Seven Girls Vying For Rodeo Queen Title

THURSDAY, AUGUST 7, 1969

SILVERTON, (Briscoe County) TEXAS

VOLUME 61 NUMBER 32

Louie Kitchens, chairman of Briscoe County Committee, presented a 10 year service award to Mrs. C. A. (Anna Bell) Tipton last week during a ceremony conducted at the County ASCS Office in Silverton.

Entries Needed For Rodeo Parade

Entries are still being sought for the Silverton Rodeo Parade to be staged in downtown Silverton at 3:00 p.m. Thursday, August 14. Those planning to enter floats are asked to contact Mr. or Mrs. Louie Kitchens, 847-4441.

Cash prizes of \$50.00, \$30.00 and \$20.00 will be awarded to the winners.

BICYCLE DECORATION

A bicycle decoration contest will be sponsored again this year by the Briscoe County News. Cash prizes of \$8.00, \$4.00 and \$2.00 will be given.

Each of the contestants in this division will be asked to wear a number—which will be assigned at the Briscoe County News until parade time Thursday—for the purpose of identification by the judges. The numbers are to be attached to the right side of the entry for easy viewing by the judges.

JUDGES

An effort is being made to secure Quittaque people to serve as judges for the floats and bicycles. The winners will be announced and the prizes awarded at the public barbecue in the City Park immediately following the parade.

Mrs. Dusty McLeland and Kevin of Amarillo have been here visiting her parents, Mr. and Mrs. Edwin Davis and Lanis and other relatives. Mrs. Leo Fleming and children returned Mrs. McLeland and Kevin home Tuesday morning.

County Birthday To Be Observed

Silverton Young Farmers will sponsor a rodeo in observance of the 77th Anniversary of Briscoe County August 14-15-16 at the Silverton Rodeo Arena.

Admission will be \$1.50 for adults and 50c for children for the rodeo performances which will begin at 8:00 p.m. on each of the three nights.

Stock will be furnished by the Ratjen Rodeo Company of Happy.

Events will include saddle bronc riding, bull dogging, tie down calf roping, heading and heeling, ladies barrel race, bareback bronc riding, bull riding, kid's break-away roping, and a wild mare race. A kid's calf scramble will be held each night.

A feature attraction on each of the three nights will be a wild cow milking contest (no entry fee required) in which members of the Silverton Merchants' Association will take part. The winner will be the team of businessmen who first bring to the judges enough milk to pour.

RODEO QUEEN

A Rodeo Queen will be presented Saturday night. She will be the contestant who has given most service to the Young Farmers by selling the largest number of tickets to the rodeo.

Fred Strange is the rodeo secretary, and full details on entries and fees may be found on page three of this edition.

Wheat Production and Grazing Meeting Slated Here Friday

The Briscoe County Wheat Production and Grazing meeting will be held on August 8, 1969 at 7:30 a.m. at City Cafe in Silverton. The meeting will last for 45 minutes to an hour, and will cover new grazing practices on wheat, as well as the current varieties of wheat and production practices, according to County Agricultural Agent Ken Cook.

The speakers will include Dr. Robert Metzger of Lubbock and R. J. Hodges of College Station. Mike McManigal of the Briscoe County ASCS will talk on the Government Wheat Program.

All farmers and ranchers are being urged by the County Agent to attend the morning meeting. Coffee will be served.

Revival Planned At Assembly of God

Rev. Cecil Vaughan of San Angelo, founder and former pastor of the Assembly of God Church in Silverton, will conduct a revival at that church at 7:30 o'clock nightly beginning Sunday, August 10.

He will be accompanied by his daughter, Mrs. Lavelle Mauldin and family of Springdale, Arkansas.

Everyone is welcome to attend these meetings, according to the pastor, Rev. M. L. King.

Yearly Rainfall Totals 11.36 Inches

The official rainfall measured in Silverton amounted to 11.36 inches through August 1, according to an announcement by Fred Strange.

This fell as .59 of an inch in February; 1.36 inches in March; .88 of an inch in April; 3.33 inches in May; 3.45 inches in June, and 1.70 inches in July.

With a mean annual rainfall of about 20.00 inches, it can be seen that Silverton is going to fall behind the yearly average in 1969 if next five months do not see approximately 10.00 inches of moisture recorded here.

School Budget Meeting Is August 14

The annual School Budget Meeting will be held Thursday, August 14, at 8:00 p.m. in the school cafeteria.

Mr. and Mrs. J. R. Steele were in Lubbock Sunday afternoon to attend an antique auction.

N. F. O. Meets Here Monday Night

The local chapter of NFO will meet Monday night at 8:30 o'clock in the P. C. A. community room.

Baird Promoted To Vice-Presidency

Sale of controlling interest in the Winkler County State Bank at Wink has been announced. Melvin Dow of Wink has sold his interest to a trio of Earth and Hart bankers, Norlan Dudley, Willis A. Hawkins, sr. and W. A. Hawkins, jr.

Bill Baird, son of Mr. and Mrs. R. A. Baird of Silverton, who has been with the Wink bank for four years has been promoted to vice-president and will be the active manager of the bank. Mr. Hawkins, sr. has been elected president, and Mr. Hawkins, jr. and Dudley will serve as senior vice-presidents. All three of the purchasers have been elected to the board of directors.

The purchasers own the Farmers State Bank at Hart, where Mr. Hawkins, jr. serves as director and president. Mr. Hawkins, sr. is chairman of the board, and Dudley is executive vice-president and director. They own controlling interest of the Citizens State Bank at Earth, where Mr. Hawkins, sr. serves as chairman of the board and Dudley is president and all serve on the board of directors. Both Messrs. Hawkins are vice-presidents of the Earth bank.

Norlan Dudley is the son of Mr. and Mrs. Milton Dudley of Silverton.

Texas Water Bond Election Sees Failure

Four of the nine constitutional amendments—including the Texas water plan bond issue—apparently failed in Tuesday's special election. Two proposals which were indicating failure were Number Three: Legislator's Salaries and Number Nine: Annual Legislative Sessions. Proposed amendment Number Six authorizing removal of interest rate limitations on certain bonds also appeared to be failing.

The Texas Water Plan bond issue was said to have been defeated in the Houston area by five negative votes to each affirmative vote.

Briscoe County voters agreed with the state-wide trend on the other proposals.

The water bond issue carried in Briscoe County 363-59; however, there was just too much apathy on the part of the rural-area voters to offset the attitudes of the city people who are not in sympathy with the prediction by engineers that in 15 years the agricultural region of West Texas will be completely without irrigation water from its own ground sources.

Other Briscoe County election results:

- 1. Constitutional Deletions—235 for, 136 against
- 2. Legislator's Salaries—164 for, 215 against
- 3. Water Supply Tax exemption—247 for, 140 against
- 4. Welfare Fund—262 for, 144 against
- 5. Bond Rates—173 for, 186 against
- 6. Employee Survivor Assistance—222 for, 170 against

Seven Silverton girls are competing for Rodeo Queen this year. Each girl and a member of her sponsoring organization met at the City Cafe Monday afternoon and received her rodeo tickets. The girl who sells the most tickets to the rodeo to be held August 14-16 will be presented as the queen on the Saturday night of the rodeo.

CLUB TO SELL REFRESHMENTS ON AFTERNOON OF PARADE

Century of Progress Study Club will sell spudnuts and slushy drinks in front of Hutsell Insurance Agency after lunch on the day of the rodeo parade, Thursday, August 14.

Other business to come before the group is judging the winner of the Silverton Slogan Contest. Five dollars will be presented to the person who submitted the slogan judged best by the club.

- 8. Student Loans—250 for, 138 against

The Open Door

"... behold, I have set before thee an open door ..."

OH H-E-L-L-!!!

"Depart from me, ye cursed, into everlasting fire, prepared for the devil and his angels."
 Matthew 25:41
 by Earl Cantwell
 Minister, Rock Creek Church

Imagine me without the smile above, because I am not smiling at this moment. I am assailed with deep misgivings right now. Imagine yourself walking along the street and meeting a group of very young boys, note they are engrossed in their own affairs, and you, hearing their chatter, are suddenly startled by a very loud and nerve chilling "OH HELL." Stunned for a moment, I began pondering this ejaculation with its companions such as "HELL NO," "HELL YES," "WHAT THE HELL?" "GO TO HELL" and other like uses of this Bible word that has become so much a part of our casual conversation. What I'm writing now is the result of a realization that those who use it so carelessly should at least know more about it than they seem to be aware of at present.

Some may feel like cautioning me about "MY LANGUAGE" but do you think that one should refrain from talking about God simply because people use His name in vain? No more should I keep silent about HELL just because it is being openly used as it is by so many thoughtless passersby.

In keeping with the caption of this column, "Behold I set before you an open door." I want to call your attention to what will happen to all who turn away from that "open door." In John 10:9, Jesus says, "I am the door, by Me if any man enter in, he shall be saved." Saved from what, may I ask? I am convinced that He is speaking of the very important "Salvation from sin and its ultimate end." That ultimate end is HELL, whatever and wherever it is to be. Now shall we think seriously for a mo-

Farmers Union Condemns Entire Farm Retirement

The Board of Directors of Texas Farmers Union, meeting at a called session in Waco recently, condemned all federal programs that retire entire farms, whether called "soil bank, land retirement, or easement plans." The resolution indicted soil bank-like programs as being of a distinct "disadvantage to commercial family farmers."

The resolution against soil bank programs asserted that these programs are expensive, damaging to the rural communities, and will

Son of God than we who, today, deny His Deity, abuse His name, ignore His Gospel, trample underfoot His blood, bemean His body (The Church, for which He died), deride His saints, neglect His little ones, and thoughtlessly pursue our own pernicious ways. Seeing this to be true, how can any thoughtful person charge God with injustice?

It disturbs me to hear people, who make no claim to being Christians, using these expressions, taking God's name in vain, and speaking so lightly about Hell. But when I hear, everyday, people who claim to be Believers in God and followers of Jesus Christ, using these same expressions with the same abandon and thoughtlessness, Christians and Christians' children engaging in blasphemous conversation, I tremble at the indifference that prevails today in this matter.

Friends, why do we persist in using them when a simple, dignified, clear "no" or "yes" would be better in every way?

Some cities advertise themselves by claiming that they have "no toothaches;" another says "without a frown;" still another says this; another that. How about this for a slogan: "The town without a 'cuss' word?"

My friends, this "plain" message is sincerely dedicated to more noble conversations on the streets, in our homes, the football field (in the stands, also), and every place.

Please let us "watch our language" for Jesus says very plainly in Matthew 12:37: "I say unto you that every idle word that men shall speak, they shall give an account thereof in the day of judgment. For by thy words thou shalt be justified and by thy words thou shalt be condemned."

I would like to think that this humble article would start a crusade in our community to clean up our conversations. I pray that at least it will start everyone to listening to themselves as others hear them.

Donations Needed For Public Barbecue

At a called meeting of the officers of the Merchants Association, the group voted to sponsor the barbecue this year during the rodeo. Bud Couch was appointed by President Jack Robertson to be in

charge of the barbecue. The Riding Club, Young Farmers and Lions Club are also to assist with the barbecue.

Anyone wishing to donate to this project may mail or leave their contribution at the First State Bank, where a special account is being set up, or the money can be given to any of the Silverton merchants who will do this

for you. The rodeo will be held August 14-15-16. The barbecue will be served following the parade on Thursday, August 14.

Mary O'Dell of Plainview, Mr. and Mrs. Hubert Hall of Memphis, Linda Hall of Childress, Mrs. Billy Overmyer and Patty of Lubbock were supper guests of Mr. and Mrs. Berton Hughes July 26.

The Board questioned the wisdom of farmers financing costly programs to reduce cost of production and urged the Cotton Producers Institute to "de-emphasize projects that are entirely devoted to the reduction of cotton production costs."

Turning to commodity promotion, the policymakers asserted that commodity promotion programs have historically resulted in little or no price increase to agricultural producers. They suggested that the millions of dollars that are annually being spent to promote various farm commodities be questioned in the light of scientific studies devoted to determining the various "promotability levels" for various farm commodities.

Looking toward the special session of the Legislature, the directors endorsed passage of a corporate profits tax to finance needed state programs. The resolution stated that because of the present cost-price squeeze in agriculture, and accelerating real estate and property taxes, additional "ad valorem and sales taxes are particularly regressive and discriminatory against farm and ranch producers."

Stating that the cost of handling cotton from the farmer to the textile mills is almost as much as the cost of producing cotton, the farm group urged the Cotton Producers Institute to initiate "imme-

Finding the Way

"The Lord shall guide the continually."
 - Isaiah 58:11

You cannot sit by the side of the road and expect to find the kind of faith you need for successful living. You must turn your footsteps toward the open door of your church and direct your thoughts to the significance of God's commandments.

Look to the example of the life of Christ upon earth and work into your own pattern of living some worthwhile form of dedication and service.

Seek guidance, thoughtfully, in the word of God, in the teachings of Christ and you will find faith sufficient to your needs.

Local Scouts Return From National Ranch

Quinn Montague and Ronnie Vaughan have been at Philmont Scout Ranch and Explorer Base near Cimarron, New Mexico, the national camping area of the Boy Scouts of America. Montague and Vaughan were part of a contingent of eleven Scouts and Explorers representing various troops and posts in the South Plains Council, BSA, headquartered in Lubbock.

The Scouts took part in training at the "University of the Great Outdoors" for their 12-day high adventure expedition under the guidance of Philmont's Ranger staff. The group's Ranger instructor trained them in wilderness cooking, backpacking, hiking techniques, and uses of a compass and map. After three days with their Ranger, the expedition continued on mountain trails on the 214-square mile ranch under their own adult leader, Silas E. Short of Post.

While on the trail, the Scouts participated in programs offered in 20 mountain camps by members of Philmont's 350-man staff. These programs included burro packing, horseback riding, gold panning and mining, archaeological study and digging, and advanced mountaineering. This summer, during the Ranch's 31st camping season, more than 11,000 Explorers and older Boy Scouts will take part in these and other activities.

After the opening campfire at which the "New Mexico Story" was narrated, the Scouts left the Camping Headquarters and moved to their mountain starting camp in the rugged Sangre de Cristo range of the Rocky Mountains.

EXPERIENCE

It is rightfully said there is no substitute for experience. The successful athlete gains experience in training and through competition. A doctor of medicine practices his profession only after formal education and practical experience as an intern.

In the world of business, "instant success" is the exception, rather than the rule. The successful merchant builds his business, not overnight, but day-after-day, on

the basis of a continuing policy of service and satisfaction for every customer.

The established local merchant is experienced in meeting the needs of the community. The measure of his success is dependent upon sustained performance. This is why the reputable merchant is as interested in providing service as in making a sale.

This is why we suggest it's wise to shop the local community, first and always.

Committee Nominees Sought

Farmers and ranchers in Briscoe County are reminded that this is the time of year for ASCS Community Committee elections. Some may not know that they can get someone's name on the ballot. Usually candidates are first selected by the community committees and then extra nominees are selected by the County Committee. There is another method provided, however, that allows a group of farmers to nominate a person for a committee position prior to the selection of the other candidates by the committees. Petitions must be:

1. Limited to one nominee each;
2. Signed by at least six eligible voters in the community (eligible voters may sign as many petitions as they desire);
3. Received at the County Office no later than 5:00 p.m. August 22, 1969. Persons nominated should be (1) Currently engaged in the operation of a farm or ranch and (2) well qualified for committee work. In general, a person is eligible to be a community committeeman if he farms in the community in which nominated and lives in Briscoe County. If a person who is nominated by petition is found to be ineligible, he will be notified and given 15 days to appeal to the County Committee. The community boundaries are the same this year as last. "A" community is all of Briscoe County on top of the Caprock, north of Highway 86. "B" community is all of Briscoe County below the Caprock. "C" community is all of Briscoe County on the Caprock south of Highway 86. Mr. and Mrs. Perry Thomas returned on Tuesday of last week after a visit with Mr. and Mrs. Don Thomas in Champaign, Illinois. Enroute there, they traveled through Kentucky, Tennessee and Lower Illinois, visiting in Saint Louis with her nephew, Col. Charles Finch and family. As they returned home, they visited Mr. and Mrs. Clyde Thomas in Oak City, Oklahoma.

Fred Mercer recently installed this tailwater recovery system on the Hodkins farm southwest of Silverton. Two diversion terraces bring all the tailwater from 485 acres to the storage pit. When the pit fills, the water is automatically pumped back into the irrigation system. Runoff water from rain will fill the pit and then go down a Bermuda grass waterway into a playa lake. A system of parallel terraces was constructed on steep land below the diversion terraces. The terraces and irrigation systems were designed by the Soil Conservation Service technicians assisting the Cap Rock Soil and Water Conservation District.

Miss Paula Carol Turner, bride-elect of John Kenneth Schertz of San Antonio, will be honored at a miscellaneous shower soon.

FIGHT BACK!

Fight the price/cost squeeze on your wheat with NITROMITE, Shamrock's fine brand of anhydrous ammonia. A preplant application of NITROMITE speeds early growth, producing lush, high-quality forage (and plenty of it!)—an important factor if you plan to graze cattle this winter. And the cash crop? NITROMITE delivers the most usable nitrogen per dollar to help increase yields without increasing cost appreciably. So come harvest, even if prices are low, you make out. If they're good, you'll be the big winner. Put down NITROMITE now. It'll give you a fighting chance in the marketplace.

MRS. RICHARD WAYNE UNGER

MISSISSNEEY - UNGER VOWS PLEDGED

The home of Mr. and Mrs. H. B. Sissney in the Rock Creek community southwest of Silverton was the setting for their daughter's wedding Saturday afternoon at 2:00 o'clock.

Miss Linda Gale Sissney and Richard Wayne Unger, both of Lubbock, pledged wedding vows in a double-ring ceremony directed by the Rev. Dane Freeman, pastor of the First Baptist Church in Can-
ton.

Parents of the bridegroom are Mr. and Mrs. H. B. Unger of Kermit. The nuptial area was draped with white satin decorated with blue velvet trim. Baskets of white mums were accented with blue, and the couple's memory candle completed the decor.

Escorted and given in marriage by her father, the bride wore a formal gown of beau de soie with re-embroidered Alencon scalloped lace yoke and long sleeves which ended in petal points over her hands. Her Watteau train was accented with lace, crystals and pearl motifs and was attach-

ed to a lace banded skirt. Her tiered veil of French silk illusion was attached to a multi beau de soie caplet edged with seed pearls.

Her cascade bouquet of white gladiolus surrounded a cluster of gardenias from which fell a shower of white satin ribbon tied in lovers' knots.

The bride's sister, Miss Donna Sissney, was maid of honor. Jerry Hornburger of Kermit served as best man.

Miss Sissney was attired in a street-length gown of pastel blue net in A-line styling that featured long flowered voile sleeves. She wore a matching bow that held a brief veil of net. Her nosegay was an arrangement of blue daisies tied with avocado ribbon.

Misses Teresa Dee and Pamela Kay Sissney, sisters of the bride, were flower girls. They wore pale blue princess-style dresses designed with scalloped sleeves and hemlines. They wore wristlets of blue daisies tied with avocado ribbon.

A reception followed the ceremony, with Misses Phyllis Dunn of Memphis and Patsy Bryant of Slaton assisting with registration and serving.

The bride's table was decorated with her bridal bouquet and the wedding cake, punch and napkins.

Following their wedding trip to Denver, Colorado, the couple will be at home at 2306 B 62nd Street in Lubbock, where the bridegroom

DEAR EDITOR:

In the past when Girlstown has needed help you and your newspaper has been our friend, and have helped us. We have always appreciated this fact.

We here at Girlstown USA need an air conditioner for the bus that we have. Sixty girls on a hot bus is not worth describing, as it does not make a pretty picture. We would appreciate donations, no matter how small or large. Please mail donations to Mr. Marshall Cooper, Box 35, Whiteface, Texas 79379. Mark the check "air conditioner." What a blessing this will be!

We have been told that it can be done for about \$700.00 so what your town can do to help, all of us here at Girlstown will greatly appreciate.

If any of the women's clubs in or around Silverton would like to sponsor a girl, please write and all the information will be mailed to them. We have about 70 girls from the ages of 2 through 18, many who need the help of a sponsor.

Thank you for your help in the past and for the help in the future.

May God bless you for caring.
Cordially,

JAMES W. DILLARD
President

Dear Friends:

It has occurred to me that you might like a closer look at Frank Phillips College, and how I see the college and its place in American Higher Education.

College education today in many institutions of higher education is becoming more and more impersonal. It is standardized, mass produced, efficient and cold. The emphasis is on knowledge itself, with little relation to human values. The student does not experience the personality of the teacher because they are strangers.

On the campus of Frank Phillips College, education begins with a deep interest and respect for each individual student. Those qualities which make each of us unique, and, therefore ourselves, may be our outstanding talent. To develop the talents of our students has always been the primary reason for our being.

Frank Phillips College stresses the pursuit of sound values as well as the pursuit of knowledge.

Frank Phillips College upholds sound moral standards as well as academic standards.

Frank Phillips College expects responsibility from every student.

We oppose those who want neutrality on values and morals, and who want a student life in which responsibility is not asked. We have no place for this philosophy in our halls and on our campus.

The atmosphere of responsibility on the campus can only be sensed, of course, but it is as real as the buildings themselves. We are all influenced by it. It is an important factor in our planning. It is the kind of atmosphere that encourages balance and order in the lives of the students.

The atmosphere of responsibility on the campus can only be sensed, of course, but it is as real as the buildings themselves. We are all influenced by encourage balance and order in the lives of the students.

This atmosphere speaks softly in brick and cement, and I will preserve it for every student who walks the campus in all the years to come.

Sincerely,
J. W. Dillard

Engagement Announced

JOYCE BROOKS

Mr. and Mrs. A. T. Brooks announce the engagement of their daughter, Joyce, to Mr. Ronnie Drewry, son of Mr. and Mrs. Lenzie Drewry of Loveland.

Both Miss Brooks and her fiance are graduates of Silverton High School. Mr. Drewry is employed as a switchboard operator at the State Department of Correction in Huntsville while attending Sam Houston State College. The bride-elect is employed at City Cafe in Silverton.

Luncheon guests in the home of Mr. and Mrs. Berton Hughes July 26 were Randy Hughes and his fiancée, Miss Judy Rucker, Mr. and Mrs. Jerry Hawk and children and Joy Sue Rucker.

Mrs. Nolan Rucker visited in the home later.

Mr. and Mrs. Roy Lee McKenney and Terry of Carlsbad, New Mexico, have recently been here visiting his parents, Mr. and Mrs. P. H. McKenney, other relatives and friends.

Donations Being Collected For Girls

During the past year, drives for donations of good used clothing, household items and money for Girlstown U. S. A. have been conducted by members of the Silverton Young Homemakers and the L. O. A. Junior Study Club. Numerous boxes of things have been delivered to both the Berger and Whiteface units from Silverton.

The Young Homemakers are presently conducting a drive for Girlstown, and will appreciate any assistance the people of Silverton can give. The drive will continue until early in August when the Young Homemakers plan to take the things donated to Girlstown.

Both the Berger and Whiteface units are growing, and your support is badly needed. Money is needed at this time to build a new dorm to make room for girls who have been abandoned, abused and mistreated. During the past year, 780 girls in need of a home have been turned away at Girlstown simply because there is no room for them.

Mr. and Mrs. Marshall Cooper, directors of Girlstown U. S. A., are doing a terrific job with the girls. There is an extraordinary opportunity being given to the girls who live at Girlstown, and they would like to be able to open their home, their family and their hearts to as many girls as possible.

If you have anything to donate to Girlstown, please contact Mrs. Gordon Lowrey.

Make Friends with Your Nerves

Here's a snatch of domestic dialogue you probably haven't heard. It consists of precisely two words. Still, those two words say a great deal about the ways and means of living a successful life.

Let's call our domestic couple Mary and Joe. The dialogue goes like this.

Mary: "Relax."

Joe: "How?"

That reply may sound pretty ridiculous at a first reading. After all, don't we all know what it means to relax? And isn't the real problem to do it?

But the more you consider it, the more complicated the thing becomes. The word "relax" has many meanings. So there's little sense in using it as a piece of advice until you know what's bothering the other party.

Consider the following cases. A nurse massaging a patient's neck muscles. An ad man trying to unwind after a trying day with some big accounts. A commuter in a train that's been stalled on the tracks

for half-an-hour.

Each calls for a different approach to the problem of relaxation.

Is there a common denominator?

Yes, there is — to wit, the nervous system. The idea for all of our examples is to get the nerves under control. That's why each should understand what's happening when his nerves are acting up.

Only then does the word "relax" take on a practical, pragmatic meaning in the sense of providing and antidote that works.

I know one man who recites poetry to himself. Then there are the partisans of controlled breathing, or a brief lie-down, or some physical act such as writing a letter.

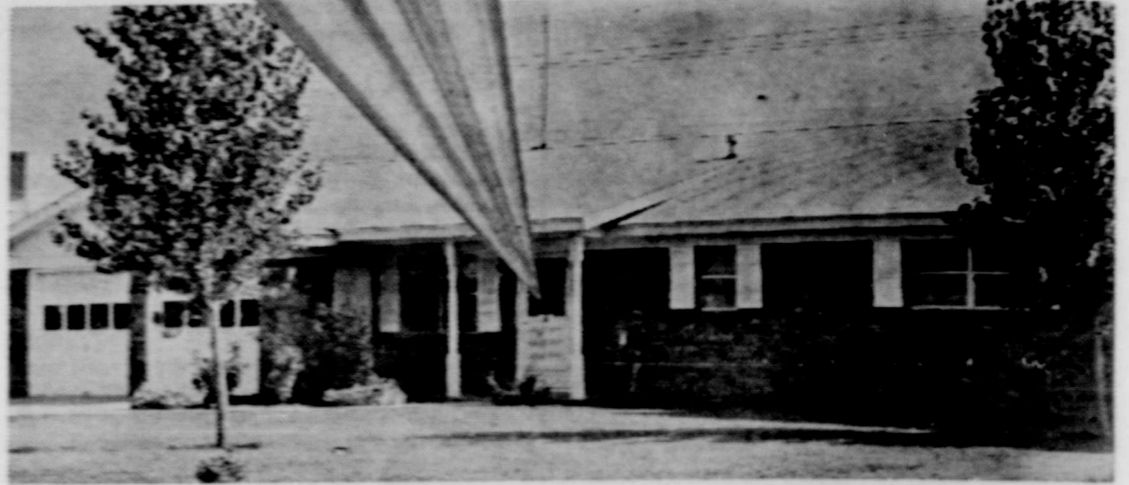

If you make friends with your nerves, you'll be in a position to reach for your own remedy. If you have some knowledge of the other fellow's nerves, you'll have some grasp of the advice he needs.

In other words, if you're Mary, it would be wise to have an answer ready when you tell Joe to relax, and he asks how.

Buyer... vs. Seller

Most of us lead a double life.

One minute we're a BUYER. The next minute we're a SELLER . . . of goods, services, time, or talents.

Of course, there's some incompatibility in a Buyer-Seller combination. About like you'd expect in a dog-and-cat mixture.

Consequently, we sometimes get to playing our part as Mr. Buyer with such enthusiasm we forget that our other self, Mr. Seller, has to

put dollars in our pocket before our Mr. Buyer self can spend them out of it.

And every time we, as Mr. Buyer, take one of those dollars out of circulation here by spending it out of town, we shrink Mr. Seller's market so it's a little harder for him to get us some more dollars.

It's too bad we don't get more teamwork out of our two personalities. When Mr. Buyer is cutting Mr. Seller's throat, we need to recall that they are both using the same throat.
