## Owls To Open Conference Play Here Friday Night

The Silverton Owls will host the Wheeler Mustangs at 7:30 p.m. Friday. This will be the first conference football game for the Owls in the new district.

The Mustangs list only 21 players on their roster, but apparently believe in quality rather than quantity. They have lost only one game this year and have given up very few points to their opponents.

The district race is shaping up into a real close one, with each team in the district out after the title. Wellington is the team that defeated Wheeler, and Clarendon defeated Silverton. This doesn't mean much as games go, but it promises lots of upsets in District 2-A.

The Owls are in good condition as they enter conference play, which was not the case last year. The Silverton eleven needs lots of support as they go out to rope the Mustangs Friday night.

Last Friday night found Silverton holding the short end of the wishbone after traveling to Kress for a 38-6 defeat. The Kangaroos blocked an Owl quick kick in the first quarter, picked it up and hopped up to the goal line with it. The Owls had been holding Kress very well until this bad break started the Kangaroos to thinking about a victory.

One thing that hurt the Owls was the lack of depth. The Kress coaches alternated players, giving them a chance to rest on the bench occasionally, and the Owls had to keep on keeping on. Kress used three quarterbacks, while the Owls put up a very determined effort with one.

Even though the Owls appear to be in good shape, they are no match for a team that can substitute at will.

## Money Due Tuesday For State Fair Trip

Money for the State Fair Bus Trip (\$12.00 each) should be paid to the Briscoe County News by those planning to make the trip on or before Tuesday, October 18. The seats will be reserved in the order that the money is paid.

Only 10 seats have not been reserved, but it will not be known until Tuesday how many of those who have requested reservations will actually go on the trip. It is thought that enough will go to charter a double-decker Senicruiser.

The bus will leave Silverton at 2:00 a.m. Saturday, October 22, and will return to Silverton at about 2:00 a.m. Sunday, October 23. The boys and girls will be able to spend the day at the State Fair, leaving there about 7:00 p.m.

Maybe one way to cope with the male revolt which has brought long hair and sissy shirts into prominence, is to provide a lad with at least one room in the house—preferably his own—that is sheer male in its decor. At least, that is the hope of modern curtain and drapery designers who believe that a school pennant is not enough to convert a chintz-hung room into a masculine retreat.

New designs for a male bedroom, or a rumpus room where "the gang" holds sway, come on textured tweedy fabrics—sometimes cotton, sometimes linen, but always washable. The patterns reflect masculine interests and hobbies such as ships, wild fowl, and geometric figures that symbolize the intricacies of space exploration or industry.

# New Patterns On The Land

"Texans built enough of the new, evenly spaced parallel terraces last year to reach from Texas to Maine—more than 2,200 miles," according to H. N. Smith, State Conservationist, Soil Conservation, Temple. "In fact, nearly half the terraces built in Texas were the new kind."

Cooperators with local conservation districts built more than 5,000 miles of all kinds of cropland terraces last year, 2,265 miles were parallel, as compared to 984 miles in 1965 and 440 in 1964.

"This isn't just another Texas brag," Smith continued. "It just shows how popular these modern terraces are becoming. The amount built has doubled two years in a row."

"Terraces spaced an even number of rows apart and without point rows are called parallel terraces," P. M. Price, Texas State Conservation Engineer, S.C.S., pointed out. "They really save time and money for the farmer and they do a good job of conserving soil and water."

Parallel terraces are spaced to fit both the farmer's equipment and the lay of the land. For example, they might be built 24 rows apart or 72 rows apart, depending upon the slope. Three, four, six or eight-row equipment could be used in either of the above cases.

Designing, laying out and building this kind of terrace system, however, is not an easy job. Price said it takes more engineering time to design and stake a parallel system. They may cost more to build. Shorter terraces with more graded waterways may be needed. More cuts and fills are

used. "Our engineers are willing to take the extra time to figure out parallel terraces," Price said. "Some short cuts have been developed and we're getting more efficient in working out these modern conservation systems."

Price thinks that in another year or two, 50% to 75% of the terraces built in Texas will be the

parallel type.

Landowners and operators like them—from city farmers to soil and water conservation district supervisors. They are easy to plow and they save time and fuel. They also eliminate or greatly reduce short rows of uneven length-point rows. Some landowners say they would not have built terraces if S.C.S. had not worked out these

which are much easier to farm.

"Cost-share from the Great Plains Conservation Program and the Agricultural Stabilization and Conservation Service has helped many farmers build these terraces. Technical help from the S.C.S. and loans from the Farmers Home Administration have also helped get this job done," Price concluded.

An aerial view of a parallel terrace system. drain on native grass. This type of system would work well on many local farms. These terraces and furrows are graded and

**"YOUNG IS A FEELING!" FASHION SHOWS SET  
FOR 1966 STATE FAIR OF TEXAS IN DALLAS**

Exposition of Young America will be theme of the 1966 State Fair of Texas Oct. 8-23 in Dallas, with "Young Is A Feeling!" carrying out the idea in the popular free fashion shows daily in the Women's Department. Left, Phil-Mode's Sir James Coats foretell a bright fashion future in a petit version of the fur-collared plaid for busy juniors. Center, Justin McCarty does a mandarin collared knit in flashing shades of rust and olive. The brilliant rust is used again in the tall cloche by Asbury Millinery Co., and a real emerald centers the pin from Zales. At right, Donovan-Galvani's pale lettuce knit is done with a slim skirt and diagonal swirls across the overblouse bodice. The Carnaby cap is a paisley print in lettuce, ice blue and violine.

a.m. at the home of Mrs. Carl D. Bomar. The group left immediately for Cal Farley's Boys Ranch.

The meeting was held about 10:00 a.m. after which the Chaplain of Boys Ranch started members on a tour of the ranch. The club had lunch in the dining room with the boys and personnel of the ranch. During the lunch break, all club members had the pleasure

of meeting Cal Farley.

The tour was over about 2:00 p.m. and the members returned home. Those attending were Mrs. Jack Strange, Mrs. Carl Bomar, Mrs. Troy Jones, Mrs. Garland Francis, Mrs. L. D. Griffin, Mrs. John Gill, Mrs. O. C. Rampley, and Mrs. Edwin Dickerson.

Hostesses were Mmes. Rampley, Bomar and Francis.

The next club meeting will be held October 12 in the home of Mrs. Jim Mercer, with Mrs. James Davis as co-hostess. The theme of the meeting will be Americanism.

Mr. and Mrs. Verlin Towe, Mr. and Mrs. George Long and Nick attended the W.T.S.U. vs. Texas Western football game in Canyon Saturday night.

**Home Baked Bread Always Family Treat**

"Some days when things just don't seem to be going right," said 18-year-old 4-H'er Connie Bushey, "I retreat to the kitchen, forget my troubles, and make a loaf of bread."  
"It's a real thrill to see the smiles when my family takes that first bite of my latest bread creation," she added.

**A Winner**

Connie obviously did not make all of her best breads "when things weren't going right," because in nine years she has made the equivalent of 1,930 loaves. She has given numerous demonstrations on yeast breads, rolls, and coffee cakes, appeared on television and has become an experienced judge of home baked foods.

She is typical of the top ranking young women who will be named \$500 scholarship winners in November for outstanding 4-H Bread projects. Connie, daughter of the Ralph Busheys of Muncie, Ind., won a scholarship last year which she already has applied at Purdue University where she has finished her freshman year.

**Honor Bakers**

The scholarships plus trips to the National 4-H Club Congress for state award winners are provided by Standard Brands Incorporated. As national sponsor of the 4-H Bread program, the corporation will provide medals of honor for some 5,500 county award winners.

Altogether, well over a half million 4-H'ers have participated in a bread project this year, according to an estimate made by the National 4-H Service Committee, which arranges the 4-H programs in cooperation with the Extension Service.

Foreign breads are among 4-H favorites. One popular recipe for an old Czechoslovakia fruit and nut bread, Hoska, is given here.

**HOSKA**

A Delicately Sweet Bread (Makes 1 very large loaf)

- 1/4 cup milk
- 1/4 cup sugar
- 1/2 teaspoon salt
- 1/2 cup (1 stick) margarine
- 1/2 cup warm water (105°-115°F.)
- 2 packages or cakes yeast, active dry or compressed
- 2 eggs
- 5 1/2 cups unsifted flour (about)
- 1/4 cup chopped blanched almonds
- 1/4 cup chopped citron
- 1/4 cup seedless raisins
- 1 egg
- 1 tablespoon cold water
- 1/4 cup whole blanched almonds

Scald milk; stir in sugar, salt, and margarine; cool to lukewarm. Measure warm water into large warm bowl. Sprinkle or crumble in yeast; stir until dissolved. Stir in lukewarm milk mixture, 2 eggs, and 3 cups of the flour. Beat until smooth. Stir in enough additional flour to make a soft dough. Turn out onto lightly floured board; knead until smooth and elastic, about 10 minutes. Place in greased bowl, turning to grease top. Cover; let rise in warm place, free from draft, until doubled in bulk, about 1 1/4 hours.

Punch dough down. Turn out onto lightly floured board; knead in chopped blanched almonds, citron, and raisins until well distributed. Roll dough into a 16-inch long rope. Place in a well greased 16 x 14 x 4-inch large loaf pan. Cover; let rise in warm place, free from draft, until doubled in bulk, about 1 1/4 hours.

Beat 1 egg and 1 tablespoon cold water together until well blended. Gently brush loaf with egg mixture. Decorate with whole blanched almonds.

Bake in moderate oven (350°F.) about 45 to 50 minutes, or until done.

## FOOTBALL NEWS

by Coach Thornburg

It seems a little strange to write about a defeat, after four straight victories, but the defeat is water under the bridge and we will not cry about it.

The Kress Kangaroos defeated the Owls 38-6. I believe the blocked punt turned the tide for Kress and the punt return put the frosting on the victory for them. That will take a lot out of any team.

Kress has a real fine team, with speed and size. They should do very well in district play.

I do not believe the Owls played bad ball at times. We were not as sharp as in previous games. Our timing was off in our offense and defense. We missed a lot of tackling due to uncontrolled tackling. Kress was real strong in the line and just manhandled our boys.

This week we take on our first district opponent, which, by the way, is the favorite to win the district. The scouting report indicates that Wheeler is the toughest team that we have scouted this year. They have speed to burn and size to go with it.

The Owls will be working hard this week to correct some of the mistakes and getting ready for Wheeler.

I believe the turn-out by the fans at Kress was the most I have seen follow the Owls. Sorry that it was not another victory, but I think the Owls did make an account of themselves and will be trying hard to get back on the victory trail this Friday night on the home field. Game time is 7:30 p.m.

## F. F. A. News

Last week the Greenhand boys were initiated into the Silverton F.F.A. chapter. The initiation started at 6:30 and lasted until 10:00.

Hamburgers were served before the initiation.

The boys had to wear toe-sacks to school before the initiation. Their right hands had to be painted green to show they were Greenhands. All the boys seemed to enjoy the initiation, but some seemed a little sick the day after.

After the birth of his eighth child, a friend of mine received a letter of congratulations from the local Planned Parenthood Association—along with a card he was to return if he desired professional help in the future. My friend sent back the card with this notation: "Where were you when I needed you?"

Connie Dudley, Pam Thompson, Nancy Nance, Nancy Long, Kelly Comer, Venita Teeple and Mary Lane Whitfill were pictured at the Spirit Assembly which they presented last week.

## Spirit Assembly Is Given Here

An assembly program was given last week by six Silverton High School girls and "Star Mascot" Kelly Comer.

The girls felt the school spirit was dropping, and took it upon themselves to boost it back up. Connie Dudley, Pam Thompson, Nancy Nance, Nancy Long, Venita Teeple and Mary Lane Whitfill sang their arrangement of "You Have To Be a Football Hero, to Get Along With the Beautiful Girls." They were accompanied by Mrs. Wayne McMurtry.

All the students of S.H.S. need the kind of school spirit these girls showed, to have a winning team.

## F. H. A. Meeting

by Jan Hutsell

The F. H. A. met Thursday, October 6, 1966, to discuss the Halloween Carnival booth. It was decided that we would have the "guessing jar," which will be filled with pennies and candy. The first person guessing the total amount of money gets the entire jar.

Names and money for the birthday calendar were turned in.

A young mother had taken her five-year-old daughter to an amusement park for the day. Along toward mid-afternoon her feet began to give out and she decided to sit down for an hour or so. "Here's a dollar for you," she told the child. "Now tell me how you are going to spend it."

"Well," replied the happy youngster, "I'll get an ice-cream cone, a candied apple, some peanuts, popcorn..." Catching an ominous expression in her mother's eyes, she broke off, then added quickly, "And a green vegetable, of course."

## Good Grief!

by Charlie Brown

Miss Self has decided Johnnie Roy and Paul Ray are twins.

A lot of Seniors are now considering the Army after taking the Air Force Test.

I wonder how many people know what the O. C. in Mr. Rampley's name stands for?

TO ALL BOYS IN S.H.S.: Gail Mayfield is still available.

Tina Weaver has decided that she is going to be a Trig major.

I love Faye Gene, but everytime I get through with one of her classes, I'm as nervous as a blue nosed gopher.

Mr. Leggett is getting quite witty in all his classes.

What if Coach Nutt didn't talk about his wife?

It seems that Mrs. Wood is becoming quite a singer during fifth period English class. How about it, Mr. Leggett?

Is it true that Judy Y. has a sweater with pretty flowers on it?

It seems that Bob Cole, Harvey Masey, Monty May and Van May would prefer taking a zero on their six weeks Typing I test to letting their parents see their papers!

At least they didn't return the papers with signatures as directed. Might as well face the music, boys!

Mitchell McDaniel has found a new way to come down stairs. He made this discovery last week at the out-door pep rally.

Ricki Bingham is taking up ice skating during lunch. For ice she is using food.

Miss Self has a great new idea! Every morning when she comes to school, she sprays her room with fly spray. Too bad all teachers can't afford to do this.

## School Bus Drivers Commended

Awards of Merit were presented to five Silverton bus drivers by Superintendent J. S. Hinds on Wednesday, October 5.

The award program, sponsored and conducted by the Texas Safety Association and local schools, is designed to give public recognition to school bus drivers with accident-free records for the past school year.

Mr. Hinds commended the drivers by saying, "You make the most valuable of all deliveries twice daily. May you always make them safely."

Drivers who received the certificates were Emilee Stephens, G. W. Trout, Roy Francis, Dan Evans, and Glen L. Grosdidier.

The awards were signed by Superintendent Hinds and Texas Safety Association President S. Ross Carr and General Manager J. O. Musick.

## WHEN IN ROME

One young man, when asked if he had fun on his trip to Italy, replied, "Not at first, but you know that old saying, 'When in Rome, do as the Romans do?' Well, that put new zing into my vacation. I spent most of my time pinching women tourists."

You can always tell a man's nationality by introducing him to a beautiful girl. An Englishman shakes the girl's hand. A Frenchman kisses her hand. An American asks for a date—and a Russian wires Moscow for instructions.

## SENIORS TAKE AIR FORCE QUALIFICATION TEST

Monday the Seniors were given the Air Force Qualification Test. The test was given by TSgt. Townsley and Sgt. Gross.

Each year this aptitude test is given to the Seniors to determine if they are qualified for the Air Force. The test covered many subjects, such as math, electronics, engineering and vocabulary.

If a person wants to go into the Air Force in the future, the score he makes as a Senior will be used; he will not have to re-take the test.

## DEAR MEDUSA,

I am madly in love with this boy at school. He is the most cutest boy I have ever saw. The way his glasses keep slipping down, the way his stomach hangs over his belt, and his hair that always needs cutting really turn me on. There is only one problem: shyness. This boy is so shy that he blushes when he looks at "Post." I'm pretty sure that he likes me, but I feel he is too shy to tell me. Tell me what I can do to get him to express his feelings.

 Dear Sick,

## PEP RALLY

Friday morning a pep rally was held in the gymnasium. After a short skit put on by high school girls, the cheerleaders led several yells.

Speeches were made by the coaches, Randy Cantwell, Leland Wood, Bud Comer and Tom Edwards.

## INCREASE YOUR VOCABULARY

During the atomic age of today, many new words have come into existence. We feel the students of Silverton High are falling behind in their vocabularies. The following definitions of "atomic age" words are listed for the benefit of the student.

Miniphoria — Description of people in Volkswagens.

Juglipidity—a high school girl wearing stretch pants. An example of this word in a sentence is "That poor girl's juglipidity is acute."

Slottery—robbery by a vending machine.

## American Heritage Program Attended

Wayne's Restaurant in Plainview was the site of the meeting of the steering committee for the American Heritage program. This program, sponsored by Wayland Baptist College, is designed to promote interest in the study of American History in the area's public schools. Attending from Silverton were Erma Joy Luhman and Zobie Self.

At this meeting the plans for the American Heritage program for the current school year were formulated. It was decided that all contests held in each area school should concentrate on the problem, "The Purposes of the Revolution." As usual, each individual school was given the liberty of selecting what contest or contests it wished to conduct.

The committee members also chose a topic for the teacher essay contest. "Responsibility and Rights" was decided upon as a timely topic for the teachers of the area to consider.

The next meeting was scheduled to be held on the Wayland Baptist College campus on Monday, October 10.

After Sunday service a young couple talked to me about joining the church. I hadn't met the husband before, and I asked what church he was transferring from. A little sadly, he replied, "I am transferring from the Municipal Golf Course."

# On The Sideline

by Charles Sarchet

Coach Herb Stephens has two assistant coaches this year. They are Coach Charlie Payne and Coach Norman Strange. Coach Stephens probably couldn't get along without them!

The Kangaroos took us to the winners Friday night by out-running, out-blocking and out-scoring the Owls.

However, this is the time to forget about Kress and start district with Wheeler this week. Wheeler has a 4-1 record, having lost to Wellington. This week another of our district foes, Clarendon, beat Wellington 13-12, so we have a very interesting district race shaping up.

Wheeler has a very fast backfield and if the Owls can contain it, they can come out on top. The Wheeler eleven hasn't given up very many points this year.

Wheeler defeated Canadian last week, 32-9. Claude beat Happy, 23-0, and McLean beat Groom 8-6.

Game time this week will be at 7:30 p.m. This is a home game, so come out and yell for the Owls!

The Ford Punt, Pass & Kick Contest competition will be held at 10:00 a.m. Saturday, October 15, on the football field. Boys who are registered to participate in this event will be competing against boys their own age. No special equipment is needed and only street shoes or sneakers may be used for kicking.

The Junior Owls came back in the second quarter and scored on a 23-yard run by Bill Strange. The half time score was 16-6, with Kress in the lead.

The Little Owls charged back in the third quarter and scored on a

Bill Strange scored again for the home team in the fourth quarter on a one-yard dive, and again no conversion points were added.

Jim Davis, Terry Bomar, Nick Long and Stanley Tomlin looked good on the line for the Owls. Marvin Self, David Holt, Trent Brown and Bill Strange looked good in the Owl backfield.

The Junior Owls racked up 18 first downs as compared with 3 for Kress.

### Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

Fast on the dry? Old Sol at high noon . . . or any means of drying can't come even close to Gas for speed. Then, too, gentle Gas heat blows moisture away—instead of baking it out—so your clothes are always soft, fluffy and almost wrinkle-free. All this and economy, too, in today's most modern dryer.
