There are wars and rumors of wars. There is violence and the threat of violence. There is unemployment. Strife. Greed and hatred. Bullying. Even butchery. How can we give thanks? Look around you. And in your private world, your simple daily life, LIVE your thanks. Live your thanks in tolerance, mercy, justice, charity and love for the unfortunate, the disenfranchised, the disadvantaged, the desolate, the sick, the wounded, the hungry (everywhere). And perhaps then, rather than turkey, dressing, cranberries, and pumpkin pie, those blessings of tolerance, mercy, justice, charity and love shall become the Great American Tradition of another year... # As your new Chevrolet dealer, we want to be the best you've ever known.

# And we want your new Chevrolet to be the best car you've ever owned.

JOE GRABBE

We're starting fresh. New. And that means fresh new ideas on how to serve you better than you've ever been served before.

Like having the complete family of Chevrolets on hand. Ready to drive and compare feature by feature. Caprices. Impalas. Monte Carlos. Chevelles. Novas. Camaros. Corvettes. Trucks. And Vega, the little car that does everything well.

But we also realize that you want and need more than just a good new car. You've got to be able to rely on your dealer to give you the best and most efficient service available. You've got to have his complete and personal attention. You've got to be able to trust him.

That's why we're not just trying to sell you a car. We're trying to sell you an entire dealership.

One that you'll want to stay with from now on.

By now, you've probably got the idea you're important to us. Keep on thinking that way. Whenever you're ready for a car, or service, we're ready to prove it.

On the day that we have set aside to count our biessings, let us place our freedom high upon the list.

Surely we, as Americans, have more to be thankful for than any other nation in the world. We have been blessed with prosperity, strength and the wisdom which tells us we must work to keep it so.

Most of us will spend Thanksgiving Day within the warm security of our families, enjoying the comforts which can only be produced by a free nation. In many other lands, there is little to be thankful for on any day.

We can express thanks for living in a free America by making a conscious effort every day to keep it that way. SUPPORT AMERICA!

Our priceless heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Deciaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Hamilton, we, los, have a privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the goal - that of preserving the greatest democratic society the world has ever known.

Our flag is a symbol, not of sentiment, but of history, the history of men and we vuling to five and die for it. Surely this willingness is with us still, because daily we xperience more of the blessings that are ours - ours because we are Americans

Peanut growers will vote by mail in a referendum on having marketing quotas on their 1972, 1973 and 1974 crops, says Louie their votes by the December 10 Mr. Kitchens added. Kitchens, chairman of the Briscoe County Agricultural Stabilization and Conservation (ASC) Committee. The referendum dates ting. ASCS closely adheres to the is 823-4391 have been set as December 6 through 10, and ballots must be returned to the County ASCS Office-by mail or in person-by the December 10 deadline.

"Growers have approved marketing quotas for each year's peanut crop since 1949. In the last three-year vote held in December 1968, 96.9% of the 50,358 growers voting approved quotas. We are hopeful that all peanut growers will use the convenient mailing system to cast their ballots this year," Mr. Kitchens said.

A grower will be eligible to vote in the referendum if he is entitled to share in the 1971 peanut crop of a farm which produced more than one acre of nuts. A landlord of a standing rent, cash rent, or fixed rent tenant is not eligible to vote.

It takes a favorable vote by two-thirds of the growers voting in the referendum to approve marketing quotas for the next three years. Whether or not quotas are approved, peanut acreage allotments will remain in effect as a means of determining eligibility for government loans.

Kitchens explained that if marketing quotas stay in effect there will be marketing penalties on the peanuts produced in excess of a farm's allotment. Growers who do not exceed their allotments will be eligible for loans at 75% of parity.

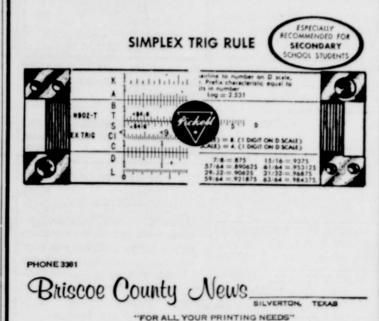

If more than one-third of the growers voting are opposed, marketing quotas and penalties will not be in effect for the 1972 peanut crop, and loans to growers who keep within their acreage allotments will drop to 50% of parity. In this case, another referendum would be held in 1972 for the next three crops.
