee McWilliams.

Mrs. Vardell, 82, a resident of Silverton for 40 years, died Tuesday afternoon in Lockney General Hospital.

Born in Wise County, Mrs. Vardell was a member of the First Baptist Church. She was married to J. J. Vardell on July 10, 1904, and came to Silverton in 1924.

Survivors include her husband; six sons, Luther of Clovis, New Mexico, Hilton of Tulia, Orther of Dimmitt, L. W. of Slaton, Willard of Silverton and Leroy of Byers; four daughters, Mrs. Bessie Kendrick of Shamrock, Mrs. Annie Williams, Mrs. Maggie Sweek and Mrs. Eunice Yates of Silverton; three brothers, C. T. Loudermilk of Silverton, W. H. Loudermilk of Norman, Oklahoma and Larkin Loudermilk of Perryton; two sisters, Mrs. A. S. Wall of Anadarko, Oklahoma and Mrs. May Young of Norman, Oklahoma; 27 grandchildren and 29 great-grandchildren.

Silverton Wins Pair In Season Opener

Silverton High School opened its basketball season Tuesday night with a pair of wins from Flomot here.

Greg Towe, who finished playing football Friday night, led the Owls with 20 points while George Calvert netted 23 for the losers. The final score was 60-48.

The Owlets blasted Flomot 62-8. Martina Williams led the Owlet scoring with 22 points.

Jaycee-ettes Have Installation Banquet

The Silverton Jaycee-ettes' Installation Banquet was held in the school cafeteria November 14, 1964. The invocation and benediction were given by O. C. Rampley, principal of Silverton High School.

The Jaycee-ette Creed and Pledge to the Flag were given by Mrs. Wanda Strange.

Guest speaker was Mrs. Bill Rogers of Amarillo, Area I Jaycee-ette Vice-President. Comments were heard from Mrs. Barbara Love of Tulia, Jaycee-ette State Director.

Officers installed by Mrs. Rogers were Mrs. Wanda Strange, President; Mrs. Wayma Bomar, Vice President; Mrs. Virginia Maples, Secretary; Mrs. Reba Tipton, Treasurer; Mrs. Sandy Stafford, State Director; Mrs. Shirleen Vines, Parliamentarian; and Mmes. Judi Fowler, Brenda Patton and Jane Hawkins, Directors.

The meal was planned and served by the luncheon ladies.

The Silverton Jaycee-ettes take this opportunity to express their appreciation to those who helped make the banquet a success and to all who purchased tickets.

Funeral services for James Harold Stephenson, 55, nephew of Mrs. Florence Fogerson, and a cousin of Ware Fogerson, were conducted in Perryton last Thursday afternoon.

Survivors include his wife, of the home; two sons, one of California and one of Minnesota; two sisters and his parents, Mr. and Mrs. Howard Stephenson of Happy.

Howard Stephenson is a brother of Mrs. Florence Fogerson. The Fogersons were unable to attend the funeral, but visited relatives in the Howard Stephenson home at Happy Wednesday of last week.

Mmes. Jord Hollingsworth, Jack Hollingsworth and W. D. Rowell were in Amarillo last Saturday.

Cotton Vote Choice Defined

Just what a "yes" or "no" vote will mean in the December 15 referendum on upland cotton marketing quotas was explained by Louie Kitchens, Chairman Agricultural Stabilization and Conservation Briscoe County Committee. All farmers who engaged in the production of upland cotton in 1964 are eligible to vote in the referendum.

The Chairman said that the basic program choices are:

A. If at least two-thirds of the growers who vote in the referendum approve of quotas, the quotas will be in effect for the 1965 upland cotton crop, marketing penalties will apply to any excess cotton produced on a farm, price support loans at a level within the range of 65 to 90 percent of parity will be available to farmers who do not exceed their allotments, and—in addition—price-support payments can be earned by farmers for keeping their acreage within the farm's "domestic" allotment.

B. On the other hand, if more than one-third of the growers who vote oppose the quotas, then there will be no quotas and no penalties applicable to the 1965 upland cotton crop, no "domestic allotment" program providing price-support payments, and price support to farmers who comply with their acreage allotments will be available at 50 percent of parity, as directed by law.

The regular acreage allotment program is not affected by the outcome of the balloting. The allotments will remain in effect—whether or not quotas are approved—as a means of determining eligibility for the available price support.

Mr. Kitchens pointed out that, while the Secretary of Agriculture is directed by law to proclaim quotas for the next crop when the total upland cotton supply exceeds normal, it is the growers themselves who decide whether or not quotas shall be used. Previous votes on the subject have been outstandingly favorable. Marketing quotas for the 1964 upland cotton crop were approved by 94 percent of the growers voting.

Allotments and other program details for individual farms will be made available to growers within the next few weeks, so that farmers may have the information prior to the December 15 referendum. Details of the domestic allotment program will be announced later if quotas are approved.

Farm Families Receiving Loans

Donald B. Cruce, County Supervisor for Swisher and Briscoe counties, advises that 36 young farm families are receiving loans to assist them in the purchase of farms, the construction of essential farm buildings, the acquisition of livestock and machinery, and funds for the further development of their resources this year.

"Over 1,000 young farmers less than 35 years of age have received the financial and technical assistance of the Farmers Home Administration in Texas this year," stated L. J. Cappelman, State Director. Mr. Cappelman reported that "One of the major endeavors of the Farmers Home Administration in 1964 is to assist young farmers in accomplishing the extremely difficult task of acquiring the capital and the skill needed to take over the farms of their retiring elders."

Cruce stated that over the past three years, many young farmers who received the assistance of the Farmers Home Administration have been formally recognized as outstanding young farmers in the State by various publications and farm organizations.

The County Supervisor advised that this financial assistance is available to young farm families who are unable to obtain adequate credit from private sources, meet all other eligibility requirements, and have the ability and the desire to become successfully established in farming and ranching operations.

Riding Club Has Thanksgiving Party

One hundred and eight members of the Silverton Riding Club and their families gathered at the school cafeteria Monday night for a Thanksgiving dinner. Turkey with all the trimmings and pumpkin pie was served.

Snooks Baird showed some rodeo movies afterward, and games of dominoes were played.

The women of the riding club prepared and served the dinner.

Owls Close Season With Loss At Kress

The Silverton Owls went down in defeat in their last game of the season, and finished with a 4-6 record for the season. The Owls battled toe-to-toe with the Kangaroos in order to win five games, but Lady Luck did not smile on the Owl effort.

Silverton penetrated inside the ten-yard-line in the first quarter when John Montague ran 51 yards to the Kress 9. The Owls received an offside penalty, and were unable to score.

The Kangaroos scored in the second quarter from 13 yards out, and led 6-0 at halftime.

In the third quarter, the Owls again penetrated deep into Kangaroo territory, moving to the 19-yard line on a pass from Montague to Greg Towe. On the Kress 6-yard line the drive was stalled by an offside penalty, and Monty Smith went into the game and kicked a field goal.

Kress scored two quick touchdowns in the fourth period, the first after the ball went over on downs, and the second after recovering an Owl fumble, to set the score at 18-3.

Kress made 19 first downs as compared to 6 for the Owls. Two of the Kress first downs were free passes via Owl penalties. The Silverton club was penalized 85 yards as compared with 30 for Kress.

The Springlake Wolverines won the right to represent the district by coming from behind to defeat Farwell Friday night. Farwell led 20 to 0 in the first quarter of play, but the Wolverines had a desire to win district that couldn't be denied.

Next Free Clinic Will Be December 12

The next free immunization clinic for the indigent children of the community will be on Saturday, December 12, according to Mrs. Roy Francis, R.N., school nurse.

A total of 158 children received polio, smallpox and DPT immunization here last Saturday afternoon. The clinics are being held in the community room of the Production Credit Association here, under the sponsorship of the Public Health Service, which supplies the vaccine. The Silverton Young Farmers chapter pays for the disposable syringes used for the clinic.

Members of the L.O.A. Junior Study Club have been assisting with registration for the clinics.

The total immunized at the first clinic was 55.

A State Migratory Health Nurse, Mrs. Francis, Mrs. Doris Marler and Dr. R. N. Muckleroy have been in charge of the clinics.

Residents of this community are urged to remind Latin Americans and Negroes of their acquaintance as well as others who cannot afford to pay for the immunization, to be sure to attend the clinic on December 12, from 2:00 until 5:00 p.m. at the community room.

Silver Squares To Meet Saturday Night

The Silver Squares will meet at 7:30 p.m. Saturday at the Fire Hall in Silverton.

Scotty Scott will be the caller.

Mr. and Mrs. Albert Myers and Mrs. Sid Brown of Floydada were recent visitors with Mrs. H. Roy Brown.

Mr. and Mrs. Albert Myers and Mrs. Sid Brown of Floydada were recent visitors with Mrs. H. Roy Brown.

MEMBER OF PANHANDLE PRESS AND TEXAS PRESS ASSOCIATIONS

DEAR EDITOR:

EDITOR'S NOTE: The letter which is printed below was addressed to Perry Thomas by Stephen Youngberg, who is with the Pan American Health Service in San Pedro Sula, Honduras. Many of the HAM Radio operators in Texas chipped in to purchase radio equipment for Youngberg's use, and the Amateur net patches and relays messages for the medical missionaries in Honduras. A rice combine was donated and freight was donated to get the supplies to the jungle medical center.

DEAR FRIENDS,

You will be glad to know that 1137 sacks of rice have been cut from the rehabilitation farm here by Lake Yojoa. We thank the Lord for a very good harvest, and we thank you who have helped to make it possible. We have many little people waiting to benefit from the whole brown rice—which up to now has not been available here.

The long line of swollen, starving children keeps coming. There seems to be no end to the line. When the babies go off breast milk, they are usually placed on white rice water, sweetened with white sugar. And they have a hard tortilla to chew on, and a few dark

beans to clutch in their little hands as they crawl around in the mud and dirt of their mountain huts. They are usually loaded with several kinds of worms long before they can walk. So there is no wonder the long line of swollen babies and children keeps coming through the doors of the clinic.

We have the rice in abundance—we have the starving children, without an end, it seems. But urgently needed is a mill to prepare the rice for use. So we are sending out this SOS letter to you—the friends of these hungry children.

We face other urgent needs as well. Our supplies of medicines sent down so generously are nearly depleted. We need medicine for intestinal parasites, eye ointments, antibiotics, hematinics, interventional fluids, etc. So many desperately sick patients have come in lately—intestinal obstructions, ectopic pregnancy, two cases of tetanus, etc. It is just heart-breaking to see these little week-old babies in convulsions from tetanus of the cord, with their backs bowed. Rabies is another problem we have been facing also. So many of these sicknesses could be prevented with proper education.

One of the hospital barracks (from the Morrison-Knudsen Co.) is now moved over to our campus, and is being put on foundation

blocks. Two more will join it soon, we hope. The three barracks will be joined together in the shape of an "H" for the different departments of the medical, pediatric, and surgical services. The hospital "tent" which has housed so many suffering hundreds the last three years will be removed. We are thrilled with the anticipation of better facilities for these dear mountain people. Plans are being made for one section of public health posters and exhibits and demonstrations—for an ounce of prevention is worth a pound of cure. We want to train the more talented to raise the standard of sanitation and nutrition in their villages.

We told you previously about Amalia—the three and a half year old who got down to 10 pounds of weight after she lost the edema fluid of starvation from her tissues. She has now gained a few pounds of solid tissue, but her arms and legs still look like matchsticks. Her older brother, Jorge, is not doing as well as she is. He lost some 15 pounds of edema fluid after an improved diet, and began walking around. But he had a relapse with pneumonia and diarrhea, and the swelling returned. However, this week he is some better, and his eyes are a little more opened. Jorge usually has a sweet smile for us, and we have learned to love him, as he fights the battle for existence. The smile says "thank you." I wish you could each see his smile! To those of you who have helped with the milk, the medicines, the land, the buildings, the farm equipment, the transportation, the toil, sweat and tears—and prayers—one look at Jorge's smile would do more to say "thank you" to you than a thousand letters!

But many more "Jorge's" are waiting for us. We thank you for helping us answer their call! The Christian Medical Society will donate medicines for a 10% handling charge, plus transportation. And this beautiful rice harvest can be turned into a nutritious, edible product with a rubber-roller mill which costs about \$1200.

Sincerely your friends,
 Stephen and Verlene Youngberg

Weldon Irion has returned to Amarillo to resume his teaching duties after having spent ten days here with his mother, Mrs. Grace Irion, Mrs. Clyde Lightsey and Spencer Long, while recuperating from minor surgery. Mrs. Irion, who has been here for some time while recuperating from heart trouble, saw the doctor Saturday afternoon but was feeling better Monday.

Mrs. Emilio Cruz has been a patient in the Lockney Hospital for several days.

Mr. and Mrs. George Martin and family have been recent visitors with Mr. and Mrs. Melvin Heckman in Tulia. The Heckmans, who formerly lived here, have recently visited their daughter and family in Albuquerque, New Mexico.

Mrs. J. K. Bean, Silverton, Kenneth Bean and Mrs. Philip Smitherman of South Plains, spent Monday and Tuesday of last week in Brownwood with relatives, including Mrs. H. E. Bean, grandmother of Kenneth and Mrs. Smitherman.

W. H. Brooks, sr., Don Smith A. T. Brooks and Bill attended an Arlington State College vs. Abilene Christian College in Abilene November 7. Jimmie Lee Brooks, son of W. H. Brooks, is a member of the Arlington State second unit and has an outstanding record as quarterback this year. Mr. and Mrs. Jimmie Lee Brooks are graduates of Borger High School and are sophomores at A.S.C.

Sunday dinner guests of Mr. and Mrs. W. H. Brooks, sr., who came to help her celebrate her birthday anniversary included Mr. and Mrs. Virgil Plumlee of Phillips; Mr. and Mrs. Dale Ray Wily and Scott, Mrs. Bert Rhodes, Lyndia, Jackie and Lynette Dowlearn of Amarillo.

(THE) COOK WITH A LOOK...

THE LOOK OF ELECTRIC COOKING

EXCITING OFFER
 Your Recommended Reddy Kilowatt Dealer has a free electric sweeper for every Public Service Company residential customer who buys an electric range now. Better see him about it!

Electric cooks always seem to have that look of a good cook—self-confident, sure, creative... unquestionably it's because they have confidence in their electric ranges. They know that electricity is the utmost in accuracy so when they set a dial or turn a switch they KNOW the results will be good—every time... no guesswork but still plenty of room for cooking creativity. Or, to put it another way, women just plain like electric cooking!

SO WHAT'S SO HARD ABOUT FARMING?

Profit. That's what separates farmers from failures. More and more farmers are coming to realize the big profit advantage of applying anhydrous ammonia in the fall. Early application gives the ammonia a chance to release the plant food in turned-under stalks... make it available for use by next year's crop. And fall application eliminates the rush of doing it next spring. Right now we have a good supply of Nitromite, Shamrock's fine brand of anhydrous ammonia. And plenty of application equipment waiting so you can get the job done fast. Call us for the Nitromite you'll need for a fall application.

ZIP Coded Mailings Move With Frost Line

The old saw that "Everyone talks about the weather, but nobody does anything about it," no longer applies to the Post Office Department. It's ZIP Coding the Frost Line!

In doing something about the weather, the Department is offering a boon to farmers, nurserymen, truckers and businessmen whose margin of profit depends, to a great degree, on beating Jack Frost to the market.

Lynn Smith was a patient in Swisher County Hospital Saturday.

Gary Whitfill underwent an appendectomy in the Medical Center at Plainview Sunday afternoon.

REMOVE WARTS!

Amazing Compound Dissolves Common Warts Away Without Cutting or Burning

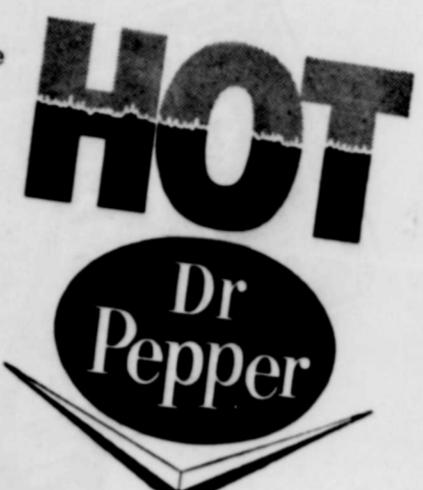

Doctors warn picking or scratching at warts may cause bleeding, spreading. Now amazing Compound W[®] penetrates into warts, destroys their cells, actually melts warts away without cutting or burning. Painless, colorless Compound W, used as directed, removes common warts safely, effectively, leaves no ugly scars.

Mr. and Mrs. Berton Hughes and Randy have been recent Sunday visitors with her parents, Mr. and Mrs. R. E. Renfro, and Gayle in Vernon.

Mr. and Mrs. Larkin Vardell and daughters of Slaton and Mr. and Mrs. Hilton Vardell of Tullia visited here Sunday afternoon.

DR PEPPER
IS GREAT HOT, TOO!

Dr Pepper Company, Dallas, Texas 1964

PROJECT A—for Agriculture—the new program consists of speeding delivery of mail order seeds, plants and food products by ZIP Coding parcels according to the movement of the Frost Line.

Here's how Project A works: A farm or a nursery ships its perishable products—flowers, shrubberies, trees, vegetables, seeds, etc.—by parcel post, ZIP Coded according to the frost lines announced annually by the Weather Bureau.

In filling orders from customers, the mailer breaks down these weather zones into ZIP Code sectional centers, to which delivery is made directly from his local post office.

The result? Plants are received days earlier.

Does it work? The Jackson and Perkins Nurseries, of Newark, N.J.—the world's largest nursery and the largest rose growers in the United States—are sold on the program.

They have found—in shipping nearly a million parcels of perishable plants—that an estimated three handlings are eliminated between the point of mailing and the point of receipt, when the parcels are ZIP Coded according to the Frost Line.

And the Jackson and Perkins parcels were received "in almost record time and in excellent condition."

Study Group

Developed by a Parcel Post Study group established by Postmaster General John A. Gronouski to revitalize parcel post services, Project A will also provide special Post Office Department labels, free of charge, which identify ZIP Coded parcels as agricultural or botanical products, subject to postage or damage.

Pool Cases

The Parcel Post Study Group has also devised a new program for extensive use of "pool cases"—large cardboard boxes in which smaller parcels destined for the same sectional center are pooled for mailing—to further reduce parcel post damage.

Scheduled Parcel Post

At Lansing, Mich., Mr. Fredrick Belen, Deputy Postmaster General, recently supervised the start of a new program for shipment of automotive parts using ZIP Code and pool cases.

In many areas of the country parcel post shipments are being scheduled so that mailers can be told when they can expect their packages to be delivered. In many instances delivery is being accomplished.

Christmas Stamps

More than 2 billion special Christmas stamps will be sold this year. Each sheet of 100 stamps will contain 25 each of four designs.

Upon its arrival, the pool case would be immediately opened, and the contents delivered quickly to the addressees in nearby communities.

This method saves time enroute, by reducing the number of necessary post office handlings, and greatly reduces the likelihood of damage—which traditionally has increased with each handling.

President Johnson has called for the best possible postal service at the lowest possible cost. Project Agriculture and pool casing are just two new programs recently initiated by the Post Office Department.

On Sept. 9 at Annapolis, Md., Mr. Gronouski announced an experiment for "scheduled" delivery over about 18,000 square miles in the mid-Atlantic area for parcel post, providing guaranteed delivery within specified times between first of many such programs being developed.

Max Garrison spent Friday night in Swisher County Hospital for treatment of a knee injury he had received as a result of playing football.

Donnie Dunn, four-year-old son of Mr. and Mrs. Lyndon Dunn, has been a patient in Swisher County Hospital.

Silverton, Texas 79257

Dear Fellow Farmers:

If you think that we don't have to promote grain sorghum to sell it, you are absolutely right, if you still hook up old melle to the buggy and are living the past.

In the grain producing section of Briscoe County there are very few fattening lots of any size to feed home grown grain. Whether there is one feed lot or and hundred, the point is that most of us depend on grain sorghum for part of our income, and if we don't feed it we expect to sell it. We expect to have a buyer standing with his arms wide open ready to buy anytime we want to sell. We expect a good price. But stop and think if you don't want the stuff on your place five minutes after you thrash and don't care where it goes, just maybe no else will care either.

We hear the gripe: get the government out of farming; then when you can help yourselves, you balk. What do we want handouts; or do we want to get busy and start selling our maize and make markets for it?

If you don't feed all your crop and expect to sell on the market or expect government handouts, join GSPA and support it. They try to sell our grain and also try to keep the price as favorable as they can.

The Briscoe GSPA could use your dollars to promote your crop, 2 lbs per 1000.

Deposit your money at the First State Bank by the First of the year.

Your truly
Briscoe County GSPA

"World Culture" Is Program Topic

A panel discussion on "Spanning World Cultures" and a memorial service in honor of the late Mildred Hulsey of Tulia were features of the Gamma Iota chapter of Delta Kappa Gamma Society program at a Saturday morning breakfast at Wayne's Restaurant in Plainview.

Mrs. Laverla Porter served as program leader. Gladys Holley led the discussion with Mrs. Roy Carnes and Mrs. Lee Nowlin speaking on the cultures of other peoples.

Several of the members participated in the memorial service for Miss Hulsey, who had served as president of the Gamma Iota Chapter from 1951 to 1954. Miss Hulsey was also the organizer of eight chapters of the Future Teachers Association and was a teacher in the Tulia public schools for 45 years.

A white candle was lighted in memory of Miss Hulsey, paralleling the lighting of a red candle when she became a member of the organization 18 years ago.

Members attended from Tulia, Floydada, Lockney, Petersburg, Hale Center, and Plainview.

Have You Heard..?

FOR CENTURIES THE ONLY HOPE FOR THE HARD-OF-HEARING WAS THE EAR "HORN" OR "TRUMPET." THESE CUMBERSOME INSTRUMENTS DID LITTLE TO BRING THE WORLD OF SOUND TO THE HEARING HANDICAPPED.

Electronic hearing aids were invented in the early 1900's. Actually, Alexander Graham Bell was trying to devise one when he invented the telephone. Users were literally "wired" for sound.

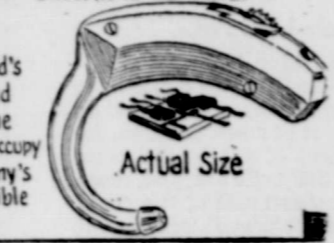

S.F. POSEN, FOUNDER OF BELTONE ELECTRONICS CORP., WAS THE FIRST TO PRODUCE A HEARING AID WHICH CONTAINED ALL COMPONENTS IN ONE UNIT.

ANOTHER DEVELOPMENT BY BELTONE, NOW MARKING ITS 25TH ANNIVERSARY, WAS THE EYEGLASS HEARING AID. DESPITE LOSSES IN BOTH EARS, A PERSON COULD NOW ENJOY BINOCULAR HEARING.

The latest development by Beltone, world's largest manufacturer of hearing aids and precision hearing test equipment, is the Micro-Module circuit, so small that 200 occupy only one cubic inch. Used in the company's "Serenade", it makes smaller size possible without sacrificing power.

"Legend of Harvest" Will Be Program

The regular meeting of Century Progress Study Club will be on Wednesday, November 25, in the home of Mrs. Wayne McMurtry. The theme of the program will be "Legend of Harvest." Hostesses will be Mrs. Wayne McMurtry and Edwin Dickerson.

Mrs. Jack Mayfield was a patient in the Plainview Hospital Thursday and Friday of last week. She returned to her classroom teaching Tuesday.

Mr. and Mrs. Bud McMinn spent a long weekend in Amarillo with their daughter, Mr. and Mrs. Melvin Watkins and daughters.

DISTRICT PRESIDENT IS GUEST FOR FEDERATION DAY TEA HELD HERE

Members of the 1925 Study Club, March of Time Study Club and the L.O.A. Junior Study Club were guests when the Century of Progress Study Club observed Federation Day with a tea in the community room of the Production Credit Association in Silverton Wednesday, November 11. "Federation—A Legend of Unity" was the theme for the meeting.

Mrs. Robert N. Tipps of Denver City, President of the Caprock District, Texas Federation of Women's Clubs, was special guest and was speaker for the occasion.

Mrs. O. C. Rampley, president of the Century of Progress Study Club, welcomed the guests and introduced Mrs. Tipps, who was presented with a corsage of yellow roses.

Mrs. Tipps compared the many-sided and ever changing faces of Federation to the kaleidoscopic colors and materials in a patchwork quilt, reminiscing of the love, work, dedication and imagination that Grandmother used in piecing remnants and scraps into a quilt which is loved for its beauty and sentimental value and treasured for the vital part it plays in the family's health, well-being, comfort and happiness.

Among the many challenging and interesting "pieces" in the "quilt" of Federation emphasized by Mrs. Tipps was the suggestion that the brilliant green patches might serve to remind members of the Conservation Department, and the work clubs have done and have yet to do in this Department. Green was suggested because of so much green in nature, which members strive to preserve and protect.

Red was mentioned as the symbol of the Home Life Department because of its vibrant hue and

the vibrant interest and meaning and the intensity of love and involvement that home life holds for all clubwomen. The comparison was that reds are outstanding in the quilt, and so home life is important in a woman's life.

Blacks, whites and browns were related to the International Affairs Department, representing the challenges of understanding and tolerance in a world of many peoples—a world which is becoming smaller all the time.

Texas Heritage, Education, Americanism and Fine Arts were among the other departments named as being essential in the "patchwork quilt" of Federation. Mrs. Tipps' special emphasis was on the rich blue that might remind us of the blue ribbon aspects of service in the community.

She stated that she had recently attended a seminar on Community Service in Tucson at the University of Arizona, sponsored by the Sears Roebuck Foundation. The Sears Roebuck Foundation and the General Federation of Women's Clubs jointly sponsor a Community Improvement Contest which is a two-year project and is open to all member clubs of the G.F.W.C. Large cash prizes are offered to winning participant clubs for volunteer community projects and include any overall rehabilitation and development.

Adult literacy was stressed by Mrs. Tipps as being the "pet" community improvement project of her club in Denver City. She described how members of her club are teaching adults to read and speak the English language. She stressed that this kind of education is needed throughout Texas, and said that it can benefit and improve a community. She urged other clubs to support simi-

Mrs. Jim Mercer is shown serving Mrs. Robert Tipps from the silver service.

lar programs.

Mrs. Tipps concluded by planting the idea that just as small unlike pieces of material can be joined to make a beautiful quilt, and as the various departments of Federation can work together to make a satisfying and valuable organization, so also can individuals of diverse interests, personalities and abilities unite to work together to create a significant force of love and service.

Guests were served refreshments from a lively table on which was a centerpiece of yellow roses arranged in a crystal bowl. The table was laid with a white cloth, and a silver service and silver and crystal appointments were used to serve tea, coffee, cake and nuts. Hostesses were Mrs. Jim Mercer, Mrs. Pat L. Northcutt and Mrs. Joe Montague, members of the Yearbook Committee.

Clubwomen and guests who registered were Mmes. R. G. Alexander, T. C. Bomar and John Lee Francis, of the 1925 Study Club; Mmes. Charles Sarchet, Richard Whitfill, Leo Fleming, Don Cornett, Bill Durham, Randall Edleman, Sonny Lowery, John Fowler, John Plunkett, Harold Edwards and John Schott, of the L. O. A. Junior Study Club;

Also, Mmes. J. V. Self, Marvin Montague, H. A. Cagle, True Burson, J. W. Lyon, Jr., and Roy Mayfield, of the March of Time Study Club; and Mmes. L. D. Griffin, Carl Bomar, Pat L. Northcutt, James Davis, Edwin Dickerson, Jack Strange, Norman Strange, Carol D. Davis, F. E. Hutsell, Von Kleibrink, Leon Grosdidier, O. C. Rampley, Jim Mercer, Bill Hines, and Joe Montague, of the Century of Progress Study Club, and Mrs. Robert N. Tipps of Denver City.

The Century of Progress Study Club held a business meeting after the tea, and Mrs. O. C. Rampley presided. Mrs. James Davis called the roll and read the minutes of the last meeting. She gave the secretary's and treasurer's reports.

Mrs. Carl Bomar, corresponding secretary, presented an invitation from the March of Time Study Club to attend the musical program they are sponsoring at the school on November 19. A thank-you note was read from Mrs. Bea Freeman, who recently presented a program on the Wycliff Bible Translators and their work. Mrs. Von Kleibrink's letter of resignation due to her moving from the city was read and accepted.

Mrs. Norman Strange distributed the cookbooks ordered by the club for re-sale. The cookbooks are "My Favorite Recipes," for your own collection of favorite recipes, and "Favorite Recipes of

Texas," a collection of recipes of the leaders of Texas women's clubs sold only for fund raising. The price is \$1.95 each.

Mrs. Edwin Dickerson announced that the annual Christmas Bazaar will be held the second Saturday in December, and Mrs. F. E. Hutsell reported that definite plans for the Christmas party are not complete.

Cash donations were voted for the State Hospital at Wichita Falls and for the American Field Service project.

The club agreed to participate in the Community Improvement Contest sponsored by the Sears Roebuck Foundation and the General Federation of Women's Clubs.

Before adjourning, Mrs. Rampley reminded club members that Savings Bonds should be purchased for the participation in the Savings Bond Program in the near future.

L.O.A. Club To Entertain Husbands

Members of the L. O. A. Junior Study Club will entertain their husbands at 8:00 p.m. Monday, November 23, at the Elm Tree inn in Tulia.

The theme of the occasion will be "The Art of Taking Time to Live." The invocation will be given by Charles Sarchet.

PARENTS OF MRS. BOLING TO CELEBRATE ANNIVERSARY

All friends and relatives are cordially invited by the children of Mr. and Mrs. John B. Gaither of Olton Route, Plainview, to attend an open house to be held in their home seven miles west of Plainview on the Olton highway, Sunday, November 22, 1964, honoring them on their 50th Wedding Anniversary.

The open house will be from 3:00 to 5:00 p.m. No gifts, please. Mr. and Mrs. Gaither are parents of Mrs. Bill Boling.

The reason the average girl would rather have beauty than brains is that the average man can see better than he can think.

THE PRESCRIPTION

In Greco-Roman medicine, Rx heading a prescription symbolized a prayer to Jupiter and was frequently the only active ingredient.

By contrast, the prescription now symbolizes the advances of healing arts—the skill of the physician founded on centuries of increasing medical knowledge—the background of research to develop new effective drugs—the intergity and know-how of the pharmaceutical manufacturer—and the professional skill of your pharmacist—uniting to bring you even more valuable drugs compounded to the exact specification of your physician.

JANICE'S JOURNAL

by Janice Lewis

Respect could be defined as being considerate or courteous. This is a term that all are familiar with and have practiced frequently.

There are many different forms of respect. Respect of persons, the flag, and one's country are only a few. Of these three, the respect for other people seems the hardest for us to master. In the fast-moving world of today, the simple courtesies that are so important in a free country, such as America, are often forgotten. It seems we have more important things to do; we are out to make that extra dollar.

Always remember the respect that is due those older than you. They have lived longer and are usually wiser, in experience at least, than you; so therefore, show them that you are aware of your responsibility. You will learn to expect the same courtesies when you grow older.

Students have a special responsibility to respect those in authority, the faculty. You may not always agree with their viewpoints of approve of their actions. They may be only a few years older than you, but they do deserve and demand the respect of their students. What kind of discipline would there be without respect? It would be rather hard to imagine.

Teachers sometimes seem unnecessarily strict. Most teachers will, however, take more from a student before taking disciplinary measures than a student will take before going to the principal. Had you ever thought about that? If not, consider it now, and you will find it a lot easier to respect the faculty.

FBLA Day Held At West Texas State

Twenty senior members of the Silverton F.B.L.A. chapter and their sponsor attended the first F.B.L.A. Day held on the campus of West Texas State University. Registration began at 9:00 a.m. Friday, with several schools from over the panhandle represented at both morning and evening sessions.

Silverton, Palo Duro and McLean high schools presented the program. Silverton students did well in the three contests that were conducted. Janice Lewis placed second in the Spelling Contest; Robert Bomar placed second in the Mr. F.B.L.A. Contest, and Pat Cagle placed third in the Miss F.B.L.A. Contest.

Dwaine Mires of Shamrock Oil & Gas Corporation interviewed the boys and Mrs. Berlin Vance of Vance Employment Agency interviewed the girls in the Mr. and Miss F.B.L.A. contests.

Steve Wood, past president of the National F.B.L.A., was luncheon speaker. Steve is now a freshman at Abilene Christian College.

Mrs. O. C. Rampley returned to the campus Saturday to attend the Sixth Annual Business Education Workshop conducted by the School of Business. Dr. Ray G. Price, a well-known author of business publications, was speaker for the session.

Marks of Champions Around The World Dinner To Be Held

by Janice Lewis

O. R. Stark, jr. of uitaque expressed his appreciation to the Student Council for the privilege of speaking to the student body on Wednesday, November 11. He spoke on the subject, "Marks of Champions."

All men who get ahead have an extra something; they are champions. Mr. Stark stated that the marks of a successful athlete and those of a successful man coincide. He passed along the following "Marks of Champions."

1. A champion possesses self-control of body, mind and personality. Mr. Stark told the story of Roger Banister, the first man to run the mile in less than four minutes. For months he believed it could be done, while others said it was impossible. Then in May of 1954, Roger Banister succeeded in running the mile in three minutes and fifty-nine seconds. Within four years the record was broken forty-six times.

2. Determination is a necessity to success. Everyone has the potentiality to succeed, but only a few possess the necessary determination.

The famous scientist Faraday once was found on hands and knees searching for a lost article. When asked if it was necessary that he find the article he replied, "No, but it's important that I finish what I started out to do."

3. Humility is a characteristic that most champions possess. The greater men are more soft spoken and easier to talk to. Joe Lewis, former heavy-weight champion of the world, was to have said concerning World War II, "if we win the war, it won't be because God is on our side but because we are on God's side."

4. Enthusiasm is one of the most valuable traits that a champion can possess. Enthusiasm, in itself, can take you to the top when you have nothing else to depend on. It enables you to do better what you are now doing.

5. The last mark is belief. You know it is important, but do you practice it? Mr. Stark told the story of a painter who had his masterpiece stolen but remained strangely unperturbed. A concerned individual asked the painter if he realized that his fortune had been stolen.

The painter replied that the painting was only a portion of his fortune, that his fortune was in his head.

Mr. Stark concluded his comments by reading a poem concerning the individual who is well equipped to succeed. Before success comes, this individual must, however, overcome himself.

Senior Class News

On Tuesday, November 10, the Senior Class met. After some discussion, the boys decided to sell trash barrels while the girls have a bake sale. Both projects will take place Saturday, November 21.

Around The World Dinner To Be Held

The F.H.A. will sponsor their annual Around-the-World dinner Monday night, November 23. Serving will begin at 7:00 p.m. in the school cafeteria.

Admission is \$1.00. Come, and enjoy dishes from all over the world.

FHA Has Meeting

The Silverton chapter of Future Homemakers of America had a regular meeting Thursday, November 12. The club decided not to sell pecans, as had been planned previously, because other local clubs are selling them.

A report on the Around-The-World dinner to be held Monday night, November 23, was given. The Anti-Litter Committee and Christmas Committee were asked to be thinking about their projects.

Variety Show A Great Success!

Once again the people of Silverton turned out in full support of the F.B.L.A. Variety Show and Pie Auction. As a result, the goal of raising enough funds to buy two new electric adding machines for the business department was reached.

Gene Harris, auctioneer from Plainview, not only donated his services but also bought an expensive chocolate pie in the process. Both students and adults were very generous in their bidding for the more than 70 pies that were sold.

F.B.L.A. expresses its gratitude to everyone who had a part in making the program a success—those who participated on the program, the businesses who bought advertising on the programs, and those who attended and bought pies.

The doctor noticed that Howard's hands kept shaking during the physical exam.

"You drink a lot, don't you?" the doctor asked.

"No sir," Howard said, "I spill most of it."

NOTICE!

For official information about school closings due to bad weather tune to the School Emergency Warning Service, KGNC-710 on your radio dial. Tune in between the hours of 6:00 and 8:30 a.m. for this information.

Mrs. Robert Ledbetter took her youngest son, Will, five-months-old, to Lubbock Monday for a medical checkup.

Mr. and Mrs. Bern May left Friday for Carizzo, New Mexico, where they are visiting his cousins, Mr. and Mrs. Duff May, and hoped to go deer hunting.

Mrs. Alma York and grandson, Dickie York, visited her sister and husband, Mr. and Mrs. Earl Simpson early this week. The ladies planned to visit their mother, Mrs. Flora Hudgins Foster, in

Plainview.

Mr. and Mrs. Virgil Chitty of Plainview spent Friday night and Saturday here with his brother, Mr. and Mrs. Pete Chitty.

Mr. and Mrs. D. T. Nortcutt left early last week for a visit with their daughter, Mr. and Mrs. Dave Kellam, Celia, Lou and Mike in Torrington, Wyoming.

Mrs. J. K. Bean and Mr. and Mrs. Walter Bean were in Alvarado over the weekend to attend the funeral of Mrs. Ona Neely, aunt of Mrs. J. K. Bean. Mrs. Neely, 86, was found dead in her home in Alvarado Thursday morning. Her funeral was held in the Methodist Church there at 2:00 p.m. Sunday. She had been a charter member of the church and of the Alvarado Eastern Star. She was a native of Johnson County. Survivors included a son, a dau-

ghter, three grandchildren, and several nieces and nephews.

Mrs. Gordon Montague of Plainview, Mrs. Will Smith and Mrs. Louise Seay spent last Thursday in Turkey with Mrs. R. C. Green.

Mr. and Mrs. Dale Smalts, David and Carol of Plainview spent the weekend here with her mother, Mrs. J. E. Vaughan. Mr. Smalts who had both meningitis and encephalitis several weeks ago, has been back on the job for some time but is regaining his strength slowly.

Mrs. E. C. Newman, Mrs. W. Hyatt and Mrs. Bob Baird were in Plainview last Thursday. Mrs. Hyatt transacted business with the other ladies visited Mrs. Newman's sister, Mrs. Elma Baker, and Mrs. J. H. Carter, patients in the Plainview Rest Home.

How to save for a rainy day— and help your country now

Someday, sometime, you may have an emergency which will affect the future of your family. It will be comforting to you to know that you have a fund standing by to help you meet that emergency.

In a sense, such an emergency exists now that your country has to meet. It comes up every day—here and all over the world. The emergency of keeping peace and standing up for freedom.

You can help meet both these needs with U.S. Savings Bonds. Your money in Bonds grows steadily to help you provide for college, a new home, an unexpected illness. And as the money grows, your country uses it to help protect our freedom.

Americans are holding \$47 billion in Savings Bonds—for rainy days, and sunny days, too. Why not join them? Start buying Bonds now, and see if you don't feel pretty good about the whole thing.

It's easy to buy Savings Bonds on the Payroll Plan where you work. A \$50 Bond costs \$7.50, a \$25 Bond \$3.75, and you can buy them in installments for a few dollars a week. Or buy them outright at any bank. No charge for the service.

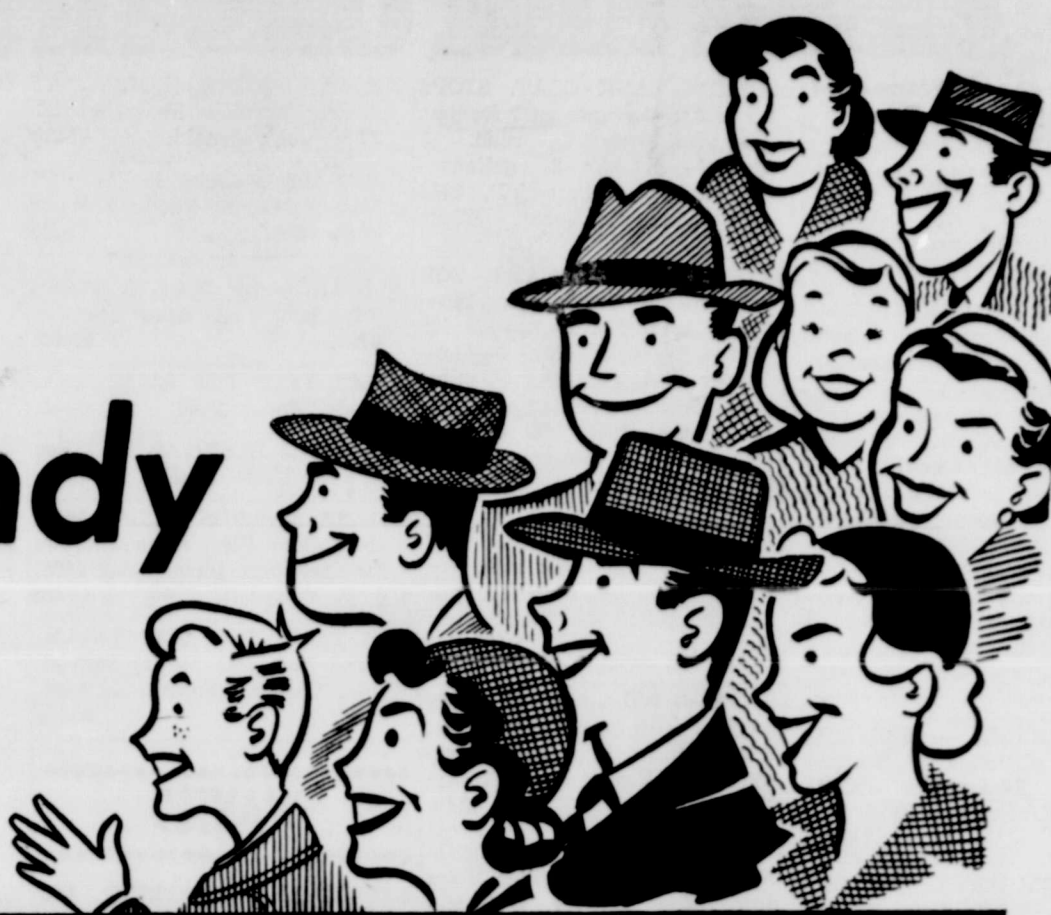

Some nice things about Series E Bonds

- You get 2 1/2% more money when they mature
- You can get your money when you need it
- You pay no state or local tax and can defer the federal tax until the Bonds are cashed
- Your Bonds are replaced free if lost, destroyed, or stolen

Keep freedom in your future with

U.S. SAVINGS BONDS

People are handy to have around

COPYRIGHT 1956 D. E.

Because

- They buy our stuff
- ... teach our children
- ... pay taxes
- ... treat our ailments
- ... fix our flats
- ... listen to our troubles
- ... loan us money
- ... serve on committees
- ... guide our footsteps
- ... etc., etc., etc.

Neighbors help us to live longer and enjoy it more

Most of the comforts and conveniences that we enjoy today are accessible to us more or less in proportion to the number of people who live near us.

Schools, churches, doctors, electric power, stocks of foods, medicines, and clothing, trained technicians to service our needs, customers for the

products of our own labor . . . all of these are ours to enjoy . . . as long as there are enough PEOPLE in the community to support them.

Every dollar that leaves this community helps to move somebody out. Every dollar that is spent here, helps to bring more people in.

LOST AND FOUND

LOST: KEYS ON RING IN FOL- gers coffee can, between my home and laundry. Please return to Roy Morris. 2-1f

Mrs. Judd Donnell and Stevie of Las Vegas, New Mexico, arrived here Monday for a visit with Mrs. Cora Donnell, other relatives and friends. Mrs. Cecil Joslin, who has recently moved from Plainview to Las Vegas, brought her sister here and went on to Plainview to transact business and visit friends. Mmes. Donnell and Joslin, nee Maxine Allred and Phyllis Allred, are graduates of the local high school.

CARDS OF THANKS

We want to express our heartfelt gratitude to the friends and neighbors who assisted us in so many ways at the passing of our loved one. Thank you for the beautiful floral offering, for the food, cards, and every word of consolation.

May God bless and keep you in your hour of need.

- Mrs. D. Oneal
- Mr. and Mrs. W. H. Martin and family
- Mr. and Mrs. E. W. Clifton and family
- Mr. and Mrs. R. C. Kitchens and family

Our sincere thanks to each and every person who donated to the Boy Scout Finance Campaign. You are helping build better citizens through this youth program, and we appreciate your interest.

Silvertown Lions Club

On behalf of Mrs. Shropshire, the State Migratory Health Nurse, and myself, a word of thanks is extended to members of the L. O. A. Study Club and to the Young Farmers organization, and to all others who worked to make our immunization clinics a success.

Thank you!
Mrs. Roy Francis, R.N.

DEAR FRIENDS,

Please help me win the Pedwin Lotus Ford Racer being given away by Bates-McHaney Shoe Store in Tulia. The contest ends next Wednesday, November 25. At the present time I am still in first place. Please vote for me when you shop at Bates-McHaney.

I also want to thank everyone who has already voted for me.

Sincerely,
Rhonda Sutton

Mr. and Mrs. L. E. Paige, jr., and Eric of Amarillo spent the weekend here with Mr. and Mrs. L. E. Paige, sr. They also visited Mrs. Clyde Lightsey, Mrs. Grace Irion and Spencer Long Sunday afternoon.

BULLETIN AVAILABLE ON FIELD DRESSING DEER

With deer hunting season just around the corner, hunters may be interested in a new leaflet, "Field Dressing a Deer," now available at the county agent's office.

Since quality venison depends primarily on how the deer is handled from the time of kill until it is placed in the freezer, field dressing is important, says Leon Grosdidier, Briscoe County agricultural agent.

Leaflet L-634 gives one method of field dressing and skinning a deer. However, points out Grosdidier, any method resulting in a clean, well-bled carcass is satisfactory. Unpleasant experiences with venison usually result from lack of care before the meat reaches the kitchen, he says.

Information in the leaflet has been provided by Wallace Klusmann, Extension wildlife conservation specialist, and by the

Mrs. Carol D. Davis and Alex spent the weekend at Hart with her brother, Mr. and Mrs. Norland Dudley and daughters.

Sgt. M. Dan Thompson of Kelley A.F.B. at San Antonio spent a long weekend here with his family, Mrs. Thompson, Johnny, Bobby, Danny and Pam. Dan has completed his flight engineering and will be flying more in the future.

Unusual, but not extreme Lavish, yet budget-priced
