To The Boy Scouts of America And Their Leaders

Every society has vested its hope for tomorrow in the caliber of its youth. For youngsters without purpose or inspiration will grow into a generation without leadership or concern. Young men must be trained well in the duties and opportunities of citizenship. They must develop strength of character and an intense loyalty to the institutions of freedom. They must be physically fit and mentally keen. The Boy Scouts of America adopt these qualities as goals. Boy Scout Week calls our attention to the wholesome influence of Scouting on the lives of millions of Americans—and thus on our progress as a nation. It also is an occasion for commending the volunteers and sponsors who sustain the Boy Scout movement. And in this special year, I want to join in welcoming Scouts of other lands to the United States. I trust that the 1967 World Scout Jamboree will quicken among boys of many nations the desire for understanding and passion for peace upon which rests the future of all men.

"Well, I know one thing," he finally announced. "When I do see him, I'm going to get his autograph."

Home Notes

by Becky Hall
Home Demonstration Agent
We appreciate all those who have been so thoughtful and concerned about our family during this transition period since Winston retired from the Marine Corps. He has enrolled in West Texas State University and is commuting, therefore we will not be leaving Briscoe County at this time. I have thoroughly enjoyed serving as your County Home Demonstration Agent this past year and I'm pleased to be starting the second year. You have all been so cooperative and helpful in promoting the type of program you desired. We will need to rededicate ourselves to accomplishing our goals for 1967.

The two-day clothing workshop in Littlefield last week was very rewarding. It's always a pleasure to be associated with Dr. Graham Hard, Extension Clothing Specialist.

This week you may have missed me Tuesday and Wednesday while I was attending the Home Furnishings and Housing workshop in Lubbock. Mrs. Russell apologized for scheduling all the specialists for the first few weeks of the year. But she gets them for us when they are available.

Twenty-six 4-H Adult Leaders worked with and for the developing of young people through 4-H club activities in Briscoe County this past year. We congratulate you for the fine work you are doing.

Are you one of those "Outstanding 26?" If not it still isn't too late. A call, volunteering to serve could put you on the map!

At the recent H. D. Council meeting, the committees set the morning of February 16 as the date for committee workshop training and making recommendations for the clubs to consider for this year. Mark your calendars and set aside that morning so we can get the most accomplished in the least amount of time. Mrs. Raymond Teeple, council chairman, and I will plan and organize the material needed for the workshop.

You need to refuel at breakfast! Even though you've been resting or sleeping all night, your body wasn't completely at rest. It was at work breathing, circulating blood, and contracting and relaxing muscles while you were asleep.

When bodies work at night, they use up calories and make use of nutrients already eaten, notes Miss Frances Reasonover, Extension foods and nutrition specialist at Texas A & M University. By morning, some of the essential nutrients are depleted. If these aren't replenished, you feel tired, grumpy, and irritable. Your job efficiency lessens and accidents are more frequent. An adequate breakfast is a must if you are to be alert and peppy for school or work.

An adequate breakfast supplies

Mr. and Mrs. C. O. Allard and Mr. and Mrs. Gilbert Elms visited the Crosby County Museum at Crosbyton recently.

between one-fourth and one-third of the daily nutritive needs. Include some foods from each of the four food groups.

Use fresh, canned or frozen juice. Serve it with or on cereal. It's easier to get enough ascorbic acid daily if you serve a citrus fruit.

From the bread and cereal group, choose toast, pancakes, waffles, fruit bread, rolls or cereal.

The protein food most frequently eaten is the traditional breakfast egg. But for variety, try ham, hamburgers, hotdogs, steaks, chops, canadian bacon, fish or poultry.

Milk should always be a part of a teen's breakfast. Rather than a glass of milk, serve a cheese omelet, eggs baked in milk and sprinkled with grated cheese, milk nogs, buttermilk, or perhaps cheese on a hamburger.

My mother has a new pound cake recipe from the file of Mrs. Hill Rodgers, Littlefield. I'd like to share it with you.

7-UP POUND CAKE

1 1/2 C margarine, cream well
3 C sugar, then add sugar slowly
5 large eggs—add one at a time
1 t. lemon or vanilla extract
3 C sifted flour—alternate
1 bottle seven-up

Beat well and bake in greased and floured tube pan at 325 degrees for 1 1/4 hours. This cake has a fine moist grain and good volume.

Here's how to serve delicious milk to drink—all the ways you like best—and save, too. Save from two thirds to one third on the family milk budget with delicious and nutritious instant nonfat dry milk. Make milk-to-drink any time. Just mix one of the new pre-measured envelope packs with water to make a quart of nonfat milk. The cost—only about 11¢ per quart or one third the cost of regular milk. If you like your favorite drink a little richer, mix one quart of nonfat milk with one quart of regular milk. Use it conveniently in the dry form, too.

With these economies in view, have a delicious milk drink "on the house" any time. Here are two favorites:

COCOA
1 cup Pet Instant (in dry form)
3 Tablesp. sugar
3 Tablesp. cocoa
few grains salt
3 cups water
1/4 teasp. vanilla

Mix in a 1-1/2-quart saucepan nonfat dry milk, sugar, cocoa and salt. Stir in water gradually. Heat quickly to boiling. Lower heat and cook, stirring constantly, 3 minutes. Stir in vanilla. Serve hot.

BANANA MILK SHAKE
2 cups mashed bananas
2 cups vanilla ice cream softened
1-1/3 cups Pet Instant (in dry form)
1/2 teasp. vanilla
2 cups ice-cold water

Beat in a 3-quart bowl bananas, ice cream, nonfat dry milk and vanilla until smooth. Beat in water gradually. Pour into 6 glasses.

Mrs. Kenneth Bean and Karla and Mrs. Phillip Smitherman of South Plains accompanied Mrs. J. K. Bean to Plainview and Lubbock Monday.

Mr. and Mrs. Bud McMinn visited his mother, Mrs. W. L. McMinn at Nichols Manor in Lockney Sunday afternoon.

A large crowd of people attended the singing at Rock Creek Church of Christ Sunday afternoon. Amarillo, Plainview, Floydada, Tulia, Turkey, Quitaque, Lockney and Sweetwater were

represented. A groups served people from Amarillo ting several special numbers as Claude Woods of Turkey the message at the evening.

Mr. and Mrs. Luke Thompson spent the weekend with their daughter, Mr. and Mrs. Joe Riney Terry and Alan Coy at Brownfield.

Dr. and Mrs. M. O. Walls and Gary of Frederick, Oklahoma spent a long weekend with Mrs. J. C. Hill.

Members of the Caprock District, TFWC, Community Improvement Program committee met in session in Plainview recently to make fund raising plans for the CIP project, Children's Training Center. From left are Mrs. C. R. Thaxton of Post, chairman of the committee; Mrs. James T. Harris, Tulia, district publicity chairman; Mrs. A. D. Parker, Tulia, committee member; and Mrs. Louis Cummings, Caprock District president.

Caprock District T.F.W.C. Community Improvement Committee Has Meeting

Fund raising plans, that include the sale of jeweled American flag pins, were made at a recent meeting of the Community Improvement Program committee of Caprock District, Texas Federation of Women's Clubs, at the High Plains Children's Training Center in Plainview.

The pins will be available to club women at their district meeting in Lubbock March 27-28 and afterward through the Americanism chairman in their local clubs, according to Mrs. C. R. Thaxton of Post, committee chairman.

Money made from the pin sales will go to the High Plains Children's Center, CIP project of the Caprock District. "Be an angel and help an angel" was the motto adopted by the committee for the district project to be known as "Caprock's Angels Unaware."

Other long range plans include a benefit performance by a well-known star of stage, screen or TV.

Eight of the 19 clubs in the district have already contributed their one dollar per member requested for the Children's Center, said Mrs. Louis Cummings of Plainview, district president.

Mrs. Roy Kidd of Lockney, a member of the CIP committee, reported that her club, El Penseroso Junior Club of Lockney, has contributed 11 grade school desks which it purchased and refinished in antique colors, and that two club members donate 30 minutes of their time once a week at the Center helping children with songs and activities during their "break" period.

Mrs. Cummings re-emphasized that all money for the Center should be sent to her. She in turn gives it to the district treasurer, Mrs. Eugene Jones of Plainview, and they co-sign a check to the Center, which gives them a receipt to file.

Some clubs, in addition to their dollar donations, are contributing money for educational toys that are invaluable in the children's training. "A variety of puppets were given the Center at Christmas, but now a puppet stage is needed," said Mrs. Cummings, "and a typewriter for the office."

The 100 clubs in the district are urged by the president to be 100 per cent in entering the CIP either as individual clubs or as part of the Children's Center project.

Each county is asked by Mrs. Cummings to designate someone to collect publicity material for the CIP district scrapbook and send the material to her.

Present for the meeting were committee members, Mrs. Thaxton; Mrs. Kidd; Mrs. A. D. Parker of Tulia; Mrs. James T. Harris, Tulia, district publicity chairman; and Mrs. Cummings. Mrs. Rufus Gilbert of Muleshoe, another member of the committee, was unable to attend.

The Center has met requirements to be eligible for federal funds when such are available.

Words of Wisdom

Communism is a word that should scare every American. If the Communist Party took over America, and it is very possible, the American people would have to adjust to a completely different life. Their freedom would be limited, very limited. These freedoms are the American way of life. America should be ready to stand up and fight for these rights. Many people protest the war in Vietnam. I feel that we will have to fight this war event-

ually, why not now? If we allow the Communist Party to take over Vietnam, that will only make them stronger. We must fight to protect our rights and the rights of the Vietnamese.

Communism has been termed as a disease. Once a country has contracted the disease, there is almost no hope of recovery. It only spreads. The symptoms are people who are not interested in their country, and people who are too weak or afraid to fight for their rights.

In order to live in a country, you must be willing to fight for it. If you are not willing to fight for your country, you are no good to your country, and it is no good to you.

America is the land of opportunity. Opportunities are everywhere. But these opportunities won't last long if we allow our government to be taken over. If our government is taken over, there is no one to blame but ourselves.

Sidewalk Superintendents

The new skirts are so short that men who used to sit in sidewalk cafes to watch the girls pass now pass to watch the girls sit in sidewalk cafes.

On Wednesday, February 1, Mr. Francis asked everyone who was interested in being in the one-act play to meet in the auditorium.

The play contest will be March 31 at Claude. Those who attended the meeting were Terry Grimland, Roland Montague, Richard McCutchen, Venita Teeple, Linda Mercer, Joni Self, Ian Lanham and Vicky Vaughan. Mr. Francis is ordering the play books and will assign the parts.

Mrs. Grosdidier complained to her husband: "Look at the old clothes I have to wear; if anyone came to visit they would think I was the cook."

"Well, if you want them to change their minds," he said, "ask them to stay for dinner."

"City Hall," said the switchboard operator. There was no answer for a minute; then a rather nervous female voice asked, "Is this really City Hall?"

"That's right, madam," said the operator. "With whom do you wish to speak?"

There was an embarrassed silence. Then Donna Stephens said softly, "I guess nobody. I just found this number in my husband's pocket and I..."

DEAR MEDUSA,
I used to sit in front of a gay, exciting girl who liked to talk when we were supposed to be listening and try to get the teacher off the subject. Lately, I've been having to carry the load all by myself in getting the teacher off the subject. It's gotten so bad that sometimes we even have the lesson. It wasn't so bad when she was reading the book that the library ordered for her—but now it's just any book. She's no longer exciting. Finally, I just moved to a different place. How can we get her to give up books and return to her gay old self?

Tired of Being on the Subject
DEAR TIRED,

As anyone can readily see, this poor girl is suffering from a mental disorder. People with weak minds always suffer break-downs. You have got to humor this girl and remember that she is no longer responsible for her actions. Her mind is completely gone.

NOW PAYING 4.15% WHEN HELD TO MATURITY

Mr. Jack Benny, distinguished star of the entertainment world, may not have a computer's memory when it comes to his age, but his dates are accurate about Savings Bonds.

The first Series E U.S. Savings Bond was issued 25 years ago on May 1, 1941, by Secretary of the Treasury Henry Morgenthau to President Franklin D. Roosevelt.

Mr. Benny was already famous as a radio comedian (the youngest in the business, by his own admission). And in the years which followed, he proved himself to be a good friend of the Bond Program, not only buying Bonds, but helping to sell them to the American people.

Through his efforts and those of countless other volunteers in radio and TV, stage and screen, and in all walks of life, the American people have bought more than \$150 billion in Bonds.

Of these, about \$100 billion have been cashed in for emergencies, homes, retirement, etc. The balance is being held by tens of millions of American families—a star-spangled nest egg for the future.

Why not start building your nest egg with Savings Bonds—for yourself, and to back up our men in Vietnam. But give it a chance to build up by starting young. Like Jack Benny.

NOW—Savings Bonds Pay 4.15%!

Interest on new E and H Bonds you purchase has been raised to 4.15% when held to maturity. E Bonds mature faster—now in just 7 years. Your old Bonds will earn more, too. Savings Bonds are better to buy, and hold, than ever.

Those men are Americans. Those men are there. Those men are fighting for freedom —and supporting it with their dollars, too, through the Payroll Savings Plan. They deserve your support.
