**All Around
 the Town**
 by Mary Ann Sarchet

Will Rogers has oft been quoted as saying, "All I know is what I read in the newspapers." Isn't it a good thing he didn't live to see this day when so many inaccurate things are printed in newspapers?

Bonnie Lesley sent me an article about Will Rogers which was from the March 1970 issue of the Texas Outlook, publication of the Texas State Teachers Association.

"In his own delightful, highly personal, amusing style, Will Rogers lassoed the hearts of America in the 1920's and 1930's.

"The Oklahoma cowboy was, in Damon Runyon's words, 'America's most complete human document.' Rogers was a showman. The core of his act was his soliloquy which concerned human nature in general and politics in particular. It was barbed and good-natured.

"The remarks registered best when he artfully appeared to be tossing them off while primarily concerned with unknotting a rope and making it spin.

"He also made a place as a newspaper or syndicated paragrapher, and like many other amateurs, was a 'doctor who looked at literature.'

"Rogers enjoyed and appreciated his newspaper.

"Some more of his thoughts on his newspaper bear passing on:

"Take away my ham, take away my eggs, even my chili, but leave my newspaper. Even if it has such purely local news as 'Jim Jones came home last night unexpectedly and bloodshed ensued,' or 'Jesse Bushyhead, our local M. D., is having one of the best years in his career, practically speaking—but they just won't pay him when they get well,' and 'election ain't far off, and everybody is up for office that can sign an application blank.'

"Now all that doesn't seem much news to you. But it is news, especially when you know the people and they are your own folks. So, no matter how punk you think your local newspaper is, let them take it away from you for a while and see how you feel. The old newspaper, I think, is about our biggest blessing. So let's read and be merry, for tomorrow the paper may not have enough ads to come out."

"A breakfast without a newspaper is a horse without a saddle. You are just riding bareback if you got no news for breakfast. Don't underestimate your paper. I don't care how small it is, and how little news you think it might have in it at that particular issue. Lord, kiss it, for the news it does bring you."

★

Watch for "300 Helpful Suggestions" or "What Can You Do With a Newspaper Besides Read It?" next week.

☆

My crystal ball says that Gary Hunt will receive an expense-paid trip to the rock festival this week.

The newspapers say that an injunction has been issued and the festival cannot be held on the site originally leased for the purpose. And the newspapers also say that a new site seven miles from Lubbock in Lubbock County's only "wet" precinct was leased Tuesday, and work was begun building an entertainment platform. So, the music will go round and round, along with the "pot" and the "booze" and the other things that accompany these gatherings. It is possible that even the Lubbock County jail may not be of sufficient capacity.

Wednesday's papers also hinted that there might be an increase in the numbers expected at the festival due to there having been a similar meeting which 100,000 had planned to attend this week-end that was cancelled in Florida.

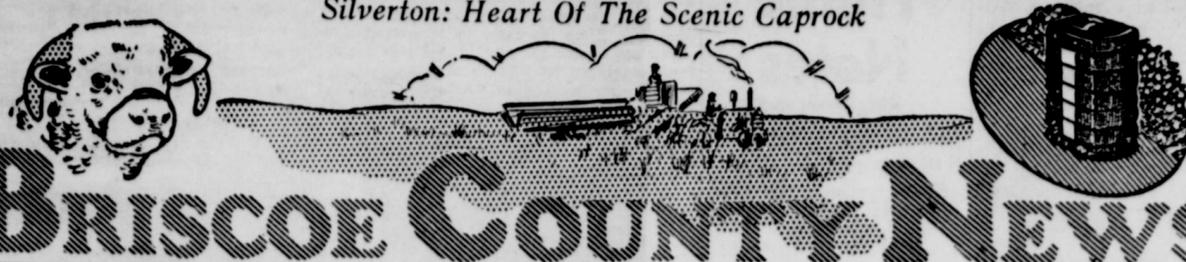

At any rate, Gary and the other National Guardsmen have been on standby alert this week; they quite possibly may be called to help keep order. Don't you think that Gary Hunt, Jerry Miller and David Stone will make fine temporary policemen? They'd probably have been pretty good mailmen, too!

Some of the curious, less daring citizens have been trying to get some of the local owners of airplanes to promise to fly over the scene. They are afraid to take their chances on the ground, but want a look-see.

Is it nice to read about yourself

Silverton: Heart Of The Scenic Caprock

BRISCOE COUNTY NEWS

VOLUME 62 NUMBER 13 SILVERTON, (Briscoe County) TEXAS THURSDAY, MARCH 26, 1970

F U Convention Hears Opening Gun In The Battle Over Farm Program

Mayors, councilmen, city managers and the Mackenzie Water Authority board of directors met in the Pioneer Room at First State Bank in Silverton last Thursday evening to discuss future plans of the Authority. Pictured with Silverton Mayor H. B. Simpson were Jimmy Seay, Floydada; Claude Brown, Lockney; and J. D. Harris, Tulla.

Congressman Graham Purcell (D-Tex.) apparently fired the opening gun in a battle between Congress and the Administration over farm legislation at the annual convention of the National Farmers Union.

Twenty-five members of Texas Farmers Union attended the convention which was held in Denver, Colorado, March 11-14. More than 1,000 delegates and members attended and hammered out a policy in support of the Coalition Farm Bill, which was introduced in the Congress by Purcell and 35 other members of the House in both parties. Purcell told the convention that the Administration-proposed "consensus" farm bill was four months late and "so sorry that not one single member of Congress, Democrat or Republican, would touch it." It was the strongest criticism yet leveled at the Nixon Administration farm proposal by a member of the im-

portant House Agriculture Committee.

In blasting the Department of Agriculture and Secretary Hardin's insistence on enacting his own bill, Purcell queried their understanding of the difficulties facing the American farmer.

"After all," he said, "how else could any sane, reasonable group of people come up with a farm program that gets rid of parity, lowers the loan, lowers certificate payments, puts in a payment limitation and reduces (the) allotment . . . and then have the guts to fight for it?"

Purcell praised the efforts of Farmers Union in working toward enactment of the so-called "coalition" farm bill introduced by 36 Members of Congress, but warned of the difficulties of passing any good farm bill for producers under the present circumstances, which he blamed equally on the Nixon Administration and urban Congressmen fighting for Federal money at the cost of farm programs.

Purcell stated the Administration's bill would give the Secretary of Agriculture more power "than Hitler had over Nazi Germany." He called for farmers to let their friends and relatives in larger cities know what it was like "to build and dream and work all year, and see it go down the drain by the time you make your notes to get your equipment and seed paid off."

Delegates to the convention devoted a considerable amount of time to developing policy to deal with environmental pollution. They called for price and wage controls to combat inflation. They called for immediate withdrawal from Southeast Asia.

Tony Dechant, the national president, was re-elected by acclamation. Also re-elected by acclamation was vice president Edwin Christianson of St. Paul, Minnesota.

Special Service At Local Church

The Maundy Thursday Communion Service will be held at the United Methodist Church here at 7:00 o'clock this evening (Thursday).

Historians estimate that this was just about the time that Jesus celebrated the last supper with His disciples.

The service is open to anyone who wishes to attend.

FORMER RESIDENT INJURED IN ACCIDENT

Two 20-year-old Turkey men, injured in a one-car accident late Friday night three miles west of Turkey, were in satisfactory condition Saturday afternoon at Hall County Hospital in Memphis.

Johnny King and Steve Bingham were driving east on US 86 when the car went out of control and went into a ditch and hit a tree, investigating officers said.

The accident occurred about 11:00 p.m.

The two were taken to Maxwell Clinic in Turkey for first aid and were then transferred to the hospital in Memphis.

Bingham, a former Silverton resident, is the son of Mrs. Fay Gibson of Turkey, and is the brother of Mrs. Raymond Reeves.

San Jacinto "42" Party Is Friday

A "42" party will be held at the San Jacinto school Friday night at 8:00 o'clock.

Bring table, dominoes, pie or cookies.

The public is invited.

Edward L. Spilman of Oakdale, California, is visiting friends and relatives in the Silverton-Tulla vicinity this week. He has just returned from a tour of Egypt, Israel and other points in the Middle East, Greece and Rome, Italy. He also spent some time in the Nation's Capitol, Washington, D. C. He visited relatives in Arkansas enroute to Texas, and plans to fly home to California today. Mr. Spilman was reared in the Rock Creek community and was graduated from Silverton High School in 1932.

Crockett Grabbe, a student at the University of Texas at Austin, is visiting his parents and sisters, Mr. and Mrs. Warner Grabbe, Susan and Ronda, during the Spring vacation.

Sylvia Fogerson, 1969 Queen of the Caprock TOPS Club, took part in the Parade of Queens which was held during the Area Recognition Day held in Plainview Saturday. Mrs. Fogerson graduated from TOPS (Take Off Pounds Sensibly) to KOPS (Keep Off Pounds Sensibly) during the Area meeting.

McGowan Services Conducted Monday

Funeral services for Oather John McGowan, 61, of Amarillo were conducted at 2:00 p.m. Monday at the Fairview Baptist Church in Amarillo with the Rev. Prentis McGee, pastor, officiating.

Burial was in Memorial Park Cemetery there.

Mr. McGowan, an Amarillo resident for 26 years, died Friday morning after suffering a heart attack.

Survivors include his wife, Jonnie; three sons, James of Amarillo, Gary of Panhandle and Larry of Lewisville; two daughters, Miss Jolene McGowan of Amarillo and Mrs. Harold Harbour of Plainview; a brother, Richard of Springlake; and three sisters, Mrs. W. W. Merrell of Quitaque, Mrs. Claude Loudermilk of Silverton and Mrs. Dyke McMurry of Dumas.

Young Couple Looking For Work

Charles and Dorothy Kennard, who were married Sunday, have been looking for work here for several weeks.

She is the former Dorothy Tinner, and would like house cleaning.

He says that he would like to find a full-time job, but will take any kind of part-time job that anyone might have for him. All he wants to know is: "When can I start?"

If you have work that either one or both of these young people could do, you may write Box 384, Silverton, or leave word for them with Mrs. Johnnie Lou Tinner or the Briscoe County News office.

Mrs. Alexander To Open Museum

Plans call for the opening of the Briscoe County Museum on a regular basis, according to an announcement this week by Judge M. G. Moreland.

Mrs. Gordon Alexander will be in charge and the doors will be open from 2:00 until 4:00 p.m. each Tuesday beginning March 31.

Annual Diversion Program Signup Finished For 1970

The 1970 annual diversion signup is completed, according to the Briscoe County office of Agricultural Stabilization and Conservation Service.

Briscoe County farmers have again filed intentions to participate in record numbers. This is an extremely encouraging indication in a year in which a new farm bill is being considered, say ASCS officials.

Many authorities on the farm problem were predicting a much lower level of participation in the feed grain program than last year due to the lowering of diversion payments and the failure to make advance payments. This was not the case in this county.

Feed grain farmers agreed to divert 43% of the county's feed grain base of 77,625 acres. This means that 33,224 acres of surplus feed grains will not be produced in 1970.

Wheat farmers signed intentions to divert 27% of the county's wheat allotment; therefore, 11,025 acres of surplus wheat will not flood the market in Briscoe County.

Cotton farmers were not given a chance to divert this year. Most farmers did sign intentions to participate in the Upland Cotton Program for 1970. Approximately 99% of those eligible to participate did so.

4-H Bean Supper Well Attended

The 4-H Adult Leaders Association sponsored a Bean Supper in the school cafeteria Saturday night.

The supper was well attended, and the proceeds of the project will help buy some of the materials needed for 4-H. The Association appreciates all those who bought tickets and those who donated money for the beans that were "given away" after the supper.

Long Is Yarborough Campaign Manager

Senator Ralph W. Yarborough today named Beryl Long of Silverton as his campaign manager in Briscoe County.

"I am very pleased to have the endorsement and campaign leadership of such a leading Democrat as Mr. Long in this area of the State," Senator Yarborough said.

Yarborough, Texas' Senior Senator and Chairman of the influential Senate Labor and Public Welfare Committee, is seeking reelection to a third term as a candidate in the May 2 Democratic Primary.

Mr. Long is personally acquainted with many of the nation's Senators and Congressmen in Washington, having been a leader for Farmers Union in the battle for an acceptable farm program. He has always been a standard bearer in the campaign to preserve family farming in this country.

Long's visits to the Nation's Capitol have given him a firsthand opportunity to know which of the country's elected representatives are helping and which are hurting the farm people in Briscoe County.

"I am honored to be associated with this great Texas statesman, whose record of achievement for all of our people over the past 13 years merits the support of every thoughtful voter in Briscoe County," Long said. "Senator Yarborough truly fights the people's fights—and he wins. We are confident we will do the same for him this year in Briscoe County."

In the newspaper? You might be tempted to say "yes", but I know there are several local residents who would argue that it's not!

Seems local citizens and the school system are being sued, and those named in the suit got word of it through the news media.

If the school gets sued, friends, that includes you and me and everyone who is a resident, property-owning, tax-paying citizen of the school district. Even though you and I may not be specifically named in the suit, it includes us and it affects us all.

I am very sorry that this action has taken place. Whatever the result, it will bring a lot of unfavorable and, I think, unwarranted publicity to Silverton. We will be the losers in any event. If the courts should rule in favor of the one who filed suit, it would be a tremendous blow to freedom. It would help eliminate the right of a board of school trustees to dismiss a teacher for any reason (in this case, he was not fired; the board asked for his resignation and he refused, but did not return to his classroom to teach) and would open the door to many lawsuits against employers. Simply, it would be a precedent that could help eliminate an employer's right to dismiss an employee whom he considers inefficient.

I am not among those who presume the board has made a mistake and that the school will "have to pay." I uphold the board's right to hire and fire as they see fit. I think we have elected intelligent people to our school board, and I think they are doing a hard job as best they can and I think they are keeping up-

It wouldn't seem like Easter without eggs. As the holiday approaches, children begin to think of gaily colored eggs.

Choose eggs for Easter according to the ways they will be used. For eggs served poached, fried or cooked in the shell, use Grade A large eggs. Prices for the eggs make them an economical protein choice and low in cost per serving and per pound.

EGG BUYING GUIDE LARGE EGGS

AVERAGE 24 ounces per DOZEN		
Cost per Dozen	Cost per Pound	Cost per Serving
60c	40c	10c
66c	44c	11c
72c	48c	12c

If you have blown the eggs out of the shells, use them for cake, custard or pudding. The raw eggs that are left over can be frozen to be used later.

For easy storage and quick freezing use an ice cube tray. Beat the eggs slightly with a fork, just enough to blend, then add 1/2 tablespoon salt or 1/2 tablespoon sugar to each cup of eggs. Pour mix-

ture into ice cube tray and freeze. The cubes are easily removed when the eggs are frozen and each cube is approximately one whole egg. Store the cubes in a plastic bag or box and label. The frozen eggs can be kept in the home freezer as long as six to eight months.

Easter eggs will taste and look best if they are hard cooked in-

stead of hard boiled. Cooking at a lower temperature means more tender egg whites, less dark coloring around the yolk and less cracking of shells during cooking. Here's one way to hard cook eggs without boiling: cover eggs with cool water and bring to boil in a heavy covered pan. Set pan off heat and let eggs set for 20 minutes in the hot water. If you must

hurry the process, simmer (but do not boil) for 10 minutes. Immerse cooked eggs in cold water immediately.

My family especially enjoys deviled Easter eggs. Hard cook the eggs, cool, then peel the eggs. Use liquid food coloring diluted with water or drink mix (like Koolade) to tint the egg whites. Cut colored eggs in half and then

use your favorite deviled egg recipe.

Shurfresh Milk Has That NATURAL GOODNESS

COTTON AND CATTLE—National Cotton Council Board Chairman Roy B. Davis, at left, and owner-operator Jack Mansfield of Harte-Mansfield Ranch at Vega, Texas, represent close ties between cotton and cattle industries.

SUPERIOR BULL—At Harte-Mansfield Ranch, carefully picked bulls are gain-tested in a special feedlot on a ration of cottonseed hulls and meal, milo, alfalfa, molasses and shorts. This program adds at least 50 pounds per head to weaning weight and eventual sale size of calves.

COTTON AND CATTLE

Heifers Weighing Over 800 Pounds

He was caught rustling cattle and he was hung . . . A simple statement of harsh frontier justice.

Cattle stealing is now a rare occurrence, although sometimes "a calf will come up missing," says veteran rancher Jack Mansfield, co-owner and operator of the 60,000 acre Harte-Mansfield Ranch up in the Texas Panhandle, at Vega.

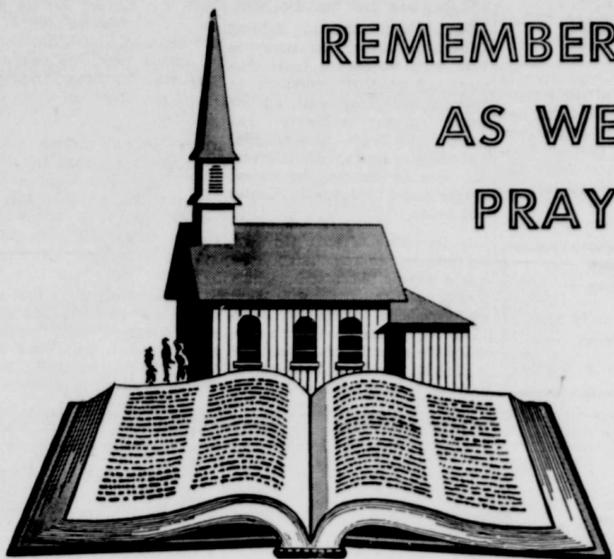

"When a calf stays lost, we figure someone just plain got hungry for prime beef," Mr. Mansfield concludes, and he certainly knows about beefy calves. Some of his pure-bred Hereford heifers run as heavy as 825 pounds.

A Progeny Program for testing bull performance is a key factor in producing heifers of such size and

quality. Carefully selected bulls go into their own feed lot and grow out on a diet rich in cottonseed hulls and meal. The highest gainers with desired conformation are subsequently used to replace old bulls and poor performing bulls.

Mr. Mansfield credits this testing program with adding at least 50 pounds per head to the weaning weight and eventual sale weight of his calves.

In winter months, supplemental protein feeding involves a schedule of six pounds of cottonseed cake per head every three days. Mr. Mansfield says this saves on labor required for feeding. Moreover, the cattle can graze over a wider area of the ranch, thus better utilizing the grass.

LET US
REMEMBER
AS WE
PRAY

That the joy and promise of this day was purchased by his suffering.

That the power of His love by far exceeds the power of the legions of mighty Rome.

That Faith is a door always open to those who would enter into everlasting life; open even today to us just as it was open centuries ago to the thief on the cross.

Gospel Meeting Continues At Local Church of Christ

The Church of Christ here in Silvertown is having a gospel meeting the week of March 23-29, and invites all the citizens of the community to attend. Douglas Lawyer of Olton will be doing the preaching for the evangelistic effort.

Mr. Lawyer was born October 2, 1927, in Blackwater, Missouri. He was the eighth son of twelve children. In July of 1952, he married the former Charla Cranford, and they now have four daughters.

Mr. Lawyer finished Harding College in Searcy, Arkansas, in 1949 with majors in Bible, history and physical education. In 1960, he completed work for his master's degree in history and speech at Texas Technological University. During the intervening years he preached for several congregations in Arkansas, Kansas and Texas.

In December of 1960, Mr. Lawyer took his wife and two daughters to Nigeria, West Africa where they served as missionaries until 1965. While in Nigeria they worked among the Ibo tribe which comprises the recently fallen nation of Biafra. He served as principal of a Bible Training College and car-

ried on evangelistic endeavors among the Ibos. They had one child born to them while on the mission field.

Upon returning from Nigeria in 1965, Mr. Lawyer became principal of Lubbock Christian High School in Lubbock. After one year in school work he returned to preaching full time. He presently serves the Church of Christ in Olton.

Each year he engages in several evangelistic meetings and teaches in Christian youth camps in the summer. His activities this year will take him to the states of Tennessee, Arkansas, Kansas and New Mexico, as well as his own area of Texas.

"We sincerely hope that everyone in Silvertown will take advantage of the opportunity to hear this great man of God," said Edwin Myers, the new evangelist for the Church of Christ in Silvertown, who

will be directing the song service. "Come and let us reason together, saith Jehovah—Isaiah 1:18." Services will be at 7:30 p.m. each evening and devotional services will be held each morning, Tuesday through Friday, at 7:00 a.m. which will be followed by a fellowship at which coffee and donuts will be served.

LIBRARY NEWS

There is a wealth of good personal enrichment to be enjoyed from the Briscoe County Library. The librarian, Mrs. Edwin May, is well qualified to help you in finding or selecting your reading matter.

Each year the Briscoe County Library receives new and interesting books. This is the result of the endeavor of March of Time Study Club. The entire proceeds from their annual game marathons are extended to the library fund. The club sponsors a tea each year during April to meet with the friends, readers, supporters (county and city), donors and inquirers of the public library.

Books and monetary gifts are received to supplement or augment the selection on the shelves of books. Because of the status of the existing library, requirements were met for an annual loan of 250 books from the Texas Library. A part of these requirements are met in the schedule of library hours: Tuesdays from 9:00 a.m. until 12 noon and from 2:00 until 5:00 p.m. and Fridays from 2:00 until 5:00 p.m. As a result of this alliance with the state library, material may be borrowed from the Amarillo Public Library by conferring with Mrs. May on articles or books needed.

During the past calendar year, 103 books were accessioned to the permanent files. In August of each year the loan from the state library is returned and a new group

of 250 books is received.

The memorial shelf holds some fine books, the selection of types or titles and authors being at the discretion of the individual donor.

There were 1895 books checked out of the Briscoe County Library during 1969 to readers, and there are 35 families who hold reading cards. These cards are \$1.00 per year and the books may be checked out of the library for a two-week period. Generally, all books are placed in three divisions—adult, youth and children—but there are many divisions of interest, including history, science, mystery, novels, religion, arts, biography, etc.

Some of the new books are: KING RANCH — 100 Years of Ranching from 1853 to 1953; sponsored and published by the Corpus Christi Caller-Times

THE BRIDGE OF SAN LUIS REY, by Thornton Wilder
DRAWINGS TO LIVE WITH, by Holme

MY COUSIN ABE, by Eileen Fisher
SEVEN WONDERS OF THE WORLD, by Lowell Thomas

OFFICE HOURS DAY AND NIGHT, by Janet Travell (President Kennedy's physician)
THE STORY OF NURSING, by Dodge

POEMS OF JOHN KEATS, by Kunitz
There are many books about animals. Mrs. May has a list of Outstanding Fiction for College-Bound Students, and a great many of the books on the list are available in the Briscoe County Library.

Silvertown, Texas

Montague Reunion Held Last Sunday

Descendants of Mr. and Mrs. Dan Montague, Briscoe County pioneers, gathered in the home of Mr. and Mrs. W. H. Fitzgerald Sunday, March 22, following church services. Lunch was served at noon, and a birthday cake on which were the names "Polly," "Nelda" and "Carron" was used as the centerpiece until served.

The afternoon was spent visiting and making pictures, and the younger ones enjoyed riding horses.

Attending were Mrs. Earl Cantwell, Mr. and Mrs. Joe Montague and Quinn, Mr. and Mrs. Ray Teeple, Marsha and Monty, Mr. and Mrs. James Henderson and Freda, Mr. and Mrs. Roy Montague, Carron and Paula, Mr. and Mrs. Wayne Schrandt, Mr. and Mrs. Datis Martin, Dana, Stanley and Celia, Mr. and Mrs. Elton Cantwell, Debbie, Mary Chris, Brenda and Roger, Mr. and Mrs. Guinn Fitzgerald, Nanette, Suzette, Kimberly and DeLynn, Mr. and Mrs. Norvell Breedlove, Chris, Craig and Curtis, Mr. and Mrs. Bill Durham, Kirk and Lee Ann, Dorothy Yancey, Ann and Nell Bryant.

Memorial Service Held Last Sunday

The Quitaque Congregation of Jehovah's Witnesses met in celebration of the memorial of Jesus Christ's death last Sunday evening, March 22, according to V. D. Tiffin, presiding minister of the local group. The meeting was held in Quitaque at the Kingdom Hall.

"March 22 this year corresponded with the Jewish calendar of Nisan 14, which was the date of the death of Jesus Christ," Mr. Tiffin said. "For that reason, Jehovah's Witnesses celebrate it only once each year on that anniversary date. The anniversary of Jesus' death is the most important date on our calendar." Emphasizing the importance of the celebration, Mr. Tiffin said further that the celebration was observed in all 25,694 congregations of Jehovah's Witnesses throughout the world on the same date, March 22. In 1969, more than 2,700,000 persons met worldwide for memorial observance. The discourse was given at Quitaque by Mr. Rex Tiffin, to an audience of 35.

Next Sunday, March 29, a special public talk "The Road Back to Peace in Paradise" will be given throughout the United States in each of the more than 5,000 congregations of Jehovah's Witnesses. The public is invited to attend at 10:00 a.m.

Area Recognition Day Held Saturday

The five Plainview TOPS Clubs were hosts to more than 400 TOPS members of the North Plains Area of Texas Saturday at the annual Area Recognition Day held in the Herral Memorial Auditorium on the campus of Wayland Baptist College.

The 1,856 members of the Area TOPS Clubs lost a total of 13,625 pounds during 1969.

Special awards were presented during the morning session. Coronation of the king and queen, awards presentations and the KOPS graduation ceremony highlighted the afternoon session. Theme of the meeting was "Happiness Is TOPS."

The Area Recognition Day is held to recognize successful members for their weight loss for the past year and to graduate those members who have become KOPS. KOPS (Keep Off Pounds Sensibly) is an honorary society of TOPS (Take Off Pounds Sensibly). Only

members who have attained the weight goal set by their doctors and have maintained this weight for a period of three months can graduate to KOPS.

The Area TOPS Queen is Bonnie Fulbright, A-1 TOPS, Lubbock, with a loss of 87 3/4 pounds. Runner-up was Norma McKinney, TOPS Trim Shop, Amarillo, with a loss of 72 pounds. Frank Woods, Sir Plop TOPS, Plainview, was king with a loss of 30 pounds. Wanza Brewer, Plainview TOPS, is KOPS Queen, with a loss of 87 1/2 pounds.

To open the afternoon session, Earl Miller of the Wayland College music department gave a 15-minute recital on the new \$80,000 Wicks organ which was recently installed in Herral Memorial Auditorium.

Mrs. Lula Nance, Sterley TOPS, received special recognition for having been a KOP for 7 1/2 years, longer than any other KOP in the area.

A surprise announcement was made by Mona Spencer, area supervisor, when she appointed Kay Jackson of Silverton as her assistant. Mrs. Jackson, who is to serve Caprock TOPS as leader during the coming year, was chosen as Area Captain to serve the Southeastern TOPS area.

Mrs. Jackson performed her first official duty when she narrated the Parade of Queens. The queen of each TOPS Club in the area crossed the stage as her name, club and weight loss were announced. Sylvia Fogerson, with a 39-pound loss, represented the Caprock TOPS of Silverton in this portion of the program.

During the afternoon session a success story relating the trauma of being overweight and newfound happiness, better health and appearance since her 136-pound weight loss, was presented by Karen Davis of Plainview. Mrs. Davis gave credit to her family,

Mr. and Mrs. Berton Hughes had as their guests her parents and brother, Mr. and Mrs. R. E. Renfro and Gayle of Vernon, for lunch Saturday and an overnight visit. They all visited Mr. and Mrs. Randy Hughes in Lockney Saturday evening and Sunday they went to the home of Mr. and Mrs. Hubert Hall in Memphis, where a birthday dinner was given for R. E. Renfro in celebration of his 76th birthday. Other members of the family from Vernon, Wichita Falls and Lubbock were there, and Mr. and Mrs. Gene Vaughan called in the afternoon.

her doctor and TOPS for her success. As she retired from the podium, she was presented a single yellow rose by her husband, Eugene, who was waiting for her just offstage. Both Mr. and Mrs. Davis are recipients of the coveted Century Medallion which is awarded to those who lose 100 pounds or more and maintain the weight loss for at least a year.

Three from the Silverton club were scheduled to graduate from TOPS to KOPS, but only two were able to be present for the ceremony due to there having been a death in the family of KIW Nena Loudermilk. Those who did take part in the graduation ceremony were Elsie Cornett and Sylvia Fogerson.

Others attending from the Silverton club were Leader Helen Strange, Treasurer Mildred McDaniel, Secretary Marie Garrison, Wilma Lewis, Mary Ann Sarchet and a guest, Juanita Stephens.

Considering the number of pounds lost by North Plains Area TOPS and that more than 102,771 pounds were lost by members of 443 clubs in Texas last year, it is no wonder that the Journal of the American Medical Association in a recent issue reported: "A self-help group, TOPS is tops among ways to lose weight."

Engagement Announced

Mitchell McDaniel and his fiancée, Miss Deborah Thomas

Mr. and Mrs. Robert V. Thomas, jr., of Liberty, Texas, announce the engagement and approaching marriage of their daughter, Deborah Kay, to Mr. Mitchell Ray McDaniel, son of Mr. and Mrs. Robert N. McDaniel III of Silverton.

Both Mr. McDaniel and his fiancée are students at Texas Technological University in Lubbock.

The wedding will take place on May 30, at the First United Methodist Church in Liberty.

pley, Mae Tennison, Bessie Wheelock, Mae Bomar, Dorn McMurtry, Leona Mercer, Maggie Stephens, Frances Howard, Georgia Allard, and the hostess, Tina Schott.

The next meeting will be in the home of Mrs. Minnie Haynes on April 17.

Clubwomen Attend District Convention

Clubwomen from the Century of Progress and March of Time study clubs attended the Caprock District, Texas Federation of Women's Clubs, Convention in Lubbock Friday and Saturday.

Mrs. Wayne McMurtry was at the convention to give her report as president of Century of Progress Study Club. Members of her club who were at the convention both days were Mrs. F. E. Hutsell, Mrs. Pat Northcutt and Mrs. O. C. Rampley. Mrs. Lula Bellinger represented March of Time Study Club both days.

Awards won by the Silverton clubs included a certificate for being 100% subscribers to "The Texas Clubwoman" magazine by the March of Time Study Club; first place overall report in the Fine Arts Department, second place in the Easy Money Contest, and first in the Poet Laureate Contest by Century of Progress Study Club.

The winning entry in the Poet Laureate Contest was submitted by Mrs. O. C. Rampley, and is reprinted below.

TO WAYNE, ON YOUR TWENTY-FIRST BIRTHDAY
The world says today you became a man,
Because you are twenty-one;
But I know you have been one since long ago,
Within your heart, my Son.

You have dreamed great dreams of your future,
Since you were a wee little lad;
And planned the things you wanted to do,
When you were grown like your Dad.

You were always careful and thoughtful,
In planning how things should be;
You answered when pressed for an opinion,
"You will just have to wait and see."

You wanted to fly—and you did it,
By saving each dime you could earn;
As you made your plans for college,
Flying was something you'd learn.

While in your carefree teenage years,
You took unto you a wife,
And pledged your love and faithfulness,
The remaining years of your life.

Now you have a son who will follow,
And imitate the things that you do;
The man that he will someday be,
Will greatly depend on you.

Never forget that his eyes are watching,
And his ears bear what you say;
His pattern of future behavior,

GOOD SAMARITAN CLASS MEETS IN SCHOTT HOME

The Good Samaritan Sunday School Class of the First Baptist Church met at 3:00 p.m. March 20 with Mrs. Tina Schott.

The meeting was opened with a song, "What A Friend We Have In Jesus," following prayer by Mrs. H. P. Howard.

Minutes were read and the report of the treasurer was given by Mrs. J. E. Wheelock.

Mrs. Minnie Haynes, program chairman, led the group. Roll call was answered by each member naming a Biblical instrument. The devotional was from Revelations 2:20-24, on Jesebelle.

A Bible quiz was enjoyed. Refreshments were served to Mmes. Minnie Haynes, Mary Ram-

You are helping to form day by day.

Whatever the years have in store for you,
May you face them with a smile;
And pray that God will remain with you,
Through life's last weary mile.

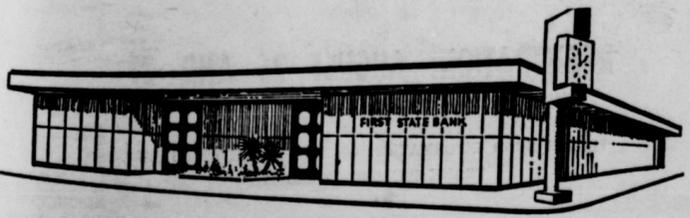

Your Father's heart is proud to know,
That his youngest is now a man;
But my heart remembers you as a babe,
As only a Mother's heart can!

LET US ALL ATTEND THE CHURCH OF OUR CHOICE EASTER MORN

The Good Shepherd

He was born in a poor manger. His life was short and filled with pain and poverty . . . yet by his sacrifice He gave mankind the promise of Eternal Life. Once again we commemorate the miracle of Resurrection, and renew through Him, our faith and our joy for all the days to come.

Spotlighting The Seniors Seventy

GERRY JAMES

MARILYN MINYARD

Gerry James is a 5'11" Senior with brown hair and brown eyes. His favorite food is steak and his favorite song is "Come Together." Gerry enjoyed the book, "A Midsummer Night's Dream," the television show, "Mod Squad," and the movie, "Bonnie and Clyde."

Gerry is a four-year member of the Future Farmers of America. He has participated in physical education for four years, and is an assistant helper with the seventh and eighth grade boys.

Gerry was on the track team his Freshman year.

Included among his favorite pastimes is deep sea diving.

Gerry's plan for the future is "to have a happy life."

A 5'8" Senior is Marilyn Minyard, who has dark brown hair and brown eyes. Marilyn's favorite foods are shrimp and Mexican food. Among her other favorites are the song, "Cherish," the book, "Gone With the Wind," "That Girl," on television, and "Romeo and Juliet" is her favorite movie. "People who never smile" is her pet peeve.

Marilyn is a four-year member of the Future Homemakers of America, and holds a Junior degree. She has been an active member of the Future Business Leaders of America for three years and has earned her assistant's degree. Marilyn has been active in the Pep Squad for four years and is serving as that group's parliamentarian this year. She was also a member of the Senior Play cast.

A member of 4-H for four years, Marilyn was reporter her first year in 4-H. She gave the welcome at the annual 4-H Awards Banquet last fall, and she received the 4-H citizenship award in 1968.

She has included Powder Puff Football in her activities for the past four years and played basketball her Freshman, Sophomore and Junior years. She received awards for perfect attendance her Freshman and Sophomore years.

Included among Marilyn's favorite pastimes are reading and riding around.

After graduation, Marilyn plans to attend West Texas State University.

-Lunchroom Menu-

THURSDAY, MARCH 26

Hamburgers, lettuce, tomatoes, pickles, potato chips, caramel squares, milk

MONDAY, APRIL 6

Fish sticks with tartar sauce, blackeyed peas, corn, rolls with butter, cobbler

TUESDAY, APRIL 7

Hamburger meat with noodles and tomato sauce, tossed salad, rolls and butter, chocolate cake

WEDNESDAY, APRIL 8

Pinto beans and hot tamales, cole slaw, cornbread and butter, banana pudding

Well, What Do You Know? fun, games and knowledge

by MARTHA GLAUBER SHAPP, Editor, The New Book of Knowledge

Do you know about corpuscles?

While circulating throughout the body the fluid part of the blood also carries solids that are not dissolved. The most important of such solids are the corpuscles ("little bodies")—usually called blood cells. Mature blood corpuscles do not grow or reproduce themselves. Unlike most of the body's cells, blood corpuscles do not join together to form tissue; they float singly, in suspension. When separated from plasma they form a jelly-like mass.

There are three kinds of solid bodies in the blood: red cells, white cells, and platelets. Each performs one major task. The red cells carry oxygen throughout the body; the white cells attack infection-causing bacteria; and the platelets help to clot the blood.

Do you know what happened to the dodo?

One of the most famous birds is the dodo. Yet nobody alive today has seen a living dodo or ever will. The dodo is extinct—it has completely

died out. Fortunately, before it disappeared almost 300 years ago, it was seen and described by various people; it was painted by several artists; and museums have been able to reconstruct the bird from bones that have been found. From these sources the story of the dodo's extinction has been pieced together. The dodo lived on the island of Mauritius in the Indian Ocean. They were large birds, weighing as much as 50 pounds. They could not fly, but nested and lived on the ground. By the end of the 16th century, man had come to Mauritius. Settlers brought cats, dogs, pigs, and monkeys. All these turned out to be enemies of the dodos. The pigs trampled the nests; the monkeys stole the eggs and ate them; dogs and cats caught the young. By 1700, there were no dodos left.

Do you know what the horse latitudes are?

In the days of sailing ships, captains depended on the winds to help them reach their destination. Ships crossing the Atlantic from Europe to America took advantage of the trade winds that blew steadily from east to west. On the return trip ships took a more northerly route, where the prevailing westerlies blew from America toward Europe.

But sometimes ships were becalmed for days in the almost windless region between the trades and the westerlies. These are the "horse latitudes," which occur about 30 degrees north and south of the equator. The name comes from an old belief that horses on these ships were thrown overboard to conserve water.

(For a free booklet, "The Magic Carpet," illustrated in color from The New Book of Knowledge, send name and address to Martha Glauber Shapp, Box 47, Putnam Valley, New York 10579.)

EASTER

What is Easter? Easter is a Christian festival that celebrates the resurrection of Jesus Christ. It is the most important holy day of the Christian religion. People attend churches and take part in religious ceremonies. In most countries, Easter comes in early Spring, at a time when green grass and warm sunshine begin to push aside the ice and snow of winter. Its name may have come from EOSTRE, a Teutonic goddess of Spring or from the Teutonic festival of Spring called EOSTUR. Most Christians observe Easter on a Sunday between March 22 and April 25. Members of Eastern Orthodox Churches sometimes celebrate it later than other churches do.

The story of Easter comes from the Bible. The gospel tells that the body of Jesus disappeared from His tomb on the third day after His crucifixion. An angel appeared to His followers and announced, "He is risen."

Christians everywhere celebrate Easter with great rejoicing. In many areas, children collect candy and chocolate bunnies, and hunt colorful Easter eggs. Many persons wear new Spring clothes to church on Easter.

Some of the Easter symbols are: The cross, which represents the crucifixion of Jesus Christ.

The lamb, a symbol of Jesus. Eggs represent the new life that returns to Nature about Easter time.

Rabbits represent the birth and new life.

The lily has also become a symbol of Easter because of its large, fragrant blossoms are a waxy white color and are shaped like trumpets.

The Easter Parade has become a popular tradition on Easter Sunday in many cities.

Masses of white lilies, symbolizing purity, decorate the altars of churches throughout the country. People usually wear new Spring clothes to church. Many women buy special "Easter bonnets" to wear at the afternoon fashion parades.

Young people often have parties on Easter afternoon. They decorate place cards, napkins and party favors with bunnies, chicks and eggs. On the Monday after Easter, the President of the United States welcomes thousands of children to the White House lawn in Washington, D. C. for an egg-rolling contest. President Hayes started the custom in 1876 and it has been observed ever since except for the years between 1942 and 1953.

How are you going to observe Easter this year?

WOULD YOU BELIEVE . . .

that Evelyn always receives letters but no one comes to see her? The Annual Staff has had trouble taking pictures because of the weather? the school is being sued? It snowed on the first day of Spring?

Judo Needs Support

There are 31 boys signed up for Judo at this time. Many of these men and boys have already won themselves some medals in judo tournaments.

This is a new sport in Silverton and there are a lot of boys who are really going for it; but they need the support of townspeople just as the football boys, basketball boys and girls need support during their season.

Support the boys and their sponsors when they represent our town.

STANDING TALL . . . The 314-meter antenna of Radio Budapest looms against a cloud-flecked sky. The Hungarian Radio Service has just begun its 45th year of broadcasting and recently was provided with a new 300 kilowatt transmitter by the nation's telecommunications industry.

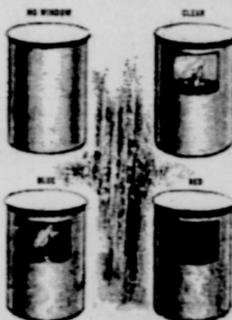

DRIVE FRIENDLY—Governor Preston Smith and A. Ross Rommel, Traffic Safety Administrator, have issued an appeal to Texas motorists to "Drive Friendly." Dashboard, window and bumper stickers bearing "Drive Friendly" are being used on most state vehicles, driver education cars and school buses. Business and civic groups were urged to participate. Stickers can be obtained at nominal cost by writing Drive Friendly, Governor's Office, Austin, Texas 78711.

Well, What Do You Know? fun, games and knowledge

by MARTHA GLAUBER SHAPP, Editor, The New Book of Knowledge

Would you like to do an experiment with plants?

Here is an experiment you can do that shows that a plant is affected by the color of the light falling on it. To demonstrate this, you need four flowerpots full of soil, some corn seeds, some blue and red cellophane and four cardboard boxes. Each

box must be large enough that it may be turned upside down and cover a flowerpot. There should be 6 inches of space between the top of the flowerpot and the bottom of the box when it is covering the pot. Cut a large window in one side of three of the boxes. Make the window 2 inches tall, with the bottom of the window on the same level as the top of the flowerpot. Do not cut a hole in

the fourth box, and make sure the box has no holes to let in light. Paste red cellophane over the window in one of the boxes, and paste blue cellophane over the window in another box. Leave the window in the third box open, or paste clear cellophane over it. Plant the corn seeds 4 of an inch apart and in a straight line in the pots. Let the seeds grow until the plants are an inch high. Set the four pots on a table near a window so that all the pots get the same amount of sunlight. Cover each pot with one of the boxes, with the window of the box facing the sunlight. Each day remove the boxes, water the plants, and immediately cover them up. Let the plants grow until they are about 4 inches tall, and then remove the boxes and observe the plants. Those behind the blue and clear cellophane should be growing toward the light. Those behind the red cellophane may grow toward the light, but not nearly as much as the other plants. The plants under the box without a window grow straight up.

The response of a plant to a light is called phototropism. If it grows toward the light (as the plants did behind the blue and clear windows), the plant shows positive phototropism. If it grows away from the light, the plant shows negative phototropism.

WHAZZIT . . . What appears to be a monster from another world is really a mechanic. The soldier, a member of the 101st Airborne Division, is working on the tail end of a UH-1D Huey helicopter in the Republic of Vietnam.

"MOON MAN" . . . Astronaut Edwin Aldrin takes a break at the Space Center in Houston during training for the Apollo 11 moon landing mission. He holds a lunar tool designed for use in picking up rock or dirt samples from the surface of the moon.

BIG MOVER . . . This huge floating crane, operated by the 2d Logistical Command, is pressed into action whenever extremely heavy cargo is to be loaded or unloaded at the Naha Port facilities, Okinawa. The 100-ft. boom can lift up to 200,000 pounds.

SUNDAY'S SERMON

WHY SMILE?

It isn't easy to smile when you feel the world is kicking you in the teeth and everything you touch seems to turn into ashes. But you can do it, if you try.

Think about it for a moment and you will realize that you know some individual who has shown that it can be done; someone who has had more than one man's share of disappointments and setbacks, and yet manages to walk with his head high and with an outward smile to the world.

Why smile? Why pretend that life is a bed of roses when it's nothing more than a bag of thorns? Simply because a smile is the outward sign of an inner determination to persist, to carry on.

Anyone can quit. Some do it by rolling over, like the possum, and playing dead. Others quit by walking away, believing foolishly that troubles will not follow.

Keep your smile and never lose it. A smile is a sign of inner strength and confidence. A smile is a sign of faith strong enough to hang in there and keep trying until something can be done about troubles and problems. A smile is recognition of the fact that troubles are nothing more than temporary inconveniences along the road of life.

Life is not always beautiful, is never so bad it cannot get worse; and yet it is never so horrible as to reach a stage of complete hopelessness. There is always hope for the man who clings to faith and who reaches outward with the belief that God is and that tomorrow must be a better day.

Dogs and Cats To Be Vaccinated April 11

Dr. Paul Glasson of Lockney will be in Silverton from 9:00 a.m. until 12:00 noon at the City Hall to vaccinate dogs and cats.

Rabies shots will be \$2.00, and the city tag costs an additional \$1.00.

World's largest totem pole is 127'7" high, weighs nine tons, and was carved from a single cedar pole.

FAMILY POT LUCK

Cooking out for the first time? Line the bottom of your outdoor grill with aluminum foil. This eliminates messy cleanups, since the used briquets and ashes can be scooped up in the foil lining and disposed of. Make a mound of charcoal briquets slightly to the rear of center of the grill pan, so that meat juices and fats will not drip into the coals, causing smoke and putting out the fire. Douse the mound with liquid charcoal starter, and carefully light with match. Wait about 40 minutes, until coals are white hot, then rake coals flat. This will provide an even bed of coals for uniform cooking.

For a zesty barbecue sauce, combine 1 bottle A.1 Sauce (small size), 2 cups water, 1/2 tsp. pepper, 2 tps. salt, 1/4 cup brown sugar, 1 cup vinegar 2/3 cup lemon juice, 4 tsp. butter. Mix all ingredients together, and simmer for approximately 10 minutes. Ideal as a basting sauce on beef, pork, or chicken.

Salad Platter

- 1 head iceberg lettuce, finely chopped
- 2 (3-3/4 oz.) cans Norway sardines
- 6 hard cooked eggs, quartered
- 6 medium size fresh tomatoes, quartered
- 2 large cucumbers, sliced
- 25 (2 cans) whole cold, cooked rosebud beets
- 1 bowl mayonnaise

Decorate with ripe olives and sprigs of parsley. On a large platter arrange a bed of chopped lettuce. Place mayonnaise bowl in center and, on each end of platter, place one open can of Norway sardines. Make a symmetrical pattern around platter of the rosebud cooked beets, quartered hard cooked eggs, quartered tomatoes, and sliced cucumber rings. Decorate center of platter with parsley sprigs and ripe or green olives.

W.S.C.S. Has Special Easter Emphasis

The Woman's Society of Christian Service met Tuesday, March 24, 1970, and the thoughts of those present were turned to Easter. First everyone viewed the lighter side of Easter.

Mrs. Jennie Fisher and Miss Shavonne Lowrey, great-granddaughter of Mrs. George Seaney, modeled many styles of hats while Mrs. Marvin Montague and Mrs. Seaney assisted in fitting the hats.

CARDS OF THANKS

I want to send my heartfelt thanks to each one who has been so nice to me since I have been sick, while at the hospital and since my coming home, for all the flowers, food, visits, telephone calls and every act of kindness and thoughtfulness. May God bless each one is my prayer. Mrs. M. L. Welch

We would like to express our gratitude for the many acts of kindness, the lovely cards and letters and your coming to be with us in the loss of our son.

Although our hearts are broken, it is through your friendship and the help of our Savior that our loss is made bearable. Hank and Lucille Brown, Pax and Ian

We wish to express our thanks and appreciation to the people in Silvertown for the flowers, cards, visits, food brought and served, and every act of kindness shown us during the death and burial of our loved one. The family of J. D. (Chick) Meek

We would like to thank everyone for the many nice cards, flowers, kind words and sympathy in our time of sorrow. May God bless and be with each one. Nena and Claude Loudermilk and family

NOTICE TO CREDITORS OF THE ESTATE OF R. G. ALEXANDER, DECEASED

Mrs. Bill Edwards provided the background music, "In A Corner of the World All Our Own," by Gus Kahn.

Mrs. Doug Forbes and Mrs. Robert Sewell sang Irving Berlin's "Easter Parade" accompanied by Mrs. Edwards. This was followed by a reading, "Her Easter Bonnet," by Lola M. Hazard, by Mrs. Forbes.

Thoughts were then directed to the serious and religious significance of the Easter season when Miss Cynthia Edwards, daughter of Mr. and Mrs. Harold Edwards, sang "The Old Rugged Cross" by Rev. George Bennard. Mrs. Hugh Nance gave the reading, "Of What Wood Was The Cross?"

Refreshments were served by Mrs. Nance to Mmes. Fisher, Vance Childress, Edwards, Sewell, G. Mayfield, Seaney, Lem Weaver, Forbes, Montague, Larry Jarrett, Gordon Alexander, Bob Hill, Albert Mallow, Harold Edwards, and to these children: Shavonne Lowrey, Jim Forbes, Warren Jarrett, Cynthia and Joe Ted Edwards.

ANNUAL CO-OP MEETING HELD SATURDAY IN TULIA

Almost 800 persons attended the 30th annual membership meeting of Swisher Electric Cooperative in Tulia Saturday.

David A. Haril, REA Administrator, spoke at the meeting. "Industries are looking toward rural areas as potential sites for relocation and expansion. They'll go where they find the best combination of economics and physical factors available," Haril said.

"In this period of growth and intense competition, electric cooperative management must be alert to provide service that meets the needs of a changing area," he said.

Mr. Haril praised the cooperative for its recent award as having the best member service program in the nation for cooperatives under 4,500 membership. He termed the award, "A credit to the cooperative, its management and the people it serves."

During the meeting, W. A. Jordan and D. T. Northcutt were re-elected to three-year terms on the board of directors. The members elected a new director, John Culwell.

The name of the cooperative was changed to Swisher Electric Cooperative, Inc., dropping the "County" from the title.

A by-law change will allow the cooperative to borrow money from an REA cooperative bank, in the event federal legislation establishes such a bank. Cooperatives now obtain funds from the Department of Agriculture.

Helping Hand Club Has Meeting

Mrs. J. D. Nance hosted the Helping Hand Club in her home last Thursday. Mrs. Edwin Crass presided over the business session and Mrs. Frank Mercer called the roll.

Games were played and an afternoon of visiting was enjoyed by all. Mrs. Lowell Callaway was the "lucky lady."

Refreshments were served to Mrs. Aubrey Rowell, Mrs. Wade Steele, Mrs. Robert McPherson, Mrs. Callaway, Mrs. Crass, Mrs. Mercer and the hostess, Mrs. Nance.

The club's next meeting will be April 2 in the home of Mrs. Aubrey Rowell.
