

All Around the Town
by Mary Ann Sarchet

It has been mentioned around town this week that people who "snitch" a few vegetables out of someone else's garden may be getting more than vegetables. One farmer told us this week that he has been spraying his corn with insecticides every five days. It takes seven days after spraying for the corn to be edible. He is afraid that people have been gathering and eating some of it, and he's afraid they are going to make themselves sick.

If you want some vegetables from someone, you'd better ask them about it. If they have plenty they probably won't mind sharing with you. BUT there may be something about the vegetables that you need to know.

It could get to be a matter of life or death.

County Committee Nominations To Be Made Here

Time is rapidly approaching for farmers and ranchers in Briscoe County to exercise their constitutional rights by electing their neighbors to the ASCS Community Committee for 1971.

The first item of business is the nomination of candidates by petition. Nominations will be received between July 28 and August 17. Six eligible voters must sign each petition (you can sign more than one petition). All petitions must be in the county office by 5:00 p.m. on August 17.

The ASCS County Committee urges you to actively participate in this election. They remind farmers and ranchers that their livelihood depends on the election of honest, unbiased men to these important positions of trust.

Leal Infant Buried Sunday Afternoon

Funeral services for Mary Lou Leal, infant daughter of Mr. and Mrs. Clemente Leal, jr. of Silverton, were conducted at 3:00 p.m. Sunday in Our Lady of Loreto Catholic Church.

The Rev. Father Roland Buxkemper of Saint Williams Catholic Church in Tulia officiated.

Burial was in the Silverton Cemetery, with arrangements under the direction of the Silverton Funeral Home.

The infant was born about 8:20 p.m. Saturday in Lockney General Hospital.

Survivors, in addition to her parents, are her grandparents, Mr. and Mrs. Emilio Cruz of Silverton and Mr. and Mrs. Clemente Leal, sr. of Quitaque.

Jeff Jones and his father, Troy, were in Amarillo on business on Wednesday.

Silverton: Heart Of The Scenic Caprock

THURSDAY, JULY 23, 1970

SILVERTON, (Briscoe County) TEXAS

VOLUME 62

NUMBER 30

Taxpayers Given Opportunity, Not Command, To Appear Before Board

As a property owner in Briscoe County, you may have received a notice to appear before the Commissioners' Court sitting as a Board of Equalization. This does

not mean that you MUST appear, but that you MAY if you so desire. No one is required to appear before the Equalization Board. This is, however, each taxpayer's right, and he receives notification of the meeting and MAY appear if he so desires.

A value is placed on each piece of property, and Briscoe County has been using 13% of this appraised value as its taxable value. It is the intention of the Commissioners' Court to use 17% in the future instead of 13%. This means

that a piece of property valued at \$100.00 would have a tax value of \$13.00. This will apply to all real property in Briscoe County.

Cost of operation has increased for Briscoe County just as it has for its citizens. There has not been a change in the percent of appraised value since the 13% figure was set in 1959.

If you, as a taxpayer, ask why the increase? the Commissioners' Court explains that in 1961 the road hands were being paid \$150 per month. After a few raises they now are being paid \$400 per month. A road maintainer purchased in 1962 for \$17,400 would cost about \$27,500 now.

Briscoe County has had a low tax rate as compared with other counties. Even with the proposed increase in taxes, Briscoe County taxpayers will enjoy lower land values and tax rates than those people living in many other Texas counties.

Little Jamie Pierson has been visiting his grandparents, the Earl Jacksons, while his mother, Judy Pierson of Plainview, has been attending Southwestern Bell Telephone Company Leadership Training School in Lubbock.

School Remodeling Progressing Ahead Of Schedule

The approximately \$350,000 remodeling and building program now underway in the Silverton Schools is continuing to progress ahead of schedule.

Being constructed to adjoin the high school building on the south is a new junior high school building containing eight classrooms, a principal's office, bookroom, storage room and science room. Outside brick on the new unit is being matched to that of the existing building as nearly as possible.

The high school building is being remodeled inside and out, having received a new roof, new aluminum-frame windows and with a new entrance outlined with ladders stone. Ceilings have been lowered throughout the building, and ceramic tile put up six feet high on the walls in the halls where there are no lockers. New doors, floor covering, heating system and lighting are also being installed.

Acoustics in the auditorium are being improved with baffles down each side. The stage is being re-done with new lighting being added. When finished, the auditorium will be one of the best in the country, according to J. S. Hinds, who is retiring as school superintendent on July 31.

A public address system will be put in to serve the entire school including the auditorium, and a new bell system is also on the agenda as are new lockers.

A new library where the high school and junior high buildings connect will serve both groups of students. It will include a librarian's office.

McMurtry and Craig of Lubbock are architects for the new building and remodeling, and Wiley Hicks of Amarillo is the building contractor.

MIKE TATE IN CRITICAL CONDITION AT JOHN SEALY HOSPITAL IN GALVESTON

Kenneth Tate reported to Silverton friends Tuesday that doctors at John Sealy Hospital at Galveston had given their son, Mike, about a 50-50 chance for

survival due to third degree burns on 60% of his body as the result of an accident Wednesday afternoon of last week.

MIKE TATE

It was reported that all of the upper portion of Mike's body is covered with third-degree burns except for a small patch of skin on the back of one hand. He has burns on his face, and for a time following the accident could not see. He is also burned in the area

of his knees and on the foot through which the electricity left his body.

Mike was flown to Galveston Monday by ambulance plane after having been a patient in the Plainview Hospital since Wednesday. Monday was the earliest time that Mike could be admitted to the burns clinic.

Mr. and Mrs. Tate accompanied Mike in the ambulance plane Monday, and are staying at Isle Hotel, 710 Market Street, Galveston.

The Tate daughters, Gayla and Thresa, are staying with their grandparents in Floydada. "We almost lost Mike last night," his father said Tuesday, "and the doctors here in Galveston have given us little hope."

It was reported that the accident took place at the Wilson Community Substation of Light-house Electric Cooperative. Mike and Mark Weems of Floydada had been cleaning reclosers at the substation and were preparing to return to the office. They were running a cable through the hanger on the north breaker of the substation and Mike's head touched the high side of the recloser which was hot, causing an arc, and knocked Mike down on top of the re-closer. His shirt caught fire and was burned completely off of him.

The line with which he came in contact was 7,200 volts. The accident took place about 3:30 p.m.

This was Mike's second summer to be employed by Lighthouse Electric Cooperative. He was making his home with his maternal grandparents in Floydada while employed there.

A 1969 graduate of Silverton High School, Mike completed his freshman year at West Texas State University last year. He was an honor roll student, a member of National Honor Society, and a letterman in track, football and baseball while in high school here.

His father is manager of the Southwestern Public Service Company office in Silverton.

Wheat Referendum To Be Conducted By Mail July 27-31

Secretary of Agriculture Clifford M. Hardin on July 1, 1970, proclaimed July 27-31 as the dates for a mail referendum on 1971-crop wheat marketing quotas. By law, in the absence of new legislation, the 1971 wheat crop comes under the provisions of the Agricultural Adjustment Act of 1938, as amended. This Act requires that a marketing quota referendum applicable to the 1971 crop be conducted on or before August 1, 1970.

The Agricultural Act of 1965, as amended, extended its voluntary wheat program through the 1970-crop year, and specifically suspended marketing quotas for wheat producers only for the duration of the Act.

Previously announced for the 1971-crop wheat was a national wheat marketing quota of 1,210 million bushels, along with a national allotment of 43.5 million acres.

To be announced in advance of the referendum will be the price-support loan rate for 1971-crop wheat, estimated domestic certificate value, required acreage diversion percentages, and other program details. County ASCS offices are mailing program information to wheat producers, along with the ballot voting instructions and individual farm allotments. These individual allotments will be based on the 1971 national allotment of 43.5 million acres, as compared to the 45.5 million-acre allotment in effect for the current crop year.

Marketing quotas, to be put in effect, must be approved by two-thirds or more of those voting in the referendum. If quotas are approved, producers will be limited to their allotment acreage beyond which they cannot harvest without a marketing quota penalty. Any excess acreage production would be subject to penalty unless it is stored under bond. If they remain within their allotments and divert the required acreage, they'll be eligible for price - support loans and domestic wheat marketing certificate payments. If the referendum fails to carry, producers staying within their 1971 allotments and complying with other terms and conditions which may be prescribed by the Secretary, would be eligible for support loans at 50 percent of parity.

Marketing quotas, to be put in effect, must be approved by two-thirds or more of those voting in the referendum. Program On Drugs To Be Presented Here

Bill Cox of the Lubbock Police Department will present a program on drugs, keyed to youth, on Monday, August 3, 1970, at 8:30 p.m. in the Pioneer Room at the First State Bank. This program is being sponsored by the Home Demonstration Council. Topics included on the program will be "The Drug Problem Facing Youth Today," "What Is Going On," "What Is Used" and the "Dangers Involved."

Mr. Cox has been with the Lubbock Police Department for 20 years and with the Juvenile Department for 12 years. He received his training in police science at Texas Tech, the University of Georgia, Northwest University, and is a graduate of the FBI Academy located in Washington, D.

Study Club To Have Called Meeting

Members of L. O. A. Junior Study Club have been asked by the president, Mrs. Fred Edwards, to attend a called meeting at 8:00 p.m. today (Thursday, July 23) in the P. C. A. community room.

"We need to vote on several matters of importance to the club," Mrs. Edwards said. "For this reason, I would like to urge all of our members to be present. This will not be a long meeting."

"His Land" To Be Shown Here July 30

First Baptist Church in Silverton has extended a public invitation to the viewing of "His Land," a sight-and-sound experience in the Holy Land at 8:00 p.m. on Thursday, July 30, in the church auditorium.

"His Land," rich in color and authentic sights and sounds, with a popular musical score composed and arranged by Ralph Carmichael, has been called a musical journey into the soul of a nation.

Across a barren land, scarred by centuries of war and neglect, the spectres of ancient Israel appear, hover, and fade away. Suddenly there is movement of a different sort, and slowly, steadily, a startling transformation begins to take place.

Thus begins "His Land," the thrilling story of Israel from ancient to modern times. "His Land," a one-hour color feature motion picture, takes you on a journey through space, time and current events. You see graphically, the fact that Israel today is a living testimony to the words of the prophets when they proclaimed that Israel would take her place among the nations of the world.

In the company of Cliff Barrows and Cliff Richard, England's popular star, who sings a number of new Ralph Carmichael songs some of which were actually written on location, you travel the vibrant streets and lonely solitary paths of this nation whose destiny is daily discussed in the counsels of governments all over the world . . . the same paths taken by Jesus and the prophets: Galilee . . . the wilderness . . . Jerusalem . . . the Mount of Olives . . . mingle with the people of modern Israel as they work, play and build a nation.

Words of scripture come to life as the two men reflect upon the events that in recent years have confirmed much of the ancient prophecies. You are witness to the fact that out of death and desolation is emerging a new land . . . a "Land of milk and honey," where the future climatic events of history will take place.

"His Land," truly a feast of color, sound and song. An unforgettable experience!

Mr. Cox is married, and has two daughters attending Texas Tech.

BRISCOE COUNTY 4-H'ERS WIN PLACINGS AT DISTRICT HORSE SHOW HELD AT POST

Nine youth from Briscoe County competed in the District II 4-H Horse Show which was held on Wednesday, July 15 at Post.

Of the 136 contestants from across the South Plains area who took part in the annual event, 20 qualified for the State 4-H Horse Show to be held in Amarillo August 6-7-8, 1970.

One of those qualifying for the State Horse Show was Brenda Payne, daughter of Mr. and Mrs. Charlie Payne of Silverton. Susan's qualification was on the basis of the total points she earned at the District Show.

Judges for the District Horse Show were Mrs. Judy Hays of

Snyder and Jay Kearney of Hobbs, New Mexico.

Placings in the halter class were 1st—Jolene Cessun; 2nd—Ken Wood, registered mares under five years; 5th—Paula Birdwell, registered geldings; 9th—Tom Burson, age geldings; 9th — Ken Wood, showmanship. Brenda Payne placed 10th in the barrel race (out of 86 entries) and she also placed 13th in pole bending. Susan Payne placed fourth in western pleasure.

Johnnie Burson attended the District Show as the 4-H Horse Project adult leader and County Agricultural Agent Ken Cook also accompanied the group.

★ ★ ★

★ ★ ★

Susan Payne scored enough points in the District II 4-H Horse Show in Post last week to qualify for the State Horse Show to be held in Amarillo. The 9-year-old daughter of Mr. and Mrs. Charles Payne, Susan will be in the fifth grade this fall. She is a first-year 4-H'er.

SPECIAL FROM CLOUDCROFT, NEW MEXICO: Eleven Briscoe County 4-H members spent a week in the Sacramento Mountains at a 4-H Electric Camp sponsored by the Southwestern Public Service Company. Those attending were: Front Row, left to right - Mickey Smith, Bill Strange, Ken Wood, Derral Martin, Stanley Martin. Rear Row - Ken Cook, County Agent; Naomi Hunt, H. D. Agent; Kaedean Bomar, Amy Birdwell, Rhonda Sutton, Sharon Jarrett. Bill Harr, of the Lubbock office of the host company, is the instructor.

Story Behind Early Farm Program Payments Is Told

The story behind the fact that some three million farmers are receiving payments earned under the feed grain and cotton programs earlier than in previous years is one of those wonders of the computer age, interlaced with good old-fashioned cooperation, ingenuity, and hard work.

Not only are payments beginning earlier, but most of the payments will be issued over a shorter period of time. Most should be in farmers' hands by mid-August—just six weeks from the first day checks were distributed. This would cut in half the three-month period usually needed in past years to make payments. Even the wheat program payments, which, by law, must wait for a July 1 announcement of parity ratio, will be in the hands of farmers earlier than in previous years because of the stepped-up payment schedule.

Cooperation by farmers has been a key element to success.

because no individual payment could be released until the farmer had certified that he had complied with rules for planting and diverting acres and other program requirements. But a good share of credit also is due farmer committeemen, county and state Agricultural Stabilization and Conservation staffs, and a variety of specialists in ASCS field and national offices.

On January 16, USDA made a commitment to farmers that farm program payments would begin as soon as possible after July 1. Budget restraints made advance partial payments impossible. The announcement triggered action at the Washington offices of USDA that touched off a chain reaction through state and county levels of ASCS focused on meeting the July 1 kickoff date for starting payments.

Old schedules and routines were tossed out of the window and new ones developed for stepped-up handling of the vast amount of data on farm program records without sacrifice of accuracy. The forms, reports and data sheets were redesigned or revised, and printing and delivery deadlines were updated. Needed supplies were procured early and distributed to state and county ASCS offices. The printing of some four million sight drafts (checks) was rescheduled so that delivery could be started in June. State ASCS offices conducted training sessions to pass along new instructions and procedures to county personnel. Immediately after the period for

program signup ended in late March, county ASCS personnel, with the cooperation of press, radio and television, began urging farmers to certify their compliance with program requirements as early as possible. As farmers planted, then certified, ASCS personnel carried out a concurrent spot-checking system to help assure accuracy in compliance.

Data sheets on individual farm operations were prepared in county offices with what later proved to be a high degree of accuracy. Only about 1 1/2 percent of the data sheets have been rejected and reprocessed due to improper preparation or invalid original data. sheets began to arrive in early May at the New Orleans Data Processing Center, where information on the sheets is scanned electronically, computations are made and sight drafts for individual payments are prepared and returned to county offices for review. The pace of their arrival stepped up to 40 to 50 mailbags-full per day in mid-June. By June 14, more than 720,000 farm program checks had been returned to county offices. A total of more than 900,000 data sheets providing information about individual farms had been scanned or "read" by the center's processing equipment.

Farm program officials had

foreseen the need for stepping up the data processing capacity of the New Orleans Center. The new payment schedule called for a capability of handling some 350,000 farm data sheets per week. This capability was reached on June 1,

with the leasing and early delivery of four important and complex "scanners" each capable of reading some 750 data sheets per hour. By mid-June, the weekly receipt of data sheets reached over 330,000.

Teamwork and planning have brought gratifying results. Farm program officials are confident that by July 1, sight drafts will be ready for around 1 1/2 million farmers. By mid-July, they expected to have passed the halfway

point in making payments by completing drafts for an additional 500,000 farmers, including many wheat program participants. An additional four weeks after that should see the task of making payments nearly completed.

To Marry Soon

JANICE ILEEN HAND

Mr. and Mrs. George S. Hand of Canyon announce the engagement and approaching marriage of their daughter, Janice Ileen, to Mr. David Jo Seaney, son of Mr. and Mrs. Cecil C. Seaney of Claude and grandson of Mr. and Mrs. George Seaney of Silverton.

Exchange of vows will take place at the Joseph A. Hill Chapel on the West Texas State University campus August 22.

The bride-elect is a freshman at WTSU. Seaney has recently returned from active duty in Vietnam while serving in the United States Navy. He attended Clarendon Junior College, Sul Ross State University and will attend WTSU in the fall.

SILVERTON, TEXAS

There's another Texas in Texas.

It's a Texas that doesn't make the headlines. These Trail maps will guide you there. To quiet adventures that lie far off the expressways. In old-world towns where the fragrance of baking kolaches invites you to linger. Or deep forests, serene and silent. Or lakes where giant bass challenge your skill. Or abandoned forts where

ghostly bugles blow retreat at sundown. This is Texas for the explorer in you. And our Trail folders include detailed maps, interesting highlights and the location of parks and recreation areas in these away-from-it-all places. Pick your Trail and discover a Texas that the casual tourist seldom sees.

Texas! land of contrast.

Thursday, July 30
FIRST BAPTIST CHURCH

Volunteer Firemen Attending School

Bill Stovall and Tom Wright, volunteer firemen with the Silverton Fire Department, are attending the 41st Annual Texas Firemen's Training School. The school, attended more than 1,800 men representing some 425 cities from approximately 25 states, is being held on the Texas A & M University campus this week.

Firemen Stovall and Wright are being sponsored by Briscoe County Farm Bureau and Texas Farm Bureau Insurance Companies by contributing toward their cost of the school. Since volunteer firemen are interested in attending this school to help do a better job of fire fighting and fire prevention, the County Farm Bureaus and the Texas Farm Bureau Insurance Companies in the state-wide program have sponsored 100 firemen at the school.

The insurance company believes volunteer fire departments have been very effective in reducing the amount of loss involved by fire in rural areas. It is their hope in sponsoring this program that the firemen will help the Silverton Volunteer Department to better service the residents of Briscoe County.

MRS. GARY DEAN MAY

Hutsell - May Vows Exchanged In Formal Church Ceremony July 10

Miss Janet Lynn Hutsell became the bride of Gary Dean May of Idalou in a double ring ceremony at the First Baptist Church in Silverton on Friday, July 10, at eight o'clock in the evening. Officiating the ceremony was Rev. R. C. Guest, grandfather of the bride, a retired Baptist minister.

Traditional wedding music was provided by Mrs. L. B. Garvin, jr., organist, and Ted Lanham, soloist, including "A Time For Us" and "Whither Thou Goest." Mr. Lanham also read the poem, "How Do I Love Thee," by Elizabeth Barrett Browning as the couple knelt following prayer.

Parents of the couple are Mr. and Mrs. Ed Hutsell of Silverton and Mr. and Mrs. Carlos May of Idalou.

Mrs. Hutsell chose a coat dress of turquoise silk shantung and added a corsage of pink rosebuds for her daughter's wedding. Mrs. May was attired in a dress of yellow dacon, and also added a corsage of pink rosebuds.

Vows were exchanged in front of four branched candelabrum decorated with jade palms which held lighted tapers. Baskets of white gladioli and multi-colored daisies flanked the white satin-covered wrought-iron prieu dieu which was decorated with the bride's colors, yellow and white. The bridal aisle was marked with yellow bows, multi-colored daisies and gypsophilla. Lighted tapers marked the family pews.

A reception was held in Fellowship Hall of the church immediately following the ceremony.

Given in marriage by her father, the bride wore a formal gown of white linen fashioned along empire lines by her maternal grandmother. Appliques of re-embroidered Alencon lace covered with seed pearls adorned her high neckline, bands on her short puffed sleeves, and were scattered on her bodice and softly gathered skirt. Her long veil of bridal illusion, secured by a pearl coil, was edged with matching lace and fell into a short train.

The bride's table was covered with a floor-length white cloth covered with lace-edged net. The bride's bouquet was placed in the center of the table, and the bouquets of her attendants adorned one end of the table. Crystal and silver appointments were used in serving the three-tier wedding cake which was decorated with pale yellow rosebuds topped with white satin wedding bells and a white lace heart.

She carried a Victorian bouquet of pink rosebuds, yellow pixie carnations and gypsophilla. To complete bridal tradition, she carried a handkerchief which belonged to her maternal grandmother, and added a touch of blue given her by her cousin, Cindy Hutsell. She borrowed a pin from Mrs. Jim Hill of Hereford, and placed pennies bearing the year of birth of herself and her bridegroom in her shoes.

Presiding at the refreshment table were Misses Sharon May, sister of the bridegroom, and Cindy Hutsell, cousin of the bride, and Mrs. Jim Hill of Hereford. Assisting with the hospitalities were Mrs. Dick Guest of Floydada, Mrs. F. E. Hutsell and Mrs. Riddell C. Hutsell, aunts of the bride.

Miss Roy Ann Bomar served her friend as maid of honor. She wore a gown of yellow dotted swiss designed along empire lines with short puffed sleeves, high neck and softly gathered skirt trimmed with daisy braid and accented by a bow in back. She wore a tiara of yellow daisies and multicolor gypsophilla, and carried a colonial nosegay of multi-color flowers from which fell showers of ribbon in shades of pink, yellow, turquoise and orchid.

Mrs. Benny Montague of Tulia was in charge of securing names of the guests in the bride's book. The registration table was covered with white net over white, and featured a centerpiece of multi-color daisies and gypsophilla. For their wedding trip to Fort Worth, the bride chose a two-piece brown and beige striped dress and added brown and black shoes and bag and a deep pink cymbidium orchid corsage.

Miss Jane Self was bridesmaid, and her gown, tiara and flowers were identical of those of the maid of honor. The candles were lighted by Jill and Kimberly Hutsell, sisters of the bride. They wore dresses which were identical to those of the other attendants, and added wristlets and small tiaras of multi-color daisies.

The couple is now at home in Dimmitt. A graduate of Silverton High School, the bride attended South Plains College two years. The bridegroom, a graduate of Idalou High School, also attended South Plains College.

Guests were seated by Bob Hutsell, brother of the bride, and Bill Phillips. Serving as best man was Bill Smith of Spur. Robert Harris of Lubbock was groomsmen.

We'll send you 6,180 miles of Texas for 6 cents.

The 6 cents is for a postage stamp. The postage stamp is for the coupon below. If you send us the coupon, we'll send you practically all of Texas wrapped in 10 Travel

Trail folders. These folders include detailed maps prepared by the Texas Highway Department and descriptive notes on things and places you never knew existed in Texas! land of contrast.

Take the Plains Trail and you'll see a canyon over 100 miles long.

Take the Hill Country Trail and find out whose hair is mohair.

On the Mountain Trail you can see a county bigger than Connecticut.

On the Forest Trail you can take the shortest railroad ride in the country.

Follow the Forts Trail and you can dine at a restaurant that serves buffalo steaks.

Take the Tropical Trail and maybe you'll catch a glimpse of the near-extinct whooping crane.

On the Independence Trail you'll see the only oceanarium between the Pacific and the Atlantic.

Follow the Lakes Trail and discover what "First Mondays" are and what you can swap there.

The Brazos Trail tells you where to take Sunday afternoon rides in a surrey.

Send for the Pecos Trail folder and you'll know where to sand-surf.

Rhonda Sutton and Debbie Boling were winners in the Briscoe County 4-H Dress Revue held here last week. They are shown modeling the pant suits they made as 4-H clothing projects, which will be shown at the District II Dress Revue in Lubbock July 28.

1971-Crop Wheat Program Announced

Secretary of Agriculture Clifford M. Hardin today announced 1971-crop wheat price-support loan levels and other program details necessary for producer participation in a July 27-31 mail referendum on marketing quotas proclaimed earlier. The referendum is mandatory under current law in the absence of new legislation for the 1971 wheat crop.

All persons who have a legal interest in the approximately 1.6 million wheat allotments of record will be eligible to participate in the referendum.

If two-thirds or more of the producers voting in the referendum indicate "yes" to marketing quotas (based on a national quota of 1.210 million bushels resulting in a national allotment of 43.5 million acres), the national average price-support loan rate will be \$1.15 per bushel and the domestic marketing certificates will have a value of \$1.39 per bushel making the total price support on that portion of the crop \$2.54 per bushel or 90 percent of parity as of July 1, 1970. Domestic certificates will be issued on about 535 million bushels. Production in excess of quotas will be subject to penalty.

Individual farm allotments, in addition to program information leaflets, ballots and voting instructions will be mailed to producers prior to the start of the referen-

dum. Signed ballots need to be mailed or delivered to the county offices by July 31, 1970.

Preliminary results or the referendum will be compiled and announced by USDA on or shortly after August 5.

If the referendum fails to carry, the loan rate is mandatory at 50 percent of July 1971 parity. This would be \$1.41 per bushel based on current parity.

Following are other applicable conditions under a "yes" or a "no" vote in the referendum under existing law:

IF QUOTAS ARE APPROVED
If marketing quotas for the 1971 crop are approved by a "yes" vote:

1. Domestic wheat marketing certificates will be paid on 47% of the projected production on the allotted acres of participating producers.

2. Required diversion will be 36.5% of the producer's 1971 allotment (it is 30.3% for 1970). This diversion of land to non-crop use is required by applicable law.

3. Substitution between wheat and feed grain acreages, which has been in effect under the 1970 and earlier programs, will not be in effect for 1971 since there is no legislation making this possible.

4. Marketing quota penalties will be applicable on wheat produced on acreage in excess of the farm allotment, amounting to 65% of May 1, 1971 wheat parity plus a 7% loss of allotment in 1973 and subsequent years. However, if excess wheat is delivered to the Government, or is stored for release in a subsequent year by underplanting or underproduction, the producer can avoid the monetary and acreage penalties and qualify for price support on production from the allotment, as well as for certificate payments, provided other program requirements are met. Additionally, under some circumstances, a land use penalty may also be assessed if a crop is harvested on acreage required to be diverted.

5. Export marketing certificate payments will be made to producers if the total value of export certificates collected by Commodity Credit Corporation from exporters exceeds the total export subsidies paid by OCC to exporters. Any such excess will be made available pro rata to participating producers at the end of the 1971 marketing year.

IF MARKET QUOTAS ARE NOT APPROVED

1. The national wheat allotment of 43.5 million acres will remain in effect.

2. Price-support loans at 50% of parity will be available to pro-

ducers who stay within their allotments and comply with applicable terms and conditions.

3. There will be no marketing quota or land use monetary penalties.

4. Wheat acreage harvested in

excess of 1971 farm allotments will result in a 7% loss of allotment in 1973 and subsequent years.

The Texas wheat acreage allotment for 1971 is 3,160,122, as compared with 3,265,386 in 1970.

Jerry Patton, Charles and Ken Sarchet, Mr. and Mrs. Troy Jones and Cathy Jones attended the stock car races in Plainview Saturday night. As Floyd County Fair Queen, Miss Jones presented the trophies to the winning drivers. The group also visited Mr. and

Mrs. Kenneth Tate at the Plainview Hospital where their son, Mike, was a patient.

WITNESSES TO MEET IN AMARILLO CIVIC CENTER

Thousands of new ministers have been added to the ranks of Jehovah's Witnesses by the worldwide efforts of that organization to search out and train new people interested in Bible study.

"Despite the apparent decline in the significance of religion in today's world," said Von Tiffin, presiding minister of the local congregation of Jehovah's Witnesses, "the Bible, although written centuries ago, can be of real value to us in this modern world. It has never lost its appeal or importance as a guide to living. The growth last year of over 170,000 Jehovah's Witnesses is proof of this fact."

Hundreds of thousands of the Witnesses are preparing to meet in "Men of Goodwill" District Assemblies, scheduled by the Watchtower Society.

Area members of Jehovah's Witnesses will meet in Amarillo's new Civic Center, July 23-26, where over 8,000 are expected to attend bilingual sessions. Thirty-five similar conventions are to be held in the United States this summer.

H. O. Jackson had his children for a Sunday Reunion last week at the park in Snyder. Attending were Mr. and Mrs. Joe Davis and children and Mr. and Mrs. C. A. Reagan of Silverton; Mr. and Mrs. Paul Ray McVay and children, Dennis Jackson and Floyd Ray Jackson.

Arthritis Sufferers:

WAKE UP WITHOUT ALL THAT STIFFNESS!

New formula for arthritis minor pain is so strong you can take it less often and still wake up in the morning without all the pain's stiffness. Yet so gentle you can take this tablet on an empty stomach. It's called *Arthritis Pain Formula*. Get hours of relief. Ask for *Arthritis Pain Formula*, by the makers of *Anacin*.

WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such irritation, *CYSEX* usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get *CYSEX* at drug-gists. See how fast it can help you.

STAY AWAKE ITCHING? Let doctor's formula stop it.

Zemo speeds soothing relief to externally caused itching of eczema, minor rashes, skin irritations, non-poisonous insect bites. Desensitizes nerve endings. Kills millions of surface germs, aids healing. "De-itch" skin with Zemo, Liquid or Ointment. Quick relief, or your money back!

Let The Bible Speak

Edwin J. Myers, Evangelist

FAITH

"But without faith it is impossible to please Him: for he that cometh to God must believe that he is, and that he is a rewarder of them that diligently seek him." (Hebrews 11:6) In this passage we notice that without FAITH it is impossible to please God. There are many people that do not know what FAITH is or where it comes from. Many religious teachers have tried to make people believe that FAITH is some kind of feeling or mysterious power that comes directly upon one. There was never a more unscriptural teaching than this and it is of the Devil. Let us open our Bibles and read and see what FAITH is and where it comes from. "So then faith cometh by hearing, and hearing by the word of God." (Romans 10:17) According to Paul FAITH is the belief that is established by God's word. Someone says that there are many FAITHS. This is untrue and there is no such thing according to the Bible. "One Lord, one faith, one baptism." (Ephesians 4:5) Then if there is one faith, what is that one faith? "Beloved, when I gave all diligence to write unto you of the common salvation, it was needful for me to write unto you, and exhort that ye should earnestly contend for the faith which was once delivered unto the saints." (Jude verse 3) Paul states that the FAITH comes by hearing God's word and according to Jude 3 the faith delivered to the saints must have been by the word.

Some people have been taught that faith only is all that they need to be pleasing to God. "Ye see then how that by works a man is justified, and not by faith only." (James 2:24) A person's FAITH in God is manifested by his works, or is proven by his works. "Even so FAITH, if it hath not works, is dead, being alone. Yea, a man may say, Thou hast FAITH, and I will show thee my FAITH BY MY WORKS." (James 2:17, 18) The person that depends on faith only is no better than the devils. "Thou believest that there is one God; thou doest well: the devils also believe, and tremble." (James 2:19)

The person that depends on faith only or alone is as dead in God's sight as the body without the spirit. "For as the body without the spirit is dead, so faith without works is dead also." (James 2:26) It is time that people began to read their Bibles and see what they say, and not believe everything that some preacher tells them. The faith only doctrine is not of God, it is of man and will not save one soul. FAITH that is not of the word of God, or from the word of God is sin. "And he that doubteth is damned if he eat, because he eateth not of faith: for whatsoever is not of faith is sin." (Romans 14:23) Remember dear reader, "So then faith cometh by hearing, and hearing by the word of God." (Romans 10:17)

THE LETTER

The ordinary act of dropping a letter in the mail is so usual that it is rarely, if ever, noticed. The letter being mailed, however, may be the beginning of far greater accomplishment than a rioting or angry mob could set in motion. Throughout the history of man, authors have noted that "the pen is mightier than the sword." In our government of the people, by the people, for the people anyone can write a letter to the elected representatives. Our representatives are eager to hear from the people, whatever their age, education or situation in life.

WHAT A WONDERFUL BLESSING THAT WE ARE STILL ABLE TO VOICE OUR OPINIONS THROUGH THE PEACEFUL MEANS OF THE MIGHTY PEN.

Coleman Advertising Serv., P. O. Box 34664 Dallas, Texas 75234

Our priceless heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Hamilton, we, too, have a privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the goal—that of preserving the greatest democratic society the world has ever known.

Our flag is a symbol, not of sentiment, but of history, the history of men and women willing to live and die for it. Surely this willingness is with us still, because daily we experience more of the blessings that are ours—ours because we are Americans.

SUSAN JACKSON TELLS ABOUT VISIT IN KANSAS

Miss Susan Jackson returned home Tuesday, July 14, after spending a month in Kansas. She accompanied relatives who drove to Kansas City. While there she had an opportunity to visit the Harry S. Truman Museum and drove past his home in Independence, Missouri; had lunch on the 30th floor of Commerce Towers, visited the Plaza and Swope Park Zoo. She saw a live play, "L'il Abner," at the Indoor Barn Players Theatre and attended a stage production of "Hello Dolly" at the outdoor Starlight Theatre. Susan and a cousin attended a W. C. Fields film festival, which turned out to be a "hippie" affair with everyone seated on the floor. Susan reported that she, her cousin, and the many, many policemen were the only "straight" people there. They visited Macy's, Hatfield's and many other large downtown stores.

July 3, Susan flew by TWA jet to Wichita, and was a house guest of her mother's cousin, her husband, W. F. McQuire, M. D., and their nine children. They saw the VFW fireworks display and went sailing on Cheney Reservoir. Susan came home by jet from Wichita, and was met at the Amarillo air terminal by her mother, Mrs. Earl Jackson, Rodney and Janie, and her grandmother, Mrs. Frank Crandall of Plainview.

HELPING HAND CLUB MEETS IN LANHAM HOME

The Francis Helping Hand Club met in the home of Mrs. Lenton Lanham on July 16. Members present were Betty McPherson, Zoe Steele, May Pearl Rowell, Lois Nance, Miriam Jowell, Lorene Crass and the hostess. The afternoon was spent quilting. The next meeting will be August 6, with Betty McPherson.

Weekend visitors of Mrs. J. E. Jowell were Mr. and Mrs. William E. Jowell, Phil and Debbie of Smyer; Mrs. John Brazelton and son, Lon, of Waka; Mrs. Johnny Jowell and her brother, Marcus Bradley of Stinett. Also visiting in the Jowell home were Mr. and Mrs. Edwin Crass.

Mr. and Mrs. Vinson Smith visited their grandson, Dicky Smith, who has pneumonia and is a patient at Northwest Texas Hospital in Amarillo Monday. They also visited Mrs. Smith's sister, Mrs. Jewell Selby, who had undergone surgery at Northwest Texas Hospital.

Mrs. L. B. Durkop, Mrs. Albert Kelm and Mrs. Flo Zimmerman of Providence.

The group planned a picnic to be held for families and friends July 26 at the Seventh Street Park in Plainview.

DORCAS CIRCLE MEETS IN EARL JACKSON HOME

The Dorcas Circle of Trinity Lutheran Church met Tuesday, July 14, in the Earl Jackson home in the Rock Creek community. The Bible study was entitled "The Christian in Society - The Madness That is War." Members present included Mrs. Albert Steinfath, Shirley, Sammy and Amy, Mrs. Lucie Boedecker, Mrs. Weldon Foster, all of Plainview; Mrs. Sam Neumann and Miss Helen Neumann of Claytonville; Mrs. Ted Boedecker of Lockney, and Mrs. Virgel Brasher,

tion manager of the television station KTVA, channel 11, in Anchorage. He has made his home in Anchorage for more than two years now.

Silverton High School, graduated magna cum laude from the University of Texas with a BS degree from the School of Communications of Radio and Television. After graduation, he was accepted in the Officers Training School for the United States Air Force and was stationed at Orlando, Florida while working in the photo lab. He spent some time in Africa, taking pictures, and after being in Florida for a year he was transferred to Anchorage, where he was commanding officer of Photo and Communications, and was promoted to the rank of Air Force first lieutenant. He was discharged from the service in February 1969 and came home for a visit before returning to Anchorage to accept a position as produc-

MR. AND MRS. HUGHES VISIT SON IN ALASKA

Mr. and Mrs. Berton Hughes returned home Sunday evening after a visit with their son, Robert, in Anchorage, Alaska. They made the trip by plane, arriving in Alaska the same day they left home—about 10 hours flying time. Mr. and Mrs. Randy Hughes took his parents to the plane in Amarillo and met them there when they returned.

Robert and his roommate, Mike Johnson, met them in Anchorage and Robert presented his mother roses upon arrival to welcome her to Alaska. It was a cool 54 to 62° and partly cloudy while they were there. They visited many places of interest and beauty, including Portage Glacier and icebergs, Matanuska Glacier, the Ski Lodge, the ski life ride up to the cold mountain of snow, Earthquake Park, watched the panning for gold and got a glimpse of Mount McKinley. They also toured the television station where Robert works.

Robert, who was valedictorian of the graduating class of 1962 of

poise, personality, 4-H records and other factors.

Special awards will be presented at the Revue. These will include best all-cotton garment and best all-wool garment, in addition to a scholarship for the most outstanding 4-H girl in the district.

The top five girls (or ¼ of the total entries) in the senior division will be eligible to compete in the State 4-H Dress Revue which will be held in October in Dallas in conjunction with the State Fair of Texas.

DISTRICT II 4-H DRESS REVUE
SLATED JULY 28 IN LUBBOCK

The two "best dressed" 4-H girls from Briscoe County will be competing in the Extension District II 4-H Dress Revue in Lubbock on Tuesday, July 28.

Rhonda Sutton will be competing in the senior division, while Debbie Boling will enter her garment in the junior division.

The Revue will be held at 1:15 p.m. in the Lubbock Country Club. Judging in the senior division will begin at 9:30 a.m. with the senior girls judging themselves. Junior girls will not be judged. An activity hour will follow at 10:30 a.m. for both juniors and seniors and their mothers.

A noon luncheon will be sponsored by the Plains Cooperative Oil Mill of Lubbock, of which Roy Davis is manager.

Senior girls will be judged on the overall appearance of their garment, suitability of the design, color and texture for the individual, grooming, posture, attitude,

And have enough hot water left to do the uniforms.

A GAS WATER HEATER does it all, and does it better, because with gas there's always plenty of hot water when you need it . . . at the cost you want.

Here are seven reasons why a gas water heater is best:

1. Fast recovery keeps your gas water heater way ahead of every demand.
2. The thermostat on your gas water heater automatically maintains a constant temperature, even when you use large amounts of hot water.
3. Gas is efficient. Gas burners start up instantly, deliver more heat to the water. And gas is clean too.
4. Nothing is more dependable than gas.
5. Automatic gas water heaters cost less to buy and install.
6. Gas burners last longer and give years of trouble-free use. That's another saving.
7. Gas costs so little to operate that you can afford to use all the hot water you want.

So, if it's hot water you need, and plenty of it, you need an automatic gas water heater. Call your plumber or gas appliance dealer soon.

PIONEER NATURAL GAS COMPANY

"Those who expect to reap the blessings of freedom must undergo the fatigue of supporting it."

Thomas Paine Sept. 12, 1777

CONCERNED

The expression on this business man's face portrays concern. It may be about the direction his business is taking. Or it could be about our country, its problems and its future.

Our nation was founded by men concerned about freedom for themselves, their families and future generations. Through the efforts of these men the guidelines were established for the development of our nation. By the efforts of concerned individuals and groups over the years our freedoms have been preserved. It will take the concerned efforts of all responsible individuals to maintain our way of life and preserve it for yet future generations.

Be Concerned! Write To Your Elected Representatives! Vote!

Our priceless heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Hamilton, we, too, have a privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the goal - that of preserving the greatest democratic society the world has ever known.

Our flag is a symbol, not of sentiment, but of history, the history of men and women willing to live and die for it. Surely this willingness is with us still, because daily we experience more of the blessings that are ours—ours because we are Americans.

Judo Club Will Begin 12-Week Course

The Silvertown Junior Judo Club will begin a 12-week course on July 27, which will continue on Mondays only until school begins, at 6:00 p.m. This will be a basic beginning course in which the junior instruction handbook will be covered at the rate of one lesson each week.

New members are welcome to begin at this time if they so desire. This will be a free course, but each child is expected to purchase a judogi and an association membership.

As a sport judo uses only throwing, holding, choking and armlock techniques. All other arts such as striking and twisting of wrists, legs and spine are considered too dangerous to practice as a sport. These limitations have not made judo weak. It became stronger because of actual competition in free practice and tournaments.

The senior club continues to work out on Monday and Thursday nights. Six men have recently been promoted to Brown Belt (Sankyu).

The public is welcome to attend all workouts.

Farewell Gift Presented At Briscoe County 4-H Camp

Members of Briscoe County 4-H Clubs, their adult leaders and families combined a farewell party for County Agent Ken Cook with the regularly scheduled County Camp activities here last Thursday. Charlie Payne made the presentation of a \$100 gift certificate to Mr. and Mrs. Cook, with the joking admonition that "if you decide to stay here, you have to give it back."

Mr. and Mrs. Cook and Kendra are moving to Tulla, where he has accepted the position as Swisher County Agent. He is taking his annual leave now, and is to assume his duties in Swisher County on August 1.

A film, "How To Improve Your Record Book" was shown during a workshop held at the P. C. A. community room at 3:30 p.m. under the direction of County Agent Cook and Home Demonstration Agent Naomi Hunt.

Following the workshop, several 4-H junior leaders directed recreation activities in the City Park while several of the men, Joe Brannon, Leland Wood, Ken Cook, Walter Bean and Charles Sarchet, barbecued 34 chickens and other meat for the picnic.

Each family added a covered dish, drink and dessert, and the meal was spread and served buffet style in the park following the invocation by Walter Bean.

A swimming party was held for the 4-H'ers and their families at the Silvertown Pool from 8:00 until 10:00 p.m.

TREMENDOUS TRIFLES THE WAGER THAT STARTED THE MOVIES

No one could have foreseen the connection between a WAGER and the MOTION PICTURE industry... Seems like a trivial thing? That's just the point! SO MANY IMPORTANT THINGS HAVE STARTED IN SUCH INSIGNIFICANT WAYS! But—the story:

The incident happened in Sacramento in the year 1877. Two famous sportsmen of the day fell upon a discussion of a sport they both loved: horse-racing. One of these was Leland Stanford (for whom the famed university is today named) and the other was a noted sportsman of the day. The point of the discussion seemed to be whether all four legs of a horse left the ground at the same time during a run, a gallop or canter.

You must remember that this was before the days of advanced photography and it was difficult to prove what today seems simple, indeed! Feeling became keener as the sportsmen differed, irreconcilably, on this point. It ended in a wager of some five thousand dollars. And then it was necessary to devise ways and means of complete proof.

It was finally determined to utilize the talents of a noted photographer of the day, Edward Muybridge of New York, and the solution of the problem was placed entirely with him.

Muybridge ingeniously devised a battery of sixteen cameras, placed within a foot of each other along the course to be traversed by a champion race horse of the day. To each of these camera's shutters a string was attached that would be tripped by the horse's legs as he ran, galloped, cantered across the prescribed course. In this way, he would be photographed in sixteen different positions.

Now, the story ends in two ways: it definitely established the fact that all four legs of a horse DO leave the ground, thereby earning the wagered sum for his sponsor. But far more important was the incidental and accidental result....

Thomas A. Edison was the most important inventor of the day. His interests had led him into many and varied fields. But it was never in the direction of photography.

One day Edison chanced upon the series of pictures that had been prepared by Muybridge in settlement of the wager. In a flash, he saw in it the central idea of continuous motion: if these intervals between the movements could be made shorter, there would be a more realistic effect of continuous motion.

That was all that was necessary for the fertile and inventive mind of the Wizard of Menlo Park. It was the beginning of a long series of experiments in the field of continuous motion. It was the beginning of Edison's interest in the pioneer motion pictures with which his name is imperishably linked.

Miss Hutsell Feted At Bridal Shower

Miss Jan Hutsell, bride-elect of Gary D. May of Idalou, was honored at a tea and miscellaneous shower Saturday, June 27, from 2:30 to 4:30 p.m. in the Pioneer Room at First State Bank.

Mrs. Charles Whitfill greeted guests and presented them to the honoree; her mother, Mrs. Ed Hutsell, and to Mrs. Carlos May, mother of the prospective bridegroom.

Out-of-town guests were Mes. May and Albert Williams of Idalou; Mrs. Johnny Long of Slaton; Mrs. Dick Guest and Janie of Floydada.

Hostesses for the tea and shower were Mes. J. V. Self, Edwin Dickerson, Charles Whitfill, Carl D. Bomar, Roy Younger, George Long, Hugh Nance, Ray Teeple, Pete Chitty, Doyle Stephens, Roy Montague and Miss Elaine Boyles of Quitaque.

LET'S LOOK AT THE RECORDS BY LINDA NORRIS

Duane Dee has made about 40 appearances on Grand Ole Opry and has become a favorite not only with the young people who travel from near and far to hear him but, like "Opry" itself, with country music fans of all ages... He has a great singing style, which makes the title of his new album, My Shining Hour, appropriate and prophetic... Before, The Next Teardrop Falls, By the Time I Get to Phoenix, and A World of Our Own are all examples of how Duane can take a song, add masculine tenderness, his winning smile and come up with a sound that is indeed distinctive, superb and COUNTRY all the way.

Great new Wynn Stewart albums have become a standard recurring event... They come along with predictable regularity and each one is indeed better than the last... In Something Pretty, he hits the peak of his career... If Tomorrow Could Be Yesterday, It's Too Much Like Lonesome, Good Old Fashioned Love and One More Memory are all songs that Wynn sings in that rich baritone voice that makes every Wynn Stewart recording a lasting pleasure to listen to. The Beach Boys sound has been long noted for offering a completely unique and original sound... Friends is no exception to this long-standing rule... All of the material is original and written and produced by the Beach Boys especially for the album.
