Miller, Carr Carry Briscoe County

Briscoe County voters gave the nod to the Democratic candidates for office in Tuesday's general election. All candidates received heavy approval of the local voters with the two exceptions being in the races for U. S. Senator and U. S. Representative.

The spotlight was on the candidacy of Attorney General Waggoner Carr, who opposed incumbent John Tower for the Senate seat. Briscoe voters gave Carr a 443 to 310 lead, while voters across the state returned John Tower to his seat in the Senate.

Attorney Dee Miller of Amarillo and Bob Price were campaigning for election to the seat in Congress to be vacated by Walter Rogers. Briscoe voters gave Miller a 401 to 353 edge, but voted across the 18th District elected to send Republican Bob Price to Washington.

John Connally received 618 Briscoe votes while Republican Kinnerly got 93 in the race for Governor. Lieutenant Governor Preston Smith polled 645 local votes to 103 for Republican DiBrell.

The trend carried through the other county races.

The name of one Briscoe Countyman, O. C. Rampley, was written in for Governor, and the same man was written in for County Judge. Someone apparently would like to see the high school government teacher in politics.

Eleven out of the sixteen proposed amendments to the state constitution were passed locally.

Crowell Services Held Wednesday

Funeral services were conducted for Glynda Crowell, 16, at 2:30 p.m. Wednesday at Fairmont Baptist Church with the Rev. J. W. Wells, pastor, officiating.

Burial was in the Flomot Cemetery, with arrangements under the direction of Roberts Funeral Home.

Miss Crowell died in Methodist Hospital in Lubbock Tuesday, as the result of the automobile accident which also claimed the lives of Mrs. Persons and Mr. Barrett of Quitaque.

Survivors include her parents, Mr. and Mrs. Leonard W. Crowell and two brothers, Lynn and Joe Bob, of Flomot; her maternal grandparents, Mr. and Mrs. H. B. Pinecard, sr., of Amarillo; and her paternal grandmother, Mrs. Lizzie Pyron of Flomot.

Thirteen persons cast absentee ballots. By precincts, the voting turnout was: Pet. 1, 125; Pet. 2, 170; Pet. 4, 42; Pet. 5, 13; Pet. 7, 146; and Pet. 8, 277, for a total vote of 787.
Interesting footnotes to the election picture on the local scene were that neither Waggoner Carr nor Dee Miller received a single vote at Antelope, and at Quitaque, Miller and Price tied with 76 votes each. Carr and Tower tied with 21 votes each at San Jacinto. The San Jacinto box gave Price 23 and Miller 19.
The indication is that lots of voters split the ticket this year.

Study Club Project To Benefit School

L. O. A. Junior Study Club has announced plans to purchase a controlled reader for the Silvertown Public School. Two projects are planned this year, the entire proceeds of which will be applied toward the purchase of the equipment which is designed to improve reading speeds of students in grades one through eight.

The first project planned is a Christmas greeting page in the local newspaper. L. O. A. Junior Study Club is seeking to pay for as much of this equipment as possible by asking local residents to donate the money that they would normally spend sending Christmas cards locally to the fund for the purchase of a controlled reader. Donations will be accepted in any amount, and your name will appear in the Briscoe County News the week before Christmas, with the explanation that you are wishing yuletide greetings to your friends and at the same time supporting the public school by donating toward the purchase of equipment which Superintendent J. S. Hinds cited as one of their greatest needs. All the proceeds of this project will be applied to the purchase of the controlled reader.

For those who may not be familiar with the controlled reader, the equipment consists of a projector which flashes at a controlled speed words and stories on a screen. The teacher controls the speed in accordance with the needs of the students with whom she is working.

Mrs. A. L. Redin is using the controlled reader with the fourth through eighth grade students in her reading improvement classes. The machine she is using is her own. The school owns one of the machines, which is being used by teachers in the lower grades. Mrs. Redin stated this week that she is enjoying this method of teaching and believes that it is a good innovation.

Superintendent Hinds stated that the school really didn't have an allowance in the budget for buying the first controlled reader, but felt it was important enough to be squeezed in. He went on to say that another machine is

needed because there are at least seven rooms using the same machine, and the slower readers don't get to use the machine as often as is needed.

If you would be willing to assist the L. O. A. Junior Study Club in purchasing the controlled reader (\$255.00) and material for the reader (\$250.00), please contact Mrs. Harold Edwards, Mrs. John Schott or Mrs. Larry Jarrett. You may give them your donation in any amount, and also give them your family's name as you wish it to appear on the Christmas greeting page in the Briscoe County News. If you are unable to contact one of those listed above, your donation may be left at the office of the Briscoe County News.

them on a tour of the lake and damsite.

The White River officials made recommendations to the Mackenzie group based on their experience in constructing and putting into operation their plant. It is hoped that by making certain alterations in the plans which were used by the White River Authority, the Mackenzie Authority can construct a more efficient water filtration plant. The White River representatives said they are proud of their plant, but that it could be improved on.

After the tour, Davis called a business meeting and the engineering reports were reviewed. The Authority is still awaiting further information from the engineering team, which has been waiting for the foliage to drop before making their aerial photos.

The Authority decided to meet in Clarendon for a tour of the Greenbelt Water Authority, now under construction, and President Davis is to advise the members the date of the meeting.

Attending the meeting Monday were Davis and S. W. Ross, Floydada; O. C. Bailey and Tom Moore, Lockney; Jim Tom Nichols, John Ziegler, Authority Attorney Don Bookout and Chamber of Commerce Manager Donald Crocker, Tulla; Milton Dudley, Charles Whitfill and Charles Sarchet, Silvertown.

Do-It-Yourself Darling from Texas Is National March of Dimes Child

Donna Dill, a 5-year-old Texan who is most at home on her pony, has been named the March of Dimes National Poster Child for 1967.

Branded by friends as a do-it-yourself darling, pert and pretty Donna likes to be active and independent despite a severe birth defect.

Donna, who was born with an open spine (spina bifida), symbolizes the 250,000 American babies born with birth defects each year. The March of Dimes has helped her as part of its continuing fight against birth defects.

There was a time when the independent little miss wanted to sleep in her braces so she could get up by herself in the morning. She helps around the house by picking up her toys, helping mother with the dishes and cookie-baking.

Donna frequently visits her grandparents' ranch near Corsicana, 40 miles from her home in Hillsboro, Tex., to ride her pet pony Popsy.

When she's on Popsy, Donna's blue eyes sparkle and her blonde pony tail bounces up and down. Riding gives her a feeling of freedom—Donna needs no crutches when she rides.

But she can't walk without crutches, and her partially paralyzed legs are supported by braces every waking hour.

Donna's open spine was treated when she was 18 months old, and she has had four operations since. Her general health is good, and her doctor thinks she may be able to discard her right leg brace someday.

Popsy is not Donna's only pet. In fact she is surrounded by animals. Her 3-year-old poodle, Fluffy, is a favorite, and she keeps goldfish in a bowl in her room. Donna also finds time to play with a neighbor's kitten.

"I just like all animals,"

THE EYES OF TEXAS and the nation will focus on Donna Dill, 5-year-old miss from the Lone Star State, who is the 1967 National March of Dimes Poster Child. She symbolizes 250,000 American children born each year with birth defects.

she told her mother recently, "even snakes."

Donna now attends Sunday school and plans to begin public school next fall. This young lady will enter the first grade an accomplished and experienced traveler.

As the National Poster Child, Donna may very well meet President Johnson. During the January March of Dimes campaign tour, this 5-year-old charmer will make public appearances in about 20 cities from coast to coast. There will be guest spots with the stars of television, motion pictures, and radio.

Along with Donna on this nationwide tour will be her parents, Mr. and Mrs. David J. Dill, both native Texans.

Donna's father is quite at home on the range. As a student in high school and college he roped calves in rodeos. He is employed today by the U.S. Department of Agriculture as the Assistant County Supervisor for the Farmers' Home Administration.

The National Poster Child's mother, Jo Ford Dill, is secretary of the Hill County (Tex.) Chapter of the National Foundation-March of Dimes.

A former majorette in college, she is teaching Donna to use a baton, but Donna's ambition is elsewhere. A true Texan, she wants to be a cowgirl when she grows up. She privately confesses, however, that she would settle for being a mother or a nurse.

Paula, recently visited relatives in Oklahoma City. Mr. Jones' mother, Mrs. Susie Jones, returned here for a visit.

Mrs. Don Brown of Amarillo visited her mother, Mrs. Bonnie Brewster, one day last week.

Weldon Irion of Amarillo spent the weekend with Mrs. Clyde Lightsey and Spencer Long.

Mike Mercer was inducted into the armed forces Monday morning, and was shipped to Fort Bliss.

Mrs. Ina Mae Patterson and children of New Mexico spent a long weekend with her uncle, Mr. and

Mrs. A. H. Chappell, and with Mrs. G. W. Chappell and family.

National 4-H Club Congress

This scene will be repeated in November in the International Amphitheatre at the Chicago Stock Yards. Shown here are young citizens from every state who attended the 1965 National 4-H Club Congress. The 1966 program in the huge area will again pay tribute to the 2 1/4 million 4-H youth throughout the nation.

SIXTEEN HUNDRED of the nation's finest youth will open the 45th National 4-H Club Congress in Chicago on Sunday, November 27. They will represent the 50 states and Puerto Rico. A group of Canadian 4-H'ers will be special guests. About 700 adults associated with 4-H Club work also are expected to attend.

The Congress will open with an impressive program based on the 1966 theme: Pursuit of Excellence.

The keynote speaker will be a woman who has pioneered a long list of "firsts" for women, and who will add yet another "first" to her impressive record. She will be the first woman ever to keynote the opening assembly of the National 4-H Club Congress, now in its 45th year.

She is Mary G. Roebling, chairman of the board of Trenton Trust Company, Trenton, N.J. She is first board chairman of a major commercial bank and the first woman governor of the American Stock Exchange.

Mrs. Roebling is one of the nation's outstanding women in finance, public service, social and educational activities. A widow, she has a married son and daughter and five grandchildren, so she seems to be well qualified as a parent to speak to a teen-age audience.

Before the 4-H'ers leave home, they are oriented as to what they will encounter on the trip to Chicago, which for many will be the first time away from home. They will travel by bus, train or plane. They will be briefed on staying in a large hotel, social events, educational tours, sightseeing and shopping on their own.

The delegates' main session will feature talks and panel discussions on the pursuit of excellence. Every boy and girl who attends the Congress is sponsored by a business concern or private enterprise. The sponsor also is host to the young people during the week-long event.

It is traditional that the 4-H Congress be held during the same week as the International

Live Stock Exposition, although none of the delegates show animals there. Some may have in previous years, but it is a Congress rule, the delegates cannot be exhibitors.

However, they do visit the Exposition on Wednesday afternoon and evening as guests of the International management. Among the nearly 60 sponsors of 4-H Congress trips and other awards are: Allied Chemical Corporation, Chevron Chemical Company, John Deere, E. I. du Pont de Nemours & Company, Eastman Kodak Company, General Foods Corporation, Heidsorf & Nelson Farms, Inc., Homelite, a Division of Textron Inc. and Humble Oil & Refining Company.

Others include: International Minerals & Chemical Corporation, Eli Lilly and Company, Edwin T. Meredith Foundation, Moorman Mfg. Co., Olin Mathieson Chemical Corporation, Pyroflex Gas Corporation, Ralston Purina Company, The Singer Company, The S&H Foundation, Inc., The West Bend Company, Oliver Corporation.

Mr. and Mrs. Freeman Tate and Jackie Carol attended the Silverton vs. McLean football game at McLean on October 28, and spent the night with Mrs. Tate's sister, Mr. and Mrs. Rex Long, Mike and Kit.

Mr. and Mrs. G. H. Thomas have been in Tulia for medical attention several times lately. Mrs. Glenn Smith usually takes her parents.

Mr. and Mrs. Loyd May visited her parents, Mr. and Mrs. H. J. Bailey, and other relatives in Am- arillo Monday.

Mrs. R. L. O. Riddell was given

a surprise birthday dinner in the new home of Mr. and Mrs. Donnie Perkins, Becky, Patti and Amy. Attending were Mr. and Mrs. R. L. O. Riddell, Mr. and Mrs. M. E. Smith, Mr. and Mrs. Donie Hester, Mr. and Mrs. Glenn Smith, Lynn and Ann, Terry Don West, Mr. and Mrs. Ted Hester and Ricky and Mrs. Ralph Hill.

Radioman Allen Thomas called his parents, Mr. and Mrs. B. A. Thomas of Tulia Monday of last week from Subic Bay in the Philippines, saying he will land in San Diego, California, November 16. Allen was aboard the U.S.S. Oriskany which was badly damaged by fire recently off Vietnam.

Allen was uninjured in the fire. The ship will be in dry dock for repairs.

Mr. and Mrs. R. E. Brookshier left for Kansas City, Missouri, early Friday morning after having learned of the death of his mother, Mrs. J. S. (Julia) Brookshier, 98, at her home there Thursday. She had received injuries in a fall the day before. Funeral services were conducted Saturday at Lock-springs, Missouri, with burial beside her husband, the late J. S. Brookshier. Survivors included three sons, Frank of Kansas City, Missouri; Ralph of California; and Emmett of Silverton.

YOU TELL ON YOURSELF

You tell on yourself by the friends you seek,
 By the very manner in which you speak,
 By the way you employ your leisure time;
 By the use you make of dollar and dime;
 You tell what you are by the things you wear,
 By the spirit in which your burdens bear,
 By the kind of things at which you laugh
 By the records you play on the phonograph.
 You tell what you are by the way you walk,
 By the things of which you delight to talk,
 By the manner in which you bear defeat,
 By so simple a thing as how you eat.
 By the books you choose from the well-filled shelf;
 In these ways and more, you tell on yourself;
 So there's really no particle of sense in an effort to keep up false pretense.

Class Visits Local Museum Last Week

The Seventh Grade Special Reading Class and Mrs. Redin visited the Museum Monday, November 7. They enjoyed seeing all the things on exhibit. There were old knives, old shoes and irons that were heavy to carry. Also there were blankets, quilts, salt holders, and many other things.
 There were pictures of the soldiers of World Wars I and II. We saw Mr. Rampley's picture and others whom we know.
 The various kinds of rocks were very interesting. Some looked like candles; some were large; some were small and of various colors as well as black.
 The pictures of the pioneers were interesting and also the old pictures of Silverton and the canyons.
 We enjoyed our visit to the Museum and liked seeing the old-time things. We signed the register before leaving.

Louie Louie Is Almost Persuaded

God Only Knows how Louie Louie was Almost persuaded by Lady Cadaver. It all started Under the Rooftop of Winchester Cathedral. He was a Big Man Yesterday but now he's a Little Man. But Hurrah for Hazel! She was just Dandy! She said to Tell Her No or that you're Not the Loving Kind. She'll give you Fever if you don't act like a Roadrunner and Get Away. Two Little Devils kept saying, "You know she Couldn't Live Without Your Love. She's a real little Sweet Pea and soon you'll be Going to the Chapel in a Yellow Submarine. If you're like most boys and get drafted you can write her Love Letters. After Summer's Gone, she'd meet you at the Bus Stop and then it wouldn't be a Lonely World anymore and you'll be Together Again. But Johnny Angel was telling Louie Louie, "Tell Her It's Not Me You're Looking For. Tell her you're Gone Gone Forever. Then just Walk, Don't Run. Tell Lady Cadaver you're Not the Loving Kind before you get on the Eve of Destruction. You'll think you are Fool Number One and say to yourself, All Alone Am I, but she's just the Little Town so Color Her Black and forget the Sweet Dreams. It'll be A Thing Called Sad and a big Crying Time Time because of your Cheating Heart. Lady Cadaver will cry 96 Tears, but you can be the Leader of the Pack."
 Louie Louie left as he Walked Like A Man instead of doing the Turkey Trot and hollered I Won't Be Back Anymore because I'm off to Join the Circus with Little Red Riding Hood even if I have to go to Abilene.

 Phillip: I don't think anyone will notice if I don't shave today.
 Gary: I think I can look through this key hole and not get my nose stuck.

Rules of the Game

The following is advice given by a chaplain to a graduating student:
 "I am giving you the ball, son, and naming you the quarterback for your team in the game of life. I am your coach, so I'll give it to you straight.
 "There is only one schedule to play. It lasts all your life, but consists of only one game. It is long with no time-out and no substitutions. You play the whole game—all your life.
 "You'll have a great backfield. You are calling the signals, but the other three fellows in the backfield with you have great reputations. They are named Faith, Hope and Charity.
 "You'll work behind a powerful line. End to end, it consists of Honesty, Loyalty, Devotion to Duty, Self Respect, Sterdy Cleanliness, Good Behavior, and Courage.
 "The Goal Posts are the Gates of Heaven.
 "God is the referee and sole official. He makes all the rules, and there is no appeal from them.
 "There are ten rules. You know them as the Ten Commandments and you play them strictly in accordance with your own religion.
 "There is also an important ground rule. It is, 'As ye sow, so shall ye also to them likewise.'"
 and then more problems, write Medusa a note and put it in the office of Charlie Brown in the Charlie Brown box. Don't be like Medusa is a teenager, too!

Words of Wisdom

by Gary Crow
 Saturday night, after the coronation, many high school students attended a dance at the Ford house. Bill Wristen was nice enough to let us use the Ford house for this dance. How was he paid back? The same night his billboard on the east side of town was completely destroyed. That real gratitude. When people see the sign, they don't think about the few who did the marking; they think of the Silverton teenagers in general. How many times has Bud House let us use the Chevrolet house for the after-game dances? He got his billboard painted, too.
 Well, all you people who seem to get such a thrill out of acting like children—did you have fun? Do you think you got all the attention you wanted? If you didn't, I'm sure you can think of something else stupid to do. You sure must be big boys now that you can paint on signs. You'll probably become everyone's idol.
 If you'll stop for a moment and think, the people in Silverton have done a lot for the teenager. Remember all the Teen Times last summer? They gave us some places to go besides the show. There were also several teen dances last summer. They built the swimming pool. We destroy their property. Aren't we great?
 The sides of many of the buildings in town were painted with some very witty sayings. That really is cute!
 The next time you want to destroy someone's property, first think of the things I've said. But if the temptation gets the best of you, go right ahead and make a fool out of yourself. That is, if you have no respect for yourself or your fellow teenagers.

Sgt. Eddie Bramhall of Fort Riley, Kansas, arrived in Amarillo Saturday at noon enroute here for a two-week leave with his wife and daughter, Dottie, before leaving for duty overseas. Mrs. Bramhall and Dottie have recently moved here and are presently living with her mother, Mrs. M. D. Thompson, Pam, Danny, Johnny and Bobby.

Funeral services for Mrs. Edd Bailey of Hamlin were held there Saturday afternoon with burial in Abilene. She was a sister-in-law to H. J. Bailey of Amarillo, formerly of Quitaque, and an aunt of Mrs. Loyd May. Attending the funeral and burial were Mr. and Mrs. Loyd May and Alvin, Silverton; Mr. and Mrs. Joe Bailey of Spade; Mrs. H. B. Piskard of Amarillo; and Bud Bailey of Quitaque.

Mrs. W. J. Hyatt returned home Sunday after a ten-day visit with relatives in the Dallas area. A reunion of her brothers and sisters and their descendants was held in the Recreation Hall at Whiterock Lake on October 30, with four brothers and five sisters, including Mrs. Hyatt, in attendance. About 60 relatives enjoyed a day of fellowship and good food.

Laqueta Bomar spent Saturday night in Lubbock with her brother, Robert, a student at Texas Tech. They attended the football game. Mrs. Brubs Bomar met Laqueta and Mrs. W. J. Hyatt in Floydada Sunday afternoon.

Mr. and Mrs. Ben Seale and Mrs. Wilson B. White of Tullia and Mrs. Kenny White were in El Paso from Friday until Sunday to visit Kenny White, who has been stationed at Fort Bliss for ten weeks. Mrs. Kenny White, the former Wanda

Fewer Interior Colors Make Room Look Larger

Faber Birren

Want to increase the apparent size of one or more of your rooms—without knocking out a wall? You can do it—with the magic of color.

Sound silly? Well, before you jump to conclusions, why not sit down right now in the room under consideration and take this simple test:

1. What color are the doors? (Odds are they're natural.)
2. What color is the woodwork? (More likely than not, it's a different shade than the doors—probably a light tint or white.)
3. Now, what about the walls—what color are they? (Doubtless a third color.)
4. And, finally, what color is the ceiling? (In most cases, a different shade than the walls—usually white.)

If your answers are all the same, you're already an exponent of the avant-garde "all one color" school of interior decorating. And color selection is the vital factor. But if you have as many as four different shades for your answers, or three, or even two, you have two routes open—selection and standardization.

Standardization is, as the meaning of the word implies reduction, in this case fewer colors. One or possibly two, instead of three or four.

If you're already painting walls and woodwork the same color, why not the doors, too? Then if you really want to "expand," choose an off-white or some other "open" hue and paint the ceiling the same color as the walls.

"Do-it-yourselfers" will welcome the latter suggestion, especially when they recall painting along the top of the wall, struggling not to get paint on the white ceiling, or vice versa. When you're doing both the same color, you just brush or cut away in the corners and along the joints. This saves lots of time and considerable wear-and-tear on the nervous system.

Most homemakers prefer water-based ceiling and wall paint—with good reason. It's so much easier to work with and clean up after. When it comes to woodwork and doors—two areas that require more frequent washing—they usually turn to a semi-gloss enamel. Most paint makers provide the two in matching colors for those who prefer woodwork and walls alike.

Now, what about color selection? How important is it to the over-all "space" and emotional effect?

Faber Birren, nationally known color consultant, sums it up like this: "We have lately come out of a muted or subdued era in home interior styling during which a color like beige has been dominant.

"Now," Mr. Birren continues, "the walls have brightened—as if the ceiling had lifted and the brightness of the sky itself allowed to enter. This tends to increase the apparent size and dimensions of a room, and it also provides a cheerful psychological lift to the eye and emotions."

Mr. Birren, who serves as a color consultant for a number of business firms—among them the Du Pont Company—goes on to say: "Thus with walls off-white and the furnishings vivid with hue, the modern home is more expansive than ever before and there is far more action and excitement in it. Any woman who seeks to have her home attuned to the future may well consider these effects."

"Luckily," Mr. Birren points out, "variety can be endless, for when the foil or background is off-white, the home, like a flower garden, can be 'planted' with vibrant color notes in the form of carpeting, upholstered furniture, draperies and accessories."

"Here," Mr. Birren emphasizes, "gold, fern greens, and cobalt blues have taken the public's fancy."

How do clients of American Color Trends, Inc., the name of Mr. Birren's New York City-based firm, take advantage of his services?

Du Pont for example, based on his analysis of interior color preferences, now offers five off-white variations in both its "Lucite" ceiling and wall paint and matching enamel. And one of these—World's Fair white—became the No. 1 seller in its line of 26 ready-mix colors within a year after its 1964 introduction, topping such other off-white favorites as oyster white and mission ivory.

On the strength of that success, another—blush white—was added last year. And still another—spring white—is new for '66.

Colors have many characteristics. Popular among them is "glow."

Now, with emphasis on selection of lighter shades and standardization in application; there's a new color characteristic that sounds almost like it: "grow."

What about college?

We have arranged for high school distribution of the booklet:

"WHAT ABOUT COLLEGE?"

The booklet shows students WHY a college education should be their goal and how this can be accomplished. It anticipates all their questions about college: WHERE to get information, WHEN to take action, HOW to make decisions.

At the time they do not appreciate the advantages of higher learning. They do not know how to finance themselves through college.

Guidance counselors believe that a considerable percentage of the student body can be helped by this compelling presentation of the facts.

For our part, a single student influenced to enrich himself in higher learning will justify the expense.

We are happy to cooperate in providing this service to the young people of our community.

Leading educators agree that far more students should go to college. At least 100,000 high school graduates in the top quartile do not. Many regret it all their lives.
