 County Agent's  
 Desk

External parasites of livestock and poultry are profit robbers. They lower the production of meat, milk and eggs by sucking blood from animals, transmitting diseases, and causing loss of energy from annoyance and a waste

of feed. They can be controlled, and their profit-grabbing greatly reduced through planned control programs. Insecticides are of major importance in control programs. Livestock insecticides are formulated as wettable powders, emulsifiable concentrates, smears, dusts and aerosols. And, all insecticides are toxic to warm-blooded animals. They should always be handled according to label instructions. Only the insecticide formulations prepared specifically for livestock should be used on livestock. Formulations for plant use should never be used on livestock. In order that livestock producers may have the latest available information on control methods

with insecticides, MP-691, "Texas Guide for Controlling External Parasites of Livestock and Poultry" is available at the County Extension Office.

An all-out effort to increase agricultural income in Texas by \$1 billion by the end of the 1976 crop year has been announced by Dr. John E. Hutchison, director, Texas Agricultural Extension Service, reports County Agent Ken Cook.

The program objective is to further develop the tremendous potential for agricultural income in Briscoe County and for all other counties of the state.

The slogan for the program, "3.76 in '76," is significant for it marks the centennial year of Texas A&M University, the state's land grant university. Too, the agricultural income of Texas is now approximately \$2.76 billion and the \$1 billion increase would achieve the 3.76 figure.

The program is specifically planned to close the gap between average and potential yields of all economically important agricultural commodities produced in Briscoe County and will utilize improved marketing practices, says Cook. Too, the program is designed to increase both the gross and net income of producers.

The County Program Building Committee will set long-range and annual goals based on the knowledge and experience of local farmers and ranchers. These will be attainable, he added, if producers will follow the coordinated application of improved practices already proved by research and Extension demonstrations. The practices have been outlined in production guides prepared by Extension specialists and other resource people for each economically important agricultural enterprise in the county. Improved marketing practices will receive emphases equal to production in the program effort.

During the last half of May, some 40,000 farmers will receive at their mailboxes most important questionnaires from the Texas Crop and Livestock Reporting Service in Austin.

According to County Agent Ken Cook, it will be the annual acreage survey and that many farmers in Briscoe County will be included in the 40,000. The informa-

**MRS. MERCER PARTICIPATED IN WOMEN'S FLY-IN**

Mrs. Fred Mercer took part in the Farmers Union Women's Legislative Fly-in in Washington, D. C. last week.

Other area women who participated included Mrs. H. E. Frizzell of Lockney; Mrs. Jim Barnard of Floydada and Mrs. Doris Whitten of Olton.

The session opened Sunday and continued through Wednesday, with a national program which brought several hundred women

tion derived from the replies will be the basis for the official estimate of crop acreage for the State of Texas and for each county.

Cary D. Palmer, State Statistician for the Texas Reporting Service, emphasizes the importance of getting back just as many of the 40,000 questionnaires as possible so that each county will be well represented. Accurate estimates are of great importance to farmers in planning production and marketings and in providing an unbiased picture of Texas agriculture.

The Texas Legislature has provided a program of estimates for each county. Because Texas covers such a wide area, State totals alone do not provide adequate information on our most basic industry; hence, the need for county information. The program is a cooperative effort of the U. S. Department of Agriculture's Statistical Reporting Service and the Texas Department of Agriculture.

We urge all farmers in the county who receive the questionnaires to fill them out completely and accurately and return them as soon as possible to the Reporting Service.

and rural leaders to Washington D. C. for a grassroots lobbying effort. The key issue was the Agricultural Conservation Program. Also on the agenda was the school milk program and interest rates. During the three-day period,

teams of Farmers Union women contacted all 535 members of Congress and the Senate. They visited the Department of Agriculture, and were briefed on current farm legislation and proposals for the future.

**This is Oldsmobile's year at Indy.**

**Isn't it your year for an Olds?**

The knowing folks at Indy just named Olds 4-4-2 official pace car for this year's 500.

For good reason. Olds is not only an excellent performer, it's a winner in looks and ride as well.

The fact is, every 1970 Olds is a pacesetter. And it goes far deeper than performance.

You find it in great engineering. In exceptional comfort, in ride and handling that are outstanding. And in the solid quality and dependability you've come to expect from Oldsmobile.

In fact, it's this quality that leads many people to believe that Olds is priced out of

their reach. A mistaken notion that might keep you in an ordinary car, instead of an Olds.

The truth of the matter is that many Olds models are priced right down with the low-price names.

Now that you have the facts, isn't this your year to go Oldsmobile? You can probably do so for no more than what you've been paying. See your nearest Olds dealer!

"You're getting too old to run around the way you do, Mom."  
Happy Mother's Day."

The average mother, we've been told, walks more than 8 miles every day. Why not give her feet a break this Mother's Day: make sure she's got a phone within answering distance. An extension (in the kitchen or bedroom or laundry room) costs just a few cents a day. There's no faster relief for aching feet.

## General Telephone

## Home Notes

by MRS. NAOMI HUNT  
Briscoe County  
Home Demonstration Agent

I have a pretty gold melamine plate on which someone brought brownies for the 4-H concession stand Friday night. If this is yours, you can pick it up in my office.

Several have requested the recipe for Mock Pecan Pie. Here it is along with the Oatmeal Pie-crust. I think the two go together very well.

### OATMEAL PIE CRUST

1/4 cup flour  
4 tablespoons sugar  
1/2 teaspoon salt  
1/2 cup fat  
3/4 cup rolled oats  
4 to 5 tablespoons cold water  
Mix flour, sugar and salt in a bowl. Mix in fat with a fork until mixture is like cornmeal. Stir in rolled oats. Sprinkle water over mixture and stir with a fork until dough sticks together but is not wet. Shape a ball. Spread a little flour on a flat surface and on a rolling pin. Shape dough with hands to fit a nine-inch pie pan.

If you need a baked crust, prick bottom and sides of dough with a fork to keep crust flat. Bake at 425° F (hot oven) for 10 to 12 minutes or until light tan. Cool.

### MOCK PECAN PIE

1 cup pinto beans mashed  
4 eggs, well beaten  
2 cups sugar  
1/2 cup butter  
2 teaspoons vanilla  
Unbaked pie shell  
Mix all ingredients. Pour into unbaked pie shell. Bake at 400° for 30 to 40 minutes.

Here are some beef recipes that I received at the Beef-A-Rama I attended recently. The Beef-A-Rama was sponsored by the Hale County Farm Bureau and Texas

### Agricultural Products.

#### ROAST WITH COLA

3/4-lb. beef chuck roast  
2-4 tablespoons flour,  
4 tablespoons shortening  
Salt  
Pepper  
1 carbonated cola-type beverage  
Dredge roast in flour, salt and pepper. Brown in hot shortening about 15 minutes on each side. Open cola and pour over. Place over low heat, cover and allow to cook until desired doneness, approximately 3-3 1/2 hours or until meat is tender. 6 to 8 servings.

#### MONTERRY CASSEROLE

1-lb. ground beef  
3/4 teaspoon seasoned salt  
2 cups grated cheese  
1/2 cup ripe olives  
Cherry tomatoes  
2 T. chopped onion  
2 cans (8 oz.) tomato sauce  
4 cups taco flavored tortilla chips  
Green pepper rings  
Cook beef in skillet 5 minutes until crumbly and light in color. Add onion, salt and tomato sauce. Place 3 cups tortilla chips in a 2-quart casserole. Sprinkle 1 cup grated cheese over tortilla chips. Pour meat sauce over and top with the remaining cup of tortilla chips. Bake at 350° for 15-20 minutes. Garnish with olives, tomatoes and green pepper rings. Serves 6.

#### HINTS ON SERVING MEAT

Use a platter which conforms to the basic shape of the meat and which is not too much larger than the meat itself. This makes the piece of meat look bigger.

Allow a roast to set 10-15 minutes after cooking before you slice it. It will slice much easier.

Serve meat with an attractive garnish such as:  
Baskets made from oranges. These are especially pretty filled with parsley.

Broiled peach halves.  
Whole pickled peaches.  
Small bunches of grapes.  
Make flowers from cherry tomatoes by cutting quarters almost to the bottom. Arrange with parsley or water cress leaves.

Mrs. J. R. Steele has been a patient in Hall County Hospital at Memphis this week.

Mr. and Mrs. Van Breedlove of Dallas visited Mr. and Mrs. F. M. Breedlove, Mr. and Mrs. Fred Brannon and Butch, other relatives and friends here last week.

Miss Ruth Singleterry of Kensington Maryland, has been a recent overnight guest of Mr. and Mrs. Orville Turner.

Green pepper rings are also very attractive.  
For a really special occasion dip sugar cubes into lemon extract and light with a match just before you carry it to the table.

BUY A PATIO PAIR AND SAVE \$28.50

Save a bunch by ordering your favorite grill and light together. It's a great opportunity to save \$28.50, so pick your favorites and order from us.

### All Around The Town

CONTINUED FROM PAGE ONE

will be glad to let you off one hour early, provided that your share of the work is ahead enough to keep the job going in your absence.

#### LEAVE OF ABSENCE (For Operation)

"We are no longer allowing this practice. We wish to discourage any thoughts that you may need

an operation; we believe as long as you are an employee here you will need all of whatever you have and should not consider having anything removed. We hired you as you are and to have anything removed would certainly make you less than we bargained for.

#### DEATH (Your Own)

"This will be accepted as an excuse; but we would like to have a two-weeks notice, as we feel it is your duty to teach someone else your job.

ALSO

"Entirely too much time is being spent in the restroom. In the future we will follow the practice of going in alphabetical order. For instance, those whose names begin with "A" will go from 8 to 8:15, "B" will go from 8:15 to 8:30, and so on. If you are unable to go at your time, it will be necessary to wait until the next day when your turn comes again."

☆

BOY! what a slave driver Jack must be. I thought I had things pretty bad, but at least Charlie lets me go to the restroom without permission.

### Library Tea Well Attended April 17

Many friends enjoyed the annual tea in the Briscoe County Library on Friday, April 17, from 3:00 to 5:00 p.m. Some were there on their regular bi-weekly visit. Some were there as "friends" of the library and to help observe National Library Week, while some were there as first-time visitors and library patrons. What

ever the reason for their presence in the public library, everyone seemed to enjoy the experience. The serving table pleased the eye on first sight. Covered with a white linen cloth, the table held fruit punch and assorted cookies which were served from crystal appointments. The floral centerpiece was an arrangement of crab-apple and cherry blossoms, with a huge live yellow butterfly perched at the uppermost point. This beautiful friend held the attention of many guests throughout the afternoon—all of them being in awe of his confinement to the blossoms. The method for doing this was explained, and that his freedom was assured after the party hours.

### Young Homemakers Have Called Meeting

Silverton Young Homemakers held a called meeting on April 23 in the school home economics department.

Mrs. Wayne Stephens presided over the business meeting. The main topic for discussion was assisting in the clean-up campaign following the recent tornado. The members voted to meet Saturday, April 25, in the home of Mrs. Dwain Henderson.

Mrs. Donald Perkins reported on delivering of Cokes and ice to the workers Monday, April 20, and how much it was appreciated. Members made plans to continue delivering Cokes on Saturday. The club voted to donate \$50.00 to the disaster fund established at the First State Bank; \$25.00 was also donated to the Silverton Drive-In.

Mrs. Gordon Lowrey reported on the Area I Y-Hers Convention which will be held September 19 at Hereford. The Silverton Chapter will be responsible for taking pictures at the convention.

Mrs. Stephens reported on the Activity/Birthday Calendars that the club will sell later on in the fall. Members will be contacting families within the next month for dates and orders for the calendars.

Mrs. Lowrey and Mrs. Henderson served punch and cookies to Mmes. G. W. Chappell, Ken Cook, Harvey McJimsey, Fred Minyard, Donald Perkins, Tommy Perkins, and Wayne Stephens.

Next regular meeting will be Tuesday, May 12, in the home economics department at 7:30 p.m.

JACKIE CAROL TATE

Mr. and Mrs. C. F. Tate announce the engagement and approaching marriage of their daughter, Jackie Carol, to Mr. Robert Alan Gerhardt, son of Mr. and Mrs. E. E. Gerhardt of Borger.

The bride-elect is a graduate of Silverton High School, and is completing her freshman year as an elementary education major at Frank Phillips College.

Mr. Gerhardt is a graduate of Borger High School, and is a junior math and chemistry major at West Texas State University.

An early summer wedding is being planned.

sor of the event, wishes to thank each and everyone for being a friend to the library. As a club project, it is their hope that everyone in the community can use and enjoy the public library for business, education and pleasure. Patrons who wish to remember the library or make memorial gifts to the library may do so by contacting Mrs. True Burson, chairman of March of Time Study Club, or the librarian, Mrs. Edwin May.

### Salem Talk-

Graduation time draws near, and Salem's is ready with all of the graduates' sizes and preferences they have expressed for certain items. Also, each graduate has a cash donation gift book made out in his name, and you may contribute any amount toward the collective total that the student will spend as he or she sees fit. Many students find this method most beneficial to them because they can wait until Fall to use the amount contributed to their book, and use it to help purchase Fall wardrobes for college.

Other than clothing, Salem's has a fine selection of personalized gift items you will want to shop. Mothers' Day is this Sunday, May 10th, and Salem's offers a wide variety of fine quality merchandise to select from. Consider: costume jewelry, hosiery, fancy handkerchiefs, scarves, gloves, handbags, suits, dresses, lingerie, and materials for Mom to use in creating her own fashion dress or suit.

Salem's will happily gift wrap all gift purchases at no additional charge.

### TOPS Workshop Held Here Saturday

Pioneer Room at First State Bank in Silverton was the scene of a workshop to train new officers of local chapters and to acquaint them with the rules of

TOPS, Inc. Saturday, May 2, from 10:00 a.m. until 2:30 p.m.

Officers of TOPS clubs in Lockney, Crosbyton, Quitaque, Flomot, Brice, Matador, Memphis, Quanah, Clarendon and Silverton attended. Only two clubs in the Southeastern Quadrant of the North Plains Area did not send representatives

to the meeting.

Roberta Farley of QT TOPS in Quitaque conducted a session for weight recorders. Mona Spencer of Plainview TOPS conducted a special session for secretaries and treasurers. Kay Jackson of Caprock TOPS in Silverton conducted the session for leaders and co-leaders.

Bids were accepted from Memphis and Quanah for an Area Recognition Day to be held in October. Weights from June, July and August will be the basis of recognition at that event.

The last item on the agenda was a question and answer period conducted by Kay Jackson and Mona Spencer, members of the Field Staff of TOPS Club, Inc.

A salad luncheon was served at noon. Silverton officers and hostesses for the luncheon were Carolyn Montague, Sylvia Fogerson, Wilma Lewis, Mildred McDaniel, Helen Strange and Elsie Cornett.

### Receive Details On New Small Car To Be Shown Here Soon

The management of House Chevrolet Company has just returned from Amarillo where they received first details on the new Chevrolet small car to be introduced late this summer.

Bud House expressed enthusiasm for the new car—currently code-named XP-887.

"The new little Chevrolet is an exciting and positive answer to the demonstrated need for a small, economical, durable, safe, comfortable and well-styled car built in America to American tastes," he said.

The Chevrolet dealer said the "little car that does everything well" will come in a full line of four different 2-door models, all with front bucket seats as standard equipment.

Offered will be a four-passenger sedan, a four-passenger hatchback coupe with a fastback roof line, a four-passenger station wagon and a one-passenger panel delivery truck.

meeting. Mrs. E. A. Bellinger gave the treasurer's report, and Mrs. Rex Dickerson read minutes from the previous meeting.

Typical of the technological innovations in the new car is its all-new lightweight overhead cam engine. The four-cylinder engine has a new precision die cast aluminum cylinder block and has a husky 140 cubic inch displacement.

Chevrolet says the engine delivers a maximum combination of low pollutant emission, fuel economy and performance. Its lightweight contributes to the car's overall stability and ease of handling. Its torque output gives excellent performance both on open highways and in traffic, while allowing exceptional fuel economy.

The engine develops 90 horsepower. There is also a 110 horsepower version.

Market potential for the new car was also discussed at the

meeting. American interest in the "small car concept" is bigger than economy import sales would indicate, Chevrolet researchers reported.

Mr. and Mrs. Jim Clemmer visited in the home of Mr. and Mrs. Bill Swindle and family in Hart Sunday.

Mrs. Ted Strange has been a patient in the Plainview Hospital this week.

## NITROMITE IT! Hungry Young Crops Need Nitrogen Now

As soon as your crop is up and the stand is known, it's time to sidedress with NITROMITE, Shamrock's fine brand of anhydrous ammonia. NITROMITE gives young plants a great big shot in the yield. It's 82% nitrogen in its most usable form. This important spring feeding of nitrogen may make the difference between a high-yield profitable year for you and an ordinary crop with a possible loss. Sidedress

is your last chance to correct a deficiency in your fertility program . . . your opportunity to protect your investment. It is now or never for this year's crop. Be sure you use enough NITROMITE to do the job . . . apply the full might of nitrogen. Your dependable SHAMROCK NITROMITE dealer wants to work with you. Stop in soon or call.

### WHY NITROMITE FERTILIZER PAYS BIG DIVIDENDS

1. Promotes rapid growth.
2. Increases yield.
3. Improves quality.
4. Increases protein content.
5. It is applied at root zone where it does the most good.
6. Makes a limited supply of water more effective.
7. It is leach-resistant, stays put and does its job.
8. Easy and inexpensive to apply.
9. An adequate sidedress of NITROMITE provides the necessary nitrogen plants need during the critical growth stages.

Victim of Sound

When life becomes meaningless because all laughter has gone, sadness takes its place. Suicidal thoughts come into your mind leaving you to become the victim of sound. All life reveals what no one wants to know and silence overcomes you, leaving you to choose between happiness and sadness. Then your choice is lessened and you are stricken beneath the waves of solitude and self reliance. Then when you're almost paranoid, someone reaches out to help you. But there is still that old feeling and many times when sadness overcomes you, you again become the victim of sound. Each time you seem to overcome the silence and break through to happiness, only knowing silence will come again. Only until silence overcomes you so great and you become the victim of sound, knowing nothing will ever pull you out this time, will you die inside. You see, silence can kill when all hopes and laughter are gone because you die inside. Even if you aren't dead something inside you will feel empty and dead. Although you may

E. in the eighth grade? when Sue tried to drive up on the curb in drivers ed.? when Tommy asked Sharon for a date? when all of the boys didn't go out of town?

END-OF-SCHOOL PARTY PLANNED BY SOPHOMORES

The Sophomore class met Tuesday morning during Activity Period to discuss plans for the End-of-School Party. It was decided that a bus will leave for Burson Lakes at 9:00 a.m. May 16. Everyone will bring his own food, and the class will furnish the drinks. Bill Wood, sponsor, will also attend the party.

SOPHOMORES SALUTE SENIORS

Once again the school year is coming to a close, and we're all awaiting summer. In a few weeks three glorious months will be ours to do whatever we want to. But to the Seniors, it means something else. They have the future to look into and set their goal for life. They must think about life and responsibility. While they're mixed in the confusion of the world, they can always look back to their days at SHS. They can remember their accomplishments, as well as their failures, their happy times, as well as their sad ones. And they couldn't forget their Senior Play and what happened after it! But while the Senior Class of '70 is remembering the high school days, the Sophomore class will be remembering them, too. We hope to carry on where they left off, and to accomplish as much as they did. We wish you the best of luck!

LOVE

I was going to write a funny article for this; in fact I already had one written. Then I got to thinking: just about everything else on this whole page was going to be funny. So I decided to write a more serious article. At first I couldn't decide what to write about. I had just about given up the idea when it hit me—the perfect subject. Love. I know what probably comes into your mind when I say love—the moonlight setting, a handsome man, a beautiful woman and soft music. Or maybe you picture the more modern beach scene. But that's not what I want to write about. That kind of love is important, but so are other kinds of love: There is love of your fellow man, black or white, North Vietnamese or American, Jew or Protestant, love of your parents, cruel or kind, strict or lenient, rich or poor, love of your teachers, good or bad, witty or dry, love of your classmates, with it or out of it, smart or dumb, attractive or ugly, that is just as important. Have you ever just walked down the street, held out your hand to the first person you met and said, "I love you"? Or have you ever told one of your classmates, "I care about you and what happens to you"? Probably not, because if you did, you would just get laughed at. But you have probably never been without love. There's always been someone around who cares, even though you might not have known it. Just think how much better you feel when you're down in the dumps and someone tells you they care. Well, I care about you and what happens to you. That is why I wrote this article. If you haven't got love, you haven't got a thing. In a word, there are three things that last forever: faith, hope and love; but the greatest of these is love. (I Cor. 13:13) still go on living, you will feel a part of you is lost and can never be replaced.

LIFE

Have you ever sat down and thought about life? Life is wonderful if one can only live it. It's odd to think that within a second one could die and his life would be taken but others would still go on living. If there were no life on earth there would be no sound. I often wonder how it would feel to live in a world of silence with no other life. I'll never know; all I can do is think, for there will always be life as long as I am living. Since God went to the trouble to create life, don't you think the least we can do is live it for Him?

TO by Lois Arnold
To you,
To me,
To love only thee.
To grow,
To love,
To give cupid a shove.
To run,
To play,
To laugh all day.
To sing,
To shout,
To know what love is all about.
To sugar,
To honey,
To you my bunny.
To hope,
To pray,
Tonight is okay.
To red,
To white,
Tonight is the night!
To smell,
To fan,
To tell you, use Ban.
To blue,
To grey,
To tell you, go away!!
To who,
To what,
Tonight stinks a lot.
To open,
To shut,
To wrap this awful story up.

WHY? by Lois Arnold
Tell me why the world must cry,
Because her sons go to war?
Is it the pain or is it the shame,
That knocks upon her door?
Where have we gone, is it to Saigon,
That our children must go to die?
But tell me why?
WHY? by Lois Arnold
Who is to blame for the shame,
That lies at our door?

THREE CHEERS FOR CAMP OLYMPIA—University of Texas cheerleaders (left) Cheryl Goodman of Houston, Kathy Shaw of Conroe, and Debbie Rosenberger of Houston have joined former Texas Longhorn All-American Chris Gilbert's new Camp Olympia for Girls as summer counselors.

MRS. RAYE SMITH HIRED AS SWISHER H.D. AGENT

According to a recent announcement by the Swisher County Commissioner, Mrs. Raye Smith has been hired to replace Miss Leila Petty who retired as Home Demonstration Agent last January. Mrs. Smith, a native of Briscoe County, will begin training for the position about June 10, and is to assume her duties in Tulia late in July or about the first of August. She is now teaching home economics in McDonald, Missouri. The daughter of Mr. and Mrs. Don Garrison of Silverton, Mrs. Smith is the wife of Gerald Smith who is entering military service.

Is it the hippie or is it the bippie That throws filth upon our floor? Why must we fight for what is right, For others we don't know? Or should we stay so far away, Like in the other wars? But tell me now or anyhow, Why do we do what we do?

Mr. and Mrs. Morris Moreland and family of Amarillo and Mr. and Mrs. Bill Cox and family of Lubbock visited their parents, Mr. and Mrs. M. G. Moreland, over the weekend.

Mrs. Berton Hughes visited with her parents, Mr. and Mrs. R. E. Renfro at Vernon, from Wednesday of last week until Friday. She also attended the Santa Rosa Rodeo while in Vernon.
