Owls Pluck Turkey In 14-0 Home Win

John Montague was being pursued by a in Friday night's grid clash on the local host of Turks as he dug for valuable yardage field.

The Silvertown Owls made it "two in a row" in misting rain Friday night by defeating the Turkey Turks 14-0 on the home field. The Owls celebrated Thanksgiving a little early this year, and enjoyed every bite of Turkey! The Owls and Turks each made two first downs in the first half. Turkey attempted a field goal after they failed to move the ball against the big Owl defense. Harvey Case was the kicker and though having altitude to spare, the kick was off to the left. In the second quarter, the Turks were operating on about the Silvertown 25, when the Turk quarterback dropped back and passed into the arms of John Montague, who took the pihide on his own 15 and ran all the way for an Owl score. A key block was thrown by Randy Hughes, letting Montague go all the way. Montague handed off to Lannie Arnold, who ran the extra points. In the third quarter, Silvertown penetrated to the Turkey 10. Montague's pass was intercepted at that point. Early in the fourth quarter, the Owls got a drive going with a series of running plays by Arnold, Cletus Grady, jr., and Montague. Arnold plunged over for the score from one yard out, and Doug Turner failed in his attempt to run for extra points. Minutes later, the Turks wound up their offense with several passes which were clicking to Claud Robison, Case and David Majors. Majors was in the clear on one pass reception and was stopped by Silvertown's Arnold. Arnold saved another touchdown at the Silvertown 5 by intercepting a Turkey pass and running it out to the Silvertown 25. The Owls ended the game with 11 first downs as compared with 5 for the Turks. Montague completed two passes to Randy Cantwell, had five fall incomplete and had three intercepted. The Turks completed three passes, had five fall incomplete and had two intercepted. The Turks were penalized 90 yards, while the Owls had 70 yards stepped off against them. The Owls are looking to the game Friday night with the Happy Cowboys. The Owls own a perfect record this season as do the Cowboys. The game will be played at Happy at 8:00 p.m.

Cancer Society Officers Elected

The Briscoe County Unit of the American Cancer Society met in the P. C. A. community room Tuesday afternoon to elect officers. Rev. N.W.T.H. Nursing Department Plans Training Program

With the rapid advancements in the Medical Sciences it is imperative that all members of the Health Team continue their education and keep up to date in the newer techniques and trends. An extensive program has been worked out between Northwest Texas Hospital and Amarillo College. Courses are being offered Vocational Nurses in Psychiatric Nursing, Team Nursing, Advanced Medical and Surgical Nursing and Pharmacology. A course will be offered in Nursing Unit Secretarial Science for Unit Clerks and for Nursing Assistants a course in Fundamentals of Nursing. In addition to the programs planned through Amarillo College, three months training programs for technicians are being implemented for Intensive Care Unit, Orthopedic Neurology, Operating Room and Delivery Room techniques. Seminars are being planned for all categories of personnel. Nursing service personnel will attend national and state programs in specialty areas. Mrs. Wilma Andrews, Medical Supervisor, will attend a four-week workshop October 24-November 18 on "Rehabilitation Nursing." Upon her return she will conduct programs for all levels of personnel.

Camp Fire Girls Making Ditty Bags

The Silvertown Camp Fire Girls are making ditty bags to be sent to soldiers in Viet Nam for Christmas. This is a Red Cross project and the girls are assisting the Red Cross by making the bags. Each ditty bag is to contain: ballpoint pen, plastic soap dish, terrycloth wash cloth, foot powder, pocket comb, individual package of tissue, paperback book (adventure, mystery, western, science fiction, crossword puzzles, etc.) In addition, some of the following items may be included: small package writing paper, small address book, plastic cigarette case, lighter (unfilled), nail clipper, small puzzle or solitaire game, miniature checkers, chess, acey deucey, etc (travel games), playing cards, comic and cartoon books, small plastic snapshot holders, individual sewing kit, metal mirror, small plastic bags (moisture protection for personal possessions). No liquids, combustibles, food, or any item that would melt or deteriorate in heat should be included. If anyone would like to donate any of these items to be included in the ditty bags for servicemen, there will be a box at Salem's for depositing these articles, or Mrs. Bern May will pick them up.

Where They're Attending College

Other college students from Silvertown, who were omitted from the list last week, are: Rita Brown, Larry May and Dale Francis, Texas Tech; Sandra Watters, Johnny Jowell and Orville Baker Turner, West Texas State; Paula Carol Turner, North Texas State; Becky Thomas, Northwest Texas Hospital School of Nursing.

THE OPEN DOOR

"Behold, I have set before thee
 an open door . . ." Rev. 3:8
 by Rev. Clyde Cain

The following article appeared
 in a recent issue of "Christianity
 Today" and I felt it was good food
 for thought.

The Policeman in Perspective
 Police officers in this country
 deserve an encouraging word.
 They have been abused by criminals,
 vilified by demonstrators,
 undermined by politicians, rebuked
 by the courts, and all but ignored
 by the Church (when did you last
 hear a law-enforcement agent speak
 at a church gathering?)

This wave of abuse is taking
 its toll. Some policemen are resigning
 in disgust, and those remaining
 are losing some of the respect they
 once held in the eyes of the community.

Few citizens realize what demanding
 situations today's policeman faces.
 He is exposed to unusual risks and
 subtle temptations. As the crime rate
 climbs, he is expected to do more and
 better. Seldom does he have more than
 a sampling of legal training; yet he must
 apply complex laws. A well-ordered
 society is at stake, but in most areas
 the policeman's pay scale is hardly an
 incentive.

As so often happens, the misdeeds
 and indiscretions of a few have cast
 a pall over the entire profession.
 Those entrusted with law enforcement
 merit a better image. They deserve more
 support from clergy and lay people
 alike. A society tends to get only as
 much law enforcement as it

On The Sideline

by Charles Sarchet

The Silverton Owl offense has improved a lot since the season opener with Hart. Lannie Arnold looked good along with John Montague while the team was beating Turkey 14-0.

This week for the Happy game, Coach Thornburg has moved Randy Hughes to the backfield to fill in for Doug Turner and Tim Matthews, who have been hurt. Dale Sissney has taken Randy's place at tackle.

Randy was the boy who blocked three boys to give Montague his touchdown last week.

In other district games last week, Wheeler took their second game by beating Erick 34-0. Wheeler has not been scored on yet.

McLean won their second game of the season by downing Boys Ranch 28-0.

Clarendon has a 1-1 record. They beat Sanford-Fritch 27-6 last week.

Claude has not won a game yet this season. They lost to Groom 30-0 last week.

In non-conference games, Kress had a scoreless-tie game with Ralls Friday night. Kress now owns a 1-0-1 record.

Happy won number two over Bovina 20-16 Friday night.

Lefors lost to Canadian 14-8.

Coach Herb Stephens, who has scouted Happy twice, says that they are a big team and look impressive. If the Owls will keep up their spirit and continue to im-

prove, I think they can take the Cowboys this week. Tommy Edwards, John Montague and Buddy Comer, captains of the team, have been doing a good job of keeping the team going.

I would like to compliment Roy Dale Wood on the way he keeps the boys on the bench going and shouts encouragement to the team. There is a job for every boy on the bench and every fan in the stands.

Gamma Iota Chapter of Delta Kappa Gamma Has Orientation Workshop Recently

Thirty-two members of Gamma Iota chapter of Delta Kappa Gamma society were in Tulia September 10 for their first fall meeting, orientation workshop.

Present to conduct the workshop were Miss Eula Lee Carter of Austin, professor emeritus of Spanish, Texas Christian University, and Miss Phyllis Ellis, principal of West Handley Elementary School in Fort Worth.

Honorary founder of the Gamma Iota chapter, Miss Carter helped to organize it October 29, 1938. She is winner of both state and international achievement awards given by Delta Kappa Gamma.

international achievement awards given by Delta Kappa Gamma. An international scholarship in the annual amount of \$2500 and a state scholarship at the University of Texas have both been named for Miss Carter. A past state president, she has organized more than 100 chapters in Texas.

Miss Ellis is past state president, past state executive secretary and Southwest Regional director of Delta Kappa Gamma. A state scholarship at the College of Arts and Industries at Kingville has been named for her.

An executive board meeting was presided over at 9:00 a.m. by Mrs. Faye Gene Rampley. During the business session, plans for the regional meeting in Plainview were discussed, and steps initiated for the Gamma Iota chorus to present special musical numbers at the meeting.

The workshop was followed by a luncheon at noon.

Attending from Silvertown were Mrs. Rampley, Winnie Redin, Ruth Baker, Jackie Mercer, Anna Lee Anderson and Jessie Bomar. Mrs. Lucille Moseley attended from Quitaque.

Junior Club To Hear Book Review

Mrs. Gordon Alexander will review "I'll Take Texas," by Mary L. Lasswell at the meeting of the L. O. A. Junior Study Club Tuesday, September 27, at 3:45 p.m. in the P. C. A. community room.

Roll call will be answered with the name of a Texas author and one of his books. Prayer will be given by Mrs. Richard Whitfill. Hostesses will be Mrs. Don Connett and Mrs. Paul Williams.

ENGAGEMENT ANNOUNCED

Mrs. Mart Norris announces the engagement of her daughter, Ruby, to L/Cpl. Roy Pitchford, son of Mr. and Mrs. Alex Pitchford of Texarkana, Arkansas.

The couple plan a January wedding.

Mr. and Mrs. J. M. Thompson spent the weekend visiting in the home of Mr. and Mrs. Dick Franklin, Jerry Dee and Beth near O'Donnell and all spent Sunday in the home of Mr. and Mrs. D. G. Schmidt and Gene at Lamesa. They had a dinner in honor of Gene Schmidt, who is entering college at Tech this week as a sophomore.

LONG'S PHILOSOPHY

Recently there has been many sightings of U. F. O.'s—Unidentified Flying Objects. I hunted up some facts on this matter and this is what I found.

First of all, U. F. O.'s do exist. The Air Force has had them on radar, chased them with jets, and has had many reports of sightings by respectable citizens. Many of the sightings, however, have been explained, but about 10% are still a mystery.

Our form of life is based on carbon. Some theories on other forms of life, I thought, were very interesting. One authority said that on worlds with temperatures between 300 and 800 degrees Fahrenheit, life might be based on fluoro-carbon compounds, with liquid sulfur taking the place of water.

There would be at least three possible life-chemistries at temperatures far below the average here on earth. In the warmest of these, liquid ammonia would replace water; life-forms in such an environment would flourish at a round a hundred below zero. Still farther down the thermometer scale (200 below zero), liquid methane might take over. And finally, at an unimaginable 430 degrees below, liquid hydrogen might act as the solvent in which the multitudinous chemical reactions of life could take place. A liquid-hydrogen creature metabolic rates would be very different from ours. A liquid-hydrogen creature might take hours—or even years—to make a single move.

This leads us to one question: can we communicate? I found six theories to the question.

1. We are the only intelligent creatures in the universe (This is not very probable. It has been estimated that life can be found every 9.3 light years).

2. We are so unintelligent that no one is interested in visiting us.

3. "They" have tried, or are trying, to communicate with us, but we are simply not getting the message.

4. "They" are simply watching us, like Anthropologists, or perhaps like a medical student peering through a microscope at a bacteriological culture.

5. Interstellar travel, for unknown technical reasons, is impossible.

6. Interstellar travel is possible, but since the number of planets in the universe is comparable to the number of grains of sand on all the shores of the earth, we could expect visitors only once in every few million years.

God gave man his most prized possession: curiosity. Curiosity has made man venture into space to add to his list of knowledge. Curiosity will someday make man step on a new world. Who knows what he may find there.

Freshmen Sentenced In Kangaroo Court

A Kangaroo Court was held on Thursday night before the bonfire. The Freshmen dressed like convicts, and were presented before the judge, Buddy Comer, and jury, Student Council members.

There were several escapees, but all were recaptured. The charges and sentences rendered against these unlawful Freshmen were:

Paula Birdwell—charged with knocking people down on the basketball court.

Steve Brown—charged with dying his hair. Paula and Steve had a rope race the length of the gym. Janet Montague—charged with being T. A. Thornburg's star player. She had to turn cartwheels.

Max Weaver—charged with having a mutilated thumb. He sang the alma mater.

Clinton Dickerson—charged with frowning all the time and looking too much like Debbie.

Linda McWilliams—charged with suffering from malnutrition. Linda and Clinton had to climb up to the score clock platform and sit next to each other.

Marsha Teeple—charged with dancing too much.

Cathy Jones—charged with going with a younger boy. Cathy and Marsha had to run around a circle yelling "BEAT TURKEY."

Danny Thompson—charged with moving back to Silverton. He had to count the triangles in the railing.

Thurman May and Jimmy Rex McWilliams—charged with having 22" waists. A rope race was held between them.

Gary Martin—charged with being overly-polite. He had to count the holes in the floor.

Gail Mayfield—charged with being too bashful. Gail had to sing.

Jerry Bean—charged with being overly-athletic. Jerry had to jump till he touched the basketball net.

Rhonda Drewry—charged with being too tall. Rhonda had to duck walk around the gym.

Cynthia Sutton—charged with being too short. Cynthia had to dance with Jerry Bean.

Pat Jarrett—charged with being a teacher's daughter. Pat did the jerk as punishment.

Jay Long—charged with being overly intelligent and escaping through the window. He turned backward somersaults and then climbed up with Clinton and Linda and they all three held hands.

Bill Brooks, Marilyn Minyard, Gayla Tate, Katy Minyard, Max Hamilton, Kay Fleming, Ricky McWilliams, David McDaniel—charged with being Freshmen and unpatriotic to the school. They had to hold hands and run through the bleachers yelling "BEAT TURKEY."

Bob Hutsell—charged with having a figure like Jan's. He had to sing "How Much Is That Doggy in the Window."

Wade Brannon—charged with being too friendly to Coach Thornburg. He had to lick the gym floor.

Freshmen Give Assembly Program

On Wednesday and Thursday of last week the Freshmen gave assembly programs as part of Freshman Initiation.

Wednesday the boys gave a style show. The best dressed "girls" were Venita "Max" Weaver, first; Alice "Wade" Brannon, second; and Debbie "Clinton" Dickerson, third.

The girls also modeled overalls and irrigation boots. Farmers Gary "Gail" Mayfield, third; Slim "Linda" McWilliams, second; and Jethro "Geraldine" Weathered, first. Thursday morning all the Freshmen recited Mother Goose poems on stage and were dressed to represent the poems.

The Student Council decided the winners of the shoe decorating contest to be Gail Mayfield, first; Cynthia Sutton, second, and Gayla Tate, third.

Junior High Elect Council Officers

by Paula Montague
The Junior High Student Council members are eighth grade—Debbie Bomar, Rhonda Dickerson, Terry Bomar and Bill Strange; seventh grade—Terry Jones, Paula Montague, Trent Brown and Marvin Self; sixth grade—Amy Birdwell, Joan Cross, Mark Hutsell and Micki Jasper.

The members met September 13 and elected Trent Brown president; Amy Birdwell, vice president; Terry Bomar, secretary and treasurer; and Paula Montague, reporter.

THANKS

The students of Silverton High would like to thank the various civic organizations that have sponsored the "Teen Times" during the past few months. Many of the students attended and enjoyed the parties. We hope there will be more in the future.

Tommy Edwards Is Pep Squad Beau

At the Pep Rally before the Turkey game last Friday, the Pep Squad Beau was presented to the student body.

The candidates and their escorts were Tommy Edwards, Senior, and Joni Self; Van May, Junior, and Linda Sissney; Donald West, Sophomore, and Sharon Martin; Steve Brown, Freshman, and Margaret Minyard.

Tommy Edwards was presented as the Pep Squad Beau and was given a megaphone signed by all the Pep Squad girls by Linda Scott and a plaque and a kiss by Connie Dudley.

Good Grief!

by Charlie Brown
It seems that Mr. Grosdidier has invented the world's shortest night.

Why is it that Mitchell turns red when Vicki says hello to him? Why isn't School Scoops running this week?

It seems that John is having a little trouble remembering to bring his Physics book to class.

The Pep Rally seems to give Mr. Grosdidier a funny feeling. Did Coach Thornburg enjoy the style show Cynthia put on for him in front of the high school? The grass on the football field seems to be dying in a very unusual style this year.

Connie seems to be getting a lot of lip exercise this year. Some Freshmen feel a little different about some of their upper classmen now than they did when school started.

I wondered what would happen if Randy Hughes ever became bald?

I wondered what would happen if Coach Thornburg got some hair?

I wondered what the paper would be like if Mike Long and Gary Crow weren't the editors?

Owls Take Turks In In 14-0 Thriller

by Coach Thornburg
On a rain soaked field in Silverton last Friday night the Silverton Owls were not to be denied as they fought their way to a 14-0 victory over the Turkey Turks.

The spirit had been higher than the sky all week long, with the week being dedicated as "Spirit Week." With everything pointing to the game with Turkey, the Owls felt that they must fight hard to win.

Although the offense was better this week, it was again the defense that arose to the occasion to stop Turkey a number of times during the game.

Pass interceptions played an important part in the victory. Again there were a number of boys who played heads-up defense. We feel like a number of the boys did an outstanding job on defense and offense.

The Owls will be working hard for their encounter with the Happy Cowboys at Happy Friday night. Happy has a real fine big ball club. We know that we will have to have 110% in order to beat them. Happy has two wins and no losses since the season started, as do the Owls. Happy will probably be the biggest ball club we will come up against this year. They have four boys around 210 pounds each.

On grading the films we picked Tommy Edwards as the outstanding defensive man for the Hart game.

The Owls will be looking for your support at Happy and will be trying to make it three in a row.

EIGHTH GRADE—SECTION I

Mrs. Luhman's eighth grade section one met September 8 to elect officers for the coming year. They are Tommy Burson, president; Lanis Davis, secretary and treasurer; Lane Garvin, sergeant-at-arms; and Barbara May, reporter. Student Council members elected are Rhonda Dickerson and Bill Strange.

THANK YOU

The Junior class wishes to express appreciation to those who attended the Chicken Supper Friday night.

T. B. Tests To Be Read Today

by Lois Francis, R. N.

The results of the Tuberculosis test given on Monday will be read this morning. These tests, technically called Heaf tests, were given to our first and seventh graders and school personnel Monday of this week. This test is given to first graders because they have just come from a close family relationship and should test react positively the close associates can easily be determined. The seventh grader is checked because he is having many chemical changes in his body and therefore if he has been exposed to active tuberculosis his body may not be able to ward off infection. If one of these children that we have tested should react positively to the Heaf test it does NOT necessarily mean that he has an active case of tuberculosis. It does mean, however, that the child has been associated with someone who does or who has had active tuberculosis. The TB germ has entered the child's body and it turns has built up a resistance to the TB germ.

The TB test we have given previously exposed child is therefore positive because the child's body will fight against medicine that has been placed in the child's arm just as it fights against any type of dirt or germs that enters the body.

In following up the tests to each family, members and their associates and the child are given chest x-rays.

Home visits will be made by the school nurse to help each of these families.

Through this program we hope to stamp out TB in the state of Texas just as we almost stamped out polio.

EIGHTH GRADE—SECTION II

by Evelyn Wood
Mrs. Luhman's eighth grade section II elected officers and student council representatives September 7.

The class elected Alvin May president; Dianne Ray as secretary; and Evelyn Wood as reporter. The Student Council representatives are Debby Bomar and Terry Bomar.

How Much Does It Cost You

*when your neighbors
go out of town to buy?*

We may think . . . when one of our neighbors buys a shirt, or a car, or a hot water bottle in the city . . . that it's nothing to us . . . unless we happen to be trying to make a living in the shirt, or car, or hot water bottle business here in this community.

But . . . as a matter of fact . . . every time a dollar leaks out of local circulation, it hurts everybody who lives around here.

Because . . . financial anemia is a very contagious disease. Trade volume . . . the lifeblood of every community . . . when drained off to invigorate some other place . . . leaves us weaker, our schools and churches poorer, job opportunities fewer, our own businesses less profitable, our property worth less, our

living standards lower, and important help and services less convenient to us.

On the other hand . . . Prosperity is also contagious.

Every single dollar that stays here at home turns over again and again as long as it's here . . . to account for two, three, or more times it's value in increased local trade volume . . . to keep every single one of us in better economic health.
