

All Around the Town

by Mary Ann Sarchet

There is nothing like living in a small town where everyone is your neighbor and people join together to help one another when there is a time of trouble. In spite of the sadness that the fire at Fogerson's brought to me, it was heartwarming to see the men of the community — grocerymen, bankers, postal employees, ginners, newspaperman, farmers, public service employees, preachers, blacksmith, EVERYONE — work together to try to help another. Men wearing white shirts and ties were working as hard as those who were wearing clothes better suited to the job.

You may read in the daily newspapers about the city people who turn a deaf ear to cries for help and those who walk on the other side of the street or pull down their window shades to avoid being involved in robberies and other attacks, but I know that the warm and friendly people of Silvertown would never be guilty of anything like this. They lend service when it is needed and give financial help when it is needed, and it is a nice feeling to live among people who care about one another.

We care about one another, and caring for one another and ourselves, it is high time that we face up to a problem which certainly isn't going to get any better until something is done about it.

WE NEED ANOTHER FIRE TRUCK! We understand that the mechanical failure of our fire truck last Thursday was unavoidable, could not be helped, and that it was not due to the negligence of anyone. And yet, it was probably due to the negligence of every single citizen in the area served by the Silvertown volunteer firemen that Fogerson's lost their office building. If the fire truck had started promptly—and if it had kept running continuously—it is quite likely that the Fogerson fire could have been controlled in the lumber shed.

Now people, this is a time for deep thinking on this subject. What happened at the lumberyard Thursday afternoon could have happened at your home or business.

Even if the truck had started promptly and water had been on the fire fifteen or twenty minutes sooner, as it could have been, a second truck could still have been used. A call for help was sent to Tulia almost immediately, and they answered promptly—but that help could have been received earlier if we could have taken our own two trucks directly to the fire. On the other hand, it is almost certain that one of the two trucks would have started promptly. It could have gone on to the fire and the second truck could have gotten there and been in operation in less time than it took the Tulia Department to drive 26 miles.

Regardless of the frequency of major fires in this community, WE NEED ANOTHER FIRE TRUCK! It is not fair to residents of Silvertown to take the one truck to a rural fire. While it is gone, the fire insurance of those of us who live in town is void. It would not be fair not to answer a call for help out of the city limits either. As I have said before, every fire is just as important regardless of its location. But, residents are entitled to fire protection wherever they happen to live.

I strongly urge that our City Dads take a close look at this matter. True, they have requested the county to enter the civil defense program so that a second fire truck can be bought at a cheaper price. The county commissioners have been requested before to participate in the civil defense program for this same reason, and refused to do so. What will they do now? This is a matter that we can't let drag on for another four or five years before something is done about it. When you see a county commissioner or a city councilman, if you value your possessions, urge him to do all he can to see that we get another fire truck. And urge him also to work for a city-county fire agreement. We need to do everything in our power to make sure that residents in town and in the country are protected as best we can. And we need to do it NOW.

Jerry Miller is to leave March 22 for six months of active duty with the National Guard.

Public Schools Week To Be Observed Here

☆☆☆

Paula Montague and Marvin Self are shown putting up a Public School Week poster in the junior high building. They and other students invite you to visit your schools during this special week, March 6-10, to see democracy in action. (News Photo)

March 6-10 is Public Schools Week in Texas. The Silvertown Schools will join schools across the state in extending an invitation to patrons to visit their local public schools during the special week.

Registration will be conducted in the elementary classrooms, in the junior high and high school buildings. Please do not forget to register when you visit school.

There will be a hamburger supper sponsored by the Junior Class Thursday night during the open house which begins at 6:00 p.m.

Game Tournament Plans Cancelled

The game tournament which was to have been sponsored by L. O. A. Junior Study Club this week has been cancelled.

The junior clubwomen appreciated the interest of those who were planning to attend, and extend their apologies for not being able to carry out this project.

The evening will be climaxed by the presentation of the Senior Play, "The Antics of Andrew," at 7:30 p.m.

School will be dismissed on Friday so that all of the teachers can attend the District IX T.S.T.A. meeting.

You are invited to visit any day during this special week. This is an excellent opportunity for you to see the students in the daily process of learning. Want to know about modern math? Visit your child during math period.

Historical Society Plans New Year

The Briscoe County Historical Society met at the City Cafe Thursday night. The meeting was opened with prayer, singing of "America" and the Pledge of Allegiance to the Flag. Mrs. C. O. Allard, chairman, directed the business meeting.

Bill Griffin was elected vice-chairman. Mrs. True Burson was elected as assistant secretary and treasurer.

It was voted to invite the ministers of the community to be honorary members of the society. A motion carried to change the membership dues from \$10.00 a couple to \$5.00 a couple, or \$2.50 per person.

Mrs. Moreland talked on the museum schedule, and the names were listed to keep the museum open through the month of March.

The 75th anniversary of Briscoe County is being celebrated. See HISTORICAL SOCIETY—CONTINUED ON PAGE FOUR

Join the responsible parents of Texas and find out for yourself just what goes on in the classrooms and what the new teaching methods are all about. It's your privilege and obligation to see, first hand, just how Texas educators are meeting the challenge of tomorrow.

Water Depletion Meeting Tonight

A meeting of the Briscoe County Water Users association will be held at 7:30 p.m. today (Thursday, March 2) in the P. C. A. community room.

The purpose of the association is to acquire information, data, guides and maps of Briscoe County, of sufficient detail and based on sufficient research for mem-

bers of the association to obtain cost depletion deductions for the exhaustion of the capital investment in ground water for federal income tax purposes.

The governing body of the association is composed of three directors elected from the members of the association. The directors will serve for three years and are to have staggered terms. The first directors are to serve as follows: Glen Lindsey, one year; Harold Storie, two years; Joe B.

Mercer, three years. One director is to be elected at each annual meeting of the association.

All of the maps, data, guides and materials obtained by the association in connection with cost-depletion allowances for irrigation water shall be copyrighted in the name of the consultants performing the work. Only members of record as of completion date shall have access to the necessary data pertinent to obtaining income tax depletion allowance. Thereafter, information may be obtained by paying a stipulated membership fee to the person holding copyright on such information.

Volleyball Tourney Being Planned Here

A volleyball tournament will be sponsored by the Silvertown High School Student Council on March 13-14-16.

First place trophies will be given in the men and women's divisions.

Anyone wishing to enter a team is asked to contact Buddy Comer or Debbie Dickerson.

Rock Creek Club Has Meeting

Rock Creek Club met with Mrs. Ruby McWaters on February 21. The day was spent visiting and quilting.

The next meeting will be an all-day meeting with Mrs. D. Oneal.

Haylake Club Has Regular Meeting

The Haylake Club met with Mrs. Ella Leah Riddell February 23.

Members present were Mrs. Susie Bean, Mrs. Mary Rampley, Mrs. Elsie Cornett, Mrs. Maud McJimsey, Mrs. Blanche Newman, Mrs. Eudean Crow, Mrs. Opal Hyatt, Mrs. Winnie Smith, Mrs. Ruby Hester and the hostess, Mrs. Riddell. Visitors were Mrs. Sandra Perkins, Patti and Amy.

The afternoon was spent piecing quilt blocks, and Peanut Pal names were revealed.

Next meeting will be on the afternoon of March 9, with Mrs. Glenn Smith.

Doctors Opening Local Clinic

Two Days A Week

Two Tulia doctors are opening the local clinic two afternoons a week from 1:30 until 4:00 p.m.

Dr. Courtney sees patients on Tuesday afternoons and Dr. Barbour sees patients on Thursdays. The clinic phone is 4221.

Mrs. Carl Crow and Mrs. Floyd Williams were in Amarillo Friday for Mrs. Crow's medical appointment.

More Crime In Texas Predicted If Liquor Bill Passes In Austin

"More than 24,000 new crimes will be committed each year in Texas if the saloon bill passes," Rev. Clyde Cain, pastor of the First Baptist Church, said today in urging defeat of the law that would allow sales of liquor by the drink.

According to statistics released by Texas Alcohol Narcotics Education, the crimes per 100,000

population in open saloon states is 232.7 crimes a year higher than states with package sales laws, such as Texas has now.

The proponents of the saloon bill claim it would be good because it would bring needed tax revenue. Now, for each \$1.00 of liquor tax collected, alcohol costs \$37.00 in law enforcement, welfare, lost jobs, courts, etc. according to the American Business Man's Research Foundation. The saloon bill would actually cost the state money to pay for the extra costs involved in the more than 8,000,000 additional gallons of liquor that would be consumed each year, Rev. Cain said.

"As residents of Briscoe County, let's ask all of our people to ask our legislators to defeat the saloon bill," Rev. Cain concluded.

Gresham Services Conducted Monday

Funeral services for William J. Gresham, 72, of Millsap, were conducted at 2:00 p.m. Monday in the First Baptist Church at Quitaque. The Rev. Bill Curry, pastor, officiated, assisted by the Rev. Al Jennings, Methodist minister.

Pallbearers were James Patton, Frank Hunt, Jerry Patton, Darrell McWilliams, Jack Davis and C. L. McWilliams. Burial was in the Matador Cemetery.

Mr. Gresham, a retired construction worker, died Saturday in St. Anthony's Hospital in Amarillo.

Survivors include two daughters, Mrs. Vernell Cowart of Quitaque and Mrs. Vontella Pendley of Amarillo; a son, Leo Gresham of Roswell, New Mexico; a brother, eight grandchildren and five great-grandchildren.

Among those attending the funeral were Mrs. Robert Caraway of Tulia; Mrs. A. D. Riddle, Mrs. James Patton, Mrs. C. L. McWilliams, Mrs. Boyd Bingham and Mr. and Mrs. Glenn McWilliams.

Mrs. Floyd Williams and Annette were in Tulia Monday. Annette went for medical attention.

ASCS Farm Program Information Given

Farmers who participate in the 1967 upland cotton and feed grain programs are being cautioned about the kind of land they intend to divert under such programs.

Payments for a farm will be reduced where the county committee determines that the cropland set aside for diverted acres under the program is substantially less productive than the average cropland normally used to produce the crop.

In such cases, the farm operator will first be given an opportunity and urged to designate other land of at least average productivity for diversion under the program. If this is not done, program payments will be reduced in proportion to the lower yields which could reasonably be expected from the acreage diverted.

Any reduction indicated in the payment otherwise earned by the farmer would be subtracted, as applicable, from the farm diversion, the price-support, and the certificate payments—in that order. (Diversion payments are available for upland cotton and some feed grain farms; price-support payments are available for upland cotton and feed grains; and certificate payments are available in connection with wheat.)

Growers are reminded that the sign-up for the cotton, wheat, and feed grain programs will close March 17, 1967. Signing up is a necessary first step in qualifying for any price support or other program benefits.

Mr. and Mrs. Bruce Womack were in Lubbock on Wednesday the past two weeks for his medical attention. They visited their granddaughter, Mrs. J. N. Johnson and Shayne while in Lubbock.

Southwest H.D.C. Meets At Teeple Home

Southwestern Home Demonstration Club met February 23 at 2:00 p.m. in the Raymond Teeple home for a program on Home Gardening—Vegetable and Flowers by Home Demonstration Agent Becky Hall.

Marie Garrison brought an original 10-minute demonstration on flower arrangements using fresh vegetables to make carrot flowers and radish roses.

Members finished filling out their yearbooks and named club committees.

Members were asked to give their THDA dues of 50¢ per member.

Mrs. Beryl Fisch was welcomed as a new member, and refreshments were served to 13 members and one visitor, Nelda Teeple.

Fire Destroys Lumber Company Last Week

A trash fire has been blamed for starting the fire which almost completely destroyed Fogerson Lumber & Supply in Silvertown Thursday afternoon. Strong winds fanned the flames which first began in the northeast corner of the lumber shed and later spread to the adjacent office building which housed the company's inventory of appliances, paints, hardware fittings, etc.

Damage has been estimated in the neighborhood of \$30,000 by owners, Mr. and Mrs. Ware Fogerson.

Volunteer firemen and other local residents began battling the fire shortly after 1:00 p.m. and were joined by the Tulia Fire Department. Telephone service was interrupted in the neighborhood until after the fire was brought under control about 4:00 p.m.

The office building was gutted and the lumber shed was completely destroyed, but the com-

pany's trucks and redmix concrete building and equipment were saved. Volunteers began carrying appliances out when it became apparent that the second building could not be saved.

The Fogersons have made the following statement in regard to their business operations: "We will be open for business with what we have left in the shop building until further notice. We can supply you with redmix concrete, Frigidaire and Maytag appliances and other merchandise on order. We have appreciated all past business and look forward to serving you again."

Dear Friends, We want you to read this letter as though it were written to each of you personally.

We have no way of knowing who helped us during our horrible fire and we want you to know that for everything that was done we

are grateful from the bottoms of our hearts. It is friends like you that have made us want to live in Silvertown all these many years and be a part of a community where friendship and love mean so much.

As you have heard, our insurance had expired so our loss is a great one, but with the help of God and friends like you, we know that our dark cloud has a silver lining.

As yet, we have made no plans other than to clean up the mess and to see where we are. We were fortunate that our records were saved with the exception of a cash sale book and a paid receipt book. So please bear with us if we failed to mark your account paid.

Again we say that we appreciate every act of kindness shown to us.

Sincerely,
Ware, Sylvia and Maw

THE OPEN DOOR

"Behold, I have set before thee
 an open door . . ." Rev. 3:8
 by Rev. Clyde Cain

If the saloon bill is passed, and liquor by the drink is served in Texas, we can expect 20 per cent more of our people to be killed in auto accidents each year. This would be 606 additional human beings being sacrificed to the god of drink in our state.

The Silverton area would have 50% more alcoholics. Based on statistics from Texas Alcohol Narcotics Education, Inc., states with package store only liquor sales have alcoholism rates of 2,272 per 100,000 adults, while those selling both by package and by the drink have 50 per cent more. These states consume 1.8 gallons of liquor per capita, compared to one gallon per capita in states with package store sales only.

This would mean that if the saloon bill passes, Texans would consume more than 8 million gallons of additional liquor. Is it any wonder the liquor interests are pushing for passage of the saloon bill?

Even people who drink don't want their children in or near saloons. We need to defeat the saloon bill for many reasons, but especially for our children's sake.

EASY SHRIMP CURRY MAKES DELICIOUS MEAL CHANGE

Shrimp lends itself so easily to many ways of preparation. It's most deliciously at home nestled in a gently seasoned sauce, along with sweet green peas, in a dish that takes its inspiration from the famed curries of East India. Takes its inspiration, that is, but not the time consuming, multi-step preparations required by its exotic counterparts. In fact, this version of Shrimp Curry will surprise you with the ease and speed with which it goes from first step to finished dish.

The shrimp can be of the fresh, frozen or canned variety, any style is suitable. The thick, savory sauce, which would normally require long simmering to acquire the right degree of flavor and richness, comes practically "instant." Just stir in a can of condensed cream of celery soup. Its mild celery taste and creamy goodness blend smoothly with the flavorsome shrimp and the light touch of curry powder.

Serve Shrimp Curry over rice, and accompany it with a bowl of chutney, a green salad and a fresh fruit dessert. Your family will appreciate this delightful diversion from the usual meat-centered meals.

Shrimp Curry

- 1 small onion, sliced
- 1 small clove garlic, minced
- 1/4 to 1/2 teaspoon curry powder
- 2 tablespoons butter or margarine
- 1 can (10 1/2 ounces) condensed cream of celery soup
- 1/2 cup milk
- 1 pound shrimp, cooked and cleaned (or two 6-ounce cans, drained)
- 1/2 cup cooked peas
- 3 cups cooked rice (1 cup uncooked or 1 package pre-cooked)

In saucepan, cook onion, garlic, and curry powder in butter until onion is tender. Stir in soup, milk, shrimp, and peas. Cook over low heat about 5 minutes. Stir now and then. Serve over rice. Makes 4 servings.

Today's Good Turn . . .

APPLE-ORANGE NUT BREAD

Apple-Orange Nut Bread is a sumptuous brown topped loaf, studded thick with nuts and raisins. And each bite gives the lively taste of apples, the suggestion of orange.

The loaf cuts down slickly, thick or thin. Takes kindly to butter, cream cheese, jam or jelly. Yet with its cake-like texture, it can be served plain, if you wish. Canned apple sauce mixed through the batter helps keep the loaf moistly fresh for days. In fact, it slices better the second day than it does the first.

The bread is easy to make. So while about it, why not bake at least two loaves . . . one for visitors and one for the family. Then everybody's happy.

Apple-Orange Nut Bread

- 1 large orange
- 1/2 cup seedless raisins
- 2 cups canned apple sauce
- 2 cups sifted all-purpose flour
- 2 teaspoons baking powder
- 1 teaspoon baking soda
- 1 cup sugar
- 1/2 teaspoon salt
- 1/2 cup chopped nuts
- 1 egg
- 3 tablespoons melted butter or margarine

Squeeze juice from orange. Using medium blade, put rind through food chopper with raisins. Add orange juice, rind and raisins to apple sauce. Sift together flour, baking powder, baking soda, sugar and salt; add apple sauce mixture and nuts. Mix thoroughly. Beat egg; add with melted butter or margarine, stirring until thoroughly blended. Pour into greased loaf pan 8 1/2" x 4 1/2" x 2 1/2". Bake in moderate oven, 350 degrees, 70 to 80 minutes. Remove from pan; cool on wire rack. The bread will slice better if allowed to stand 12 hours.

Who likes tartlets? Everybody! Especially when they're as easy to make as these are:

Simply bake little tart shells, using your favorite pastry mix. Cool. Then fill the shells with chilled canned apple slices, sweetened to taste. On each tartlet drop a spoonful of whipped cream and shake nutmeg over all.

coe County was discussed but no action was taken on plans for a celebration. Bill Griffin reported that two markers have been ordered for the graves of P. L. Crawford, Confederate veteran, and the first sheriff of Briscoe County, Minor Crawford, Mrs. True Burson's father.

Mrs. Allard appointed the finance, landmarker, war veteran marker, legislative, museum, counselors, publicity, distinguished service, and Texas state and county appreciation observance subcommittees.

Mrs. True Burson was made chairman of a game night committee.

Judge Moreland discussed the things the society could do to receive the required 30,000 points for the year.

Mrs. Allard closed the meeting with this quotation by Calloway, from the Birmingham news: "Life is not a grab bag from which to take all we desire, but the opportunity to give the good that is in us, that it may go out and multiply and return to us in the forms we need in our daily progress."

Date cake, cookies, punch and coffee were served to Judge and Mrs. M. G. Moreland, Bill Griffin, Maynard Wilson, Joe Montague, Jimmie House, Bernice May, Alvin Redin, Mr. and Mrs. Bob Hill, Mrs. Tina Schott, Mrs. Vivian Hughes, Mr. and Mrs. True Burson, Mr. and Mrs. C. O. Allard.

Religious faith is not a final goal to be reached, but a highway to be traveled.

Production Guidelines Now Being Mailed

Crop production guidelines related specifically to the conditions here in Briscoe County and covering cotton, grain sorghum, soybeans and wheat are being mailed to every local farmer this week.

This is the first time such guidelines have ever been prepared on a county basis, according to County Agent Leon Grosdidier.

He believes that farmers who will take time to study the recommendations will find helpful tips for producing optimum yields and lowering production costs.

A combined total of 300 guidelines are being mailed to local farmers. Printing costs are being covered by the commissioners court.

"These guidelines are the best combinations of thoroughness and brevity that those of us in the Texas Agricultural Extension Service could prepare," the agent said.

In the Briscoe County guidelines, particular emphasis is placed on water conservation with each crop. The guides tell when to water the crops to get maximum yields from each irrigation whether the crop is to be irrigated once, twice or more.

Suggestions are given for deciding the timing of the most important irrigation or irrigations under different moisture conditions that occur in any one year, Grosdidier said.

The cotton guidelines also stress some of the keys to producing a

crop with better fiber qualities. They explain irrigation timing and other cultural practices that can enhance the inherent quality potential of a cotton variety.

The soybean guidelines may be particularly helpful to Briscoe County farmers, the agent said. Many local farmers are interested in the crop, but they lack production experience with it.

The guides are not elaborate publications, and a few farmers may overlook them when they come in the mail.

"I believe it will pay to read the guides and file them for future reference," the agent said. "They can also serve as a reminder or checklist for instructing hired hands."

All of the farmers who have had a chance to see the local guidelines have commented on their usefulness, he said.

The localized guidelines are part of a state-wide Extension Service project to get the best known production information in the hands of farmers.

"It's an effort to combine all of the modern practices recommended for this county into one source so that a farmer doesn't have to search through a number of publications to get the material," the agent said.

Extensive preparation has gone into the guidelines to insure they would be highly accurate and useful.

First, top agronomists in Texas made a basic outline of information that should be included for each crop in each section of the state. Then county agents throughout the South Plains got together with researchers, specialists and other crops men to write guides

for the conditions and problems of the area. The county agent then localized the information so that it would be correct for this county. Information from local farmers and the results of county demonstrations

were used as a basis for local revisions. A few extra sets of the guidelines are available at the county agent's office for individuals who did not receive a set or for those who would like additional copies.

MEAT PIE MAKES FOR EXTRAORDINARY EATING

From time to time it's fun to put a dish as frankly extraordinary as this South American Meat Pie on your table. While it's true that rolling and larding the pastry will require more preparation time, the results, calculated in raves from your family, are well worth the few extra minutes.

Ground beef is the main ingredient in the pie filling mixture. The secret of its moist goodness and rich flavor is the artful addition of canned beef gravy. There is no better way to add extra beefy flavor and retain juicy tenderness than with this bit of cooking magic. Simply open a can of gravy and you have smooth, full-flavored, good gravy right at your finger-tips. Embroider the robust taste of this hearty mixture with green pepper, tomato, onion and seasonings.

To serve the pie, slice it into wedges. Spoon over each serving some of the remaining gravy, dressed up with sliced olives and hard cooked eggs.

Round out your meal with hearts of lettuce salad, a fruit dessert, and milk and coffee.

South American Meat Pie

- | | |
|------------------------------|---|
| 1 pound ground beef | 1 can (10 3/4 ounces) beef gravy |
| 1/2 cup chopped green pepper | 1 package (about 10 ounces) pie crust mix, prepared |
| 1/2 cup chopped tomato | 3 stuffed olives, sliced |
| 1/2 cup minced onion | 1 hard-cooked egg, chopped |
| 1/2 teaspoon cumin | Dash cayenne |
| 1/2 teaspoon salt | |

In skillet, cook beef, green pepper, tomato, onion, 1/2 teaspoon cumin, and salt until vegetables are tender. Pour off fat. Stir in 1/4 cup gravy. Cool. Roll pastry for bottom of 8-inch pie pan and strips 1/2-inch wide for lattice top. Fill pie shell with meat mixture; top with latticed pastry. Bake at 425°F. for 25 minutes. Meanwhile, in saucepan, combine remaining ingredients. Heat; stir now and then. Serve sauce with pie. Makes 4 servings.

Mrs. Lem Weaver and Mrs. Farris Martin were in Amarillo Wednesday of last week, and visited Mrs. Weaver's brother-in-law, Marvin Andrews, at St. Anthony's Hospital.

Mr. and Mrs. Joe Riney and sons of Brownfield were recent Sunday dinner guests of Mr. and Mrs. Luke Thompson. Mr. and Mrs. Leroy Shipman of Plainview were also Sunday dinner guests of the Thompsons.

Gary Hunt will leave March 8 for Fort Ord, California, for six months of active duty with the National Guard.

Mr. and Mrs. Wilbur Chappell and Durenda of Amarillo and their son, Fred Chappell, a student at Texas Tech, and G. W. Chappell attended Sunday morning church services at the First Baptist Church and were dinner guests of Mr. and Mrs. A. H. Chappell.

Mrs. H. C. Mercer and Mrs. J. V. McCarty returned home early this week after spending a few days at the McCarty home in Graham.

LONG'S PHILOSOPHY

Crime is something that has plagued the United States since Columbus first discovered the New World. It must be a trait in man to always want more than he has. Most people can control this trait but the ones who can't are the ones to look out for.

No person is a born criminal. The way a person is brought up determines if he will take up crime. Many people think that people who are brought up in slums always take up crime. This factor might play a role, but the major factor is the parents. If the parents teach the child to respect other people's property and to live honestly, then they have the makings of a fine, upstanding citizen. If the parents, on the other hand, teach the child to get whatever he can, no matter how he gets it, then they have the making of a criminal. These people are always wanting more than they have; they are never satisfied with what they have.

So now we have a home-made criminal. He has all the necessary ingredients for a ruthless killer. He looks like a normal citizen. To see him walking down the street, you couldn't set him apart from any other citizen. Now we come to the question: "What protection does the American citizen have from crime?" The way things are going, it doesn't look like the American citizen has the full advantages of the "just law." The courts now seem to pity the poor, misguided criminal and not the innocent citizen who just happened to be in the way. Here is a quotation from the Amarillo Daily News of February 21: "New York—A murder indictment was dismissed Monday because the confessed killer—charged with six murders—was not briefed on his rights before he confessed." Now it seems to me that if our United States courts are going to employ this tactic, then they are going to encourage crime instead of discouraging it.

MISS SELF'S WITTY ADAGES

Miss Self, as everyone knows, is quite well known for her marvelous brain. She is planning on becoming a professor next year and teaching in a college to further develop her great mind. In tribute to her sad departing we have here some of her wisest and wittiest adages (Adage—a wise saying or proverb):

Sticks and stones will gather no moss if you leap over the burning bridge behind you.
Better late than two in the bush.

If you fink to the fuz, you're a chair sparrow.
This weather is enough to freeze the ears off a grass donkey.

He who hesitates is worth two in the bush, I always say.
Gloryoski! Instant Summer!
It's an ill wind that blows somebody good!

Still water under the bridge gathers no moss.
Don't leap your bridges before you burn them.

(Sigh) Some people got it and some people don't! That poor kid's got more than her share!
Too many cooks spoil the grass.
A friend in need is as scarce as hen's teeth.

People who live in grass houses shouldn't stow thrones.
And last, but not least:
People who live in grass houses shouldn't throw parties!

Good Grief!

by Charlie Brown
Danny V., certain people want to know if you ever shut up? It's not a teacher.

Is it true that batman has been living among us? Don't worry, Marsha, we'll not give away your true identity.

If you don't think Silverton's climate is agreeable, take a look at Mr. Neal. Putting on a little weight, aren't you?

Why is it Miss Self blushes when Juannah hands her notes? I wonder what they say.

Senior Play Progressing

Rehearsals are being held nightly in preparation for the Senior Play, which is to be presented March 9, at 7:30 p.m. immediately following the Junior Hamburger Supper.
The seniors invite everyone to attend the play.

American Heritage Contest Enlarged

There has been a change in the American Heritage student essay contest. Now there are two topics from which to choose.

A student in Silverton High School can write on the topic, "Rights and Responsibilities," or he may now write about "The Causes of the American Revolution." The same rules apply to either topic and the prizes remain the same.

This contest is open to ALL Silverton High School students. If there is any question about the contest, please ask Miss Self for clarification.

Go Ahead And Quit School

by Glen Grosdidier (Mugwomp)
One hears and reads a lot today about the drop-out problem. Much effort in forms of talks, conferences, vast expenditures of money and various projects and programs are being put forth to halt, or at least slow down (or reduce) the number of drop-outs in our high schools across this country.

Youth and parents are constantly reminded of the benefits of a high-school education which includes the ability to earn more money in one's lifetime, temporary avoidance of the draft, and a more well-rounded life.

Now I agree 100% with most of the people (who encourage the potential drop-out) that the above things are true. IT IS better to finish high school end even college, if possible. All the benefits one will receive are there. Here's where I tend to disagree with these encouragers—in spending time, effort and money to rehabilitate the drop-out! I say leave them alone.

Why do I say this? Because these people (the drop-outs) are our servants! They service our cars, mow our grass, carry our garbage, clean our houses, iron our clothes, dig our ditches, serve us at eating establishments, and a thousand other tasks which we enjoy having done for us.

There have always been a class or group of people who wait on and serve those who are the educated or are wealthy. I'd personally hate to see EVERYONE educated. This would mean I'd have to begin doing some things that I hire others to do for me.

I believe in equal opportunity and I certainly feel one should stay in school and complete his education—but if a high-school age person feels he needs to quit, has been very carefully counseled concerning his proposed action, and still wants to—then I say "Let him quit—I could use another servant!"

You want to quit school—go ahead and quit!

F. H. A. Meeting

The F. H. A. held a meeting on Thursday, February 23, during activity period. Sharon Martin presided in the absence of Joni Self.

Ian Lanham was selected as the voting delegate for the Area meeting to be held in Lubbock March 18-19. Mary Whitfill and Nancy Nance were chosen to sing in the area choir during the same meeting. Anyone who wants to attend is asked to inform Mrs. Carr.

The F. H. A. officers will be nominated by a committee and voted on by the members. Those elected will take office next year.

Two secretaries were discussing their troubles. "All I asked him," said one, "was if he wanted the carbon copies double spaced too, and he blew his top."

Owls Finish Cage Schedule

by Coach Nutt

S. H. S. Country Reporter

The Silverton Owls finished their basketball season February 14 with the Wheeler Mustangs. We had a much improved ball club over last year. The Owls won 12 and lost 18 during the season this year. With regrets, we lose five seniors who were depended on for most of our strength. These boys made a great improvement during the year and they will be missed next year.

The graduating seniors are Randy Hughes, scoring 7.7 points and hitting 40% of his shots from the field; John Montague, 7.4 points and 28% of his shots; Charlie Baker, 3.1 and shooting 27%; Ira Gallington, 11.4 points and 29%; Jimmy Burson, 4.7 and shooting 30%.

The hustle and desire shown by the seniors in workouts and in the games was appreciated by the coaching staff and underclassmen.

Boys who will be returning next year and can be counted on are Dale Sissney, 7.1 points and 30% shooting average; Lynn Frizzell, 2.7 and 29% shooting average; Roy Wood, 1.1 and 25% shooting average.

Jimmy Walker, Danny Vaughan, Paul McWilliams, Bill Brooks, Bob Hutsell, Thurman May, Johnny Weaver, Steve Brown, Gary Martin, Max Hamilton and Ricky McWilliams did a fine job this season on the junior varsity. These boys will be making a bid for the varsity next year.

DEAR MEDUSA,

I have been reading your column for some months now. I've never missed a single letter. It's a wonderful column and your advice—well, your advice is out of this world. I've only one complaint to make! As long as I've been reading your column, I've never, never ever seen your picture in the paper. I'm a frightfully nosy young woman, and I simply have to know everything about everything or I'll go Mad, so please tell us, or better yet, show us what you look like. I'm dying to know! I mean, for example: did you know that you can see a street light in the third pane from the right corner of the third window from the right corner in the east wall of the Chemistry room of Silverton High School? I'll be no one else knows that!!!

Pandora
Dear "Pandy,"

I realize that many of my readers are anxious for a look at my face, so I am placing my picture in this paper next week. As a matter of fact, I might even autograph it so everyone who gets a copy of the paper can cut it out and frame it and hang it on their walls. Everyone will say, "Who is that beautiful young woman on your wall, Dahling?" Oh, and by the way, you really should do something about this "Pandora" attitude of your because—well, to be quite frank with you, curiosity killed the cat, and, as you know, being a woman and all, women are quite catty!

Shrinks Hemorrhoids Without Surgery

Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation II®. At all drug counters.

CARDS OF THANKS
 Thanks to everyone, clubs, bus-inesses and individuals, for the cards, letters and gifts sent me for Christmas. All have meant a great deal to me, but we have been very busy on patrols here in Vietnam, and I haven't had the time to write a personal note to each one of you. Please accept this as a personal thank-you for all your kindness, thoughtfulness and friendship.
 George McJimsey

Dear Christian Friends,
 I wish to thank you so much for your thoughtfulness, flowers, cards, food, visits and phone calls during my recent stay in the hos-pital. All was so deeply appre-ciated. Especially do I wish to thank Brother and Sister Earl Cantwell.
 Sincerely,
 Mrs. Ruth Baker

Our heartfelt thanks to all who extended comforting sympathy through cards, letters, phone calls, flowers and memorials at the loss of our loved one, W. J. Gresham. We appreciate the food and every kindness extended to us.

- May the Lord bless and keep you.
- Mr. and Mrs. Charles Cowart and family
 - Mr. and Mrs. Gilbert Pindley and family

I'D BE RIGHT THANKFUL, PAW, EF'N YE'D BRING THAT SACK BACK CHOCK FULL O' EASTER SEALS!
 SIMMER DOWN, WOMAN! THIS YEAR WE UN'S ARE USING TWO SACKFULS!

Sooner or later, that day comes, the day when a woman feels she's changing. It's not a good feeling either. And she could use a good old-fashioned medicine then.

Could be you feel a little edgy, or maybe cross. You might even have what we call hot flashes and feel sad and slightly off-balance.

Whatever you feel, we have something for the day you need a little comforting. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients that work to give you a better sense of well-being.

With an old-fashioned problem like this, couldn't you take an old-fashioned medicine?

Buy Bonds where you work.

They do.

They work in Vietnam—for freedom. They're helping to pay the bill for freedom, too. Like many of our servicemen overseas, they're investing in U.S. Savings Bonds. Bonds are a good deal. A good way to save up for college . . . or for a home . . . or just for a future that's free and worth having. There's a good way to show these men you're on their side. Buy U.S. Savings Bonds where you bank, or join the Pay-roll Savings Plan where you work. You'll walk a bit taller.

U.S. Savings Bonds

Bond facts: Savings Bonds pay you back \$4 for every \$3 in only seven years . . . are replaced free if lost, destroyed or stolen . . . have special tax advantages . . . can be redeemed whenever the need arises.
