

All Around the Town

by Mary Ann Sarchet

Our Constitution is our fundamental law, protecting the rights of citizens and limiting and defining legislative, executive and judicial authority. Its purpose is to create and maintain a carefully balanced system of government.

It was intentionally made difficult to amend to insure thoughtful and deliberate consideration of any change. An amendment must first be submitted to the legislature; this can be done only at a regular session. A two-thirds vote of the membership in the house and a two-thirds vote in the Senate is required to authorize a proposed amendment on the ballot for a vote by the electors of the State.

The wording which appears on the ballot is a brief summary, provided by the Legislature in the resolution setting out the proposed amendment. Since these few words cannot convey the full meaning, the full text of the amendment is controlling in case of apparent conflict or lack of clarity.

Because our Constitution is the instrument guaranteeing our liberties and since it is not simple or easy to revise it, citizens have a great responsibility in voting to accept or reject proposals such as those on the November 2 ballot.

PROPOSITION No. 1
Increasing the tax rate for the home building program; adding bonds and changing the formula for allocation of funds.

This proposed amendment would double the amount of money available for buildings and permanent improvements at designated state institutions of higher learning. It would accomplish this by amending Article 17, Section 17 to increase the ad valorem tax for this purpose from 5c to 10c on the \$100 valuation.

Institutions would be eligible to receive funds raised from the 10c levy. The list includes Texas Tech and West Texas State among those already receiving funds under existing constitutional provisions several which would be amended by this proposal including Arlington State, Midwestern, University of Houston, Pan American College, and Angelo State.

PROPOSITION No. 2
More bonds for veterans' land and increasing the interest rate extending the life of the program.

This is the same amendment, word for word, as one which was passed in 1963, with one exception. The exception is that the amount of new bonds which would be authorized is larger than was proposed at that time.

This proposition is a detailed restatement of Section 49-b of Article 17 of our Constitution. The three changes it would make are to allow the sale of \$100,000,000 more in bonds, (2) to increase the rate of interest, and to extend the life of the Veterans' Land Fund to an indefinite period. As stated these are the same changes as proposed in 1963 except that the amount of new bonds for which approval is sought has been increased from \$150,000 to \$200,000,000.

PROPOSITION No. 3
Giving the Legislature broad authority about joint federal-state welfare programs.

This amendment would give the Legislature broad authority to provide assistance and medical care on behalf of needy persons.

Three sections of our Constitution would be brought together in one section which would specifically authorize the Legislature to take part in joint federal-state programs of assistance for needy persons, needy blind persons, physically disabled people and to provide medical care for all these categories. In addition to our present welfare programs, the amendment would authorize rehabilitation and any other services included in federal legislation providing matching funds "to help families and individuals at need or retain capability for independence or self care."

Legislature would be given authority to determine qualifications and procedures; this was added to insure that Texas would continue to be eligible for federal matching funds to carry its welfare programs. One program which many people were generally concerned about was the Mills program, under which

Flags To Be Flown During "Flags For Freedom" Week

The Silverton Junior Chamber of Commerce (Jaycees) has always stepped forward in the defense of freedom because they believe oppression and wars against free men anywhere constitute a threat to the life and liberty of free men everywhere. The nation is now engaged in the defense of freedom in Viet Nam where the God-given rights of free men are threatened by Communist subversion and aggression.

The Silverton Jaycees are young men who believe:
1. That to protect our own rights, we must always fight for the rights of others, especially when they ask for our help because no man can be completely free as long as another man is enslaved.
2. That to achieve total victory over Communist aggression it is sometimes necessary to use force as well as diplomatic resources.
3. That responsible action in Viet Nam using military force, diplomacy and all other public and private resource to protect these principles is for the ultimate benefit of all freedom-loving people.

weeks we have seen incredible actions taken by young demonstrators in our country, marching against freedom and protesting the efforts of the U. S. Government to stop the spread of Communism in Viet Nam.
WHEREAS, it is our inherent duty and responsibility to take positive action to uphold our beliefs and convictions in preserving freedom and respect of individuality of all men throughout the World.

Gospel Meeting Starts Sunday at Local Church

A gospel meeting is planned for October 31 through November 7 at the Church of Christ in Silverton. Sunday services will be at 10:45 a.m. and 6:00 p.m., and weekday services are scheduled for 7:00 a.m. and 7:30 p.m.

Douglas Lawyer, a former missionary to Nigeria, will be the visiting evangelist. He is no stranger to people in this area, having conducted several services here in the past years.
A fellowship dinner will be enjoyed at the noon hour on both Sundays of the meeting.
The public is invited to any or all of these meetings.

In a resolution adopted by the Silverton Jaycees on October 25, attested by Leon E. Grosdidier, local president, and John R. Fowler, secretary, the chapter stated "we are proud to inform the citizens of Silverton that the attitude of young men is a positive one for freedom of all peoples everywhere."
An official proclamation by Jimmie House, mayor of Silverton, on October 25, made the following statement:
WHEREAS, it is especially fitting at this time that each of us, as citizens of this great Nation, recognize the forces that impair our support for freedom.
WHEREAS, within the past few

NOW, THEREFORE, I, Jimmie House, Mayor of the City of Silverton, Briscoe County, Texas, do hereby proclaim October 31 through November 7, 1965, as **FLAGS FOR FREEDOM WEEK** and call upon all citizens and business establishments to recognize this special week by displaying the American Flag.

Owls Play Farwell In Last Home Game

The Silverton Owls play their last home game of the season this Friday night with Farwell. Kick-off time is 7:30 p.m.
The Owls lost the battle of the battered Friday night as Sudan's Hornets struck in the final period to overcome the locals 9-6 after Silverton had dominated play for most of the first three quarters.

The contest, generally considered a struggle by both teams to stay out of the District 3-A cellar, was primarily a defensive duel with lots of punts and quite a few injuries. On at least five occasions players were injured and removed from the field. Most of Silverton's players already were limping, and some are not expected to be able to play this week. A Sudan guard suffered a broken collar bone.

SILVERTON CHAPTER STARTS COOKBOOK SALE — Planning their Favorite Recipe Project are Mrs. Sue Purcell, Advisor (seated); Elaine Boyles, chairman of the sale; Linda Mercer, publicity manager, and Ruth Ann Minyard, finance manager (standing left to right). The group is looking over the new "Casseroles" book featuring over 2,000 casserole and bread recipes. The books sell for \$2.95 each.

Sudan threatened after an Owl punt was returned to the Silverton 8. Two plays later, Sudan advanced to within inches of the goal line, but the Owl defense rose up to stop the next two running efforts and took over on their own three. In the next play, Randy Hughes was tackled in the end zone for a 2-point safety for Sudan.

Hughes, playing as an outside linebacker, was a defensive stand-out for Silverton, with Comer and Darrell Long also doing good work. Smith carried 11 times for 48 yards and Montague gained 57 yards on 12 trips.

Statistics compiled by the Plainview Daily Herald showed Sudan with 5 first downs as compared with 11 for Silverton. Sudan showed 168 yards gained rushing as compared to 162 for Silverton.

Sudan completed one out of six passes and intercepted two. Silverton completed four out of ten passes. Sudan had 11 penalties for 76 yards while the Owls had 2 for 20 yards.

Mayfield Rites Held Here Monday

Mrs. D. W. (Lucy Jane) Mayfield, 88, a long-time Briscoe County resident, died at 3:30 a.m. Saturday at the home of a daughter, Mrs. J. D. Finch, at Tullia.

Funeral services were conducted at 2:30 p.m. Monday in the Silverton Church of Christ with Earl Cantwell, minister of the Rock Creek Church of Christ, and Lonnie Branam, minister of the Silverton Church of Christ, officiating.

Burial was in the Silverton Cemetery with arrangements under the direction of Wallace Funeral Home in Tullia. Pallbearers were grandsons, David Finch, Charles Finch, Don Thomas, Richard Swenson, Jim Mayfield, S. D. Mayfield and Dave Mayfield.

Mrs. Mayfield was born at Howe on May 9, 1877, the daughter of the late Mr. and Mrs. H. W. Savage. She moved with her parents to Briscoe County in 1889, and had made her home here until about four years ago.

She married D. W. Mayfield on July 20, 1891, and they held the distinction of having been the third couple married in Briscoe County. Mr. Mayfield preceded her in death in 1936.

Mrs. Mayfield was a charter member of the Silverton Church of Christ and later was a member of the Rock Creek Church of Christ.

She is survived by one son, Chris, of Raton, New Mexico; four daughters, Mrs. Annie Finch of Tullia, Mrs. Estelle Thomas of Silverton, Mrs. Ethel Fielder of Amarillo and Mrs. Neva McDonald of Idaho Springs, Colorado; 15 grandchildren, and 24 great-grandchildren.

Mr. and Mrs. Charlie Meason and children honored Joe H. Smith with an ice cream and cake supper Sunday in observance of his 82nd birthday.

Adults' Pictures Needed For Hometown Paper

Winston B. Lucas of Irving, Texas, will be in Silverton to make pictures of adults in the Silverton area on Thursday, November 4, from 1:00 until 7:00 p.m. The purpose of this is to provide pictures of people of the community for the files of the Briscoe County News.

Good quality engravings are very desirable in a newspaper's files, and it has been arranged with the photographer, who is a specialist in this field, to take pictures and furnish engravings for the newspaper. There will be no charge for this, and you will be under no obligation to purchase pictures. The studio will show proofs for your selection of the one for the newspaper file. If you wish, you may purchase additional prints for your personal use at the time that you select which pose you wish made for the newspaper.

If you would cooperate in this matter, and it is hoped you will, your photograph can be made from 1:00 until 7:00 p.m. in the building formerly occupied by the Swap Shop and City Shoe Shop just north of The House of Gifts. The sitting will require about 10 minutes, and you can make an appointment by calling 3381.

This is the season of the year to have photographs made for Christmas gifts. Consider other members of your family. What would be nicer than a family portrait for Christmas?

In addition, anyone who missed having your children's pictures made for the contest may have that done on November 4, and the children's pictures made that day will be judged in the contest with those made last Friday.

Mr. and Mrs. James Davis, Barbara and Jim, Mr. and Mrs. Farris Martin and Ginger, Mr. and Mrs. Albert Mallow, Steve Jarnagin, Dwight Rampley and Mr. and Mrs. Jack Harris were among those who attended the homecoming at WTSU Saturday.

Mrs. Ayres Buried Here On Monday

Funeral services for Mrs. Irene Whiteley Ayres, 68, of Lamesa, who died Saturday afternoon in Medical Arts Hospital at Lamesa, were conducted at 3:30 p.m. Monday in the First Baptist Church here.

Officiating were Earl Cantwell, minister of Rock Creek Church of Christ, and the Rev. Carl Nunn, pastor of First Methodist Church.

Burial was in the Silverton Cemetery with arrangements under the direction of Roberts Funeral Home. Pallbearers were Jack Haynes, O. R. Stark, Jr., J. T. Penn, Irnett Penn, Charles Mayfield, and Frederick Ayres.

Mrs. Ayres was born in Bell County and moved with her parents, the late Mr. and Mrs. J. C. Whiteley, to Briscoe County in 1901. She attended Seth Ward College in Plainview and West Texas State in Canyon.

She married Madison George Ayres on November 21, 1921. She owned and operated the Man's Store in Plainview for several years before she and her husband moved to Lamesa. There she owned and operated Ayres Dry Goods for 30 years.

Mrs. Ayres was a member of the First Methodist Church of Lamesa and of the Order of the Eastern Star.

Survivors include her husband; and four sisters, Mrs. Jennie Penn of Lubbock, Mrs. Ruth Diviney of West Burlington, Iowa, Mrs. Madeline Stark of Quitaque, and Mrs. Clarice Douglas of Silverton.

Mrs. Shelby Haynes was in Tullia for medical attention Monday afternoon.

Mrs. Charles Cooper was taken by ambulance to Swisher Memorial Hospital Saturday evening.

Annual Farm Bureau Convention Held

The Briscoe County Farm Bureau annual county convention and banquet was held October 23 in the high school cafeteria.

The meeting was called to order by Carver Monroe, president. Ruth Ann Minyard gave a report on the Youth Citizenship Seminar at Huntsville which she attended last summer. The financial and membership reports were given by J. L. Self, Floyd Williams, chairman of the Policy Development Committee, gave a report.

Jo Edd Sullivan, Hale County Farm Bureau Service Agent, spoke on "What Farm Bureau Means To You."

Ne wdirectors elected were Pat Northcutt and Don Burson. Ray Teeple and J. L. Self were re-elected.

A \$10.00 gift certificate was the door prize awarded to Obra Watson. A tire was awarded to J. L. Self, a membership to Arnold Turner, and Mrs. J. K. Bean was presented a lovely centerpiece.

4-H Club DOINGS

A film strip, "5 Magic Mirrors," will be shown in the clothing education program on Tuesday, November 2, at 3:30 p.m. in the P.C.A. community room.

All 4-H girls are urged to attend.

Mr. and Mrs. J. B. Smith of Labyrinth spent Sunday with Joe H. Smith.

Farmers Union Meets Tuesday Night

The Silverton local unit of the Texas Farmers Union will meet for a regular session on Tuesday, November 2. This meeting is to be held in the P.C.A. community room at 7:30 p.m.

PROPOSITION No. 4
Four-year terms for the governor and other top state executives

This proposal would provide four-year terms for the Governor, Attorney General, Comptroller of Public Accounts, State Treasurer and Commissioner of the General Land Office. The number of terms which could be served would not be limited. In addition, it would provide four-year terms for "any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided for in this Constitution." All of these officials now serve two-year terms.

In 1954 an amendment was adopted which established four-year terms for district and county officials. Rather regularly since then there have been various proposals to establish four-year terms for state officers, but this is the first time it has been submitted to a vote of the people.

PROPOSITION No. 5
Giving constitutional status to the Teacher Retirement Board of Trustees, and broadening the investment policy

Under this amendment our Constitution would designate the Teacher Retirement System of Texas

as an agency of the State and would vest responsibility for proper operation of the System in a State Board of Trustees.

Section 48a adopted in 1936 gave the Legislature the right to levy taxes to provide a retirement fund for persons employed in public schools, colleges and universities supported in whole or in part by the State. Carrying out the provisions of this section, the Legislature has provided by law for the Teacher Retirement System of Texas and for a State Board of Trustees in which authority for general administration and responsibility for operation of the System are vested.

The basic change offered by this amendment then is that the agency and its authority would be established by terms of the Constitution rather than by law. In addition, the amendment would liberalize the investment standards to be followed by the Board of Trustees.

PROPOSITION No. 6
Authorizing \$85,000,000 in bonds to establish a student loan fund

This is a proposition to issue general obligation bonds of the State of Texas, in an amount not to exceed \$85,000,000, to create a loan fund for students at institutions of higher learning. Authority for such action would be added to our State Constitution.

Institutions participating in this loan program could be either public or private, and would include

Mrs. Clay Lemons of Hagerman, New Mexico; Mrs. Nell of Lovington, New Mexico; Mr. and Mrs. Chester Henry and Fred Henry, Ralls; Mrs. Joe McWatters, Mrs. Floyd Woods and Mrs. Roy Mack Walker have been recent visitors with Mrs. W. H. (Viola) Newman at the Plainview Hospital.

Mrs. J. R. Teever of Plainview visited her sister-in-law, Mrs. Jewel Kenady, last Thursday afternoon.

Mrs. Minnie Stevenson was moved to Nichols Manor in Lockney last Thursday. Mrs. Lucy Bain and Mrs. Ruby Merrick of Floydada have been daily visitors with her

Junior Colleges. They would be recognized and accredited under terms and conditions prescribed by the Legislature.

PROPOSITION No. 7
Exempting from ad valorem tax the property of charitable trusts giving free hospital and medical services

This proposal would add a new section to the State Constitution exempting from ad valorem taxes of local units of government the property of a charitable trust or organization which is dedicated to, and operates a hospital furnishing free hospital care or medical care, or both of these, for indigents within the State of Texas. Such a trust or organization would be exempted from all ad valorem taxes levied by any taxing entity except the State of Texas itself.

PROPOSITION No. 8
Removal and retirement of judges

The proposed amendment would establish procedures for involuntary retirement of district and appellate judges on account of disabilities, and for their removal from office for improper conduct. It would accomplish this by expanding the existing provisions for retirement of judges, and is supported and advocated by the State Bar of Texas.

Retirement would become compulsory when a justice or judge became 75. The Legislature could prescribe an earlier age but not less than 70 years. The age limit would not prevent a judge who was in office when the amendment was adopted from serving the remainder of his term, nor would it apply to him before he had served a total of 10 years.

PROPOSITION No. 9
Allowing Legislature to fix salaries of Lieutenant Governor and Speaker; increasing per diem paid Legislators

This amendment would allow the Legislature to fix the salaries of the Lieutenant Governor and the Speaker of the House of Representatives, and would increase the per diem of members of the Legislature to not exceeding \$20.

The Legislature has provided a salary of \$15,000 a year for the Lieutenant Governor and the Speaker in the general appropriation bill, to be effective if this amendment is adopted. Setting of the pay rate by the Legislature would conform to other constitutional provisions for the Legislature to set the pay rate of elective and appointive officials. A meaningful comparison of salaries paid to their Lieutenant Governor and Speaker by other states is impossible; the responsibilities of the office vary greatly among the states.

PROPOSITION No. 10
Increasing terms of State Representatives to four years

This is a proposal to increase the terms of office of members of the House of Representatives to four years. The terms would be overlapping, with half of the members being elected every two years.

The Constitution now says that the term of office of Representatives is two years "from the day of their election." There was some question about what this meant until the Attorney General ruled, in connection with annual salaries that salaries begin on the day a member takes his oath of office, after results of the election have been certified. This proposed amendment would clarify the situation by providing that Representatives shall take office following their election "on the day set by law for the convening of the Regular Session of the Legislature."

Halloween Carnival Is Saturday Night

Saturday night, October 30, is the night for the all-school Halloween Carnival and king and queen coronation. Each of the school classes will be looking for parents and local patrons to help support their efforts by attending the carnival and coronation. There will be food booths, games and fun for all ages.

A king and queen from high school and a prince and princess from grade school will be crowned at 8:30 p.m. in an impressive ceremony to be held in the school gymnasium.

Attend and cast your ballots for your favorite candidates.

School Daze

By Connie Dudley

Why did Kathy H. have a certain song dedication changed to suit herself last week?

What was wrong with Juannah in Pep Rally? Was it really that funny, Wayne?

Is it true that girls like to flirt with Little Ed?

It is true some freshmen girls really take physics fifth period? Mr. Francis thinks you're taking English.

Why was Mr. Grosdidier so embarrassed Friday before the first period? It seems there was a new couple also embarrassed.

Why has Diana S. quit eating dinner. Surely it isn't that she wants to lose weight; Maybe she wants to talk to Tim longer.

Joyce, what is the promise you made to Kathy that you keep on breaking?

Judy Stevens has some relationship with Phillip Stevens that no one knows about.

Who is the freshman boy that goes out at noon to see Gail Mayfield? (he always comes when she is around)

Certainly is nice to have such a coordinated coach. (Bobby Stephens tripped over the sidewalk on the way to lunch.)

Is it true Mr. Martinez said that if the 6th period girls had any brains they would be dangerous.

If what you lack is drive, strive to be alive and push and work and thrive.

BOOK REVIEW

Celia Garth

by Gwen Bristow

Celia Garth is a story about a girl who wanted things to happen to her.

Celia lived in Charleston, South Carolina, during the American Revolution. She had blond hair and brown eyes and a sassy face, and she worked in a fashionable dressmaking shop.

Things did happen to Celia, but not as she had planned. The king's army captured Charleston. The ravisher Tarleton swept through the Carolina countryside in a wave of blood and fire and debauchery. Caught up in the ruin were Celia and her friends—the merry-minded Darren; Jimmy, whose love for Celia brought her into his tragedy; the fascinating Vivian, five times married; Godfrey, rich and powerful, who met disaster because he could control anything in town but the weather; the gay daredevil, Luke.

Most people thought the Revolution was lost. Many Americans, like Celia's handsome cousin, Roy, joined the king's side. Then out of the swamps appeared Francis Marion.

Marion was a little man. Marion was also crippled. But as Luke said of him, "When that man's leading a charge, he looks nine feet tall."

In the dressmaking shop, Celia became a spy for Marion. She sewed, she smiled sweetly, and in secret she risked her life sending information to this man that the king's whole army could not catch, the mighty little man to whom Tarleton angrily gave the name "Swamp Fox."

Every book by Gwen Bristow has been a best seller: Jubilee Trail, Tomorrow Is Forever, This Side of Glory, The Handsome Road, Deep Summer. They have been translated into numerous foreign languages. Her readers run into millions.

In *Celia Garth*, as in the others, the people, the places, and the events are as vivid as if you saw them yesterday. The book is alive. It may well be her greatest.

SPORTS AND SCHOOL

by Linda Fisch

One of the most controversial questions of today is "Do Sports Help or Hinder the Player?"

The educators can argue about it, but the boy and girl athletes are the ones who know the answer.

Most teen-agers feel that sports is an advantage. For one thing, it makes them in better physical condition. Anyone can do anything better if he is in good physical shape. People are happier and healthier if they are in good shape. They are not likely to be sick all of the time if they exercise.

One touchy subject is the effect that sports have on grades. Even though sports take up lots of time, the students, if they like the sport in which they are participating, will make passable grades in order to keep playing. If a person is healthy, it is easier for him to study.

The question of whether sports help their prestige in school is not hard to answer. Everyone in Silverton High School will agree that this is so. The most popular students are the ones who participate in events for their school.

Cookbooks On Sale By FHA Chapter

The Future Homemakers of America chapter of Silverton High School is conducting their annual sale of the famous cookbook, **Favorite Recipes of Home Economics Teachers**. The 1965 edition features Casseroles (including breads). These cookbooks are sold only for fund raising.

Homemakers will find in this book the most complete collection of casserole recipes ever printed. It contains more than 2,000 recipes submitted by home economics teachers from every section of the United States. The recipes are very practical and are suitable for everyday meals as well as creative and gourmet attractions.

The "Casseroles" edition contains a large number of recipes for meat casseroles which include beef, pork, veal, lamb and wild game. For the homemaker who is looking for new ways of preparing that all-time favorite, hamburger, the separate chapter on Ground Beef and Hamburger Favorites alone makes the book well worth the \$2.95 price.

A touch of the exotic and unusual can be found in the chapter containing Casseroles With A Foreign Flavor. The homemaker will also find chapters containing numerous recipes for vegetable casseroles, poultry casseroles and meat and vegetable casseroles.

Favorite Recipes of Home Economics Teachers make excellent gifts for weddings, showers and graduation. For information about obtaining this book, contact the home economics department at Silverton High School.

Enjoyable Evening At Cotton Festival

Kay Strange, a participant in the "Miss Cotton" contest, reported an enjoyable evening at the new Agriculture Exhibition Center, where the contest was held last Thursday evening. To be a contestant, each girl's father had to be producing cotton on owned or rented land.

Fifty-three girls participated. Each was judged on poise, personality and overall appearance.

Miss Nedra Magee of Plainview was crowned "Miss Cotton," with Ethel Mabry of Petersburg as first runner-up and Carol Buchanan of Plainview as second runner-up.

THE RECIPE

If we want a sweet taste, we can put in more sugar
For sour, just more lemon will do:
But what shall we add to make citizens nobler
More upright and worthy and true?
There's many a sermon on character-building
There's much about learning in school;
Of all the great thought given man since Time's morning
The best is the plain GOLDEN RULE.

Contest Held In Pep Rally

There was a contest Friday in Pep Rally between Nancy Nance and Darrell Long. The contest was held to determine who could dress faster. Nancy's assistants were Venita Teeple and Roy Ann Bomar. Darrell's assistants were Monty Smith and John Montague. Nancy dressed as a football player and Darrell dressed as a cheerleader. The contest ended in a tie.

After a few yells, the coaches, Harvey Masey, and Monty Smith were asked to speak. The Pep Rally was closed with the singing of the fight song.

People overestimate their limitations. TRY!

Viet Nam

It's combat for us Dad, The front that's for sure,
Where the bullets will sing and the big guns will roar.
God only knows how lonely we are, but we can't let it get us,
We are fighting a war.

Dad, tell the folks there that don't understand,
That we are fighting this war for the freedom of man.
Tell them to stand by us and don't let us down,
We are fighting their war here in Viet Nam.

Perhaps they are planning a party tonight,
If so I hope things will turn out just right.
While they are driving home through the bright lights of town,
We need all their prayers, here in Viet Nam.

It's raining now, Dad, the stars give no light,
Gee, Mom and Dad, I am so homesick tonight.
My sight's growing dimmer, I can't hear a sound,
Goodbye, Mom and Dad, your Son, Joe, Viet Nam.

Homemaking Department Honored

by Mrs. Sue Purcell

The Young Homemakers chapter gave a kitchen shower for the homemaking department on October 19. The idea for the shower was derived from need. Over the years the dishes, pots and pans, and small equipment have gradually been chipped, broken, warped or lost.

The old saying, "You can't do today's job with yesterday's tools" certainly is true in homemaking. The new homemaking laboratories are up-to-date and have many luxuries of modern life. This makes the need for new dishes, pans and smaller equipment even greater because of the comparison of the new and old.

Among the articles given to the homemaking department were 2 cups and saucers, 2 dessert bowls, 8 bread and butter plates, and a set of mixing bowls. In the area of small equipment, the following was received: 3 rolling pins and 2 butcher knives. The cooking utensils that were given are: 1 skillet, 2 loaf pans, 1 roasting pan, 2 pie pans, 4 cake pans, 2 Teflon casserole dishes. Other items that were given were: a teacart, 3 waste baskets and a check for \$5. All of these items will help to build up the quality of the homemaking department and thus improve what can be learned in homemaking.

The homemaking students and teacher extend a sincere "thank you" to all of those who gave and took part in making the shower possible.

THE OPEN DOOR

"Behold, I have set before thee an open door . . ." Rev. 3:8

by Rev. Clyde Cain

A great deal of truth is revealed in poetry. For this reason it is challenging to our souls. One of my favorite selections is:

The Living Sermon

I'd rather see a sermon than hear one any day,
I'd rather one would walk with me than merely tell the way;
The eye's a better pupil and more willing than the ear,
Fine counsel is confusing, but example's always clear;
The best of all the preachers are the men who live their creeds,
For to see good put in action is what everybody needs.

I soon can learn to do it, if you'll let me see it done,
I can watch your hands in action, your tongue too fast may run;
The lectures you deliver may be very wise and true,
But I'd rather get my lessons by observing what you do;
I may not understand the high advice you give,
But there's no misunderstanding how you act and how you live.

Certainly this is a revelation to every Christian as we strive to live the Christian life.

Mrs. Dyrle Maples, Mrs. Fred Strange and Mrs. David Tipton attended a Jaycee-Ette Workshop in Pampa Saturday, October 16.

Shower Given For Home Ec. Department

The Young Homemakers hosted a shower for the school home economics department Tuesday, October 19, 1965, from 3:00 until 5:00 p.m. in the kitchen of the department.

A nice array of gifts was received. Cookies, spiced tea and coffee were served from a table laid with a white cloth. An arrangement of red roses was used for the centerpiece. This carried out the Young Homemakers, Future Homemakers and school colors, red and white.

Miller In Basic Naval Training In California

Seaman Recruit Jay R. Miller, USN, son of Mr. and Mrs. Lark Miller of Silverton, has begun seven weeks of basic Naval training at the U. S. Naval Training Center in San Diego, California.

In the first weeks of his service he is studying military subjects and is living and working under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian to sailor he will be taught and supervised by experienced Navy petty officers. They are teaching him the basic skills of seamanship as well as survival techniques, military drill and other basic subjects.

On completion of his recruit training he will be assigned to a school, shore station or ship, according to the results of his Navy classification tests, his own desires and the needs of the Navy.

Mrs. Cass Fowler and Mrs. T. C. Bomar were in Cache, Oklahoma, Wednesday to return home Mrs. Prentice Richards, who had been here visiting Mr. and Mrs. Sid Richards and friends.

Mr. and Mrs. Grady Martin, Rick, Lynette and Dana Martin spent Sunday in Lubbock with Mrs. Martin's sister, Mr. and Mrs. J. D. Michael and children.

Weldon Irion of Amarillo spent the weekend with Mrs. Clyde Lightsey and Spencer Long.

O. C. Maples, Vance Childress and Joe McWaters were among those who attended the 34th Annual Prison Rodeo at Huntsville on October 17. They were "mugged" by the publicity department, but were not accepted as permanent residents of the correctional institution.

Democratic Women To Sponsor Third Art Competition

The Democratic Women of the 30th Senatorial District will join with Governor John Connally in sponsoring the Third Annual District Citation Art Exhibition and Scholarship Competition to be held in the City Auditorium in Childress November 20, 1965, under the direction of Miss Mary S. Cooke, Democratic Committeewoman for this district.

Two major divisions of competition will be open again this year for entries by high school students and amateur artists. High school students (freshman through seniors) will compete for first, second and third places. In the Merit Award Division (open to any amateur of any age who does not derive more than one-half of his income from the sale of art), a first-place award will be given.

All entries must have been completed within the past year, and are limited in size to a maximum of 36 by 42 inches or a total of 1512 square inches. Any work in the following media will be accepted: oils, pastels, tempera, casein, watercolors, plastics (polymer, etc.) and pen and ink drawings.

Winners in the District 30 contest will be announced November 20 in ceremonies at the City Auditorium. Deadline for receipt of entries in the district competition will be 10:00 a.m. Saturday morning, November 20.

District winners will be entered in the finals of a statewide contest to be held in Austin in February, 1966, with the exact date to be announced later, and over \$1,000.00 in scholarships and prize money will go to top winners.

Entry blanks and information concerning the District and State contests are available from Mrs. Dee McWilliams.

State Capital NEWS

By Vern Sanford

Campaigns now are underway for and against the 10 proposed constitutional amendments to be voted on November 2.

However, little is being said on behalf of perhaps the most controversial of all the proposals—extending the terms of office of the governor and other statewide officials to four years. Gov. John Connally promised an all-out drive for it. Organized labor strongly opposes the term stretch-out.

46-member committee of leading citizens, headed by Dallas banker Ben H. Wooten, is pushing Amendment 1 to increase the state college property tax levy for college building purposes from five to 10 cents. Opposition to the tax increase is developing in San Antonio.

State Bar Association is battling for Amendment 8. It provides for automatic retirement of over-age judges and sets up a commission to recommend disciplinary action against misbehaving judges.

A variety of groups have kind words to say for Amendment 2 to increase the Veterans' Land Fund

to \$200,000,000, and revive the program of long-term, low-interest loans to veterans for farm-ranch land buying. But there is opposition here, too.

Other amendment proposals: Permitting Texas' participation in cooperative federal-state programs of assistance to and medical care for aged, needy and handicapped; clarifying investment authority for the board of trustees of the teacher retirement system; authorizing the Legislature to set up an \$85,000,000 student loan fund; exempting certain hospitals from local property taxes; permitting the Legislature to raise salaries of Speaker of the House and Lieutenant Governor and to increase lawmakers' expense allowances from \$12 to \$20 a day; and lengthening terms of state representatives from two to four years.

Many observers have expressed concern that opposition to the four-year-terms amendments may spread over to other less controversial measures. A light voter turnout is forecast.

COTTON PACT SIGNED

Threat of a Texas embargo on Mexican cotton was ended last week with the signing of a new agreement by U.S., Mexico and Texas regulating planting on both sides of the border.

Agreement, reached in two-day conference at Brownsville and Matamoros, set planting dates of February 1-March 31; stalk destruction deadline at August 31; and plow-up by September 15. Experimental late planting would be permitted only at agricultural stations in Matamoros and Rio Grande Valley Areas.

AG RULES

Atty. Gen. Waggoner Carr has ruled a Commissioners Court may not lease a county hospital if the lease allows the lessee to encumber the land, building and equipment. The court may not create debts in any manner other than time warrants or bonds duly voted upon by the property holders of the county.

portant to everyone, for in many ways weather rules the life of man. And like the other books in the HOW AND WHY series, this one answers dozens of basic questions about an area of knowledge in which scientists are constantly exploring. So this book is of interest to science-minded children and their parents. It explains how air, sun and water intermingle in a thousand different ways to produce an ever-changing yet predictable weather pattern.

The books in the HOW AND WHY series not only give accurate information about scientific subjects, but they also explain the various ways in which scientists explore and investigate the universe. The experiment is one of these ways, and this book emphasizes experiments. It suggests dozens of simple activities which young readers will want to try. Doing the experiments is a way of practicing one of the most important methods used by scientists to get accurate information about the environment.

If you have ever wondered about snow or fog, hurricanes or tornadoes, the seasons, or any other topic concerning weather, you will find much helpful information and colorful pictures in these pages.

Hoblitzelle Awards Nominee Sought

Regional deadline is December 1, 1965 for nominations for the coveted Hoblitzelle awards for the Advancement of Texas Rural Life for 1966.

Nominations should be submitted by that date to any member of the State Regional Committee, A. L. Black of Friona said today. Black is chairman of the six-man committee spearheading the 50-county Area I search for two Texas farmers who will receive the \$5,000 cash awards.

The awards for outstanding service to rural life improvement in the state will be presented to a junior farmer who is 35 years of age or younger and to a senior farmer who has passed his 36th birthday. The honors will be conferred upon them during Texas Research Foundation's Annual Field Day and Awards Dinner at Renner on Wednesday, May 18, 1966.

HOW TO CARE FOR YOUR PET

By R. T. Phillips
The American Humane Association

1. How long has it been since your dog or cat had a physical check-up? An annual trip to the veterinarian can help prolong your pet's life.

2. Malnutrition and overweight are major pet health problems — and haphazard feedings are usually the cause. Establish a schedule and stick to it!

3. You'll find your pet needs fewer baths and his coat keeps its beautiful sheen when he is groomed regularly.

4. Keep bones away from your pet. The amount of nourishment they provide is almost non-existent.

5. Putting your pet out at night can expose him to the cold, neighborhood hazards and disease.

6. It pays to be consistent in your disciplining or you may soon have a bewildered, high-strung pet on your hands.

Farm Families Benefit From F.H.A. Activities

Over 39,766 families of farmers, ranchers and rural residents in Texas benefitted from Farmers Home Administration loan services during 1965. This is an all-time high according to L. J. Cappleman, State Director for the agency.

Loans made or insured by the Farmers Home Administration in Texas during the fiscal year ended June 30 totaled a record of \$82,239,230. Of this, \$960,070 was loaned in Swisher and Briscoe counties.

State Director Cappleman said the Farmers Home Administration preserved its long-standing record for keeping its various lending programs in a sound position during fiscal 1965. Repayments of principal and interest by borrowers totaled the largest volume collected in the agency's 30-year history.

In the Swisher and Briscoe unit office, \$11,000 was loaned under

the Economic Opportunity program to rural residents to establish five small businesses in order to raise their level of living.
