Pony League To Meet Tonight

Pony League players and parents are to meet tonight (Thursday) at 7:30 o'clock in the ball park.

Boys 13-15 years old are eligible to participate in Pony League. Anyone interested in playing is invited, and parents are urged to attend.

Jaycee Clean-Up, Paint-Up, Fix-Up Week Planned

Everyone who has trash is asked to pile it up close to the alley so that the Jaycees can pick it up during the Clean-up, Paint-up, Fix-up Week which they are sponsoring beginning Monday, May 31. The Jaycees will haul off free of charge any trash you have, including tree limbs and anything else that can be loaded by hand.

Anyone who has a truck or trailer that the Jaycees can use, is asked to call 2741.

The Jaycees will start picking up trash Monday at 5:00 p.m., and the group will be working each evening until they have gone over the whole town.

Please cooperate in this city beautification project.

Awards Presented to Grade School

Honor roll and perfect attendance certificates were presented to Elementary Principal Lyndon Ann during the Eighth Grade graduation exercises on Thursday morning of last week.

Receiving awards for having been on the honor roll every six weeks of the school term were: Sue Hamilton, Jill Hutsell, Gail Martin, Mikel Griffin, Ruth Cline, Barry Francis, Lori Francis, Martha Henson, Donna Stodghill, Paul Ray McWilliams, Annie Roy Weaver, Crockett Hobbs and Rick Martin.

Certificates for not having been absent or tardy during the school term were presented to Kenneth Hebet, Becky Francis, Scott Garfield, Shirley Gamble, Larry Wood, Mayfield, Victor Lee McVick, Barry Francis, Lori Francis, Donna Stodghill, Wylie Bomar, Randy Vaughan, Freeda Henson, Debra Ann Cantwell, Norwood Offield, Art Hamilton, John Thomas, Pamela Sue Vaughan, Elton Thomas, Sharon Jarrett.

Also, Rickey Hester, Marvin Daniel Gamble, Paula Montague, Patricia Henson, Leila Johnson, Stanley Gamble, Lane Marvin, Alexander Parras, Bill Lange, Monty Teeples, Debby Borner, Tommy Burson, Elaine Brant, Clinton Dickerson, Roy Saubert, Gail Mayfield, Janet Montague, Max Hamilton, Jay Long.

Also, Thurman May, Jimmy McWilliams, Rodney Vaughan, Max Sawyer, Nancy Reid, Paul Ray Williams, Shirley Beames, Juhannah Nance, Diana Strange, Lexington Younger, Jackie Davis, Jimmy Walker, Lannie Arnold.

Citizens Support 4-H Club Teams

On May 24, the 4-H Clubs sponsored a Weight Guessing Contest at the city park. Citizens who participated in the contest helped to fund the fund for sending the State Judging Team to the State and-up. Winners were:

Goats
Don Garrison, 2. Dee McWilliams, 3. Leo Comer

Sheep
Leo Comer, 2. R. L. Hill, 3. Sid Hardards

Burro
Obra Watson, 2. Bill Bingham, Coleman Garrison

Swine
Dee McWilliams, 2. Sid Richards, 3. Don Garrison

Calves
Obra Watson, 2. Dee McWilliams, 3. Mike Montague

Total Weight All Divisions
Sid Richards, 2. J. L. Self, 3. Comer

Prizes were donated by Tiffin's, Sales Station, Simpson Chevrolet Oil Company, Ted Heston, Gulf, Shamrock Station, Ash-McDaniel Texaco, Ledbetter & Co., Willson and Nichols Lumber Co., Brown Hardware, Silverton Auto Parts, Brown-McMurtry,

Mrs. Alvin Redin is pictured looking through the school yearbooks which she accumulated during her 41 years of teaching. Each one brings pleasant memories to mind as she recalls the schools in which she has taught and the pupils in the various classes which brought joy to her days during these years. (See story on page five) News Photo

Open Installation Will Be Tonight

Open installation of officers of the Order of the Rainbow for Girls will be held tonight (Thursday) at 8:00 o'clock in the Silverton Masonic Lodge.

The incoming Worthy Advisor is Mary Schott.

The public is invited to attend.

Lewis & Davis Ford, First State Bank, Salem Dry Goods, and Plainview Production Credit Association. The club wishes to thank these and Ray Thompson Implement for the many prizes and the cash donations.

Students Win In Writing Contest

Sandi Rhode and Orlin Grabbe have been announced as winners of a creative writing contest which was conducted in Silverton High School during the second semester.

One hundred and forty-five local students entered the contest which is sponsored by Read magazine. The contest was directed by each participating school system.

The two beginning paragraphs and a list of characters were given, and each student let his imagination take the story from there. The twelve most promising manuscripts were sent to West Texas State University to be judged by Dr. Schweinitz and his creative writing group.

Winning compositions were "Two Seconds and Holding," by Sandi Rhode and "The Sound of Freedom," by Orlin Grabbe. The winning authors received bronze medals inscribed on one side "Read Magazine Creative Writing Award" and on the other side "For Excellence in Creative Writing."

Farmers Union To Meet Tuesday Night

Briscoe County Farmers Union will have their regular meeting on Tuesday, June 1, at 8:00 p.m. in the Production Credit Association community room.

Reports will be given by Norman Strange and Jim Robinson, who left Monday, May 24, for Washington, D. C., as delegates of Briscoe County Farmers Union. They have spent three days in the Capitol, meeting with the House Agriculture Committee on cotton legislation matters.

All interested farmers are invited to attend this meeting.

Mr. and Mrs. Herb Brink and family of Lubbock spent a recent Sunday with her parents, Mr. and Mrs. W. J. Hyatt.

Mrs. Elsie Mae Hood of Shamrock, Mr. and Mrs. R. C. Green and Mr. and Mrs. Keith Green and sons of Turkey were recent Sunday visitors with Mrs. Will Smithe.

Jerry Williamson Wins Two Awards

Jerry Williamson, junior from Silverton, was a two-time winner when departmental awards were presented to Hayland College students for 1964-65, winning honors in both English and history.

Williamson, son of Mr. and Mrs. Bill Williamson, is a 1962 graduate of Silverton High School.

Among other honors accorded him are the presidency of Sigma Tau Delta, national English fraternity, and Phi Alpha Theta, national history fraternity, and is Chief Justice of the Supreme Court of the Student Government Association.

Grosdidier To Attend Math Institute

Glen Grosdidier of Silverton is one of 40 high school mathematics teachers selected for a National Science Foundation summer mathematics teachers selected for a National Science Foundation summer mathematics institute, which opens June 28 at West Texas State University. The institute closes on August 20.

Dr. H. L. Cook, head of the WTSU mathematics department and director of the institute, said that the 40 were chosen from more than 500 applicants from throughout the nation. All but four accepted for the institute are from Texas, he said.

The institute is to be conducted through a \$50,000 grant from the National Science Foundation. All participants have had at least two years of teaching experience in secondary schools. Work will be devoted to improvement of subject matter background. Visiting mathematicians will assist with lectures and programs in methods and techniques of teaching and new developments in the field.

Tech Athletes To Receive Awards

Eighty-two Texas Tech athletes have been recommended for varsity letter and freshman numeral awards for spring sports.

Bobby Kitchens of Silverton was one of 15 varsity track participants recommended for a letter by Track Coach Vernon Hilliard.

A. D. Estes of Plainview was a business visitor in Silverton last week.

Rita Brown Receives F.T.A. Scholarship

The Future Teachers of America chapter, Sigma Eta Sigma, of Silverton High School has had as its project the giving of a \$50 cash scholarship to the most deserving future teacher in the organization. The scholarship is based on the qualities of leadership, character and service.

The winner of the scholarship for the 1964-65 school year is Rita Brown, daughter of Mr. and Mrs. Arnold Brown. Rita was one of the charter members of the organization, and has served as an officer of Sigma Eta Sigma F.T.A. for the past two years.

Briscoe Affected By Redistricting

Due to the redistricting which has been underway in Austin, Briscoe County will no longer be a part of the 89th District, which now includes Hale, Floyd, Swisher and Briscoe counties.

State Representative Ralph Wayne of the 89th District advised the Briscoe County News last week that Briscoe County would either be moved to the District north which includes Randall County, or to the District to the east and south for which Bill Heatly of Paducah is State Representative. Believing that Briscoe Countians have more in common with the people to the east

than with those to the north, Representative Wayne recommended the latter.

Rep. Wayne, whose home is in Plainview, said he "sure hated to lose Briscoe County, because I had such good supporters there." He added that he was delighted "to keep Swisher and Floyd with his home county of Hale," because those counties gave him his strongest vote.

Representative Heatly lost Donley County in the shuffle, but gained Dickens County in addition to Briscoe. Heatly said that he regretted the loss of Donley County, but said that he owned land

in Dickens County and that his grandmother's people had lived at McAdoo.

The redistricting will not become effective until the term of office of the present representative has expired.

Representative Wayne told the News that he believes Representative Heatly will be in a position to do much for this area. He is Chairman of the Appropriations Committee and, having seniority, is one of the more influential representatives in Austin. Wayne added that he and Heatly usually vote alike on issues.

4-H To Sponsor Bake Sale Next Friday

On Friday, May 28, the 4-H Clubs will have a bake sale at Stafford's Grocery. It will begin at 8:00 a.m. and continue until all the goods have been sold.

The proceeds will be used to send the Land Judging Team to the State Round-up.

Spencer Long and E. C. Newman left Sunday for Excelsior Springs, Missouri, where Mr. Long planned to have treatment.

Awards Presented At Graduation Exercises

An overflow crowd was present to see 36 graduates of Silverton High School receive their diplomas in commencement exercises held here Friday evening. Awards, which are traditionally presented to deserving students, were a highlight of the evening.

Elaine Boyles, who will be a senior next school term, received recognition for having edited the

school yearbook this year.

Rita Brown received the head cheerleader's award and a \$50 scholarship presented by Sigma Eta Sigma chapter of Future Teachers of America.

Rocky Curby received the math and science medals, and as the third-ranking student in the graduating class with an average of 92.5, was awarded a college scholarship.

Dianne Davis received the Daughters of the American Revolution good citizenship medal, and a copy of the book, "I Dare You," for outstanding leadership. She also received the salutatorian's medal for her scholastic average of 94.5, and a scholarship.

Connie Dudley, who will be a junior next year, received the typing medal.

Max Garrison received a copy of "I Dare You" for outstanding leadership and recognition as the Student Council President. Max

was the seventh-ranking student in the class with a scholastic average of 89.6.

Orlin Grabbe, who will be a senior next year, received the history medal.

Janice Lewis received the valedictorian's medal for her scholastic average of 96.2, and her choice of college scholarships. She received a subscription to Reader's Digest (special valedictorian's award), the English and shorthand medals, and was recognized as being co-editor of the school newspaper.

Sharon Martin, who will be a junior next fall, received the homemaking medal.

Mitchell McDaniel, a sophomore, and Wayne Nance received honor roll medals presented by Century of Progress Study Club. Wayne also received a good citizenship medal.

Martha Mills received medals for being the best girl athlete and for being best all-around girl. She was recognized as being the fourth ranking graduate, with an average of 90.9.

Kathy Peugh was recognized as being co-editor of the school newspaper.

Greg Towe received medals for being the best boy athlete and best all-around boy. He was recognized as being the sixth-ranking student in the graduating class with an average of 90.1.

Joe Bob Watson received the agriculture medal, and was recognized as being fifth in the graduating class with an average of 90.8.

Second Semester Honor Roll

THE OPEN DOOR

"Behold, I have set before thee an open door . . ." Rev. 3:8
 by Rev. Clyde Cain

Laughter is a time that slackens and unbraces the mind. It is an opportunity to experience the freedom of the cares of today's tension-ridden world and seemingly dissolves the powers of the soul.

Laughter generally portrays the character of the individual and invades a bit of the unknown in the reserve being.

Laughter permits frequent reliefs and breaks the gloom which is apt to depress the mind and dampen the spirit with gleams of joy.

Laughter is the opportunity that provides a balance in life. Don't be afraid to laugh and enjoy yourself once-in-a-while.

Mr. and Mrs. J. S. Hinds spent the week end in Hereford with Mr. and Mrs. M. H. Richie and their new daughter; Mrs. Richie and Shellie Kay returned home from the hospital Sunday morning. Mrs. Buford Hinds, of Abilene, is spending a few days with her niece and family, the Richie family in Hereford.

Mrs. Onar Cornett and Mrs. Don Cornett, Mike and Kim spent one day last week in Amarillo with Mr. and Mrs. Mickey Cornett and David.

Mrs. Jessie Cowart, of Plainview Mr. and Mrs. Gilbert Pendley and family, and Charles Edwin Cowart of Amarillo spent Friday night of last week with Mr. and Mrs. Charles Cowart and Cheryl. W. J. Gresham, of Millsap, had come early last week for a visit with his daughter and family, the Cowarts. All were here especially to attend the graduation services Friday evening at the local high school.

Mr. and Mrs. R. N. McDaniel and Mr. and Mrs. Robert McDaniel, III and family, Silverton; and Mr. and Mrs. Kenny White, of Tullia, recently attended a Fore family reunion in the home of Mr. and Mrs. Jack Fore in Littlefield.

Week end visitors in the home of Mrs. E. Posey were Mr. and Mrs. Tommie Haiston and sons, of Borger, and Mr. and Mrs. Doyle Huntsman and children, of Amarillo; they and Mr. and Mrs. R. A. Edwards and Tommy, Mr. and Mrs. Fred Edwards and Mr. and Mrs. H. A. Cagle enjoyed a picnic supper at Burson Lake Saturday evening; the men in the party went fishing at Burson lake at an early hour Sunday morning.

Mrs. Loyd May and Virginia May attended graduation services at the Quitaque High School Friday evening of last week; Charlene Bailey a niece to Mrs. May, was a member of the graduating class.

Mr. and Mrs. Frank Claunch and Terry, of Lubbock, were week end visitors with Mr. and Mrs. Raymond McJimsey, Todd, Nicky and Tandy.

Mrs. Winston Hamilton was a patient in the Swisher County Memorial Hospital from Monday evening until Friday of last week when she moved to Northwest Texas Hospital in Amarillo where she underwent surgery Monday morning. Mr. Hamilton has been with his wife most of the time while in the hospital. Mr. and Mrs. Elbert Dickerson and Mr. and Mrs. Freddie Hamilton were Sunday visitors with them; Mr. and Mrs. Melvin Hamilton, of Bovina, and Mr. and Mrs. Wayne Hamilton were at the hospital Monday for the operation.

Mr. and Mrs. Glenn Jones spent a long week end in Fort Worth with their daughter and family, Mr. and Mrs. Reggie Wells and children. Douglas and Susan Wells returned home with their grandparents, Mr. and Mrs. Jones, for a visit while their parents are vacationing in New York.

Mr. and Mrs. Bill Verden, Debbie and Paula left Wednesday of last week for a months vacation sightseeing trip through the southern United States; they plan to visit various relatives along the way as well as places of special interest.

Mr. and Mrs. Virgil Crow and Phyllis visited Mrs. Elma Baker, a patient in a Plainview rest home Saturday afternoon.

David and Carol Smalts, of Plainview, spent a long week end with their grandmother, Mrs. J. E. Vaughan; the children's parents, Mr. and Mrs. Dale Smalts, spent Sunday here and returned the children home.

Mr. and Mrs. R. L. (Mack) Mc-

CUE FOR HEALTH

DENTISTRY'S UNSUNG HEROES

The science of tooth care is an ancient one—going back to the early Greeks who had pincers for pulling teeth much like our modern forceps. Long before the Middle Ages, Avicenna, an Arab scholar, had discovered methods of filling cavities and deadening the pain of toothache with drugs made from herbs.

In the 17th century, a Dutchman, Anton, van Leeuwenhoek, invented the microscope and discovered the presence of bacteria in the tartar that forms on teeth. But for all this early development, the fact is that the past 200 years have given us more ways to take care of our teeth than all other ages combined.

Today, every mother can give her family an advantage unknown to our ancestors—a lifetime of fewer cavities. New Cue Toothpaste with Fluoracton—the latest in cavity-prevention, can give a lifetime of fewer cavities when used in a program of regular check-ups, watching between meal sweets, and brushing after meals with Cue.

Mr. and Mrs. Bill Hines, Billy Wayne, Lonnie and Scottie have recently moved to Floydada. Mr. Hines was coach in the local high school during the past year before accepting a position with the PCA in Floydada a few weeks ago; he has been commuting until the school term ended. The family attended the Methodist church while in Silverton.

Mr. and Mrs. S. E. Pennington, Randy and Susan moved to Silverton in August 1963 and have recently moved to Albany; Mr. Pennington was employed by the S.C.S. while here and will continue in the S. C. S. in Albany. The family attended the Methodist church while here.

Mr. and Mrs. Beade O. Northcutt, Cheryl, David and Mark have recently moved to Big Springs, having lived in Silverton

since August 1963. They attended the Methodist church while in Silverton and will continue that work in Big Springs.

Mrs. A. G. Stevenson moved home recently after having away three weeks. She and her sister, Mrs. Esia Paulson of Norwalk, California, and sons Roy, of Norwalk, California, John and William, of Yuma, Arizona, and Mr. and Mrs. David Lips and daughter, of Bell County, Texas, were in town for two weeks; after returning to Amarillo Mrs. Stevenson spent a week with her daughter and family, Mr. and Mrs. Melvin B. and Dean before coming home.

Mrs. Claude Grimes, of Littlefield, and Mr. and Mrs. Bill Grimes, of Anton recently visited Mr. and Mrs. Eugene Long

COURSE OF STUDY, PROJECTS CHOSEN BY L. O. A. JUNIOR STUDY CLUB

In a recent meeting of the L. O. A. Junior Study Club, members chose problems of the world as the general area of study for the 1965-66 club year. Members voted to attend the presentation in Palo Duro Amphitheatre this summer, and to host a catered supper for their husbands near Valentine's Day in town. It was decided to take one out-of-town tour during the club year.

Members voted to donate \$10 to the treasury instead of having bake sales and other money-raising projects. The money is to be paid before the annual meeting. It was also decided that members would buy their own yearbooks again next year.

It was decided to support the community building and/or hospital building projects, to sponsor a community clean-up, a tea for the teachers, to donate playground equipment, to participate as individuals in a cancer check-up, and to conduct the Cancer Crusade. Members chose to buy Christmas gifts for shut-ins and to support Toys for Tots again next year. It was the decision of the majority to have a freedom of the press observance, to support the American Field Service and to observe Public Schools Week.

Members voted to donate books to the library, to pack a Christmas box for the state mental hospital, to enter the pressbook contest, to support the Mackenzie Reservoir Project and to be 100% in subscriptions to The Texas Clubwoman magazine. Members also elected to be 100% in payment of poll taxes and voting in all elections.

Club members decided to support the four district junior projects, CARE Literacy in Old Mexico, Project HOPE, National Foundation-March of Dimes, and Stamps for the Wounded. In addition, they adopted the T.P.W.C. headquarters maintenance and endowment funds, Penny Art, Musical Penny and Latin American scholarships, CARE Vocational Training, Arthritis and Rheumatism Foundation and the Congressional Medal of Honor Grove.

Project HOPE

Project HOPE is the support of the hospital ship, HOPE (Health Opportunity for People Everywhere). The ship was formerly a Navy hospital ship, which was taken out of mothballs through the efforts of Dr. William B. Marsh, in response to President Dwight Eisenhower's appeal for an international people-to-people program. The ship was not and never has been a government project, though the project began with a blessing from the White House and approval of the U. S. Navy.

Its mission is manifold —to

PLANT LINDSEY 788

HIGHEST YIELDING HYBRID IN 5 YEAR AVERAGE AT HIGH PLAINS RESEARCH FOUNDATION, PLAINVIEW, TEXAS

Lindsey 788 frequently yields in the 7,000 to 10,000 pounds per acre range in this area. Used by many sorghum growers who want absolute top yield potential in the hybrid they plant. Use where you plant early and can go all out for yield. 788 can also wait out dry conditions and still produce surprisingly high yields. Near full season maturity.

ALSO PLANT

LINDSEY 744—Earliest Grain Hybrid. Widely used on dryland and under limited irrigation.

LINDSEY 755—Medium Maturing Grain.

CONTACT LOCAL DEALER

teach, to heal, to learn, to make friends for the United States in developing countries, to be a pilot for what it is believed could grow into a great fleet.

Doctors are unpaid volunteers, flown to the ship on a rotating basis for tours of from two to four months. Nurses and other personnel work for token wages. Hundreds of independent companies, organizations and many individuals donate money for supplies and operating expenses.

When the Hope sailed for Southeast Asia the Communists were waiting with their favorite weapon: the Big Lie. Even friendly officials were skeptical. But the people opened their hearts. The record of major operations performed, treatments given and local physicians and nurses trained attests to the Hope's accomplishment —one that has since been extended to other far corners of the globe.

President Eisenhower said, "The work of the Hope is the single most effective step in presenting America as a warm and good friend."

L. O. A. Junior Study Club has for several years contributed pajamas, gowns and stuffed toys for use on the ship. Participation is to also include cash donations, and anyone wishing to donate to Project HOPE can do so through L. O. A. Study Club. Mrs. Roy Francis is the local Project HOPE Chairman, and Mrs. Randall Edleman is the Caprock District Project HOPE Chairman.

Stamps For The Wounded

The Stamps For The Wounded project has been adopted for the first year by L. O. A. Junior Study Club. Participation in this project involves collecting used or unused U. S. and foreign commemorative and revenue stamps, first day covers, first flight covers, plate blocks and etc. for distribution to veterans hospitals for use in therapeutic hobbies. Disabled veterans, who are unable to take part in more vigorous activities, use the stamps for their collections and in hobbycraft. In many cases, this hobby kindles an interest in wounded veterans and in more than a few cases the hobby has stimulated them to make the first step toward recovery or advancement in treatment.

The stamps are sent with just enough paper around them so that the perforations are not cut off. The ordinary three, four and five-cent issues are too common to be of value, but others are greatly needed. Stamps are mailed by the local club chairman, Mrs. Paul Williams, to the district chairman in Lockney.

Stamps For The Wounded is a volunteer organization whose officers serve without compensation. It is organized to work with the American Red Cross and the Veterans Administration, but has no official rank. In addition to the donation of stamps, cash donations are needed for purchasing stamp collection albums, supplies and materials for the use of the wounded veterans.

National Foundation
The present emphasis of the National Foundation is "Operation: Healthy Babies." The several facets of this project include a study of birth defects, support of the March of Dimes, and if possible action to see that better prenatal care programs and/or better services for children born with birth defects are available.

It is a fact that birth defects constitute a health program of staggering proportions. They are by far the leading cause of infant deaths. After accidents, they are the number one cause of crippling children. They are responsible for the majority of children and adults confined to institutions because of mental retardation.

One in every 16 babies born in the U. S. has a serious defect — that means 250,000 babies a year, or almost one every two minutes. Of these, 34,000 are stillborn or die in the first month of life.

Something is known about cause in general, but very little about causes in particular. Some birth defects could be prevented. Few expectant mothers are aware of what they should and shouldn't do during pregnancy. Nevertheless, much more research on cause and prevention is needed. Many birth defects can be corrected surgically or medically, and the children helped to live normal lives. Much more must be done to improve diagnosis and treatment.

The L. O. A. Study Club National Foundation Chairman is Mrs. Robert Haley Hill. The club's activity in this area in previous years has been to conduct the Mothers March for the March of

SOIL CONSERVATION DISTRICT NEWS

SOIL STEWARDSHIP WEEK

MAY 23-30, 1965

PRESSURES ON THE LAND

To see, it is necessary to look. The temptation, under the trials of daily living, is to see only what is directly at hand. It is more difficult, but equally necessary, to look beyond the here and now. Ahead, for all who will look, is the picture of a crowded land, subject to pyramiding pressures from many sources, and the progressive reappraisal of traditional land uses and values.

Our God-given supplies of land and water are limited and He expects us to care for them as responsible stewards, using them wisely. It is a responsibility demanding vision. Today we seem to have more than enough land and almost enough water in America. We are even plagued by surplus supplies and some farm commodities. We retire land from cultivation and put it into a Reserve. Government experts tell us we have extra acres —about 50 million —unnecessary for crop production during the next 10 to 15 years.

This evidence of plenty, however, belongs to the here and now. It is reassuring only to those willing to disregard the probabilities of the future.

The responsible steward knows that our population in the United States may nearly double by the end of the century. We numbered 180 million in 1960. By the year 2000, Americans will reach 330 to 350 million. At this rate of population gain, we will need 50 percent more agricultural production by 1980 and an estimated 120 percent more by the turn of the century. This is equivalent to the production of another 550 million acres at current yields. Meanwhile, our urban land requirements are expected to double by the year 2000 and reach 45 million acres.

Around the world there is no surcease in the pressure. There are three billion inhabitants in the world and the total population will double by the year 2000. All will want food and shelter, with dignity, at a price they can afford to pay. And the gnawing thought arises that peace itself is jeopardized, not only by hunger, but by the inequalities of food supply per person among the nations of the world.

Our Creator decreed there would be variety in land, with uplands and lowlands, wetlands and drylands, some fertile and some barren. He has a purpose for each

Dimes during January. Two other club members have official National Foundation duties in the county organization.

CARE Literacy Project

Through operation "Little Bells" the CARE Literacy Program in Old Mexico has received enough money for three new schools this year. Most of the money was raised through the sale of "Little Bells" bracelets. L. O. A. Junior Study Club participated by selling two dozen of the bracelets, and can either elect to sell bracelets or donate cash during the next club year. Other individuals can contribute to CARE through the L. O. A. Study Club, and the local club will receive credit for the donation.

The money goes for building schools in Mexico, a country that has been struggling with the problem of inadequate educational facilities since 1900, when 75% of the population was illiterate. Thirty years later, the illiteracy rate was reduced to 66.6%, a figure cut even more as a result of the emergency la westablished by President Camacho, who asked each literate person to teach another adult to read.

It is hoped that 2,000 pre-fabricated school buildings will be built each year for a period of 11 years. Time is literally of the essence, because youth cannot wait for financial situations to improve. Through operation "Las Campanitas," three schools are being built, and as many more as possible will be built during the coming year through the efforts of the junior study clubs across the nation.

The local CARE Chairman is Mrs. Jim Edd Steele.

Each of these chairmen will be coordinating the local club's participation with the district and state activities, and will be reporting on the L. O. A. Junior Club's activities near the end of the club year. Awards are given on the district and state level for the best reports.

Details of Changes In 1965 Cotton Loan Program

The Department of Agriculture on April 22, 1965, announced changes in the 1965 Cotton Loan Program. The announcement covered broad areas of administration. There is set forth below information on how the 1964 program operated and additional information as to how the 1965 Cotton Loan Program will operate.

Operation of the 1964 Loan Program for Cotton. A "sample" was drawn from the bale of cotton and sent to a board of Cotton Examiners and classed. It usually took two or three days for the producer to receive the official classification. The loan note (form CCC Cotton A) could not be prepared until the official classification was received by the producer or his representative. It was required that warehouse receipts show that warehouse receiving charges had been paid before cotton could be placed under CCC loan. In some instances this requirement resulted in an additional trip to the warehouse by the producer before the cotton could be placed under loan. Lien holders were required to waive liens on the crop and could be designated on the note to be reimbursed from the loan proceeds.

Clerk fees for preparing loan documents were authorized. The loan note could then be signed and witnessed and the loan proceeds disbursed weather by an

and it could now be our critical task, as we join vision with prudence, to look for the right uses and see His prime purpose for each and do what must be done to comply, at last, with His plans.

approved lending agency, by an ASC Service county office or by the New Orleans Commodity Office. If the loan was disbursed by an approved lending agency, such agency was financially responsible for an ineligible cotton tendered to CCC after disbursement by a lending agency or county office, loan notes and warehouse receipts were sent to the New Orleans Commodity Office. To redeem cotton from the loan required the producer to have a release of warehouse receipts from validated by his ASCS county office. This form then mailed to the New Orleans Commodity Office by the producer or the loan equip purchaser with a request that the warehouse receipts be mailed to a specified bank for loan repayment. After the receipts were received by the bank, it was then necessary for the bank to notify the producer of equity purchaser. The person redeeming the cotton then called at the bank, repaid the loan, and packed up the warehouse receipts. This procedure required several weeks from the time the release of warehouse receipts was requested until the warehouse receipts were obtained by the person redeeming the cotton.

Operation of the 1965 Loan Program for Cotton. The procedure for cotton sampling, classing and note preparation will be the same as in 1964. For 1965 crop cotton it is not required that warehouse receipts be stamped showing that warehouse receiving charges have been paid. If warehouse receipts are not so stamped the loan will be reduced by the amount of the receiving charge. The custom in the warehouseman the receiving charges and the accrued storage on 1965 crop loan cotton acquired by CCC. In 1965 loan clerks will be approved at various places such as banks, warehouses, cotton gins, etc. to be of maximum service to cotton producers. An advance to the producer may be made by any

firm, individual or other entity and be reimbursed from the loan proceeds. All disbursements on form A loans will be made by county offices. If the loan is to be disbursed by a county office other than the one where the farm records are maintained for the farm on which the cotton was produced, the loan clerk and his employer, if any, will be held financially responsible for any ineligible cotton tendered to CCC for loan. The loan documents can be sent to the most convenient ASCS county office for reimbursement, thus the firms advancing funds to producers will be reimbursed promptly.

It is expected that for the most part, producers of cotton will utilize the services of their local ASCS county office or approved loan clerks at convenient locations in the county. As in prior years producers will not be required to go to the county office to get his loan papers prepared or to his loan disbursed. Clerk fees for preparing loan notes are authorized as in 1964. Loan documents, including supporting warehouse receipts and class cards, will be maintained in county offices.

This will make it possible for cotton merchants to determine from documents at the county office the identity of producers who have cotton under loan, as well as the quantity and quality of such cotton. Under this arrangement producers and loan equip purchasers will be able to redeem loan cotton quickly either at the county office or at a bank designated by the person redeeming the cotton. This should help many farmers to sell their equities at a profit and reduce the volume of cotton acquired by CCC. Loan relemptions will not require the producer or other person redeeming the cotton to personally visit the county office. Forms necessary to redeem loan cotton will be available at the office of approved loan

Mrs. H. Roy Brown, Mrs. Milton Dudley, Connie and Nancy Long spent a recent Sunday in Farwell with Mr. and Mrs. W. H. Graham and sons. Mmes. Brown and Dudley went especially to attend a Mothers' Tea in celebration of the Founder's Day of the sorority of which Mrs. Graham is a charter member. Andy Graham is a charter here for a visit. Enroute home the group stopped in Hart for a visit with Mr. and Mrs. Norland Dudley and daughters. Norland recently spent some time in the hospital at Dimmitt, but was found to be recovering satisfactorily.

Mrs. W. N. West returned home recently after having spent several days in Abernathy with Mr. and Mrs. Kenneth Jones and children. All spent Mothers Day in Brownwood with relatives. Mr. and Mrs. Frank McClure brought Mrs. West home.

Mrs. Jack Dempsey fell in Plainview Saturday afternoon and suffered a broken hip. She was taken first to the Lockney Hospital and later was removed to Methodist Hospital in Lubbock for surgery.

Rev. Clyde R. Cain, pastor of First Baptist Church, Mrs. Ray C. Bomar, Mrs. Paul Reid, Mrs. Jo Fleming and Mrs. Jimmy Ray Baird attended a City-Wide Crusade in Lubbock recently as representatives of the Caprock Association.

Mrs. Stella Arnold of Silverton and Mr. and Mrs. Wayne Roberts and family of Plainview spent Mothers Day in Hereford with his sister and family, Mr. and Mrs. Simpson. Mr. Roberts' mother and three other sisters were also guests in the Simpson home.

Mrs. Redin Receives School Service Pin

Alvin Redin was presented a service pin at the Silverton High School commencement exercises last Friday evening. The pin, studded with four diamonds, was given in recognition of her 41 years of teaching, and given on the occasion of her retirement from teaching.

Mrs. Redin was graduated from Silverton High School, and was a member of her class of four girls and six boys. She began teaching with a second grade certificate and later passed the examination for a second grade certificate. She taught in two rural schools, Francis and Rock Creek, in Briscoe County, for six years and later taught in the Silverton elementary and high schools for 35 years. She was principal of the junior high before coming to the high school mathematics teacher.

In 1963, the school superintendent asked Mrs. Redin if she would teach English "just for one year" to give him time to secure a permanent English teacher. Mrs. Redin taught English six years before returning to her first mathematics. Since 1969, she has taught algebra, plane and solid geometry and trigonometry. Teaching the same subjects over and over never became monotonous to Winnie Redin, because different pupils made each class entirely different experience.

While teaching at the Francis school, Mrs. Redin recalls coaching the boys basketball team. One day they were playing a neighborhood school and were behind half time. She asked the boys to give their time out if they could "just a little rougher," and the boys replied, "that was what I wanted you to say. You told us not to play rough!" The team went back to work and easily won the game! Mrs. Redin earned her bachelors degree from West Texas State in 1924 after attending school during

summers only except for two quarters at North Texas State. She earned her masters degree in 1950 after more summer school. Since then, few years have passed that she has not attended night classes, Saturday classes, summer workshops and institutes. One summer she attended a mathematics institute at Texas Women's University and another summer she attended an institute at Franklin and Marshall College in Lancaster, Pennsylvania. Both were made possible by National Science Foundation scholarships.

Mrs. Redin has said that if her work as a teacher has been successful, it is due in large measure to the cooperation and encouragement she received from her husband and son, Harley, and later from her daughter-in-law, all of whom were willing for her to attend summer school and did not mind sharing the home chores especially in the days before modern conveniences made housekeeping as easy as it is today. Mrs. Redin received her bachelors degree the summer after her son was graduated from high school.

About the only times Mrs. Redin has missed a day at school were when she accompanied her husband to basketball games or other social activities in which their son participated as a student at John Tarleton State College, and later as he coached the famous Wayland College Flying Queens and the United States women's AAU teams. They also visited Harley at every opportunity while he was in the Marine Air Corps.

Mrs. Redin is looking forward to her retirement, not because she is tired of teaching, but so she can have more time with her two grandsons, Ken and Van. She says it seems that they are growing up entirely too fast, and she regrets not having had more time with them. Ken is a freshman in Plainview High School, and Van will be in the seventh grade at

the Estacado school in Plainview next year.

Always active in civic work, the work of her church and the March of Time Study Club, Mrs. Redin is also a member of Delta Kappa Gamma sorority.

In 1946, she was doing volunteer work for the Red Cross when she received word that a soldier had children which needed to be cared for, and upon investigation the report proved true. Homes were located for two of the children, and Mr. and Mrs. Redin took into their home and hearts the eight-year-old girl, Pat Jackson. Pat stayed with the Redins until she had finished high school and one year of college. She is now Mrs. Jim Barnhill and lives in Woodland Hills, California. The Redins lovingly refer to Pat as "our daughter."

School Superintendent J. S. Hinds is presently pacing the floor and wondering how he will ever be able to find a replacement for Mrs. Redin. She has been trying to retire for several years, and every year on bended knee the school administrators have lured her back with the "just one more year until we can find a satisfactory replacement" approach which appealed to her loyalty as a professional teacher. This year she says it is absolutely final. She is planning to enjoy herself while being a full-time wife, mother, grandmother and homemaker.

(This material was compiled by Mrs. Lily Wofford for publication in the Plainview Daily Herald, and was used with Mrs. Wofford's permission.)

Mr. and Mrs. Wade Steele, Mr. and Mrs. J. Lee Francis, Mrs. Wiley Bomar, sr. and Mrs. T. C. Bomar left by chartered bus for Houston last Friday and returned home Monday evening. They attended a baseball game in the Astrodome Saturday.

Mrs. Marvin Montague, who has served for two years as president of March of Time Study Club, was installing officer for her club last week. She is pictured with the newly-installed president, Mrs. Fred Mercer, and the wheel was used in the ceremony. (Briscoe County News Photo)

MARCH OF TIME STUDY CLUB HOLDS INSTALLATION OF OFFICERS

March of Time Study Club officers were installed in an impressive candle lighting ceremony in the Production Credit Association community room on Thursday, May 20, 1965. Mrs. Marvin Montague, outgoing president, was the installing officer.

Mrs. Fred Mercer was installed as president; Mrs. Roy Mayfield as first vice president; Mrs. J. S. Hinds as second vice president; Mrs. W. E. Schott, jr., as recording secretary; Mrs. Alvie Mayfield as corresponding secretary; Mrs. H. A. Cagle as treasurer; Mrs. Rex Dickerson as reporter, and Mrs. True Burson as parliamentarian.

Mrs. Tony Burson gave a reading in tribute to Mrs. Montague's service, and presented her with a gift from the club members.

Women Attend Local Workshop

A workshop was conducted for the three Silverton federated clubs Monday in the P.C.A. community room. The Caprock District President, Mrs. Robert N. Tipps of Denver City, and three district Vice Presidents, Mrs. Lane Decker of Floydada, Mrs. LeRoy Johnson of Morton and Mrs. Louis Cummings of Plainview, conducted the meeting.

Mrs. Decker spoke on club reports, advising those in attendance that the reports will be prepared

in about the same way next year as was done this year, with a few minor changes. The blanks for reports are to be published in The Texas Clubwoman magazine after the State Board Meeting next fall.

Mrs. Tipps passed along information on program planning, and advised members of the local clubs to take advantage of the free materials available from the General Federation of Women's Clubs. The rules for yearbooks, she said, are to be included in the May, 1965, issue of The Texas Clubwoman.

Mrs. Cummings presented ideas on leadership development, parliamentary procedure and club ethics.

Mrs. Johnson talked about federation and the organization of a sub-teen club.

Lunch was served at noon at the "66" Restaurant.

Clubwomen attending were Mrs. Alvin Redin, Mrs. Roy Mayfield and Mrs. J. S. Hinds, of March of Time Study Club; Mrs. O. C. Rampley, Mrs. Jim Mercer, Mrs. Norman Strange, Mrs. Joe Montague, Mrs. Carl Bomar, Mrs. Flute Hutsell and Mrs. L. D. Griffin, of Century of Progress Study Club; Mrs. John Fowler, Mrs. Charles Sarchet, Mrs. Bill Durham and Mrs. Ronald Dale Kitchens, of L. O. A. Junior Study Club.

Doris Estes To Receive Degree

Doris Estes is among the 1300 who will receive degrees from Texas Technological College Saturday, May 29, at 8:00 p.m. in the Lubbock Municipal Coliseum.

The daughter of Mr. and Mrs. Jack Estes, Doris will receive the bachelor of science degree in home economics education.

The honorable John Connally, Governor of Texas, will deliver the commencement address.

Mr. and Mrs. Billy McWilliams of Quitaque were hosts at a McWilliams family party recently. Attending were Guy McWilliams, Mr. and Mrs. Frank Hunt and Gary, Mr. and Mrs. Glenn McWilliams and Jim, Mr. and Mrs. Darrell McWilliams, Ricket, Darla and Mark, Nena McDaniel, Sharon Martin, Silverton; Rev. and Mrs. Ronald Ledbetter and children, Plainview; Mrs. Curtis Bingham and Doug, Kress; Mrs. Wayne Gerdes and Donna, Tullia; Mr. and Mrs. Bobby McWilliams and family, May 20, at 3:30 a.m. She weighed seven pounds, seven ounces. This is the first child for Nancy and M. H. Grandparents are Mr. and Mrs. E. H. Richie, of Vernon and Mr. and Mrs. J. S. Hinds.

Great-grandparents include Mrs. Frank Kendall and Mr. and Mrs. S. B. Hinds of Abilene and Mrs. E. H. Richie, sr. of Vernon.

Mr. and Mrs. M. H. Richie, of Hereford, are parents of a baby girl, Shellie Kay, born in Deaf Smith County Hospital, Thursday May 20, at 3:30 a.m. She weighed seven pounds, seven ounces. This is the first child for Nancy and M. H. Grandparents are Mr. and Mrs. E. H. Richie, of Vernon and Mr. and Mrs. J. S. Hinds.

Mrs. Jewel Kenady has been away on vacation, and while she was away Jewel Hodges of Lubbock stayed here with her mother, Mrs. T. J. Hodges.

Mr. and Mrs. Paul Criswell and Licia of Odessa have been recent visitors with her grandmother, Mrs. Bonnie Brewster, and Roscoe Steele.

Mr. and Mrs. Donald Kennedy and children of Amarillo and Mrs. Joda Buckley, Brenda, Wanda, Nelda and Joda were recent Sunday dinner guests of Mrs. Virginia Dennis.

Mr. and Mrs. Roland DeFee and daughter and Mr. and Mrs. Carl Hawkins of Lubbock were recent Sunday dinner guests of Mrs. Ray C. Bomar. Mmes. DeFee and Hawkins are twin sisters of Mrs. Bomar, and Sunday was their birthday.

Mr. and Mrs. J. W. Brannon, jr. and Truett of Panhandle have been recent guests of Mr. and Mrs. J. W. Brannon and Mr. and Mrs. Richard Hill and sons.

THE WAR ON POVERTY: A Message to High School Seniors

We believe high school seniors are mature enough to comprehend the tragedy of poverty—and to contribute meaningfully to the battle that is being waged against it.

Today the United States is committed to the greatest humanitarian cause in its history—a massive counter-attack on the causes of poverty, which are robbing 35,000,000 Americans of the opportunities most of us are free to pursue because we had the advantage of a decent start in life. That start has been denied to one-fifth of the nation's people. Thirteen million of them are children.

VISTA, Volunteers in Service to America, was organized to give individuals the opportunity to apply their talents in a compassionate national cause—to fight poverty in the front lines. Here, lack of education, poor health, unemployment, inadequate housing, and disrupted family relationships condemn people, often from childhood, to a life of futility. The work of VISTA volunteers is to help intervene with the tools of opportunity.

You will become eligible for VISTA once you are 18 and have completed high school. VISTA training will prepare you to take part in programs for the poor of all ages, in all parts of the country. Young people who plan to go to college later often enroll for a year both to help others and to enlarge their own capacities for teaching, social work, or careers in sociology, economics, law, and other fields.

Home base for VISTA volunteer groups can be a city

tenement row, a struggling farm community, an Indian reservation, or a migrant labor camp. Volunteers may help organize recreation programs or tutor children who are behind in school. Some serve as aides to social workers, as mental health assistants, as teachers of hobbies and crafts to the elderly. In VISTA, volunteers do whatever is needed to encourage people to find their way up from poverty.

The opportunities are great: you can help pave the way for an America in which the democratic ideal is big enough to encompass everyone.

Will you lend your abilities to people who live in need? Join the War on Poverty as a VISTA volunteer.

Mr. and Mrs. J. P. Ledbetter spent the weekend at Byers with Rev. and Mrs. Don Ledbetter and family. Debbie and Donnie Ledbetter returned home with their grandparents, and are attending Vacation Bible School at the Baptist Church this week.

Travis McMinn and Mr. and Mrs. Bud McMinn visited Mrs. W. L. McMinn at the Colonial Manor home in Lubbock Wednesday of last week.

Mrs. S. C. Grantham returned home Thursday of last week from Scott and White's Hospital in Temple where she underwent surgery.

Mrs. Stella McJimsey returned home recently after having spent a week in Lubbock with her daughter and family, Mr. and Mrs. Bill Strickland and family.

Mrs. R. E. Sweek took her father, J. J. Vardell to Lockney for a checkup with his doctor.

Mr. and Mrs. H. Moreman of Hedley and Mr. and Mrs. Jack Moreman and daughter, of Memphis were recent Sunday visitors with Mr. and Mrs. Rupert Hughes, Ronnie and Kathy.

Visit Manufacturing Plant In Chicago

County Judge M. G. Moreland and Commissioners Roy S. Brown and Orval Cobb spent three days last week visiting the manufacturing plants of Caterpillar Tractor Company located in the Chicago area. Plants at Peoria, Aurora and Decatur, Illinois, were visited.

At the plants, the making of Caterpillar equipment was seen. Demonstrations of the use of various machines were also seen near Decatur.

The trip was sponsored by West Texas Equipment Company of Amarillo and the Caterpillar Company. About 50 county officials from this area made the trip in special Santa Fe Railway cars. The group left Sunday, May 16, and returned the following Thursday at noon.

Those who made the trip reported that they were impressed by the size of the plants and scope of manufacturing done by the Caterpillar Company.

Peggy Phillips, bride-elect of Jerry Miller, is to be honored with a shower soon.

The House of Gifts

Your Home Business Firms are
THE HIGHEST BIDDERS
 for Your Shopping Dollar

**Here
 are the facts
 to prove
 it...**

Actually . . . no matter where you live . . . nobody . . . and that means **NOBODY** . . . can give you more for your dollar than your own home business firms. Let's look at the reason for this advantageous . . . to you . . . situation:

ANY MERCHANT . . . anywhere . . . is ordinarily going to sell goods for some more than he pays for them.

ON AN AVERAGE . . . when you spend a dollar in any retail store . . . here or anywhere else . . . about 70 cents of it pays for **GOODS**, and about 30 cents goes for rent, taxes, donations, hired help, etc., and a few cents (the national average is about 5 cents) pays the proprietor for his work, and for his investment in goods and equipment, credit losses, etc.

NOW . . . when you spend your dollar at home, you get the same 70 cents worth of merchandise that you would get for it anywhere else.

AND THE OTHER 30 CENTS stays here too, to help you pay for schools, churches, roads and streets; to vitalize the community so your property . . . or your job . . . is worth more; to keep more people here to share civic work and expense, and to serve **YOU** when you sometimes direly need their knowledge and their skills.

ONLY when you buy in **YOUR OWN HOME** community do you get back most of this 30-cent retail handling charge . . . and often a great deal more, as your job or your business prospers and your social life broadens with the growth of the entire community.

COMMUNICATIONS  **Your Tool for Progress**

This coin telephone benefits you in TWO ways

First of all, it becomes a "friend in need" when a quick call is necessary... puts a telephone where you are and makes it available 24 hours a day. It is profitable to communities, too, providing new income when we are permitted to locate them on public property. There is an added advantage in some states where it can lower fire insurance rates because of the availability of prompt alarms. So the next time you see a coin telephone, consider it an example of convenience in Communications — Your Tool for Progress. You are invited to call our Business Office for information about income-producing booth locations.

GENERAL TELEPHONE 

DELAYED FROM LAST WEEK

Mr. and Mrs. Garland Parker of Wellman visited her mother, Mrs. Perry Thomas, sr., in Swisher Memorial Hospital on Mothers Day. Mrs. Thomas returned home Saturday, after having been in the hospital for a week.

Mr. and Mrs. Walter Thomas of Knox City were Sunday visitors with his mother, Mrs. Perry Thomas, sr., and other local relatives.

Judge M. G. Moreland and Commissioners Roy S. Brown and Orval Cobb left by train at 6:20 p.m. Sunday with Amarillo District and County Judges and Commissioners for Peoria, Illinois, where all are attending a demonstration of Caterpillar equipment. Forty-five men made the trip, and expected to return home Thursday.

W. J. Gresham of Millsap arrived here early this week for a visit with Mr. and Mrs. Charles Cowart and Chyrel. He came especially to attend his granddaughter's high school graduation.

Mrs. Ted Sprague of Tulia and Mrs. Harold Edwards and Cynthia spent Saturday night with their mother, Mrs. Chester Burnett, and all attended Mothers Day services at the Vigo Park community church Sunday morning.

DELAYED FROM LAST WEEK

Mr. and Mrs. J. C. Fowler and Clayton were Mother's Day dinner guests of her parents, Mr. and Mrs. Lackey, at Cedar Hill.

Mr. and Mrs. Noble Lyde and Mary Lee and Mr. and Mrs. Roy Bomar and Bari of Lubbock were Mother's Day dinner guests of Mrs. Wylie Bomar, Sr. Calling in the afternoon were Mr. and Mrs. Wylie Bomar, Jr., Robert, Laquita,

Outdoor Project Combines Skill and Science

how does YOUR 4-H garden grow?

Planning and planting a garden is a perennial task of 4-H Club members. Last year nearly 212,000 gardens flourished under the green thumb of 4-H boys and girls.

With spring well along and summer just ahead, the 1965 national 4-H Garden program is off to a good start. Some gardens will beautify, and some will nourish. But whatever the garden—large or small—the main goal is to produce a fine harvest of boys and girls with new skills and scientific know-how.

There is a great deal of work between planting the seeds and harvesting the crops. Controlling weeds and insects, keeping records, creating exhibits and giving demonstrations are a few of the jobs that must be done. The most successful projects will be judged for awards.

Recognition will be provided for the 20th year by Allis-Chalmers Manufacturing Company, Farm Equipment Division, sponsor of the national 4-H Garden program.

During the National 4-H Club Congress at Chicago next fall, company officials will personally present eight \$500 educational scholarships to the highest ranking 4-H gardeners in the nation. The Congress trip will go to the boy or girl having the

best project in the entire state. Medals will be given to a blue award group in each county. All winners will be selected by the Cooperative Extension Service which supervises 4-H.

The young gardeners agree that getting close to nature is most gratifying, and tending a garden provides healthful outdoor exercise as well. A flare for landscaping or a scientific curiosity also can be satisfied.

Gardening fits in with other projects such as food preservation and home improvement. For many, a garden has become a business venture. Roadside stands dot the countryside.

Any boy or girl between 9 and 19 years of age can become a 4-H member. Those interested in starting a garden can obtain information from a local 4-H leader or from the county extension office.

Debbie and Wiley, III, and Mr. and Mrs. Leo Comer, Camellia, Larry, Buddy and Kelly.

Sunday visitors with Mr. and Mrs. A. T. Brooks and family were Mr. and Mrs. Willie Wesley and family of Tulia and Mr. and Mrs. J. H. Wesley.

Canyon. Mrs. Wimberly was a guest

Recent visitors with Mrs. Shelby Haynes were Mr. and Mrs. Guy Whitacre, Mr. and Mrs. Max Burson, Maud Dean Burson, Todd Edd

Burson and Mrs. Les Weaks, of

Plainview; Grady Burson, Amarillo; Mrs. O. Z. Light, Panhandle;

and Mr. and Mrs. Wilton Whitehead, Kathy and Sharon, Tulia.

POWER A CHEVY PICKUP with big 6-cylinder performance!

HIGH TORQUE 292 SIX
170 gross horsepower
275 ft.-lb. gross torque

New get big-engine pickup performance without big-engine price!

Looking for more power, more performance in a Chevy pickup? We've got the answer with a whopping 292-cubic-inch Six that will get up and go with any kind of load. It's the same engine we use in many of our big heavy-duty rigs, so you know its built to take it.

You get all the traditional 6-cylinder engine economies, too. Low first cost, low operating cost, low maintenance cost. It's your best buy in a high-performance pickup engine. So, get your order in today. The big 292 Six is available in any of our long line of pickup models.

"We have comfort and convenience in our TOTAL ELECTRIC HOME!"

Say Mr. and Mrs. A. M. Wilson
907 Sherwood Lane
Bovina, Texas

The Wilson family enjoys everything about their TOTAL ELECTRIC GOLD MEDALLION HOME including electric air conditioning and baseboard electric heating with electronic air filter and humidifier. "It's a healthy way to condition the air—the girls haven't missed a day of school since we moved in," says Mrs. Wilson.

FOR COMPLETE INFORMATION CALL YOUR PUBLIC SERVICE MANAGER

"Individual room control is one of the many features of our electric heating that we enjoy," says Mr. Wilson.

Suzanne, age 12, is already an accomplished cook. Here she shows her mother a cake she baked in their electric oven.

WILLIS WALKER Turkey, Texas

BY PLANTING AN EARLY MATURING P-A-G Hybrid Grain Sorghum you get top yields as well as an answer to your water problem. It takes less water to produce these P-A-G varieties than the medium and full season varieties. P-A-G 428 and 430 are both early maturing and have produced outstanding yields throughout the High Plains. Strong stalks, healthy roots, and bred-in resistance to lodging have earned P-A-G 428 and 430 the reputation for being "up" when harvest time arrives. Book your P-A-G seed with J. E. (Doc) Minyard. 51-tfc

ALLIS-CHALMERS J. E. (Doc) MINYARD

Mrs. Floyd Williams was in Lubbock on Wednesday recently.

A family reunion was held in the home of Mr. and Mrs. Charlie Meason, Melva, Danny, Tony and Jesse on Mothers Day. Attending were Mrs. Meason's parents, Mr. and Mrs. L. E. Singleterry, a brother and family, Mr. and Mrs. Louis Singleterry of Clovis, New Mexico and a sister, Mrs. Minter Box and children of Tucumcari, New Mexico.

Mr. and Mrs. Jon LaBaume have been recent visitors in Stephenville with Mr. and Mrs. H. H. LaBaume and Ann and Mr. and Mrs. Don LaBaume and Randall. They also visited Mrs. Lucy LaBaume in Dublin. Mr. and Mrs. Jon LaBaume and Mr. and Mrs. H. H. LaBaume were in Houston to see his sister, Miss Jane LaBaume, and attended a baseball game at the Astrodome. The LaBaume families attended the commencement exercises at Sam Houston State College at Huntsville where Jane LaBaume received her BBA degree, and a cousin, Bill Whisart, also received the BBA degree.

THE RECIPE

If we want a sweet taste, we can put in more sugar. Four sour, just more lemon will do; But what shall we add to make citizens nobler. More upright and worthy and true? There's many a sermon on character-building. There's much about learning in school; Of all the great thoughts given since Time's morning. The best is the plain GOLDEN RULE.
