

All Around the Town
by Mary Ann Sarchet

After the House of Gifts was burglarized over the weekend, Doug Arnold was checking behind the building first thing Tuesday morning and discovered tracks in the snow coming up to the back door at the House of Gifts and coming to the back doors of City Tailors and the Briscoe County News. They were perfect shoe tracks so he alerted the other business owners and called Sheriff's Deputy Dyrle Maples so he could get "on the case."

But Dyrle already knew about the tracks. "They're mine," he said. "I checked the back doors last night."

We'll have to have a little more luck than that, Mr. Arnold, if we are to succeed in "trailing" the burglars!

Deputy Maples has had the responsibility of "minding the store" for a week or so while his boss, the High Sheriff of Briscoe County, is "vacationing" at the Veterans' Hospital in Amarillo.

Jerry told us early this week that Vinson hopes to be able to return home today.

The snow gave the school kids an unexpected vacation this week. Superintendent Hinds told me on Wednesday morning that the plans for making up the lost time were not complete as yet. Attendance Monday morning was off by something like 103 students.

Mrs. Rauch To Present Students

Mrs. Mary Ann Rauch has announced that she will present 41 piano students in recital at the First Baptist Church here on Tuesday, March 19, at 7:30 p.m.

Scheduled to present piano solos are Rhonda Grabbe, Tracy Gill, Marsha Yancey, Beverly Bolling, Ninette Martin, Debbie Storie, Mignone Rauch, Kimberly Huttsell, Daria McWilliams, Brent Bean, Debbie Verden, Lesa Francis, Connie Graham, Laquita Bommar, Tammie Hamilton, Susan Northcutt, Susan Grabbe, Lee Ann McMurtry, Nedra Flowers, Ann Hardin, Suzette Fitzgerald, Jeanette Arnold, Becky Francis, Sherri McJimsey, Todd McJimsey, Jill Huttsell, Sharon Storie, Jackie Carol Tate, Lori Francis, Marshall Rauch, Ty McMurtry, Ronnie Vaughan, Melva Meason, Mary Cole, Amy Birdwell, Joan Cross, Cynthia Sutton, Roy Garrison, Cathy Jones, Barbara Davis and Paula Birdwell.

Duets are to be presented by Barbara Davis and Paula Birdwell, Amy Birdwell and Joan Cross, Tammie Hamilton and Jeanette Arnold, Debbie Verden and Brent Bean, and Kimberly Huttsell and Mignone Rauch.

The public is cordially invited to attend.

Study Club Visits Public Schools

March of Time Study Club met for lunch in the school cafeteria March 7, and participated in the Public Schools Week visitation.

Following lunch, the members went to the P. C. A. community room where Mrs. Frances Crass presented the film, "Texas, Land of Contrast."

Mrs. Mattye Mayfield presided over the business meeting.

Members attending were Mes. Matty Mayfield, Diamond Williams, Carolyn Self, Daisy Burson, Frances Crass, Carolyn Montague, Iris Burson, Mildred Burson, Rosie Dickerson, Pat Whitfill, and a guest, Mrs. Lillian Mayfield.

Study Club's Meeting Postponed Monday

The meeting of L. O. A. Junior Study Club was postponed Monday due to the snowstorm. Mrs. Randall Eddleman, club president, has announced that the meeting has been rescheduled for 7:00 p.m. Monday, March 18, in the school homemaking department.

Mr. and Mrs. O. C. Rampley have been invited as guests for the meeting, and Mrs. Wayne Stephens and Mrs. Art Sommerfeld are to be hostesses.

Mrs. Eddleman added that she would like to have all members

SILVERTON, (Briscoe County) TEXAS

VOLUME 60 NUMBER 11

Snowstorm Paralyzes Area For A Day

David Cole of Austin and Ruth Ann Minyard of Silverton have been selected as Sophomore Favorites at West Texas State University. Cole and Miss Minyard were pictured after the announcement of their awards at the annual Personality Pageant Saturday night, March 2.

Presented In Pageant At WT

Ruth Ann Minyard of Silverton has been elected Sophomore Favorite at West Texas State University.

Miss Minyard's victory in the election was announced at the Personality Banquet and Dance Saturday night, March 2.

Daughter of Mr. and Mrs. J. E. (Doc) Minyard, Ruth Ann is a secretarial studies major at WTSU.

Freight Cars Are Derailed

A portion of a 49-car Fort Worth and Denver freight train was derailed about 10 miles from Quitaque about 1:00 a.m. Tuesday.

According to Jack Williams of Burlington Railways in Plainview, eight freight cars, five loaded with cotton, grain and fertilizer, and a portion of the diesel engine were overturned and another car derailed when a rock slide covered a portion of the tracks.

The accident occurred at what is called "the old number two tunnel." Williams said the tunnel was no longer there and the site is "just a deep cut in the caprock."

The train was one from Lubbock to Childress.

No report of injuries had been received.

who are interested in attending the Caprock District TFWC Convention in Lamesa March 22-23 get in touch with her as soon as possible.

A late winter storm moved across Texas early Monday, bringing drifting snow into the Panhandle on 50-mph winds. Snow up to six inches closed schools and made driving dangerous in most of the Panhandle and South Plains.

The storm has been blamed for at least 10 deaths, including nine in traffic accidents, in Texas. Locally, some cattlemen reported losing livestock as a result of the storm. Drifted snow made it almost impossible to reach stranded cattle with feed.

Sunshine and warm temperatures melted most of the snow off streets and highways Tuesday, but temperatures plunged below freezing Tuesday night and warming was slow on Wednesday.

Fred Strange reported that the official moisture measurement for Silverton was 50 of an inch Sunday from rain, snow and sleet, and 25 of an inch Monday from snow.

It is hard to estimate the average depth of snow that actually measures from less than an inch in depth to more than shoulder high depths, but the snowfall has been estimated at four to five inches.

Silverton Schools opened Monday morning, but as visibility decreased and travel became more hazardous, the schools closed at noon and remained closed on Tuesday. Schools were also closed at Flomot, Quitaque, Lockney, Plainview and Happy, as well as others across the Panhandle.

FIRE CALL
The home of Mrs. Ruby Elliston caught fire about 8:00 p.m. Monday night and the Silverton Fire Department was summoned.

The firemen were hindered in their attempt to get the fire truck to Mrs. Elliston's home by the huge drifts of snow, and though a county maintainer was assisting, neighbors had brought the fire under control before firemen arrived.

Shafe Weaver and Harold Edwards were the first ones on the scene, and used snow to smother the fire which apparently originated in the attic of the house.

Survivors include his wife, Ruby Lee; three sons, Melton Lee of Amarillo, Jerry Don of Hancock, New Hampshire and Sgt. Bobby Glenn of Fort Knox, Kentucky; three sisters, Mrs. Irene Dunn of Amarillo, Mrs. Loretta House of Silverton and Mrs. Johnny Bonner of Pensacola, Florida; a brother, Travis of Texarkana; and eight grandchildren.

Services Conducted For Lee Weatherly

Funeral services for Lee Weatherly, 56, were conducted at 2:00 p.m. Wednesday in the Blackburn-Shaw Memorial Chapel with the Rev. Darrell Robinson, pastor of the Hillcrest Baptist Church officiating.

Burial was in Memorial Park Cemetery.

A native of Parnell, Mr. Weatherly had lived in Amarillo for 18 years. He died Sunday in St. Anthony's Hospital there.

Survivors include his wife, Ruby Lee; three sons, Melton Lee of Amarillo, Jerry Don of Hancock, New Hampshire and Sgt. Bobby Glenn of Fort Knox, Kentucky; three sisters, Mrs. Irene Dunn of Amarillo, Mrs. Loretta House of Silverton and Mrs. Johnny Bonner of Pensacola, Florida; a brother, Travis of Texarkana; and eight grandchildren.

J. S. Fleming Buried At Byers Monday

Funeral services for Joseph Stephen Fleming, 59, were conducted at 2:30 p.m. Monday in the Byers Methodist Church. The Rev. Robert Moore of Fort Worth was the officiating minister. Burial was in the Byers Cemetery.

Fleming died at his home in Fort Worth early Sunday.

Born May 8, 1908, he was a member of the Methodist Church.

Survivors include his wife of the home; his mother, Mrs. Josie Fleming of Byers; three sons, Truman of Houston and Ray and Stanley, both of Fort Worth; two sisters, Mrs. Mary Trott of Bastrop, Louisiana and Mrs. Jeanette Harrell of Alexandria, Louisiana; five brothers, Walter of Silverton, Woodrow of Friona, Robert of Lubbock and Nat and Kenneth, both of Byers; and one grandchild.

ducers Association work.

Brown describes himself as "a working farmer and agri-businessman who understands firsthand the needs of the High Plains Economy, and of the people whom I would represent in Congress."

A mechanical engineering graduate of Colorado University, a World War II Navy veteran, and a lieutenant in the U. S. Navy Reserve, Brown is married and has three children.

He has been Hartley County Democratic chairman for 13 years, and is active in church and civic affairs. He stated: "I hope to bring a fresh and positive approach to government, as a farmer and businessman who works every day on a grass roots level in the vital agri-business economy of the Panhandle. I will represent all the people of the district diligently and fairly, and hope to have the opportunity to do so."

J. R. (DICK) BROWN

BROWN IS CANDIDATE FOR FOR U. S. REPRESENTATIVE

J. R. (Dick) Brown, 41-year-old Hartley County farmer and businessman, has announced that he is a candidate for U. S. Representative, Texas 18th Congressional District, in the Democratic primary elections.

Brown, no newcomer to area politics, is Democratic party chairman for the 31st Texas Senatorial district and has long been active in Panhandle politics.

A native of Hartley County, he operates a farm near Hartley and manages a farm supply and elevator business there.

Brown was the first candidate to formally announce for the 18th Congressional District place.

He has been active in a number of Panhandle agri-business groups, is on the board of directors for the High Plains Research Foundation, Texas Wheat Growers Association, and Panhandle Grain and Feed Dealers Association, and is active in Grain Sorghum Pro-

Senator Yarborough To Speak At Co-op's Annual Meeting

RALPH YARBOROUGH

Survey Committee Meets March 21

The Briscoe County Historical Survey Committee will meet on Thursday, March 21, at 7:30 p.m. in the P. C. A. community room.

Mrs. Alvin Redin will be the speaker.

H. M. Vaughn, who was recently burned on the face, neck and hands, is now a patient in the Veterans Hospital in Amarillo. It has been decided that plastic surgery will be necessary because the burns on the hands were third degree burns.

Silverton F.F.A. Judging Team Places Second In Pampa Contest

The Silverton chapter of Future Farmers of America had the second-place Livestock Judging Team in contests held in Pampa March 5.

The team, composed of Larry Comer, Danny Vaughan and Roy Dale Wood, is coached by Art Sommerfeld, teacher of vocational agriculture in S.H.S., and was one of 41 teams entered in the Top-O-Texas Livestock Judging event.

The Silverton team scored 1003 of a possible 1350 points.

First place went to Canadian, with a score of 1030. Wheeler's team ranked third with 1002 points. Paducah placed fourth with 997, and Memphis won fifth place with 994 points.

Roy Dale Wood was ninth high-point individual in the contest with a score of 356.

Clinic Association Meeting Cancelled

The meeting of the Silverton Clinic Association has been cancelled until further notice, according to an announcement by Board president, Kenneth Sharp.

The meeting had been scheduled for Tuesday, March 19.

Earl Simpson returned to his home here last Thursday, and is continuing to recuperate from his recent surgery.

Senator Ralph Yarborough will be the principal speaker at the 28th annual membership meeting of Swisher Electric Cooperative, Inc., Saturday.

Over 1,000 members and guests are expected from the panhandle area.

The day's events will begin with registration and a pole auction beginning at 9:00 a.m. in the headquarters building at Southeast Second and Crosby streets in Tulia.

At 10:00 a.m., music and entertainment begins featuring talented young people from throughout the service area of Swisher Electric.

Barbecue will be served to all members and guests from 11:30 a.m. until 12:30 p.m. adjacent to the meeting area.

At 1:00 p.m. a supervised youth program will begin featuring special Walt Disney short documentaries to be followed by Disney's "The Jungle Book" shown at the local theatre.

President Clarence Todd will call the 1968 annual meeting to order at 1:00 p.m. for the following purposes: the report of officers, directors and committees; the election of three directors of the cooperative; and to transact any and all other business which may properly come before the meeting.

The Rev. Kenneth Wyatt of Tulia will give the invocation and serve as master of ceremonies during the program.

Mrs. A. M. Currie, SCEC director 1939-42, one of the organizers and who has served in the capacity of vice-chairman of the board, will extend the welcome.

Senator Yarborough will be introduced by H. M. Baggarly, editor and publisher of The Tulia Herald.

Door prizes will be given throughout the meeting and proxies must be signed by member (husband) if wife is to be eligible for prizes and voting.

FORMER SILVERTON RESIDENT MOVING TO DIMMITT

Announcement has been made that Ralph Glover, a former Silverton resident, will soon become manager of Southwestern Public Service Company at Dimmitt.

Glover has been manager of the Olton office since 1956, having moved to Olton from Silverton. He was manager of the Silverton office from 1950 until 1956. He started working for Southwestern Public Service Company at Clovis, New Mexico in 1945, and was at Floydada prior to coming to Silverton.

Members of the cast of "The Little Dog Laughed" pictured at dress rehearsal last week were (standing) Randy Cantwell, Venita Teeple, Judy Yancey, Gene Smith, Joyce Brooks, Ian Lanham, Ruby Pitchford, Ninette Martin, Clifford Rowell, Jane Self, Nancy Long, Jerry Shoemaker; (seated) Nancy Nance, Roland Montague, Rickie Bingham, Debbie Dickerson and Joe Mercer. —Briscoe County News Photo

Rural areas are surprising the experts on voter registration.

Preliminary figures submitted to Comptroller Robert S. Calvert show that the first 100 counties to report on their voters, all smaller counties, had a 63.5 per cent gain over last year.

Estimates by tax collectors in the three largest counties—Harris, Dallas and Bexar—indicate gains of only 13.6, 31.7 and 18 per cent.

Some of the increase in rural counties is due to the fact that voters over age 60 in rural areas and towns under 10,000 now must register to vote. Heretofore, they could vote without registering.

It is estimated that the number of qualified voters in Texas will exceed 4,000,000 this year. Final figures will not be in until April 1, the date that county reports are due.

SCHOOL COSTS RISING

Local school districts' share of the minimum school program for next year will be \$5,800,000 higher

Now Possible To Shrink Hemorrhoids

And Promptly Stop Itching, Relieve Pain In Most Cases.

Science has found a medication with the ability, in most cases—to relieve pain, itching and shrink hemorrhoids. In case after case doctors proved, while gently relieving pain, actual reduction took place. The secret is Preparation H®. It also soothes irritated tissues and helps prevent further infection. Just ask for Preparation H Ointment or Suppositories.

such training probably should be handled through the junior college system. But he described area problems as so urgent that waiting for development of a system was not feasible.

He said he will recommend to the next legislature an appropriate state agency to run the new institute permanently. Meanwhile, he recommended that Texas A&M University and James Connally Technical Institute at Waco operate the Harlingen facilities.

Last year the legislature appropriated \$5,200,000 to buy facilities and equipment at James Connally Air Force Base to launch the state's first program of this kind.

Funds from the Federal Manpower Development Training Act will finance 90 per cent of the Harlingen facility's cost—at least until June 30, 1969.

Barrera Named State Secretary

Roy Barrera, 41-year-old San Antonio attorney, is John Hill's successor as secretary of state. Hill resigned last month to devote full time to his race for governor.

Governor Connally named Barrera to the \$24,000-a-year job. His duties include service as the governor's top liaison man and as the chief state election officer.

Barrera is a member of the Texas State Historical Survey Committee, is a former chief prosecutor in the Bexar County district attorney's office and is president of the board of trustees of Edgewood Independent School District.

COURTS SPEAK

Fining of 22 whites for staging a civil rights sit-in at Cafe Raven in Huntsville was affirmed by the Court of Criminal Appeals. Same court also upheld the death penalty conviction of Tommy R. Vesels for rape of a Gray County woman and ordered a new trial in a fatal stabbing case.

State Supreme Court ordered a Bexar County jury trial to determine whether a group of San Antonio stockholders in the Uvalde Rock Asphalt Company has the right to inspect the firm's books and records.

Third Court of Civil Appeals reversed an additional workmen's compensation award to a Comal County woman hurt on the job because her lawsuit petition appealing the Industrial Accident Board decision was filed one day late.

Attorney General Rules

Atty. Gen. Crawford C. Martin has held that county commissioners courts may not legally sell to private concerns for commercial purposes duplicate copies of mag-

netic tape containing names of registered voters.

However, Martin said that county tax assessor-collectors and their deputies can prepare on their own time and sell copies of the registered voter list, providing the "moonlighting" does not interfere with regular duties.

In a separate opinion, Martin concluded that the State Liquor Control Board must turn down liquor license applications from persons who have not been Texas residents for the past three years.

Governor Preparing Budget

With a view toward that special legislative session just around the corner, Governor Connally is putting final touches on his budget recommendations this year.

Connally still declines to be pinned down on the session date, but he volunteered one significant prediction: The new tax bill at this time appears to be shaping up in the \$125,000,000 to \$135,000,000 range.

Legislative Budget Board previously gave tentative approval to spending for 1969 which would require some \$122,800,000 in additional taxes. LBB general fund budget so far totals \$468,500,000. Governor's will be higher.

INDUSTRY CONFERENCE SET

Major industrialists will address the first Governor's Conference on Industrial Expansion here on April 3.

Purpose of the conference is to explore ways to further build

TEXAS STATE PAVILION at HemisFair—In a main display area the size of four football fields, the 365-foot long, 64-foot high Institute of Texan Cultures will use the most exciting exhibit techniques available to tell the story of the past, present and future of the diverse peoples of Texas. An outstanding feature of the \$10 million pavilion at the 1968 World's Fair in San Antonio is a soaring projection dome, where a shifting tableau of images will be flashed all around the overhead walls.

existing industry which annually accounts for 85 per cent of all industrial growth in this state. Five panels will explore growth industries with a view to showing communities how to stimulate expansion.

Headline speakers include John D. Harper, president and chief executive officer of Aluminum Company of America and James J. Ling, chairman of the board and chief executive officer of Ling-Temco-Vought, Inc., Dallas.

CATTLE EXPORT PROGRAM

Texas Department of Agriculture is publishing in Spanish a directory of the state's leading cattle breeders and ranchers for distribution among Latin American cattlemen. Purpose is to lure

cattle buyers to the Lone Star State. If that gets them here, then the department hopes to have bilingual personnel meet them at the border and show them around.

Program is aimed only at Mexico now, because of lack of funds, but if the special session of the Legislature comes through—probably this summer—the program will be expanded to all of Latin America.

ELECTRIC EYE

Electronic watchdogs are being strategically placed on rivers and streams all over the state by the U. S. Geological Survey and the Texas Water Development Board in an attempt to gain all the information necessary for having a complete assessment of Texas' wa-

ter resources. As of July 1, 1967, they had instruments gathering data at 100 locations, and by next July, the number will increase to more than 1,000. Instruments measure such things as continuous streamflow, chemical quality, lake contents and river and stream stages.

Former Miss America To Attend Shamrock's St. Patrick's Celebration

Miss America of 1965, Vonda Kay Van Dyke, will be a feature attraction of this year's St. Patrick's Day Celebration scheduled in Shamrock Saturday, March 16.

The beautiful Miss Van Dyke, a talented ventriloquist and singer, will present the program at the Pre-St. Patrick's Day Banquet to be held at the Armory in Shamrock Friday night and will reign over parade festivities Saturday morning.

The public is invited to attend the kick-off event to see and hear the former Miss America. Tickets are \$3.50 each, and may be reserved by calling the Shamrock Chamber of Commerce.

and girls' barrel racing. A score or more of attractive colleens will compete for the title of Miss Irish Rose. The winner will be crowned in an impressive coronation at the Armory during the afternoon.

The celebration, the first of which was held in Shamrock in 1938, will end Saturday night with two dances. Willie Lo-Max and The Jacks will furnish music for the regular St. Patrick's Day Dance at the Armory. Playing for a dance in the junior high school gymnasium will be The Undertakers. Both bands are from Amarillo.

Highlighting the parade will be some 30 elaborately decorated floats and a dozen or more bands and drill teams. This year's procession will begin in the 700 block of North Main Street, as usual, and for the first time will proceed south to the Armory instead of doubling back on Madden Street. This will give the thousands of visitors a better chance to view Shamrock's new, wide Main Street.

The Silverton Riding Club is planning to take part in the parade Saturday morning, and members are to leave from Jim Brooks' lots at 7:30 a.m. Each family is to take a picnic lunch.

The Irish Band Festival will be underway all day at the high school auditorium, and the downtown sound stage will be the scene of continuous programs, ending with the always popular Old Fiddler Contest.

Western entertainment at the Sheriff's Posse rodeo arena will consist of bull riding, calf roping

Are you interested in learning how to wire a light switch or in learning to make an electric motor run or even in seeing how electricity runs our world?

These things will be covered in a 4-H electric program beginning on Tuesday, March 19, at 7:00 p.m. at the Southwestern Public Service Building.

A series of project meetings will be conducted by Kenneth Tate, local adult leader and representative of Southwestern Public Service Company. Any youngster interested in learning about electricity is urged to attend this meeting.

Even little fires kill little trees. Lend nature a hand, help prevent forest fires.

CLINE R. PADEN

Gospel Meeting Continues Here

Cline R. Paden, Director of the Sunset School of Preaching in Lubbock, is the speaker for a series of meetings this week at the Silverton Church of Christ. The meetings will continue through Sunday, March 17.

Bro. Paden, a native Texan, is married and is the father of two sons and a daughter. The sons were born in Rome, Italy, and the daughter in Copenhagen, Denmark. Bro. Paden is a graduate of Abilene Christian College and has done post-graduate work at Pepperdine College at Los Angeles, California.

Bro. Paden has done local work with a number of Texas churches, among the Crescent Hill Church in Brownfield, with whom he labored for eight years. In 1947, this congregation sent him to Italy to oversee an orphan's home which is supported by Churches of Christ, and to do evangelistic work. In his efforts to restore New Testament Christianity, shorn of any traditions or human alterations, Bro. Paden found he was in opposition to some of the laws of Italy. He then went into Denmark to pursue his efforts, and following a period of evangelistic work there, returned to Texas. Following a time of work with the Tenth and Utica Church in Plainview, he assumed the directorship of the School of Preaching in Lubbock.

Bro. "Bush" Jordan of Pampa will direct a capella, congregational singing during the series.

Bro. "Bush" is a well-known director of gospel singing among the Churches of Christ in this area, having served in this capacity in several evangelistic efforts each year. He is employed in secular work for a livelihood, but in addition to this and his ministry in singing, he also finds time to preach each Sunday for a congregation of the Lord's Church.

The Silverton church extends a very warm and cordial invitation to everyone to hear Bro. Paden at 7:00 a.m. and 7:30 p.m. Monday through Saturday, and at 10:45 a.m. and 6:00 p.m. Sundays. "Come, let us reason together."

Search Underway For All-American Girl

A 50-day search is underway for the All-American girl to represent Plainview in the Miss Texas Pageant and will conclude with the crowning of Miss Plainview on May 3 in the Plainview High School auditorium.

The third annual Miss Plainview Pageant is sponsored by the Plainview Jaycees and is open to girls 18 to 28 years of age who reside or whose parents reside in Hale, Floyd, Lamb, Castro or Swisher counties.

Nineteen girls participated in the 1967 pageant which saw Miss Carolyn June Burgess of Hale Center named Miss Plainview.

Prizes for Miss Plainview will include an all-expense paid trip to Fort Worth for the Miss Texas Pageant to be conducted July 15 through 20, a Miss America trophy, complete wardrobe for Miss Texas competition, and a \$300 scholarship.

Girls entering the contest will be judged on qualifications, personality, poise, evening gown, swim suit and talent competition.

Entry deadline is midnight April 12, 1968. Entry forms are available at Silverton High School or from Plainview Jaycees, Box 1056, Plainview 79072.

Each \$1.00 from standing trees adds \$25.00 to Texas economy through harvesting, manufacturing, construction, transportation and marketing.

Water Must Be Provided For Future Generations

Municipal and industrial demand has without a question one of the highest priorities in the claims for water. Satisfying this demand cannot be overemphasized in its importance to the future. The population of the Southwest continues to increase and to become more concentrated in cities and towns. Such population centers must have adequate water supplies. There must be adequate water for the industries and services which accompany the increase and concentration of the population.

New businesses and industries generally consider municipal water quantity, quality, and cost when seeking a new location. A real opportunity for economic growth in the region lies in encouraging industries to locate here which can process and develop final consumer products from the raw materials we produce.

In this region, urban development is generally dependent on agricultural prosperity. In this same region, agricultural development hinges on irrigation. Consequently, the needs of agriculture must be considered in any region-wide water planning program.

The region's economy is agribusiness, or the supplying of services, material, and equipment needed in the farming operation. A depressed agriculture economy

Memorial Gifts Help To Fight Cancer

When cancer takes the life of someone close to us, a relative or friend, the loss is painful. However, many thoughtful persons in Briscoe County are turning losses into victories by making memorial gifts in memory of a loved one lost to cancer—a living memorial.

"A gift today may spare others tomorrow," explained Peggy Fleming, Memorial Chairman for the Briscoe County unit of the American Cancer Society, a na-

will result in a depressed urban economy. The two phases of the economy are interdependent.

By the year 2020, Amarillo and Lubbock are projected to have a combined population of about 800,000. And many of the region's larger cities can expect much the same growth. The influx of people makes the water problem solution imperative. But there is always the dubiously reassuring thought that unless the region gets additional water for the cities, industries and agriculture, there won't be that population worry. People are just not drawn to arid lands.

This is why water importation is everyone's problem. Studies have recently been initiated to appraise possible means to import water. But even after a way is found feasible, it means a long wait and a lot of effort to move water into the region. However, with patience, time and money—and understanding—it can be done... with support from everyone.

"MAN OF LA MANCHA" TO BE PRESENTED AT HEMISFAIR

The widely-acclaimed musical play, "Man of La Mancha" will be presented 16 times at HemisFair '68.

The production, winner of every major New York theatrical award will be presented in the 2,800-seat Theatre for the Performing Arts from May 22-June 1.

The play by Dale Wasserman is based on the novel "Don Quixote." The National Company cast will include Keith Andes in the role of Don Quixote, Tony Martinez as Sancho Panza, and Carolyn Maye, Sandy Kenyon, Earle MacVeigh, Dale Malone and Natalie Costa.

tional health agency fighting cancer through programs of research, education and service. "The Society seeks in this three-fold way to fulfill one of mankind's greatest hopes—the ultimate triumph over cancer. Each memorial contribution brings the moment of final victory closer."

Names of persons honored by contribution are entered in a permanent, leather-bound book. Donors receive acknowledgement of their gifts, and families of those honored receive a handsome memorial card. In Briscoe County, contributions are received by Mrs. Leo Fleming, Box 98, Silverton, Texas 79257.

CANCER'S WARNING SIGNALS

- 1 Unusual bleeding or discharge
- 2 A lump or thickening in the breast or elsewhere
- 3 A sore that does not heal
- 4 Change in bowel or bladder habits
- 5 Hoarseness or cough
- 6 Indigestion or difficulty in swallowing
- 7 Change in a wart or mole

These signals do not usually mean cancer, but they are warnings; if one lasts more than two weeks, it is important to go to your doctor.

SILVERTON

Carlos Robles Piquer, Spanish director of cultural and popular entertainment, said some 15 important paintings from such historic figures as Velazquez, Murillo, Goya, El Greco and Zurbaran will be shown at the HemisFair theme gallery.

He said the 9,000-square foot Spanish pavilion will be presented in three sections—a "Corral de Comedias" featuring live entertainment such as Flamenco singers and dancers; an "Expotour" or exposition on Spanish tourism; and an historic section featuring objects of sculpture, bracelets, rings and other jewelry from Iberian, Roman and Gothic eras of Spanish history.

Seniors of the Week

Unexpected School Holiday This Week

Silverton students got an unexpected school holiday this week due to the snow which drifted across streets and highways to make travel hazardous.

School opened as usual Monday morning with light blowing snow, and closed at noon when the snow began restricting both travel and visibility.

The school remained closed Tuesday while the sunshine began clearing away the snow and ice.

KAREN HOLT

Mini-Monorail Already Running At HemisFair

The mini-monorail is running and ready for the opening of HemisFair '68 April 6.

One of the first riders on the nearly two-mile ride around the 92.6-acre fairgrounds was Gov. John Connally, who used the ride to take an extensive tour of the World's Fair.

The monorail system will be made up of 10 trains, each with a capacity of 60 passengers. It can be used to get from one side of the Fair to another, or as a ride.

There are three stations strategically located around the grounds. Fair visitors can ride from one point to another for 35¢ or take the full excursion for \$1. Children's fares will be lower.

Seniors Present Class Play Here

The Seniors of 1968 presented "The Little Dog Laughed" last Thursday night in the school auditorium. A near-capacity crowd attended.

After the play a party was given at the City Cafe for all members of the Senior class. Class sponsor and play director, James R. Alexander, presented gag awards to outstanding members of the play cast.

The Seniors would like to express appreciation to all those who bought ads in the play program and helped the class in so many ways. Thanks to everyone who attended, and thanks to Mr. and Mrs. Alexander for all the work they both put into the play.

Richard Montague, Nancy Long and Rickie Little Dog Laughed," presented here last week by the Senior Class.

FROM ME . . . TO YOU

Plans of men seem to have a way of going wrong. Men who sit down and plan how their lives are going to turn out and what is going to happen next are in for many disappointments. It would really be a good deal if everyone would sit down and plan his life, and then have life to follow this plan. There would never be any trials or troubles, because everyone would plan so that nothing would cause troubles. Wouldn't that be just grand?

Hold everything! Where would the fun and challenge of living life day by day be? The greatest excitement in life is wondering what will happen next. With every move planned in advance, life would be just one big bore. It would be more fun to wait and

CHOIR TO APPEAR EASTER SUNDAY AT HEMISFAIR '68

Los Ninos Cantores de Monterrey, the famous singing boys of Monterrey, will appear Easter Sunday at HemisFair '68.

The 30-voice choir will be guest of HemisFair and present two concerts in the 2,800-seat Theatre for the Performing Arts April 14.

The choir, hailed as among the world's finest, was organized just a decade ago by Padre Jose de Cortes from among the poor children of Mexico's industrial capital of Monterrey.

"FOR ALL YOUR PRINTING NEEDS"

Then, there's that once a month when a girl could use a good old-fashioned medicine.

Maybe you feel just plain bad then. Or maybe a little lonely and sad, like you could use a pair of arms around you.

Well, we have just the thing for this once a month time. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients, including one that works to help relax tightened muscles that give you cramps. Plus a little iron that a girl could use at a time like this. And, you don't run any chance of the kind of unpleasant side effects you could get from some of the newer drugs.

With an old-fashioned problem like this, couldn't you take an old-fashioned medicine.

Lydia E. Pinkham
Tablets and Liquid Compound

HEMISFAIR WILL BE ONE-OF-A-KIND ITEM

Jim Gaines, chief executive officer at HemisFair '68, makes it clear that the San Antonio World Fair is a one-of-a-kind item, and unlike anything ever before.

"It is not Montreal; it is not New York; it is not Brussels, San Francisco nor even 1904 St. Louis," Gaines said in a recent

speech. "It is San Antonio—different San Antonio—San Antonio 1968.

"It is an Exposition which in its time and in its place, is as distinctively different as any that have gone before. It is a people's Fair—designed for them—to be pervaded by an atmosphere of Fiesta gaiety—at prices guests and we can afford."

Easter Seal Society

Offers Services

Persons with physical handicaps who need treatment and service in Briscoe County may find the services they need through H. B. (Doc) Simpson, who is the Briscoe County Representative of the Easter Seal Society for Crippled Children and Adults of Texas.

The Easter Seal Society offers rehabilitation services to children and adults with physical disabilities including speech and hearing problems, according to Mr. Simpson.

The Society also operates an information and referral service that will direct residents of Briscoe County to other appropriate sources of health and welfare aid in the area, he said.

Mr. Simpson urged parents, doctors, nurses, clergymen and individuals and organizations to refer handicapped persons who need assistance to the Easter Seal Society by contacting him at First State Bank in Silverton.

The Texas Easter Seal Society helps support 21 treatment centers where services are provided to crippled children and adults regardless of their ability to pay. Physical, occupational and speech therapy are offered to help the handicapped to overcome their disabilities.

The Easter Seal program is financed by contributions made during the Easter Seal Campaign which is now underway and will continue until April 14, Easter Sunday.

During 1967 the Texas Easter Seal Society provided treatment and services for 17,622 children and adults with a variety of physical handicaps.

Mr. Simpson urged that contributions to the 1968 Easter Seal Appeal be made as soon as possible.

Young Farmers Have Regular Meeting

The Silverton Young Farmer chapter held its regular meeting on Thursday, February 29, at 7:30 p.m. in the high school vocational agriculture department.

Calvin Shelton presided over the business meeting, at which time members voted to appoint a committee to look into the construction of a seven-man blocking sled for the football team. Joe Lee Bomar and Jimmy Myers were appointed to the committee, and will report their findings at the next meeting.

Members were urged to attend the Texas Tech Field Day in Lubbock on April 6.

Cokes were served to Bomar, G. W. Chappell, Joe Kitchens, Myers, Shelton, Art Sommerfeld, Wayne Stephens and John David Turner.

NEWS FROM THE COUNTY AGENT'S DESK

FERTILIZING YOUR SHRUBS

Ornamental plants will be more resistant to disease and make faster recovery from insect attacks when they are properly fertilized.

For the beginning gardener, a standard mixture such as 5-10-5 or 5-10-10 is suggested. More complicated mixtures can be used after experience has been gained. I add that it may be easier to measure rather than weigh fertilizer. A pint of 5-10-5 is equal to about one pound, but other fertilizers may differ from this measure.

Method of application may depend on the type of plant material to be fertilized. Broadcasting by hand is the easiest method and with experience, an even distribution can be obtained. Take care, not to get the fertilizer on the foliage of evergreen plants. Watering in is a good idea to prevent burning the foliage.

The most laborious—but pos-

sibly the best—method for fertilizing trees and deep-rooted shrubs is by means of holes bored or punched in the soil. Using a crowbar is not easy work, but adequate soil moisture will make the job easier. A soil auger or soil probe can be used if available.

The amount of fertilizer needed varies considerably, depending on the age and size of the tree. A safe method is to use 2 to 4 pounds of 8-8-8 for each inch of tree trunk diameter at breast height. Also, use half this dosage if 10-10-10 or 16-20-0 grade of fertilizer is used.

For shrubs the amount to use depends on size. For small evergreens, 2 to 4 pounds of 5-10-5 per 100 square feet is suggested. For larger shrubs, the application may range from 2 to 15 pounds per shrub, the larger amount being for a shrub 12 to 15 feet in height and equally as wide.

TEXAS WHEAT

Estimated yields, acreages, and production of Texas wheat for the 1967 crop year have been reported for each county by the Texas Crop and Livestock Reporting Service.

Briscoe County planted approximately 73,000 acres of wheat in 1967. Thirty-eight thousand of these acres were harvested within the county, with a total production of 407,200 bushels. This was an average of 10.6 bushels per acre on both irrigated and dry

WORLD'S FAIR—HemisFair '68, only a dream a few short years ago, stands proudly in San Antonio as the last month of work continues before the April 6 opening. The \$13 million civic center complex in the foreground, 622-foot Tower of the Americas in the center and the \$6.75 million United States Pavilion on the right center are all prominent in the picture of the 92.6-acre showcase.

Most of the attractions at the 1968 World's Fair are free.

Here's how to save on the ones that aren't. HemisFair Bonus Books.

You'll be part of the fun, entertainment and education of a World's Fair, as San Antonio and Texas play host to the world at HemisFair '68. Most of the things to do and see at HemisFair will be free. For those that aren't, you'll stretch your Fair dollars up to fifty percent with HemisFair Bonus Books, containing admissions to such special attractions as the Tower of the Americas, Skyride, Lagoon Cruise, theme exhibits and many more. Four different Bonus Books, for children and adults, some with gate admission, are priced from \$3 to \$11.00. Bonus Book tickets are fully paid admissions, not discount coupons. You just get more of them for your money by buying now.

©HemisFair '68: 1968 World's Fair/San Antonio, Texas, April 6-October 6

Briscoe County News

land varieties. Having a very unfavorable year moisture-wise, the county was some 5.4 bushels below the state average of 16 bushels.

1968 PREDICTIONS

With both winter moisture being abundant and climate conditions for wheat quite satisfactory at the present, the 1968 wheat crop looks far superior over the 1967 yields.

Greenbug infestations are moderate to heavy in some locales over the county. This definitely will reduce yields on the wheat if control measures are not initiated where feasible.

Overall, the 1968 wheat crop could be above average for Briscoe County and the High Plains with continued good spring growing conditions and good harvesting weather.

Many Have Improved Homes With Loans

More than 108 rural people in Swisher and Briscoe counties have new or vastly improved homes as a result of \$239,200.00 in insured loan funds advanced through the Farmers Home Administration in the past two years, Donald B. Cruce, local County Supervisor of the supervised credit agency reported today.

Approximately \$142,900.00 was advanced in 1967. The rural housing program was greatly expanded in 1965 when, as part of President Lyndon B. Johnson's effort to strengthen rural America, the financing of the loans was switched from federal to private sources. Practically all of the rural housing loan funds now come from private sources on an insured basis.

The construction that took place as a part of the credit program provided 71,473 man-days of employment for local carpenters, plumbers, electricians and masons.

In addition, the housing funds circulating through the county gave the local economy a \$1,000,000.00 boost.

Typical of the homes built in Swisher and Briscoe counties during the past year are the ones belonging to Cecil Ledgerwood at 615 SE Third, Tullia; Ted Strange in Silverton, and Deloy Myers in Quitaque.

this year. To keep all fans
zeroed in on this fast-
growing, fast-paced,
sport, get Life's February
2nd issue with its color-
ful 14-page pictorial re-
view of all the rough and
tumble.

**Results Of Soybean
Planting Study Given**

Date-of-planting on soybeans
may be far more critical than
most farmers realize. Results of
research at various locations for
the past several years has indi-
cated that a 4-5 bushel decrease
in yield can normally be expected
for each 10 day delay in planting
beginning with May 20, especially
with the full-season varieties. On
the newer, short-season types,
such as Patterson and Clark 63,
it appears that the same rule
will generally apply beginning
with June 15.

A test at the High Plains Re-
search Foundation in 1967 was
conducted to determine the ef-
fect of planting date on the Hinn,
Hill, Patterson, Clark 63, and
Wayne varieties. Six planting
dates were planned beginning on
May 1 and continuing every two
weeks until July 15. Rain and wet
field conditions prevented the
June 1 and July 1 plantings. The
planting dates' average yields
were: May 2 - 24.4 bushels per
acre; May 15 - 27.1 bushels per
acre; June 14 - 27.3 bushels per
acre; and July 12 - 16.6 bushels
per acre. Oil and protein content
are also being checked in this
test, but results have not yet

CARDS OF THANKS

We would like to thank every-
one for the cards, letters, flow-
ers, and all the nice things that
have been done for us while we
have been at the hospital and
since we have been at home. We
couldn't have gotten along with-
out our friends and neighbors.
We hope that we will be able,
in some way, to repay you for all
your kindness and friendship.
Dovey and Earl Simpson

Zemo speedily stops torment of
externally caused itching... of
eczema, minor skin irritations, non-
poisonous insect bites. Desensitizes
nerve endings. Kills millions of sur-
face germs. "De-Itch" skin with
Zemo-Liquid or Ointment.

DECOUPAGE DEMONSTRATION

BEING PLANNED APRIL 8

The public is being invited to
attend a decoupage and Old Mas-
ters demonstration sponsored by
Fogerson Lumber & Supply in
the school cafeteria on Monday,
April 8.

KITE EXHIBIT PLANNED

AT HEMISFAIR '68

A selection of rare and color-
ful kites on loan from the Smith-
sonian Institute will be displayed
at HemisFair '68.

The kites, with examples from
both the Orient and West, will be
shown in the Confluence-Cosmos
theme exhibit of the World's Fair
at the \$13 million civic center
complex.

The kites will be displayed in
the section of the exhibit dealing
with man's attempts to leave the
surface of the earth, since they
were the first man-made devices
that rose into the air.

Included in the exhibit will be
several types of kites important
to the development of aeronautics
such as the Eddy Kite invented
in 1895 and a Conyne kite devel-
oped in 1902.

DECOUPAGE—
We have prints, plaques, boxes,
candle holders, gold borders &
ornaments, gold leafing, hangers
and all your other needs. Fog-
erson Lumber and Supply. 48-tfc

**WOMEN PAST 21
WITH BLADDER IRRITATION
Suffer Many Troubles**

After 21, common Kidney or Bladder
Irritations affect twice as many women
as men and may make you tense and
nervous from too frequent, burning or
itching urination both day and night.
Secondarily, you may lose sleep and
suffer from Headaches, Backache and
feel old, tired, depressed. In such ir-
ritation, CYSLEX usually brings fast,
relaxing comfort by curbing irritating
germs in strong, acid urine and by anal-
gesic pain relief. Get CYSLEX at drug-
gists. See how fast it can help you.
