Mr. Long died at 7:30 p.m. Sunday in Swisher Memorial Hospital following a lengthy illness.

Born January 25, 1890 in Wichita Falls, Mr. Long moved with his parents to Ralph Switch in Randall County in September of 1900. The family moved from there to Briscoe County in 1906.

He married Miss Isephien Tate Blackwell on May 15, 1919.

A retired farmer, Mr. Long was a member of the First United Methodist Church in Silverton.

NEW MOVIE PREMIERE IN PLAINVIEW THIS WEEK

"For Pete's Sake," from World-Wide Pictures, will premiere at the Granada Theatre in Plainview November 14-19. Produced in wide screen and brilliant Eastman color, the comedy-drama stars Robert Sampson and Pippa Scott in a mile-high Denver setting, against the magnificent backdrop of the Rockies.

"For Pete's Sake!" Nobody told Pete Harper God was dead! "For Pete's Sake!" lives day by day with a meat-and-potatoes guy who has dared to take on big questions about Christianity today, and comes up with even bigger answers. To Pete, GOD WAS NOT DEAD! Or was He?

On a damp, gray, Sunday afternoon, Pete Harper was one of a large crowd at Denver's Bear Stadium listening to a sermon during a Billy Graham Crusade. Why was he there? "It was free." It was free, but Pete, his wife, and their son all got more than they had bargained for. Moved by the message, they found themselves going forward. What then?

You will see as you live with Pete and his family during the months that follow and watch them meet the challenges of a Christian commitment. Faith becomes a working commodity for Pete, starting on the inside and growing up and out. It grows while he's pumping gas on a busy Denver street-corner, while returning a cake plate to a neighbor, and while colliding with a gang of teenage motorcycleists who challenge him with the shattering honesty of today's youth; youth who force him to match his faith against the turbulent world of leather and dare-devil races. Ride with him as he grinds over steep mountain trails to prove that he's not afraid to try his world.

The film doesn't boast any angles; just warm, funny, inspiring, real human beings. It's a love story, a laugh story, and a life-sized look at the ups and downs of the faith of a twentieth-century man.

Robert Sampson, who portrays Pete Harper, also starred in "The Restless Ones," which is still playing to capacity audiences throughout the world. Pippa Scott, as Pete's wife, Marge, is known for her Broadway appearances and starring television roles. Al Freeman, Jr., and John Milford work with Pete in the Denver service station. Al starred on Broadway in "Blues For Mr. Charles," and was recently seen in "Golden Boy." John is often seen on "Get Smart," "Perry Mason" and "FBI."

Tickets will be \$1.25 per person and will be on sale at the door. Nightly performances are at 8:15 and 8:30, with matinees scheduled for 2:15 p.m. Saturday and Sunday.

District Championship To Be Decided This Week

The District 2-A football crown is up for grabs this week. Friday night while the McLean Tigers were ruining the last home game for the Owls, 26-6, the Clarendon Bronchos were going down in defeat to the Wheeler Mustangs, 15-7.

While the Wheeler-Clarendon game doesn't change the situation for the Owls, it does present the possibility of a three-way tie in District 2-A, which would be an exact duplication of the situation which occurred in 1967 when Wheeler, McLean and Clarendon shared the championship. The toss of a coin gave the honor of representing the District to Clarendon.

If the Bronchos defeat McLean Friday night, history will repeat itself and there will again be a three-way tie. If McLean is the victor, the Tigers will have won the championship by defeating each of the five teams in District 2-A.

What a predicament this is for the team that has enjoyed third-place ranking in the State all season long!

McLean proved to be one of the tougher competitors the Owls have met this season, and even though they played hard, the Tigers played a little harder. Fumbles were very costly to the Owl offense, and two drives were halted when the Tigers recovered Silverton fumbles which, oddly enough, both took place at almost the same spot on the playing field.

The total offense for the Tigers amounted to 335 yards in 80 plays. They made 23 first downs. In the passing department, they threw nine, completed three for 32 yards, and were penalized eight times for 80 yards. McLean punted four times for an average (after runback) of 39 yards. The Owls fumbled twice and lost the ball both times.

Neither team made a penetration during the first quarter, but McLean mounted a drive early in the second quarter which resulted in a 13-yard touchdown run by Senior Fullback Earnest Smith. The conversion pass failed, and the Tigers held a 6-0 lead.

Then with four seconds remaining in the half, Senior Halfback Thacker Haynes scored from three yards out. The conversion failed, and McLean had a 12-0 lead built on the two second-quarter drives. McLean kicked off to the Owls to open the second half, and the Owls picked up a couple of first downs and rushed for what would have been another had they not fumbled on about the Tiger-35.

Owls Travel to Happy For Final Game

The Owls travel to Happy Friday night for the final game of the 1968 season. The Cowboys posted a 64-6 win over Claude Friday night to even their season record at 4-4-1.

Silverton now owns a 5-4 season record, and both the Owls and Cowboys will be attempting to move a notch higher in the District 2-A standings with a win.

Zeke Frost dominated the Happy-Claude game with 70 and 74-yard touchdown runs and by carrying three two-point conversions. The other Happy scorers were Wickey Culp, Charles House, Don Maynard, Reuben Garcia and Greg Pearson.

The Cowboys are completing their first season in District 2-A, and with a slightly smaller school enrollment than Silverton, were picked in the pre-season poll to finish in the District cellar. Major strength of the Cowboys is speed (they have six backs who can break 10.6), experience and size. Their chief weakness is said to be in their defense and depth.

The Cowboys graduated only four last spring, and returned 24 lettermen to the squad this fall. Thirteen seniors are listed on the roster.

All-State potential players designated by the Cowboys are Halfback Frost, Center Art Foster, Halfback Culp, Tackle Terry Wright, and End Joe Bill Dempsey.

If the Owls can contain the Cowboy speedsters, they may be able to close out the season with a win. They will need lots of backing and moral support, and a large crowd of enthusiastic fans will help them toward a win!

W. S. C. S. BEGINS NEW STUDY HERE

Mrs. Jennie Fisher was hostess and served refreshments to Mmes. Moreland, Hill, Gordon Alexander, George Seaney, J. S. Hinds, G. Mayfield and Albert Mallow.

Mr. and Mrs. Jack Strange and Mr. and Mrs. Bill Durham were among those who attended the football game in Lubbock Saturday afternoon.

IN GOD WE TRUST. How great is our trust? How did the phrase, "In God We Trust," get on our coins? In the dark days of the Civil War, a country minister, who was also a farmer, wrote to Secretary of the Treasury Salmon P. DEAR EDITOR:

I would like to commend the staff and editorial writers of the school page in last week's (Nov. 7) Briscoe County News. It was, to my thinking, one of the best pages they have put out. I always enjoy reading those short editorials by our young people.

"What's Wrong With Teenagers," by Patti Tidwell, certainly hit the nail on the head as I see things too. A wise young lady she is. May she carry that present wisdom into her future life when she has a home and children of her own.

"Teenagers," by Lanis Davis, was also an excellent short editorial—even though it made me feel a little sad. I'm not acquainted with the writer and do not know whether Lanis is the name of a boy or a girl, but I feel this particular writer has missed the

primary point in adults who seem to find nothing but fault with today's teenagers.

We parents who care do realize that the majority of this nation's young people are the salt of our nation—its preserving power. They are morally upright American citizens, and we thank God that they are. If they were not—AND if they were not in the majority, this nation would have fallen long ago!

But we parents who care also realize, much better than a teenager can, that "a little leaven leaveneth the whole lump." (See I Cor. 5:6, 7, 8) and that is our one reason for pointing out "the bad teenagers"—in the hope that their parents will be shamed into purging out the old leaven before it contaminates the majority. But please don't think that we do not notice, and appreciate, and depend so very greatly upon the vast majority of this nation's good teenagers!

Both of these young writers are right in feeling that "parents should be more concerned about what their children do, and should set the right kind of examples for them to follow."

And I would like to point out one very bad example that the

majority of us adults stand guilty of setting before this nation's teenagers: "Speaking in a disrespectful manner of those who occupy the seat of authority in our nation's civil government." Those who occupy those higher powers of civil authority are "God's ministers of civil government." (See Deut. 16:18-20, II Chr. 19:5-6, Romans 13:1-8) and we are commanded of God to be submissive to their higher authority, and to refer to them in a respectful manner. (Acts 23:5, Ex. 22:28, Eccl. 10:20, II Pet. 2:10, Jude 8-13, I Pet. 2:13-17, and I ask that each reader study those scriptures for themselves, please. It will help us all to be able to set better examples for the teenagers to follow.)

I would like to remind the nation as a whole that the unity of our nation does not depend upon which Political Party is in power; but it DOES depend upon the people of our nation showing all due respect to those who are in authority in our civil government.

Personally, I would have preferred seeing a Democrat in the office of President, but the election is over now, and it is my duty as an American Citizen—and as a professed Christian, to give all due honor and respect to Mr. Nixon, because he will be the next President of the United States of America; and that fact makes him "my President" and "your President." And if we want and expect to keep our nation from falling, then I urge that no one of us forget that fact. And I especially urge parents and all adults to remember it, because we are the ones who stand responsible for setting the examples for this nation's teenagers to follow.

Respectfully yours,
Mrs. Cross McDaniel

People Eat Poorly

The trouble with most families in the United States is that they don't know their A's, B's, C's and D's. At least according to a recent statement from the United States Department of Agriculture. By its statistics, 20 percent of the diets in the U.S. households are poor and getting worse. Only about half the households in the nation have a diet the Department rates as good—and the figure is plunging downwards.

Actually, Americans eat enough—they just don't eat well enough. Heavy stresses on fats, sugars, and spices in our diets lure attention away from the all-important vitamins, calcium and nutrients most often found lacking in family diets.

When women in the know plan a balanced diet they include their A's, B's, C's, and D's in plenty of fish (Vitamins A and D), Milk (Vitamins A, B, calcium and phosphorus), citrus fruits and juices (Vitamin C) as well as eggs and butter (Vitamins A and D). To play it nutritionally safe, you should follow these tips:

- Don't stir air into foods while cooking.
- Don't put foods through a sieve while they're hot.
- Don't use baking soda when cooking green vegetables.
- Use as little water as possible when cooking.
- Don't use long cooking processes such as stewing.
- Don't fry foods that are valuable for their Vitamin A, B, or C content.

If you provide a nutritionally-sound program for your family, they'll gain energy, stamina and better health, not to mention learning their A, B, C and D's in a tasty way.

IT PAYS TO ADVERTISE

When a man's pet hound disappeared, he put the following ad in the local newspaper: "Lost or ran away, liver-colored bird dog named Bill. Will show signs of hydrophobia in about three days." The dog came home the following morning.

EDUCATION

There has never been a shred of scientific evidence to prove that sending a person to school for so many years, and then terminating the educational process, will insure discreet judgments and intelligent decisions on the part of that person for the remainder of his life. We might just as well indicate that a young person be a glutton for 18 or 20 years in order to store up enough energy to make eating unnecessary during his adult years. Education is vital to survival during the whole lifetime of every citizen.

OUR DOG

A teacher instructed her class of youngsters to write an essay on "Our Dog." When she read the resulting masterpieces, she noticed that two of them, written by brothers, were remarkably similar.

Cornering one of the boys, she said, "This reads almost word for word the same as your brother's story."

The youngster looked up at her through innocent eyes. "Yes, ma'am, I know. It's the same dog."

SOMETIMES YOU GET ONLY ONE CHANCE

To put aside your pride and say humbly, "I was wrong."

To explain a misunderstanding that, if ignored, would sour a friendship.

To hear what a child very much needs to tell you.

To defend a person when slighting remarks are being made against him.

To accept a shy but sincere offer of friendship.

To stand up and be counted when you don't agree with the crowd.

HOW DO YOU FEEL?

Do you get the blues when it rains, and do you feel on top of the world when the day is beautiful? There's a scientific reason for the variations of your mood with the weather, according to scientists. It appears that the weather determines the quality of the air that we breathe, and the air, in turn, affects the chemistry of

the blood, thus making us feel depressed and worried, or exhilarated and happy. Other forces, of course, may modify the effects of the weather—such forces as diet, infection, and physical and mental activity.

THANK YOU

Americans in London always remark about the "thank you" that is a part of the most trifling transaction. It's "thank you" when you buy a newspaper, pay a bus fare, enter an elevator, or inscribe your name in a hotel register.

The "thank you" spirit is less common in America. In fact, it is so uncommon that efficiency experts frequently recommend it as a device for attracting favorable attention to an enterprise, such as selling newspapers or operating a bank.

In our democracy the "thank you" probably was dropped because it was thought to smack of servility. In England servility is demanded from service-men, tradesmen and servants.

Out of this situation a neat bit of psychology can be developed. Because the "thank you" is so infrequently heard here, it has an

IN APPRECIATION

It is with a great sense of humility that I extend my appreciation to the voters of the 75th Legislative District of Texas for the trust you have placed in me. I am also deeply grateful to the various committees and individuals who gave their time, money and in many other ways, helped my campaign for the office. Without your trust and dedication my election would have been impossible.

I would also like to extend an invitation to everyone in the district to contact me on the various issues that will confront us as we enter the new season of legislative work. Your opinions and insight into the problems and needs of the district will weigh heavily on any decision I will be called on to make in the legislature.

Again thanking each of you.

Then, there's that once a month when a girl could use a good old-fashioned medicine.

Maybe you feel just plain bad then. Or maybe a little lonely and sad, like you could use a pair of arms around you.

Well, we have just the thing for this once a month time. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients, including one that works to help relax tightened muscles that give you cramps. Plus a little iron that a girl could use at a time like this. And, you don't run any chance of the kind of unpleasant side effects you could get from some of the newer drugs.

With an old-fashioned problem like this, couldn't you take an old-fashioned medicine.

Junior Club Has English Tea Party

L. O. A. Junior Study Club members attended a real English Tea Party with tea and crumpets during the International Affairs Department program at 3:45 p.m. Tuesday, November 12, in the C. A. community room.

Mrs. Jerry Miller was hostess for the tea party, and served refreshments aboard the British liner which took members on a quick trip to Britain. Members were issued passports and tickets when they arrived at the travel office where large posters invited them to travel to Britain. Each member was assigned a seat on the plane, and her safety belt, and was whisked through a colorful after-dinner movie entitled, "Panorama of Britain." Booklets on things to see and do in Britain were given to each one attending, courtesy of the British Travel Service.

Mrs. Miller gave the devotional, "Nothing To Trouble One." Roll call was answered with "My Dream Vacation" by Mrs. Bud

Couch, Mrs. Fred Edwards, Mrs. Robert Haley Hill, Mrs. Joe Kitchens, Mrs. Champ McGavock, Mrs. Jerry Miller, Mrs. J. E. Patton, jr., Mrs. Charles Sarchet and Mrs. Art Sommerfeld. Mrs. Steve Miller was welcomed as a new member of the club.

During the business meeting, members voted to designate the proceeds of the Christmas Greeting Page in the local newspaper to an educational project, and Mrs. Edwards was asked to contact school administrators to determine what is of greatest need at this time that could be bought with the proceeds of the project.

The sponsorship of Santa's visit to Silverton was discussed. Members were asked to bring names for the Christmas project for shut-ins to the next meeting. Each was reminded to take her gift for a serviceman to the home of Mrs. Edwards Friday.

Members voted to sponsor the parties for the three children at the High Plains Training Center and Workshop for Retarded Children and Adults in Plainview who have birthdays during January. The club will be responsible for cookies, a birthday cake and drinks for the children's parties. Mrs. Patton expressed apprecia-

Honor Society Observes 30th Birthday at Banquet

Members of Gamma Iota Chapter of Delta Kappa Gamma, international honor society for women in education, observed the 30th birthday of the chapter with a formal banquet Saturday evening in the Alcove Fireplace room. Miss Mattie Sue Howell gave the invocation.

Mrs. Sam Cowan of Plainview, Gamma Iota President, presided at the meeting. In recognition of the birthday of the chapter, she gave a short history stating that Miss Eula Lee Carter organized the chapter in 1938, and that the chapter now includes members from Briscoe, Floyd, Hale and Swisher counties. Miss Mattie Sue Howell, Mrs. Lee Nowlin and Miss Anna Lee Anderson were recognized as charter members and were presented gifts. Individual birthday cakes with candles were

served to members and guests. Administrators from the public schools from the four-county area and from Wayland College were guests for the meeting, as were the husbands of members.

Mrs. Evelyn Laney, first vice-president of Alpha State, was speaker for the occasion. She was introduced by Mrs. Nowlin, who pointed out her many services to the organization in addition to her service to her community and its children through her teaching in the Amarillo school system. Mrs. Laney's talk, entitled "To Thine Own Self Be True," concerned the commitment and responsibility of teachers, emphasizing that a teacher never knows how far-reaching his influence might be. Kindness, compassion and tolerance are qualities a teacher must demonstrate daily so that children will have a pattern to follow "To light one taper is to kindle many lights."

Delta Kappa Gamma members from Silverton are Mrs. Alvin Redin, Mrs. O. C. Rampley, Mrs.

Fred Mercer, Mrs. Ruth Baker, Miss Anna Lee Anderson and Mrs. Lee D. Bomar.

Fashion Forecast Masks Will Be "In"

Air pollution is threatening to make an indelible mark on female fashion.

With soot, smoke, ash and other matter pouring from auto exhausts, chimneys, smokestacks and municipal incinerators, an Army surplus gas mask may well become as familiar an element of fashion this Fall as white calf stretch boots and a wrap-around shirtdress.

While the gas mask isn't very chic, it does a highly effective job of protecting the wearer from pollutants in the air. At the heart of the gas mask for a full half century has been an activated charcoal filter which absorbs, or holds, the pollutants, while permitting fresh air to pass through unchecked.

Best known for its use in the cigarette filter which gives Tareyton's the taste which makes smokers say they'd "rather fight than switch," activated charcoal takes on pollutants in our daily life in a variety of ways. It protects food from odors and contamination; it is used to purify the water in the reservoir systems of thousands of American cities; soft drink, beer and alcoholic beverage producers employ it in the production of their products.

And, outside the gas mask, it is still doing an excellent job of purifying the air we breathe. It is the key to the fresh air problem which faced designers of atomic submarines - craft which hover beneath the surface for weeks at a time without taking in any fresh air. Activated charcoal filters are also used to provide fresh, breathable air in space capsules and in "air conditioned" buildings from coast to coast.

Eleven Senior Owls In Last Game Friday

Eleven seniors will be playing football for the Owls for the last time at Happy Friday night. They are Lannie Arnold, Cletus Grady, Larry Comer, Danny Vaughan, Paul Ray McWilliams, Mike Tate, Johnnie Roy Weaver, Jackie Davis, Ronnie Sharp, Gary Whitfill and Donald West.

Lannie Arnold is one of the co-captains. He starts at quarterback on offense and safety on defense. He has averaged 39 yards a punt this year. Last year, as a junior, Arnold received All-District honors on defense.

Cletus Grady is another co-captain. He starts both ways as a halfback. As a state finalist last year in the 440, Grady has been a constant threat on kickoff returns and punt returns. He also made the Amarillo Daily News "Back of the Week" for his actions against White Deer. Grady received honorable mention when the All-District selections were made last year.

Larry Comer is also a co-captain. He starts as a guard on offense and linebacker on defense. Comer is one of the better leaders and one of the best blockers in the offensive line. He received All-District honors last year.

Danny Vaughan is a 200-pound center offensively and guard on defense. He has done all place kicking this year. Although he has not tried any field goals, he has kicked several extra points.

Paul Ray McWilliams starts at split end and is the second leading pass receiver this year. He has caught several passes, three of which were for touchdowns.

Mike Tate starts at flanker on offense and corner on defense. He is the leading pass receiver this year, having caught numerous passes, two of them for touchdowns. He also scored one touchdown rushing.

Johnnie Roy Weaver started at corner on defense at the first of the season but was switched to guard on defense three ballgames ago, and has done a fine job there.

Jackie Davis is a 200-pound tackle both ways and is possibly one of the most consistent ball players. Jackie has done a fine job from his tackle position especially at the defensive spot.

Ronnie Sharp is another 200-pound tackle. He starts on defense and has done a good job, especially considering that this is his first year to play any varsity football.

Gary Whitfill alternates at tight end with Donald West. Both have done equally good jobs and have caught several passes. Each has two points to his credit for having caught conversion passes.

The boys were honored at the last home game, and will be missed very much next year.

Fred Strange, Commander of the Silverton V.F.W. Post, and Coach Billy Wiggins are shown with the new score clock which has recently been donated to Silverton High School by the local Veterans of Foreign Wars.

V.F.W. Post 7839, We Love You

The Silverton Owls and athletic fans are very grateful for the new score clock that has recently been installed in the Silverton gym.

Post Commander Fred Strange reported that the Loyd Sherman Post of the Veterans of Foreign Wars purchased the clock for \$575.00, and donated it to the school.

An accurate clock is a MUST for the maintenance of good will between opposing teams and fans, and with basketball season about to begin, the new clock will be greatly appreciated.

SCHOOL SPIRIT

by Patricia McCoy

S.H.S. is a school to be proud of. During Pep Rallies, why not show your pride? Yell as though your head were going to burst. We are proud of our boys. We have a great football team. So show them we're proud of them. Do all you can during the week to arouse school spirit. Just because we have lost some games doesn't mean we're finished.

When our team is playing a game, yell for them all the time they are out there and until they go off the field. Show the other team we mean business.

No matter if they win or lose, they are still something to be proud of because they come from S. H. S.!

What's Wrong With Teenagers?

by Rhonda Dickerson

Teenagers are full of mischievous ideas. When you are a teenager, you act like you have not one worry in the world. Most people think bad of teenagers before they are given a chance to prove differently.

Teenagers express their feelings more than anyone else, which usually does more harm than good, but I don't know one teenager who would give up his teen years for anything else in the world!

A Tribute To The Cheerleaders

Once again we are nearing the close of another football season. It is time now to give some attention to five hard-working cheerleaders who deserve a lot of praise. They are Juannah Nance, Carol Ann Montague, Cathy Jones, Lanis Davis and Paula Montague.

The girls have practiced many hours on their yells and have even worked up skits for everyone to enjoy. Each Friday night they have been out leading the Pep Squad in yells and cheering for the Owls.

As we near the end of the football season, remember that these girls played a big part in making it a success.

KNOW SALE

The manager of a department store was puzzled recently when it was discovered that a certain cash register showed more than 100 "no sales." An investigation disclosed that a teen-age clerk was punching the "no sale" button every time a customer walked away without making a purchase.

1938 CHEERLEADERS—Three 1938 S. H. S. cheerleaders, Bess McWilliams, Donaleta Garrison and Durene Nance, made an appearance at the Pep Rally last Friday morning. They led the students in a cheer, and presented the football hero for whom they led cheers in 1938, O. C. Rampley.

Old-Fashioned Pep Rally Held Here Last Friday

Memories from the past were brought back as cheerleaders performed last Friday morning at an "Old Fashioned Pep Rally."

A cheerleader from the cave times was portrayed by Cindy Cross, an Egyptian cheerleader by Lexie Younger, and a flapper cheerleader by Evelyn Wood.

To the surprise of the student body, three cheerleaders of 1938—Durene Nance, Bess McWilliams and Donaleta Garrison—led the group in several yells. As a highlight to the rally, they presented their football hero—O. C. Rampley.

Present cheerleaders were dressed in 1951 uniforms as they led yells from past years.

Speeches concerning the game with McLean were given by Dana Martin, Ronnie Sharp, Jay Long and Gail Mayfield.

Everyone seemed to enjoy the Pep Rally—especially a number of ex-students who had gotten wind of what was to happen and came to see their friends perform. The occasion brought back memories of their own high school days.

CARDS OF THANKS

Dear Silverton friends, Your thoughtfulness and the beautiful floral gift completely overwhelmed us. Your remembering us meant so much to us. We hold our Silverton friends in the very highest regard.

This occasion has been a signal honor to us, but we are aware of the fact that family and friends deserve a share of the honor.

We deeply appreciate you and others who are a part of our past experiences.

Sincerely, Chester and Gladys Strickland

I wish to take this opportunity to thank all our family and friends for the food, flowers, cards and visits while I was in the hospital and since I have been home. May God bless you for your thoughtfulness. Johnnie Weaver

I can't find words to express my appreciation to my many friends for all the nice things done for me since I broke my ankle. I just want to say thank you from the bottom of my heart for your visits, cards and nice food. May God bless each of you. Mrs. J. M. Perry

THREE-DAY CONVENTION ATTENDED AT LEVELLAND

The delegates to the three-day convention of Jehovah's Witnesses returned to Silverton this week to resume their regular schedule of activity.

The Christian gathering in Levelland was attended by 636. Convention officials described it as a "spiritually upbuilding series of Bible talks designed to appeal to old and young alike."

Mr. L. M. Dugan, principal speaker for the assembly, encouraged the audience to show God that they appreciate His love for them.

At the conclusion of the main Bible lecture, Dugan suggested, "We must learn to imitate God's way of love by helping others to find the happiness that comes from serving Him. Such a course will convince others that God's way of love is the only practical

course for man today." Twenty-three delegates from Silverton attended the convention in Levelland.

Weekend visitors in the home of Mr. and Mrs. Lark Miller were Rev. and Mrs. Cleo Misner, Lana Kay and Dwain.

Buy Bonds where you work.

He does.

It's miserable work, crawling through a rice paddy. And being shot at. This American does the job for freedom's sake. So do thousands of his buddies. Many of these brave men also support freedom with their dollars: A majority of our servicemen overseas are investing in U.S.

Savings Bonds. Would you like to show this man you're with him? One good way is to buy Savings Bonds where you bank or join the Payroll Savings Plan where you work. You'll make a good investment. And you'll walk a bit taller.

U.S. Savings Bonds

Bond facts: Savings Bonds pay you back \$4 for every \$3 at maturity in only seven years... are replaced free if lost, destroyed or stolen... have special tax advantages... can be redeemed whenever the need arises.
