Equal "Time" For Another Point of View

Dear Editor:
 At a time when violence threatens to rend the fabric of American society, why did you respond with such violence to the honor done Martin Luther King?

Your tone, your viewpoint, your use of upper-case print—all reflect an anger which is no more honorable nor constructive than the lawlessness which you condemn.

Half-masting the flag in honor of Dr. King does not deserve such wrath. There are attitudes and actions which gail us all, but why Mr. and Mrs. Rex Long, Mike or done a dead man?

Dr. King cannot be blamed for the tragic and ironic violence which followed his death. He did not advocate violence in his life, and he would not have advocated it in his death. Our hearts are numbed to think that the Negro community could find no other way to express its sorrow and rage. But we, on the other hand, can find constructive outlets for our frustration and shame.

There is increased pressure on white people to keep their heads, to act rationally and responsibly. I agree with you that violence cannot be tolerated. But you spoke irresponsibly about a dead man.

Jerry Williamson
 1670 Emerson Ave.
 Salt Lake City, Utah 84105

Dear Jerry,
 I'm sorry that you felt violence in my statements regarding the flying of American flags at half-mast following the death of Dr. Martin Luther King. I would have felt the same "anger" toward seeing this symbol of patriotic pride lowered to half staff at the death of anyone other than heads of state. This was the point I was making, and I certainly do not apologize for it. I think it would be wrong to make a practice of lowering American flags to half-staff when the whim strikes us whether honoring the memory of a black, white, yellow, brown or red man.

If this practice were to become a common, everyday occurrence, then the reverence and honor which has been associated with the lowering of the flag would go out of the act.

Lots of important people die everyday—every man is important to someone, and lots of people are important to masses of people. Shall we, then, fly the flags at half-staff everyday?

You are 100% correct when you say that pressure is on the white man. I don't care what kind of names you care to call me for having this attitude, but it is wrong for a white man to have to get off the sidewalk to let Negroes go past—and this is something people in some of the larger cities are living with today. I would no more expect a Negro to get off the sidewalk to let me pass than I would expect to step off to let him pass by. As I have tried to explain, I believe that friendship and a mutual respect is the basis for good race relations—not feigning a broken heart when you don't feel it. This isn't something that can be forced on people. All of us are too rebellious by nature.

Don't forget, Jerry; I'm a Taur-ean. I was born under the sign of the bull, and I do have his natural stubbornness. But the point I have made is one I believe in just as strongly as you believe in yours. And in spite of the situation that may exist in Salt Lake City, most of the people here in Silvertown agree that the flag should not have been lowered to half-staff for Dr. King.

Two Silvertown Students To Enter Three U.I.L. State Events

Two Local Ministers To Join Crusade

Jimmie Dale Boling Buried At Lubbock

Funeral services for Jimmie Dale Boling, 27, were conducted at 3:00 p.m. Saturday at the Sunset Church of Christ in Lubbock. Charles Cranford, minister of the Silvertown Church of Christ, and Johnny Jackson, minister of a Houston Church of Christ, officiated.

Pallbearers were Dayton Kee-see, Parker Henderson, A. B. C. Lincoln, Cline Paden, Tex Williams and Don Perry. Burial was in Resthaven Memorial Park at Lubbock.

Boling, who had resided at 4707 43rd Street since moving to Lubbock from Silvertown three months ago, died at 6:10 a.m. Friday in Highland Hospital following an illness of about 10 months duration.

Boling was born in Silvertown, the son of Mrs. A. A. Boling and the late Mr. Boling. He lived in Lubbock from 1954 until 1961, and was graduated from Monterey High School in 1959. He also attended Lubbock Christian College, and at the time of his death was a student at the Sunset School of Preaching in Lubbock.

Boling moved to Silvertown from Amarillo and operated B&B Food Center here from November 1, 1965 until early this year.

Survivors include his wife, Sherry; two sons, Ricky and Randy and a daughter, Renee, all of the home; his mother, Mrs. Marie Boling of Silvertown; two brothers, Bill Boling of Silvertown and John Boling of Lubbock; and his grandparents, Mr. and Mrs. Fulton Gregg of Silvertown.

Gilkeyson Services Conducted Saturday

Funeral services for John T. (Red) Gilkeyson were conducted at 3:00 p.m. Saturday in the First Baptist Church in Silvertown. The pastor, Rev. C. H. Murphy, jr. and the Rev. Clyde Cain of Amarillo, a former pastor of the local church, officiated.

Pallbearers were Jim Brooks, Ray Teeple, Roy Mayfield, Carl Tidwell, Roy Younger and Bill Hardin. Interment was in the Silvertown Cemetery, with arrangements under the direction of the Silvertown Funeral Home.

Gilkeyson, 46, died at Lockney General Hospital Wednesday morning of last week after suffering a heart attack.

The son of the late Mr. and Mrs. Lewis Gilkeyson, he was a lifetime Silvertown resident.

He served with the U. S. Navy during World War II. He and Miss Betty Thomas were married March 8, 1944, in Seattle, Washington.

He worked as a custom contractor until his death.

Survivors include his wife, Betty; a son, Travis, who was at home on leave from the U. S. Navy at the time of his father's death; two brothers, J. S. Gilkeyson of Amarillo and Leldon Gilkeyson of Lakeview, Washington.

Mrs. James Smith of Guymon, Oklahoma has been a visitor this week in the home of Sheriff and Mrs. Vinson Smith.

Two Silvertown ministers are to participate in the Encounter California church crusades which are scheduled to begin April 28. Rev. C. H. Murphy, jr., pastor

MURPHY ANDERSON

of the First Baptist Church, and Rev. Leon Anderson, pastor of the New Fellowship Baptist Mission, will leave Amarillo by plane Friday, April 26, to fly to California for the church crusades. Both will be preaching in Santa Anna, California.

The crusade revival meetings are to be held in coliseums, churches, school auditoriums and other meeting places.

The two ministers are scheduled to return to Silvertown on Monday, May 6.

HISTORICAL SURVEY GROUP MEETS HERE TONIGHT

The Briscoe County Historical Survey Committee will meet at 7:30 o'clock tonight (Thursday) in the P. C. A. community room here. Mr. and Mrs. Carroll Garrison will be hosts.

The Young Homemakers are embarking on a "crash program" to see how much money they can earn for the project in the next few weeks. (The grass needs to be sprigged now.) They are planning to have a bake sale on election day, Saturday, May 4, and are also going to give away an electric ice cream freezer that day. They are planning to sponsor a game night in June.

These projects should raise a sizeable portion of the amount they need. But, \$1,000 is a lot of money and they need the assurance that the people of the community are behind this project.

They need fertilizer for the project: the playground is the size of two football fields—a good sized "yard." The cost of the fertilizer has been estimated at \$250.00, and the girls are presently on a search for a supplier or suppliers who would be willing to sell the fertilizer at their cost.

Clubs are being asked to adopt this as a project, and the Young Farmers have already chipped in a pledge. If enough individuals would contribute their "pocket change," it would probably be enough to put this project over the top. Wouldn't you join me in making a small contribution to the playground improvement project? You could mail your contribution to the Silvertown Young Homemakers, c/o Mrs. Joe Lee Bomar, president, Route T, Silvertown, Texas 79257.

A good stand of grass on the playground when school starts in September would be just great!

Two Silvertown High School students, both juniors, are eligible to compete in the state University of Texas Interscholastic League Meet to be held in Austin May 3-4.

Cletus Grady, jr., son of Mr. and the regional 440-yard dash and Crockett Grabbe placed first in both the number sense and science events.

Cletus Grady, jr., son of Mr. and Mrs. Cletus Grady, sr., won the regional 440-yard dash event with a time of 50.1, just .2 of a second above the regional record.

Qualifying events for the regional track meet were held in Lubbock Friday, followed by the official events Saturday. George Masey also represented Silvertown High School, but failed to qualify in the discus and shot put events.

Coach Herman Fox, who accompanied the athletes to the regional meet, was full of praise for Grady's efforts in training for the track program. Grady has practiced his cross-country runs in all kinds of weather daily since the close of the football season. He has demonstrated the true winning spirit of an athlete with his determination and enthusiasm for the sport.

Several who have observed Grady's runs in track meets this year report that he hardly seems "out of breath" at the conclusion of a race.

Crockett Grabbe is the son of Mr. and Mrs. Warner Grabbe and is the grandson of Mr. and Mrs. A. H. Chappell. He was winner of two out of three of the regional events in which he took part, taking first-place honors in number sense and science and placing fourth in the slide rule event.

He was accompanied to the regional meet by his coach, Dan Evans.

Crockett has demonstrated his ability in these events in prior years, and competed in the state literary meet the past two years. Among those against whom he competed in the slide rule contest were those who are enrolled in regular slide rule classes in their local high schools, and since Crockett has developed his skill with the slide rule working at home alone, he deserves special credit for his fourth-place win.

Jereldene Weathered also represented Silvertown High School in the regional girls track meet held in Kress on Tuesday of this week. Daughter of Mrs. Luvenia Weathered, Jereldene placed fifth in the discus throw.

She was accompanied to the meet by Coach Fox, who has expressed pride in the performance of all the girls in the first year of track for girls in S.H.S.

Mrs. Sybil Martin represented the Caprock TOPS at the Texas TOPS Convention in Fort Worth last weekend. Mrs. Martin was the Caprock TOPS Queen for 1967, having lost more weight than any other of the local club members.

Quitaque Chapel Choir To Present Musical

The Chapel Choir of the First Baptist Church in Quitaque will present a christian folk musical, "Good News," Sunday, April 28, at 8:30 p.m. in the auditorium of the church in Quitaque.

The musical has been presented at Gloria and Ridgecrest Baptist assemblies, and is a musical drama written in a style that will appeal to young and old alike.

An outstanding cast is to be featured with 25 voices in the choir. Oliver Clark of Quitaque will sing the role of the Reactor. Musicians will be Dennie Brown of Quitaque and Wayne Hunter of Flomot on guitar, and Jeanette Bailey of Quitaque will be at the piano.

Mrs. Wayne Hunter of Flomot is the drama director, and Mrs. O. R. Stark, jr. of Quitaque is the music director. Special lighting was designed by Rev. Bill Curry, pastor of the First Baptist Church in Quitaque.

The public is invited to attend the presentation in Quitaque Sunday evening and also the performance which will be presented in Silvertown on Tuesday, May 7, during a high school assembly.

ton to out-of-county residents. This referendum will again be conducted by mail for the convenience of agricultural families.

All ballots must be in the county office by 5:00 p.m. May 17 or be postmarked by midnight May 17 if returned by mail. Operators and owners of farms having a cotton allotment for 1968 are eligible to vote in the referendum. The wives of eligible voters are also eligible to vote. Wives should sign their own given names and not their husbands' given names.

If you are an eligible voter and do not receive a ballot in the mail, please go to the ASCS office to secure one. This is an important referendum, and all voters are urged to cast their ballots.

These are the issues: a "yes" vote will allow Briscoe County farmers to sell or lease their cotton to farmers residing in other counties. A "no" vote means that Briscoe farmers cannot sell or lease their cotton to out-of-county farmers. Either way, Briscoe farmers can sell or lease cotton to other farmers within this county.

The county committee will meet May 22 at 9:00 a.m. at the ASCS office to tabulate the vote. All interested persons are invited to attend.

Mr. and Mrs. Rx Long, Mike and Kit of McLean, Mr. and Mrs. C. F. Tate and Bud Long were dinner guests Sunday of Mr. and Mrs. Dick Bomar.

Pets to be Vaccinated Here Saturday

Dr. James Tucker of Tulia will be the veterinarian who will be in Silvertown from 1:00 until 3:30 p.m. Saturday, April 27, to vaccinate dogs and cats.

The fee will be \$2.50 for dogs and in addition, a \$1.00 city dog tax is levied. The fee for cats will be \$3.50.

The City has requested residents to take advantage of this opportunity to have pets immunized against rabies. The pets are to be taken to the City Hall for shots.

B-B Gun Warning Issued Here

A warning to owners of B-B and other guns has been issued this week by the City Council.

Due to there having been so much vandalism and malicious mischief being done by those who fire guns at window, lights, etc., the City Council is considering passage of an ordinance prohibiting the firing of even B-B guns within the city limits. If you have guns that you fire inside the City of Silvertown, you should take care not to damage the property of another person, said Mayor Jimmie House. This is just common courtesy, anyway; but if the mischief continues, we will have to forbid the firing of any guns within the city limits.

Applications Being Taken For Kindergarten Classes

Applications are still being received for the First Baptist Church kindergarten for next fall.

Plans are underway for a new building which will accommodate the Kindergarten room. It will be equipped with central heating and refrigerated air conditioning.

If your child would like to attend, please contact Mrs. Lottie Clemmer or call the church office, telephone 3961.

NEW! For clean Sorghum... spray weeds when you see them! with BANVEL

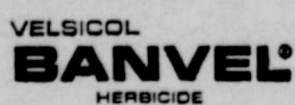

Velsicol announces Banvel herbicide for control of all hard-to-kill weeds of major importance in grain sorghum. This includes carelessweed (pigweed), sunflower, lambs-quarter, purslane, morning glory and other annual broadleaf weeds. Banvel herbicide is applied post-emergence, so there are no wasted sprays in years when rain is scarce and weeds are not a problem. With Banvel you see your weed problem and then spray—all in plenty of time to give young sorghum plants plenty of opportunity to grow.

Banvel is sprayed onto weed leaves and translocates to the roots... for new, total control of weeds. Just apply Banvel between the 10th and 25th day after emergence of grain sorghum (approximately 4 to 12 inches tall).

Banvel is not dependent on soil moisture for its effectiveness, so its results are dependable. And it's a liquid that won't clog your sprayers; nor does Banvel need constant agitation.

Banvel increases yields. It's excellent for use on grain sorghum, wheat, barley, oats and field corn. Order Banvel herbicide to get full potential from your valuable, high-yielding sorghum seed.

See your dealer today. You'll be glad you did!

SNORING

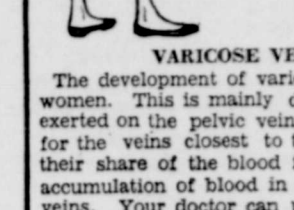

Snoring may signify a medical problem — polyps in the nose, forcing the person to sleep with his mouth open; nasal congestion due to a cold, sinus trouble, or hay fever; enlarged adenoids and tonsils — or it may simply result from an improper position for sleeping or poorly ventilated room.

If various remedies do not work — such as sleeping on your stomach or side — consult your physician.

BLOOD PRESSURE

Persistent high blood pressure can be dangerous to your entire cardiovascular system. Blood pressure readings are among the simplest and completely painless procedures known to medical science. If your physician discovers high blood pressure in an examination, he will examine you further in an attempt to find the reason, and then prescribe the necessary treatment to combat the elevated blood pressure.

VARICOSE VEINS IN PREGNANCY

The development of varicose veins often occurs in pregnant women. This is mainly due to weight gain and pressure exerted on the pelvic veins. It becomes increasingly difficult for the veins closest to the surface of the legs to support their share of the blood flow to the heart. The result is an accumulation of blood in the legs, leading to painful varicose veins. Your doctor can prescribe the necessary support or treatment to relieve this condition.

NEWS FROM THE COUNTY AGENT'S DESK

Screwworms In Texas

With screwworm cases on the upswing, livestock producers are now in a critical period. This year the first case in Texas was confirmed on March 29, and more cases are being reported. One of the major causes for this early infestation was the movement of cattle from the interior of Mexico into the northern barrier zone for better pastures. Warm weather, humidity, and a large number of wildflowers, weeds and grasses are also adding to the possibility of more screwworms moving into Texas. This year, the potential for screwworm cases is greater than it has been in a number of years.

All livestock owners are urged to check their animals on a day-to-day basis. They should examine and treat all wounds on their livestock. Injuries can be kept to a minimum by checking fences, pens, and chutes for protruding nails, wires or splinters. Navel wounds of newborn animals should be treated and rechecked frequently.

It is also important to control

external parasites by spraying or dipping the animals with a recommended insecticide. For further information, producers can pick up a copy of "Texas Guide for Controlling External Parasites on Livestock and Poultry," (Leaflet 256).

Worms taken from wounds should be sent to the Mission Screwworm Laboratory for identification. Livestock owners who need vials for the larval samples or instructions on collecting the samples should contact the county agent's office.

Study Club Hosts Library Tea Here

The March of Time Study Club hosted open house at the public library on Friday, April 19, 1968, from 2:00 until 5:00 p.m. with a book shower and silver tea in observance of National Library Week. Forty-four interested persons attended, and made contributions of \$64.50. There were seven card renewals. Among those attending were 16 Camp Fire Girls and their leaders, Mrs. Clifton Stodghill and Mrs. Bern May, most of whom are regular readers of library books.

Punch and cookies were served throughout the visiting hours to all who came to observe the progress of the library, and a ribbon with "I visited the Library" embossed on it was pinned on each guest. Hostesses for the tea and open house were the Library Committee, Mrs. True Burson, Mrs. Rex Dickerson and the librarian, Mrs. Edwin May.

The March of Time Study Club wishes to express their appreciation to all those who attended and to those who assisted to make it a success. The Library Committee urges, "Be all you can be—READ!"

TOPS Club Members Attend Convention In Fort Worth

Members of the Caprock TOPS Club of Silverton were among the TOPS members from all over Texas who were in attendance at the Texas TOPS Convention in Fort Worth last weekend.

Attending from Silverton were Mrs. Nina Martin, leader, Mrs. Lois Cline, Mrs. Mildred McDaniel, Mrs. Marie Garrison, Mrs. Melva Jean Martin and Mrs. Helen Strange. Meetings were held at the Hotel Texas.

A woman who says she "had never organized anything in my life" is the founder of the 226,080-member TOPS clubs. She is Mrs. Esther Manz, who attended the convention.

Mrs. Manz, who weighed 200 pounds by the time she was 18, remembers sitting in the doctor's office when she was expecting her fifth child. As each expectant mother left the doctor's office, she reported on her weight loss or gain since her last visit. Mrs. Manz gained less weight with her last child than she did with the other four because she felt that she "had to report to those women," but she was still overweight.

Reading an article about Alcoholics Anonymous, she wondered if "overweights" might band together to "fight food instead of alcohol."

On January 21, 1948, Mrs. Manz and three of her friends met at a Milwaukee recreation center, ironically in the kitchen. The center's director had encouraged Mrs. Manz to begin with 10 members, but "heavy people are afraid somebody will laugh at them if they go at anything in a big way," she said.

But TOPS (Take Off Pounds Sensibly) has snowballed in a big

4-H Horse Project Group To Meet

Saturday, April 27, at 1:30 p.m. there will be a 4-H Horse Project meeting at the rodeo arena in Silverton.

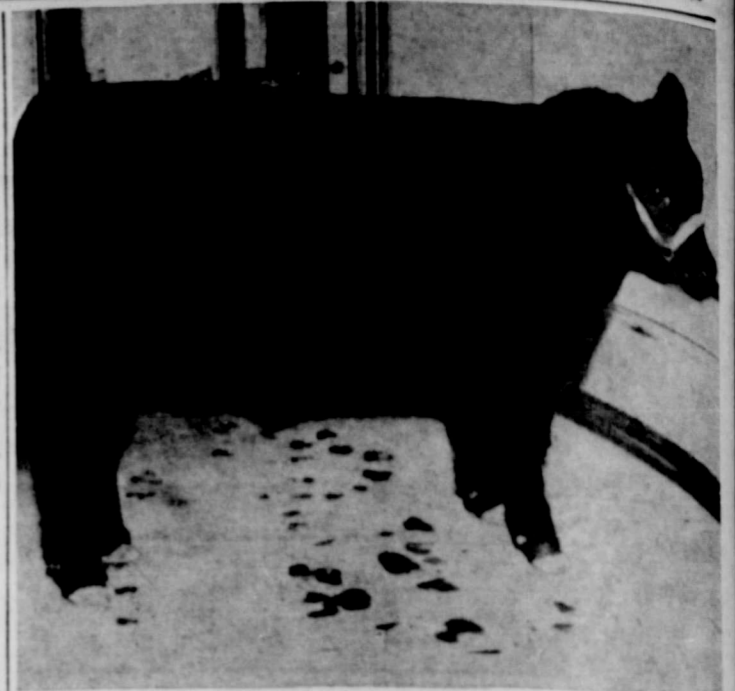

This meeting is to help prepare all those 4-Hers who are interested in attending the District 4-H Horse Show this summer. Thus, each 4-H'er should be practicing with his animal at halter and performance.

All 4-H members should bring their halters to show their animals as well as their riding equipment.

Lately several thousand new members have been joining clubs each month and TOPS members across the nation lost 899.04 tons in 1967.

In Texas, there was a total weight loss of 58,358 3/4 pounds in 1967. This was an average of six pounds per member of TOPS clubs.

Anyone in Silverton who is interested in taking off pounds sensibly and keeping off pounds is asked to contact Helen Strange, phone 4261, or Sybil Martin, phone 5811.

Point

Before each assembly program at Silverton High School, the student body stands and repeats the Pledge of Allegiance, after which someone says a prayer. Most schools have dropped these practices—at least the prayers—but I am proud to say we have not.

At the same time, however, it is most likely that in the swamps of Vietnam someone is dying so that we might have the right to pledge our allegiance.

When they burn draft cards, or go on strike, or riot in protest of that war, it is a shame they can't take a minute to think of those kids who are giving their lives over there just so they might die that.

I am not saying that war is right—only that it is justified. How else can we keep the freedoms that our forefathers won for us unless we fight for it just as they did?

One hundred years ago, the entire Panhandle contained fewer people than are now in Silverton. They were battling Indians, raiders, and Nature in order to establish a new land for their descendants and to fight out a living for

themselves and their families, while taming the wilderness. Could today's generation do it?

What will the Panhandle be like one hundred years from today? Will our descendants be free as we are? Or will they live under the iron grip of Communism? Or will they be at the mercy of another powerful, even more diabolical, dictator than Mao Tse-Tung in Red China?

Or will we HAVE descendants? Will there BE a Panhandle of Texas, a Briscoe County, a Silverton? The pressing of one button by one fanatic could very well lead to the end of our civilization.

I don't believe it would necessarily be the end of the world. There are always people who manage to come through wars and disasters one way or another; but just as the South's way of life was drastically changed following the Civil War, would their lives also be altered.

Some people seem to think that wars should end. Really, are they being practical? "It's only human," as the saying goes, to quarrel and fight and even to hate. It WOULD be wonderful if we could

end wars and live happily ever after with plenty to eat and a beautiful house to live in with ample clothing.

It's a wonderful fairy tale, this Utopia, but it is not life. The "human element" must be recognized and allowed for. Life is something we have got to each face and fight for himself.

We're going to have to live WITH wars and in some ways FOR wars—they help us to solve many problems. All wars accomplish something either directly or indirectly—and it is time Americans faced and stopped rejecting the inevitable, don't you think?

A visiting psychiatrist, wandering through the wards of a state asylum, was particularly intrigued by a patient who sat huddled in a corner all by himself, and scratched himself, for hours on end.

"My good man," the doctor addressed the patient gently, "why do you stay huddled in a corner all by yourself and scratch yourself?"

"Because," replied the man wearily, "I'm the only person in the world who knows where I itch."

The young man started work as a stock-room boy. Within six months he was made a salesman. In another six months he was upped to sales manager, and shortly thereafter he was made general manager. "Thanks," said the young man.

"Thank!" growled the president. "You've been with this firm only about a year. Is that all you can think of to say?"

Seniority Experience Integrity

It takes six years to earn the kind of representation the Panhandle has in the State Government. With Red Simpson in the State Legislature we have the know-how plus the cooperation and respect of Representatives from all over the state. That's what it takes to accomplish something for our area. Let's keep experienced representation for the 75th District.

The committee for experienced representation in State Government John Reecs, Chairman.

Your Home Business Firms are
THE HIGHEST BIDDERS
 for Your Shopping Dollar

**Here
 are the facts
 to prove
 it...**

Actually . . . no matter where you live . . . nobody . . . and that means **NOBODY** . . . can give you more for your dollar than your own home business firms. Let's look at the reason for this advantageous . . . to you . . . situation:

ANY MERCHANT . . . anywhere . . . is ordinarily going to sell goods for some more than he pays for them.

ON AN AVERAGE . . . when you spend a dollar in any retail store . . . here or anywhere else . . . about 70 cents of it pays for **GOODS**, and about 30 cents goes for rent, taxes, donations, hired help, etc., and a few cents (the national average is about 5 cents) pays the proprietor for his work, and for his investment in goods and equipment, credit losses, etc.

NOW . . . when you spend your dollar at home, you get the same 70 cents worth of merchandise that you would get for it anywhere else.

AND THE OTHER 30 CENTS stays here too, to help you pay for schools, churches, roads and streets; to vitalize the community so your property . . . or your job . . . is worth more; to keep more people here to share civic work and expense, and to serve **YOU** when you sometimes direly need their knowledge and their skills.

ONLY when you buy in **YOUR OWN HOME** community do you get back most of this 30-cent retail handling charge . . . and often a great deal more, as your job or your business prospers and your social life broadens with the growth of the entire community.

Instructions Given On Avoiding Pandering Advertising

Mail patrons offended by pandering advertisements can now take steps to curb such mail. Postmaster Fred A. Strange said in announcing plans for administering a new law which gives each family the right to decide that an ad is "erotically arousing or sexually provocative."

We wish to express our sincere thanks to each of you for the wonderful way you worked to help us when our Education Building burned. The entire contents of the building were saved and this would not have been possible without your help.
May God's richest blessings be yours.
First Baptist Church

We would like to take this opportunity to say "thank you!" to all of you for your interest in the Public Library during the past year and especially for your attendance and support of the open house and silver tea last week. Without your memorial gifts and monetary contributions, it would not be possible to continue adding so many good books on the library shelves.

When an advertisement sent through the mails is offensive on these grounds, a postal patron can now ask the post office to direct the mailer to send no more mail to him and to remove immediately the patron's name from all mailing lists he owns, controls or rents.

To assist patrons, the Post Office Department has published a brief pamphlet, "How You Can Curb Pandering Advertisements," which is now available at the Silvertown Post Office. In addition to explaining how the law works, the pocket-size leaflet contains a form letter one can use when sending his complaint to the post office.

The pamphlet explains when a patron receives an advertisement which is, in his opinion, pandering, he must send the ad, its envelope and the form letter, or one which includes its language, to the post office with the words, "Request for prohibitory order" on the face of the envelope.

Postmaster Strange said this new law should give some protection to American families offended by advertisements they believe to be morally harmful, particularly to their children.

"Last year the Post Office Department received some 140,000 complaints from those offended by pandering advertisements. While in most cases the ads were not legally obscene and were, therefore, mailable, they are often offensive and are not usually the type of material one would want his children to read," the Postmaster said.

While the patron's complaint will only be directed to the sender, one or two complaints will provide substantial protection because "the great bulk of this advertising comes from fewer than 20 so-called smut dealers, who are frequently swapping mailing lists," Postmaster Strange said.

If a mailer does not strike a complainant's name from this mailing list, and the patron receives a second mailing 30 days after the firm has received the prohibitory order, he may bring the matter to the attention of the postmaster issuing the initial order by writing him and enclosing the second pandering ad with its envelope. If the mailer still fails to respect the order, the Postmaster General may ask the Attorney General to apply for a Federal Court order directing compliance. Failure to observe the order may be punishable by a fine or imprisonment.
