If any parent finds a baseball uniform of any kind in the closet, please bring it to the City Hall. The Little League season will be starting May 31, and the uniforms are needed. If your boy is going to play again this year, he will probably be on the same team and there is no need to turn in his uniform. However, if he is too old for Little League, please take the uniform to the City Hall.

There were once enough uniforms for three teams, and it is hoped that enough uniforms of one kind will be turned in this year to suit one team. If you have a uniform with John Deere, Tornadoes or Angels written across the front, please turn it in now.

Cancer Crusade Concluded Here

The American Cancer Society's 1966 April Crusade has officially ended in Briscoe County with a total of \$988.17 raised—one of the highest totals ever.

Mrs. Joe Brannon, chairman of the Crusade, said this is a complete figure, all reports having been received.

"We have made possible an expanded attack on cancer in Briscoe County, in the state and in the nation," she explained.

"People are becoming more and more aware of the vastness and complexity of the cancer problem. They know that 1,400,000 Americans are cured of cancer because it was diagnosed in time and properly treated. They also know that it will take much added effort to solve the problem. They know that cancer will kill millions of people now living if present rates are permitted to continue.

"In 1966 volunteers reached more people than ever before," the chairman said. "More educational work was accomplished. Several thousand educational leaflets were distributed in Briscoe County, fixing more definitely in the public's mind the things a person can do to help protect himself against death from cancer—even prevent the development of some cancers."

While the Crusade is officially at an end, Mrs. Brannon made an appeal for continued action: If you—a member of the public—did not contribute during the Crusade, do so now by sending a contribution to the American Cancer Society, c/o Mrs. Joe Brannon, Route Q, Silverton. Also ask for a copy of a leaflet giving the basic ways you can help protect your-

 Are you in your retirement years? You can prevent home accidents from needlessly marring

your health with planning and a little extra effort.
 Light can help reduce accidents in dark hallways and on stairways. A bedside light and a flashlight in good working order can be other aids for older citizens.
 "Accidents don't just happen... they are caused. With care and patience, home accidents can be prevented. So safeguard your retirement years by observing home safety rules.
 Excessive noise in the ordinary home can be a health hazard. Medical investigators have found that sustained high noise levels can cause hazardous problems of hearing. Excessive noise commonly produces tiredness and irritability, as well as indigestion and nervous disorders.

What can the homemaker do about it? A significant number listen to an appliance before buying. Many more are making use of the sound-killing qualities of draperies, rugs, upholstered furniture and wall coverings.
 One scientist advises families to use a little consideration and not turn on radios, televisions and record players at the same time.
 Research shows that many home accidents occur in the bathroom. With a little effort you can "safety-proof" this room for members of your family. It is important to use nonslip strips or a rubber mat in the bathtub and safety bars on the wall or tub. You can buy the strips in most hardware stores. The tub bar is especially important for older persons.
 According to statistics, an estimated 500,000 children will be the victims of accidental poisoning this year.
 Help your child stay alive by keeping household products, medicines and pesticides locked up. Even if you must leave the room for only an instant, remove the dangerous container to a safe spot.
 Here's a checklist that will help you "poison-proof" your home.

1. Keep household products, medicines and pesticides out of reach and out of sight of children, preferably in locked cabinets or closets.
2. Store medicines separately from other household products and keep these items—and pesticides—in their original containers. Never store them in cups or soft drink bottles.
3. Be sure that all products are properly labeled, and then read the label each time before using.
4. Always turn the light on when giving or taking medicine.
5. Since children tend to imitate adults—avoid taking medications in their presence.
6. Refer to medicines by their proper names. They are not candies.
7. Clean out your medicine cabinet periodically. Get rid of old medicines by flushing them down the drain, rinsing the container in water, and then discarding it.
8. Never pour pesticides down the drain. Dispose of pesticide products by wrapping the container in newspaper and placing the wrapped package in the garbage can.

We have all heard of the power of positive planning and thinking and experienced it at some time in our lives. This little poem about "Will" reminded me of results of positive planning and action. Let's all make a real effort toward safe home life for ourselves and our loved ones.
WILL
 There is no change, no destiny, no fate,

Can circumvent or hinder or control
 The firm resolve of a determined soul.
 Gifts count for nothing; will alone is great;
 All things give way before it, soon or late.
 What obstacle can stay the mighty force
 Of the sea - seeking river in its course,
 Or cause the ascending orb of day to wait?
 Each wellborn soul must win what it deserves.
 Let the fool prate of luck. The fortunate
 Is he whose earnest purpose never swerves
 Whose slightest action or inaction serves

DEAR EDITOR:

To me, there is no greater opportunity to serve God and Country than being in an elected public office. This has been my privilege for nearly 18 years as a member of our Texas House and Senate.

It was a thrill and an honor to again, this year, place my name before the people and participate in our sacred, and almost unique, system of free elections—a right denied to most of mankind today.

Now the people have retired me from public office—and, as always, I am more than willing to accept their verdict.

But, from the depths of my being, I wish to express my most sincere gratitude for the opportunity of the past 18 years to serve the interests, ideals and principles of the people of our State as my conscience directed.

Last, but not least, I wish to thank each and every individual who gave me their vote and support in the recent primary.

My very best wishes to you and every citizen of our 30th Senatorial District.

Sincerely,
Andy Rogers

Like America, Britain is in need of a spiritual revival. Recently the London Daily Telegraph carried a shocking article by Anthony Le-june entitled "The Marks of Britain's Decadence." It began with this paragraph: "An intelligent young woman, recently returned to Britain after working in America, told me the other day that seeing this country again with fresh eyes had profoundly shocked her. 'I really think,' she said, 'that Britain has become the most decadent nation in the Western world.'"

The Greater London Crusade, led by Evangelist Billy Graham, is to be conducted June 1 - July 2, 1966. Even though miles may separate us, our entire community can covet together in prayer for this great evangelistic effort. May the Spirit of the Lord prevail in these services.

Mrs. Walter Stevenson of Ojai, California, and Mrs. Kenneth Bain of Floydada were visitors with Mrs. Will Smith on Thursday of last week. Mr. and Mrs. Walter Stevenson formerly lived here. He has been ill for some time and is a patient in a California rest home. Mmes. Dean Allard and James Stevenson called in the afternoon. Mrs. Walter Stevenson, nee Jewel Kelley, had been to Roby for a Kelley family reunion.

Mrs. Gordon Montague of Plainview took Mrs. Will Smith and Mrs. Seay to Memphis on Monday of last week. Mrs. Smith had a medical checkup, and received a good report.

Mrs. Louise Seay visited her daughter, Mrs. J. T. Persons, in Quitaque last Thursday.

Mr. and Mrs. Floyd Williams attended the funeral of Claude F. Dudley in Tulia Monday of last week.

Mrs. Mattie Childress has been a recent visitor with her daughter and family. Mr. and Mrs. H. L. Jones and children, in Lubbock.

Century of Progress Study Club met in the home of Mrs. Wayne McMurtry on May 6, 1966, at 3:30 p.m. for a luncheon honoring Mrs. O. C. Rampley, president, 1964-66. James Davis gave the invocation and Mrs. Rampley was escorted with a corsage of Peaches and Charlie Brown character cards with first name inscriptions and peanuts on the half marked the seating arrangement. Yearbook Committee, Mrs. Rampley, Mrs. Norman Strange,

and Mrs. Flunoy Hutsell, presented Mrs. Rampley with an engraved plaque and book on behalf of the club. The plaque bore the inscription taken from the quotation for the day, "May the roads rise with you and the wind be always at your back and may the Lord hold you in the hollow of His hand." Luncheon guests were Mmes. Rampley, Davis, Edwin Dickerson, Jack Strange, Bill Wristen, L. D. Griffin, Troy Jones, Pat Northcutt, Carl D. Bomar, Leon Grosdidier, Joe Montague, Wayne Vaughan, Jim Mercer and Leland Campsey. A short business meeting was held at which time Mrs. Jack Strange presented dates to remem-

ber: Soil Stewardship Week and Armed Forces Day. Mrs. Roy Francis was accepted for membership. Mrs. Bill Wristen was elected to serve as treasurer for the ensuing year. The Yearbook Committee consisting of Mrs. Bomar, Mrs. Rampley and Mrs. Garland Francis, brought ideas for courses of study for the 1966-67 term. "My Federation Coloring Book" was chosen. After the club collect, club adjourned and visiting and reminiscing over the scrapbook which had been brought up to date from 1949, was enjoyed by the guests. Dave Ziegler, who underwent surgery some time ago, underwent further surgery on Tuesday of last week in Northwest Texas Hospital in Amarillo. Mrs. Ziegler is at the hospital with him, and Carl Tidwell has also been there to visit them.

She was assisted by Mrs. Richard Whitfill in preparing the pressbook. Coffee brown pages were chosen and the press clippings were mounted on yellow. Twenty-three references were used in the winning pressbook, which weighed 23 pounds. The attractive hand-tooled natural leather cover was laced with brown and was made by Mrs. Katherine Stephens of Silverton. Mrs. Whitfill has been appointed to serve as pressbook chairman during the coming year.

Mrs. B. F. Seay of Andrews was installed as president of the Texas Federation of Women's Clubs during ceremonies conducted Thursday evening at the KoKo Palace in Lubbock as the 69th annual convention neared its conclusion. Among the highlights of the convention for local clubwomen were the junior conference and the Reflection of Freedom luncheon.

For members of L. O. A. Junior Study Club, their regular bi-monthly meeting was held at the junior conference at the Johnson House Wednesday morning. Members of the local club assisted with decorations for the junior conference breakfast, the theme of which was "Lampights of Federation." March of Time Club Hears Book Review

The March of Time Study Club met in the P.C.A. community room May 5, with Mrs. H. A. Cagle as hostess. Program topic for the day was "Pass Key." Mrs. C. E. Anderson gave her version of "The Most Outstanding Program of the Year." Mrs. R. G. Alexander reviewed the book, "The Trouble With Being a Mama," by Eva Rutland. Mrs. J. S. Hinds read a poem she had composed: "Oh! No! Not Another One" "Oh! No! Not Another One," you say with a start As soon, for the Summer we all have to part. Another Club year almost ended, Another One gone, Again we're reminded that TIME rushes on. It seems as but yesterday, we had our first meeting We all were so thrilled as Friends we said Greeting. We looked with anticipation at the theme for the year And then searched the Book frantically, to see when we would appear. We then settled down to enjoy the provision The Program Committee had suggested as their decision. It's been a good study, so helpful and bright It all seemed to fit in, and work out just right. Each member and part made all efforts complete With such teamwork as this, we could know no defeat. We shared our sorrows, our joys and our love, Which gave to our Fellowship a touch from above. We gave of our talents, our time and know-how "Til we used every gift with which God did endow. "It has been such a blessing," I can hear someone say, I'd like to re-live it, beginning today. If Time could stand still, but it hurries in flight The days turn to months, and vanish from sight. Oh! No! Not Another Year joined to the past As we approach the next meeting day, designed for the last. Refreshments were served to Mmes. Anderson, Alexander, Tony Burson, Troy Burson, True Burson, Rex Dickerson, Hinds, Roy Mayfield, Fred Mercer, Alvin Redin, W. E. Schott, jr., Ben Whitfill and Miss Anna Lee Anderson.

Old Buildings at Fort Richardson by E. M. Schiweitz

FORT RICHARDSON

... a long time between paydays!

Across the western face of Texas, the brooding ruins of forts . . . here and there a restored barracks or hospital bring back a bloody page in history. A history that tells of marauding redskins thundering southward from Indian Territory, killing in their wake, pushing on to the Mexican border. A history that tells too of the hard and lonely life of the U.S. Army troopers who manned these strategic forts.

Fort Richardson, near Jacksboro, was one of the more important of these outposts. Here Kiowa Chieftains Satanta and Big Tree were incarcerated before their trial for a bloody massacre. But life in all frontier posts was much the same . . . best expressed by the soldiers themselves, "a long time between paydays."

BUT IT ISN'T SO FAR BETWEEN PAYDAYS NOW . . . with U. S. Savings Bonds!

Today, there can also be a long time between paydays for those who have not established the thrift habit. But through the U.S. Savings Bonds program you can take care of this situation quickly and effectively.

For example, with as little as 63¢ a day you can buy an \$18.75 Savings Bond every month. Keep this up for 40 months and you'll own a stack of Bonds worth \$1,000, at maturity, which cost you only \$750 in easy installments.

Buy U.S. Savings Bonds every payday automatically through the payroll savings plan.

ODE TO LELAND

by Joni Self
Every eye was turned on him
In his hour of loud exclaiming.
Everyone knows him
Because of his loud complaining.
Nothing ever goes to suit him,
Even friends find him hard to please
Everything must be done for him
And yet he never returns with ease.
Daily people find out about him,
How can they help but notice,
When daily they see or hear him
Making himself a public notice.
I guess one day he will grow up,
But it's a chance of a thousand to one.
He'd better be careful for someone
May get nervous and blow up
Leland.

THE 1965-66 SILVERTON HIGH SCHOOL YEAR
By Kay Strange

The 1965-66 school year is coming to an end, and overall, I would say it has been a very successful year. We have been very fortunate this year to have exceptionally fine teachers. All of us have days when we may hate teachers, but when we consider all of the things they have taught us and everything that they have had to put up with, we can't help but appreciate every one of them.

Now, the Freshmen are looking forward to being Sophomores; while the eager future Freshmen just don't know what they are getting into. The Sophomores are happy to be nearer to their Senior year; while the juniors can almost say they are Seniors.

The twenty-two graduating Seniors will be missed in Silverton High School next year, although we are proud that they have completed this milestone in their education.

Some of the highlights of the year were Freshman Week, Junior Play, Christmas Party given by the Student Council, F.B.L.A. Christmas Party, Sweetheart Banquet, Senior Play, F.B.L.A. Salad Supper, All-School Party, Father and Son Banquet, Teen Time given by the Young Homemakers, Junior - Senior Banquet, Mother and Daughter Banquet, Western Day and the Athletic Banquet.

These last few weeks of school have been filled with a whirlwind of activities for the Seniors. They have been luncheon guests of the Baptist Church and of the Church of Christ and breakfast guests of the Methodist Church. Showers of gifts arrive daily from their friends and relatives.

Most important of all is the event they have long awaited — their Commencement Exercises to be held Friday, May 27, at 8:00 p.m.

Silverton played Matador at Matador on May 6, winning with a 3-0 score. Silverton played errorless ball, with Leland Wood pitching a two-hit game. Lynn Frizzell and Roy Dale Wood were leading Silverton hitters with two hits each for three times at bat.

Silverton participated in the regional baseball game at Monahans on May 12.

The score was 13-0 in favor of Fabens. Leland Wood pitched and Charlie Baker was the leading hitter with one hit for one time at bat. Silverton committed 17 errors.

Silverton had a good season, ending with four wins and five losses. The wins were Farwell, Quitaque twice and Matador. The losses were to Hereford, Quitaque, Plainview, Hereford and Fabens.

Bobby Stephens was the coach of the Silverton baseball team.

Grabbe Wins Fifth At State Meet

Crockett Grabbe won fifth place in number sense for Class A schools at the State Interscholastic League Meet in Austin May 7.

He had previously won first place in the district meet and also in the regional meet at Texas Tech.

Crockett was accompanied to Austin by his sponsor, Mr. Glen Grosdidier. Both reported to the paper that they had a delightful time in Austin as the Southwest Conference track meet was also held on May 7.

Crockett, a freshman in S.H.S., hopes to be in competition in number sense at the state level for the next three years.

-SCHOOL DAZE-

Hi, I helped the Junior class decorate for the banquet and I noticed that John had a hard time getting up the ladder by himself. After he got up there, he decided that he didn't want up there in the first place. Then that spastic Connie almost ran over me when she slipped in the water. You know, you could get killed if you stayed around those Juniors very long. I just recovered from Connie's fall when Margaret jumped off of the ladder thinking that Dennis would catch her.

The banquet turned out real pretty even if the president, Buddy Comer, did welcome the Seniors on behalf of the Sophomores. There are some real talented people in this class, too. Max Stevenson even composed a new dance which he might call "A-Gone-Gone" or would you believe, "The End." There was one girl who thought it took three boys to dance with just one girl. Mike, Max, Gary and Melody really made up a new dance.

There have been many unusual occurrences in the classes this week. They tell me that Mitchell isn't as shy as he pretended to be all these years. After all, who else would sit on the commode in front of an audience?

I've noticed that Kay has been pretty interested in what Tina and Margaret have to say in chemistry every day, now. In history Friday morning, William and Melody went to the library—or the storeroom? They also tell me that pots and pans start to fly when Grosdidier receives an unidentified phone call, right Tina? Well, gotta go now.

Mrs. Martinez was ill in bed, and her husband was making her a cup of tea. "I can't find the tea," he called out. "I don't know what could be easier to find," she answered. "It's right in front on the pantry shelf in a cocoa tin marked matches."

Seniors Honored With Luncheon

The Church of Christ sponsored a luncheon for the seniors on Tuesday of last week.

Mr. and Mrs. Kenneth Sharp, Lonnie Branam and Earl Cantwell sang several selections.

The menu consisted of turkey, green peas, baked potato with cheese topping, tossed salad, hot bread, butter, tea and an appetizer.

Those attending were the seniors, Miss Zobie Self, Mr. and Mrs. O. C. Rampley, Mr. and Mrs. J. S. Hinds, Mr. and Mrs. Lonnie Branam, Mr. and Mrs. Kenneth Sharp and Earl Cantwell.

The Opposite Of A Tree

by Max Stevenson

(The following article was written to fulfill an assignment. Mrs. Martinez instructed her English III students to write themes on the topic. Aside from its questionable literary value, perhaps you will enjoy it.)

What is the opposite of a tree. Is it vegetable, mineral, or animal?

If the party of the first part came to the party of the second part and asked, "What is the opposite of a tree?" the party of the second part would start looking for the first party's keeper. Maybe the party of the second part would look for a padded room to stuff the party of the first part into. However, students are not parties of the first part and teachers are not parties of the second part, and thus a teacher cannot be declared insane without further development into the "funny zone."

The opposite of a tree cannot be vegetable because a tree is a vegetable or at least something along the same line as a vegetable even though most trees are not eaten. Even if a tree was eaten, the opposite of a tree would not be vegetable because trees and other vegetables both grow out of the ground or water; therefore, they are similar instead of opposite.

Is it possible that a mineral of some type is a tree's opposite? This question may be put to the earth's greatest scholars and they might say yes it is, but they won't. They will say, "My friend, you are crazy." Then the great scholar will say a mineral is not the opposite of a tree. The scholar will say the opposite of a tree is a dog because opposites attract.

The only exercise some people get is jumping to conclusions, running down friends, side-stepping responsibility, and pushing their luck.

Who is she?

The answers to last week's "Guess Who" are Nancy Long and Van May.

Juniors Use "Pink Panther" Theme For Banquet

"The Pink Panther's Palace" was the theme of this year's Junior-Senior banquet.

The seniors and guests were welcomed by the Junior class president, Buddy Comer. The Senior class president, Darrell Long, responded with appreciation for the banquet. The invocation was given by Superintendent J. S. Hinds.

The meal consisted of steak, baked potatoes, French bread, green beans, iced tea and strawberry shortcake.

Following the meal, the Senior Class History was read by Elaine Boyles. Bailey Loyd read the Class Prophecy and the Class Will was read by Paula Turner.

Music for the dance was provided by the Gemini Five. The music was well responded to throughout the evening.

A four-foot tall pink panther was the main attraction of the banquet. His throne was behind the head table. The tables were decorated with pink castles and the napkins, place cards and programs all had pink panthers printed on them. The centerpiece on the head table was a fountain. In the center of the room was a large ceiling crown with serpentine extending to the floor. The room was encased in pink.

A Day With Me

by Linda Sissney, Sharon Martin and Randy Hughes

When I woke up this morning I tripped over THAT DARN CAT. He escaped out THE PARENT TRAP and ran to the home of MADAME X. She was listening to THE SOUND OF MUSIC, and giving advice to THE SONS OF KATE ELDER, when THAT DARN CAT and THE UGLY DASCHUND came face to face TO KILL A MOCKINGBIRD with their GOLDFINGER. Then we were off to work with MARY POPPINS. On the way we met the MAGNIFICENT SEVEN who were dancing with SEVEN WOMEN, who were friends of OUR MAN

An inferiority complex could be a blessing if the right people help it.

There is nothing wrong in saying nothing to say unless you insist on saying it.

FLINT. While I was in my class THE SILENCERS came in wearing A PATCH OF BLUE and was only a MIRAGE. During coffee break, we played GAMES with THE GHOST IN THE INVISIBLE BIKINI. On my home we passed the cliff there was a MARRIAGE ON THE ROCKS. When I got home I met by MY FAIR LADY, NANNY, who was sweeping SANDS OF THE KALAHARI OF THE APARTMENT. She said "DARLING, let's go out and with THE MAN FROM THE NER'S CLUB." He was a THUNDERBALL, and said that THE GHOST AND CHICKEN were after him. slipped and fell off the OVER THE RIVER KWAL. left this MAD, MAD, MAD WORLD.

Mr. Jack Benny, distinguished star of the entertainment world, may not have a computer's memory when it comes to his age, but his dates are accurate about Savings Bonds.

The first Series E U.S. Savings Bond was issued 25 years ago on May 1, 1941, by Secretary of the Treasury Henry Morgenthau to President Franklin D. Roosevelt.

Mr. Benny was already famous as a radio comedian (the youngest in the business, by his own admission). And in the years which followed, he proved himself to be a good friend of the Bond Program, not only buying Bonds, but helping to sell them to the American people.

Through his efforts and those of countless other volunteers in radio and TV, stage and screen, and in all walks of life, the American people have bought more than \$150 billion in Bonds.

Of these, about \$100 billion have been cashed in for emergencies, homes, retirement, etc. The balance is being held by tens of millions of American families—a star-spangled nest egg for the future.

Why not start building your nest egg with Savings Bonds—for yourself, and to back up our men in Vietnam. But give it a chance to build up by starting young. Like Jack Benny.

NOW—Savings Bonds Pay 4.15%!

Interest on new E and H Bonds you purchase has been raised to 4.15% when held to maturity. E Bonds mature faster—now in just 7 years. Your old Bonds will earn more, too. Savings Bonds are better to buy, and hold, than ever.

WILLIAM E. LAWSON

The Secretary of Agriculture has announced today presentation of the Department's coveted Superior Service Award to William E. Lawson, Staff Member of the Texas State Office, Farmers Home Administration, Temple.

Mr. Lawson receives the award for his performance and service to farm families and rural residents as Chief of the Community Services Program of the Farmers Home Administration in Texas. He has been an employee of the Agency for over 25 years, and has served as Assistant County Supervisor, County Supervisor, and State Loan Officer prior to elevation to Chief of the Section in 1964.

Under Mr. Lawson's leadership, the Agency has made 273 loans for sanitary water and sewage systems in Texas, totaling \$32,212,430.00 and serving 27,701 farm and rural families.

Four rural recreation Association loans in the amount of \$338,900.00 have been closed and three more are in process furnishing recreation for Rural Americans.

Two Watershed loans were closed representing an investment in Rural Texas of \$425,000.00. These projects protect and conserve our soil and wildlife while at the same time furnishing water for farm and ranch use and rural recreation.

Two Economic Opportunity Cooperative loans have been made in an amount of \$88,000.00. These

loans help our low income rural people to generate more income, thus permitting a higher standard of living.

Through Mr. Lawson's leadership in working with rural communities, the people tend to work together and play together. All of America gains when rural people work together for the betterment of their community. Rural communities that organize for the common good are making rural areas more attractive, safer, and more desirable and more beautiful places to live.

Under Mr. Lawson's leadership in the area of Community Services, not only is the family-type farmer receiving opportunities to have decent and safe water, but many rural communities are experiencing new growth through the construction of new dwellings, and in many cases, the establishment of new business.

The Superior Service Award was presented to Mr. Lawson by Secretary Orville L. Freeman during special ceremonies on the Washington Monument Grounds in Washington, D. C., May 17.

Mrs. Bessie Hart of Hobbs, New Mexico, and Mr. and Mrs. Bland Dennis of Lampasas spent Monday night with Mrs. E. Posey. Mrs. Hart returned home Wednesday.

Dick Bomar has been a patient in Swisher Memorial Hospital since suffering a heart attack Wednesday evening of last week. He is thought to be doing well. Mrs. Bomar and Mrs. Freeman Tate have been spending much of the time with him at hospital.

Mr. and Mrs. Aubrey have recently visited Mrs. Claude Brown at Phoenix.
