The Silverton High School chapter of Future Homemakers of America have been doing their part to boost the morale of servicemen in Viet Nam, according to an announcement by Elaine Boyles, president of the chapter.

The girls donated \$7.00 toward the cost of mailing and J. S. Hinds, superintendent of schools, provided the balance of the \$21.60 needed for postage.

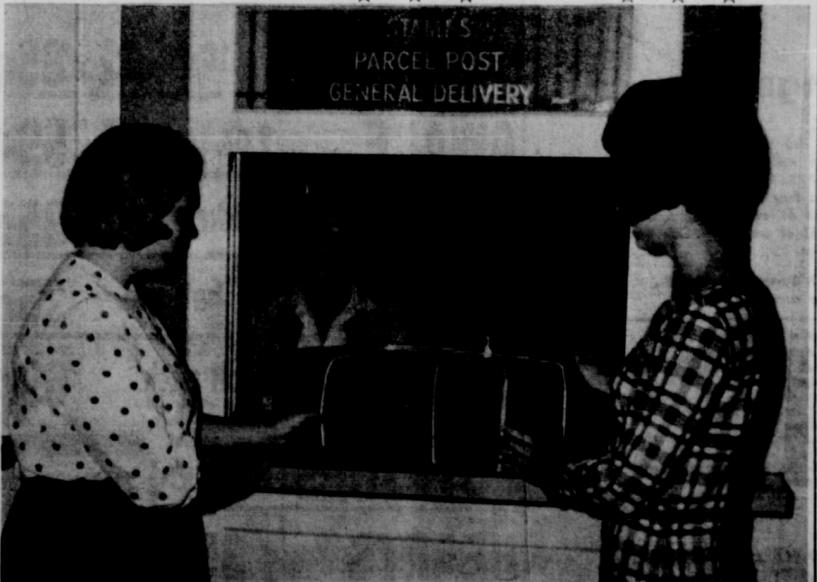

Included in the package were two pounds of divinity, four pounds of peanut patties, two pounds of taffy, two pounds of pe-

can pralines and six dozen cookies.

Also sent were eight containers of popcorn, 15 packages of presweetened Kool-ade, five packages of razor blades, three tubes of toothpaste and one tube of Brylcreem.

Also included were a valentine from each girl in the chapter with her picture enclosed.

The gifts are to be distributed by the Red Cross with a special portion going to the more deserving soldiers.

Elaine Boyles and Margaret Minyard were pictured with Mrs. Ray C. Bomar at the local Post Office last Friday when they mailed a box of Valentines for Heroes on behalf of the

Silverton chapter of Future Homemakers of America. Included in the package were candies, cookies and a Valentine from each girl in the chapter with her picture enclosed.

Richard McCutchen, Monty Smith and Lynn Edwards were hard at work last week on a bit of snow sculpture which has stood on the front lawn at the Vinson Smith home. There was some disagreement as to whether the figure was that of a man or woman, but the finished product stood approximately ten feet tall and had an automobile time hat and a plaid scarf as accessories.

Paul Miller, local Veterans Service Officer, has announced that he will no longer be making trips to Silverton and Quitaque.

For more than 20 years I have made these trips regularly and have enjoyed this work very much. I have made many lasting friends and I hope that I have been of service to the veterans of the area. It is my wish to continue to serve you whenever this service is needed. I will be in my office in Tulia each day except Wednesday and when I am needed I will always be ready to come to Briscoe County to serve you as I wish to remain your service officer."

"My relations with my employers, the County Judge and Commissioners of Briscoe County, has always been the very best. I have always enjoyed their fullest cooperation. The decision to discontinue weekly trips has been my own.

## Young Farmers Donate Money To Boys Ranch

The Silverton Young Farmers recently donated \$25.00 to Cal Farley's Boys Ranch. In the letter of appreciation received from Cal Farley, appreciation was not only expressed, but also the great need for money and service at the ranch.

"For instance," the letter said, "the physicians and dentists in and around Amarillo have seen, in their offices each week, an average of 18 boys for the past five years—at no cost to the Ranch. They have operated on an average of two boys per month during that same time. We asked one of the doctors, 'How many tonsils have you taken out for the Ranch boys during the past five years?' He said, 'I don't know—I guess about a tubful.'"

"All of our bread for twelve hundred meals per day have been given free to the Ranch over all of these years. Each time our truck picks up the bread, there's always a few cakes, donuts and hamburger and hotdog buns that seem to get mixed up with the bread. Somebody at our bakeries must have had a sweet tooth in his younger days just like our boys."

Mr. Farley closed his letter by inviting Young Farmers to visit at the ranch when they can and wishing them a "peaceful and pleasant 1966."

Have you been having trouble getting the correct fit in shoes? Reba Boyles, Extension clothing specialist at Texas A&M University gives us some interesting and helpful hints on shopping for shoes.

When you shop for shoes, put

your largest foot forward. It's the best foot for measuring, since this helps get a better fit. The difference between one shoe size and the next is a mere 1/16th of an inch, Miss Boyles states. A shoe should fit comfortably when bought.

Foot measurements frequently vary according to the time of the day. During the afternoon the foot is about midpoint in size. This is the best time to shop for shoes,

she says. As shoe styles change, so do sizes. Changing from a sedentary job to an active one can also cause a change in shoe size. When fitting shoes, try on both shoes and ask if you can walk on a hard-surfaced floor. Your walking will be chiefly on hard surfaces, and this helps judge comfort. Try a combination last if a snugger heel fit is needed.

Several women have asked if there were plans for organizing a home demonstration club in Silvertown that meets in the evening. If you think you would be interested in such a club, call the County Extension office 4271 and leave your name, box number, and telephone number. If enough ladies are interested, a meeting will be planned and home demonstration club work and organization will be explained, and if a decision to organize is made, you can select a time and place to conveniently fit your needs.

There are tentative plans for such a meeting with Mrs. Raymond Teeple in the south part of the county. If you live in that part of the county, you may wish to contact her.

There are four purposes of the home demonstration club: leadership development, home economics education, civic projects to make the community better, and social. There is an increase in interest and membership if the activities are balanced.

### Star-spangled savings plan

Most of us think about the future in terms of paying off the mortgage, educating the children, providing a retirement income.

But with the world the way it is today, it's almost impossible to make plans for your own future without considering the future of your country, too.

When you buy U. S. Savings Bonds, your money takes on both jobs. It grows to build your financial strength.

At the same time, it helps Uncle Sam watch over our peace and security.

Why not give your savings dollars this double assignment? You'll be joining millions of American families who are investing in their country's future — and you'll probably feel pretty good about it.

It's easy to buy Savings Bonds on the Payroll Plan where you work. A \$50 Bond costs \$37.50, a \$25 Bond \$18.75, and you can buy them in installments for only a few dollars a pay day. Or buy them outright at any bank. No charge for the service.

Buy Series E Bonds for growth, Series H for current income.

#### Some nice things about Series E Bonds

- You get 3 1/4% more money when they mature
- You can defer the tax on accumulated interest until the Bonds are cashed
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed, or stolen

### And for wheat — NIPAK 45.

Get better wheat crops and earn bigger profits. Topdress your wheat with Nipak 45 right now — for greater yield and higher protein. Nipak 45 — 45% nitrogen fertilizer from Urea — gives you one-third more nitrogen per pound than any other form of solid nitrogen fertilizer — which enables you to handle less fertilizer and cover

more ground in less time. Nipak 45 is uniformly prilled, too. It flows easily, won't cake, clog — or corrode your equipment. Nipak also dissolves in the soil moisture and moves quickly to the root zone where it stays put until your crops need it. So for more grow power, ask your local Nipak dealer about Nipak 45. He can help you plan a complete fertilizer program because he can provide a complete fertilizer service.

## Juniors Urged To Enter Special Contest

The Junior class met Friday, January 28, in the film room. Two representatives from Swisher Electric Cooperative were here to talk to the class about a contest for Juniors only.

There will be an essay and oratorical contest for the "Government in Action Youth Tour." Two winners from Silverton High School will compete with other school winners to decide whom will win trips to Washington, D. C. this summer. Juniors were urged to enter the contest because of the big dividend it pays.

Mrs. Purcell: "Look at the cake I decorated for my birthday. Don't you think my sense of design is wonderful?"

Mr. Purcell counting candles: "Yes, but your arithmetic is terrible."

## -SCHOOL DAZE-

Judy, I know you have had a Lover's Quarrel, but don't get worried.

Why did Janie turn red when Mitchell kicked her in the seat? Come to think of it, why did Mitchell turn red?

Why is it that the Turkey ball game on Friday night is so much better?

What's this about Roy Ann's new hairdo?

Kathy H. furnishes entertainment in the lunchroom. She has a great tumbling act.

Why are some of the boys so reluctant to accept dates to the Sweetheart Banquet?

Why was Mary Lynn so red after third period class?

Who does ballet during World History fifth period?

Does it really take team work to get Tina in her shorts?

Did Roy Ann enjoy the Fat Stock Show?

Judy Y. will never look up again, will she? Surely not after what she saw in the boys' dressing room.

Why is it that Miss Self doesn't like good music. She told on five Senior boys for singing especially for her.

Who says cows don't dance! Charlie and Phillip started a new band called the Fruit Boots.

Waitress: "How did you find your steak, Sir?"

Customer: "It was just luck. I happened to move a piece of parsley and there it was!"

## - Lunchroom Menu -

Monday, February 7

## THE DAYS OF OUR LIVES

I've Got a Secret and To Tell the Truth it is a Thriller. At 12 O'clock High I was Bewitched by My Mother the Car. While I was in this state I dreamed of a Long, Hot Summer in a Big Valley called Shenandoah.

Later I was Lost in Space with the Farmer's Daughter. I was instructed "Please Don't Eat the Daisies." When I returned, I landed at Green Acres where they said, "Run for Your Life!" because I Spy Batman down at Petticoat Junction.

I ran and ran until I came to the Wild, Wild West where I was a Fugitive and Branded by Hogan's Heroes. I had to escape from this Hullabaloo so I got a Wells Fargo stage (which was guarded by a Rifleman) and went to Laredo. I boarded with the Addams Family with whom My Three Sons had stayed during Combat.

I saw the Blue Light and realized I was in Jeopardy. I took care of the matter with aid from F Troop. They made me a Red Skelton and now I am an Untouchable.

### INCOME TAX by Linda Fisch

Did you know that the government spends over one-fourth of the total income of all the people? This fact alone is reason enough for giving serious attention to problems concerning taxation and public spending.

No one likes to pay taxes, and yet no one wants to do without the services which the government supplies. With the authority to raise revenue and to use public funds to finance its operations, a government could not exist. Article I, Section 8, of the Constitution, and the Sixteenth amendment provides the basis of the taxing power of the government.

The Constitution lists three purposes for which the federal government may collect taxes: (1) to pay debts, (2) to provide for the common defense, and (3) to provide for the general welfare. These purposes are so general that the government has been able to levy taxes to pay for any of its functions.

Just because taxes are the price we pay for public services does not keep us from complaining. Aside from these complaints, there

are more serious grounds for questioning our present federal tax system. One criticism is that the high rates levied on the profits of corporations and the income of wealthy individuals make it difficult for industry to expand and modernize. If the money paid by these companies were invested in expanding our industrial facilities, this would create jobs for many of the people now unemployed. In 1962 Congress did enact a law that reduced taxes for industries which invested in new facilities.

Another criticism is that they are unjust because they grant special deductions to certain groups of taxpayers. Oil producers, for example, claim a special "depletion allowance." This is justified because the supply of oil from a given well is limited.

If we are to understand the operations of the government, we must study how it decides how much to spend and what taxes to levy. We must understand the role of government in the national economy and some current issues related to government finance.

## From The Junior High

Each Friday, the 7-1 reading class has a period devoted to composing original essays, the topic being "What If." Friday, January 28, the complete title for the essays was, for the girls "What If I Were a Boy" and for the boys, "What If I Were a Girl."

**What If I Were a Boy!**  
by Lynette Martin

If I were a boy I would have short hair and I would not act like a Beatle. I would want to be handsome so I could get a girlfriend. I would sit by her at lunch, and when I got my driver's license, we would go riding. I would have a party, if my parents would let me, and invite her and some other boys and their girlfriends to it. It would be a Boy and Girl Party, of course.

**What If I Were a Girl!**  
by Monty Teeple

If I were a girl I would not like it. I would dread putting that silly old makeup on and taking a bath everyday, YUK!

If I were a girl I would wear blue jeans ALL the time. I would dye my hair blonde because they say they have more fun. What I would really dread is putting on a dress!

What would make me look red in the face would be wearing high heels. I would never, never, never go swimming because everybody would laugh at my figure not counting my "legs"!

## CAREER GIRL

She takes a job in an office, With the subtle, definite plan Of trying to meet expenses, Or else a fellow who can.

## MY POEM

by Elaine Boyles

I know a girl whose name is Linda, Who's seen often, looking out a window.

Everyday at lunch, She runs downstairs to beat the bunch.

She works very hard, you might say,

To have a paper for Thursday.

She's very bashful, And never wasteful.

Linda is very alert, And hardly ever gets hurt.

She's rather short and slender, And is probably quite limber.

Now I have finished my story, And Linda will go on with her glory!

## MY POEM

by Cliff Walker

Now English is really a chore.

With me it's really a bore

To stay awake all through class,

And still manage to pass.

But we always get through,

I don't know why, but we do,

So I guess I'll just struggle along.

We all know there is a need,

To learn of good instead of greed.

So study hard and study long,

And do your best to get along.

## MY POEM

by Ruth Ann Minyard

Paula is a pretty girl

With a little curl.

She goes to school everyday

And works hard to make an A;

Her favorite color is blue

Her teacher's name is Sue,

She works so very hard

To write a paper that will land in a yard;

She used to play basketball

But now she doesn't play at all.

Her eyes are very green

One can always hear her sing;

Now this poem is almost done

I hope you don't want to run,

I have done my best

With hopes that I passed.

## MY POEM

I know a boy named Tom

Who likes to play with bombs.

He has two eyes

Which are blue as the skies.

His hands are rough

And he acts very tough.

He has freckles on his nose

And his cheeks are like a rose.

He isn't much when it comes to books,

But it's a different story when it comes to looks.

He looks a lot like my mother

Because, you see, he's my brother.

## MY POEM

by Judy Miller

I know someone who is a crum

And he acts so very dumb.

He never stops to think

Thus makes the girls turn pink.

He runs around all night

And usually ends up in a fight.

He comes home with both eyes black

But so does everyone else in his pack.

Even with these bad qualities

He never carries insurance policies.

Now my poem has come to an end

And I have lost another friend.

Maybe I can learn from this

Not to be such a smart Miss!

## NO LUCK!

A certain young man sought election to the state legislature. He was defeated.

He then went into business—was unsuccessful. (For seventeen years he struggled to pay the debts he and his partner had made.)

He courted a lovely young woman. They became engaged. The young woman died.

He became a candidate for Congress. He lost.

He sought an appointment to the U. S. Land Office. He did not get it.

He ran for the U. S. Senate. He lost by a large majority.

He was a candidate for the Vice Presidency. He failed again.

Disappointment after disappointment—terrible discouragement—he seemed never to have any luck. But he had purpose and persistence.

Then one year he ran for President—and he won!

He was re-elected for a second term.

He charmed men by the honesty of his heart, the nobility of soul, by his love of all people.

Time has vindicated his deeds.

That man was Abraham Lincoln.

## A Way Out!

Oh! Mitchell was a lover  
He romed through St. Dover  
Kissing all women  
That came from St. Given,  
He never had a wife,  
But wanted one all of his life,  
Especially the little dainty  
They call Janie.  
But when she consented  
To be his lawful wedded,  
He jumped in the Bay,  
Which was the only way,  
And married a fish,  
Boy! What a dish!  
—Author Unknown (but it sounds a lot like Mike Long)

## SENIOR PLAY REHEARSALS

### NOW IN PROGRESS

The Senior Play and play cast have been chosen. The play is "Just Ducky," written by Donald Payton. Rehearsals are held on Monday and Thursday nights.

The play will be given Thursday, March 10, the last day of Public Schools Week.

## S-CLUB NEWS

On Wednesday, January 26, the S Club met, and the members were informed that the club was out of debt and in the clear. The members decided who was to bring sandwiches and brownies to the last two home games. The decision of the date for the initiation of the new members was left up to the Seniors.

## DAFFYNITIONS

Conference: A meeting at which people talk about what they should be doing.

Experience: Something that when you finally have it, you're too old for the job.

Courtesy is to business what oil is to machinery.

Anger is only one letter short of danger.

## F.H.A. NEWS

Wednesday the F.H.A. chapter met to decide what time to have the Sweetheart Banquet. It was decided to begin at 7:30 p.m. on February 12, 1966.

Chapter members sent Valentines to the boys in Viet Nam with their pictures inside. The Chapter also sent candy, cookies, Kool-aid, pop corn, razor blades and other things to the boys.

## Stars To Steer By

Loafing is the poorest paying job in the world.

Don't go broke trying to look rich.

Stumbling blocks may be turned into stepping stones.

Pick friends—but don't pick them to pieces.

It's nice to be natural, if you are naturally nice.

Children need models more than critics.

He who slings mud usually loses ground.

Even a gold mine is of no value unless it is worked.

## JOYS

Some seek their joys in baubles and toys

And styles and fashions and folly,

Some see the joys of fine girls and boys,

Their life is more happy and jolly.

Taxes could be a lot worse. Suppose we had to pay a tax on what we think we're worth?

**off with his head!** CRIED ALICE'S QUEEN

The King, the Queen and the executioner were present. Alice and the prisoners, too, of course, but these were all. No jury, no public, no publicity.

No newspaper reporters.

In Alice's Wonderland even applause was "immediately suppressed by the officers of the court."

Not so in America.

In all criminal prosecutions the accused shall enjoy the right of a public trial, says Article the Sixth of the Bill of Rights of the Constitution of the United States.

So people may know, newspapers must report these trials.

This is not freedom of the press. This is responsibility of the press.

Newspapers have no extraordinary rights.

People do.

Men have the right to a public trial and the right to know what happens in courtrooms. These are rights written into the Constitution and affirmed by the Supreme Court in 1829 when Mr. Justice Bagley wrote: "It is one of the essential qualities of a court of justice that its proceedings should be public."

If people are to know the truth the newspaper must report the news.
