Members of the Class of 1968 are Brenda Beames, Rickieingham, Laquita Bomar, Roy Ann Bomar, Joyce Brooks, Debbie Dickerson, Pat Grabbe, Karen Holt, Jan Hutsell, Ian Lanham,

Vote On Mackenzie Project Likely Early Next Fall

With details on the building of an aquaduct to serve the cities of Lockney and Floydada being finalized in a contract, it now appears likely that there may be a new vote on the Mackenzie Municipal Water Authority's project by early Fall.

Lockney and Floydada city

councils have designated January 1, 1977, as the magic date for selling revenue bonds and beginning construction of the pipeline system which would transport water from the reservoir to their towns. Lee Freese of the engineering firm told the joint meeting that the pipeline system could probably be finished in a year, and the target date for Mackenzie Reservoir water to reach Lockney and Floydada has been set for early in 1978.

Officials of Tulia and Floydada—where the earlier election to construct the entire project was defeated—have vowed to work for passage of the current plan. Under this proposal, the towns of Floydada, Lockney, Tulia and Silverton would cooperatively construct the reservoir, raw water line and partial filtration system.

Mrs. P. H. McKenney and Mrs. Mildred Reid accompanied Mr. and Mrs. Jimmy Ray Baird of Saginaw to Canyon Sunday afternoon. Baird received his degree in the spring convocation at West Texas State University.

that this tax rate would be out of line (for the dam, etc.) . . . probably costing about \$30 annually on a \$10,000 home." Tom Moore of Lockney, a Mackenzie director, emphasized that maintenance on a windmill costs approximately that much.

Each city would make contract with the Authority for a designated amount of water each year after it ties onto the line. Funds from sale of water by the city are expected to finance the aquaduct systems. No taxes are planned for the purpose of laying the water lines.

A tax district would be established to pay for the dam, filtration system, etc. Directors plan to install the smaller filtration system when the dam is built to meet Silverton's needs—if the bond election carries in the member towns—and would add to it as other towns contract for the purchase of water.

Joe Smith of Lubbock, representative of the First Southwest Company, a bonding firm, stated recently when the Floydada and Lockney city councils met in a joint session that "I do not feel

IAN LANHAM

Miss Lanham Is D.A.R. Good Citizen

Miss Ian Lanham, daughter of Mr. and Mrs. Johnnie Lanham, and a senior in Silverton High School, will receive the Daughters of the American Revolution Good Citizen Certificate of Award at the school awards program at commencement exercises here Friday, May 24. Ian was a guest of the Mary McCoy Baines Chapter, D.A.R., at a tea February 14 at the Plainview Woman's Club House where she was presented a D.A.R. Good Citizen pin.

Mary McCoy Baines Chapter, D.A.R., sponsors Good Citizens from nine area high schools, and this year's winners of the award are Miss Lanham; Patti Purcell, Plainview; Kathy Kerr, Abernathy; Lynda Shive, Hart; Angela Hudson, Cotton Center; Sharon Williamson, Tulia; Marjion Wylie, Floydada; Brenda Elaine Reves, Lockney; Cecilia Denny, Bovina.

These D.A.R. Good Citizens are selected in the fall of the year from girls who are members of graduating classes of accredited high schools. She is chosen by the faculty from a list of three selected by the Senior class. Girls are

Absentee Balloting Now Underway

WRITE-IN VOTES DON'T COUNT
Attention has been called to the fact that no write-in votes are counted in the primary elections. Several write-in votes were cast in the first primary, but those voters "lost their voices," so to speak, because this is considered as no vote in that race.

If a voter wishes to write-in the name of a person who is not listed on the ballot, he must wait until the General Election to do so if he wants his vote to be counted.

VOTING PLACES
Voting boxes numbers One and Four will be combined for the second primary. These voters customarily vote in the judge's office and the county courtroom at the courthouse. For the runoff, the voters in these two precincts will cast their ballots together in the courtroom.

Voters who use box Five at San Jacinto will vote in their usual place. The Precinct Two voting place at Quitaque will be the same.

Precinct Three voters will vote in the sheriff's office as usual due to there being a commissioner's runoff in that precinct.

NFO Special Meeting Called Monday

There will be a special meeting of the National Farmer Organization at 8:30 p.m. Monday in the P.C.A. community room.

Camp Fire Girls To Sell Poppies

The Silverton Camp Fire Girls will be selling Buddy Poppies all day Saturday, May 25.

This project is sponsored by the Silverton Veterans of Foreign Wars, who let the Camp Fire Girls do this as a money-making project. It is the only money-raising project the Camp Fire Girls have.

The money raised through the sale of Buddy Poppies is used to buy crafts materials, for camping trips and for parties and other activities.

Remember to buy a poppy, and you'll be helping the Disabled American Veterans and the local Camp Fire Girls.

Election Day Bake Sale Planned

Century of Progress Study Club will have a bake sale starting at 9:30 a.m. June 1.

Since that will be election day, the club members ask that you vote and then stop by Nance's Food Store and take cakes and pies home with you.

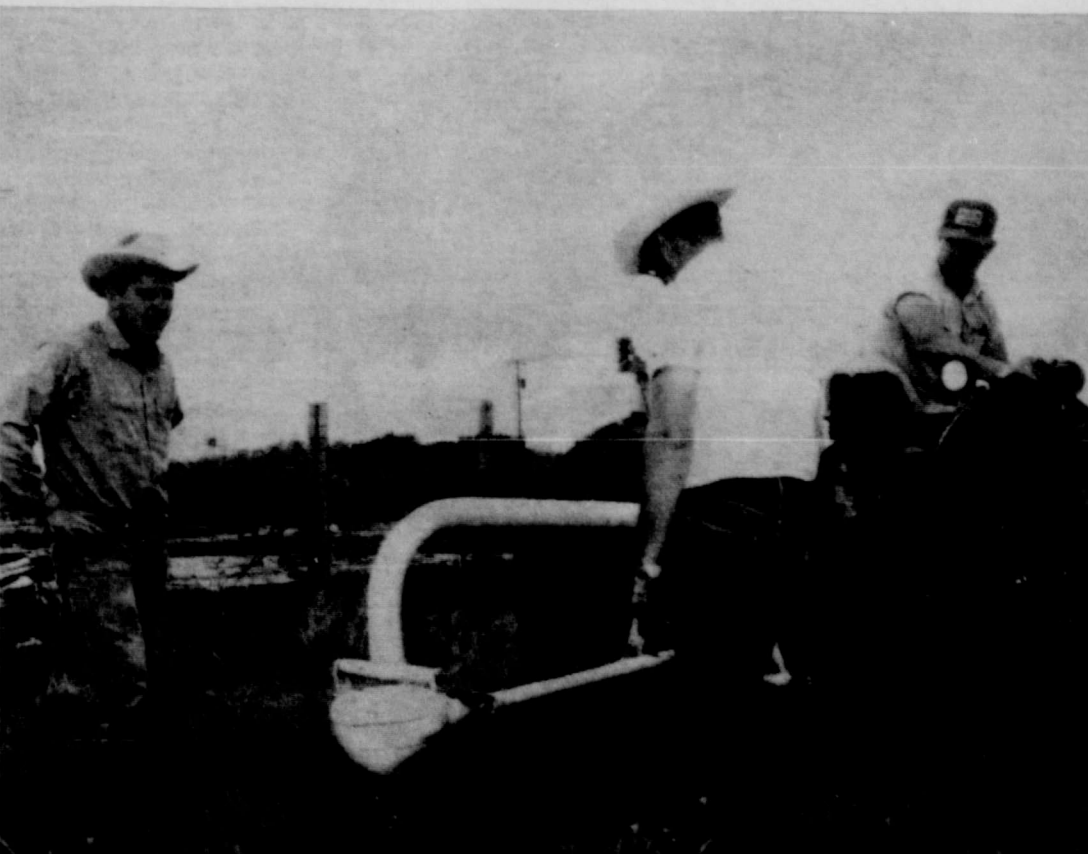

Rain, Hail Received Here This Week

A total of .79 of an inch of rain has been measured in Silverton during the past week.

About 6:00 p.m. Monday, a hail shower dropped .60 of an inch of rain and covered the ground with marble-size hail to resemble a snow cover.

Three other showers dropped amounts of .12, .04 and .03 of an inch on other days.

Showers and hailstones were larger in the rural areas of Briscoe County south and southwest of Silverton. There was considerable hail damage to wheat, young crops and gardens in the strip receiving the heaviest hail.

Wayne Stephens, Guinn Fitzgerald and Robert H. Hill were some of the Young Farmers who have been engaged in placing a fence along the Silverton airstrip. Purpose of the fence will be to prevent cars from

driving on the grassed landing field because there have been ruts made on the airstrip by those who drive across when the ground is wet.

Some people plant flowers in the spring

But then what does a flower have that a gas light doesn't? Flowers brighten up your yard. So does a gas light. After you install a gas light, it might be the first time you've seen your flowers at night.

Flowers come in different sizes and shapes. So do gas lights... designed to lend distinction to any landscape. Take your pick. If they're taken care of just right, flowers will bloom the whole season. A gas light blooms year 'round, and requires absolutely no care.

Flowers have a wonderful fragrance. You've got us there. A gas light doesn't have an odor at all. But we know you'll overlook that, since a gas light has so many other nice features.

New lower prices on the '68 models are in effect through July 31st. Prices start at \$52.70 cash (includes installation and tax) or only \$2.00 per month.

Flowers consider how many springs it will last. Buy a PATIO PAIR (One gas light and one gas barbecue grill) and save \$26.00. Prices start at \$103.70 (includes installation and tax) or \$4.00 per month.

Schoolground Grassing To Begin Here Soon

Date of the beginning of the schoolyard grassing is pending the arrival of better weather, and a time when the Young Farmers will be able to assist with the plowing operations.

The Young Homemakers, under whose sponsorship the project

is being carried out, have expressed their appreciation for the public acceptance and support of the project.

The bake sale and freezer projects carried out by the Young Homemaker chapter would not have been a success without the help of all interested townspeople.

Clubs which have donated to the project are Helping Hand Club, Lions Club, L. O. A. Junior Study Club, March of Time Study Club, Silverton Fire Department, Southwestern Home Demonstration Club and the Young Farmers.

Many individuals have called in pledges and donated money also. The Young Homemakers would like to take this opportunity to publicly thank each and every one for the financial support and for the moral support which encouraged the chapter to undertake the project.

Soil Stewardship Week Proclaimed

An official proclamation of the week of May 19-26, 1968, as Soil Stewardship Week in Texas has been made by Governor John Connally.

In the proclamation, the Governor said: "The citizens of our State recognize the earth is the Lord's and we are His servants charged with caring for it and developing it to the best of our ability. The soil and water, the tree, the grasses and wildlife, in their beauty and their infinite combinations and products, were put here for all of us, to help us grow together in dignity and wisdom, peace and service.

"We cannot afford loss of land, waste of water, distortion and spoilage of human life. The countryside is a wealth of enormous values and unending uses with benefits and responsibilities for Americans everywhere. It provides food and outdoor recreation, wood and water, and it is the home of agriculture and forests, parks and wildlife, trails and highways, and deserts and wilderness.

"The change underway on all sides imposes new tests on soil stewardship, and requires the assertion of leadership by those who take seriously their responsibilities to God for the soil, water and other resources entrusted to us.

"Soil and Water Conservation Districts, sponsoring Soil Stewardship Week, have expressed their commitment to this challenge."

ALTON B. CHAPMAN
Associate Justice
Court of Civil Appeals

TO THE RESIDENTS OF THE SEVENTH SUPREME JUDICIAL DISTRICT: Thank you for the privilege of serving you for eleven years and four months on the Court of Civil Appeals.

For the sake of the Court from which I am retiring and for the good of the State of Texas, I earnestly solicit your votes for JACK HAZLEWOOD because:

1. In my opinion, the judges on every appellate court, from the United States Supreme Court on down, should be first and foremost good lawyers. JACK HAZLEWOOD is an outstanding lawyer.
2. Of six major scholastic honors possible for a student to win in the Texas University Law School, JACK HAZLEWOOD won them all. Such a scholastic record is possible only by one with an outstanding legal mind and the willingness to work, two attributes needed on an appellate court.
3. JACK HAZLEWOOD is the only candidate with experience in the Court of Civil Appeals and Texas Supreme Court.
4. The most practical and effective training for an appellate court justice is trial and appellate practice, as a lawyer, against other strong lawyers. This is exactly the training JACK HAZLEWOOD has had for more than fifteen years, and in it he has many times demonstrated his competence.
5. This is the exact same training five justices of the Supreme Court of Texas had before becoming members of that Court. None had judicial experience on the trial level. They are Justices Griffin, Walker, Greenhill, Steakley and Chief Justice Calvert.
6. In the official bar poll conducted by the State Bar of Texas among the lawyers and judges of the 46 counties of this district JACK HAZLEWOOD received more votes than both his opponents combined. This poll indicates that the members of the legal profession also rank him number one.

Respectfully submitted,
Alton B. Chapman, Associate Justice

Graduation is here. To the Seniors and their parents, this is one of the most important times in the student's life. For each of them it is a time for new responsibility, excitement, important decisions, and fear.

Most of the Seniors will be leaving home in the next few months, and then they will be on their

SENIOR WILL

We, the Senior Class of 1968, on this 27th day of April do will to the members of the Junior Class some of our better and more valuable characteristics.

I, Dale Sissney, leave my risen to Paul Ray McWilliams, in hope that it will be on his elbow.

I, Jerry Shoemaker, leave my electrical shock from the light bulb at the Senior party, to Cletus Grady, jr.

I, Venita Teeple, leave my ability to stay on the right side of the road and still have a wreck to Kathy Self.

I, Randy Cantwell, leave my fatherly refusal to Danny Vaughan, in hopes he won't let his fellow classmates attend Tex-Art either.

I, Nancy Long, leave to Roy Dale Wood my moustache, in hopes that he won't have to use as much bleach as she has.

To Walter Hill, I, Roy Ann Bomar, leave my bowed legs.

I, Joyce Brooks, leave to Jackie Carol Tate my hairpiece in hopes that her mother will be as faithful in combing it as mine has been.

I, Karen Holt, leave my shyness and ability not to be heard to Marilyn James.

I, Lynn Frizzell, leave my way with women to Lannie Arnold.

I, John Cole, leave my ability to silently withdraw to Danny Vaughan, in hopes that it will inspire him.

I, Terry Grimland, leave my ability to get along with Mr. Evans to Carron Montague.

I, Gene Smith, leave my golden hawk car to Ronnie Sharp, the great white whale.

I, Garner Waters, leave my "Becky" to Mike Tate.

I, Charlie Baker, leave to Lamb-Heart Ivory my chairmanship of the Student Non-violent Co-ordinating Committee.

To Larry Comer, I, Harvey Masey, leave my creative writing ability.

I, Ian Lanham, leave my ability to grow three inches in one year to Mike Tate, in the hope that it will start a trend toward tall boys in SHS.

I, Rickie Bingham, leave my ability to make coffee in a pot to Lee Ann Tidwell.

I, Vicky Vaughan, leave my ability to know when to and not to wear my spectacles to Nancy Reid.

I, Joe Mercer, leave my dog to Donald Dee West.

To Mary Garcia and Maria Martinez, I, Ester Vasquez leave my sewing ability.

I, Mary Whitfill, leave to Walter Hill my hand scratch, in hope that somebody will be able to read it.

I, Judy Wilkinson, leave to Gary Whitfill my drawl.

metry ability to Crockett Grabbe, metry ability to Crockett Brabbe, in hope that it will improve his math ability.

I, Clifford Rowell, leave to Jimmy Walker my position as grocery boy at Nance's even though I didn't get to marry the boss's daughter.

To Jackie Davis, I, Roland Montague leave my sunglasses.

To Betty Weathered, I, Skip Gallington leave my chair in geometry class. Maybe some knowledge will rub off.

I, Van Mays, leave my shyness with girls to Donald Dee West and Lannie Arnold.

I, George Masey, leave my obesity to Carol Ann Montague, in hopes that she won't stay "Gone With The Wind."

I, Ruby Pitchford, leave my shorthand ability to Kathi Perkins, in hope that she wins district for SHS again.

I, Nancy Nance, leave my red hair and freckles to Johnny Roy Weaver, in hopes that he can use them to catch a Floydada girl.

I, Brenda Beames, leave my stitches and ability to have a wreck with a parked car to Lexie Younger.

I, Laquita Bomar, leave my skill and determination to throw the shot and discus to Barbara Davis. To Shirley McIntyre, I, Pat

own, to an extent. They will have to accept responsibility for the things that their parents have done for them. Each student needs to realize what his responsibility will be at school, work or in marriage.

Excitement is overwhelming at this point. It is a feeling of freedom and importance, but most of all it is a feeling of achievement. Life, outside of the one they have been living in, seems to offer so much for the graduate that excitement can't be kept quiet.

Graduation mainly brings on the part of making decisions and of fear. I think that these two work hand in hand. Each graduate has to decide what he wants to do. He has to decide whether to go to school, start to work, or get married. With each decision goes the fear of failing or choosing the wrong field.

There is one thing that I haven't mentioned that graduation also brings. It brings HOPE of a new life and success.

Class Prophecy

May 24, 1968

Dear Tootie,
We were all very sad to learn that your duties as Principal of Silverton High School would keep you away from our reunion. However, we all understand how very hard your job must be now that they have consolidated the four area high schools—Silverton, Quitaque, Flomot and Turkey—into one. Who would ever have thought Turkey and Silverton in the same school!

Of course, we always knew that Flomot High would someday be the same as Silverton High—with half the Seniors going there to graduate, anyway.

Everyone asked me to especially thank you, Tootie, for arranging Peanut - Picking Week (a tradition from Flomot) so that many of our instructors and employees could be with us.

Remembering back to the days when Laquita Bomar cried over her Home Ec. failures, it is hard to believe that she is actually your Home Economics instructor. I would imagine, however, that after five years of college and two of student teaching under Mrs. Cook, she MUST be a good one.

Oh, yes, we were all tickled to learn that Ken and Brenda FINALLY decided to start a family. You know what they say about "cheaper by the dozen"? That must be why they had twelve kids—to economize!

I guess we always knew that Clifford would someday teach Ag. His way with animals, you know.

What a coincidence that Faye Gene should pick Rickie, her own daughter-in-law, to take over as business teacher when she retired.

Boy, I almost fainted when I heard our football team won STATE this year!! But with Pat Grabbe as head coach—anything is possible!

With so many kids going to school at SQFT High, I can well understand why you would have to add new courses. But "Grace and Etiquette"—with Karen Holt?

I can see how Nancy Nance became instructor in a course called "Make-Up and Make-Out," though.

You really got a good deal from George Masey and Linda Yancey

Grabbe leave my engagement ring.

I, Ninette Martin, leave Mike Norris to Anita Loyd.

I, Debbie Dickerson, leave my Tech weekends to Ginger Martin.

I, Jan Hutsell, leave my ability to sit on the basketball bench four years to Juannah Nance.

I, Jane Self, leave my glasses to Carol Montague, in hope that she will catch more boys than I did.

I, Tim Mattheus, leave to Diana Strange, my chair in government class, in hopes that no one will steal the top of her desk.

To the Junior girls we leave slumber parties and the lounge.

To the Junior Class, we the Seniors leave all our animals and Senior Play practices.

To Tootie, the Senior Class leaves 200 weiners, 400 buns, and five pounds of potato salad.

To the Junior Class, we the Seniors of '68 leave the greatest sponsor ever, a man of wit, charm and grubbiness, our one and only Tootie: on one condition—he'll never love another class as much as us.

Memories Of The Class Of 1968

In 1956 the largest class ever to enter Silverton Public Schools became first graders. A new building was even needed to take care of all of them.

Twenty-six of the 57 who entered are graduating Seniors this year. They are Brenda Beames, Rickie Bingham, Roy Ann Bomar, Pat Grabbe, Terry Grimland, Karen Holt, Ninette Martin, Ruby Pitchford, Harvey and George Masey, Tim Mattheus, Van May, Roland Montague, Nancy Nance, Vicky Vaughan, Dale Sissney, Venita Teeple, Joyce Brooks, Debbie Dickerson, Lynn Frizzell, Ian Lanham, Nancy Long, Jane Self, Gene Smith, Mary Whitfill, and Joe Mercer.

They more-or-less set the cast for the class that first year when someone marked on the bathroom wall and all had to stay at school until someone confessed.

First memories are of Mrs. Trout's cowbell calling the students in from recess; and the blue birds, red birds and yellow birds of the reading classes; the naps on little blankets after lunch, and the milk recess in the afternoon.

One outstanding memory is of the day Harvey came in with a big hole in the back of his head when someone had "accidentally" thrown a brick!! All the boys and girls stacked their little blankets together for Harvey to lie on that day.

In the second grade, Terry Lee and Cheryl Stephens joined the class. Some highlights of that year were Pat Grabbe's fainting spell; the time Joe Mercer fell off the monkey-bars into the mud; and the time Debbie's slip got caught in the merry-go-round and the kids just kept on pushing.

That was the year all the girls gathered in the hall in front of the milk-room, shut the doors, turned out the lights and told ghost stories. And it was the year when both classes got together once a month to celebrate birthdays.

The third year Judy Yancey joined and the class lost little Billy Simmons.

The biggest memories of that year were the art and music classes and the "Bird and Bug Club."

Did you know that Ester Vasquez is actually a colonel in the Women's Army Corps? And Brenda Beames is a NUN!!

Oh, yes, while Venita was at the White House she stopped in to visit a few minutes with the Chief Chef, who is our own Garner Waters.

Tim Mattheus set another speed record on the Utah Salt Flats yesterday. They say he still drives the fastest cars around.

Dale Sissney is now bank president at Lockney. I hear he smokes cigars all the time. His secretary also reports finding a store of comic books in a file marked "Top Secret." Wonder what a bank president would want with THOSE?

Remember when Lynn Frizzell was unanimously elected President of our Student Council? It seems to have put politics into his blood. However, it isn't entirely successful. He runs and runs but he never gets anywhere. He has been defeated in the race for Governor of Texas twice, and last year his own schoolmate, Ian Lanham, beat him for the nomination to the Presidency. He DID win one political campaign though. Yesterday he was elected President of the School Board.

Remember to vote for Ian in the elections in November. Maybe she really WILL be the first female President! Ever since she became the leading speech specialist in the States, she just spouts speeches ALL the time!

Well, I guess I am the only one left, and I think it will be enough to just sign off.

Your Senior Class Prophet,
Vicky Vaughan,
Editor-in-Chief of that ALL-American magazine—COSMOPOLITAN—the woman's answer to PLAYBOY.

The boys and girls took their first train ride, all the way from Tullia to Plainview!

Jan Hutsell and Brenda Standridge joined the class in the fourth grade. Jan was the girl who NEVER wore a dress.

It was that year, too, that Loyd McIntyre wrote Nancy Kay a love note—and she cried.

Bullet Welch, Steve Harvell and Rodney Hamilton joined the class that fifth year. Pam Thompson was here also for awhile. A teacher, Mrs. Holman, made the boys and girls write one paragraph over and over, sometimes as many as 500 times, for doing things wrong.

That summer the girls formed the first and only girls' baseball teams in Silverton. The Black Hawks, coached by Toni Rhode, never lost a game to Zobie Self's Red Devils.

Randy Cantwell came in the sixth grade and immediately struck up a romance with Nancy Fowler. Randy soon became the "Romeo" of the class and had LOTS of girlfriends—Pat Grabbe, Pat Jarrett, Debbie Dickerson— but they all came later.

Mr. Cole, the class' first math teacher, came in the sixth grade, and naturally all the girls thought that he was just wonderful.

That year, the Halloween Queen, Roy Ann Bomar, broke her arm and had to wear a cast in the Coronation.

Mrs. Turner introduced a new kind of punishment. At noon each day, naughty students had to go in and copy pages from the dictionary. Besides improving the handwriting and broadening the vocabulary, this made the ones being punished miserable because they could hear all the other kids having so much fun outside.

Elizabeth Davis, Judy Tucker, Stevie Bingham and Clifford Rowell joined the class the seventh year, but the class lost Cheryl Stephens to Turkey and Brenda Buckley moved to Fort Worth.

That was the year Roland decided to fly, but fell off the barn and broke his arm instead.

In the eighth grade, before taking the big step into high school, Richard Vaughan and Sharon Ellis joined the class for a short time.

That year was noted for the first of the boy-girl parties. Terry Lee hit Randy over the head with a spray net can on the end-of-school picnic, and he had to have stitches.

THE BEATLES were the "In" thing that year and even performed in the eighth grade play.

That year more girls were sent to the office than ever before or after. Mr. Harrison seemed to especially enjoy sending Jan Hutsell, Judy Stephens, Vicky Vaughan, Elizabeth Davis and Debbie Dickerson.

That was the year that Roy Ann was tied to Jeep Jarrett's chair with head scarves and set chair and all atop his desk.

And that was also the year the girls ran Mrs. Williams down with the janitor's cart as they raced madly up and down the hall.

Then came high school and a new sophistication. Instead of driving janitor's carts, the class began driving cars. It was a little hard for Brenda Beames at first, but Coach Thornburg had nerves of steel and FINALLY he taught her that you don't park ON the lawn, but in FRONT of it.

That first year in high school, Pam Thompson and Garner Waters joined the class. Venita caught Johnny, and Tim and Nancy Kay broke up after all those years in junior high and grade school.

The second year in high school, Charley Baker, Skip Gallington, Gary Gene Grady and Judy Wilkinson became part of the class.

Those were the "Turkey days" when all the girls had Turkey boyfriends and all the boys had Turkey girlfriends. Those were also the days of Grod and Fuzz and the biology field trips with Mr. Evans and Garner.

That year, Zobie introduced the class to history. She always knew the things they didn't (or couldn't) print in the books.

The Junior year started off great. Zobie Self was chosen as class sponsor, and she almost fainted when she discovered that

Point

This is not the end. It is not even the beginning of the end. It is, rather, the end of the beginning.

—Winston Churchill
The 1968 graduating class of Silverton High School, my class, has chosen this quotation from Winston Churchill, as its motto.

No truer words could apply to a Senior class. Here we stand at the crossroads of life. We aren't quite adults; we aren't still children. What are we?

We are Seniors.
Life cannot be divided into two or three or even four distinct stages, as people sometimes try to do. Each period overlaps the next

the class had all of \$50 with which to give a Junior - Senior banquet. But with her driving them on, they somehow managed to have over \$1000 by the time April rolled around.

That was when Ester Vasquez, Linda Mercer, Rickie Stone and Jerry Shoemaker joined the class in its "journey to the end of the beginning." It was also the year O. C. called a special assembly about the messages the Silverton boys were writing to the Turkey boys all over the place.

And finally the students arrived at this—their Senior year. John Cole and Tootie joined the class, but by now they had lost Judy Stephens, Pam Thompson, Linda Mercer, Richard McCutchen, Ricky Stone, Hand Baird, Gary Grady, Elizabeth Davis, Stevie Bingham, Gary Weeks, Roy Len Long, Terry Lee, Judy Tucker, Kathy Maples, Nancy Fowler, Rodney Hamilton, Steve Harvell, Bullet Welch and Richard Vaughan.

They no longer had teachers like Mr. Ballard, or Baby-Face Ballard, as they so fondly nicknamed him. They didn't have Mr. Snell or Dianne Mayfield. Mr. Dunn was gone along with Mr. Harrison and Mr. Cole. Glen Grosdidier, Fuzz Francis, Mrs. Malone, Mrs. Carr, Zobie, Mrs. Purcell.

They are all gone now. Some of them the class was glad to be rid of, but some of them they all miss deeply like Zobie and Grod. Never again will Zobie growl at them because her hair is too tightly curled. Or will Grod tell them those weird little jokes of his just before an algebra test.

The Senior year will always bring back memories of the time Shoe broke the water fountain; the eraser fights in government; Harvey's nasty little English themes; Big Jon Leggett and food; the U. S. Eating Team; Toot's party and play practice; and especially they will remember that "Nasty Old Man," the Senior Class sponsor, Tootie Alexander, whom they could never quite forget.

The good old days in SHS are almost gone, but the young people have the future to look forward to and memories to look back on.

until they are woven into so intricate a web that infancy, childhood, adolescence, maturity and the twilight years of remembering are all one and the same, and yet they are all distinctly different.

There is only one word to describe the point we have reached in our Road of Life. Seniors.

Centuries of people have gone through this time when they were unnamed and uncatagorically indexed. One minute they were as kind and thoughtful and wise as any of their elders. But the next minute they were as selfish and stubborn as a four-year-old.

They were Seniors, too.
We are facing many questions now. This is not this, anymore, and that is not that. Life is no longer all fun and games. We must make our own decisions. Marriage? College? A career? Should I just "drift" for a year or two and see what happens? Enlist? The Peace Corps? So many questions. So few answers.

We are Seniors.
It is near the inevitable end of a secure childhood when we got what we wanted, when we wanted it, and in what color we preferred. The beginning of building our own futures, answering our own questions, making our own decisions has been underway for quite a while now.

We are Seniors.
It seems like the hurdle just ahead is impossibly high. But we'll make it over that hurdle. It's late. It's been done countless times for countless centuries. Yes, we're Seniors.

What Senior really means, Is rather hard to explain. They're serious about their work. But still love fun and games.

They are not the greatest people in the world, And by far not the greatest in town, But when you run into trouble There is always a Senior around.

The Seniors are respected, And they are looked up to, But when you become a Senior You'll be the same way, too.

They don't do everything right, And sometimes make people mad, But when a Senior smiles You can never really be sad.

It's a mighty sweet thing to know There's always a Senior by your side, And he will be forever Your ever loving guide.

And man the girls, They are out-of-sight. They greet you with smiles And try to treat you right.

The Seniors are very special to me. They always treat me kind. And whenever I want something, I know that it is mine.

We will soon be leaving, Going our separate ways. But we'll never forget SHS And all the great old days.

When we march down the aisle, We'll be happy as can be. We will receive our diplomas And greet our loving Principal O. C.

THANKS

We want to thank this opportunity to thank our staff, the Typing II class, and all those who have helped make this year's OWL'S HOOT one of the best yet.

If you can bravely smile when loved ones doubt you,
And never doubt, in turn, what loved ones do;
If you can keep a sweet and gentle spirit

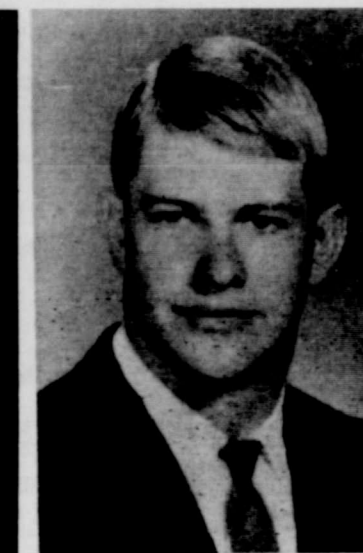

In spite of fame or fortune, rank or place,
And though you win your goal or only near it,
Can win with poise or lose with equal grace;
If you can meet with unbelief, believing,
And hallow in your heart a simple creed,
If you can meet deception, undecieving,
And learn to look to God for all you need;
