He will show baskets made by the Navajos, Jicarilla Apaches, Hupas, Klamaths, Diguenos and Canadians, including wedding baskets, sacred baskets and porcupine

quill baskets. Jewelry included in the exhibit will be Zuni inlay, Navajo silver concha belts, Hopi, Santo Domingo drilled shell necklaces, Russian trade bead necklace, circa 1925, Alaskan Eskimo walrus ivory necklace, and various rings and bracelets, mostly Navajo.

About 25 Navajo rugs, representing some of the different design areas and some of the very rare sandpainting design rugs from the healing ceremonies which represent the religion and myth of the Navajos, will be shown. From these latter rugs will be based the explanation of the Indian thinking as it differs from West European thought.

Convenient, instant and ready-to-serve are appealing terms to busy, time-conscious people. Cheese is one food that fits this description.

The convenience and versatility of cheese cannot be overestimated. Since it comes ready to serve, it is a real help when a meal must be prepared in a hurry.

Cheese has enough protein to be used as a tasty main dish. And there is no waste. Half a pound served in a main dish will supply four persons with protein for one meal.

Enjoy the flavor of cheese as

it comes from the package or combined with other foods. It is hard to imagine spaghetti, macaroni or grilled sandwiches without cheese. Don't be alarmed by the fact that there are almost 400 varieties of cheese. Most of these variations of only 10 basic types, differing by several interrelated characteristics, such as hardness and the method of ripening.

Try the different types for variety and discover your preference. Remember that the soft, moist cheeses are more perishable than the hard, aged type. When using cheese, simply cut off the amount you need and tightly rewrap the unused portion.

One of my family's favorites is Cheese Omelet.

CHEESE OMELET

- 4 eggs, separated
- 4 oz. grated American Cheese
- 1 T. butter or margarine
- Salt to taste

Beat egg whites and salt until stiff but not dry. Beat egg yolks

Get your money's worth electric air conditioning

OVER 30 YEARS OF PROVEN DEPENDABILITY

Just like your refrigerator, electric air conditioning uses the same experience-proven method of cooling. A dependable compressor keeps on cooling no matter how high the outside temperature.

LOW OPERATING COST

Before you buy, be sure you have complete information. Electric air conditioning saves you money when you buy and because it uses only electricity and free air, your operating cost is low . . . no extra installation costs, either!

HIGH ALTITUDE — NO PROBLEM

Despite our high altitude, electric air conditioning keeps on doing its job because the electric cooling method is completely sealed against the effects of altitude changes.

CHOICE OF BRANDS

There are 58 manufacturers of electric air conditioning and all major brands are available in our area. Brands in your area are listed in the Yellow Pages or identified on your neighborhood dealer's store front.

CHOICE OF SIZES

Electric air conditioning offers the right size for your cooling job. Too large a unit makes your first cost unnecessarily high; too small runs up operating cost. Electric air conditioning can save you money on both counts.

COMPLETE SERVICE

The principle of electric air conditioning is so well understood and the parts so easy to change that any air conditioning man can give you service quickly should you ever need it.

ELECTRICITY — IT DOES SO MUCH GOOD FOR SO MANY PEOPLE!

Install gas air conditioning now?

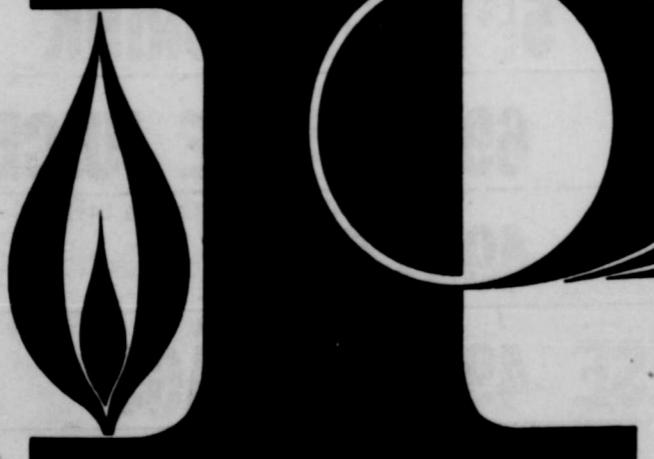

You should be so foxy

Installing GAS air conditioning now means you'll beat the rush that always comes with the first hot or dusty spring day. While everyone else is waiting for the overworked installers you'll be cool, calm, and collected.

GAS air conditioning cools your whole house quietly and efficiently. You'll save on repairs, too, because there is no compressor to break down or wear out. And, GAS air conditioning cools your whole house for what you might have been paying to cool just two or three rooms before.

So, be foxy. Call Pioneer and tell them you'd like to find out more about installing GAS air conditioning in the winter. A representative will tell you what it will take to include it in your present forced air heating system. You may be able to use the same ductwork for heating and cooling. It costs nothing to get a complete survey of your home or business.

LARGE CROWD ATTENDED WEEKEND MEETING

Hundreds of Jehovah's Witnesses from this area who spent the weekend in Wichita Falls last week heard the answer to the question, "What Is Behind the Spirit of Rebellion?"

A total of 1086 were on hand in the Hirschi High School Auditorium to hear the main speaker for the 3-day convention remind the audience that rebellion consists in the home of youths against parents, wives against husbands and then, on a broader scale, against school authorities as well as there being rebellion against police and government policies.

"Why these conditions?" Dugan asked. "Adam and Eve were the first human rebels, that were created perfect 5995 years ago, and they willfully rebelled against one small stipulation. There was a rebel before them, however, a superior creature, a rebel angel identified in the Bible as Satan, the Devil."

Commenting on the results of such rebellion, Dugan stated that the first human pair were ousted from their paradise home and thus began to experience thorns, unhappiness and death (a lifeless state to earth itself). "Their first born son, Cain, was a rebellious murderer, after rebelling against the direct counsel from God," Dugan said.

"So today the modern rebels tend to justify their actions as did our first parents. Today's rebels feel justified. The Vietnam War, parental hypocrisy of saying one thing, then doing another thus showing disrespect for the laws. They 'cheat on income tax as well as lying and cheating and stealing in the name of good business," Dugan continued. "They may go to church, yet their daily lives are unchristian."

SILVERTON LIBRARY NEWS

Gwen Bristow's "Calico Palace" is a story of men and women who lived in California at the time of the gold rush. But they were not forty-niners. They were the people who were there when it all began. They were the forty-eighters.

The gold in California was discovered in the early part of 1848; it took nearly a year for the news to reach the states on the Atlantic side of the continent. But the forty-eighters were in California already.

Mrs. Forbes also gave the welcome at the luncheon.

Mrs. Forbes and her father, Mr. Stephens, Worthy Matron and Worthy Patron of the Silverton Chapter, took part in a welfare program prior to the ritualistic opening of the joint fraternal visit of the United Methodist Church, and

ready. They heard—and doubted—the first rumors of gold that drifted into the village of San Francisco (population 900 persons — smaller than Silverton!) When they could no longer doubt the rumors, they went up to the hills and came back staggering under the weight of the treasure they carried. They began the transformation of San Francisco from a frontier shanty-town into one of the most brilliant cities in the world. They created the legends of the golden days.

This novel tells about the people

who were "there when it happened" and also about people who left home and walked right into one of the most spectacular adventures in the world's history. Gwen Bristow's novels have been published in eleven languages and read around the world. Miss Bristow was born in South Carolina, and now lives in Encino, California.

One of the books on loan from the Texas State Library through the Silverton Library is "The Desert" by A. Starker Leopold. Leopold has devoted his life to natural history. A graduate of the University of Wisconsin, he continued his studies at the Yale Forestry School and the University of California. He is at present professor of zoology and associate director of the Museum of Vertebrate Zoology at the University of California, Berkeley, and is also assistant chancellor of the University. Despite his academic responsibilities, Dr. Leopold has managed to spend extended periods in the world.

is a lifelong devotee of hunting and camping and has been many zoological field trips in the United States, Alaska and Mexico. In 1961 he went to Laysan Island to study bird life—specifically Laysan duck, an almost extinct species found only on this island. He has a particular fondness for deserts and a wide knowledge of the plant and animal relationships that make desert ecology a fascinating study.

Also attending were a number of nieces, nephews, one grandson and his family and four great-granddaughters.

Friends and neighbors called to extend their best wishes to the couple in the afternoon.

Cake was served from a crystal cake stand which was about 75 years old and belonged to Mr. Gregg's mother. Salad was served from an antique bowl of lavender carnival glass, which also was a

about 75 years old. Both were used at the wedding dinner for Mr. Gregg's sister, Bessie, when she married Phillip Frier in the Gregg home in Quitaque in 1903.

Mr. Gregg and Miss Frances Allen were married March 5, 1911, at the home of her parents, Mr. and Mrs. W. T. Allen, in Quitaque. They have made their home in Briscoe County for the entire sixty years of their married life. They are the parents of three daughters, and now have eight grand-

children, twenty-two great-grandchildren, and one great-great-grandchild.

Study Club Meets In Hutsell Home

The Century of Progress Study Club met recently in the home of Mrs. Flute Hutsell, with Mrs. Troy

Jones serving as co-hostess.

Mrs. Carl D. Bomar led the prayer-devotional. "If Everybody's House Looks Like Mine." Roll call was answered with "A Favorite Family Activity." Mrs. Pat Northcutt presided over the business meeting.

The Heart Fund Drive that had been re-scheduled for February 28 was discussed. Plans for the Caprock District Convention to be held in Plainview March 19-20 were presented. The club elected Mrs. John Gill as delegate and Mrs. Carl Bomar as her alternate. All members were urged to attend in support of clubmember, Mrs. O. C. Rampley, who is first vice president of Caprock District.

The program was prepared and presented by Mrs. Wayne Vaughan, Mrs. Jack Robertson and Mrs. Flute Hutsell, with the aid of Mrs. L. D. Griffin, program chairman.

The first portion of the program was a creative writing contest for the members. Each received a "writing kit" consisting of an original title, writing materials such as feather quill pen, aluminum foil, wax crayons, tissue paper, etc. After a 5-minute timed period each member read her masterpiece aloud. The participants voted Mrs. Hugh Nance's composition, "To The Woman In Front of Me With the Big Hat" as the best essay. Runners up were Mrs. James Davis and Mrs. Garland Francis with "What To Do In Case of Attack" and "Eat Your Heart Out, Heloise," respectively.

The second part of the program was also a contest. Unknown to the members, each of their families had been contacted prior to the club meeting and asked to draw, paint or otherwise construct a picture of the club member or her family, depicting some happening, habit or fact of her life or theirs. These pictures were shown to the members and they were asked to guess which one "belonged" to them—then they all voted on the "best" composition. Mrs. E. A. Birdwell's family won this contest with a picture captioned "I Never Promised You a Rose Garden." The picture was then framed and presented to her as the prize.

Those attending the meeting were Mrs. E. A. Birdwell, Mrs. Carl Bomar, Mrs. James Davis, Mrs. Edwin Dickerson, Mrs. Garland Francis, Mrs. Pascal Garrison, Mrs. John Gill, Mrs. L. D. Griffin, Mrs. Flute Hutsell, Mrs. Troy Jones, Mrs. George Long, Mrs. Wayne McMurtry, Mrs. Joe Montague, Mrs. Hugh Nance, Mrs. Pat Northcutt, Mrs. O. C. Rampley, Mrs. Jack Robertson, Mrs. Wayne Vaughan and Mrs. Leland Wood.

Mr. and Mrs. Wayne McWilliams of Center, Colorado, were overnight guests in the home of Mr. and Mrs. Don Garrison Sunday. Mr. McWilliams is a cousin of Mrs. Garrison. Other guests visiting Sunday evening were Mr. and Mrs. Gerald Smith of Tulia and Mr. and Mrs. Dale Smith, Mickey, Shonda, Renee', Shane, D'anna and Devona of Quitaque.

Mr. and Mrs. Jerry Miller and Avonna spent Friday night and Saturday with Mr. and Mrs. A. H. Phillips and Judy. They all attended the wedding Saturday of Judy Phillips, sister of Mrs. Miller.

Dinner guest of Mr. and Mrs. Jerry Miller and Avonna Sunday was A. H. Phillips of Amarillo.

MEATLESS MAIN-DISH FOR MENU VARIETY

Revive those winter-weary menus with the welcome change of a meatless dish. All too often, we get so bogged down with the meat 'n potatoes menu routine, that we overlook the tremendous variety of food products available to us.

Next trip to the supermarket, take a slow stroll down those aisles and a good look at the items . . . the new finds will amaze you! Take home a few new products; try them alone or dress them up with your own personal touches.

Here's an idea to start you creating: Take a can of Spaghetti in Tomato Sauce with Cheese or a can of Italian Style Spaghetti in Tomato-Cheese Sauce and add the Spring-fresh touches of cooked shrimp, sliced celery, tart-sweet pineapple tidbits, plus a dash of ginger for additional zip.

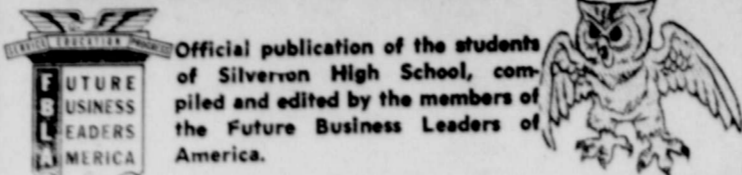

Round out this quick and convenient dish with a mixed green salad, toasted bread sticks, milk and coffee, and a lemon sherbet for dessert.

SPAGHETTI SPRING SPECIAL

- 1/2 cup diagonally sliced celery
- generous dash ginger
- 1 tablespoon butter or margarine
- 1 cup cooked shrimp
- 1/2 cup pineapple tidbits
- 1 can (15 1/4 ounces) spaghetti in tomato sauce with cheese or Italian style spaghetti in tomato-cheese sauce
- 1 tablespoon lemon juice
- 1/2 teaspoon soy sauce

In a saucepan, cook celery with ginger in butter until tender. Add remaining ingredients. Heat; stir now and then. Makes 3 servings.

IT COULD HAVE HAPPENED!

Here is a story that many people have never heard about Mr. Alexander. Several years ago, he bought his first Mercedes-Benz. It was very much like the one he drives today.
On the first day out, he was driving down the road when he hit a wet spot in the road. The car swung around and joined with a telephone pole. The car was completely demolished.
This did not bother Mr. Alexander. He got out of the wreckage, shook his head, and in his jolly manner said, "Well that's the way the Mercedes bends."

20 in the school cafeteria. Speaker for the banquet was Percy L. Mays of Hereford, a freshman student at West Texas State University. A speech major, Mr. Mays has been entertaining at public gatherings for three years. He resembles Bill Cosby in actions and talent, and his stories about football, golf, baseball, the first chicken, parents, and his antics, kept everyone entertained and amused. He concluded his performance with two songs, accompanying himself on the guitar.

Master of ceremonies was Joe Self. He recognized the special guests of the Young Farmers, after which Mrs. Donald Perkins, president of the Young Homemakers, introduced other special guests. These included Superintendent and Mrs. O. C. Rampley, Mr. and Mrs. Ken Cook, Mrs. J. V. Self, Nicky Long, Ricky Stephens, Mr. and Mrs. Alton Higginbotham of Floydada, representing Lighthouse Electric Cooperative, and F.H.A. officers Thresa Tate, Barbara May, Joan Cross, Kaedean Bomar, Cindy Cross, Debbie Cantwell, Amy Birdwell, Dorothy Yancey and Rhonda Sutton.

Robert H. Hill, outgoing YF president, gave the progress report for the past year.

Mrs. Wayne Stephens presented roses to Mrs. Donald Perkins, in appreciation for her leadership at YH president.

Mr. Hill presented YF awards to Sharon Jarrett, 4-H Gold Star Girl; Bill Strange, 4-H Gold Star Boy; and Ronny Vaughan, Outstanding YFA Member. An honorary membership was presented to Mr. and Mrs. Red Deisher for their outstanding support of the Silverton organization. Dwain Henderson was presented the Outstanding Young Farmer trophy by Art Sommerfeld, local advisor.

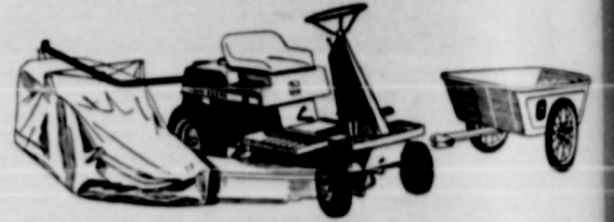

Young Homemaker awards were presented by Mrs. Donald Perkins. Plaques for outstanding support of the Silverton Young Homemakers were presented to Briscoe Consumers, Inc. and Silverton Butane Co. Accepting for Briscoe Consumers was Tommy Perkins, and Mrs. J. V. Self accepted for the Silverton Butane Co.

Gifts were presented to Rhonda Sutton, rodeo queen candidate for the Young Homemakers; Nicky Long and Ricky Stephens, for driving cars that pulled floats in the rodeo parade.

Glen Odum, State Vice President from Area I, Dimmitt, installed the newly-elected YF officers. The school cafeteria was decorated with red and black streamers. Sombrosos and various other articles of Spanish accent enhanced

the walls. The tables were covered with black cloths, with red streamers down the center of each. Candles added a romantic touch to the Spanish theme. The centerpiece on the head table was made up of a Spanish conquistador rounded by twelve red candles. Adding to these decorations were red roses presented by Young Farmers to their wives and special guests.
