dumped the diaper in the trash can. That's what they deserved for such disorganization! Got a Coke and hurried back. Sure was glad the girl helped me out.
 We thought we'd be first in line to check our bags but before we knew it they were all ahead of us again. So we pushed and shoved again (each of these lines took an hour or more). Ruth helped me push my bags along and I helped a girl behind me. She had a five-month-old girl, two big bags, a little bag, wig case and two diaper bags! I couldn't believe she'd had the nerve to try to manage all that. We finally made it up to the front and got rid of my big bag. Then we didn't have a place to sit. No room to walk around, so just stood in one spot for another hour.

All the girls kept saying how good Warren was—hoped they'd have as good a child, etc. The girl with all the luggage kept rubbing her baby against Warren—said she hoped his goodness rubbed off on her! Her little girl cried nearly the whole six hours we stood there—felt so sorry for her. Finally one plane left so we grabbed a coffee table to sit on. About 12:30 they finally called our flight—they said to let the women with children go first and they started shoving me up front. It was freezing outside so they rushed us on up into the plane. I couldn't believe how long that plane was. We walked and walked to get toward the back. Finally

popped out and just sat down by the window. Six people in each row—cramped together. Thought I'd crack up before we got here. Was so glad to get on that plane—still don't know how we ever made it! Finally got ready to take off. Just about to lift off when we blew two tires! Scared me to death! Well, since we were out in the middle of a field, it took two hours to get all the equipment out there and change the tires. I was so thankful we blew them there instead of when we were landing. One of the tires was tread-bare—can't believe they were taking off on tires like that. After they got that done we had to go back and refuel and start over on flight plans (another hour). All in all we were five hours or more late getting into Frankfurt. Jimmy was worried sick! Had decided we'd "chickened" out.

It was dark when we circled New York. Sure was beautiful! The harbors were all lighted up. The lady sitting next to me pointed out the Statue of Liberty, but I couldn't tell anything about it. That water below us was scary—was glad it was dark! Didn't see anything else except clouds all the way. Funniest feeling to be above the clouds! Nice ride—no bad weather. When we got over Germany it was clear as a bell. Were flying low I guess but could see patches of snow, street lights, even car lights along the roads. Sure was pretty! Was so glad it was clear so we could see it. I'll never forget it.

When we landed a bus took us to the airport (just a little way). Nearly froze just stepping off the plane! Went through customs. Didn't check our passports, bags or anything! Finally found my big bag—was so afraid it was back in New York in that madhouse!

Art Corner Established in Public Library

Through the efforts of L. O. A. Junior Study Club and with the cooperation of March of Time Study Club, a sponsor of the library, an art corner has been established in the Silverton Public Library.

The two oil paintings now being displayed in the library are by Silverton artists, Becky Thomas Woods and Peggy Phillips Miller. The paintings will remain on display for a month; then work by other artists will be displayed.

The public is urged by the members of L. O. A. Junior Study Club to visit the library in the basement of the Briscoe County courthouse, not only to browse through the many good books available there, but also to view the art that will be

To Marry Soon

NANCY NANCE

Mrs. Hugh Nance of Silverton announces the engagement—and approaching marriage of her daughter, Nancy, to Mr. Benny Montague, son of Mr. and Mrs. Jack Montague of Tulla.

The wedding vows will be exchanged in Silverton February 20.

Holder-Schmidt Vows Repeated in Rites

The marriage vows of Miss Margaret Lynn Holder and Mr. Kenneth Gene Schmidt were solemnized in the chapel of the First Baptist Church in Lamesa at 3:00 p.m. Sunday, December 28.

The bride is the daughter of Mr. and Mrs. Abe Holder of Grand Prairie, formerly of Lamesa, and the bridegroom is the son of Mr. and Mrs. G. D. Schmidt, Route D, Lamesa.

Dr. George Worrell officiated at the double-ring ceremony, before a background of red roses, greenery and candelabra holding lighted tapers.

The bride was given in marriage by her father. She chose a floor-length gown of white peau de soie, styled with a high circle neckline. Alencon lace overlays accented the empire bodice and the slim A-line skirt with delicate ivory Alencon lace sweeping from the shoulders as a wateau train flowed into a chapel train. A bow of peau de soie held the bride's veil of ivory French illusion.

Her bridal bouquet was an arrangement of Forever Yours roses.

Miss Martha Rogers of Midland was maid of honor. Bridesmaids were Misses Gail Reeder of Midland, Melinda Morgan and Rebecca Dunne, both of Lamesa. The

Ushers were Jerry Dee Franklin of O'Donnell; Edward Holder of Fort Worth, and Nicky Debnam of Lubbock.

Mrs. Thomas McAllister of Fort Worth sang the dedication and "Lord's Prayer," accompanied by Mrs. Lavoy Miller at the organ.

A reception in the church parlor followed the ceremony. The decorations were silver candelabrum accented by roses and greenery.

Members of the houseparty were Mmes. Stanley Wilkes, Rex Dunn, O. W. Follis, James Shook, M. R. Calhoun and Paul Morgan. Also assisting were Mmes. J. D. Stoval and U. S. Briscoe HD Council Has Business Session

The Briscoe County Home Demonstration Council met January 8, 1970, for the first regular monthly meeting of the year. The president, Mrs. Ennis Autry, called the meeting to order, and read a letter from Home Demonstration Agent Naomi Hunt concerning the year's work. The report was given for Mrs. Hunt because she was at A&M for a training meeting.

Council committees named by Mrs. Autry were: Mrs. Alvie Francis, Mrs. Allen Kellum and Mrs. R. M. Walker, finance; Mrs. Elton Cantwell, Mrs. Don Garrison and Mrs. John Pigg, yearbook; Mrs. Claude Jarrett and Mrs. Walter Bean, 4-H; Mrs. C. L. Sutton, reporter; Mrs. Johnnie Burson and Mrs. C. A. Holt, parliamentarians.

The Council is seeking to remind everyone to register to vote before the end of January so you will have the privilege of casting ballots in all 1970 elections.

President Mrs. Ray C. Bomar of the Town and Country Home Demonstration Club reported that all committees had been appointed, that THDA and Council dues were being collected, and names of three new members placed on roll.

Mrs. Louie Kitchens gave the report from Southwestern Home Demonstration Club. The January meeting of this club will be the 22nd with Mrs. C. L. Sutton as hostess. The group served a farm sale in December, the proceeds of which were about \$35.00. Two members, Mrs. Robert Ledbetter and Mrs. H. B. Sissney, have moved to other parts of the state.

Present at the Council meeting were Mrs. Autry, Mrs. Bomar, Mrs. Elton Cantwell, vice-president; Mrs. Alvie Francis, treasurer; Mrs. Kitchens, Texas Home Demonstration Association chairman; and Mrs. Don Garrison, secretary.

Mrs. Mildred Thompson received a letter from a friend this week which told about the birthday observance of a mutual friend, Mrs. Rebecca Newhall. Mrs. Newhall recently observed her 106th birthday at the Rocking Chair Rest Home in Cottage Grove, Oregon. Mrs. Thompson was a neighbor for 15 years of Mrs. Newhall and her sister, Mrs. Minnie Riddle, now deceased. The sisters both were widows, both were deaf, and didn't have families. Mrs. Thompson recalls the many times she took the ladies out for a drive, to the doctor, or on other errands. Mrs. Thompson placed a telephone call to Mrs. Newhall, but was

Drug Abuse Program To Be Heard Soon

Invited as special guests are members of area rural churches, including the Rock Creek Church of Christ, Claytonville Baptist Church and Aiken Baptist Church. All other interested persons are also extended an invitation to attend.

Speakers will be Capt. Bill Cox, juvenile officer from Lubbock, and Mike Gordon, a Texas Tech University student. Even though the drug problem is not a major one in this area, residents should try to keep themselves informed on the subject.

Mr. and Mrs. Lovell Blasengame and children of San Angelo; Mr. and Mrs. Richard Trimble and girls of Waco, and Mr. and Mrs. Gerald Garvin and family of Amarillo were guests of their parents, Mr. and Mrs. Dee Garvin, from Friday until Sunday on the New Year weekend.

A child once prayed, "O Lord, make the bad people good, and the good people nice."

told that her former Crestville, Oregon neighbor was not able to speak on the phone; however, the news received regarding Mrs. Newhall's 106th birthday brought back many pleasant memories for Mrs. Thompson.

Junior Club Elects New Officers Here

Members of L. O. A. Junior Study Club met in the home of Mrs. Art Sommerfeld Thursday night, January 8, for their annual meeting which had been postponed due to bad weather.

Federation news was given by Mrs. John Schott. The devotional, "Be The Best of Whatever You Are," was given by Mrs. Sommerfeld, and members answered roll call with a club ethic beginning with the same letter as their last name.

The Club's Order of Business was reviewed by Mrs. Sommerfeld, parliamentarian.

Officers elected to serve the group during the 1970-71 club year are Mrs. Champ McGavock, president; Mrs. Dean Rowell, first vice-president; Mrs. Art Sommerfeld, second vice-president; Mrs. Fred Edwards, recording secretary; Mrs. Bob Sewell, corresponding secretary; Mrs. Randall Eddleman, treasurer; Mrs. Jerry Miller, reporter; Mrs. Charles Sarchet, federation counselor; and Mrs. Bud Couch, parliamentarian.

During the business meeting, members agreed to send the Betty Crocker coupons they had been saving to the First Baptist Church in Petersburg, to be used to help provide a kidney machine for a former Petersburg resident. Members also agreed to enlist public support for the project.

It was reported that \$601.00 had been received for the Christmas Greeting Page Project to purchase equipment for the school music department. Another \$6.00 has been added since, and it is thought that the project will end

on the \$607.00 figure. A set of resonant bells have already been ordered for the music classes, and the balance of this amount will be spent for other badly-needed equipment and furniture. Items for the Project Concern hygiene kits (to be brought to the next meeting) were discussed.

The hostess served Cokes, Dr. Pepper and cookies to Mrs. Couch, Mrs. Eddleman, Mrs. Edwards, Mrs. Robert H. Hill, Mrs. McGavock, Mrs. Miller, Mrs. Rowell, Mrs. Sarchet, Mrs. Schott and Mrs. Sewell.

LETTER FROM VIETNAM

Dear Mother, I don't have much to say, but I wasn't doing anything and I sat down and wrote a poem that I thought you might like. The name of it is "What Christmas Means To Me."

What Christmas means to me, well it's really hard to explain, You express it in a lot of different words, but they all mean the same.

Some people say it is the day of our Lord in 1969, when everyone will laugh and pray and have peace in mind.

But, Christmas in the world and Christmas over here are two different things.

Because in the world you are laughing with all of your might, But over here you are fighting all day and night.

O' Lord, no one knows how it is over here, but you, And, I am sure that you will do what you have to do.

But Christmas to a lot of GI's over here is just another day,

Because you are out in the field in the cold and rain, and nothing seems to go your way.

But O Lord I pray day and night that some day soon they will end this senseless war,

Because a lot of GI's are dying over here and none of them seem to know what for.

They say it's for our country, where everyone can be free, and be as our Lord would want them to be.

But if it is true what they say, Why can't we have peace of mind on Christmas day?

But maybe some day soon we will be free,

And I can show the whole world what Christmas means to me.

I know that it's not much, but I just felt like writing and I thought that you might like it.

Love, Charlie (Baker)

Japanese sake (or dry sherry); 1 tsp ground fresh ginger; 1 clove of crushed garlic; 1/4 tsp. monosodium glutamate; 4 tsp. sugar; 1/4 cup water. ITEM: Braided rugs are among the more common types of rugs made at home. Their beauty depends upon the workmanship, size and shape of rug, materials used, design and color.

ITEM: A modern food waste disposer saves thousands of steps each year, and eliminates the need to trudge out to the garbage can in inclement weather.

ITEM: Planning to varnish a floor? Varnishes are available in a variety of glosses — high, medium and low. The selection depends largely on personal preference. The newer urethane varnishes may cost a little more but are usually longer-wearing so consider the kind of wear that the floor receives and choose the varnish accordingly.

ITEM: Teflon, a registered trademark, concerns measurements of adhesion, thickness, nonstick properties, and other characteristics of the coating. Many manufacturers are using and will continue to use this label on their products.

Santa Claus was pictured with a group of children when he visited in Silvertown on Saturday, December 19. The visit was sponsored by L. O. A. Junior Study Club, the members of which decorated Santa's Workshop and provided the candy canes which Santa gave to the children.

SUBSCRIPTIONS GOING UP

FEBRUARY 1, 1970

Due to circumstances—the kind that no one really needs to explain these days—it has become necessary to announce an increase in the local subscription rate of the Briscoe County News. After February 1, 1970, the Briscoe County News annual subscription rate will be \$3.50 in this county and elsewhere. Nine-month student

subscriptions will be \$3.00 each. This increase is due to our ever-increasing overhead: the price of newsprint and postage continue upward every year. The subscription rate of the Briscoe County News is not among the things that have increased by leaps and bounds in past years, and it is with regret that this is done now because we, the publishers, prefer that every family here be a by-mail subscriber. It will still pay local families to be by-mail subscribers. At the over-the-counter rate of 10c per copy, the year's 52 issues cost \$5.20.

If you are too busy to pray, you are busier than you ought to be.

Crooked sales pitches via the telephone are on the rise. They trap people into buying things they don't need or into seeing salesmen they don't want to see. Tricks include free gifts, phoney surveys and get-rich-quick schemes.

Mrs. Doris Myers, Extension home management specialist at

Extension Service and task force, will preside at the afternoon session of the day-long conference.

Texas A&M University, gives these tips which may warn you of phonies.

☆The caller gives no identification.

☆He says he is making a survey and requests a personal interview.

☆He assures you he is not selling anything—just wants to interview you as part of an advertising campaign.

☆He describes a "special offer" that your common sense tells you is too good to be true.

☆He relays off prices, costs, offers and questions so fast that you cannot follow what he is telling you.

What should you do? Mrs. Myers says the Better Business Bureau suggests replying: "Please send me a letter about the matter. I'll consider your offer after I've had a chance to investigate. Thank you for calling. Goodbye."

This way you discourage a gyp artist while not cutting yourself off from someone whose business is perfectly legitimate.

Legitimate callers also can be a nuisance, if they call at an inconvenient time or they refuse to take no for an answer. Mrs. Myers says, if you aren't interested—just say goodbye and hang up.

Delegates to Chicago 4-H Meet Back Home After Busy Week

Three young men from south Texas and one from north Texas have returned from a special pre-Christmas treat in Chicago where they attended the National 4-H Congress.

Each was a delegate by virtue of capturing a 1969 state award for his project as determined by the Cooperative Extension Service.

Back from Chicago are Glenn Goldapp, 15, son of Mr. and Mrs. Alvin Goldapp, Alice; Keith Jeske, 18, son of Mr. and Mrs. Glen Jeske, Alamo; Randy Miller, 17, son of Mr. and Mrs. Lloyd Miller,

Company, sponsor of the 4-H Photography program.

He became interested in photography while in scouting and continued his interest when he became involved in 4-H activities. He spent two years on his photography project. He hopes to become a professional photographer after graduation from college.

Through his 4-H training he was able to construct a dark room to develop his pictures and to use an enlarger. Best in the 4-H Field Crop Science project was Dale Githens. The journey from

Miller, Jeske, Goldapp, Githens. Edinburg, and Dale Githens, 17, son of Mr. and Mrs. Robert Githens, Perryton. Winning the trip to the national congress in 4-H Leadership sponsored by The Sears-Roebuck Foundation was Randy Miller.

While working on his leadership project, Miller said he learned the privileges and problems of working with a team. As part of his work with 4-H, he has been president of his local club, and worked on several county and state projects.

Keith Jeske has a "green thumb" that helped him place first in the 4-H Horticultural program sponsored by Allis-Chalmers. His main project has been with transplanting of garden plants and working with younger 4-H'ers in the horticultural field. His club, under his leadership, also is planning several landscaping projects.

Glenn Goldapp enjoyed a week's stay in Chicago as a guest of Eastman Kodak

his home in the northeast corner of the Panhandle was underwritten by the project sponsor, Amchem Products, Inc. The high school senior last year was named as Ochiltree County's 4-H Gold Star Boy. During nine years as a 4-H member, Githens has accumulated an impressive collection of honors and ribbons, dating back to 1961 when he received a \$50 award in a county grain sorghum contest.

During their stay in the Windy City, the Texas delegates attended dinners and receptions in their honor. Two outstanding concerts held in two world-famous Chicago auditoriums contributed to their musical experiences. Speeches and discussions enlarged on the congress theme: Make Tomorrow Happen. The young visitors were taken on sight-seeing and educational tours, and saw a world championship rodeo.

FAMILY POT LUCK

Shrimp salad bowl is a good one dish salad. Cut 1 cup ripe olives in large pieces. Break 2 quarts crisp salad greens into bite size. Sprinkle olives over greens, add 1 cup cleaned shrimp, 1/2 cup cheese slivers. Toss lightly with French dressing, add salt and pepper to taste. Garnish with sliced eggs and tomato.

For an unexpected treat, try cloves on vegetables such as squash, sweet potatoes, beans and beets.

For a Norway Sardine Sandwich, butter required number of white sandwich bread slices. Add Norway Sardines. Top with one row sliced hard cooked egg. Season lightly.

Boneless roasts are more compact and usually require longer cooking time per pound. Other factors which determine necessary cooking time are shape of the cut, ratio of lean to fat and the temperature of the meat when placed in the oven.

Shrimp Creole Filling
(For 8 sandwiches)
1/2 cup canned or cooked shrimp, minced
1/4 cup butter or substitute
1/2 teaspoon minced onion
2 tablespoons chopped green pepper
1 teaspoon lemon juice
1/2 teaspoon prepared mustard
2 tablespoons minced stuffed olives.
Remove black vein from shrimp before cutting fine. Cream butter until soft, then add all remaining ingredients, blending until of good consistency for spreading.

Impala.

It's got more re-sale value because it's got more to re-sell.

One of the nicest things about buying an Impala is selling it. That's because selling it traditionally brings back more of what people put into it in the first place. Money. Where does Impala keep getting its higher resale value? From features like those you see below. Features which explain why America's most popular car for the last nine years will undoubtedly make it ten in a row.

Impala. More to drive. More to re-sell.

SUNDAY'S SERMON

A FULL LIFE What comes to your mind when someone speaks of a "rich, full life"? What you think is what you are.

Do you think of a new house? A new car? Money in the bank enough to buy almost anything you might desire? These must be considered part of a modern-day, "rich, full life."

Yet, isn't there more? Is not there a kind of richness that every man can afford? Does not proper reward await every man who takes to time to do something good, to help a fellow man, to aid a just and worthy cause?

Is not a full life that particular life which devotes even the smallest action or deed to God's kind of a world? When God is with us always, and ever recognized, is not life filled with happiness and with a sense of purpose?

The "good things of life", as we call them, make life pleasant, more easier to accept on a day-to-day basis. But, we can exist without them. We can, if we must, get by with the bare necessities.

The needs of our soul are more demanding. Life, whether one is rich or poor, is filled with challenges and temptations which must be met with strength and determination. Every man needs a share of faith equal to his needs. If he seeks God, he shall find it in proper measure.
