Football Co-Captains Are Elected Here

Tri-captains for the 1970 Silverton Owl football team have been elected.

They are Terry Bomar, Bill Strange and Alvin May.

Drive-In Stockholders To Meet Tonight

Stockholders of the Arena Drive-In Theatre have been called to meet tonight (Thursday, February 26) at 7:30 o'clock in the P.C.A. community room.

Two directors are to be elected, and important business will be discussed.

Management Meeting Held At Quitaque

February 18, a Program and Management Meeting was held in the Quitaque High School Cafeteria at 7:30 p.m. for ranchers in the Briscoe County area.

Dr. Bill Black, State Economist from Texas A&M University, talked on marketing and what the market can mean in the next 10 years. Marvin Sartin, Area Farm Management Specialist from Lubbock, spoke on swine costs and returns, and also on record-keeping for farms.

Crop rotation, cotton and guar production was outlined by Dr. Robert Metzger, Area Agronomist from Lubbock. L. B. Campbell, a rancher from Matador, spoke on the proper uses of feeder and stocker cattle in the Briscoe County area.

Wildlife management and the importance of pheasant production was stressed by Dick DeArment, Wildlife Biologist of the Texas Parks and Wildlife Service, stationed at Wheeler.

Thirty-five farmers, ranchers and businessmen attended the program which was arranged by County Agent Ken Cook. The meeting was sponsored by the Briscoe County Extension Service and the Briscoe County Program Building Committee.

Improvements in conservation practices on the Kellum farm during the past year have been the construction of two tailwater return pits, one of which is completely automatic. The Kellums also have seeded a grassed waterway, which prevents erosion and provides cover for wildlife. They have quail, doves, ducks and pheasants on their land.

Mrs. Kellum says, "Conservation is a must on our farm to maintain a profitable operation. We are especially proud of our farm because a portion of it has been in the family since 1898. After visiting our large cities it is so nice to return to our peaceful, quiet farm home."

GRIMLAND RECEIVING FOUR-MONTH BASIC TRAINING

Terry Grimland, son of Mr. and Mrs. Windle Thomas, left February 17 for four months of basic training for the National Guard at Fort Lewis, Washington.

His wife, Sally, will remain in Silverton, where she is a Senior in Silverton High School.

Panel To Discuss Youth Problems

A panel of eight Silverton residents will discuss youth problems at the regular meeting of L. O. A. Junior Study Club at 7:30 p.m. Monday, March 2, in the Pioneer Room at First State Bank.

Taking part in the discussion will be High School Principal O. C. Rampley, Businessman Troy Jones, Sheriff Vinson Smith and Rev. Bob Sewell along with four Silverton High School students, Cathy Jones, Paula Birdwell, Bill Strange and Terry Bomar.

Clubwomen and their husbands and other interested persons are invited to hear the discussion, "The World of Today's Youth."

"The strength and safety of a community consists in the virtue and intelligence of its youth," J. Hawes once said.

Mrs. Kellum Is Entry In Conservation Homemaker Contest

by Mrs. Naomi Hunt
Briscoe County
Home Demonstration Agent

Mrs. Allen Kellum, Route One, Silverton, is Briscoe County's entry in the Conservation Homemaker Contest.

The Kellums farm 1 1/4 sections about 12 miles southwest of Silverton. Most of their land is irrigated and they raise small grains, cotton and pasture cattle during the winter months on the stubble land.

They are the parents of four children, the youngest of whom, David, is a Sophomore in Silverton High School.

Mrs. Kellum is active in church work and presently serves as president of the Women's Missionary Society of the First Baptist Church, secretary of the Intermediate Sunday School Department, and works in the Beginner Training Union Department.

She served as president of the Southwestern Home Demonstration Club and as Briscoe County THDA Chairman last year.

One look at the attractive yard of their farm home tells you that Mrs. Kellum is an avid gardener. She raises enough fruits and vegetables in the garden and orchard to provide for her family and to share with friends and neighbors. She cans and freezes a great deal of her farm produce.

Several special programs are to be presented by Silverton students during Public Schools Week. The elementary music department will present puppet shows four mornings next week, and the Public Schools Week observance will be climaxed with the presentation of the Senior Class Play on Friday night.

The First Grade will present performances of "Winnie The Pooh" in the music room from 8:40 until 9:25 a.m. on Tuesday and Wednesday, March 3-4.

The Second Grade will present performances of "The Wizard of Oz" from 9:30 until 10:15 a.m. on Thursday and Friday, March 5-6.

The music room in the cafeteria building will be the scene of all of the programs, and the public is invited to attend.

Fees Being Collected For Game Marathons

Anyone who hasn't paid their fee to March of Time Study Club for the Bridge or "42" Marathons is asked to do so now.

The proceeds are used to support the public library, and it is important that all the money be collected at this time.

Please contact Mrs. Josie Anderson if you have not paid your \$5.00 entry fee.

Milk, Nutrition Group Meets In Vaughn Home

Home Demonstration Agent Naomi Hunt presented a program on Milk and Nutrition in the home of Mrs. H. M. Vaughn Friday afternoon.

Attending were Mmes. Dorothy Baker, Josephine Segura, Erma J. Polley, Robert Polly, Gregario Ortega and Vaughn.

A demonstration was presented on the importance of milk in the diet and how much each age group needs each day. The cost of various types of milk was compared per gallon and for a family for a year.

How to prepare two milk drinks and rice au gratin was then demonstrated. The meeting was concluded with a tasting bee.

Food Stamp Plan To Be Discussed

Briscoe County commissioners agreed Monday to meet with commissioners from Hall, Donley, Collingsworth and Armstrong counties in the courthouse at Memphis this afternoon to discuss a cooperative effort in the federal food stamp program.

Distribution of costs among the counties has been one of the problems, according to County Judge M. G. Moreland.

REQUEST HIGHWAY PATROLMAN

City officials from Silverton and Quitaque met with the Commissioners and Sergeant Cawthon of the Texas Department of Public Safety, to discuss the feasibility of obtaining a Highway Patrolman to be stationed in Briscoe County.

There is no Highway Patrolman in the county, and every time there is a wreck or need for an officer, one must come from Tullia.

New Mexico Rehabilitation Program Improved By Former Silverton Doctor

New Mexico is improving its program aimed at rehabilitating disabled persons.

That's the assessment voiced by Dr. Robert N. Muckleroy, medical director of the state-operated Roswell Rehabilitation Center.

Muckleroy says he has seen much improvement in the rehabilitation picture in New Mexico over the past couple of years, particularly in the increased size of the staff for the state division of vocational rehabilitation.

Other advancements cited by Muckleroy include establishment of the vocational training area at Eastern New Mexico University at Roswell, under the direction of Dr. Irving Ashley, who is himself a registered physical therapist.

"Dr. Ashley has added much to the understanding in the university community of rehabilitation problems," Muckleroy said.

A third improvement is the vocational evaluation unit operated by the Division of Vocational Rehabilitation adjacent to both the vocational training area and the rehabilitation center.

Muckleroy is particularly proud of his own facility, which is the only state rehabilitation center in New Mexico. "Until the Roswell

Voters Approve Creation of Office

Briscoe County voters approved the creation of a new county office at the polls last Saturday.

The measure called for separation of the office of sheriff from that of tax assessor-collector.

A total of 232 people voted in the election, 152 for creating the new office and 80 against it.

Mrs. Mary Beasley of the San Jacinto community of Briscoe County was the first to file for a place on the May 2 election ballot as a candidate for the new office.

Whitfill Is Youth Tour Alternate

Gene Whitfill, son of Mr. and Mrs. Ben Whitfill, and Glenda Wilson, daughter of Mr. and Mrs. Ervin Wilson of Happy, were chosen as alternates in the Government-In-Action Youth Tour Contest February 19th, in Tullia.

The winners were Rose Marie Elkins, daughter of Olen Elkins, and David Burgess, son of Mr. and Mrs. David Burgess, all of Tullia.

This is the sixth year Swisher Electric Cooperative has sponsored the Government - In - Action Youth Tour to Washington, D. C. The winners will receive a 12-day all-expense paid trip to Washington. In the event the winners can't take the trip, the alternates will go in their place.

MRS. STOVALL LISTED ON DEAN'S HONOR ROLL

Mrs. Carolyn Stovall was listed on the Dean's Honor Roll for the Fall semester at Clarendon Junior College.

Mrs. Stovall posted a 2.8 scholastic average on the 3.0 system.

Bill Strange is pictured with his Hereford steer which placed first in its class of 52 entries at the Southwestern International Fat Stock Show.

About 23% of every dollar spent in a food store isn't for food. It's for soap, magazines, bug spray—the list goes on and on. For the average family of four this adds up to more than \$7.00 a week for non-food items and shoppers blame food costs.

Convenient one-stop shopping at grocery stores shows that in the past 10 years, non-food sales there have increased 14% while food sales increased 51%.

Food shoppers spend most of their non-food money for household supplies and housewares, alcoholic beverages, tobacco products, health and beauty aids, soft drinks and pet products.

G.S.P.A. Rejects Hardin's Feed Grain Proposal

The Grain Sorghum Producers Association rejected provisions of Secretary Hardin's proposed "set aside feed grain program." The 70 GSPA board members and representatives who met in Amarillo Monday, February 16, decided that the set aside program would (1) create a surplus production of feed, (2) require too much diversion without diversion payments

at adequate levels. Glenn A. Weir, director of the Grain Division, USDA, Washington, D. C. met with the GSPA board to explain the "set aside approach." Members of the board present covered virtually every area of the High Plains producing area.

GSPA executive director, Elbert Harp, explained that "many of our farmers would have to divert over one-third of their farm, without pay, to comply with the cotton, grain and wheat programs under Secretary Hardin's program. Even then the payments would be no more, if as much, than they are now."

It was the feeling of everyone voting that GSPA should continue its policy of pushing for a continuation of the present program with income improvements, advanced payments, and no limitation of payments. GSPA is a member of the 24-organization Farm Coalition working for continuation of the present program. Under the coalition bill, minimum price supports would be set at 90% of parity. This would be \$2.50 per 100 pounds of grain sorghum.

LIVER IN TOMATO SAUCE
 1 lb. liver
 1 onion, sliced
 1/2 cup chopped green pepper
 2 tablespoons butter
 3 tablespoons flour
 2 cups tomato juice
 1 teaspoon Worcestershire sauce
 1 teaspoon lemon juice
 1 teaspoon sugar
 1/2 teaspoon salt

Salt and pepper liver and roll in flour. Cut into bite size pieces. Place in greased casserole. Fry onions and green pepper until soft. Scatter over liver.

Melt butter in saucepan, blend in flour and gradually add tomato juice. Cook until thickened. Add seasonings and pour over liver. Bake 30 minutes at 350°.

Mrs. Sewell Is Guest Of Homemakers

Silverton's Young Homemakers met in the school home economics department at 7:30 p.m. February 12, and the meeting was opened by Betty Stephens, who read a devotional poem. Mrs. Bob Sewell was a special guest, and spoke on the role of a preacher's wife.

A point made in her talk was that "a preacher's wife is no different than any other wife or woman, as the case may be." A question and answer period followed.

The Young Farmer - Young Homemaker Banquet date has been changed from the 21st to the 28th of February.

The chapter voted to sell activity calendars. Minutes of the last meeting were read by Venita

Larry Parks May Get New Kidney

The concern of hundreds of thousands of persons who have donated coupons, money and trading stamps for the benefit of former Wayland College ministerial student, Larry Parks of Circleville, Ohio, apparently has resulted in his having a chance at a kidney transplant, according to officials at the college.

The snowballing campaign for Betty Crocker coupons, trading stamps and cash for Parks, 24, specifically has been designated as one to raise funds for a kidney machine for the young man suffering from Bright's disease. General Mills had indicated that the company would supply the funds for the machine provided 600,000 coupons could be gathered, and with more than 750,000 counted on Tuesday of last week, the company indicated it would go ahead and pay for the machine, to be used by Parks if needed, or by some other needy person if not needed by Parks.

"The thing we'd like to stress at this point is that all of those who pitched in to help certainly have not wasted their efforts and donations," said Paul Butler, WBC Dean of Students. "Quite the opposite, in fact, is true. There is a strong indication that without the campaign and its accompanying publicity, Larry would not have had a chance at a transplant." He explained that the publicity apparently had influenced a change in the thinking of doctors regarding the idea of a transplant.

Butler also said that Parks' minister in Ohio had told him the young man's whole attitude has been changed and his morale lifted tremendously by the efforts of all those trying to help him.

It was reported that Parks' brother has agreed to give a kidney, but tests must be run to determine if this is feasible.

Butler said about \$1,500 in donations has been placed in a bank account for Parks and that more than 1,000 books of trading stamps now are being offered for sale at the college, at a price of \$2.75 per book, with the money to be added to Parks' account. "We'll sell these in any quantity desired," he added.

Approximately 2,000 to 2,500 of the Betty Crocker coupons were donated by Silverton residents and were mailed by L. O. A. Junior Study Club to the Parks donation headquarters in Petersburg.

LATEST KIDNEY MACHINE DRIVE WOULD BENEFIT AMARILLO WOMAN

Another drive for a kidney machine—this time to save the life

of an Amarillo woman—has been launched by the Kidney Foundation of the Texas Panhandle.

Announcement of the campaign to collect Betty Crocker coupons was made Tuesday by Debbie Giles, 3601 Lewis Lane, an 18-year-old victim of chondrodystrophy.

Mrs. Lila Wells, 3406 Rusk, is currently an outpatient at Parkland Hospital in Dallas, where she goes for the expensive treatments necessary to cleanse her blood of the poisons normally thrown off by the kidneys.

Doctors have prescribed a \$7000 Kile unit machine that she can use in her home. Costs to her family, both for treatments and traveling expenses, would be considerably less than staying in Dallas.

Mrs. Paul Frey, whose home at 2007 Teckla in Amarillo is temporary headquarters for the Panhandle Kidney Foundation, said that General Mills has made the same offer as the one which recently enabled the purchase of a kidney machine for a Wayland College ministerial student from Ohio.

For 600,000 coupons collected from Betty Crocker products, the company will contribute \$3000 toward the purchase of the machine. Mrs. Frey said the Wayland student's machine cost \$3000 rather than the \$60,000 reported earlier.

The balance of the \$7000 will be provided by a federal grant, according to Mrs. Wells' daughter, Mrs. John Foster of 4826 West 10th in Amarillo.

Mrs. Wells, who has known about her disease for five years, has "been in intensive care three times in the last year," said Mrs. Foster, "and this is very expensive. My parents had some insurance, but it has covered a small part of the costs."

The Kidney Foundation had wanted to make a public appeal earlier, Mrs. Frey said, but the Wells family did not agree to it until General Mills made the coupon offer.

Coupons may be sent to Miss Giles, Cox Jewelers in Dumas or to Mrs. Frey.

"We're hoping that clubs and church groups will take this on as a project," said Miss Giles, who also helped with the drive for the Wayland student.

have been mounting for the Wells family in recent months. Lewis Wells has taken time off from his used car business to help his wife get to and from the hospital.

Meanwhile, electric and plumbing work is being done on their home in Amarillo to accommodate the kidney machine. A water well is needed in the backyard, since the machine cannot use lake water, Mrs. Foster said.

Once the machine is installed, supplies for treatments will cost about \$40 to \$70 each. And Mrs. Wells, who is 49, has to have three treatments a week.

If anyone in Silverton would like to support the drive for a kidney machine for Mrs. Wells, the L. O. A. Junior Study Club members would be happy to send your Betty Crocker coupons in for you as their way of assisting the project. Take the coupons to the News Office or hand them to one of the club members.

New Camaro. Feb. 26th.

We've never announced a car at this time before. But then nobody's ever announced a car like this before.

Super Hugger

If it were an ordinary sportster, we'd have introduced it at the ordinary time.

Instead, we took the time to build a whole new Camaro.

We started with a sleek new shape and a low road-hugging stance.

And added more hood. A faster fastback. Wider doors. And new deeply contoured bucket seats.

The instrument panel wraps around you. With enough dials to make you think you're piloting a 747.

There are four transmissions. And six power plants up to the Turbo-Jet 396 V8 that you can order.

Pick the one that best suits your driving. Then go pick on an open road.

And make it one with plenty of twisting turns. Because Camaro has a remarkable new suspension. And standard front disc brakes for a leech-like grip on the road.

New Camaro. The Super Hugger. Other sportsters always feared it might come to this.

And they were right. Only their timing was wrong. Putting you first, keeps us first.

See it. At your Chevrolet Sports Dept.

Golf With Celebrities Is Common For Brad Wilson

Brad Wilson, a former Silverton resident who is the nephew of Mrs. Bob Hill, is a professional golfer at a San Diego, California country club.

Brad's mother, Mrs. Glenna Wilson of Canyon, was visiting here recently after having returned from a visit in California with her son and daughter-in-law and their new daughter. She brought the March 1970 issue of "Par" magazine—which is now on sale at Nance's Food Store—which contains another article in the "celebrity series" written by Brad.

The article is entitled "Please Call Me Billy!"

"He receives 10,000 letters daily," Wilson wrote.

"On November 23, 1963, at the Los Angeles Memorial Coliseum, 134,254 people gathered to hear him speak.

"He counsels with leaders around the world and is a close personal friend to the President of the United States.

"On October 10, 1969, he played golf with his shirttail hanging out—and we called him Billy.

"His name is Billy Graham." Wilson wrote a letter that became one of the 10,000 received daily by Billy Graham last April ("If I'd known the odds I'd still have mailed it"), asking Graham for a round of golf which would be the subject of a story for "Par" magazine for which Wilson is a staff writer. He received a favor-

able reply, and the game took place at the Pauma Valley Country Club near San Diego, where Graham is an honorary member.

Apprehensive about meeting Graham, Wilson walked out to introduce himself. "Mr. Graham—my name is Brad Wilson," he said extending his hand. "Boy! you've got one of those strong golfer's grips!" he responded with a smile while looking Wilson straight in the eyes. And then, in his famous North Carolina drawl he added, "Please call me Billy."

Wilson asked if Billy would like to hit a few practice balls before they began, and he replied, "No, I don't believe so. I've got to run in the pro shop and get a golf shirt, and then we'll be ready to go." He came out wearing a light yellow selection, which hung on the outside of his dark slacks, accentuating his lean frame. Wilson was surprised at how lean Graham is, but was told that his 165 pounds had varied little over the last 20 years.

Wilson found an unmistakable warmth and serenity in Graham's eyes and a piercing magnitude that defies description. "I'll just say this," he wrote, "When Billy Graham speaks to you, you have his undivided attention." During the match, Graham had these comments about some of the personalities with whom he has played golf. About President Nixon, he said: "He's getting better

Billy Graham, a mid-80's shooter whose best score ever was a 75, is an honorary member at Pauma Valley Country Club where he and Brad Wilson recently played golf. The story appears in the March 1970 issue of "Par" magazine, for which Wilson is a staff writer.

...he's one of the best putters I've seen." Of former President Eisenhower, he said: "He was a wonderful person to play with... he took his game very seriously, you know."

Graham also related an instance of playing golf with Arnold Palmer: "Arnie had sorta been in a slump and after our round together he asked me if I had noticed anything about his game that I'd like to comment about."

The details of the golf match are recounted in the article, and Wilson closed with this: "After exchanging waves with Graham and (T. W.) Wilson as they drove from the parking lot, I glanced down at the scorecard which I had asked Graham to sign. He had written: 'God bless you, Brad.'"

"Somehow I felt that He already had."

Couple Married 50 Years Share Many Interests

Milton E. Smith was on a cattle drive in Nolan County with his cousin, Ray George, the first time he saw Mary Lou Hester. As they came over a hill, there was Mary Lou standing by a ranch house. Not only did she catch his eye, but his heart—and Milton told his cousin, "That's my future wife."

They were married December 2, 1919, in Decker, after Milton drove to Sweetwater for the license. The ceremony was performed by John McLaughlin, a young Baptist preacher, in front of the parsonage while the couple was seated in a buggy.

The 82-year-old Smith and his 79-year-old wife have been Silverton residents for 41 years.

Mary Lou Hester was born on December 13, 1890 in Vine, Alabama, one of a family of three girls and six boys. When she was two, she moved with her family to a farm in Fannin County, Oklahoma was not yet a state when they moved to Indian Territory, where her father rented a farm from an Indian. Each move was made by covered wagon and their furniture, stock and all belongings were taken along each time. It was while they were living in Nolan County that Mary Lou met and married Smith, just prior to her 19th birthday.

Smith, a native Texan, was born August 14, 1887, in Meridian. The only son in the family, he had three sisters. When Milton was two his father moved his family to Colorado City, where the senior Smith worked as a freight and cattle shipper.

Farming at the time of his marriage, Smith took his bride of two months to Sweetwater, where they "set up house-keeping" and he worked in a grocery store. Their first child, a son, was born there and died in early infancy from what the doctor thought was meningitis.

After this tragedy they returned to Decker County and farmed on the Everett Ranch for a year. A second son, Gerald, was born in

July 1912. The following three years were spent farming near Newcastle, but in 1915 Smith decided to homestead a claim of 320 acres near Santa Rosa, New Mexico. He also grazed cattle on an additional 1,200 acres. Their daughter, Ella Leah, was born there. In 1917, again by covered wagon, a move was made back to Texas to Seymour where Smith managed a sand and gravel company. Another son, Glenn, was born in 1921.

When the opportunity arose to purchase the Caprock Gas Station in 1928 they made the move to the spot which was to be their home for 39 years. The station, located between Silverton and Quitaque, also combined a small grocery store.

These were happy years raising their three children and making many friends.

Only once in all of these years did they have an attempted "hold-up" at their country station. In 1965 a young man stopped for gas. While his car was being filled, he strolled into the store and Mrs. Smith looked up to see a gun pointed at her and hear the command, "I want your money." Her first reaction was that it was a shame such a nice-looking young man should be so foolish, and proceeded to talk him out of committing the crime. Smith walked in on the scene and told the "would-be robber" he could have the gas free if he would just leave. No one was more surprised than the Smiths when he did leave, but returned within a week and paid for the gas then went on from there to Kirkland, where he was caught robbing another station. As a precaution against such incidents, Smith had always jammed a gun into his waistband but only at night if someone he didn't know stopped for gas.

On December 2, 1959, Mr. and Mrs. Smith celebrated their Golden Wedding Anniversary and were feted with an open house by their three children, Mrs. R. L. O. Riddell, Glenn Smith and Gerald Smith and their families.

Gerald, a farmer, lives with his family on a farm near Quitaque, on which Cottonwood Lake, a fishing club, is located.

Glenn Smith and his family are residents of Silverton, where he is employed by Silverton Butane. Mrs. Riddell, wife of a farmer, lives southeast of Silverton.

In 1967 the Smiths retired and moved to Silverton, where they have pursued their many hobbies.

Mrs. Smith, always a homemaker, continues to can, keep a full deep freeze, crochet and quilt. She has made each of her five grandchildren two or more pieced quilts and is starting some for her five great-grandchildren.

Smith, an accomplished cabinet maker, made the bedroom suites in their present home, and has made stools, television lamps, frames and cabinets for his family and friends through the years. A coin collection started during his years at Caprock Station contains some enviable coins. His oldest coins, early dimes and a 3-cent piece, were given to him by his father.

"A person can't spend 39 years on the Caprock and not develop an interest in rocks," said Smith, and since his move to Silverton, he has acquired a rock-polishing tumbling machine. Several of his picture frames are now decorated with these colorful rocks.

The Smiths also have a number of antiques acquired through the years. He has been offered considerable sums of money for some of these but he wouldn't part with any of them for any amount. Among these is a Colt 32-20 which belonged to his father. The gun is still kept in its original, hand-

made leather holster the senior Smith had used in the early 1900's when he was deputy sheriff in Nolan County.

A hunter's hand scale, origin unknown, was found by Edwin Baker, Vigo Park, in the Palo Duro Canyon and given to Smith. This scale is capable of weighing up to 40 pounds when suspended from a hook on the scale. A brass bell, dated 1878, and brought from Austria, was also a gift from Baker. Dow Hester, a brother of Mrs. Smith and a sewing machine dealer, gave her a Wilcox and Gibbs treadle machine, patented in 1857. He had received the antique about 25 years ago as a trade-in on a new machine. These machines, primarily for factory use, revolutionized the making of an overcoat from six days by hand to three days by this machine in 1866.

A number of other items, on loan to the Briscoe County Museum, include an old burro pack saddle and wrenches of various sizes used on wagon wheels.

Members of the Methodist Church, Smith also has been a member of the Masonic Lodge for 45 years. In past years he served on school boards in New Mexico and of the Haylake community school in Briscoe County.

December 2, 1969, when the Smiths observed their 60th wedding anniversary they had a full book of memories. When asked what his advice would be to people starting out on the road of matrimony today, Smith said, "Give and take."

MRS. BENNY JOE MONTAGUE

Nance-Montague Vows Pledged In Pretty Home Ceremony

Miss Nancy Durene Nance and Benny Joe Montague exchanged marriage vows at 7:00 p.m. Friday, February 20, in the home of the bride's mother, Mrs. Hugh Nance.

Rev. Bob Sewell, pastor of the United Methodist Church, read pretty double-ring ceremony at an improvised altar which was decorated with a wedding basket of white caryophylls flanked by twin cathedral candelabra behind a white wrought-iron prieu dieu.

Parents of the bridegroom are Mr. and Mrs. Jack Montague of Tulia.

The bride, escorted and given in marriage by her brother, Wayne Nance, chose a formal gown of bridal satin and Venice lace designed with a closely-fitting Victorian neckline of lace, fitted princess-cut bodice enhanced by covered buttons at the center front and an A-line skirt which swept from an inverted front pleat into a chapel train. Her Juliet sleeves of satin were caught by deep cuffs of English net banded with Venice lace.

Her bouffant veil of illusion fell from a coil of flower petals to chapel train length.

She carried out bridal tradition by wearing a cameo which belonged to her paternal grandmother, and a borrowed small cross which belonged to her late father. She added a blue garter and placed pennies bearing the dates of the years of birth of her bridegroom and herself in her shoes.

Mrs. Marvin Montague, organist, played traditional nuptial selections. Wedding music included "More" and "The Twelfth of Never."

Miss Juannah Nance attended her sister as maid of honor. She wore a gown of emerald green velvet fashioned with empire silhouette with tapered wrist-length sleeves. Her organza veil was attached to a bandeau of matching green, and she carried a colonial nosegay of white roses and gladiolus accented with green velvet leaves.

Miss Cynthia Edwards was flower girl, and wore a gown similar to that of the maid of honor, and added a wristlet of white rosebuds.

Master Brandon Jarrett was the ring bearer.

Mark Maynard served as best man. J. D. Strickland and Gordon Montague, uncles of the bride and bridegroom, were hosts.

A reception was held immediately following the ceremony. The bride's table was covered with a floor-length cloth of white bridal satin overlaid with net, and crystal and silver appointments were used to serve the three-tier wedding cake which was topped with white doves and lily of the

valley. Presiding at the refreshment table were Misses Jane Self, Roy Ann Bomar and Jan Hutsell. Aunts of the bride also assisted with the reception.

Guests were registered by Mrs. Wayne Nance, sister-in-law of the bride.

For their wedding trip to Las Vegas, Nevada, the bride changed to a bone linen coat dress with beige accessories. The couple will make their home on a farm north of Tulia.

The bride is a graduate of Silverton High School. She attended Texas Technological University one year and West Texas State University her sophomore year.

The bridegroom is a graduate of Tulia High School. He attended West Texas State University three years, and is presently engaged in farming.

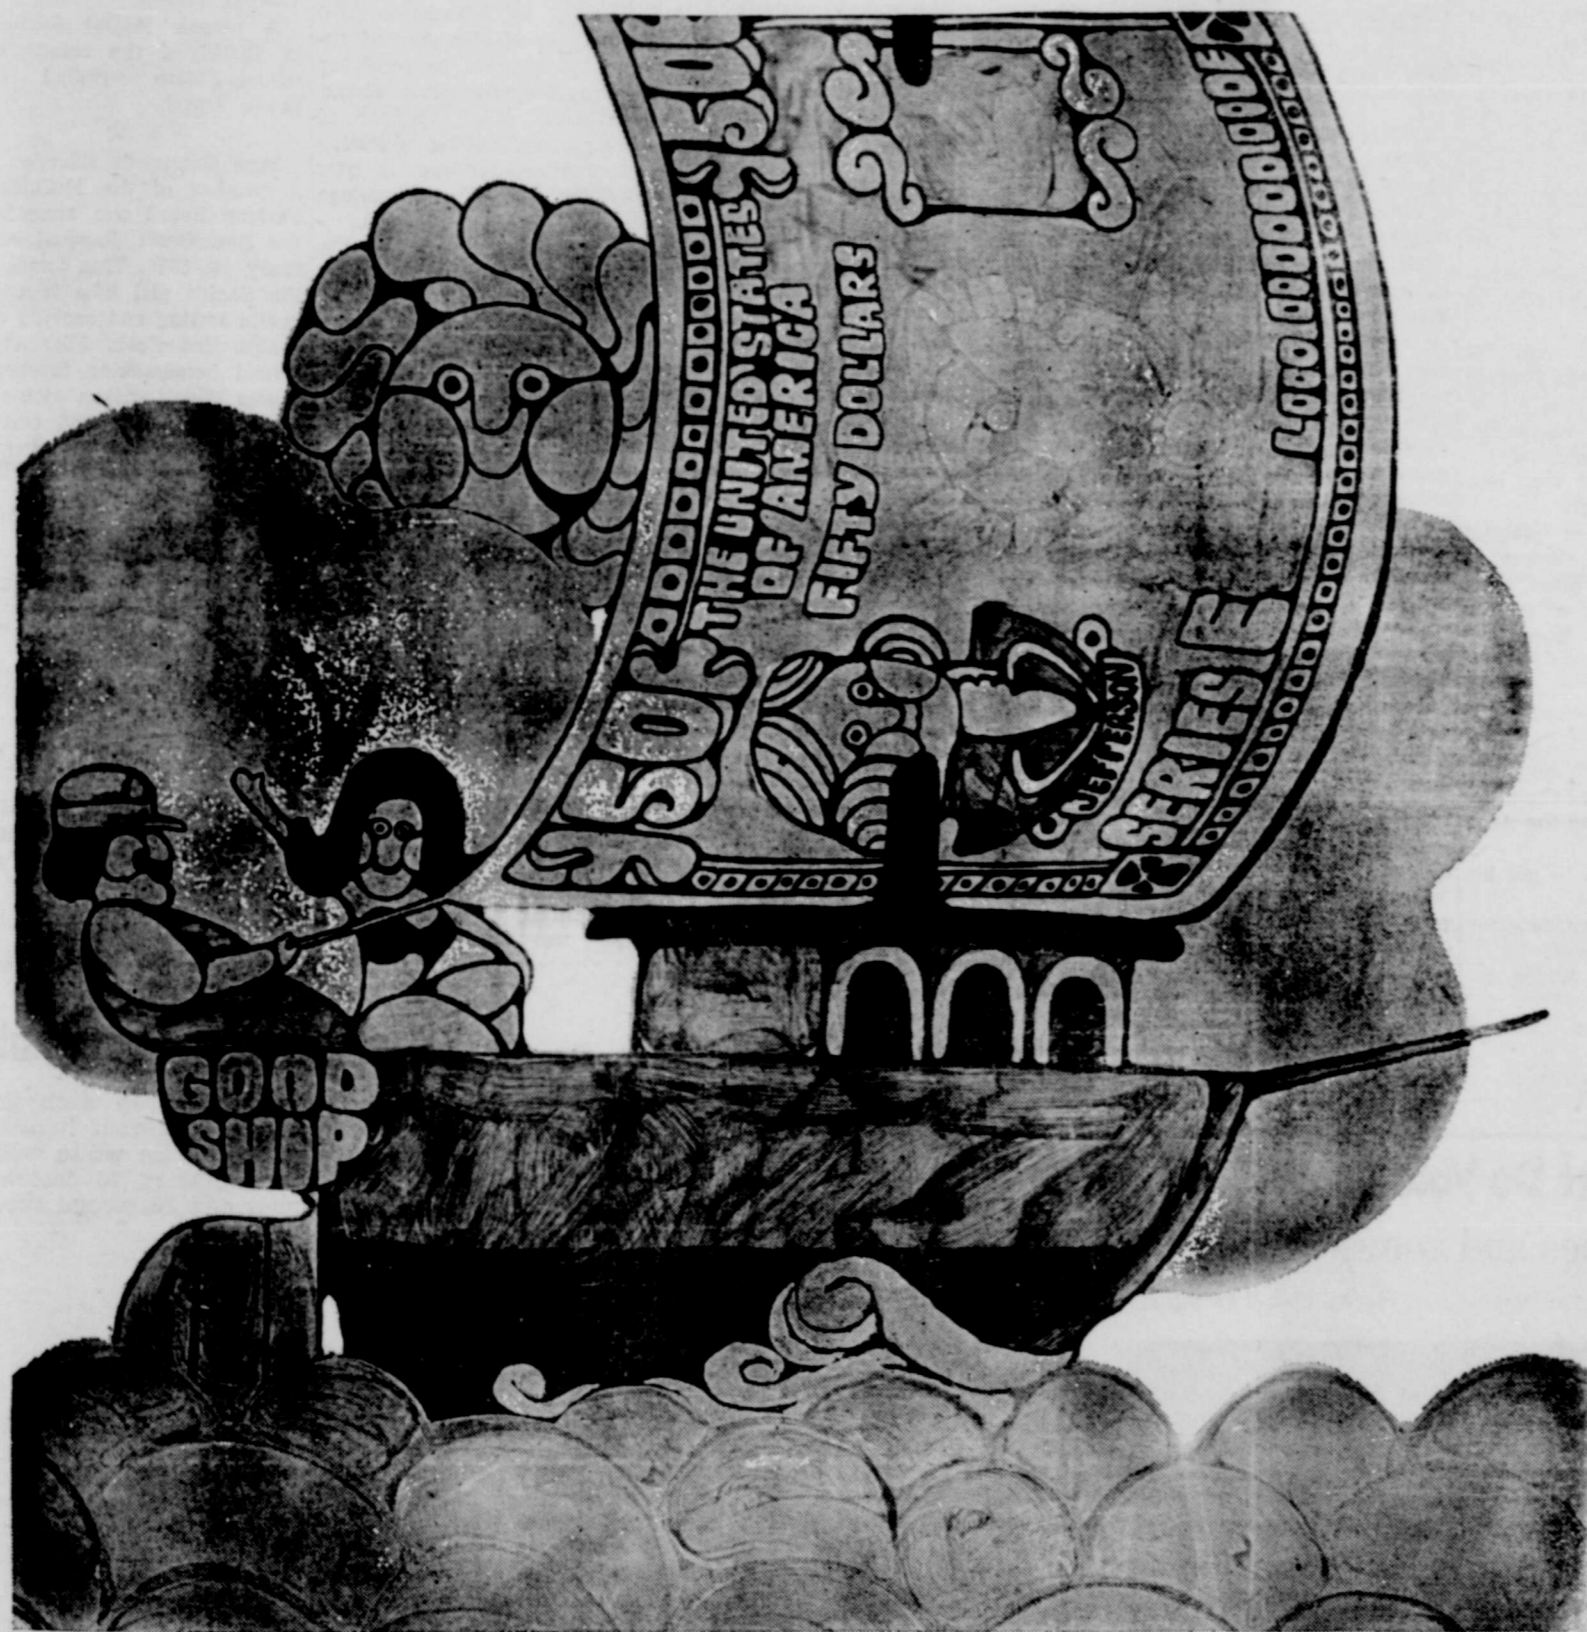

Club Hears Review By Guest Speaker

Twelve members of the Century of Progress Study Club met in the home of Mrs. Carl Bomar on Wednesday, February 11. Mrs. L. D. Griffin gave the devotional and roll call was answered with titles of favorite books.

A short business meeting was conducted to discuss the club's participation in the game night sponsored by several civic organizations, the proceeds of which were designated to charitable organizations. Mrs. Pat Northcutt and Mrs. L. D. Griffin volunteered to run the popcorn machine and other members indicated a willingness to help if called upon.

Guest speaker, Mrs. Arley Barnett of Amarillo, gave an inspirational review of the book, "The Listener," by Taylor Caldwell.

Mrs. Griffin assisted Mrs. Bomar with the hostess duties. Other club members present for the Fine Arts program were Mrs. E. A. Birdwell, Mrs. Pascal Garrison, Mrs. Wayne Vaughan, Mrs. Leiland Wood, Mrs. Joe Montague, Mrs. James Davis, Mrs. Jack Strange, Mrs. O. C. Rampley, Mrs. Pat Northcutt and the president, Mrs. Wayne McMurtry.

Well, What Do You Know? fun, games and knowledge

by MARTHA GLAUBER SHAPP, Editor, The New Book of Knowledge

Do you know what a sugar-on-snow party is?

When steam is spouting out of the sugarhouses and snow lies all about, sugar-on-snow parties are popular. The newly made maple syrup is boiled for about 15 minutes and then poured over the snow. There it cools to a waxy taffy, which youngsters and grown-ups alike happily scoop up with forks. For those who do not want to stop eating, sour pickles are served. These cut the sweetness, so the eaters can go right back to enjoying more sugar-on-snow.

If you ever want to have a sugar-on-snow party in the summertime, use large cakes of ice or crushed ice. Watch the syrup carefully so it does not boil over or get too thick. Serve plain doughnuts and deviled eggs as well as pickles. It's fun.

Do you know what a carat is?

The carat is the standard unit of weight for a gemstone. By international agreement 1 carat equals 200 milligrams, or about 1/142 ounce.

The word "carat" comes from the Greek word for locust or carob tree. The

The FHA Chapter called a special meeting to discuss plans for attending the FHA Area Meeting to be held March 13, in Amarillo. The girls will leave Friday afternoon and return about 3:00 Saturday afternoon. They plan to spend the night at the Villa Inn in Amarillo.

The members would like to thank the seventh and eighth grade girls who served at the Sweetheart Banquet: Susan Jackson, Sharon Storie, Jana Cross, Lori Francis, Susie Parker, Julia Dickerson, Rhonda Sweek, Celia Martin and Christi Northcutt.

They would also like to thank Ted Lanham and Mrs. C. H. Murphy, jr. for providing music for the banquet, and to express appreciation to the mothers who prepared the food: Mrs. Alva Jasper, Mrs. Archie Martin, Mrs. Kenneth Tate, Mrs. Leland Wood, Mrs. Clifton Stodghill and Mrs. Bula Baird.

APPRECIATION

The Juniors wish to express appreciation to all who bought a bottle of Rex.

From Monday to Wednesday of last week the Juniors were hard at work selling this. About 250 bottles of the cleaner were sold. The Juniors were working at this project to make money for the banquet which they will give for the Seniors in the middle of April.

State Homemaker of Tomorrow will receive a complete set of Encyclopaedia Britannica from Encyclopaedia Britannica, Inc.

This spring, the 51 Homemakers of Tomorrow representing every state and the District of Columbia, each accompanied by a school advisor, will join for an expense-paid educational tour of Washington, D. C., and Colonial Williamsburg, Virginia. Climax of the tour will be announcement of the 1970 Betty Crocker All-American Homemaker of Tomorrow. Selected from the 51 finalists on the basis of original test scores and personal observation and interviews during the tour, she will be awarded an increase in her scholarship to \$5,000. Second-, third- and fourth-ranking Homemakers of Tomorrow in the nation will also be chosen, and will receive scholarship increases to \$4,000, \$3,000 and \$2,000, respectively.

Begun by General Mills in the 1954-55 school year to emphasize the importance of homemaking as a career, the Betty Crocker Search is the only national undergraduate scholarship program exclusively for high school Senior girls. During its 16-year history, more than seven million young women have participated in the program and scholarship awards, with this year's grants, will total over \$1,700,000.

A record 646,041 Senior girls in 15,040 of the country's high schools were enrolled in this year's Search.

Miss Garrison's selection to be a member of the McCall's Teen Fashion Board was announced at the Sweetheart Banquet on February 14, 1970. This award is for the Senior girl who is outstanding in sewing and cooking classes.

Mrs. Ken Cook, Silverton High School homemaking teacher, presented Miss Garrison with a membership pin, card and certificate.

ROY GARRISON

S.H.S. Senior Is Recipient of Awards

Roy Garrison, daughter of Mr. and Mrs. Don Garrison, and a Senior in Silverton High School, has been named as the recipient of two homemaking awards.

On the basis of her score in the homemaking knowledge and attitude test taken by the Senior girls December 2, she has been named as Silverton's 1970 Betty Crocker Homemaker of Tomorrow. In addition to receiving a specially-designed silver charm from General Mills, sponsor of the annual homemaking education program, Miss Garrison is now eligible for one of 102 college scholarships totaling \$110,000.

From school winners in the state, a State Homemaker of Tomorrow and runner-up will be selected within the next few weeks. The state winner will be awarded a \$1,500 scholarship and the runner-up a \$500 educational grant. In addition, the school of the

Investment Clubs Are Introduction to the Market
Have you ever wanted to invest some money, only to be scared off by your ignorance of the technicalities? If so, you ought to know about the investment clubs that are springing up all over America. There's even a National Association of Investment Clubs that produces how-to guidance literature for amateurs. One such club is Elementary Investors of Belmont, Cal., the subject of an article by a member, Blanche Watson, in the February issue of Harvest Years. The author points out that this is a serious enterprise: "Our club began in 1961 when several retired teachers, secretaries, and other career people not familiar with investing got together and started talking about it. We invited several brokers to come talk to us, and started in. "Now everyone in our club has learned the principles of investing, as have many people in clubs like ours throughout the U.S." The eighteen members of Elementary Investors each invest ten dollars a month. They follow a definite set of rules that they all know what's happening to their money. They get professional advice. And they buy and sell stocks in a businesslike way. "At a typical meeting we discussed selling shares we owned in an electronics company while the price was rising. We voted to sell fifty shares. The money received from the sale plus the members' contributions that evening determined how much we could then invest." Blanche Watson's account makes it clear that the members have quite a bit of fun along the way. But it comes out mainly in the form of the joke and the quip. Thus, to the club members, "Can I get a husband?" "Can it get me a husband?" "Otherwise, each session is a serious affair, so serious that the club's assets had passed the \$12,000 level when the article was written. It sounds like an ideal arrangement for those of us who would like to get into the market. Also, the type of arrangement that could be imitated elsewhere without too much trouble.

Mexicorama
A big new attraction, Mexicorama, will open soon in downtown Mexico City, providing south of the border visitors with a 90-minute spectacle of Mexican music and dance, a meal at its 800-seat restaurant whose menu will be international as well as Mexican, a show of mock bullfights and rope-twirling and the opportunity to watch top-flight artisans at work creating handcrafts which can be bought at low, controlled prices.
