by Mary Ann Sarchet

#### POSTAL RATES CONFISCATORY

This recent editorial in the Dallas Morning News is a good analysis of postal rate increases for the next five years:

"Government can infringe on freedom of the press through either direct intervention in the contents of publication or through confiscatory charges on distribution."

"Proposed second-class mail rates set by the Postal Service in effect would curtail newspaper distribution to thousands of readers."

"If the rates are approved by the Postal Rate Commission, newspaper management could see subscription costs increase 142% in the next five years."

"Squeezed by higher costs on all sides, newspaper patrons may find the forced rate increases prohibitive. Newspapers and other publications, therefore, would be unable beyond the financial reach of many Americans."

"Particularly hard hit will be the small weekly newspapers, which depend almost exclusively on the mail for distribution."

"The new rates are based on 39% of attributable, or actual, costs of handling the mail. Postal officials say that the extra charge is necessary to cover overhead beyond actual handling costs."

"We appreciate the fact that the Postal Service is attempting to operate on a business-like basis. But when rates clearly prohibit many Americans from access to varied publications, freedom of the press, guarded by the U. S. Constitution, is endangered. Reassessment of the proposed rate structure is in order."

"So you see, the farmers aren't the only ones who are being 'governmented' out of business."

### 4-H'ers Selling Finest Chocolate

by Naomi Hunt  
Briscoe County

Home Demonstration Agent  
The 4-H'ers are selling World's Finest Chocolate to raise money for a State 4-H Center and to support the county 4-H program.

The candy is delicious just for eating. If you can keep the family from eating it all, you might try one of these desserts made with chocolate.

**CHOCOLATE BAR COOKIES**  
1/2 cup graham cracker crumbs  
1/2 cup powdered sugar  
1/2 cup melted butter  
Mix and pat into a 9x12 inch baking pan. Bake at 350° for 10 minutes.

1 15-oz. can sweetened condensed milk  
1/2 cups flaked coconut  
1 teaspoon vanilla  
Mix and spread over crust. Bake 10 minutes at 350°.

Melt one 6-oz. bar World's Finest Chocolate, sold by 4-H'ers, or 1/2 bar and 1/2 package chocolate chips and spread over top. Cut into squares.

Put in refrigerator to set. Makes 14 squares.

**CHOCOLATE PIE**  
6-oz. bar World's Finest Chocolate sold by 4-H'ers  
1/2 cup milk  
10 large marshmallows  
1/2 cup whipping cream or whipped topping mix

## Postal Rates Going Up Sunday, May 16

Postage will be higher on certain classes of mail beginning on Sunday, May 16, 1971.

The new rate for first class mail will be eight cents for the first ounce and eight cents for each additional ounce. The new rate for air mail will be eleven cents for the first ounce, and eleven cents for each additional ounce. The new rate for post cards will be six cents. There will also be an increase in third class and some fourth class mail; you can obtain this information at the Post Office.

Postmaster Fred Strange suggests that if you have any six cent envelopes or five cent post cards in hand that you buy the necessary two cent and one cent stamps

## Special Election Is Tuesday, May 18

Bill Strange signs a pre-enrollment with the University of New Mexico, as his parents, Mr. and Mrs. Norman Strange, and Assistant Coach Leon Fuller of the University of New Mexico, Albuquerque, look on. Bill will be entering the University of New Mexico in the fall on a football scholarship. (Briscoe County News Photo)

### Reminder Issued To County Residents

A reminder has been issued to residents of Briscoe County that June 30 is the last day to pay 1970 taxes. On July 1, all those owing 1970 taxes will be placed on the delinquent roll.

If you have bought or sold any real property before January 1, 1971, please go to the tax office to report to whom it was sold or from whom the property was purchased. This will help the tax assessor-collector keep the correct names on the tax roll.

—A. S. McJimsy  
Tax Assessor-Collector  
Briscoe County, Texas

1 pie crust either crumb or baked  
1 teaspoon vanilla  
The candy is delicious just for mallow with milk in double boiler, cool. Whip cream or topping mix and fold into cooled mixture. Pour into crust and chill. Garnish with whipped cream and chocolate curls. Makes six generous servings.

## BILL STRANGE SIGNS WITH UNIVERSITY OF NEW MEXICO

Wednesday of last week saw a dream come true for Bill Strange. For a long time, Bill has hoped to be able to play college football, and Wednesday, May 5, he signed a pre-enrollment with the University of New Mexico, Albuquerque.

An outstanding leader for the Silverton High School Owl football team, Bill has played fullback and linebacker so wholeheartedly that it has earned him All-District and All-South Plains honors. He has been a team co-captain two years.

Bill received honorable mention when the All-District teams were selected his Freshman and Sophomore years; was named to the All-District Offensive Team and received honorable mention on the Defensive Team as a Junior (even though he suffered a broken leg before the season ended), and this year was picked as a member of both the Offensive and Defensive All-District Teams. He received the Football Award at the spring athletic banquet. In addition to football, Bill has participated in track and in judo, having competed last year in the National Judo Finals.

Bill has served as president of his class for two years, and has won the 4-H Gold Star Award. University of New Mexico Assistant Coach Leon Fuller, himself an All-American Linebacker while at the University of Alabama, says U of NM hopes to make a college fullback of Bill. With Bill's dedication to the game, his size and determination, they probably will have little trouble doing this.

A highlight of the Freshman team schedule at the University of New Mexico next fall will be a game with the University of Mexico, to be played in Mexico City. The University of New Mexico varsity has signed a home-and-home agreement with Texas Tech University and also has games scheduled with the University of Texas-El Paso.

This Playday is open to all 4-H members in the area who would like to participate. The only requirement for entry is that the participant be certified by his County Agent as being a 4-H member.

There will be five events for the Playday. They are barrel racing, pole bending, reining, western pleasure and the ring race. Entry fee is 50¢ per event entered. Entry blanks may be obtained at the County Agent's office or from Mrs. Charles Payne, show secretary, or from Jackie Johnson, Briscoe County Agent in Silverton. All entries must be turned in by 12:00 noon Saturday, May 22. The State 4-H Horse Show rules will be used for the Playday.

All 4-H members in Briscoe and surrounding counties are invited to attend the Playday.

"I want to thank each customer for their cooperation in the past," Postmaster Strange said. "If any employee of this office can be of any assistance, please call on us."

With Bill's dedication to the game, his size and determination, they probably will have little trouble doing this.

A special election has been called in Texas for Tuesday, May 18, for the purpose of voting on four proposed amendments to the state constitution.

In addition, the Commissioners' Court of Briscoe County has consented to take a poll of county residents to determine whether or not local residents favor weather modification. This will be an extra ballot on which voters can have their say for or against the weather modification programs.

#### VOTING PLACE CHANGED FOR PRECINCT THREE

Voting will be in the usual places in all of the precincts except Precinct Three. Due to the number of people voting in this precinct and the crowded conditions in the part of the courthouse that is located in the precinct, the voting place is being moved to the Pioneer Room at First State Bank. This will be the location of Precinct Three's voting box until further notice.

#### PROPOSED AMENDMENTS NUMBER 1:

Establishing a State Ethics Commission empowered to set rules of ethics for members of the legislature, state officers, and legislative officers and to investigate violations; to recommend compensation for members of the legislature and the Lieutenant Governor; and to recommend improvements and economy in the legislative process.

**NUMBER 2:** Providing that the legislature may propose amendments to the Constitution in called as well as regular sessions of the legislature.

**NUMBER 3:** Removing the limitation on the total state appropriations for assistance grants for the needy aged, the needy blind, and the needy disabled, and setting a limitation on total state appropriations during a fiscal year for assistance grants for needy dependent children and the caretakers of such children.

### 4-H Horse Club Fun(D) Night Re-Scheduled

The 4-H Horse Club FUN(D) Night, which was postponed Saturday, May 8 due to some very welcome rain, has been re-scheduled for Friday, May 14. The activities will begin at 8:00 p.m. at the Silverton Rodeo Arena.

There will be a practice session for all 4-H Horse Club members on Friday, May 14, at 5:00 p.m. at the Rodeo Arena. All 4-H Horse Club members are urged to attend the practice.

#### NUMBER 4:

Authorizing the issuance of \$100 million in bonds to provide financial assistance to cities and other public agencies for water quality enhancement purposes; providing for the improvement and continuance of the water resources program, and establishing an interest ceiling on Water Development Bonds at 6 percent.

#### WEATHER MODIFICATION POLL

The directors and officers of the Ranchers and Farmers for Natural Weather met at Kress Friday night. Various avenues of meeting the present problem of weather modification by cloud seeding were discussed. It was decided to approach the various Commissioners' Courts in the 12-county program area to request a poll of the people as to their desires regarding whether or not they favor the Weather Modification Program. The directors felt that an expression of the people on the matter was needed and would be appreciated by any decision-making body before which this question might come in the future. The directors of the Association further wanted the people to understand that the Ranchers and Farmers for Natural Weather are against anyone paying 32 cents an acre on their land for the so-called "Hail Suppression Program" or making any donations for the furtherance of such program. The directors also received reports from meteorologists on the non-effectiveness of weather modification by cloud seeding.

The Briscoe County Commissioners agreed to conduct the opinion poll on weather modification in conjunction with the special election on May 18.

### Pool Clean-Up Day This Saturday

Saturday, May 15, has been designated as clean-up day at the Silverton Pool. This is necessary prior to the pool's opening May 29.

#### POOL DUES

The dues will be \$17.50 and are payable at the First State Bank. Your new card will be issued, enabling members of the stockholder's family to swim. Dues must be paid in advance.

A review of last year's financial statement would seem to indicate that failure to pay current dues is the primary reason for the pool's financial loss.

One of the rules from the by-laws that will be enforced is that lifetime stockholders must pay annual dues beginning in 1971. Any unpaid dues will be charged against the pool stock at the time of the sale, gift or transfer.

Purpose of this action is deemed necessary to insure future operation of the pool. Any stockholder not intending to use the pool should offer his stock for sale or transfer his stock to someone willing to pay the annual dues. It is necessary to keep issued stock active to finance future expenses of the pool.

### Mail Box Improvement Week Slated Here

The U. S. Postal Service has designated the week of May 17-22 as Mail Box Improvement Week.

Postal customers on rural and star routes are asked to examine their boxes and improve, where necessary, the appearance of their mailboxes.

### Fieldmen To Attend Lubbock Conference

Fifteen representatives of Plainview Production Credit Association will participate May 11-12 in the Fieldmen Conference in Lubbock.

Texas' 34 PCA's sponsor the meeting which features latest information on extending agricultural credit to Texas farmers and ranchers.

Area participants are Dee McWilliams, field office manager, Silverton; Jim Holt, assistant to the manager, Douglas Eubanks, office manager, James M. Lackey, assistant manager, Donald Loafman, assistant manager, and Robert White, loan representative, all of Plainview; Bo Bryant, field office manager, Dimmitt; Durwood Hart, manager, Floydada; and Bill Black, field office manager, Tulia.

Others are Dale Cary, manager, Friona; James A. Petty, assistant manager, Friona; Tommy Ballard, field office manager, Littlefield; W. B. LeVeque, field office manager, Muleshoe; Curtis Walker, assistant field office manager, Muleshoe; and Martell LeVeque, field office manager, Olton.

Plainview PCA makes agricultural loans in Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Parmer and Swisher counties. The Association loaned more than \$154 million to Texas farmers and ranchers in 1970.

## Marvin Self Wins First In State Discus Event

Marvin Self threw the discus 172 feet in the State Track Meet Finals in Austin last Friday to win a gold medal in the event. This was the furthest Marvin had ever thrown in a meet, but fell quite a lot short of the State Record in the event, which is 186 feet.

Only two discus participants threw further than Marvin in the State Meet: Timothy Pruitt, of Class AAA Lewisville, 175'5", and Whitney Paul of Class AAAA Galveston, 174'2".

#### CLASS A DISCUS

- 1. Marvin Self, 172'
- 2. Newt Bryson, Quitman, 160'9"
- 3. Ricky Thurman, White Deer, 160'4"
- 4. Archie Nixon, Eldorado, 156'1"
- 5. Larry Milton, Edgewood, 155'1"
- 6. Jorge Garcia, San Isidro, 148'

#### CLASS AA DISCUS

- 1. Gary Pless, Sealy, 166'8"

#### CLASS AAAA DISCUS

- 1. Whitney Paul, 174'2"
- 2. Jon Riddlehoeover, Abilene Cooper, 169'5"

#### CLASS B DISCUS

- 1. Virgil Murphy, Morgan, 161'7"

#### CLASS B SHOT PUT

- 1. Wade Johnston, Agua Dulce, 55'9 1/2"
- 2. Jimmy Lisle, Rule, 54'3 1/2"

#### CLASS A SHOT PUT

- 1. Robert Sapp, Bandera, 55'10 3/4"
- 2. Ricky Thurman, 55'7 3/4"
- 3. Marvin Self, 55'6 1/2"
- 4. Anthony Warrick, Allen, 52'6 1/4"
- 5. Archie Nixon, 52'3 3/4"
- 6. Jorge Garcia, 50'5 3/4"

#### CLASS AA SHOT PUT

- 1. Jack West, Mart, 53'2 1/4"
- 2. Frank West, Mart, 57'2"
- 3. Lester Wiese, Goliad, 54'7 1/2"

#### CLASS B SHOT PUT

- 1. Wade Johnston, Agua Dulce, 55'9 1/2"
- 2. Jimmy Lisle, Rule, 54'3 1/2"

#### STATE CLASS A LONG JUMP

It was interesting to note that the State Long Jump was won (and a new conference record set) with a leap of 23'8 1/2". The second place participant jumped 22'0 1/4". Third place was awarded for a jump of 21'9".

Fineas Ivory's 22' jump, which placed him third at the Regional Meet, would have earned him third place in State competition had he not been beaten out of second place in Lubbock by half an inch.

### To Receive Degrees

DEGREES TO BE CONFERRED  
AT TEXAS TECH SATURDAY

More than 2700 students have applied for degrees at Texas Tech University's commencement exercises May 15.

Among these are two from Briscoe County: Mrs. Patsy Elizabeth McDonald Hilbers of Quitaque, who is scheduled to receive her degree in home economics education, and Mrs. Tina Weaver Nance, who is to receive her degree in elementary education.

William T. Pecora, acting under-secretary of the Interior, will deliver the principal address at the 8:00 p.m. exercises in the Lubbock Municipal Coliseum.

Texas Tech now has a student body of more than 20,000.

### TO RECEIVE DEGREES AT HARDIN-SIMMONS UNIVERSITY

William Ray Crabb, son of Mr. and Mrs. Lenard Crabb, and Clifford A. Walker, son of Mr. and Mrs. Roy Mack Walker, are a-

### LIVER—ECONOMICAL, NUTRITIOUS

Liver, usually lower in price than other cuts of meat, is a valuable food contribution at meal-time.

Liver is an excellent source of vitamin A, B-vitamins and high quality protein and iron.

Calf liver, the most expensive type of liver, requires only a short cooking period, long enough to change its color. It can be broiled or fried.

Beef liver requires slightly longer cooking and is usually considered better when braised. Cooking with moist heat will keep it from being too dry.

Pork liver is lowest in price because it has a stronger flavor. It may be braised with onions or tomatoes.

There is no waste in liver so a pound will make four servings. And it is not necessary to soak or scald the meat.

Liver is perishable and requires careful storage. It should be bought for immediate use and

among the approximately 215 students who are scheduled to receive degrees at Hardin-Simmons University commencement exercises May 16.

Both young men are to receive bachelor of science degrees.

This year baccalaureate and commencement exercises will be combined at 3:00 p.m. Sunday afternoon.

### MRS. GERHARDT TO RECEIVE DEGREE SUNDAY

The commencement program of Frank Phillips College in Borger will be held at 2:00 p.m. May 16 in the auditorium of the Fine Arts Building.

Among those who have applied for the associate in arts degree is Mrs. Jackie Carol Gerhardt, daughter of Mr. and Mrs. C. F. Tate of Silvertown. Mrs. Gerhardt is majoring in elementary education, and has studied piano and voice. She has appeared in Frank Phillips College music department productions while attending school there.

Mrs. Gerhardt and her husband, Bob, reside at 729 North McGee in Borger.

kept in the home refrigerator no more than a day or two before cooking.

For variety, try this recipe.

### LIVER IN TOMATO SAUCE

- 1 pound liver
- 1 onion, sliced
- 1/2 cup chopped green pepper
- 2 T. butter
- 3 T. flour
- 2 cups tomato juice
- 1 t. Worcestershire sauce
- 1 t. lemon juice
- 1 t. sugar

1/2 t. salt  
Salt and pepper liver and roll in flour and fry until done. Cut bite-sized pieces. Place in greased casserole. Fry onions and green pepper until soft. Scatter over liver.

Melt butter in saucepan, blend in flour and gradually add tomato juice. Cook until thickened. Add seasonings and pour over liver. Bake 30 minutes at 350°, or cook over very low heat for about 30 minutes.

### SKILLET SAUCERY SAVES MEAL-PLANNING DILEMMA

Caught in the dull dilemma of frankfurters, meat loaf, pork chops, and hamburgers? Let Saucy Chicken Skillet rescue you! This savory chicken dish is sure to satisfy your many menu needs—cause it's easy to prepare, elegant, possible company fare, and deliciously pleasing to the entire family.

What's the secret wonder to this chicken skillet? It's the sauce . . . it's rich, thick, and perfectly blended. And what sauce could be easier? Just open a can of condensed cream of chicken soup. Lace it lightly with curry, onion, and tomato. Then, add the final touch of broccoli spears, simmer—and Saucy Chicken Skillet is complete. It's ready for spur-of-the-moment guests . . . or your famished family. Try it soon!

### SAUCY CHICKEN SKILLET

- 2 pounds chicken parts
- 2 tablespoons shortening
- 1 can (10 1/2 ounces) condensed cream of chicken soup
- 1/2 cup sliced onion
- 1/2 cup chopped canned tomatoes
- 1 teaspoon curry powder
- 1 package (10 ounces) frozen broccoli spears.

In skillet, brown chicken in shortening; pour off fat. Stir in soup, onion, tomatoes, and curry powder. Cover; cook over low heat 20 minutes. Stir now and then. Add broccoli. Cover; cook 25 minutes more or until tender. Stir to separate broccoli. Uncover last few minutes to thicken gravy. Makes 4 servings.

MRS. McJIMSEY IS CHURCH "MOTHER OF THE YEAR" HERE  
Mrs. Stella McJimsey was honored as "The Mother of the Year" during the Mothers' Day services May 9 at the First Baptist Church in Silvertown.

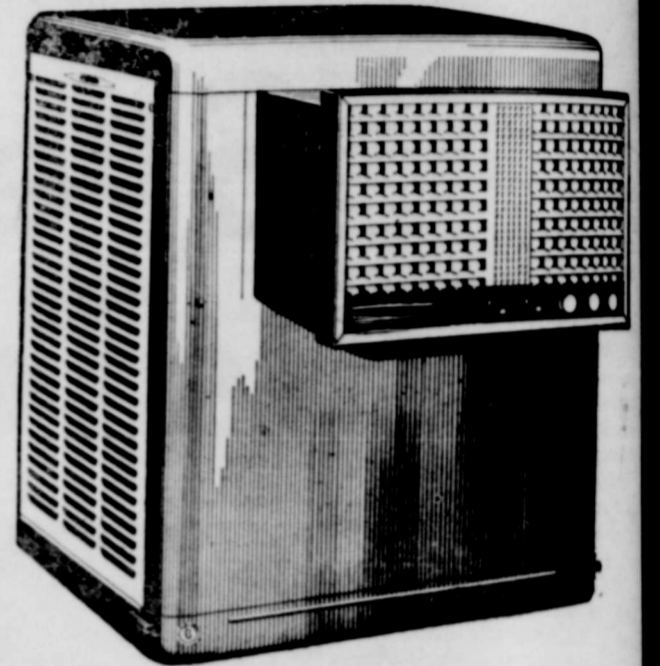

She was chosen in voting during the Sunday School hour on May 2.

Mrs. McJimsey, the fourth mother to be honored by her church, was presented a charm on which was engraved: "Mother of the Year, 1971, First Baptist Church, Silvertown."

Previous winner of this honor have been Mrs. A. D. Arnold, Mrs. Clyde Hutsell and Mrs. E. C. Newman.

THURSDAY, MAY 13, 1971

### Water Inc. Endorses Amendment No. 4

Directors of Water, Inc. have strong backing to the "Clean Water Amendment," one of four constitutional amendments up for action next Tuesday, May 18. The "Clean Water Amendment" will be listed as proposition 4 on the ballot.

The resolution given unanimous approval by the Water, Inc. board that the amendment passage reduce the local tax burden

in providing adequate sewage treatment facilities, will help prevent improperly treated sewage from ruining public waters, will help avoid serious health problems and will preserve one of the most precious resources—water.

The amendment will provide \$100 million in water development bonds earmarked for assistance to local governments in financing needed sewage treatment facilities, raise the maximum allowable interest on water development bonds from four to six percent, and extended programs for which the bonds may be used beyond 1982.

Bill Clayton, executive director of Water, Inc., explained that passage of the measure is of vital importance to the continuation of the state's systematic development of its water resources. Singling out the increased interest rate limitation, Clayton said the move would "put us back in the bond market" with the almost \$300 million bonds which already have voter approval, but have been unsalable because of bond market conditions. "Aside from the new \$100 million which is earmarked for sewage treatment facilities, water development bonds are used primarily for development of municipal water facilities," he said. "Although most of these projects will be in other parts of the state," Clayton said, "we must give them strong support in West Texas if we in turn seek support from other parts of the state for our projects of the future."

Many of the proposed projects to be financed in part with water development fund bonds include provisions for storage space for water that will eventually be mov-

ed to more arid areas of the state such as West Texas.

Singling out the portion of the amendment calling for \$100 million bonds for sewage treatment facilities, Gaston Wells, Dumas, president of Water, Inc., called the measure a "boon" to cities and towns. Proceeds from the bonds would be used for loans to local governments for the construction of needed facilities alleviating the heavy initial local financing load. At the same time, such state participation triggers additional federal assistance. Under present pro-

cedures, local governments must come up with 70 percent of initial costs for sewage treatment facilities with the federal government supplying 30 percent. If the state participates, as it would after passage of the amendment, the federal government furnishes grants totalling 55 percent of the cost, the state loan provides 25 percent, leaving only 20 percent to be financed through local money sources.

"Rivers and streams throughout Texas are being polluted through discharge of improperly treated

sewage," Wells said. "The 'Clean Water Amendment' passage will be a positive step toward cleaning up these public waterways," he added.

"Strong opposition to the amendment has developed downstate, particularly in the Houston area," Wells said, "making it doubly important that West Texas turn out a heavy favorable vote."

### STAY AWAKE ITCHING?

Let doctor's formula stop it. Zemo speeds soothing relief to externally caused itching of eczema, minor rashes, skin irritations, non-poisonous insect bites. Desensitizes nerve endings. Kills millions of surface germs, aids healing. "De-itch" skin with Zemo, Liquid or Ointment. Quick relief, or your money back!

## Produce carloads of sorghum with NK 222A

Growers report 1,000 to 1,500 bushels per acre return

Successful NK 222A growers like Loren Barnhouser have produced over 1,000 lbs. of grain from every pound of seed planted. He seeded 6 lbs. of NK 222A per acre and harvested 6,703 lbs. of grain.

Rich yellow endosperm grain. Clean uniform fields of NK 222A have excellent storability. Semi-open heads dry down quickly, have excellent feeding value. Drought tolerance and head smut resistance help protect your crop.

### ITCHING LIKE MAD?

Get this doctor's formula! Zemo speedily stops torment of externally caused itching... of eczema, minor skin irritations, non-poisonous insect bites. Desensitizes nerve endings. Kills millions of surface germs. "De-itch" skin with Zemo—Liquid or Ointment.

### WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such irritation, CYSLEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSLEX at drug-gists. See how fast it can help you.

### Well, What Do You Know? fun, games and knowledge

by MARTHA GLAUBER SHAPP, Editor, The New Book of Knowledge

**Do you know what biology is?**  
Since the very beginning of human history, men have taken an interest in what they saw, particularly in everything that moves or grows and can be called alive. Biology is the name given to this study of living things. Much of the study has been, and still is, simply a process of looking at what can be seen and thinking about it. This activity may be broadened by carefully dissecting living things so their internal structure can be seen. It may also be broadened by use of a lens or a microscope.

**What do you know about gliders?**  
Gliders have no engines and so have no thrust. For launching they must be pulled forward or shot into the air to overcome gravity. But once in the air, glider pilots use the changing air currents to gain lift. By controlling the relation between lift and drag, glider pilots can stay aloft for many hours. Gliders are sometimes compared to birds. In many ways, however, birds are more like airplanes, since they can create thrust. Only when birds soar on air currents can gliders be compared to them.

**What do you know about the battle of Marathon?**  
In 490 B.C., the Persians invaded Greece, and the Athenians marched out to meet them. For 8 days the two armies glared at each other across the plain at Marathon. On the 9th day the Athenians marched onto the plain, fanned out into battle line, and attacked. The Persians panicked, ran for their ships, and were slaughtered. Some historians believe that this Greek victory saved Western civilization from being absorbed by the East.

### THE DEFENDERS

SALUTE the men and women of the Armed Forces of the United States of America.

These are the men and women who work tirelessly in our defense day after day. Although they are often far from home in lonely, remote corners of the world, they continue to safeguard the values and ideals of their native land. Let us at home strive to protect these ideals for them so that they may return to a united America.

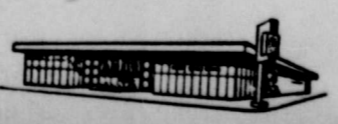

While we work to keep our country strong, we honor the Armed Forces, the defenders of the UNITED STATES OF AMERICA.

Our priceless heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Hamilton, we, too, have a privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the goal—that of preserving the greatest democratic society the world has ever known.

Our flag is a symbol, not of sentiment, but of history, the history of men and women willing to live and die for it. Surely this willingness is with us still, because daily we experience more of the blessings that are ours—ours because we are Americans.

**T. V. MCCLURE & SONS**

Dick Reid finished requirements for a degree at Texas Tech last December, and will receive his BBA degree in marketing at the commencement Saturday night. Reid is the son of Mr. and Mrs. J. W. Reid, jr., and is married to the former Susie Hill of Silverton.

**New President  
Chosen At  
Called Meeting**

L. O. A. Junior Study Club met May 10 for a called session at 4:00 p.m. in the P.C.A. community room.

President Mrs. Fred Edwards read a letter from Mrs. Dean Rowell, in which she resigned as president-elect of the club.

In the election which followed, Mrs. Bud Couch was chosen to be the club's next president. This created a vacancy in the office of first vice-president, and Mrs. Jerry Miller was elected to this office.

The slate of officers to be installed Monday, May 17, is composed of Mrs. Couch, president; Mrs. Miller, first vice president; Mrs. John Schott, second vice president; Mrs. Stanley Fogerson, secretary; Mrs. Wayne Nance, treasurer; Mrs. Fred Edwards, reporter; Mrs. Randall Eddleman, federation counselor; Mrs. Louis Grabbe, parliamentarian.

Attending the called meeting were Mrs. Schott, Mrs. Couch, Mrs. Charles Sarchet, Mrs. Nance, Mrs. Steve Miller, Mrs. Jerry Miller and Mrs. Edwards.

Mr. and Mrs. Bob Gerhardt of Borger and Mr. and Mrs. Rex Long and Kit of McLean were dinner guests of Mr. and Mrs. C. F. Tate Sunday.

United States is the world's oldest existing republic that began with a President as its chief executive.

**HELPING HAND CLUB MEETS  
IN CALLAWAY HOME**

The Helping Hand Club met May 6th in the home of Modean Callaway.

Members present were Zoe Steele, Miriam Jowell, Pearl Lanham, Lois Nance, Betty McPherson, May Rowell and the hostess, Modean Callaway. Lucky Lady was Betty McPherson.

Next meeting will be May 20th.

**\* NEW BABY**

Mr. and Mrs. Gordon Lowrey are parents of a son, Frank Allen, born at 3:00 p.m. Monday, May 10. He weighed five pounds and fourteen ounces.

The Lowreys are also parents of two daughters, Angela, 5, and Shavonne, 3.

Grandparents are Mr. and Mrs. Pascal Garrison and Mr. and Mrs. Monroe Lowrey.

Great-grandparents are Mr. and Mrs. George Seaney, Mr. and Mrs. Gabe Garrison and Mr. and Mrs. J. E. Henderson.

The world and they that dwell therein

Soil Stewardship Week May 16-23, 1971

**GOVERNOR'S PROCLAMATION**

The protection of our environment is the concern of every citizen of this State.

The citizens of this State recognize that the earth is the Lord's and we are His servants charged with caring for it to the best of our abilities.

Without adequate soil and water conservation our environment would be imperiled and the foundation of our economy endangered.

Soil and Water Conservation Districts have been dedicated to the improvement of our environment for over 30 years and are now sponsoring Soil Stewardship Week.

THEREFORE, I, as Governor of Texas, do hereby designate the week of May 16-23, 1971, as SOIL STEWARDSHIP WEEK in Texas.

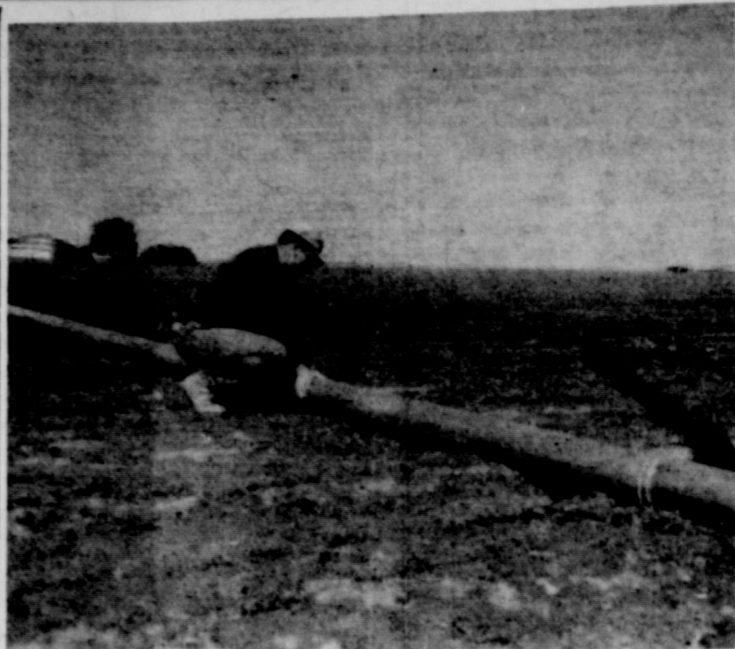

In official recognition whereof, I hereby affix my signature this 17th day of February, 1971.

/s/ Preston Smith  
Governor of Texas

Arthritis Sufferers:

**WAKE UP WITHOUT  
ALL THAT STIFFNESS!**

New formula for arthritis minor pain is so strong you can take it less often and still wake up in the morning without all the pain's stiffness. Yet so gentle you can take this tablet on an empty stomach. It's called *Arthritis Pain Formula*. Get hours of relief. Ask for *Arthritis Pain Formula*, by the makers of *Anacin*.

John Francis plans to fit this tall wheatgrass in with his wheat grazing program. Cool-season grass will fill in the "Blank Spots" before and after wheat grazing season.

**Forage Produced By Cool-Season Pasture**

John Francis is well pleased with the forage produced by the cool-season pasture he is now managing. He planted the grass last fall and began grazing it as he

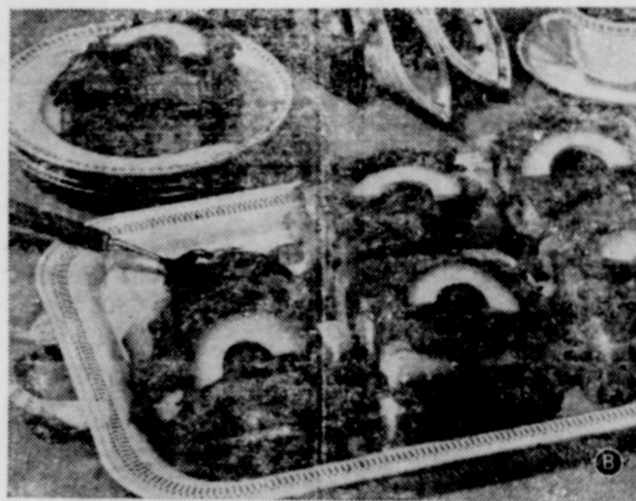

took stockers of his wheat pasture. The pasture is divided into three equal units so he can graze a unit about a week then rest it about two weeks. High level management such as this can double the production on improved pastureland.

Friday and Saturday, the annual meeting of the Rocky Mountain Social Science Association was held on the campus of Colorado State University in Fort Collins, Colorado. Zobia Self, instructor of history at Wayland Baptist College, Plainview, a member of the organization, was accompanied to the meeting by Mr. and Mrs. M. B. Self. While Zobia attended the sessions, Mart and Juanita enjoyed the scenery in Colorado, supplemented by a short journey to Cheyenne, Wyoming. They returned to Plainview late Saturday night.

John is carrying out a conservation plan on his farm with assistance from the Cap Rock Soil and Water Conservation District.

Mr. and Mrs. Bud Perkins hosted an ice cream supper Saturday night. Those present were Mr. and Mrs. Donald Perkins and children, Mr. and Mrs. Tommy Perkins and boys, Mr. and Mrs. Floyd Perkins and children of Amarillo and Mr. and Mrs. Phillip Hubbard of Bridgeport.

**DOUBLE-DECKER PRAISE-WINNER**

Slice up a sandwich . . . carve out a reputation. A sandwich need not be of the boring brown bag variety. It takes only a bit of ingenuity and an everyday sandwich can be transformed into anything from a hearty hit-of-the-party hero to a dainty ladies' luncheon tea sandwich. Make sandwiches hot or cold, open-face or triple-decker.

Here's one to win you praises: It features cube steak, cut in strips, that simmers along with bacon, tomatoes, onion, garlic, and chili powder in canned beef gravy. Mouth watering?

The rich, canned beef gravy serves as the "melting pot" of flavors and gives the sandwich delectable moistness. Serve the beef mixture double-decker style over split cornbread . . . a great combo for Friday night gatherings.

**BEEF 'N' BACON DOUBLE-DECKERS**

- 6 slices bacon
- 1 1/2 pounds thinly sliced cube steak
- 1 cup chopped onion
- 2 teaspoons chili powder
- 1 medium clove garlic, minced
- 2 cans (10 3/4 ounces each) beef gravy
- 1/2 cup chopped tomatoes
- 6 squares cornbread (4-inch), split in half
- Avocado slices

In skillet, cook bacon until crisp; remove and crumble. In drippings, brown meat and cook onion, chili powder, and garlic until onion is tender. Add gravy, tomatoes, and bacon. Heat; stir now and then. Spoon half beef mixture on 6 pieces cornbread. Cover with cornbread; top with remaining beef. Garnish with avocado. Makes 6 sandwiches.

HOT WEATHER FORAGE . . . Try

**Trudan 2**  
FROM  
**Northrup King**

You can count on Trudan 2 hybrid sudangrass to come through when feed is normally short. The hotter the better. Yields hold up under heavy grazing - even under drier than normal conditions. Trudan 2 has fine stems and a high leaf-to-stem ratio. Cattle really go for it, have a greater barrel fill. Plant after soil reaches 70 degrees.

# Do you want clean water?

If you do, vote for the Clean Water Amendment Tuesday, May 18.

**4 reasons FOR #4:**

1. **Financial:** to reduce the tax burden of providing adequate public sewage treatment facilities.
2. **Environmental:** to prevent improperly treated sewage from ruining our rivers and streams and their fish and wildlife.
3. **Conservation:** to help preserve one of our most precious natural resources—water.
4. **Public Health:** to avoid serious health problems downstream because of inadequate sewage treatment facilities upstream.

## Vote for the Clean Water Amendment #4 on the ballot Tuesday, May 18.

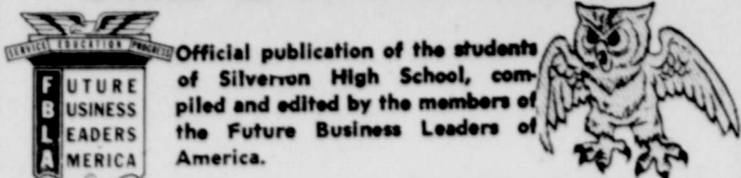

PD, POL. AD., Clean Water for Texas Committee, 801 Vaughn Building, Austin 78701, Richard D. Brown, Chairman

## Sports News

The Class of '73 would like to inform the school of their valued athletic abilities. It is felt that without the Sophomore boys and girls who participate in various sports, the school's athletic program would not be complete.

For football next year, we have many qualified players. If Mark Hutsell can keep from passing out or getting hit in the head (we understand that this is caused from his extra effort), we will surely have a winning team. Thank goodness for Terry Culwell's long arms and legs. We wouldn't be anywhere if it weren't for his interceptions. If Stan Martin can shrink an inch or two, he can sneak right through the linemen's legs. That will be a great advantage. Mike Grady will be excellent next year, we think, if he can stop getting sick on his football jersey. The Sophomores cannot forget Walter Welch and Derrel Martin, because without their abilities, the Sophomore football boys would not have been complete this year. John Burson will be joining the football team next year, and we will be looking forward to it.

As far as Sophomore basketball girls go, Rhonda Sutton is the best in our opinion, but she is followed closely by Karen Tiffin. LaNell Stephens is a very versatile player, filling in as both forward and guard this year. Laura Arnold's ability as a guard is valued highly in this group, too. Even though the Sophomore girls try their best, they realize that ever since Barbara Ledbetter left them last year, they just aren't what they used to be.

The Sophomore volleyball teams have been outstanding this year. On the girl's team, Jana Futch is very valuable. We feel that she should have been given an All-Tourney trophy in the recent tournament, but since they were not being given, we thought it should be excused this time. Again Karen Tiffin followed closely behind in volleyball. Keep trying, Karen. Without Pam Hutsell's spikes and crams, we couldn't have scored a point. Teresa Boyd kept us all going with an occasional gripe or yell. Joan Cross boosted our spirit a great deal, but she took Ramona's place during the last game and proved herself a great athlete. Freeda Henderson also held the team together with her fine ability.

In the boys' volleyball, John Burson was outstanding this year. We felt he should have been left in the entire game, but Coach Terry Culwell (who is not only a good coach but an excellent volleyball player), says the boys must rotate and give everybody a fair turn. John Minyard's crams helped a great deal, too, along with Stan Martin's and Mikel Grady's set-ups. Derrel Martin and Gene Culwell backed up the whole team and provided great excitement. The boys went on in a moment of triumph to win fourth in the Student Council Tournament, but the girls did not place due to Jana Futch's simplified mood.

In track, our Sophomore boys when Joan and Amy sang "Birthday" at the dance?  
Pam and LaNell's wreck?  
raiding the home ec refrigerator?

the cake icing cans?  
Kangaroo Court and afterward?  
Debbie's purple arm pits?  
when Joan, Amy and Kaedeans stole someone's car?  
playing chase?  
Biology I field trip?  
when Joan and Amy used to hide behind Lallie's in Lane's car?  
when nobody ever had a date? (and still don't?)  
Rita the Reader?  
the semi-circle?  
when Bertha-bimble, Zelma-zit, Peggy-pimble, and Alice-aene hit town?

when Joan and Amy left Kaedeans stuck in Mark's stalled pickup?  
the first shave?  
Easter Egg hunts?  
giant toilet paper spitwads?  
Mrs. Watson and her controlled reader?

Cub Scouts, Blue Birds and Camp Fire Girls?  
growing bacteria in the fifth grade and making wine in the sixth grade?  
Nadine Mercer?

## Sophomore News

Four representatives of the Sophomore Class presented school pins to the seventh and eighth grade classes on May 5. The Sophomores have been selling these SHS pins for about two weeks and the orders have now been sent off. The orders were sent in early in hopes of receiving the pins before the end of school.

The Sophomore boys participated in the Young Homemakers' Volleyball Tournament last week. The boys played their best, and the team was really a success.

## SPECIAL TRIBUTE TO THE SENIORS OF '71

In the years to come we think that there will never be another class like the Seniors of '71. You are truly dedicated to your school, your community, your teachers, and your classmates. The two years that we have been in high school have been a lot of fun and have brought us closer to each other. Saying good-bye is going to be hard because graduation day is drawing nearer each day. Next year just won't be the same without you.

Although this is your final year of high school, please don't forget to come back to see us because we will never forget the years that we have spent with you.

We wish each and every Senior the best of luck and know that you will find success in whatever you do.

—Kaedeans Bomar

have displayed their skills very well this year. John Minyard has won a number of events, just as Terry Culwell has. Stanley Martin and Mark Hutsell have helped tremendously in backing up at track meets. These boys have given the Class of '73 a very good name, and will continue to do so next year.

There is one person that is important in the Sophomore athletes that we sometimes forget. This is manager Rodney Jackson, who has done many things for the football and track boys.

Boys basketball is a powerful field of athletics in our class. John Minyard and Terry Culwell have proven that this past year. Walter Welch, Stan Martin and Dennis Gallington have helped them in making this an important sport for the Sophomores.

All in all, the Sophomores may be inclined to be prejudiced (not any more than any other class, we think), but we feel that our group of boys and girls are fine athletes. We can't forget our great P. E. girls and boys, nor our annual staff workers, because without them our class would be incomplete.

## FROM THE SUPERINTENDENT'S OFFICE

A television program, entitled "11:59, Last Minute to Choose," will be broadcast on KFDA-TV Tuesday, May 18, at 8:30 p.m. CDT. The audience will witness a new approach in broadcasting devoted to the consequences of drug abuse. The difference—only young people addicted to hard drugs will be seen and heard in this graphic portrayal of the dangers of drug abuse. No adults will preach, no "authority" will lecture. The young drug abusers speak about their experiences themselves; and speak they do in treatment centers and state mental hospitals as they discuss the vice they find themselves in, how they obtain money to maintain their habit, what is happening to their lives and those of their friends.

This program may be tough viewing, but getting hooked on drugs is a lot tougher. The program was produced under the auspices of the Bretano Foundation, a non-profit educational organization.

It is felt that if youngsters see this program, it will give them a much better understanding of the drug situation. The drug alert group in Amarillo has screened the show and feel it will be very effective viewing for everyone—parents and young people included.

## JUNIORS PLANNING

### END-OF-SCHOOL PARTY

The Junior class is having its annual end-of-school party Saturday, May 15. They are to meet at the school and be ready to leave about 9:00 a.m. The class will furnish Cokes, but all of the members are asked to bring their own lunches. All members planning to attend the party must ride the bus down to Burson Lakes with the sponsors, Mrs. John Herring, Mr. and Mrs. LaGrone.

This should be a reminder to all members of the Junior class planning on attending the party please to bring their permission slips from their parents if they are planning to go swimming.

# Do you want clean water?

If you do, vote for the Clean Water Amendment Tuesday, May 18.

### 4 reasons FOR #4:

- 1. Financial:** to reduce the tax burden of providing adequate public sewage treatment facilities.
- 2. Environmental:** to prevent improperly treated sewage from ruining our rivers and streams and their fish and wildlife.
- 3. Conservation:** to help preserve one of our most precious natural resources—water.
- 4. Public Health:** to avoid serious health problems downstream because of inadequate sewage treatment facilities upstream.

# Vote for the Clean Water Amendment #4 on the ballot Tuesday, May 18.

P.D. POL. AD., Clean Water for Texas Committee, 801 Vaughn Building, Austin 78701, Richard D. Brown, Chairman

# VOTE TUESDAY, MAY 18

CARD OF THANKS

I wish to thank the people of Silvertown for the shower of cards during my stay in the hospital, and for the flowers, gifts and visits. For the food, visits and calls since I came home, and most of all, thank you for your prayers. May God bless each of you. Eunice Yates

I thank each of my friends and also the pastor for his visits and prayers while I was in the hospital, also the flowers and words of encouragement. May God bless each of you for the food, your help and prayers which helped me recover faster. Yours in Jesus' name, Emily Rowell

I would like to say thank you for the cards, flowers, visits, phone calls and prayers. Every expression of friendship while I was in the hospital and since I've been home has been appreciated. May the Lord bless each of you. Thanks again, Frances Davis

I wish to thank everyone who helped us drive the cattle across the pavement. Warner B. Grabbe

Our sincere appreciation to those who played in the 42 and Bridge marathons. The proceeds will go to the public library. Thanks, March of Time Study Club

We'll send you 6,180 miles of Texas for 6 cents.

The 6 cents is for a postage stamp. The postage stamp is for the coupon below. If you send us the coupon, we'll send you practically all of Texas wrapped in 10 Travel

Trail folders. These folders include detailed maps prepared by the Texas Highway Department and descriptive notes on things and places you never knew existed in Texas! land of contrast.

Take the Plains Trail and you'll see a canyon over 100 miles long.

Take the Hill Country Trail and find out whose hair is mohair.

On the Mountain Trail you can see a county bigger than Connecticut.

On the Forest Trail you can take the shortest railroad ride in the country.

Follow the Forts Trail and you can dine at a restaurant that serves buffalo steaks.

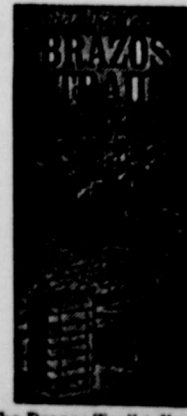

Take the Tropical Trail and maybe you'll catch a glimpse of the near-extinct whooping crane.

On the Independence Trail you'll see the only oceanarium between the Pacific and the Atlantic.

Follow the Lakes Trail and discover what "First Mondays" are and what you can swap there.

The Brazos Trail tells you where to take Sunday afternoon rides in a surrey.

Send for the Pecos Trail folder and you'll know where to sand-surf.

Form for requesting Texas Travel Trail folders, including checkboxes for Plains Trail, Hill Country Trail, Mountain Trail, Forest Trail, Forts Trail, Tropical Trail, Independence Trail, Lakes Trail, Brazos Trail, Pecos Trail, and a section for Name, Street, City, State, Zip.
