Webb states his views on the role of the police officer and his relationship to the laws of our society.

"Lost Generation" filmed in Eastmancolor by World Wide Pictures, is a probing documentary which takes a close look at the attitudes and morals of the Nation. State Capital News

by Bill Boykin
 Texas Press Association
 AUSTIN, Tex. — Gov. Preston Smith's decision to run for a third term drew sharp new attention to an increasingly-crowded and complex 1972 political scene.
 Smith said he would seek vindication in stock-loan scandals. He plans to tell "over and over" that he killed (by veto) the bank deposit legislation urged by Houston banker Frank Sharp which the Legislature passed in 1969.
 Meanwhile, former U. S. Senator Ralph Yarborough said odds are now 10-to-one he will be a can-

didate—either for governor or the senate—next year. But he declined to indicate which race is most likely to attract him.
 State Sen. Wayne Connally, youngest brother of U. S. Secretary of Treasury (and former Governor) John B. Connally, jumped into the lieutenant governor's race. Connally is a conservative Democrat.
 Harold (Barefoot) Sanders of Dallas reportedly is getting set to run for the U. S. Senate as a Democrat.
 Sen. Joe Christie of El Paso indicated he will reveal at a dinner in his home town December 7 whether he will enter the lieutenant governor's race or stand for reelection.
 Republicans, calling for a "top to bottom cleanup" in state government, began recruiting preliminaries, concentrating on the governor's race. (They already have a U. S. Senate candidate, incumbent John Tower).
 The Republicans, in an informal statewide poll of gubernatorial preferences, came up with S. Ross Perot, wealthy Dallas businessman, who is a political independent, as their favorite.
 Lt. Gov. Ben Barnes and Dolph Briscoe, Uvalde rancher-banker, continued full-fledged campaigns for governor. Sen. Ralph Hall of Rockwall and Houston newspaper executive William P. Hobby, Jr. have been in the lieutenant governor's race for months.

COURTS SPEAK

Texas Court of Criminal Appeals upheld a new law which allows those accused of crimes to waive rights to a grand jury indictment before trial in cases where the death penalty is not applicable.

Stomach Upset by Gas and Acid?

Di-Gel with Simethicone quickly relieves gassy-acid upset.
 This unique discovery breaks up and removes painful gas-bubbles. Your relief is more complete because Di-Gel takes the acid and the gas out of acid indigestion. When you eat too well, demand Di-Gel. Tablets, liquid. Product of Plough, Inc.

In other recent cases the Court of Criminal Appeals held:
 *That photographs of a bloody death scene are not automatically prohibited from consideration in murder trials.
 *That a court is not to look beyond a bill as passed by the legislature to consider if the act creating a new trial court was duly submitted to a special legislative session by the governor.

COURT COST "SURTAX" PROFITABLE

Some 716 cities and the 254 counties collected \$335,348.70 during September from a new "surtax" on court costs earmarked for improving criminal justice.

Comptroller Robert S. Calvert reported on first collections under the law. Money will meet state and local matching fund needs for federal grants under the Omnibus Crime Control Act.

The new law provides an additional court cost assessment of \$2.50 for a misdemeanor case conviction in a court where jurisdiction is limited to a \$200 maximum fine and specifically includes traffic violations. It also directs a \$5 additional charge on other misdemeanor convictions and \$10 for felony convictions, to be collected as other fines or costs in cases.

AUTO LICENSE OBJECTION WITHDRAWN

A new Texas Motor Vehicle Commission member withdrew his protest to licensing of a competitive auto dealer in Corpus Christi.

Jack McKenzie pulled down his objection to TMVC's granting a regular license to Barton-Grubbs Volkswagen, which began operations in Corpus Christi three months ago. McKenzie, who operates a VW dealership, said he remains convinced he proved that a competitor in the city was not needed for several years. But he conceded, "reasonable men may differ on the facts presented . . ."

December 1 was the deadline set by the new Motor Vehicle Commission act for new car dealers, distributors, manufacturers and factory representatives to get required state licenses. McKenzie said the hearing before the Commission November 4 was "vital" and served a purpose in "forcing the factory to justify its actions."

HOSPITAL PLAN AVAILABLE
 A draft of the 1972 Texas state plan for construction and modernization of hospitals and related medical facilities is available for public review at the State Health Department here.
 The plan is the basic document on which the State Board of

Health will make recommendations for federal Hill-Burton grants and subsidized loans.
 Fifty applicants are requesting \$44.5 million in Hill-Burton grant funds and \$58.5 million in mortgage insurance. The requests are aimed at providing financing for construction in excess of \$215 million. Hill-Burton provides both grant and loan programs to build and modernize general hospitals and long-term-care facilities, outpatient centers, tuberculosis hospitals and public health centers.

The Texas plan also contains a complete inventory of most health facilities in the state, a delineation of 134 service areas, determination of area needs and priorities and methods of administration.

BOLLWORM WARNING ISSUED

Unless the pink bollworm is controlled within the next few weeks, heavy losses, if not complete ruin, can be expected for the cotton crop in North and North Central Texas, the state agriculture department warns.

Commissioner John C. White said farmers must take immediate steps to destroy cotton stalks and plow under debris as quickly as rains will permit. End of November was the plowup date for more than 40 counties in the North-North Central area.

VETS PROTEST NEW SCHOOL

Creation of a new veterinary medical school at Texas Tech in Lubbock will contribute to an

oversupply of veterinarians in the state, Texas Veterinary Medical Association stated.
 TVMA said the money could be spent better in aiding medical professions which have a shortage of doctors. Vets educated in Texas are already having to go out of state to get jobs, the association argued.

SHORT SNORTS

A Democratic fund-raising reception here December 6 will cost \$1,000 per—to hob-nob with Sen. Hubert Humphrey and Congressman Wilbur Mills. A \$25-a-plate dinner follows.

State Republican leaders demanded removal of Secretary of State Bob Bullock. Bullock said he intends to stay.

Texas Board of Mental Health and Mental Retardation delayed site selection for a new school for the mentally-retarded in the Dallas-Fort Worth area. Fort Worth, Hillsboro, Cleburne, Waxahachie, Ennis and Mineral Wells offered locations.

Texas Water Quality Board and U. S. Environmental Protection Agency announced agreement on a program to settle differences over water quality management in Clear Lake.

A new attorney general's opinion says court clerks must record defendant's birth dates, drivers license numbers where "reasonably available" in abstracts of judgment and so note where data is

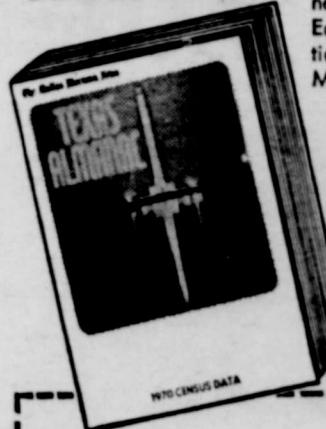

not available.
 A typical Thanksgiving dinner with all the trimmings cost the average family of six just a little more than \$9, according to the Texas Department of Agriculture.
 December 5-11 is Texas Consumer Week.
 The bicentennial era in Texas was launched Thanksgiving Day with half-time ceremonies at the

Dallas-Los Angeles football game.
 The Department of Public Safety has coded for computer storage 168,979 individual criminal records. Records will be retained by Project SEARCH (System for Electronic Analysis and Retrieval of Criminal Histories).

ing only 24, so that the Kress lead was cut to 12 points by the final buzzer.

PHOSPHATE NOT PROBLEM

Are detergent phosphates really bad for our nation's waters?

"The phosphates present in detergents used by approximately 85% of the total population of the U.S. cannot be claimed to have any effect whatsoever on the waters into which wastewaters containing these detergents are discharged," according to Dr. Daniel A. Okun, Head, Department of Environmental Sciences and Engineering, Univ. of North Carolina. Dr. Okun testified at recent FTC hearings on detergents.

"Gladys," said the boss, "who told you that you could neglect your office duties because I gave you an occasional kiss and pat?"
"My attorney," replied Gladys.

A speed-fiend we know bought a new car painted red on one side and blue on the other.
"What's the idea of doing your car up like that?" we asked.
"It's for when I get hauled up before the judges for speeding," said our young-man-in-a-hurry. "You ought to hear the witnesses contradicting one another."

"Don't you know what I mean when I hold up my arm," hollered the traffic cop as an old lady was about to cross the street against the lights. "I ought to," she replied. "I was a school teacher for twenty-five years."

"Mind nagging me a little? I'm starting to fall asleep."

Phosphates Are Safe

Did you know that phosphates are safe? Recent testimony by Dr. J. Carrell Morris of Harvard University at FTC hearings on detergents had this to say:

"Phosphate in our waters is not inherently toxic or harmful to any form of life. Indeed, it is essential for the growth and sustenance of all organisms. In this it differs absolutely from substances like DDT or mercury which have direct deleterious effects."

STRAIGHT SHOOTING

A simple patterning test can help you determine why you're not bagging more game. The cause may be not knowing where your shotgun shoots. If you think your gun is hitting low, high or to one side, The Remington Arms experts suggest the following: Center an X on a large sheet of paper. Nail the paper to a board, and place it against a safe shooting surface. Fire at the X from your estimated hunting range, shouldering your gun quickly as you would in the field. Repeat several times. If the resulting patterns are not spread evenly around the X, your gun needs adjusting.

Book Review

At the November 18 meeting of the March of Time Study Club, Mrs. True Burson reviewed "Gee Whiz, I'm Old," by Mrs. Agnes Pylant, a former member of the Wayland Baptist College faculty. The book proved to be amusing and informative as it represented the surprises and shocks that come

with the realization that people do grow old and do so very unconsciously. "All of a sudden we enjoy the extra courtesies extended by the 'younger' generation and then actually come to expect them—sometimes actually becoming resentful if we aren't accorded them. But 'old' is truly not an age, but is an attitude, and by keeping our interests up and expanding we can enjoy being older and become more gracious in the process." Mrs. Burson's presentation was thoroughly enjoyed by all attending.

Mrs. Alvin Redin handed out an article on safe roads, and invited the members to the showing of "A Fable," a film made available to the club by Amy Vanderbilt. It will be shown in the Film Room at the Silverton School at the regular meeting on December 2, 1971.

Mrs. H. A. Cagle graciously offered to pack the club's gifts for mailing to the Wichita Falls State Hospital.

Mmes. R. L. Hill and J. W. Lyon, jr., were hostesses and served hot coffee and varied cold drinks.

Elm Tree Inn Is Historic Landmark In Tulia Area

The Elm Tree Inn has been designated as a historical landmark by the Texas Historical Society. The history of the Inn has been preserved in its furnishings and hospitality. It was first opened in 1906 as the Tulia Hotel and was a meeting place for cattle buyers,

proper funds for the support of the club's projects.

Butlers of Tulia completely restored and redecorated the Inn at a cost of \$200,000. It is furnished throughout with valuable antiques, and the decor is reminiscent of the turn of the century days when the Inn was first built. A guest takes a step into the past when he enters the crystal chandeliered, red carpeted Inn. The register desk was once a saloon bar, and other decorative furnishings include Tiffany lamps, flocked floral wall paper, an ornately carved buffet, brass spittoons, antique

cowboys and travelers of the Panhandle region. The Inn has changed owners several times and has had both good and bad days, but residents of Tulia can't imagine what it would be like not to have the Inn.

SWINDLE - DORMAN VOWS EXCHANGED IN CEREMONY

Miss Margaret Leigh Swindle and Danny Patrick Dorman pledged their wedding vows in a formal double-ring ceremony at six o'clock on the evening of Saturday, November 20, in the First Baptist Church in Hart.

Rev. Fred Brown, former pastor of the Hart church, officiated the ceremony in a setting decorated with bronze, gold and white spider mums.

Parents of the couple are Mr. and Mrs. Bill Swindle of Hart and Mr. and Mrs. George (Bus) Dorman of Wheeler.

The bride is the granddaughter of Mr. and Mrs. Jim Clemmer of Hart.

Decorated and given in marriage by her father, the bride wore a formal length white velvet gown accented with lace and seed pearls. Long sleeves extended to petal length with clusters of seed pearls on her hands. Her train was attached at the shoulders, and her length veil of illusion fell in a cluster of lace flowers embellished with pearls. The bride's gown was designed and made by her mother. She carried a bouquet of white spider mums accented with white velvet streamers.

Attending the bride as maid of honor was Miss Eva Bramlett of Hart. She wore a gown of satin designed similarly to that of the bride. A band of self fabric encircled her empire waist and ended in a bow with long streamers in back. Her gown was also designed and made by the bride's mother, and the maid of honor also carried a bouquet of spider mums.

Jim Swindle of Hart, brother of the bride, and Tommy Newkirk of Amarillo seated the guests. Dan Trimble of Briscoe served as best man.

Wedding selections were played by Mrs. Leon Sanders of Dimmitt.

A reception was held immediately following the ceremony in the Fellowship Hall of the church. The bride's table was covered with a white net cloth over gold, and a crystal punch bowl and silver coffee service were used. The three-tiered wedding cake was made by the bride's mother and Mrs. Curtis Malone. Refreshments were served by Misses Marian and Judy Batenhorst of Umbarger.

Miss Janette Brandt of Umbarger presided at the guest registry. The bride's going-away attire consisted of a navy and red double knit dress with matching coat.

After their honeymoon, the couple will be at home at Wheeler where the bridegroom is self-employed.

The bride is a 1969 graduate of Hart High School. She attended

MRS. DANNY PATRICK DORMAN

West Texas State University, and is currently employed as assistant cashier by Western National Life Insurance Company of Amarillo.

The bridegroom is a 1966 graduate of Wheeler High School, and earned the bachelor of science degree in agriculture at West Texas State University in 1971. He served as vice-president of the Block and Bridle agriculture club his senior year at WTSU.

REHEARSAL LUNCHEON
The wedding rehearsal was held at 10:00 a.m. Saturday, November 20, and following this a buffet luncheon was hosted by Mr. and Mrs. Bus Dorman in the home of the bride's parents. The luncheon was attended by members of the house-party and friends.

Mr. and Mrs. Berton Hughes had as their guests Thanksgiving Day her parents and brother, Mr. and Mrs. R. E. Renfro and Gayle of Vernon; her sisters, Mrs. Billie Overmyer of Lubbock and Mr. and Mrs. Hubert Hall, Memphis; Miss Linda Hall of Wichita Falls, and Mr. and Mrs. Randy Hughes of Amarillo.

Who is at the Helm?

Who guides our lives? Are we a ship without a helmsman? Are we adrift, going no place?

Thanks be to God, who loves us so, He is willing to guide us, to show us the way over all manner of seas. How glorious to know there is such a One! All of us follow someone, some standard, but the true standard is God and His Word.

Let Him take over the wheel. He doesn't promise smooth sailing all the time, but He promises to guide us through the storm, and show us the way over calm and sweet but sometimes marker-less seas.

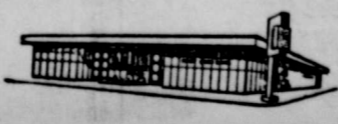

"And the Lord shall guide thee continually, and satisfy thy soul in drought, and make fat thy bones: and thou shalt be like a watered garden, and like a spring of water whose waters fail not."

Isaiah 58:11

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Christmas Greeting Page To Benefit Ambulance Service

L. O. A. Junior Study Club has announced plans to donate the proceeds of the Christmas Greeting Page to the Silverton Volunteer Ambulance Service this year.

As in years past, donations will be accepted in any amount, and the names designated by every contributor will appear on a special page in the Christmas edition

of the Briscoe County News to be published December 23. On the page there will be the explanation that those listed are wishing their friends a merry Christmas and donating money to the Silverton Volunteer Ambulance Service in lieu of sending Christmas cards locally.

Money donated to the volunteer ambulance service will be used for the upkeep and operating expenses of the organization. It will be necessary for the group to purchase some air splints, Thompson splints and other first-aid supplies; a portable resuscitator and suction machine are needed. Insurance must be paid on the ambulance, and it will be important to build up a reserve fund for the purpose of replacing the 1960 model ambulance, which has been donated to the ambulance service, sometime in the future.

Sometimes the local ambulance makes several calls a day, and some of the calls take the ambulance to hospitals in distant cities. The money contributed by the City of Silverton and Briscoe County to keep the unit in operation. But the public donations will help to

guarantee the long-term availability of ambulance service for all people in Silverton and the surrounding area.

L. O. A. Junior Study Club is asking residents to help provide for the needs of the community by donating to this project. You can contribute to the project and have your name placed on the Christmas Greeting Page by contacting Glenda Couch, 823-5471; LaJuan Eddleman, 847-4871; Pat Edwards, 823-6121; Lynda Fogerson, 823-3471; Dorothy Johnson, 847-4933; Willeene King, 823-6141; Peggy Miller, 823-3971; Judy Miller; Kathy Frzeill; Tina Nance, 823-6621; LaQuetta Schott, 823-5391, or the Briscoe County News, 823-3381.

All of the money collected will go to the Silverton Volunteer Ambulance Service. The page will be donated by the Briscoe County News.

Checks may be made payable to the L. O. A. Christmas Greeting Project and marked as donations to the volunteer ambulance service.

Deadline for placing names on the Christmas Greeting Page will be December 18. Please be sure that all names are turned in to the Briscoe County News by that day.

THE SPLENDOR OF THE SNOW

Snow falls and puts a beautiful white blanket over the mountains, and even before this one is gone, others will fall. It will become deeper and deeper until the spring, when it begins to melt and provides life giving waters to many streams. These streams meet with others and become rivers and provide water for irrigation and lakes throughout our land.

Our Lord, Jesus has said that He will give to any that seek Him... "a well of water springing up into everlasting life." — John 4. 14

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. What if you lost your job tomorrow?

Things may be going pretty good now. But you never know what tomorrow will bring.

Suppose it's unemployment. How will you live?

What will you use to tide the family over while you look for a job?

Let's hope you never have to find out. But just in case, why not start saving now, while you have a "job." Join the Payroll Savings Plan where you work and buy U.S. Savings Bonds.

It's an easy way to build a nest egg.

And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5 1/2% when held to maturity of 5 years, 10 months (4% the first year). That extra 1/2%, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds.

With any luck at all your emergency fund may become a vacation, a college education, or a happy retirement.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America.
Now Bonds pay a bonus at maturity.
